USE OF PROCEEDS

To the extent that we directly issue original shares of Common Stock to Participants under the Plan, we will use the proceeds in connection with our construction program, to pay for additional capital improvements to our facilities and for other corporate purposes. Pending disbursement for these purposes, we may use the proceeds to reduce the amount of our short-term indebtedness; however, we do not anticipate using a material part of the proceeds to discharge indebtedness. We cannot predict how many original shares will be sold under the Plan and, therefore, cannot estimate the amount of proceeds that we will receive. If the Plan Administrator, Equiniti Trust Company d/b/a EQ Shareowner Services (the “Plan Administrator” or “EQ”), purchases shares of Common Stock in the open market under the Plan, we will not receive any proceeds.

PARTICIPATION

5. Who may participate in the Plan?

Almost everyone is eligible to enroll in the Plan. If you are an interested investor, you may participate in the Plan if you already own Southwest Gas Holdings Common Stock. If you do not already own shares, as a new investor, you may make your initial purchase of shares directly through the Plan. If you live outside of the United States, you should determine if there are any laws or governmental regulations that would prohibit your participation in the Plan.

If you have any questions or if you would like to enroll, simply visit our website at **shareowneronline.com** or contact EQ (see **Contact Information**).

A Plan account may be opened in your name, jointly in your name and that of another person, in your name and that of a single beneficiary, in the name of your trust, or in your name as custodian for a minor or as trustee for another person by completing the *Account Authorization Form* in the proper manner.

6. How does an eligible individual join the Plan?

Current shareholders holding in their own name. If you currently own shares of our Common Stock and the shares are registered in your name, you may join the Plan by going online, by phone, or by signing an *Account Authorization Form* and returning it to the Plan Administrator. The *Account Authorization Form* may be obtained online at **shareowneronline.com**, by submitting a written request to the Plan Administrator or by calling the Plan Administrator.

Current shareholders holding through a bank, broker, or other nominee. If you currently own shares of our Common Stock and the shares are registered in the name of a bank, broker or other nominee, arrange for the bank, broker or other nominee to register in your name the number of shares of our Common Stock that you want to include in the Plan. You can then enroll as a shareholder of record, as described above. Once the Plan Administrator receives your transferred shares of Common Stock from your brokerage account, you will receive an account statement. Alternatively, if you do not want to re-register your shares of Common Stock, you can enroll in the Plan in the same manner as someone who is not currently a Southwest Gas Holdings shareholder. This will create a registered account in addition to your brokerage/bank account.

New investors who are not current shareholders. If you do not currently own shares of our Common Stock, you may join the Plan by going online or by signing an *Account Authorization Form* and returning it to the Plan Administrator. The *Account Authorization Form* may be obtained online at **shareowneronline.com**, by submitting a written request to the Plan Administrator or by calling the Plan Administrator.

7. When can an eligible individual join the Plan?

You may join the Plan at any time. If the Plan Administrator receives an *Account Authorization Form* on or before the record date for a dividend payment, reinvestment of dividends will begin with that dividend. If the Plan Administrator receives an *Account Authorization Form* after the record date, reinvestment of dividends will begin with the next dividend payment date.

An initial minimum investment received will be invested as of the next investment date (which occurs once a week, typically on Friday, “investment date”). Upon the purchase of shares of Common Stock with your initial minimum investment, you will become a Participant under the Plan.

8. *What are my Dividend Reinvestment Options?*

A participant can elect to reinvest all or a portion of the dividends payable (if any) to purchase additional shares of Southwest Gas Holdings Common Stock. The following describes the available options:

Full dividend reinvestment —All cash dividends payable on shares held in the Plan, along with any shares held in physical certificate form or through book-entry Direct Registration Shares (“DRS”), will be used to purchase additional shares. The participant will not receive cash dividends from Southwest Gas Holdings; instead, all dividends will be reinvested. Whole and fractional shares will be allocated to the Plan account. (*RD*)

Partial dividend reinvestment by percentage —A participant may elect to reinvest a portion of the dividend and receive the remainder in cash. The percentage elected will be applied to the total shares held in the Plan, along with any shares held in physical certificate form or held through book-entry DRS. A participant may elect percentages from 10%-90%, in increments of 10%. The cash portion of dividends will be sent by check unless the participant has elected to have those dividends deposited directly to a designated bank account. (*RX-N*)

An example of partial reinvestment by percentage: A participant has a total of 150 shares; 120 shares are held in the Plan, 15 in physical certificate form and 15 shares in book-entry DRS. The participant chooses to have 50% of the total dividend reinvested. This will equate to 75 shares having dividends reinvested and 75 shares having dividends paid in cash.

INITIAL INVESTMENTS

9. *When will initial minimum investment payments be invested?*

A participant making his or her initial purchase of Common Stock through the Plan should submit a check in an amount not less than \$250 or more than \$100,000 plus the initial enrollment fee, together with an *Account Authorization Form*, to the Plan Administrator. The Plan Administrator requires that checks be in U.S. dollars drawn from a U.S. or Canadian financial institution. Participants will be charged a return fee on any returned checks. Alternatively, a new participant may arrange to have the purchase price deducted from a designated account in a United States or Canadian financial institution in U.S. Dollars. Investors may not invest more than \$100,000 per calendar year unless a waiver is granted by Southwest Gas Holdings. Unless a waiver is granted, the Plan Administrator will return any excess tendered amount to the investor. Purchases will be made on behalf of a new participant in the Plan generally within five (5) business days following the Plan Administrator’s receipt of the payment and *Account Authorization Form* from the participant. No interest is paid on initial purchase payments pending investment. The Plan Administrator will return an initial purchase payment to an investor upon telephone or written request received at least two (2) business days prior to the investment date.

REINVESTED DIVIDENDS

10. *When will dividends be reinvested?*

You may direct that any dividends on shares of Common Stock be reinvested under the Plan, and those dividends will be reinvested on the investment date coinciding with the payment of the dividend and no later than 30 trading days, following the dividend payable date. We have ordinarily paid Common Stock dividends on the first business day of March, June, September, and December, but we cannot guarantee or assure you that we will continue to pay dividends on this basis. Common Stock acquired with reinvested dividends will either be issued shares or market shares, depending on the financial requirements of the Company.

You can reinvest all or a portion of your Southwest Gas Holdings cash dividends. When you enroll in the Plan, you may select the option to automatically reinvest your dividend. If you do not select an option, the Plan Administrator will default your choice to full reinvestment. You may change your election at any time online, by telephone or by sending a new *Account Authorization Form* by mail (see **Contact Information**). Changes received after the record date of a dividend will be effective for the following dividend.

The Plan Administrator will apply all or a portion of your dividends, as elected (less any applicable fee), to purchase additional whole and fractional shares (see **Investment Summary and Fees**, Investment fees).

Dividends are invested as soon as administratively possible on or following the dividend payable date, generally within five (5) trading days. Depending on the number of shares being purchased and the current trading volume, a purchase may be executed in multiple transactions that may occur on more than one day. Should this occur, the price will be the average of all trades executed.

If you are a shareowner of record owning less than 99 shares, you pay no transaction fees to reinvest your dividends. You will receive an annual account statement detailing all of your transactions for the year along with your Form 1099-DIV tax reporting information.

If you are a shareowner of record owning 99 shares or more, you will receive quarterly account statements. You pay no transaction fee to reinvest your dividends. (see **Investment Summary and Fees** for additional information).

OPTIONAL CASH PAYMENTS

11. *Who is eligible to make optional cash payments?*

Once you become a Participant, you are eligible to make optional cash payments at any time. You may make optional cash payments after joining the Plan by enclosing your payment with the *Transaction Request Form* provided on your statement.

Optional cash payments cannot be less than \$25 and cannot exceed \$100,000 per calendar year per Participant unless a waiver is granted by Southwest Gas Holdings. Optional cash payments can be made by check payable to: EQ Shareowner Services, P.O. Box 64856, St. Paul, MN 55164-0856. You should include your Plan account number on all checks.

12. *When will optional cash payments be invested and when will dividends be paid on shares of Common Stock purchased with optional cash payments?*

Optional cash payments will be invested generally within five (5) trading days from receipt of your investment amount and no later than 35 trading days, except where postponement is necessary to comply with applicable law.

The Plan Administrator will reinvest any dividends on shares of Common Stock purchased with optional cash payments on or before the dividend record date. Common Stock dividend payment dates are ordinarily the first business day of March, June, September, and December. We cannot guarantee or assure you that we will continue to pay dividends on this basis.

You may, without withdrawing from the Plan, direct the Plan Administrator to return to you any optional cash payment the Plan Administrator is holding upon receipt of your written request at least two (2) business days before the investment date. No interest will be paid on payments that are received and held prior to investment.

13. *How do I make optional cash payments?*

You may vary the amount of the optional cash payment at any time. However, you are encouraged to set an investment goal and then send a fixed amount every month or quarter. You may make a payment by

enclosing and sending a check payable to the Plan Administrator with the *Account Authorization Form* or the *Transaction Request Form* provided with your statement. In addition, Participants may also make automatic withdrawals from their checking or savings accounts. Plan investments must be made separately from payments for gas service of Southwest. Optional cash payments under the Plan cannot be included in amounts submitted to Southwest for payment of gas service or with an invoice for gas service. The Plan Administrator will not accept cash, money orders, traveler's checks or third party checks.

