**PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD JUNE 10, 2005**

Q UESTIONS AND A NSWERS

Why am I receiving these proxy materials?

We sent you this proxy statement and the accompanying proxy card because the Board of Directors of ACADIA Pharmaceuticals Inc. is soliciting your proxy to vote at our 2005 Annual Meeting of Stockholders. You are invited to attend the annual meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the accompanying proxy card.

We intend to mail this proxy statement and the accompanying proxy card on or about May 10, 2005 to all stockholders of record entitled to vote at the annual meeting.

Who can vote at the annual meeting?

Only stockholders of record at the close of business on April 15, 2005, the record date for the annual meeting, will be entitled to vote at the annual meeting. At the close of business on the record date, there were 18,055,047 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If at the close of business on the record date, your shares were registered directly in your name with our transfer agent, Mellon Investor Services, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the accompanying proxy card to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Agent

If at the close of business on the record date, your shares were held, not in your name, but rather in an account at a brokerage firm, bank or other agent, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by your broker, bank or other agent. The broker, bank or other agent holding your account is considered to be the stockholder of record for purposes of voting at the annual meeting.

As a beneficial owner, you have the right to direct your broker, bank or other agent on how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy issued in your name from your broker, bank or other agent.

What am I voting on?

There are two matters scheduled for a vote at the annual meeting:

- the election of three Class I directors to hold office until our 2008 Annual Meeting of Stockholders, and

-
- the ratification of the selection by the Audit Committee of our Board of Directors of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2005.

Any other matter that is properly presented at the meeting will also be voted upon at that time.

How do I vote?

For the election of directors, you may either vote “For” all nominees or you may “Withhold” your vote for any nominee(s) you specify. For the ratification of PricewaterhouseCoopers LLP, you may vote “For” or “Against” or abstain from voting. The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the annual meeting. Alternatively, you may vote by proxy by using the accompanying proxy card. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person if you have already voted by proxy.

- To vote in person, come to the annual meeting and we will give you a ballot when you arrive.
- To vote using the proxy card, simply complete, sign and date the accompanying proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or on the Internet if, and as, instructed by your broker, bank or other agent. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact your broker, bank or other agent to request a proxy form.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you owned as of the close of business on April 15, 2005, the record date for the annual meeting.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted “For” the election of each of the nominees for director and “For” the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm. If any other matter is properly presented at the meeting, one of the individuals named on your proxy card as your proxy will vote your shares using his best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return each proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the applicable vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

- you may submit another properly completed proxy with a later date,
- you may send a written notice that you are revoking your proxy to our corporate Secretary at 3911 Sorrento Valley Boulevard, San Diego, California 92121, or
- you may attend the annual meeting **and** vote in person (however, simply attending the meeting will not, by itself, revoke your proxy).

If your shares are held by your broker, bank or other agent, you should follow the instructions provided by them.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count “For” and “Withhold” and, with respect to any proposals other than the election of directors, “Against” votes, abstentions and broker non-votes. A “broker non-vote” occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions with respect to that proposal from the beneficial owner, despite voting on at least one other proposal for which it does have discretionary authority or for which it has received instructions. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as “Against” votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

If your shares are held by your broker, bank or other agent as your nominee (that is, in “street name”), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker, bank or other agent to vote your shares. If you do not give instructions to your broker, bank or other agent, they can vote your shares with respect to “discretionary” items, but not with respect to “non-discretionary” items. Discretionary items are proposals considered routine under the rules of the New York Stock Exchange on which your broker, bank or other agent may vote shares held in street name in the absence of your voting instructions. On non-discretionary items for which you do not give instructions to your broker, bank or other agent, the shares will be treated as broker non-votes.

How many votes are needed to approve each proposal?

- For the election of directors, the three nominees receiving the most “For” votes (among votes properly cast in person or by proxy) will be elected.
- To be approved, the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm must receive a “For” vote from the majority of shares present and entitled to vote either in person or by proxy.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares as of the close of business on the record date are represented by stockholders

present at the meeting or by proxy. At the close of business on the record date, there were 18,055,047 shares outstanding and entitled to vote. Therefore, in order for a quorum to exist, 9,027,524 shares must be represented by stockholders present at the meeting or by proxy.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other agent) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the meeting may adjourn the meeting to another date.

