Q: Who is entitled to vote?

As of the Record Date, there were outstanding 17,645,870 shares of Common Stock, par value \$.01 per share (the "Common Stock"), and 35,000 shares of Series B Convertible Preferred Stock ("Preferred Stock"). The holders of Common Stock are entitled to one vote per share and the holders of the Preferred Stock are entitled to one vote for each share of Common Stock issuable upon conversion of the Preferred Stock as of the Record Date (15.65 votes per share). Shareholders of record of the Common Stock and the Preferred Stock may vote their shares either in person or by proxy. The presence in person or by proxy of 9,096,822 shares will constitute a quorum at the Meeting.

Q: How do I cast my vote?

A: If you hold your shares as a registered shareholder, you can vote in person at the Annual Meeting or you can vote by mail, telephone or on the Internet. For directions to the Annual Meeting, please contact the Corporate Secretary by writing or by telephone at DineEquity, Inc., 450 N. Brand Boulevard, Glendale, CA 91203, Telephone: (818) 240-6055.

If your stock is held through a broker or bank, you will receive voting instructions from your broker or bank describing how to vote your stock. The availability of telephone or Internet voting will depend upon the bank's or broker's voting processes.

Whichever method you use, each valid proxy received in time will be voted at the Annual Meeting by the persons named on the proxy card in accordance with your instructions. To ensure that your proxy is voted, it should be received by the close of business on May 11, 2009.

If you submit a proxy card without giving instructions, your shares will be voted as recommended by the Board of Directors.

BNY Mellon Shareowner Services has been engaged as the independent inspector of election to tabulate shareholder votes at the Meeting.

Q: How does the Board of Directors recommend voting?

A: The Board of Directors recommends voting **FOR** H. Frederick Christie, Richard J. Dahl and Patrick W. Rose to serve as Class III directors.

The Audit and Finance Committee of the Board of Directors recommends voting **FOR** ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm.

Q: How will my stock be voted on other business brought up at the Annual Meeting?

A: By signing and submitting your proxy card or voting your shares using the Internet or the toll-free telephone number, you authorize the persons named on the proxy card to use their discretion in voting on any other matter brought before the Annual Meeting. The Company does not know of any other business to be considered at the Annual Meeting.

Q: Can I change my vote or revoke my proxy?

A: Yes. You can change your vote or revoke your proxy at any time before it is voted at the Annual Meeting by executing a later-voted proxy by telephone, mail or the Internet or by voting by ballot at the Meeting.

Q: Will abstentions or broker non-votes affect the voting results?

A: Assuming a quorum is present, directors will be elected by a plurality of the votes cast

in the election of directors. Other matters submitted for shareholder approval will be decided by the vote of the holders of a majority of the stock represented and entitled to vote at the Meeting. Abstentions and broker non-votes will be counted and will have the same effect as “no” votes.

Corporate Governance Principles. The Company has adopted corporate governance principles. The Company's corporate governance principles can be found in the Corporate Governance section of our website, <http://www.dineequity.com>. In addition, printed copies of the Company's corporate governance principles are available at no charge upon request from the Corporate Secretary, DineEquity, Inc., 450 N. Director Attendance at Annual Meetings. All directors are expected to attend the Company's Annual Meeting. All of the directors attended the Company's 2008 Annual Meeting.

Director Independence. The NYSE rules require listed companies to have a board of directors with at least a majority of independent directors. The Company's board of directors has had a majority of independent directors since it went public in 1991.

Under the NYSE rules, a director qualifies as "independent" upon the Board affirmatively determining that he or she has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a material relationship with the Company). Based upon a review of the directors' backgrounds and business activities, the Board has determined that directors Howard M. Berk, H. Frederick Christie, Richard J. Dahl, Frank Edelstein, Michael S. Gordon, Larry Alan Kay, Caroline W. Nahas, Gilbert T. Ray, and Patrick W. Rose have no other material relationship with the Company and therefore that they qualify as independent. In making its determination, the Board considered Mr. Berk's position as a partner of MSD Capital, L.P. and the fact that MSD Capital, L.P. may be deemed to beneficially own 2,512,356 shares of the Company's Common Stock. The Company's Chief Executive Officer, Julia A. Stewart, does not qualify as an independent director.