You may make automatic investments up to twice per month, whether initial or optional cash investments, by automatic withdrawal from a pre-designated account. Payments must be in U.S. dollars and drawn on a U.S. or Canadian financial institution. To initiate automatic investments, you must complete and return to the Plan Administrator the automatic cash withdrawal and investment section of the *Account Authorization Form*, as well as deliver to the Plan Administrator a voided blank check or a savings deposit slip for the account from which funds are to be drawn. You may obtain the *Account Authorization Form* online at **shareowneronline.com** or from the Plan Administrator. Automatic investments will be initiated as soon as administratively possible. Funds then will be drawn from your designated account on the 10th, 25th, or both days of each month or, if the 10th or 25th day falls on a weekend or bank holiday, the first business day thereafter, and will be invested in Common Stock on the next investment date.

Changes or a discontinuation of automatic withdrawals can be made online, by telephone or by using the *Transaction Request Form* attached to the participant's statement. To be effective with respect to the next automatic investment date, the Plan Administrator must receive the notice at least 15 business days preceding that date.

Participants will not earn interest on funds held by the Plan Administrator. During the period that initial and any optional cash payments are pending, the collected funds in the possession of the Plan Administrator may be invested in certain Permitted Investments. For purposes of the Plan, "Permitted Investments" shall mean the Plan Administrator may hold the funds uninvested or invested in select Wells Fargo deposit products. The risk of any loss from such Permitted Investments is the responsibility of the Plan Administrator. Investment income from such Permitted Investments will be retained by the Plan Administrator.

EXPENSES

14. Will I be charged any expenses in connection with the purchase of shares of Common Stock under the Plan?

There are no expenses charged to Participants in connection with purchases of Common Stock under the Plan. The Plan Administrator will not charge you, and you are not responsible for, any expenses in connection with purchases of Common Stock under the Plan. We will pay all costs of administration of the Plan and any brokerage commissions or service fees incurred in purchasing shares of Common Stock. However, if you request to sell your shares, the Plan Administrator will deduct any related, incurred brokerage commissions or service fees from the sale proceeds that are remitted to you. See the attached Addendum A regarding fees charged for the sale of shares of Common Stock under the Plan and in other situations.

PURCHASING AND PRICING OF SHARES

15. How many shares of Common Stock will be purchased for me?

The number of shares of Company Common Stock to be purchased for you on any investment date will depend upon the amount of the optional cash payments received since your last investment in the Plan, the amount of your dividends to be reinvested and the price of the Common Stock on the investment date. On each investment date, your Plan account will be credited with that number of shares of Common Stock, including fractional shares, equal to the total amount to be invested and reinvested on your behalf, divided by the price of the Common Stock on the investment date. Fractional shares will earn proportionate dividends as declared.

16. *How is the purchase price of shares of Common Stock determined?*

Shares of Common Stock for Participants under the Plan will either be purchased directly from us or through the Plan Administrator in the open market. The price of shares purchased by Participants with reinvested dividends, initial investments or optional cash payments will be (i) in the case of the purchase of original shares of Common Stock, the composite closing price of the Common Stock on the investment date as reported on the consolidated tape for New York Stock Exchange listed securities administered by the Consolidated Tape Association or, if no trading in the Common Stock occurs on that date, the composite closing price on the next preceding date on which trading occurred and (ii) in the case of the purchase of shares of Common Stock in the open market, the weighted average price excluding brokerage commissions paid to obtain the Common Stock on the investment date.

SAFEKEEPING

17. *Can I deposit my certificated shares?*

Yes. A participant may elect to deposit physical Southwest Gas Holdings Common Stock certificate(s) for safekeeping, by sending the certificate(s) to the Plan Administrator together with instructions to deposit the certificate(s). The certificate(s) will show as surrendered with the corresponding credit to Plan shares. The transaction will appear on the Plan account statement, and shares will be held by the Plan Administrator in its name or nominee name. These shares will be held until the participant sells, withdraws or terminates participation in the Plan. Because the participant bears the risk of loss in sending stock certificate(s), it is recommended that the participant sends them registered, insured for at least 3% of the current market value and request a return receipt.

Optional Mail Loss Insurance

The participant is advised that choosing registered, express or certified mail alone will not provide full protection, should the certificates become lost or stolen. Mail loss insurance provides the coverage needed to replace and reissue the shares should they become lost or stolen through the mail. As the Plan Administrator, we can provide low-cost loss insurance for certificates being returned for conversion to book-entry form. Replacement transaction fees may also apply.

To take advantage of the optional mail loss insurance, simply include a check in the amount of \$10.00, made payable to 'EQ Surety Program', along with the certificates and instructions. Choose an accountable mail delivery service such as Federal Express, United Parcel Service, DHL, Express Mail, Purolator, TNT, or United States Postal Service Registered Mail. Any one shipping package may not contain certificates exceeding a total value of \$100,000. The value of certificate shares is based on the closing market price of the Common Stock on the trading day prior to the documented mail date.

Claims related to lost certificates under this service must be made within 60 days of the documented delivery service mail date. A copy of the certificate(s) mailed, along with proof that it was sent by trackable mail should be submitted with the claim. This is specific coverage for the purpose of converting shares to book-entry form and the surety is not intended to cover certificates being tendered for certificate breakdown or exchange for other certificates.

Certificate(s) will be issued to a participant for Southwest Gas Holdings Common Stock in the participant's account upon written request to the Plan Administrator. No certificate for a fractional share will be issued.

18. *Does your Company offer an IRA option under the Plan?*

No. While the Company previously made available a traditional IRA option as a way of investing in the Company's Common Stock through the Plan, such an IRA option is no longer available.

PARTICIPANT ACCOUNTS AND RECORDS

19. *What records and accounts will you maintain for me?*

The Plan Administrator will maintain a Plan account for you. The Plan Administrator will credit to your Plan account all shares of Common Stock purchased for you under the Plan. When the Plan Administrator issues you a certificate(s) for shares or when shares are sold from your Plan account the Plan Administrator will withdraw those shares from your Plan account.

20. *What Plan reports will you send me?*

You will receive a statement of your Plan account after each dividend and after any other Plan account activity. Participants owning less than 99 shares will receive an annual statement confirming their transactions. ***These statements are your continuing record of the cost of your purchases. Year-end and final statements should be retained for income tax purposes.*** In addition, you will receive each amended prospectus for the Plan and copies of all communications sent generally to other holders of Common Stock, including our quarterly reports to shareholders, our annual report to shareholders, notice of annual meeting and proxy statement and tax information with respect to dividends paid. You may elect to have your statements and other information sent to you automatically by initiating eDelivery through **shareowneronline.com**.

WITHDRAWAL AND TERMINATION

21. *When may I withdraw from the Plan?*

You may withdraw from the Plan at any time online, by telephone or by providing a written request to the Plan Administrator. You must arrange for your request to be signed by all adult registered holders listed on your Plan account. The Plan Administrator will process these requests as soon as administratively possible. If your request is received on or after the record date for a dividend, the Plan Administrator will process the request and a separate dividend check will be mailed to you. Future dividends will be paid in cash, unless you rejoin the Plan.

22. *How do I withdraw from the Plan?*

You can terminate your participation in the Plan at any time by contacting the Plan Administrator. You can submit your request for termination online, by telephone or through the mail (see **Contact Information**). For your convenience, a *Transaction Request Form* is attached to your statement. Complete the form by filling in the required fields and indicating your intention to terminate your participation in the Plan. Following termination, all future dividends will be paid to you in cash.

Retain shares – If you elect to keep your shares, the whole shares held in your Plan balance will be moved to book-entry Direct Registration Shares (“DRS”). Any fractional shares will be sold at the market price, and you will receive a check (less any fees) for the proceeds.

Sell shares – If you choose to sell all of your shares, your sale proceeds, less applicable taxes and transaction fees, will be remitted to you via check. Or you can choose to have them directly deposited into your bank account.

If you terminate your participation in the Plan but do not indicate your preference to retain or sell your shares, the Plan shares will be moved to book-entry DRS form until the Plan Administrator receives further instructions.

23. *Can you terminate me as a Participant?*

Yes. We reserve the right to deny, modify, suspend or terminate participation by any person or entity in our sole discretion. In addition, the Plan Administrator reserves the right to terminate your Plan account if your

check or other form of remittance has not been honored. The Plan Administrator also reserves the right to terminate participation in the Plan if a participant does not have at least one whole share in the Plan. Upon termination the participant may receive the cash proceeds from the sale of any fractional share, less any transaction fee and brokerage commission.

24. *What happens upon my withdrawal from, or the termination or discontinuance of, the Plan?*

When you withdraw from the Plan, or when we or the Plan Administrator terminate your Plan account or discontinue the Plan, direct registration shares will be issued for all whole shares of Common Stock credited to the Plan accounts. The Plan Administrator will then make cash payments for fractional shares and deduct any selling costs from the sale proceeds before making the cash payment.

In the alternative, you may request that the Plan Administrator sell all of the shares of Common Stock, both whole and fractional, credited to your Plan account. The Plan Administrator will charge to you any related selling costs, and you will receive the sale proceeds less these costs.

25. *Is there a grace period to re-enroll in the Plan?*

No. You may re-enroll in the Plan at any time.

OTHER INFORMATION

26. *Will you issue certificates for shares of Common Stock purchased under the Plan?*

Shares of Common Stock purchased under the Plan will be registered in the name of EQ, or its nominee, as Plan Administrator for participants in the Plan, and certificates for such shares will not be issued to participants except upon written request. The number of shares credited to your account under the Plan will be shown on your statement of account. This procedure protects against loss, theft or destruction of stock certificates.

