Item 2.01 Completion of Acquisition or Disposition of Assets.

On April 3, 2013, United States Cellular Corporation (“U.S. Cellular”), entered into a Term Sheet relating to the Partnerships (as defined below) with Cellco Partnership d/b/a Verizon Wireless (“Verizon Wireless”). Pursuant to its terms, the Term Sheet became effective on April 3, 2013.

U.S. Cellular holds a 60.00% interest in St. Lawrence Seaway RSA Cellular Partnership (“NY1”) and a 57.14% interest in New York RSA 2 Cellular Partnership (“NY2”) and, together with NY1, the “Partnerships”). The remaining interests are held by Verizon Wireless. The Term Sheet provides that the agreements governing the Partnerships (the “Partnership Agreements”), will be amended to reflect the changes effected by the Term Sheet.

The Partnerships are operated by Verizon Wireless under the Verizon Wireless brand. Because U.S. Cellular owns a greater than 50% interest in each of these markets, and based on U.S. Cellular’s rights under the Partnership Agreements, prior to April 3, 2013, U.S. Cellular consolidated the financial results of these markets in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

The Term Sheet amends the Partnership Agreements in several ways, which provide Verizon Wireless with substantive participating rights that allow Verizon Wireless to make decisions that are in the ordinary course of business of the Partnerships and which are significant to directing and executing the activities of the business. Accordingly, as required by GAAP, effective April 3, 2013, U.S. Cellular has deconsolidated the Partnerships and thereafter will report them as equity method investments in its consolidated financial statements (the “Deconsolidation”). Under the instructions to Form 8-K, the Deconsolidation is treated as a disposition of the Partnership interests. This is only a deconsolidation for accounting purposes and does not represent a disposition or change in control for regulatory or other purposes.

The consideration for U.S. Cellular’s agreements under the Term Sheet includes the agreements of Verizon Wireless under the Term Sheet as determined through arm’s length negotiations, including a 700 MHz radio spectrum lease to the Partnerships for the geographical areas in which the Partnerships operate. In addition, the Partnerships’ will have greater rights with respect roaming access by their customers on the Verizon 4G LTE network nationwide. The Term Sheet did not require the delivery of any funds in connection with the Deconsolidation on April 3, 2013.

Because the Deconsolidation meets one of the significance tests specified in Item 2.01 of Form 8-K, U.S. Cellular is filing, as Exhibit 99.1 to this Form 8-K, unaudited pro forma financial information for U.S. Cellular as of December 31, 2012 and for the year ended December 31, 2012 that give effect to the Deconsolidation.

In addition to the foregoing described arrangements, U.S. Cellular has certain arms’ length, ordinary business relationships with Verizon Wireless and its affiliates, including the following: (i) U.S. Cellular and Verizon Wireless are parties to roaming agreements; and (ii) U.S. Cellular has a 5.5% ownership interest in the Los Angeles SMSA Limited Partnership, and partnership interests in other wireless partnerships, which are controlled by and managed by Verizon Wireless.

Item 9.01. Financial Statements and Exhibits

(b) Pro Forma Financial Information

The unaudited pro forma financial information of U.S. Cellular as of December 31, 2012 and for the year ended December 31, 2012 that give effect to the Deconsolidation, as discussed above in item 2.01, are attached as Exhibit 99.1.

(d) Exhibits:

In accordance with the provisions of Item 601 of Regulation S-K, any Exhibits filed or furnished herewith are set forth on the Exhibit Index attached hereto.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereto duly authorized.

EXHIBIT INDEX

The following exhibits are filed or furnished herewith as noted below.

Exhibit No.	Description
99.1	Unaudited pro forma financial information of U.S. Cellular as of December 31, 2012 and for the year ended December 31, 2012 that give effect to the Deconsolidation.
99.2	Private Securities Litigation Reform Act of 1995 Safe Harbor Cautionary Statement

UNAUDITED PRO FORMA FINANCIAL INFORMATION

On April 3, 2013, United States Cellular Corporation (“U.S. Cellular”) entered into a Term Sheet relating to the Partnerships (as defined below) with Cellco Partnership d/b/a Verizon Wireless (“Verizon Wireless”). Pursuant to its terms, the Term Sheet became effective on April 3, 2013.