When are stockholder proposals due for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, a stockholder proposal must be submitted in writing by February 10, 2006, to our corporate Secretary at 3911 Sorrento Valley Boulevard, San Diego, California 92121. If you wish to submit a proposal that is not to be included in next year's proxy materials, your proposal generally must be submitted in writing to the same address no later than March 12, 2006 but no earlier than February 10, 2006. Please review our bylaws, which contain additional requirements regarding advance notice of stockholder proposals.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in our quarterly report on Form 10-Q for the second quarter of 2005.

Our Board of Directors currently consists of nine members and is divided into three classes, each of which has a three-year term. Classes I, II and III each consist of three directors. The Class I directors are to be elected at the annual meeting to serve until our 2008 Annual Meeting of Stockholders and until their successors are duly elected and qualified, or until their death, resignation or removal. The terms of the directors in Classes II and III expire at our 2006 and 2007 Annual Meetings of Stockholders, respectively.

The three nominees for Class I directors are Mary Ann Gray, Lester J. Kaplan, and Martien van Osch. Each of the nominees is currently a director of ACADIA. Dr. Kaplan and Mr. van Osch were elected by our stockholders prior to our initial public offering, and Dr. Gray was elected by our Board of Directors in April 2005. Dr. Gray's nomination was recommended by the Nominating and Corporate Governance Committee of our Board of Directors, Dr. Kaplan's original nomination was recommended prior to our initial public offering by the former holders of our Series C preferred stock, and Mr. van Osch's original nomination was recommended prior to our initial public offering by the former holders of our Series A, B and D preferred stock. Dr. Kaplan and Mr. van Osch were elected pursuant to separate rights to board representation formerly contained in our Certificate of Incorporation, each of which terminated upon the completion of our initial public offering in June 2004.

Directors are elected by a plurality of the votes present at the meeting or by proxy and entitled to vote at the meeting. The three nominees receiving the most "For" votes (among votes properly cast in person or by proxy) will be elected. If no contrary indication is made, shares represented by executed proxies will be voted "For" the election of the three nominees named above or, if any nominee becomes unavailable for election as a result of an unexpected occurrence, "For" the election of a substitute nominee designated by our Board of Directors. Each nominee has agreed to serve as a director if elected, and we have no reason to believe that any nominee will be unable to serve.

We encourage all of our directors and nominees for director to attend our annual meeting of stockholders. We did not hold an annual meeting of stockholders during the fiscal year ended December 31, 2004.

Independence of the Board of Directors and Its Committees

Nasdaq Stock Market listing standards require that a majority of the members of a listed company's board of directors qualify as "independent," as affirmatively determined by the board. Our Board of Directors consults with our counsel to ensure that the Board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of "independent," including those set forth in applicable Nasdaq listing standards, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and ACADIA, our senior management and our independent registered public accounting firm, our Board of Directors has affirmatively determined that all of our directors are independent directors within the meaning of the applicable Nasdaq listing standards, except for Dr. Hacksell, our Chief Executive Officer, and Dr. Brann, our President and Chief Scientific Officer.

Our independent directors meet in regularly scheduled executive sessions at which only non-employee directors are present. All of the committees of our Board of Directors are comprised entirely of directors determined by the Board to be independent within the meaning of the applicable Nasdaq listing standards.

In conducting this assessment, the Nominating and Corporate Governance Committee considers skills, diversity, age, and such other factors as it deems appropriate given the current needs of the Board of Directors and ACADIA, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the Nominating and Corporate Governance Committee reviews such directors' overall service to us during their term, including the number of meetings attended, level of participation, quality of performance, and any other relevant considerations. In the case of new director candidates, the Nominating and Corporate Governance Committee also determines whether the nominee would be independent under applicable Nasdaq listing standards, applicable SEC rules and regulations with the advice of counsel, if necessary. The Nominating and Corporate Governance Committee uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Nominating and Corporate Governance Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of our Board of Directors. The Nominating and Corporate