Shares credited to your account may be withdrawn by accessing your account online at **shareowneronline.com**, by notifying the Plan Administrator by telephone or in writing specifying the number of whole shares to be withdrawn. You may choose to have a portion or all of the whole shares credited to your Plan account delivered directly to your broker by contacting your broker. When using your broker to facilitate a share movement, provide them with a copy of your Plan account statement. You may also request in writing that any number of whole shares credited to your Plan account be issued to you in certificate form. All certificates or direct registration shares will be issued in the account holder's name. Any remaining whole shares and fractions of a share will continue to be credited to your Plan account.

Fractional share interests will not be issued in certificate or direct registration form under any circumstances. If Southwest Gas Holdings, in its sole discretion, elects to terminate the participation in the Plan by a participant holding less than one share of Common Stock in the participant's Plan account, the Plan Administrator will pay to such participant the value of any fractional shares (less certain costs) in such Plan account.

27. *May I request that you sell a portion of the shares of Common Stock held in my Plan account?*

Yes. You can request that the Plan Administrator sell any number of whole shares of Common Stock credited to your Plan account. You will be charged for any related selling costs, and you will receive the sale proceeds less these costs.

Sales are usually made through a broker, who will receive brokerage commissions. Typically, the shares are sold through the exchange on which the common shares of Southwest Gas Holdings are traded. Depending on the number of Southwest Gas Holdings shares to be sold and current trading volume, sale transactions

may be completed in multiple transactions and over the course of more than one day. All sales are subject to market conditions, system availability, restrictions and other factors. The actual sale date, time or price received for any shares sold through the Plan cannot be guaranteed.

Participants may instruct the Plan Administrator to sell shares under the Plan through a Batch Order, Market Order, Day Limit Order, Good-‘Til-Date/Canceled Limit Order or Stop Order.

Batch Order (online, telephone, mail) – The Plan Administrator will combine each request to sell through the Plan with other Plan participant sale requests for a Batch Order. Shares are then periodically submitted in bulk to a broker for sale on the open market. Shares will be sold no later than five business days (except where deferral is necessary under state or federal regulations). Bulk sales may be executed in multiple transactions and over more than one day depending on the number of shares being sold and current trading volumes. Once entered, a Batch Order request cannot be canceled.

Market Order (online or telephone) – The participant’s request to sell shares in a Market Order will be at the prevailing market price when the trade is executed. If such an order is placed during market hours, the Plan Administrator will promptly submit the shares to a broker for sale on the open market. Once entered, a Market Order request cannot be canceled. Sales requests submitted near the close of the market may be executed on the next trading day, along with other requests received after market close.

Day Limit Order (online or telephone) – The participant’s request to sell shares in a Day Limit Order will be promptly submitted by the Plan Administrator to a broker. The broker will execute as a Market Order when and if the stock reaches, or exceeds the specified price on the day the order was placed (for orders placed outside of market hours, the next trading day). The order is automatically canceled if the price is not met by the end of that trading day. Depending on the number of shares being sold and current trading volumes, the order may only be partially filled and the remainder of the order canceled. Once entered, a Day Limit Order request cannot be canceled by the participant.

Good-‘Til-Date/Canceled (GTD/GTC) Limit Order (online or telephone) – A GTD/GTC Limit Order request will be promptly submitted by the Plan Administrator to a broker. The broker will execute as a Market Order when and if the stock reaches, or exceeds the specified price at any time while the order remains open (up to the date requested or 90 days for GTC). Depending on the number of shares being sold and current trading volumes, sales may be executed in multiple transactions and may be traded on more than one day. The order or any unexecuted portion will be automatically canceled if the price is not met by the end of the order period. The order may also be canceled by the applicable stock exchange or the participant.

Stop Order (online or telephone) – The Plan Administrator will promptly submit a participant’s request to sell shares in a Stop Order to a broker. A sale will be executed when the stock reaches a specified price, at which time the Stop Order becomes a Market Order and the sale will be at the prevailing market price when the trade is executed. The price specified in the order must be below the current market price (generally used to limit a market loss).

Sales proceeds will be net of any fees to be paid by the participant (see Addendum A for details). The Plan Administrator will deduct any fees or applicable tax withholding from the sale proceeds. Sales processed on accounts without a valid Form W-9 for U.S. citizens or Form W-8BEN for non-U.S. citizens will be subject to Federal Backup Withholding. This tax can be avoided by furnishing the appropriate and valid form prior to the sale. Forms are available online at shareowneronline.com.

A check for the proceeds of the sale of shares (in U.S. dollars), less applicable taxes and fees, will generally be mailed by first class mail as soon as administratively possible after settlement date. If a participant submits a request to sell all or part of the Plan shares, and the participant requests net proceeds to be automatically deposited to a checking or savings account, the participant must provide a voided blank check for a checking account or blank savings deposit slip for a savings account. If the participant is unable to

provide a voided check or deposit slip, the participant's written request must have the participant's signature(s) medallion guaranteed by an eligible financial institution for direct deposit. Requests for automatic deposit of sale proceeds that do not provide the required documentation will not be processed and a check for the net proceeds will be issued.

A participant who wishes to sell shares currently held in certificate form may send them in for deposit to the Plan Administrator and then proceed with the sale. To sell shares through a broker of their choice, the participant may request the broker to transfer shares electronically from the Plan account to their brokerage account. Alternatively, a stock certificate can be requested in writing that the participant can deliver to their broker.

Southwest Gas Holdings' share price may fluctuate between the time the sale request is received and the time the sale is completed on the open market. The Plan Administrator shall not be liable for any claim arising out of failure to sell on a certain date or at a specific price. Neither the Plan Administrator nor any of its affiliates will provide any investment recommendations or investment advice with respect to transactions made through the Plan. This risk should be evaluated by the participant and is a risk that is borne solely by the participant.

The Insider Trading Policy provides that the participant may not trade in Southwest Gas Holdings Common Stock if in possession of material, non-public information about the company. Share sales by employees, Affiliates and Section 16 officers must be made in compliance with the Company's Insider Trading Policy.

28. *May I pledge or assign shares of Common Stock in my Plan account?*

No. You may not pledge or assign shares of Common Stock credited to your Plan account. If you wish to assign or pledge shares, you must request in writing that certificates for the shares or direct registration of the shares be issued in your name.

29. *How will my shares of Common Stock be voted at meetings of shareholders?*

Participants in the Plan will receive voting materials and have the sole right to vote the Common Stock of Southwest Gas Holdings represented by the shares held for them in the Plan. In the event the participant does not provide direction for voting, the Plan shares will not be voted.

The participant is encouraged to read the information carefully. Votes may be submitted online, by telephone or by returning the signed, dated proxy card. A participant's shares will be voted in accordance with the most recent submitted instructions.

30. *What are your and the Plan Administrator's liabilities under the Plan?*

The Plan provides that we and any Plan Administrator will not be liable for any act done in good faith or any good faith omission, including, without limitation, (i) any claim of liability arising out of failure to terminate your Plan account upon your death prior to our receipt of legally sufficient instructions to do so, (ii) with respect to prices at which shares of Common Stock are purchased or sold for the Participant's account, (iii) the times when such purchases or sales are made or (iv) with respect to any fluctuation in the market value after the purchase or sale of shares.

The Plan Administrator is acting solely as agent for us and owes no duties, fiduciary or otherwise, to any other person by reason of this Plan, and no implied duties, fiduciary or otherwise, shall be read into this Plan. The Plan Administrator undertakes to perform such duties and only such duties as are expressly set forth herein, to be performed by it, and no implied covenants or obligations shall be read into this Plan against the Plan Administrator or us.

In the absence of negligence or willful misconduct on its part, the Plan Administrator, whether acting directly or through agents or attorneys, shall not be liable for any action taken, suffered, or omitted or for

any error of judgment made by it in the performance of its duties hereunder. In no event shall we or the Plan Administrator be liable for special, indirect or consequential loss or damage of any kind whatsoever (including but not limited to lost profit), even if we or the Plan Administrator has been advised of the likelihood of such loss or damage and regardless of the form of action.

Neither we nor the Plan Administrator shall: (i) be required to and shall make no representations and have no responsibilities as to the validity, accuracy, value or genuineness of any signatures or endorsements, other than our or its own; and (ii) be obligated to take any legal action hereunder that might, in our or its judgment, involve any expense or liability, unless we or it have been furnished with reasonable indemnity.

Neither we nor the Plan Administrator shall be responsible or liable for any failure or delay in the performance of the obligations under this Plan arising out of or caused, directly or indirectly, by circumstances beyond our or its reasonable control, including, without limitation, acts of God; earthquakes; fires; floods; wars; civil or military disturbances; sabotage; epidemics; riots; interruptions, loss or malfunctions of utilities; computer (hardware or software) or communications services; accidents; labor disputes; acts of civil or military authority or governmental actions; it being understood that the Plan Administrator shall use reasonable efforts which are consistent with accepted practices in the stock investment plan industry to resume performance as soon as administratively possible under the circumstances.

YOU SHOULD RECOGNIZE THAT NEITHER SOUTHWEST GAS HOLDINGS NOR THE PLAN ADMINISTRATOR CAN ASSURE YOU OF PROFITS OR PROTECT YOU AGAINST LOSSES IN THE VALUE OF THE SHARES OF COMMON STOCK PURCHASED UNDER THE PLAN OR ASSURE YOU OF ANY FUTURE DIVIDENDS.

This Plan is purely voluntary on our part. Neither the Plan's establishment nor any amendment nor the creation of any Plan account will be construed as giving Participants any legal or equitable rights against us or the Plan Administrator unless specifically provided for in the Plan or conferred by the Plan Administrators' or our affirmative actions according to the terms and provisions in the Plan. These actions will not be construed as giving any employee the right to be retained in our service.