Both the Sarbanes-Oxley Act of 2002 (the "Sarbanes Act") and the NYSE rules require the Board to have an audit committee comprised solely of independent directors, and the NYSE rules also require the Board to have a compensation committee and a nominating and corporate governance committee, each of which is comprised solely of independent directors. The Company is in compliance with these requirements.

Under the Sarbanes Act, members of an audit committee must have no affiliation with the Company, other than their Board seat, and receive no compensation from the Company except for service as a director and committee member. Every member of the Board's Audit and Finance Committee meets this independence standard.

The charters of all three of the Company's Board Committees can be found in the Corporate Governance section of our website, <http://www.dineequity.com>, and are also available at no charge upon written request to the Corporate Secretary, DineEquity, Inc., 450 N. Brand Boulevard, Glendale, CA 91203.

Audit Committee Financial Experts. Rules promulgated by the SEC under the Sarbanes Act require the Company to disclose annually whether the audit committee has one or more "audit committee financial experts," as defined by the SEC. The Board has determined that Mr. Dahl qualifies as an audit committee financial expert and is independent, as defined in the NYSE rules.

Code of Ethics for Chief Executive and Senior Financial Officers. Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee (the “Nominating Committee”) is comprised of four independent directors: H. Frederick Christie (Chairman), Michael S. Gordon, Gilbert T. Ray and Patrick W. Rose. The Nominating Committee operates under a written charter adopted by the Board of Directors, which can be found in the Corporate Governance section of our corporate website, <http://www.dineequity.com>, and is also available at no charge upon written request to the Corporate Secretary, DineEquity, Inc., 450 N. Brand Blvd., Glendale, CA 91203. The chart set forth in “Board Committees and their Functions” describes some of the principal functions of the Committee under its charter.

The Nominating Committee will consider director candidates recommended by shareholders. Shareholders wishing to recommend director candidates for consideration by the Nominating Committee may do so by writing to the Corporate Secretary, giving the recommended nominee's name, biographical data and qualifications, accompanied by the written consent of the recommended nominee.

Consistent with its charter, the Nominating Committee considers various criteria in evaluating Board candidates, including, among others, experience, interpersonal skills, expertise, diversity, personal and professional integrity, character, business judgment, business philosophy, time availability in light of other commitments, dedication, conflicts of interest and such other relevant factors that the Nominating Committee considers appropriate in the context of the needs of the Board. The Nominating Committee also considers whether a potential nominee would satisfy the NYSE's criteria for director “independence,” the NYSE's “financial management expertise” standard and the SEC's definition of “audit committee financial expert.”

Whenever a vacancy exists on the Board due to expansion of the Board's size or the resignation or retirement of an existing director, the Nominating Committee begins its process of identifying and evaluating potential director nominees. The Nominating Committee considers recommendations of management, shareholders and others. The Nominating Committee has sole authority to retain and terminate any search firm to be used to identify director candidates, including approving its fees and other retention terms.

The Nominating Committee conducted an evaluation and assessment of the directors whose term expires in 2009 for purposes of determining whether to recommend them for nomination for re-election to the Board of Directors. After reviewing the assessment results, the Nominating Committee determined to recommend to the Board that H. Frederick Christie, Richard J. Dahl and Patrick W. Rose be nominated for re-election to the Board of Directors. The Board accepted the Nominating Committee's recommendation and has nominated H. Frederick Christie, Richard J. Dahl and Patrick W. Rose for re-election.

The Nominating Committee did not receive any recommendations from shareholders proposing candidates for election to the Board at the Annual Meeting.