Governance Committee meets to discuss and consider candidates' qualifications and selects candidates for recommendation to the Board by majority vote. The Nominating and Corporate Governance Committee has retained the services of Russell Reynolds & Associates to assist in the process of identifying and evaluating director candidates but has not paid that company any fees to date.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. The Nominating and Corporate Governance Committee does not intend to alter the manner in which it evaluates candidates, based on whether the candidate was recommended by a stockholder or not. Stockholders who wish to recommend individuals for consideration by the Nominating and Corporate Governance Committee must do so by delivering a written recommendation to the Nominating and Corporate Governance Committee at the following address: 3911 Sorrento Valley Boulevard, San Diego, California 92121. Each submission must set forth: the name and address of the stockholder on whose behalf the submission is made; the number of our shares that are owned beneficially by such stockholder as of the date of the submission; the full name of the proposed candidate; a description of the proposed candidate's business experience for at least the previous five years; complete biographical information for the proposed candidate; and a description of the proposed candidate's qualifications as a director. For the proposed candidate to be considered for nomination for the next annual meeting of stockholders, the written communication must be received at least 120 days prior to the anniversary date of the mailing of the Company's proxy statement for the preceding annual meeting of stockholders. To date, the Nominating and Corporate Governance Committee has not received a director nominee from a stockholder or stockholders holding more than five percent of our voting stock.

Meetings of the Board of Directors and Board and Committee Member Attendance

Our Board of Directors met five times during the last fiscal year. Each Board member attended 75% or more of the aggregate of the meetings of the Board and the committees on which the Board member served that were held during the period for which the individual was a director or committee member.

Stockholder Communications With the Board of Directors

Historically, the Company has not had a formal process for stockholder communications with the Board, other than our Open Door Policy for Reporting Complaints Regarding Accounting and Auditing Matters discussed below. Nevertheless, every effort has been made to ensure that the views of stockholders are heard by the Board or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner. We believe our responsiveness to stockholder communications to the Board has been excellent. Nevertheless, during the upcoming year the Nominating and Corporate Governance Committee will give full consideration to the adoption of a formal process for stockholder communications with the Board and, if adopted, publish it promptly and post it to our website.

The Audit Committee of our Board of Directors has engaged PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2005 and is seeking ratification of such selection by our stockholders at the annual meeting. PricewaterhouseCoopers LLP has audited our financial statements since 1996. Representatives of PricewaterhouseCoopers LLP are expected to be present at the annual meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our Bylaws nor other governing documents or law require stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm. However, the Audit Committee is submitting the selection of PricewaterhouseCoopers LLP to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify the selection, the Audit Committee will reconsider whether to retain PricewaterhouseCoopers LLP. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of ACADIA and our stockholders.

To be approved, the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm must receive a "For" vote from the majority of shares present and entitled to vote either in person or by proxy. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes will be counted towards a quorum, but will not be counted for any purpose in determining whether this matter has been approved.

Principal Accountant Fees and Services

The following table provides information regarding the fees billed to us by PricewaterhouseCoopers LLP for the fiscal years ended December 31, 2004 and 2003. All fees incurred subsequent to our initial public offering and described below were approved by the Audit Committee.

	Fiscal Year Ended December 31,	
	2004	2003
Audit fees(1)	\$446,000	\$ 98,000
Audit-related fees(2)	—	—
Tax fees(3)	80,000	18,000
All other fees	—	—
Total fees	\$526,000	\$116,000

- (1) Represents fees for services rendered for the audit and/or reviews of our financial statements. Includes approximately \$245,000 of fees related to our S-1 filing made in connection with our initial public offering, including documents issued in connection with that offering (e.g., comfort letters and consents), and assistance in responding to SEC comment letters. Also includes fees for services associated with periodic reports and other documents filed with the SEC.
- (2) We did not engage PricewaterhouseCoopers LLP to perform audit-related services.
- (3) Represents fees for preparation of federal, state and foreign income and franchise tax returns and related schedules and calculations, totaling \$20,000 and \$17,000 in 2004 and 2003, respectively, as well as general consultation regarding federal, state and foreign income tax matters totaling \$60,000 and \$1,000 in 2004 and 2003, respectively.