Southwest Gas Holdings Common Stock is not insured by the FDIC or any other government agency, are not deposits or other obligations of, and are not guaranteed by, EQ Shareowners Services or the Company, and are subject to investment risks, including possible loss of principal amount invested. Common stock held in the Plan are not subject to protection under the Securities Investor Protection Act of 1970.

31. *May you modify, suspend or discontinue the Plan?*

Yes. We reserve the right to suspend, modify or discontinue the Plan at any time and to interpret and regulate the Plan as we deem necessary or desirable in connection with the operation of the Plan. Notice of any suspension, modification or termination will be mailed to you at the address shown in the Plan Administrator's records.

32. *What happens if you make a rights offering?*

In the event that Southwest Gas Holdings makes available to its shareowners any rights to subscribe for additional Common Stock, the rights to subscribe will be based on any shares held in and outside of the Plan. Any new shares distributed by Southwest Gas Holdings resulting from the exercise of the rights will be issued directly to the participant.

33. *What happens if you declare a stock split or issue a stock dividend?*

It is understood that any stock dividends or stock splits distributed by Southwest Gas Holdings on Common Stock held by the Plan Administrator for the participant will be credited to the participant's account. This will include all whole and fractional shares.

34. *May I obtain the complete text of the Plan?*

Yes. You may request a copy of the Plan online at shareowneronline.com, by telephone or through the mail (see **Contact Information**).

35. *Is it important that I stay in contact with the Company through the Plan Administrator?*

Yes. Many state unclaimed property laws specify that if an account owner does not initiate “active contact” with the Plan Administrator during any state’s specified period, the property in the account may be deemed “abandoned.” For accounts that meet a state’s definition of “abandoned,” the Plan Administrator may be legally required to transfer the property in the account, including shares and dividends, to the state of the account’s last known residence. To prevent this from occurring, Participants should cash dividend checks and respond as directed to mailings requesting that they contact the Plan Administrator, and immediately notify the Plan Administrator of any change of address online, by telephone or through the mail.

FEDERAL INCOME TAX CONSEQUENCES OF THE PLAN

The following is a brief summary of some of the principal U.S. federal income tax considerations applicable, as of the date of this prospectus, to participation in the Plan. It is based on the Internal Revenue Code of 1986, as amended, United States Treasury Regulations, administrative rulings and court decisions, in effect as of the date of this prospectus, all of which are subject to change at any time, possibly with retroactive effect. This summary is not a complete description of all of the tax consequences of your participation in the Plan. For example, it does not address any state, local or foreign tax consequences of your participation. You should consult your own tax adviser about the tax consequences of your participation in the Plan.

In general, Participants have the same U.S. federal income tax consequences with respect to dividends as shareholders not participating in the Plan. On each dividend payment date, you will be treated for U.S. federal income tax purposes as having received a distribution equal to the full amount of the cash dividends payable on both the shares of Common Stock registered in your own name and the Common Stock held through the Plan, even though the amount of dividends reinvested is not actually received in cash, but is instead applied to the purchase of our Common Stock for your account under the Plan. In addition, the amount of brokerage commissions paid by us on your behalf (where Common Stock is purchased on the open market) is treated as a distribution to you which is subject to income tax in the same manner as dividends. Generally, any such distribution will be taxable to you as ordinary dividend income to the extent of your share of our current or accumulated earnings and profits. The amount of any distribution in excess of your share of our earnings and profits, not taxable as ordinary dividend income, will reduce your tax basis in the Common Stock with respect to which the distribution was received, and, to the extent it exceeds your tax basis, as gain from a sale of that Common Stock.

Your statement of account under the Plan shows the price per share to you of Common Stock purchased with reinvested dividends. That price, which includes the brokerage commissions paid by us on your behalf on purchase under the Plan of shares of Common Stock, is your federal income tax basis of shares of Common Stock acquired under the Plan.

The Plan requires Participants to reinvest a minimum of 10% of the dividends (if any) paid on shares held in the Plan and therefore qualifies as a “dividend reinvestment plan” (DRP) under Treasury Regulation 1.1012-1(e)(6)(i). This should enable Participants to elect to use the ‘average basis method’ when determining the tax basis of shares sold. If the average basis method is elected, a taxpayer averages the basis of all shares of identical stock held in an account, regardless of holding period.

The Plan assumes that each Participant will use the first-in, first-out (FIFO) method when determining the tax basis of any shares sold. Participants may designate their preference for a different method of determining the tax basis of shares by identifying this preference in writing to the Plan Administrator at any time. Participants may designate their preference for specific identification cost basis or for the average basis method (effective for sales occurring after the election). These rules are complex, and you should consult your tax advisors regarding the methods for determining your adjusted basis.

Your statement of account also shows the date on which the shares of Common Stock purchased under the Plan were credited to your account. Your holding period for Common Stock purchased under the Plan generally begins on the date following the date on which those shares of Common Stock are credited to your Plan account.

You will receive an annual statement summarizing all the transactions in your account for that year. The year-end statement includes an information return (1099-DIV) summarizing dividends paid to you during the year and brokerage commissions reportable for U.S. federal income tax purposes. These dividends and brokerage commissions must be reported on your federal income tax return. If applicable, you also receive an information return summarizing proceeds from sales transactions during the prior year (1099-B) or an information return for dividends paid on non-U.S. accounts (1042-S). The Plan Administrator provides copies of these information

returns to the Internal Revenue Service. Although efforts are made to assist Participants by providing periodic statements and other reports, Participants have the ultimate responsibility for maintaining their own records for tax and other purposes.

Reinvested dividends are not subject to backup withholding unless (1) you fail to give your Social Security or tax identification number to the Plan Administrator, (2) the Internal Revenue Service notifies us that you are subject to tax withholding, or (3) you fail to certify, under penalties of perjury, that you are not subject to backup withholding if such certification is required. If you are subject to backup withholding on dividends under the Plan, the amount of tax withheld will reduce the amount of the dividend to be reinvested in Common Stock. Your statement of account under the Plan indicates the amount of tax withheld.

You will not realize a gain or loss for federal income tax purposes upon receipt of a certificate for whole shares of Common Stock credited to your account under the Plan, whether upon request for such a certificate, upon termination of your participation in the Plan or upon termination of the Plan. However, you may realize a gain or loss upon receipt of a cash payment for whole shares of Common Stock or a fractional common share credited to your account under the Plan when that account is terminated by you, when shares of Common Stock credited to your account under the Plan are sold or when the Plan is terminated. You may also realize a gain or loss upon your disposition of the Common Stock received from the Plan. The amount of any such gain or loss generally will be the difference between the amount you receive for the whole or fractional shares of Common Stock and the tax basis of those shares of Common Stock. Generally, gain or loss realized on the disposition of shares of Common Stock acquired under the Plan will be treated for U.S. federal income tax purposes as a long-term capital gain or loss if, as of the date of such disposition, the holding period with respect to the shares of Common Stock sold exceeds one year; if the shares are held for a shorter period, the gain or loss will be short-term capital gain or loss.

A foreign person (nonresident alien individual or foreign entity) is subject to tax withholding at a 30% rate on the gross amount of certain payments of U.S. source income, including dividends, unless the beneficial owner of the payment is entitled to a reduced rate of, or exemption from, withholding tax under an income tax treaty. Foreign entity owned accounts may also be subject to 30% withholding on all applicable U.S. sourced income, including dividends, as required by the Foreign Account Tax Compliance Act ("FATCA"). The Internal Revenue Service recently issued proposed regulations providing that gross proceeds received from the sale, maturity or exchange of securities that can produce U.S. sourced dividends or interest will not be subject to potential FATCA withholding (previously, withholding on such amounts was scheduled to become effective on January 1, 2019). Taxpayers may rely on these proposed regulations until final regulations are issued; however, final regulations could reinstate this withholding obligation at any time, possibly with retroactive effect. If you are subject to FATCA withholding on dividends under the Plan, the amount of tax withheld will reduce the amount of the dividend to be reinvested in Common Stock. Foreign persons should consult with their tax advisors or counsel as to which tax certification form they are required to provide and for more specific information regarding the withholding requirements under Chapters 3 and 4 (FATCA) of the Internal Revenue Code, including with respect to withholding on the gross proceeds received from the disposition of Common Stock.

OUR COMPANY

In 2015, the Board of Directors of Southwest Gas Corporation (“Predecessor”) authorized management to evaluate and pursue a holding company reorganization to provide further separation between regulated and unregulated businesses, and to provide additional financing flexibility. As part of the holding company reorganization, Centuri and Predecessor would each be subsidiaries of the new publicly traded parent holding company, Southwest Gas Holdings, Inc.; whereas, historically, Centuri had been a direct subsidiary of Predecessor. All of Predecessor’s outstanding debt securities (not associated with Centuri) at the time of the reorganization would remain at Predecessor. Regulatory applications for preapproval of the reorganization were filed with the Arizona Corporation Commission (“ACC”), the California Public Utilities Commission (“CPUC”), and the Public Utilities Commission of Nevada (“PUCN”) in October 2015. Approvals were received from the CPUC, the PUCN, and the ACC in January, March, and May, respectively, of 2016. The reorganization, which was approved by the Board of Directors of Predecessor and Southwest Gas Holdings in December 2016, became effective in January 2017. Each outstanding share of Predecessor’s common stock automatically converted into a share of common stock in Southwest Gas Holdings, on a one-for-one basis, and the ticker symbol of the stock, “SWX,” remains unchanged.

