

Director Compensation

For the fiscal year ending December 31, 2014, we paid our non-employee Directors a base fee of \$50,000 with additional role-based compensation.

If the Board creates new committees, we anticipate that the non-employee members of such new committee will receive additional compensation for their role on those committees. We do not pay Board members additional compensation for attending Board meetings, but we do reimburse them for the expenses they incur to attend the meetings.

In 2014, each non-employee Director also received automatic stock award grants under our Directors' Plan. On July 1, 2014, under the Directors' Plan, each of our non-employee Directors serving at that time received an option to purchase 16,000 shares of our common stock, at an exercise price of \$35.53 per share, the fair market value of the common stock on the date of the grant, based on the closing sales price reported on the Nasdaq Global Select Market, and an RSU for 2,667 shares. The options and RSUs vest over a four-year period in equal annual installments.