Pre-Approval Policies and Procedures

The Audit Committee has pre-approval policies and procedures in place, pursuant to which services proposed to be performed by our independent registered public accounting firm are pre-approved by the Audit Committee. The policies generally pre-approve specified services in the defined categories of audit services, audit-related services, and tax services up to specified amounts. Pre-approval may also be given as part of the Audit Committee's approval of the scope of the engagement of the independent registered public accounting firm or on an individual service-by-service basis. The pre-approval of non-audit services also has been delegated to the chairman of the Audit Committee, but each pre-approval decision is reported to the full Audit Committee at its next scheduled meeting.

The Audit Committee has determined that the rendering of the services other than audit services by PricewaterhouseCoopers LLP is compatible with maintaining PricewaterhouseCoopers LLP's independence.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table provides information regarding the beneficial ownership of our common stock as of April 1, 2005 by: (i) each of our directors, (ii) each of our named executive officers, (iii) all of our directors and executive officers as a group, and (iv) each person, or group of affiliated persons, known by us to beneficially own more than five percent of our common stock. The table is based upon information supplied by our officers, directors and principal stockholders and a review of Schedules 13D and 13G, if any, filed with the SEC. Unless otherwise indicated in the footnotes to the table and subject to community property laws where applicable, we believe that each of the stockholders named in the table has sole voting and investment power with respect to the shares indicated as beneficially owned.

Applicable percentages are based on 18,055,047 shares outstanding on April 1, 2005, adjusted as required by rules promulgated by the SEC. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to those securities. In addition, the rules include shares of common stock issuable pursuant to the exercise of stock options or warrants that are either immediately exercisable or exercisable on May 31, 2005, which is 60 days after April 1, 2005. These shares are deemed to be outstanding and beneficially owned by the person holding those options or warrants for the purpose of computing the percentage ownership of that person, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person. Some of the options in this table are exercisable at any time but, if exercised, are subject to a lapsing right of repurchase until the options are fully vested.

The following share ownership amounts do not include the shares issued and sold by the Company after the record date in a private placement that closed on April 20, 2005. Oxford Bioscience Partners IV, affiliates of OrbiMed Advisors LLC, and ABN AMRO Ventures BV purchased shares in the private placement but will not be entitled to vote such shares at the annual meeting.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than ten percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the fiscal year ended December 31, 2004, all Section 16(a) filing requirements applicable to our officers, directors and greater than ten percent beneficial owners were complied with.

COMPENSATION OF DIRECTORS

We provide each of our non-employee directors cash compensation in the form of an annual retainer of \$15,000, plus an additional \$7,500 for the chairman of the Board of Directors. Directors receive \$1,000 per board meeting attended in person and \$250 per meeting attended telephonically. Audit Committee and Nominating and Corporate Governance Committee members receive \$750 per meeting attended in person and \$500 per meeting attended telephonically, and the chairpersons receive twice those amounts. Compensation Committee members receive \$500 per meeting attended in person and \$250 per meeting attended telephonically, with no additional compensation for the chairperson. We also reimburse our non-employee directors for their reasonable expenses incurred in attending meetings of our Board of Directors and committees of the Board.

Each of our non-employee directors also receives stock option grants under our 2004 Equity Incentive Plan, or 2004 Plan. Options granted to our non-employee directors are intended by us not to qualify as incentive stock options under the Internal Revenue Code of 1986, as amended. These option grants are non-discretionary.

Any person who joins the Board of Directors as a non-employee director will receive an option to purchase 6,500 shares of common stock upon his or her election. In addition, any person who is a non-employee director on the date of each annual meeting of our stockholders will be automatically granted, on the annual meeting date, an option to purchase 6,500 shares of common stock. The annual retainer amount and option grant may be pro rated for a director that joins the Board other than at the first meeting of the Board following the annual meeting of stockholders. In addition, directors may elect to convert their retainer amounts, in whole or in part, into options under the 2004 Plan with an aggregate exercise price equal to three times the amount elected for conversion.

The exercise price of stock options granted under the 2004 Plan is equal to 100% of the fair market value of the common stock on the date of grant. Initial grants (i.e., those made upon a non-employee director's election to our Board of Directors) vest over three years following the date of grant, and annual grants, including any retainer amounts that are converted, vest at the rate of 1/4th each quarter after the date of grant. In general, the term of stock options granted under the 2004 Plan may not exceed ten years.