Predecessor was incorporated in March 1931 and Southwest Gas Holdings was incorporated in September 2016, each under the laws of the State of California. Southwest Gas Holdings is composed of two business segments: natural gas operations (“Southwest” or the “natural gas operations” segment) and construction services.

Southwest is engaged in the business of purchasing, distributing, and transporting natural gas for customers in portions of Arizona, Nevada, and California. Southwest is the largest distributor of natural gas in Arizona, selling and transporting natural gas in most of central and southern Arizona, including the Phoenix and Tucson metropolitan areas. Southwest is also the largest distributor of natural gas in Nevada, serving the Las Vegas metropolitan area and northern Nevada. In addition, Southwest distributes and transports natural gas for customers in portions of California, including the Lake Tahoe area and the high desert and mountain areas in San Bernardino County.

Centuri (the “construction services” segment) is a comprehensive construction services enterprise dedicated to meeting the growing demands of North American utilities, energy and industrial markets. Centuri derives revenue from installation, replacement, repair, and maintenance of energy distribution systems, and developing industrial construction solutions. Centuri operates in 24 major markets in the United States (primarily as NPL) and in 3 major markets in Canada (as NPL Canada (formerly Link-Line Contractors Ltd.), and W.S. Nicholls). In November 2017, Centuri expanded its operations in the Northeastern geographical area of the United States through the acquisition of a private construction services business.

Southwest is subject to regulation by the ACC, the PUCN, and the CPUC. These commissions regulate public utility rates, practices, facilities, and service territories in their respective states. The CPUC also regulates the issuance of all securities by Southwest, with the exception of short-term borrowings. Certain accounting practices, transmission facilities, and rates are subject to regulation by the Federal Energy Regulatory Commission (“FERC”). Centuri is not regulated by the state utilities commissions or by the FERC in any of its operating areas.

Our administrative offices are located at 5241 Spring Mountain Road, Las Vegas, Nevada 89150-0002, telephone number (702) 876-7237.

You should carefully consider and evaluate all of the information included and incorporated by reference in this prospectus and any applicable prospectus supplement, including the risk factors incorporated by reference to our Annual Report on Form 10-K for the year ended December 31, 2016, as well as any risk factors we may describe in any subsequent periodic reports or information we file with the SEC. It is possible that our business, financial condition, liquidity or results of operations could be materially adversely affected by any of these risks.

USE OF PROCEEDS

Unless otherwise indicated in the applicable prospectus supplement or other offering material, we intend to use the net proceeds from the sale of securities for general corporate purposes, which may include the following: refunding, repurchasing, retiring upon maturity or redeeming existing debt; funding for working capital; capital expenditures; repurchases of our capital stock; and strategic investments and acquisitions.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our historical ratios of earnings available for fixed charges to fixed charges for the periods indicated. This information should be read in conjunction with the consolidated financial statements and the accompanying notes incorporated by reference in this prospectus.

	September 30, 2017	2016	2015	2014	2013	2012
Ratio of earnings to fixed charges(1)	3.50	3.46	3.43	3.58	3.90	3.61

- (1) For purposes of calculating the ratio of earnings to fixed charges, earnings represents earnings before income tax expense, and net income attributable to noncontrolling interests, plus fixed charges; and fixed charges include: (a) interest expense; (b) amortization of capitalized expenses related to debt; and (c) the portion of rental expense which management believes is representative of the interest component of rent expense.

Certain Anti-Takeover Matters

Our articles of incorporation and bylaws contain provisions that may have the effect of discouraging persons from acquiring large blocks of Southwest Gas Holdings' stock or delaying or preventing a change in control of Southwest Gas Holdings. The material provisions which may have such an effect are:

- provisions requiring a super-majority vote by shareholders of common stock in order to approve certain types of business combinations;

- a provision permitting the Southwest Gas Holdings board of directors to make, amend or repeal the bylaws;
- authorization for the Southwest Gas Holdings board of directors to issue preferred stock in series and to fix rights and preferences of the series (including, among other things, whether, and to what extent, the shares of any series will have voting rights and the extent of the preferences of the shares of any series with respect to dividends and other matters);
- advance notice procedures with respect to proposals other than those adopted or recommended by the Southwest Gas Holdings board of directors; and
- provisions permitting amendment of certain of these provisions only by an affirmative vote of the holders of at least 65 percent of the outstanding shares of Southwest Gas Holdings common stock entitled to vote.

DESCRIPTION OF DEBT SECURITIES

The following text describes the general terms and provisions of debt securities that Southwest Gas Holdings, Inc. and/or Southwest Gas Corporation may offer from time to time. For purposes of this “Description of Debt Securities,” “we,” “us” and “our” refer to the relevant issuer of debt securities, Southwest Gas Holdings, Inc. or Southwest Gas Corporation, as the case may be, and not to their respective subsidiaries.

When we offer to sell a particular series of debt securities, we will describe the specific terms of the series in a prospectus supplement. We will also indicate in any applicable prospectus supplement whether the general terms and provisions described in this prospectus apply to a particular series of debt securities. Unless otherwise specified in any applicable prospectus supplement, the senior debt securities will be our direct, unsecured obligations and will rank equally with all of our other unsecured and unsubordinated indebtedness.

The debt securities of Southwest Gas Holdings, Inc. will be issued under one or more indentures between Southwest Gas Holdings, Inc. and The Bank of New York Mellon Trust Company, N.A., as Trustee (the “Holdings Indenture”). The debt securities of Southwest Gas Corporation will be issued under one or more indentures between Southwest Gas Corporation and The Bank of New York Mellon Trust Company, N.A., as Trustee (the “Corporation Indenture” and, together with the Holdings Indenture, the “Indentures”). Each Indenture describes the terms of the debt securities and does not limit the amount of debt securities or other unsecured, senior debt we may issue. We have summarized the general terms and provisions of the debt securities to be governed by each Indenture. The summary is not complete and is subject to, and qualified in its entirety by reference to, all provisions of the indenture and the Trust Indenture Act of 1939, as amended (the “Trust Indenture Act”). A form of each Indenture has been filed as an exhibit to the registration statement that we have filed with the SEC, of which this prospectus forms a part. We encourage you to read the Indentures. Capitalized terms used in this description of our debt securities have the meanings ascribed to them in the applicable Indenture.

General

The terms of each series of debt securities will be established by our board of directors or a committee thereof and set forth or determined in the manner provided in an Officers’ Certificate or by a supplemental indenture to the relevant Indenture. The particular terms of each series of debt securities will be described in a prospectus supplement relating to such series.

We may issue debt securities in one or more series with the same or various maturities, at par, at a premium or at a discount. We need not issue all debt securities of one series at the same time and, unless otherwise provided, we may without the consent of the holders of the debt securities of that series reopen a series and issue additional debt securities of that series. We will set forth in a prospectus supplement the aggregate principal amount of any series of debt securities being offered and their specific terms, including, to the extent applicable, the following terms:

- the title of the debt securities;
- any limit on the aggregate principal amount of the debt securities;
- the date or dates on which we will pay the principal on the debt securities;
- the rate or rates (which may be fixed or variable) per annum or the method used to determine the rate or rates (including any commodity, commodity index, stock exchange index or financial index) at which the debt securities will bear interest, the date or dates from which interest will accrue, the date or dates on which interest will commence and be payable and any regular record date for the interest payable on any interest payment date;
- the place or places where principal of, and premium, if any, and interest on, the debt securities will be payable;

- the terms and conditions upon which we may redeem or prepay the debt securities;
- any obligation or right we have to redeem, repay or purchase the debt securities pursuant to any sinking fund or analogous provision or at the option of a holder of debt securities;
- the dates on which and the price or prices at which we will repurchase debt securities at the option of the holders of debt securities and other detailed terms and provisions of these repurchase obligations;
- the denominations in which the debt securities will be issued, if other than minimum denominations of \$2,000 and any integral multiples of \$1,000 in excess thereof;
- whether the debt securities will be issued in certificated or “book-entry only” form;
- the portion of principal amount of the debt securities payable upon declaration of acceleration of the maturity date, if other than the entire principal amount;
- the currency of denomination of the debt securities;
- the designation of the currency, currencies or currency units in which payment of principal of, and premium and interest on, the debt securities will be made;
- if payments of principal of, or premium or interest on, the debt securities will be made in one or more currencies or currency units other than that or those in which the debt securities are denominated, the manner in which the exchange rate with respect to these payments will be determined;
- the manner in which the amounts of payment of principal of, or premium or interest on, the debt securities will be determined, if these amounts may be determined by reference to an index based on a currency or currencies other than that in which the debt securities are denominated or designated to be payable or by reference to a commodity, commodity index, stock exchange index or financial index;
- any provisions relating to any collateral securing or guarantees of payments of principal of, or premium or interest on, the debt securities;
- any addition to or change in the Events of Default described in this prospectus or in the relevant Indenture with respect to the debt securities and any change in the acceleration provisions described in this prospectus or in the relevant Indenture with respect to the debt securities;
- any addition to or change in the covenants described in this prospectus or in the relevant Indenture with respect to the debt securities;
- any conversion provisions, including the conversion rate, the conversion period, provisions as to whether conversion will be mandatory, at the option of the holder or at our option, the events requiring an adjustment of the conversion rate and provisions affecting conversion if such series of debt securities is redeemed;
- any depositories, interest rate calculation agents, exchange rate calculation agents or other agents with respect to the debt securities; and
- any other terms of the debt securities, which may modify, delete, supplement or add to any provision of the relevant Indenture as it applies to that series.