U.S. Cellular holds a 60.00% interest in St. Lawrence Seaway RSA Cellular Partnership (“NY1”) and a 57.14% interest in New York RSA 2 Cellular Partnership (“NY2”) and, together with NY1, the “Partnerships”). The remaining interests are held by Verizon Wireless. The Term Sheet provides that the agreements governing the Partnerships (the “Partnership Agreements”), will be amended to reflect the changes effected by the Term Sheet.

The Partnerships are operated by Verizon Wireless under the Verizon Wireless brand. Because U.S. Cellular owns a greater than 50% interest in each of these markets, and based on U.S. Cellular’s rights under the Partnership Agreements, prior to April 3, 2013, U.S. Cellular consolidated the financial results of these markets in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

The Term Sheet amends the Partnership Agreements in several ways, which provide Verizon Wireless with substantive participating rights that allow Verizon Wireless to make decisions that are in the ordinary course of business of the Partnerships and which are significant to directing and executing the activities of the business. Accordingly, as required by GAAP, effective April 3, 2013, U.S. Cellular has deconsolidated the Partnerships and thereafter will report them as equity method investments in its consolidated financial statements (the “Deconsolidation”).

The unaudited pro forma financial information is based on financial statements prepared in accordance with GAAP. In addition, the unaudited pro forma financial information is based upon available information and assumptions that U.S. Cellular considers to be reasonable, and have been made solely for purposes of developing such unaudited pro forma financial information for illustrative purposes in compliance with the disclosure requirements of the Securities and Exchange Commission (“SEC”).

The unaudited pro forma financial information is based on various assumptions. The actual results reported by U.S. Cellular in periods following the Deconsolidation may differ significantly from that reflected in this unaudited pro forma financial information. As a result, the unaudited pro forma financial information does not purport to project the future financial condition and results of operations of the consolidated company. The pro forma assumptions and adjustments are described in the accompanying schedules. Pro forma adjustments are shown in the “NY1 & NY2” column and are those that are directly attributable to the transaction, are factually supportable and, with respect to the unaudited pro forma Statement of Operations, are expected to have a continuing impact on the consolidated results.

The unaudited pro forma financial information should be read together with U.S. Cellular’s audited consolidated financial statements and accompanying notes, as of and for the fiscal year ended December 31, 2012, and Management’s Discussion and Analysis of Financial Condition and Results of Operations included in U.S. Cellular’s Annual Report on Form 10-K for the fiscal year ended December 31, 2012, which was filed with the SEC on February 26, 2013.

The unaudited Pro Forma Statement of Operations for the year ended December 31, 2012 gives effect to the Deconsolidation as if it had occurred effective January 1, 2012, the beginning of U.S Cellular's 2012 fiscal year.

- (1) NY1 & NY2 Equity in earnings of unconsolidated entities represents U.S. Cellular's share of NY1 & NY2 net income for the year ended December 31, 2012 based on U.S. Cellular's ownership interests in the Partnerships.
- (2) The number of basic and diluted shares outstanding did not change as a result of the Deconsolidation.
- (3) In accordance with GAAP, U.S. Cellular will recognize a non-cash gain in the second quarter of 2013 as a result of the Deconsolidation. This has not been included as a pro forma adjustment to the unaudited Pro Forma Balance Sheet as of December 31, 2012 as the gain is not estimable at this time. Note that the gain would not impact the unaudited Pro Forma Statement of Operations due to its non-recurring nature.
- (4) As a result of the Deconsolidation, U.S. Cellular's interest in the Partnerships is reflected in Investments in unconsolidated entities.

PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995
SAFE HARBOR CAUTIONARY STATEMENT

This Form 8-K contains statements that are not based on historical fact and represent forward-looking statements, as this term is defined in the Private Securities Litigation Reform Act of 1995. All statements, other than statements of historical facts, that address activities, events or developments that U.S. Cellular intends, expects, projects, believes, estimates, plans or anticipates will or may occur in the future are forward-looking statements. The words “believes,” “anticipates,” “estimates,” “expects,” “plans,” “intends,” “projects” and similar expressions are intended to identify these forward-looking statements, but are not the exclusive means of identifying them. Such forward looking statements involve known and unknown risks, uncertainties and other factors that may cause actual results, events or developments to be significantly different from any future results, events or developments expressed or implied by such forward looking statements. Such risks, uncertainties and other factors include those set forth below, as more fully discussed under “Risk Factors” in the most recent filing of U.S. Cellular’s Form 10-K, as updated by any U.S. Cellular Form 10-Q filed subsequent to such Form 10-K. However, such factors are not necessarily all of the important factors that could cause actual results, performance or achievements to differ materially from those expressed in, or implied by, the forward-looking statements contained in this document. Other unknown or unpredictable factors also could have material adverse effects on future results, performance or achievements. U.S. Cellular undertakes no obligation to update publicly any forward-looking statements whether as a result of new information, future events or otherwise. You should carefully consider the Risk Factors in the most recent filing of U.S. Cellular’s Form 10-K, as updated by any U.S. Cellular Form 10-Q filed subsequent to such Form 10-K, the following factors and other information contained in, or incorporated by reference into, this Form 8-K to understand the material risks relating to U.S. Cellular’s business.