Unless the terms of a director's stock option agreement provide for earlier or later termination, if an optionholder's service relationship with us, or any affiliate of ours, ceases for any reason, the optionholder may exercise any vested options up to three years from cessation of service.

Acceptable consideration for the purchase of common stock issued under the 2004 Plan may include cash or check, common stock previously owned by the optionholder or a program developed under Regulation T as promulgated by the Federal Reserve Board. Generally, an optionholder may not transfer a stock option other than by will or the laws of descent and distribution. An optionholder may transfer an option with our written consent provided a Form S-8 registration statement is available for the exercise of the option and the subsequent resale of the shares. However, an optionholder may designate a beneficiary who may exercise the option following the optionholder's death.

In the event of certain corporate transactions, any or all outstanding options under the 2004 Plan may be assumed or substituted for by any surviving entity. If the surviving entity elects not to assume or substitute for all such options, the vesting provisions of the options not assumed or substituted for and held by participants whose continuous service has not terminated will be accelerated and such options will be terminated if not exercised prior to the effective date of the corporate transaction.

Under the 2004 Plan, during the fiscal year ended December 31, 2004, we made annual grants to purchase 4,500 shares at an exercise price of \$6.10 per share to each of our non-employee directors. As of March 31, 2005, no stock options granted to our outside directors had been exercised.

In addition to the foregoing compensation, the Company pays Dr. Iversen \$10,000 per year to serve as a consultant on both our Scientific Advisory and Clinical Advisory boards.

Stock Option Grants and Exercises

We grant stock options to our executive officers under our 2004 Plan. Prior to our initial public offering, we granted stock options to our executive officers under our 1997 Plan. As of March 31, 2005, options to purchase a total of 2,103,643 shares were outstanding under our 1997 Plan and 2004 Plan, and a total of 390,281 shares remained available for grant under the 2004 Plan. We stopped making grants under our 1997 Plan following the completion of our initial public offering in June 2004, and the shares remaining available for grant under the 1997 Plan were included in the share reserve for our 2004 Plan.

All stock options granted to our executive officers are incentive stock options, to the extent permissible under the Internal Revenue Code. Generally, 25% of the shares subject to options vest one year from the date of hire and the remainder of the shares vest in equal monthly installments over the 36 months thereafter, subject to cessation of vesting upon the termination of the optionholder's continued service to us. Options expire ten years from the date of grant.

The exercise price per share of each option granted to our executive officers was equal to the fair market value of our common stock on the date of the grant. Prior to the completion of our initial public offering in June 2004, our Board of Directors determined the fair market value of our common stock after considering many factors, including:

- the rate of progress and cost of our clinical trials and other research and development activities,
- the terms and timing of any collaborative, licensing and other arrangements that we may establish,
- the fact that our options involved illiquid securities in a non-public company,
- prices of preferred stock issued by us to outside investors in arm's-length transactions,
- the rights, preferences and privileges of our preferred stock over our common stock, and
- the likelihood that our common stock would become liquid through an initial public offering, an acquisition of us or another event.

Following the completion of our initial public offering, pursuant to the 2004 Plan, the fair market value of our common stock on a given date is deemed to be equal to the closing sales price for such stock as reported on the Nasdaq on the last market trading day prior to such date.

The following table provides information regarding grants of options to purchase shares of our common stock to the Named Executive Officers in the fiscal year ended December 31, 2004.

	Individual Grants					
	Number of Securities Underlying	% of Total			Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term(2)	
		Options Granted to Employees	Exercise Price Per Share	Expiration Date	Annual Rates of Stock Price Appreciation for Option Term(2)	
					5%	10%
Uli Hacksell	30,000	9.3%	\$ 1.08	3/11/2014	\$289,488	\$459,984
Mark R. Brann	20,000	6.2%	\$ 1.08	3/11/2014	\$192,992	\$306,656
Thomas H. Aasen	12,500	3.9%	\$ 1.08	3/11/2014	\$120,620	\$191,660
Robert E. Davis	12,500	3.9%	\$ 1.08	3/11/2014	\$120,620	\$191,660
Bo-Ragnar Tolf	10,000	3.1%	\$ 1.08	3/11/2014	\$ 96,496	\$153,328

(1) Based on 321,373 options granted to employees during the fiscal year ended December 31, 2004, including grants to executive officers.

