Financial Measures

This presentation contains historical revenue amounts for certain of our product lines and businesses which provides investors with additional information to supplement the segment reporting information contained in our Form 10-K for the fiscal year ended January 26, 2014. In addition to U.S. GAAP financials, this presentation includes certain non-GAAP financial measures. These non-GAAP financial measures are in addition to, and not a substitute for or superior to, measures of financial performance prepared in accordance with U.S. GAAP. See the Appendix for a reconciliation between each non-GAAP measure and the most comparable GAAP measure. Where we present non-GAAP financial measures, including non-GAAP gross margin and operating expense, we generally exclude stock-based compensation, legal settlement, net warranty charges or release, acquisition-related costs and other expense, where applicable.
