

CAPITAL ONE FINANCIAL CORPORATION

CHARTER OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Purpose

The Audit Committee (the “Committee”) is appointed by the Board of Directors (the “Board”) of Capital One Financial Corporation (the “Corporation”) to assist the Board in the oversight of (i) the integrity of the financial statements and internal controls over financial reporting of the Corporation, (ii) the qualifications, independence and performance of the Corporation’s independent auditor, (iii) the performance of the Corporation’s internal audit function, and (iv) the compliance by the Corporation with legal and regulatory requirements. The Committee shall also perform such other duties as may be specified from time to time as deemed necessary or appropriate to carry out its responsibilities.

The Committee shall serve as the audit committee of each of the Corporation’s federally-insured depository institutions and perform the fiduciary audit functions required for national bank subsidiaries of the Corporation that have fiduciary powers. References in this Charter to the Corporation shall be deemed to include its subsidiaries and affiliates unless the context requires otherwise.

The Committee’s primary responsibility is one of oversight and it recognizes that the Corporation’s management is responsible for preparing the Corporation’s financial statements and that the independent auditor is responsible for auditing those financial statements. The Committee also recognizes that management and the independent auditor have more time, knowledge, and detailed information about the Corporation than the Committee members have. In carrying out its oversight duties, it is not the Committee’s responsibility to plan or conduct audits or to determine that the Corporation’s financial statements are complete or accurate or in accordance with generally accepted accounting principles. In addition, the Corporation’s management is responsible for managing its risk function and for reporting on its processes and assessments with respect to the Corporation’s management of risk. Accordingly, the Committee is not providing any expert or special assurance as to the Corporation’s financial statements, any professional certification as to the independent auditor’s work or any expert or special assurances as to the Corporation’s management of risk.

Membership

The Committee shall consist of at least three directors, all of whom, in the judgment of the Board, shall meet the criteria for independence for directors and audit committee members as established by the Board in accordance with the New York Stock Exchange listing standards and any other applicable laws, rules or regulations regarding independence as they are in effect from time to time. Each member shall, in the judgment of the Board, be financially literate and have the ability to read and understand the Corporation’s financial statements. In addition, at least one member of the Committee shall, in the judgment of the Board, be an “audit committee financial expert” as defined by the rules and regulations of the Securities and Exchange Commission (the “SEC”), and at least two members (one of whom may also serve as the audit committee financial expert) shall, in the judgment of the Board, have banking, accounting or related financial management expertise in accordance with both the New York Stock Exchange listing standards and applicable regulatory requirements. No member of the Committee shall be a large customer of the Corporation’s federally-insured depository institutions.

The members shall be appointed and removed by the Board acting on the recommendation of the Governance and Nominating Committee of the Board. The Board shall have the authority to fill any

vacancies and to remove any Committee member for any reason. Either the Board or the Committee shall appoint the chair of the Committee (the “Chair”).

No member of the Committee may serve simultaneously on the audit committees of more than three public companies, including that of the Corporation, unless the Board determines that such simultaneous service would not impair the ability of such member to effectively serve on the Committee and such determination is disclosed in accordance with the listing standards of the New York Stock Exchange.

Meetings

The Committee shall meet at least quarterly during the year and at such other times as the Committee or the Chair deems advisable. The Committee shall periodically meet separately, in executive session, with the independent auditor, the Chief Audit Officer, the Chief Risk Officer, the Chief Compliance Officer, the General Counsel, the Chief Financial Officer and other members of management, as it deems appropriate for carrying out its responsibilities. The Committee may request any officer or employee of the Corporation or the Corporation’s independent auditor to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee. The Committee may also meet periodically in separate executive sessions. Upon the recommendation of the Committee or if requested by the Board, the independent auditor shall be requested to attend any full Board meeting to assist in reporting the results of the annual audit or to answer directors’ questions.

The Committee is governed by the same rules regarding meetings (including meetings by telephone conference or similar communications equipment), action without meetings, notice, waiver of notice, and quorum and voting requirements as are applicable to the Board.
