BlackBerry Bold 9650 Smartphone

A smooth international traveller

For top-of-the-line performance, functionality and features, the BlackBerry® Bold™ 9650 smartphone comes with BlackBerry® OS 5.0. It is designed with a smoothly integrated optical trackpad and a highly tactile, distinctive, fretted keyboard, and comes with a vibrant high-resolution display (480 x 360 at 245 ppi). It operates on Sprint's nationwide 3G (EVDO Rev. A) network domestically, and roams on other high-speed wireless networks around the world for reliable voice and email communication, enabling customers to be more productive and better equipped to manage both their busy personal and business lives. It is ideally suited for those who want to stay socially connected, and lets you share moments through pictures and videos via MMS, and by instant message with popular IM services like BlackBerry® Messenger. It also offers easy access to your favorite social networking sites like Flickr®, MySpace and Facebook®, with smooth integration providing a great view of what's happening both personally and professionally. Sprint will also offer BlackBerry® App World™ preloaded giving customers access to thousands of applications.

ADVANCED FEATURES:

- BlackBerry® service supports up to 10 business and personal email accounts, plus BlackBerry® Enterprise Server support for corporate email installations
- 3.2 MP camera for picture and video capture with flash, variable zoom, image stabilization and autofocus
- 512 MB Flash memory
- Wi-Fi® (802.11 b/g)
- 2 GB MicroSD Card included, with support for cards up to 32 GB
- Operates globally on CDMA EV-DO Rev. A, and 2100 MHz UMTS/HSPA and quad-band EDGE/GPRS/GSM networks where Sprint has international roaming agreements. Sprint customers can make or receive phone calls in more than 185 countries, and access BlackBerry data services, including email, apps and Web browsing in nearly 150 countries
- Features built-in GPS for mapping your location, conducting local searches, receiving audible and visual turn-by-turn driving directions, and utilizing the E911 emergency location services where available
- Speaker independent voice dialing for hands free calling
- Speakerphone for hands-free operation
- Features an advanced media player for listening to music, viewing pictures and watching videos, plus there's a 3.5 mm stereo headset jack
- Bluetooth® 2.1 enabling hands-free, short-range wireless communication using a Bluetooth headset and wireless uploading/downloading to or from a computer. Also, supports Bluetooth Stereo capabilities
- DataViz Documents To Go suite preloaded, for editing Microsoft Word, Excel and PowerPoint files from anywhere
- View and update your calendar, schedule appointments, check your task list and more while on the go. Also includes a calculator, alarm clock and memo pad