We will provide you with information on the federal income tax considerations and other special considerations applicable to any of these debt securities in the applicable prospectus supplement.

If we denominate the purchase price of any of the debt securities in a foreign currency or currencies or a foreign currency unit or units, or if the principal of, and premium and interest on, any series of debt securities is

payable in a foreign currency or currencies or a foreign currency unit or units, we will provide you with information on the restrictions, elections, general tax considerations, specific terms and other information with respect to that issue of debt securities and such foreign currency or currencies or foreign currency unit or units in the applicable prospectus supplement.

Transfer and Exchange

Each debt security will be represented by either one or more global securities registered in the name of The Depository Trust Company, as depository, or a nominee (which we refer to, in the case of any debt security represented by a global debt security, as a “book-entry debt security”), or a certificate issued in definitive registered form (which we refer to, in the case of any debt security represented by a certificated security, as a “certificated debt security”) as set forth in the applicable prospectus supplement. Except as set forth in the applicable prospectus supplement, book-entry debt securities will not be issuable in certificated form.

You may transfer or exchange certificated debt securities at any office we maintain for this purpose in accordance with the terms of the indenture. No service charge will be made for any registration of transfer or exchange of certificated debt securities, but we may require payment of a sum sufficient to cover all taxes, assessments or other governmental charges that may be imposed in connection with a transfer or exchange.

You may effect the transfer of certificated debt securities and the right to receive the principal of, and any premium and interest on, certificated debt securities only by surrendering the certificate representing those certificated debt securities and either execution by us, and authentication and delivery by the Trustee, of the certificate to the new holder or execution by us, and authentication and delivery by the Trustee, of a new certificate to the new holder.

Covenants

We will set forth in the applicable prospectus supplement any financial or restrictive covenants applicable to any issue of debt securities.

No Protection in the Event of a Change of Control

Unless we state otherwise in the applicable prospectus supplement, the debt securities will not contain any provisions which may afford holders of the debt securities protection in the event we have a change in control or in the event of a highly leveraged transaction (whether or not such transaction results in a change in control) which could adversely affect holders of debt securities.

Consolidation, Merger and Sale of Assets

We or any guarantor of the debt securities shall not consolidate with or sell, lease or convey all or substantially all of our properties or assets to, or merge with or into, in one transaction or a series of related transactions, any Person unless:

- we or such guarantor, as the case may be, is the continuing Person or, alternatively, the successor Person is organized under the laws of the United States of America, any State thereof or the District of Columbia, and such Person (if not the issuer or such guarantor, as the case may be) expressly assumes, by a supplemental indenture, executed and delivered to the Trustee, in form reasonably satisfactory to the Trustee, all of our obligations under the debt securities and under the relevant Indenture or all of such guarantor’s obligations under its guarantee of the debt securities, as the case may be;
- immediately after giving effect to such transaction, no Default or Event of Default has occurred or is continuing; and

- we have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation, merger, conveyance, or transfer and such supplemental indenture complies with this provision and that such supplemental indenture constitutes the legal, valid and binding obligation of the successor Person subject to customary exceptions.

Events of Default

“Event of Default” means with respect to any series of debt securities, any of the following:

- a Default in the payment of interest upon any debt security of that series when it becomes due and payable, and continuance of such Default for a period of 30 days;
- a Default in the payment of principal of or premium, if any, on any debt security of that series at its maturity, or otherwise;
- failure by us or any guarantor of the debt securities of that series to comply with any of its agreements in that series of debt securities or the relevant Indenture for a period of 90 days after written notice specified below;
- certain voluntary or involuntary events of bankruptcy, insolvency or reorganization of the us or any guarantor of the debt securities of that series; and
- any other Event of Default provided with respect to the debt securities of that series that is described in the applicable prospectus supplement.

A Default with respect to a particular series of debt securities of a series (except as to certain events of bankruptcy, insolvency or reorganization) is not an Event of Default until the Trustee (by written notice to us) or the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series (by written notice to the us and the Trustee) gives notice of the Default and we do not cure such Default within the time specified after receipt of such notice.

No Event of Default with respect to a particular series of debt securities (except as to certain events of bankruptcy, insolvency or reorganization) necessarily constitutes an Event of Default with respect to any other series of debt securities. The occurrence of certain Events of Default or an acceleration under the relevant Indenture may constitute an event of default under certain indebtedness of ours or our Subsidiaries outstanding from time to time.

If an Event of Default with respect to debt securities of any series at the time outstanding occurs and is continuing, then the Trustee or the holders of not less than 25% in principal amount of the outstanding debt securities of that series may, by a notice in writing to us (and to the Trustee if given by the holders), declare to be due and payable immediately the principal of and accrued and unpaid interest, if any, on all debt securities of that series. In the case of an Event of Default resulting from certain events of bankruptcy, insolvency or reorganization, the principal of and accrued and unpaid interest, if any, on all outstanding debt securities will become and be immediately due and payable without any declaration or other act on the part of the Trustee or any holder of outstanding debt securities. At any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree for payment of the money due has been obtained by the Trustee, the holders of a majority in principal amount of the outstanding debt securities of that series may rescind and annul the acceleration if all Events of Default, other than the nonpayment of accelerated principal and interest, if any, with respect to debt securities of that series, have been cured or waived as provided in the indenture. We refer you to the prospectus supplement relating to any series of debt securities that are discount securities for the particular provisions relating to acceleration of a portion of the principal amount of such discount securities upon the occurrence of an Event of Default.

The Indentures provide that the Trustee may refuse to perform any duty or exercise any of its rights or powers under the relevant Indenture unless the Trustee receives indemnity reasonably satisfactory to it against

any loss, liability or expense which might be incurred by it in performing such duty or exercising such right or power. Subject to certain rights of the Trustee, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to the debt securities of that series.

No holder of any debt security of any series will have any right to institute any proceeding, judicial or otherwise, with respect to the relevant Indenture or for the appointment of a receiver or Trustee, or for any remedy under the relevant Indenture, unless:

- an Event of Default has occurred and is continuing and that holder has previously given to the Trustee written notice of a continuing Event of Default with respect to debt securities of that series; and
- the holders of not less than 25% in principal amount of the outstanding debt securities of that series have made written request to the Trustee, and offered indemnity or security reasonably satisfactory to the Trustee, to institute the proceeding as Trustee, and the Trustee has not received from the holders of not less than a majority in principal amount of the outstanding debt securities of that series a direction inconsistent with that request and has failed to institute the proceeding within 60 days.

Notwithstanding any other provision in the indenture, the holder of any debt security will have an absolute and unconditional right to receive payment of the principal of, premium and any interest on that debt security on or after the due dates expressed in that debt security and to institute suit for the enforcement of payment.

Each Indenture requires us, within 120 days after the end of each fiscal year, to deliver to the Trustee a statement as to compliance with such Indenture.

Modification and Waiver

We and the Trustee may modify, amend or supplement the relevant Indenture or the debt securities of any series without notice to or the consent of any holder of any debt security:

- to cure any ambiguity, omission, defect or inconsistency;
- to evidence the succession of another Person to the issuer (or any guarantor) and the assumption by any such successor of the obligations of the issuer (or those of any guarantor) in accordance with “Consolidation, Merger and Sale of Assets”;
- to add any additional Events of Default;
- to add covenants for the benefit of the holders of debt securities of any series or to surrender any right or power conferred upon us by the relevant Indenture;
- to add one or more guarantees or to release one or more guarantees in accordance with the relevant Indenture;
- to add collateral security with respect to the debt securities of that series;
- to add or appoint a successor or separate Trustee or other agent;
- to provide for the issuance of any debt securities or additional debt securities of that series;
- to comply with any requirements in connection with qualifying the relevant Indenture under the Trust Indenture Act;
- to comply with the rules of any applicable securities depository;

- to provide for uncertificated debt securities in addition to or in place of certificated debt securities; provided, however, that the uncertificated debt securities are issued in registered form for purposes of Section 163(f) of the Internal Revenue Code of 1986, as amended;
- to conform the provisions of the relevant Indenture to the “Description of Notes,” “Description of the Notes and Guarantees,” “Description of Debt Securities” and any similar sections of any offering memorandum or prospectus prepared in connection with the issuance of the debt securities of that series;
- to make changes to the relevant Indenture applicable only to other series of debt securities issuable thereunder; and
- to change any other provision if the change does not adversely affect the interests of any holder of debt securities of that series.

We may also modify and amend the relevant Indenture with the written consent of the holders of at least a majority in principal amount of the outstanding debt securities of each series affected by the modifications or amendments. We may not make any modification or amendment without the consent of each affected holder of a series of debt securities then outstanding if that amendment will:

- change the stated maturity of, the principal, or installment of interest, on any debt security of such series;
- reduce the principal amount of, or the rate of interest on, any debt security of such series;
- reduce any premium payable on the redemption or required repurchase of any debt security of such series or change the date on which any debt security of such series may or must be redeemed, repaid or required to be repurchased;
- change the coin or currency in which the principal of, premium, if any, or interest on any debt security of such series is payable;
- impair the right of any holder of such series to institute suit for the enforcement of any payment on or after the stated maturity of any debt security of such series;
- reduce the percentage in principal amount of the outstanding debt security of such series, the consent of whose holders is required in order to take certain actions;
- reduce the requirements for quorum or voting by holders in the relevant Indenture or the debt securities of such series;
- modify any of the provisions of the relevant Indenture regarding the waiver of past defaults and the waiver of certain covenants by holders except to increase any percentage vote required or to provide that certain other provisions of the relevant Indenture cannot be modified or waived without the consent of the holder of each debt security affected thereby; or
- modify any of the above provisions.