(2) Potential realizable values are computed by (a) multiplying the number of shares of common stock subject to a given option by our initial public offering price of \$7.00 per share, (b) assuming that the aggregate

stock value derived from that calculation compounds at the annual 5% or 10% rate shown in the table for the entire ten-year term of the option and (c) subtracting from that result the aggregate option exercise price. The 5% and 10% assumed annual rates of stock price appreciation are mandated by the rules of the SEC and do not represent our estimate or projection of future common stock prices.

Aggregate Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table provides information regarding the number of shares of common stock subject to exercisable and unexercisable stock options held as of December 31, 2004 by each of the Named Executive Officers. Some of options listed in the table permit early exercise of unvested shares, in which case all unvested shares are subject to repurchase by us.

Employment, Severance and Change of Control Agreements

Offer Letters and Employment Agreements

We have entered into offer letters or employment agreements with each of our Named Executive Officers, setting forth their respective base salary, bonus targets, and other employment benefits. Each Named Executive Officer's employment is on an "at-will" basis and can be terminated by us or the applicable officer at any time, for any reason and with or without notice, subject, where applicable, to the severance arrangements contained therein. In the event that Dr. Tolf's employment is terminated by us during its term, we are obligated, except in limited circumstances, to provide Dr. Tolf with six months' notice. If we terminate the employment of Dr. Hacksell, Mr. Aasen or Dr. Davis for reasons other than cause, we are obligated to pay that executive officer one year's salary and to continue other benefits the officer may be receiving at the time of termination for the one-year period following termination of employment. If we terminate Dr. Brann's employment for reasons other than cause, we are obligated to pay Dr. Brann two years' salary and to continue other benefits he may be receiving at the time of termination for the two-year period following termination of employment. During the period of employment and for a period of up to two years thereafter, depending on the reason for leaving our employment, Dr. Brann is contractually prohibited from competing with us or soliciting our employees or clients.

Restricted Stock Purchase Agreements

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee is composed of three members of our Board of Directors, each of whom is a “non-employee director” within the meaning of Rule 16b-3 under the Exchange Act and is an “outside director” within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code. The Compensation Committee reviews and recommends to the Board of Directors for approval our company's policies for executive compensation as well as each of the elements of the compensation for executives of our company. In addition, the Compensation Committee has the authority and responsibility to administer our stock option and purchase plans. Set forth below in full is the Report of the Compensation Committee regarding compensation paid by us to our executive officers for the year ended December 31, 2004.

Compensation Philosophy

The goal of our executive compensation policies is to align executive compensation with our business objectives and corporate performance. The executive compensation policies are designed to attract and retain executive officers who contribute to our company's long-term success, to reward executive officers who contribute to our operating and financial performance, and to link executive officer compensation and stockholder interests through the grant of long-term incentives under our stock option plans. The Compensation Committee considers the total current and potential long-term compensation of each of our executive officers in establishing each element of compensation.

Elements of Executive Compensation

Compensation of our executive officers consists of three principal components: base salary, potential annual incentive bonus, and long-term incentives consisting of stock option grants.

Base Salary. As a general matter, the base salary for each executive officer is initially established through negotiation at the time the officer is hired, taking into account such officer's qualifications, experience, prior salary, and competitive market salary information. The base salaries of our executive officers are reviewed annually and adjustments to each executive officer's base salary is determined by an assessment of our company's performance, the performance of each executive officer against his individual job responsibilities including, where appropriate, the impact of such performance on our company's business results, and competitive market conditions for executive compensation.

Annual Incentive Bonuses. In addition to base salary, the Compensation Committee evaluates the performance of, and recommends for approval to our Board of Directors the bonuses payable to, our executive officers on an annual basis. Annual incentive bonuses are based on each officer's overall individual performance in his position, his relative contribution to our company's operational and financial performance during the year, and our company's overall performance in achieving corporate goals, including the achievement of our research and development milestones, including the advancement of the Company's clinical programs and the advancement of the Company's preclinical assets toward clinical development. The annual incentive bonuses are

based on targets measured as a percentage of the executives' individual base salaries as follows: 30% for Uli Hacksell, our Chief Executive Officer; 26.5% for Mark R. Brann, President and Chief Scientific Officer; 23.5% for Thomas H. Aasen, Vice President and Chief Financial Officer, and Robert E. Davis, Executive Vice President, Drug Discovery and Development; and 20% for Bo-Ragner Tolf, Vice President, Chemistry. The Compensation Committee then has the discretion to recommend bonus amounts from 0 to 150% of the applicable target percentage to our Board of Directors.