- *Intense competition in the markets in which U.S. Cellular operates could adversely affect U.S. Cellular’s revenues or increase its costs to compete.*
- *A failure by U.S. Cellular to successfully execute its business strategy (including planned acquisitions, divestitures and exchanges) or allocate resources or capital could have an adverse effect on U.S. Cellular’s business, financial condition or results of operations.*
- *A failure by U.S. Cellular’s service offerings to meet customer expectations could limit U.S. Cellular’s ability to attract and retain customers and could have an adverse effect on U.S. Cellular’s business, financial condition or results of operations.*
- *U.S. Cellular’s system infrastructure may not be capable of supporting changes in technologies and services expected by customers, which could result in lost customers and revenues.*
- *An inability to obtain or maintain roaming arrangements with other carriers on terms that are acceptable to U.S. Cellular could have an adverse effect on U.S. Cellular’s business, financial condition or results of operations.*
- *U.S. Cellular currently receives a significant amount of roaming revenues. Further consolidation within the wireless industry, continued network build-outs by other wireless carriers and/or the inability to negotiate 4G LTE roaming agreements with other operators could cause roaming revenues to decline from current levels, which would have an adverse effect on U.S. Cellular’s business, financial condition and results of operations.*
- *A failure by U.S. Cellular to obtain access to adequate radio spectrum to meet current or anticipated future needs and/or to accurately predict future needs for radio spectrum could have an adverse effect on U.S. Cellular’s business, financial condition or results of operations.*
- *To the extent conducted by the Federal Communications Commission (“FCC”), U.S. Cellular is likely to participate in FCC auctions of additional spectrum in the future as an applicant or as a noncontrolling partner in another auction applicant and, during certain periods, will be subject to the FCC’s anti-collusion rules, which could have an adverse effect on U.S. Cellular.*
- *Changes in the regulatory environment or a failure by U.S. Cellular to timely or fully comply with any applicable regulatory requirements could adversely affect U.S. Cellular’s business, financial condition or results of operations.*
- *Changes in Universal Service Fund (“USF”) funding and/or intercarrier compensation could have an adverse impact on U.S. Cellular’s business, financial condition or results of operations.*

- *An inability to attract and/or retain highly competent management, technical, sales and other personnel could have an adverse effect on U.S. Cellular's business, financial condition or results of operations.*
- *U.S. Cellular's assets are concentrated in the U.S. wireless telecommunications industry. As a result, its results of operations may fluctuate based on factors related primarily to conditions in this industry.*
- *U.S. Cellular's lower scale relative to larger competitors could adversely affect its business, financial condition or results of operations.*
- *Changes in various business factors could have an adverse effect on U.S. Cellular's business, financial condition or results of operations.*
- *Advances or changes in technology could render certain technologies used by U.S. Cellular obsolete, could put U.S. Cellular at a competitive disadvantage, could reduce U.S. Cellular's revenues or could increase its costs of doing business.*
- *Complexities associated with deploying new technologies present substantial risk.*
- *U.S. Cellular is subject to numerous surcharges and fees from federal, state and local governments, and the applicability and the amount of these fees are subject to great uncertainty.*
- *Changes in U.S. Cellular's enterprise value, changes in the market supply or demand for wireless licenses, adverse developments in the business or the industry in which U.S. Cellular is involved and/or other factors could require U.S. Cellular to recognize impairments in the carrying value of its license costs, goodwill and/or physical assets.*
- *Costs, integration problems or other factors associated with acquisitions/divestitures of properties or licenses and/or expansion of U.S. Cellular's business could have an adverse effect on U.S. Cellular's business, financial condition or results of operations.*
- *A significant portion of U.S. Cellular's revenues is derived from customers who buy services through independent agents who market U.S. Cellular's services on a commission basis. If U.S. Cellular's relationships with these agents are seriously harmed, its business, financial condition or results of operations could be adversely affected.*
- *U.S. Cellular's investments in technologies which are unproven may not produce the benefits that U.S. Cellular expects.*
- *A failure by U.S. Cellular to complete significant network construction and systems implementation activities as part of its plans to improve the quality, coverage, capabilities and capacity of its network, support and other systems and infrastructure could have an adverse effect on its operations.*
- *Financial difficulties (including bankruptcy proceedings) or other operational difficulties of any of U.S. Cellular's key suppliers, termination or impairment of U.S. Cellular's relationships with such suppliers, or a failure by U.S. Cellular to manage its supply chain effectively could result in delays or termination of U.S. Cellular's receipt of required equipment or services, or could result in excess quantities of required equipment or services, any of which could adversely affect U.S. Cellular's business, financial condition or results of operations.*
- *U.S. Cellular has significant investments in entities that it does not control. Losses in the value of such investments could have an adverse effect on U.S. Cellular's financial condition or results of operations.*
- *A failure by U.S. Cellular to maintain flexible and capable telecommunication networks or information technology, or a material disruption thereof, including breaches of network or information technology security, could have an adverse effect on U.S. Cellular's business, financial condition or results of operations.*
- *Wars, conflicts, hostilities and/or terrorist attacks or equipment failures, power outages, natural disasters or other events could have an adverse effect on U.S. Cellular's business, financial condition or results of operations.*
- *The market price of U.S. Cellular's Common Shares is subject to fluctuations due to a variety of factors.*

