

Statement of Commitment to the Electronic Industry Citizenship Coalition (EICC)

ARRIS International plc including its worldwide subsidiaries (**ARRIS**) is committed to treating all stakeholders with dignity and respect, ensuring safe working conditions, and operating in an environmentally responsible manner. We achieve this through our Corporate Responsibility (CR) Program which provides the framework for our decision making and our behavior.

As a Member of the Electronic Industry Citizenship Coalition (EICC), **ARRIS** fully supports the vision and goals of the EICC within its global operations as stated by the EICC:

Vision: A global electronics industry that creates sustainable value for workers, the environment and business.

Mission: Members, suppliers and stakeholders collaborate to improve working and environmental conditions through leading standards and practices.

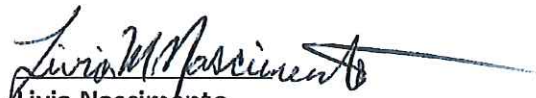

ARRIS commits to align its operations with the EICC code of conduct and to support and encourage its next tier suppliers to do the same.

Wherever possible, **ARRIS** will seek to adopt the EICC approach and tools in practical ways in the spirit of the industry's common goals. **ARRIS** uses the industry developed EICC-ON Self-Assessment Questionnaire (SAQ) created for companies to effectively implement a common approach for assessing and managing supply chain risk, and drive continuous improvement.

Sincerely on behalf of **ARRIS**,