Long-Term Incentives. Our long-term incentives are primarily in the form of stock option awards. The objective of these awards is to advance our longer-term interests and those of our stockholders and to complement incentives tied to annual performance. Stock options only produce value to our executives if the price of our stock appreciates, thereby directly linking the interests of executives with those of stockholders. The number of stock options granted is based on the executive's position, the executive's performance in the prior year, and the executive's potential for continued sustained contributions to our company's success. The executive's right to the stock options generally vest over a four-year period and each option will be exercisable over a ten-year period following its grant unless the executive's employment terminates prior to such date.

CEO Compensation

Each year the Compensation Committee reviews the Chief Executive Officer's compensation arrangement, the individual performance of our Chief Executive Officer for the calendar year under review, as well as our company's performance. In determining Dr. Hacksell's bonus for 2004, the Compensation Committee considered his contributions to our company, particularly in connection with our initial public offering, and his role in implementing and directing strategic and research and development initiatives designed to augment our development and growth efforts. For the fiscal year ended December 31, 2004, Dr. Hacksell received a bonus of \$118,891. The Compensation Committee believes Dr. Hacksell's compensation, including base salary, annual incentive bonus and long-term incentives, is appropriate based on the considerations set forth above and is at a level competitive with the salaries of other chief executive officers within the biotechnology industry.

Section 162(m) Compliance

Section 162(m) of the Code generally limits the tax deductions a public corporation may take for compensation paid to its Named Executive Officers to \$1 million per executive per year. Performance based compensation tied to the attainment of specific goals is excluded from the limitation. Our stockholders have previously approved our 1997 stock option plan and our 2004 equity incentive plan, thereby qualifying options and stock appreciation rights under these plans as performance-based compensation exempt from the Section 162(m) limits. Other awards under these plans also may qualify as performance-based compensation in the discretion of the Compensation Committee. In addition, the Compensation Committee intends to evaluate our executive compensation policies and benefit plans during the coming year to determine whether additional actions to maintain the tax deductibility of executive compensation are in the best interest of our stockholders.

The foregoing report has been furnished by the Compensation Committee.

One of our directors, Dr. Kaplan, was an executive officer and board member of Allergan, Inc., with whom we have three collaboration agreements, until April 2004.

During the fiscal year ended December 31, 2004, we granted options to purchase an aggregate of 116,500 shares of common stock to our directors and executive officers, with exercise prices ranging from \$1.08 to \$6.10.

Our bylaws provide that we will indemnify our directors and executive officers, and may indemnify other officers, employees and other agents, to the fullest extent permitted by law. Our bylaws also permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in connection with their services to us, regardless of whether our amended and restated bylaws permit such indemnification. We have obtained a policy of directors’ and officers’ liability insurance.

We have entered, and intend to continue to enter, into indemnification agreements with our directors and executive officers, in addition to the indemnification provided for in our bylaws. These agreements, among other things, require us to indemnify our directors and executive officers for certain expenses, including attorneys’ fees, judgments, fines and settlement amounts incurred by a director or executive officer in any action or proceeding arising out of their services as one of our directors or executive officers, or any of our subsidiaries or any other company or enterprise to which the person provides services at our request.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers, banks or other agents) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of broker, banks or other agents with account holders who are stockholders of ACADIA will be “householding” our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker, bank or other agent that it will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate proxy statement and annual report, please notify your broker, bank or other agent, and direct a written request for the separate proxy statement and annual report to 3911 Sorrento Valley Boulevard, San Diego, California 92121, Attn: Secretary, or contact Mr. Aasen at (858) 558-2871. Stockholders whose shares are held by their broker, bank or other agent as nominee and who currently receive multiple copies of the proxy statement at their address that would like to request “householding” of their communications should contact their broker, bank or other agent.
