HSA Bank Offers Tango Health's Enhanced HSA Option *'Best of Breed' Providers Team to Add Value to Health Savings Accounts*

Sheboygan, Wis., November 4, 2013 -- [HSA Bank](http://www.hsabank.com), a premier provider of Health Savings Accounts (HSAs), and Tango Health, a premier provider of HSA management software and services have teamed up to help employers and employees make the most of their health savings accounts with Tango's innovative software and services.

To help eliminate barriers to HDHP + HSA adoption, simplify eligible employee census management and streamline the payroll deduction process, employer groups signing up for an HSA Bank's HSA program may elect to add the Tango Health solution. For employees, Tango's software makes it easier to realize the full extent of HSA tax benefits through the use of simple and convenient online and mobile tools, including patented features. Employees can now combine the many benefits and features of their HSA Bank savings account with Tango's solutions in an integrated, seamless manner. Employees access these features through www.hsabank.com.

"These enhancements are being made as the result of customer feedback and marketplace demand, and are designed to increase employee adoption of HSA Plans and overall satisfaction with their HSA accounts," said Kirk Hoewisch, SVP, Sales, HSA Bank. **"This helps employers because they can save, on average, \$365 in payroll taxes per employee, per year, for each employee who participates in a health savings account tied to a high deductible health plan.** The better the service we provide employees, the more likely they are to open a health savings account."

"The combination of HSA Bank and Tango has delivered the perfect HSA solution for our engineers and architects," said Don Kennedy of Robertson Loia Roof, a customer of HSA Bank. "We've got a demanding and diverse employee base. The combination of user-friendly tools and mobile access from Tango and the stability and investment options from HSA Bank, we're seeing a significant increase in the adoption of HSA accounts and improved employee satisfaction. We're almost at 50 percent adoption of the HDHP + HSA plan."

“We’re excited about the opportunity to work with HSA Bank and be a provider of premium HSA solutions to their customers,” said Duncan Van Dusen, Co-founder and CEO of Tango. “By combining Tango’s superior HSA experience for HR administrators and end-users with HSA Bank’s savings account and investment capabilities, we’re delivering an HSA solution employees want and human resources departments love.”