- *Identification of errors in financial information or disclosures could require amendments to or restatements of financial information or disclosures included in this or prior filings with the Securities and Exchange Commission (“SEC”). Such amendments or restatements and related matters, including resulting delays in filing periodic reports with the SEC, could have an adverse effect on U.S. Cellular’s business, financial condition or results of operation s.*
- *The existence of material weaknesses in the effectiveness of internal control over financial reporting could result in inaccurate financial statements or other disclosures or failure to prevent fraud, which could have an adverse effect on U.S. Cellular’s business, financial condition or results of operations.*
- *Changes in facts or circumstances, including new or additional information that affects the calculation of potential liabilities for contingent obligations under guarantees, indemnities, claims, litigation or otherwise, could require U.S. Cellular to record charges in excess of amounts accrued in the financial statements, if any, which could have an adverse effect on U.S. Cellular’s business, financial condition or results of operations.*
- *Disruption in credit or other financial markets, a deterioration of U.S. or global economic conditions or other events could, among other things, impede U.S. Cellular’s access to or increase the cost of financing its operating and investment activities and/or result in reduced revenues and lower operating income and cash flows, which would have an adverse effect on U.S. Cellular’s business, financial condition or results of operations.*
- *Uncertainty of U.S. Cellular’s ability to access capital, deterioration in the capital markets, other changes in market conditions, changes in U.S. Cellular’s credit ratings or other factors could limit or restrict the availability of financing on terms and prices acceptable to U.S. Cellular, which could require U.S. Cellular to reduce its construction, development or acquisition programs.*
- *Settlements, judgments, restraints on its current or future manner of doing business and/or legal costs resulting from pending and future litigation could have an adverse effect on U.S. Cellular’s business, financial condition or results of operations.*
- *The possible development of adverse precedent in litigation or conclusions in professional studies to the effect that radio frequency emissions from wireless devices and/or cell sites cause harmful health consequences, including cancer or tumors, or may interfere with various electronic medical devices such as pacemakers, could have an adverse effect on U.S. Cellular’s business, financial condition or results of operations.*
- *Claims of infringement of intellectual property and proprietary rights of others, primarily involving patent infringement claims, could prevent U.S. Cellular from using necessary technology to provide products or services or subject U.S. Cellular to expensive intellectual property litigation or monetary penalties, which could have an adverse effect on U.S. Cellular’s business, financial condition or results of operations.*
- *There are potential conflicts of interests between TDS and U.S. Cellular.*
- *Certain matters, such as control by TDS and provisions in the U.S. Cellular Restated Certificate of Incorporation, may serve to discourage or make more difficult a change in control of U.S. Cellular.*
- *Any of the foregoing events or other events could cause revenues, earnings, capital expenditures and/or any other financial or statistical information to vary from U.S. Cellular’s forward-looking estimates by a material amount.*

U.S. Cellular undertakes no obligation to update publicly any forward-looking statements whether as a result of new information, future events or otherwise. Readers should evaluate any statements in light of these important factors.