Compensation of Directors

Compensation for service on the Board of Directors is paid only to non-employee directors (See discussion and chart under “Director Compensation” on page 31). Cash compensation for non-employee directors is comprised of separate fees for board membership, participation on one or more board committees and, where applicable, for serving as the chairman of a board committee. The annual board membership fee for each of the non-employee directors is \$50,000, except that the Lead Director’s annual fee is \$75,000. The annual fees for participating on the Audit and Finance Committee, the Compensation Committee and the Nominating and Corporate Governance Committee are \$10,000, \$7,500 and \$5,000 respectively. In addition, the chairmen of the Audit, Compensation, and Nominating and Corporate Governance Committees receive annual fees for their services as chairmen of \$15,000, \$10,000 and \$5,000 respectively. The Company reimburses each of the directors for his or her reasonable expenses for attendance at Board and Committee meetings and other Company events.

Non-employee directors are eligible to participate in the 2005 Stock Incentive Plan for Non-Employee Directors (the “2005 Plan”). Under the 2005 Plan, non-employee directors may receive periodic grants of stock options and/or restricted stock. In 2008, each of the non-employee directors received 2,500 shares of restricted stock. The restrictions on these shares lapse on February 26, 2011. On February 23, 2009, the non-employee directors received 10,000 shares of restricted stock.

Compensation Discussion and Analysis

(a) General Philosophy Regarding Executive Compensation and Objectives

Throughout this Compensation Discussion and Analysis (“CD&A”) the individuals who served as the Company’s Chief Executive Officer (“CEO”), Chief Financial Officer (“CFO”) and the other individuals included in the Summary Compensation Table on page 24 of this Proxy Statement, are sometimes referred to as the “Named Executives” and the Compensation Committee of the Board of Directors is referred to as the “Committee.”

The Committee’s philosophy regarding compensation is based on several objectives, including: (i) linking the interests of the Named Executives with those of the Company’s shareholders; (ii) instilling an ownership culture throughout the Company and officer group; (iii) facilitating the attraction and retention of high caliber executive talent; (iv) paying for performance and (v) rewarding executives for achievement of both annual and longer-term Company financial and key operating goals. The Committee has structured the Company’s executive compensation programs to meet these objectives. With respect to the annual cash bonus, the Committee has sought to tie each Named Executive’s performance-based compensation, to the greatest extent reasonably feasible, directly to his or her contribution to the Company’s success in achieving its objectives.

The executive compensation program consists of three main components: (1) annual base salary, (2) annual cash bonus, and (3) long-term incentives in the form of stock options, restricted stock grants, performance share awards partially payable in cash and stock or other stock-based awards. The annual cash bonus and long-term incentives, in addition to annual merit increases, constitute the performance-based portion of the compensation program. The Named Executives’ compensation for 2008 reflected the commitment of the Committee to linking compensation with Company and individual performance.

The Committee’s compensation strategy calls for the establishment of targets for each Named Executive against a peer group for base salaries and for “total direct compensation,” which the Committee defines to consist of base salaries, bonuses and long-term incentives. In general, base salaries are targeted at the median of the peer group companies and these target salary levels are reevaluated by the Committee approximately every two to three years. Total direct compensation for each Named Executive is structured so that if pre-determined annual and long-term performance objectives are met, total direct compensation would be at approximately the median for like positions at peer group companies. For the Chief Executive Officer, the Committee designs total direct compensation to reward Company-wide performance by tying awards primarily to the Company’s ability to achieve pre-determined performance objectives. For the other Named Executives, in addition to the cash flow measure mentioned above, the Committee also designs the annual cash bonus to reward the

achievement of specific goals (“Individual Business Objectives”) within areas under the direct control of relevant executives.

(b) Compensation Setting and Equity Grant Procedures

It has been the Committee’s general practice to review executive compensation at least annually. Decisions about annual salary increases, the approval of bonuses, the design of each year’s bonus plan, and the granting of long-term incentive awards are made after a series of meetings among the Committee, the Committee’s compensation consultant, the CEO, the Senior Vice President, Human Resources and the Executive Director of Compensation and Benefits. They are generally finalized at a meeting of the Committee held in the first quarter of each year. Subsequently, the Committee’s decisions are presented in detail to the full Board of Directors for review and ratification. In addition, the Committee may be called upon from time to time to consider and approve compensation packages for new executives prior to hiring and to address other issues related to executive compensation programs as they may arise.