Except for certain specified provisions, the holders of at least a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive our compliance with provisions of the relevant Indenture. The holders of a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all the debt securities of such series waive any past default under the relevant Indenture with respect to that series and its consequences, except a default in the payment of the principal of, premium or any interest on any debt security of that series; provided, however, that the holders of a majority in principal amount of the outstanding debt securities of any series may rescind an acceleration and its consequences, including any related payment default that resulted from the acceleration.

Discharge of Debt Securities

When all outstanding debt securities of any series will become due and payable within one year of their stated maturity and we have deposited with the Trustee cash sufficient to pay and discharge all outstanding debt securities of such series on the date of their stated maturity, then we may discharge our obligations under the relevant Indenture with respect to such debt securities while they remain outstanding.

No Personal Liability of Directors, Officers, Employees or Stockholders

None of our past, present or future directors, officers, employees or shareholders, as such, will have any liability for any of our obligations under the debt securities or the relevant Indenture or for any claim based on, or in respect or by reason of, such obligations or their creation. By accepting a debt security, each holder waives and releases all such liability. This waiver and release is part of the consideration for the issue of the debt securities. However, this waiver and release may not be effective to waive liabilities under U.S. federal securities laws, and it is the view of the SEC that such a waiver is against public policy.

Governing Law

The Indentures and the debt securities will be governed by, and construed in accordance with, the internal laws of the State of New York.

Concerning the Trustee

The Indentures and provisions of the Trust Indenture Act, which are incorporated by reference therein, contain limitations on the rights of the trustee, should it become one of our creditors, to obtain payment of claims in certain cases, or to realize on property received in respect of any such claim, as security or otherwise. The Trustee and its affiliates may engage in, and will be permitted to continue to engage in, other transactions with us and our affiliates; provided, however, that if it acquires any conflicting interest (as defined in the Trust Indenture Act), it must eliminate the conflict or resign. The holders of a majority in principal amount of the then outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee. The Trust Indenture Act and the indenture provide that in case an event of default shall occur (and be continuing), the Trustee will be required, in the exercise of its rights and powers, to use the degree of care and skill of a prudent person in the conduct of such person's affairs. Subject to such provision, the Trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any of the holders of the debt securities issued thereunder, unless they have offered to the Trustee indemnity satisfactory to it.

DESCRIPTION OF GUARANTEES

The debt securities of any series of the applicable issuer may have the benefit of guarantees (each, a “Guarantee”), by one or more of its subsidiaries (each, a “Guarantor”). In the case of Southwest Gas Corporation, the debt securities may or may not be guaranteed by Southwest Gas Holdings, Inc., its direct parent. The Guarantees, if any, will be the unsubordinated and, unless otherwise expressly stated in the applicable prospectus supplement, unsecured obligations of the respective Guarantors. The Guarantors of any series of guaranteed debt securities of each issuer may differ from the Guarantors of any other series of guaranteed debt securities of each issuer. In the event Southwest Gas Holdings, Inc. or Southwest Gas Corporation, as applicable, issues a series of guaranteed debt securities, the specific Guarantors of the debt securities of that series will be identified in the applicable prospectus supplement.

If Southwest Gas Holdings, Inc. or Southwest Gas Corporation, as applicable, issues a series of guaranteed debt securities, a description of some of the terms of Guarantees of those debt securities will be set forth in the applicable prospectus supplement. Unless otherwise provided in the prospectus supplement relating to a series of guaranteed debt securities, each Guarantor of the debt securities of such series will unconditionally guarantee the due and punctual payment of the principal of, and premium, if any, and interest, if any, on and any other amounts payable with respect to, each debt security of such series and the due and punctual performance of all of the applicable issuer’s other obligations under the applicable Indenture with respect to the debt securities of such series, all in accordance with the terms of such debt securities and the applicable Indenture.

Notwithstanding the foregoing, unless otherwise provided in the prospectus supplement relating to a series of guaranteed debt securities, the applicable Indenture will contain provisions to the effect that the obligations of each Guarantor under its Guarantees and such Indenture shall be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Guarantor, result in the obligations of such Guarantor under such Guarantees and such Indenture not constituting a fraudulent conveyance or fraudulent transfer under applicable law. However, there can be no assurance that, notwithstanding such limitation, a court would not determine that a Guarantee constituted a fraudulent conveyance or fraudulent transfer under applicable law. If that were to occur, the court could void the applicable Guarantor’s obligations under that Guarantee, subordinate that Guarantee to other debt and other liabilities of that Guarantor or take other action detrimental to holders of the debt securities of the applicable series, including directing the holders to return any payments received from the applicable Guarantor.

The applicable prospectus supplement relating to any series of guaranteed debt securities will specify other terms of the applicable Guarantees, which may include provisions that allow a Guarantor to be released from its obligations under its Guarantee under specified circumstances or that provide for one or more Guarantees to be secured by specified collateral.

Unless otherwise expressly stated in the applicable prospectus supplement, each Guarantee will be the unsubordinated and unsecured obligation of the applicable Guarantor and will rank on a parity in right of payment with all other unsecured and unsubordinated indebtedness and guarantees of such Guarantor. Each Guarantee (other than a secured Guarantee) will be effectively subordinated to all existing and future secured indebtedness and secured guarantees of the applicable Guarantor to the extent of the value of the collateral securing that indebtedness and those guarantees. Consequently, in the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding with respect to any Guarantor that has provided an unsecured Guarantee of any debt securities, the holders of that Guarantor’s secured indebtedness and secured guarantees will be entitled to proceed directly against the collateral that secures that secured indebtedness or those secured guarantees, as the case may be, and such collateral will not be available for satisfaction of any amount owed by such Guarantor under its unsecured indebtedness and unsecured guarantees, including its unsecured Guarantees of any debt securities, until that secured debt and those secured guarantees are satisfied in full. Unless otherwise provided in the applicable prospectus supplement, the Indentures will not limit the ability of any Guarantor to incur secured indebtedness or issue secured guarantees.

Unless otherwise expressly stated in the applicable prospectus supplement, each secured Guarantee will be an unsubordinated obligation of the applicable Guarantor and will rank on a parity in right of payment with all other unsecured and unsubordinated indebtedness and guarantees of such Guarantor, except that such secured Guarantee will effectively rank senior to such Guarantor's unsecured and unsubordinated indebtedness and guarantees in respect of claims against the collateral securing that secured Guarantee.

DESCRIPTION OF DEPOSITARY SHARES

The following description of depositary shares is only a summary and is qualified by any prospectus supplement and deposit agreement and depositary receipt used in connection with the issuance of each series of preferred stock issued through the use of depositary shares. Therefore, you should read carefully the more detailed description that would be contained in any prospectus supplement and form of deposit agreement and depositary receipt, copies of which are incorporated by reference as exhibits to the registration statement of which this prospectus is a part.

We may offer fractional shares of preferred stock by issuing receipts for depositary shares. The shares of any series of preferred stock represented by depositary shares will be deposited with a bank or trust company and the holders will be issued a depositary receipt entitling them, in proportion to the fraction of a share the receipt represents, to all the rights and preferences of the preferred stock, as more fully described above under the heading “Description of Capital Stock—Preferred Stock.”

The bank or trust company that will be the depositary will function as the intermediary between Southwest Gas Holdings and the holders of the depositary receipts. Dividends and other distributions will be provided to the depositary for ultimate distribution to the holders. Redemption of the depositary shares and voting the underlying preferred stock will also be coordinated through the depositary. Holders will have the right to surrender their depositary receipts to the depositary and be entitled to receive whole shares of preferred stock that are represented by such receipts. Though the preferred stock will continue to have all of the rights and preferences, there may be no market opportunity to trade such stock and once withdrawn from the depositary, it may not be redeposited.

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangement. Southwest Gas Holdings will also pay charges of the depositary in connection with the initial deposit of the preferred stock and the initial issuance of the depositary receipts, any redemption of the preferred stock and any withdrawal of preferred stock by the holder of the depositary shares. Holders will pay other transfer and other taxes and governmental charges and such other charges specifically provided in the deposit agreement for their individual accounts.

DESCRIPTION OF WARRANTS

General

We may issue warrants to purchase debt securities, common stock, preferred stock, depositary shares or any combination of these securities. We may issue the warrants independently or together with any underlying securities, and the warrants may be attached or separate from the underlying securities. We may also issue a series of warrants under a separate warrant agreement to be entered into between us and a warrant agent. The warrant agent will act solely as our agent in connection with the warrants of such series and will not assume any obligation or relationship of agency for or with holders or beneficial owners of warrants.

The following description is a summary of selected provisions relating to the warrants that we may issue. The summary is not complete. When warrants are offered in the future, a prospectus supplement, or other offering material as applicable, will explain the particular terms of those securities and the extent to which these general provisions may apply. The specific terms of the warrants as described in a prospectus supplement will supplement and, if applicable, may modify or replace the general terms described in this section.

This summary and any description of warrants in the applicable prospectus supplement or other offering material is subject to and is qualified in its entirety by reference to all the provisions of any specific warrant document or agreement, which we will file with the SEC for incorporation by reference into this prospectus. See “Where You Can Find More Information” and “Incorporation by Reference” for information on how to obtain a copy of a warrant document when it is filed.

When we refer to a series of warrants, we mean all warrants issued as part of the same series under the applicable warrant agreement.

Terms

The prospectus supplement relating to any warrants that we may offer will contain the specific terms of the warrants. These terms may include the following:

- the title of the warrants;
- the total number of warrants
- the price or prices at which the warrants will be issued;
- the currency or currencies that investors may use to pay for the warrants;
- the date on which the right to exercise the warrants will commence and the date on which the right will expire;
- whether the warrants will be issued in registered form or bearer form;
- information with respect to book-entry procedures, if any;
- if applicable, the minimum or maximum amount of warrants that may be exercised at any one time
- if applicable, the designation and terms of the underlying securities with which the warrants are issued and the number of warrants issued with each underlying security;
- if applicable, the date on and after which the warrants and the related underlying securities will be separately transferable;
- if applicable, a discussion of material United States federal income tax considerations;
- if applicable, the terms of redemption of the warrants;
- the identity of the warrant agent, if any;
- the procedures and conditions relating to the exercise of the warrants; and
- any other terms of the warrants, including terms, procedures, and limitations relating to the exchange and exercise of the warrants.

Warrant Agreements

We may issue the warrants in one or more series under one or more warrant agreements, each to be entered into between us and a bank, trust company, or other financial institution as warrant agent. We may add, replace, or terminate warrant agents from time to time. We may also choose to act as our own warrant agent or may choose one of our subsidiaries to do so.

The warrant agent under a warrant agreement will act solely as our agent in connection with the warrants issued under that agreement. The warrant agent will not assume any obligation or relationship of agency or trust for or with any holders of those warrants. Any holder of warrants may, without the consent of any other person, enforce by appropriate legal action, on its own behalf, its right to exercise those warrants in accordance with their terms. Until the warrant is properly exercised, no holder of any warrant will be entitled to any rights of a holder of the warrant purchasable upon exercise of the warrant.

Form, Exchange, and Transfer

We may issue the warrants in registered form or bearer form. Warrants issued in registered form, i.e., book-entry form, will be represented by a global security registered in the name of a depository, which will be the holder of all the warrants represented by the global security. Those investors who own beneficial interests in a global warrant will do so through participants in the depository's system, and the rights of these indirect owners will be governed solely by the applicable procedures of the depository and its participants. In addition, we may issue warrants in non-global form, i.e., bearer form. If any warrants are issued in non-global form, warrant certificates may be exchanged for new warrant certificates of different denominations, and holders may exchange, transfer, or exercise their warrants at the warrant agent's office or any other office indicated in the applicable prospectus supplement or other offering material.

Prior to the exercise of their warrants, holders of warrants exercisable for debt securities will not have any of the rights of holders of the debt securities purchasable upon such exercise and will not be entitled to payments of principal (or premium, if any) or interest, if any, on the debt securities purchasable upon such exercise. Prior to the exercise of their warrants, holders of warrants exercisable for shares of preferred stock or common stock will not have any rights of holders of the preferred stock or common stock purchasable upon such exercise and will not be entitled to dividend payments, if any, or voting rights of the preferred stock or common stock purchasable upon such exercise.

Exercise of Warrants

A warrant will entitle the holder to purchase for cash an amount of securities at an exercise price that will be stated in, or that will be determinable as described in, the applicable prospectus supplement or other offering material. Warrants may be exercised at any time up to the close of business on the expiration date set forth in the applicable prospectus supplement or other offering material. After the close of business on the expiration date, unexercised warrants will become void. Warrants may be redeemed as set forth in the applicable prospectus supplement or other offering material.

Warrants may be exercised as set forth in the applicable prospectus supplement or other offering material. Upon receipt of payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement or other offering material, we will forward, as soon as practicable, the securities purchasable upon such exercise. If less than all of the warrants represented by such warrant certificate are exercised, a new warrant certificate will be issued for the remaining warrants.

DESCRIPTION OF UNITS

General

We may issue units composed of any combination of our debt securities, common stock, preferred stock, and warrants. We will issue each unit so that the holder of the unit is also the holder of each security included in the unit. As a result, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time or at any time before a specified date.

The following description is a summary of selected provisions relating to units that we may offer. The summary is not complete. When units are offered in the future, a prospectus supplement, or other offering material as applicable, will explain the particular terms of those securities and the extent to which these general provisions may apply. The specific terms of the units as described in a prospectus supplement will supplement and, if applicable, may modify or replace the general terms described in this section.

This summary and any description of units in the applicable prospectus supplement or other offering material is subject to and is qualified in its entirety by reference to the unit agreement and, if applicable, collateral arrangements and depositary arrangements relating to such units. We will file these documents with the SEC for incorporation by reference into this prospectus. See “Where You Can Find More Information” and “Incorporation by Reference” for information on how to obtain a copy of a document when it is filed.

The applicable prospectus supplement or other offering material may describe:

- the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;
- any provisions for the issuance, payment, settlement, transfer, or exchange of the units or of the securities composing the units;
- whether the units will be issued in fully registered or global form; and
- any other terms of the units.

The applicable provisions described in this section, as well as those described under “Description of Debt Securities,” “Description of Guarantees,” “Description of Capital Stock” and “Description of Warrants,” will apply to each unit and to each security included in each unit, respectively.

DESCRIPTION OF RIGHTS

We may from time to time, issue rights to purchase our debt securities, common stock, preferred stock or other securities. The rights may or may not be transferable by the persons purchasing or receiving the rights. In connection with any rights offering, we may enter into a standby underwriting or other arrangement with one or more underwriters or other persons pursuant to which such underwriters or other persons would purchase any offered securities remaining unsubscribed for after such rights offering.

Each series of rights will be issued under a separate rights agreement to be entered into, from time to time, between us and a bank or trust company, as rights agent, all as set forth in a prospectus supplement relating to the particular issue of rights. The rights agent will act solely as an agent of ours in connection with the certificates relating to the rights and will not assume any obligation or relationship of agency or trust for or with any holders of rights certificates or beneficial owners of rights.

The following description is a summary of selected provisions relating to rights that we may offer. The summary is not complete. When rights are offered in the future, a prospectus supplement, or other offering material as applicable, will explain the particular terms of those securities and the extent to which these general provisions may apply. The specific terms of the rights as described in a prospectus supplement will supplement and, if applicable, may modify or replace the general terms described in this section.

This summary and any description of units in the applicable prospectus supplement or other offering material is subject to and is qualified in its entirety by reference to the rights agreement and, if applicable, underwriting or other arrangements relating to such rights. We will file these documents with the SEC for incorporation by reference into this prospectus. See “Where You Can Find More Information” and “Incorporation by Reference” for information on how to obtain a copy of a document when it is filed.

The applicable prospectus supplement will describe the terms of the rights to be issued, including the following where applicable:

- the date for determining the security holders entitled to the rights distribution;
- the aggregate number of rights and the aggregate amount of debt securities, common shares, preferred shares or other securities purchasable upon exercise of the rights;

- the exercise price and any adjustments to such exercise price;
- the aggregate number of rights being issued;
- the date, if any, on and after which the rights may be transferable separately;
- the date on which the right to exercise the rights shall commence and the date on which the right shall expire;
- any material U.S. federal income tax consequences; and
- any other terms of the rights, including terms, procedures and limitations relating to the distribution, exchange and exercise of the rights.

If less than all of the rights issued in any rights offering are exercised, we may offer any unsubscribed securities directly to persons other than our security holders, to or through agents, underwriters or dealer or through a combination of such methods, including pursuant to standby arrangements, as described in the applicable prospectus supplement.

PLAN OF DISTRIBUTION

We may sell the securities described in this prospectus from time to time in one or more transactions:

- to purchasers directly;
- to underwriters for public offering and sale by them;
- through agents;
- through dealers; or
- through a combination of any of the foregoing methods of sale.

We may sell the securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act, with respect to any resale of the securities. A prospectus supplement will describe the terms of any sale of securities we are offering hereunder. Direct sales may be arranged by a securities broker-dealer or other financial intermediary.

The applicable prospectus supplement will name any underwriter involved in a sale of securities. Underwriters may offer and sell securities at a fixed price or prices, which may be changed, or from time to time at market prices or at negotiated prices. Underwriters may be deemed to have received compensation from us from sales of securities in the form of underwriting discounts or commissions and may also receive commissions from purchasers of securities for whom they may act as agent. Underwriters may be involved in any “at the market” offering of securities by or on our behalf.

Underwriters may sell securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions (which may be changed from time to time) from the purchasers for whom they may act as agent.

Unless we state otherwise in the applicable prospectus supplement, the obligations of any underwriters to purchase securities will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all the securities if any are purchased.

The applicable prospectus supplement will set forth whether or not underwriters may over-allot or effect transactions that stabilize, maintain or otherwise affect the market price of the securities at levels above those that might otherwise prevail in the open market, including, for example, by entering stabilizing bids, effecting syndicate covering transactions or imposing penalty bids.

We will name any agent involved in a sale of securities, as well as any commissions payable to such agent, in a prospectus supplement. Unless we state otherwise in the applicable prospectus supplement, any such agent will be acting on a reasonable efforts basis for the period of its appointment.

If a dealer is utilized in the sale of the securities being offered pursuant to this prospectus, we and/or one or more selling stockholders will sell the securities to the dealer, as principal. The dealer may then resell the securities to the public at varying prices to be determined by the dealer at the time of resale.

Underwriters, dealers and agents participating in a sale of the securities may be deemed to be underwriters as defined in the Securities Act, and any discounts and commissions received by them and any profit realized by them on resale of the securities may be deemed to be underwriting discounts and commissions, under the Securities Act. We may have agreements with underwriters, dealers and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act, and to reimburse them for certain expenses.