(c) Compensation Consultant

In 2008, the Committee utilized the services of Hewitt Associates (“Hewitt”), as independent compensation consultants, to assist it in designing the overall executive compensation program.

(d) Compensation Benchmarking and Peer Groups

The Company uses different peer groups and studies for different benchmarking comparisons, including base salary levels, target annual bonuses, and competitive long-term grants of equity-based compensation, as follows:

In September 2007, the Committee, with input from Hewitt and the CEO, developed a peer group for the purposes of evaluating executive compensation, reflecting the fact that, subsequent to the acquisition of Applebee’s International, Inc. (the “Applebee’s Acquisition”), the Company would be substantially larger in terms of revenues, numbers of employees, and numbers of Company operated restaurants, among other things, and also that it would be significantly more complex to manage. The peer group consists of the following companies: Sonic Corp., Panera Bread Co., Denny’s Corp., Papa Johns International, Inc., Landry’s Restaurants, Inc., Ruby Tuesday, Inc., Cheesecake Factory, Inc., CKE Restaurants, Inc., Bob Evans Farms, Burger King Holdings, Inc., CBRL Group, Inc., Wendy’s International, Inc., Jack in the Box, Inc., Brinker International, Inc., and Darden Restaurants, Inc. (the “Named Executive Peer Group”)

During its deliberations regarding base salary levels, target annual bonuses, and equity-based compensation, the Committee reviewed and considered information from Hewitt’s Total Compensation Measurement database, the Hay Group 2007 Chain Restaurant Compensation Survey and other information obtained from proxy statement disclosures of the Named Executive Peer Group companies.

(e) Allocation of Compensation

Consistent with the objectives of linking executives’ interests with those of the Company’s shareholders and instilling an ownership culture throughout the Company, for 2008 the largest element of total direct compensation for each of the Named Executives was performance-based. This included annual bonuses paid in cash, awards of restricted stock, and stock options.

(f) Annual Base Salaries

In setting annual base salaries, the Committee considered benchmarking data derived from a review of the proxy statement disclosures of the Named Executive Peer Group, data from general and restaurant

industry compensation surveys, recommendations from Hewitt and, in the case of the Named Executives other than Ms. Stewart, CEO recommendations and assessments of the individual Named Executives' performance.

As part of the Company's annual performance review process, effective as of April 1, 2008, Mr. Celio's annual salary was increased from \$400,000 to \$410,000 or 2.5%, Mr. Conforti's annual salary was increased from \$425,000 to \$435,000 or 2.4%, and Mr. Calvin's annual salary was increased from \$210,000 to 217,500 or 3.6%, in each case reflecting Ms. Stewart's assessment of their respective performance during 2007. In September 2008, Mr. Conforti resigned from the Company and Mr. Calvin assumed the role of acting Chief Financial Officer. At that time, the Committee authorized a special compensation arrangement for Mr. Calvin. The amount of the stipend to be paid to Mr. Calvin was tied to the amount of time he would be called upon to serve as acting CFO along with his regular duties as Vice President, Controller. In February 2009, the Company hired its new CFO, John F. Tierney, and Mr. Calvin was paid a stipend in the amount of \$50,000 per the terms of the arrangement.

Mr. Archer's and Mr. Hague's compensation arrangements were negotiated at the time of their hiring by Ms. Stewart and the Company's Senior Vice President, John Jakubek, at the Committee's direction. The Committee, in consultation with management and the Consultants to the Committee, considered a number of factors in determining the compensation packages for both Mr. Archer and Mr. Hague, including external market data based on the restaurant peer group developed by the Committee, the respective size of the businesses Mr. Archer and Mr. Hague were to be overseeing, the Company's stated target compensation philosophy for base salary, target bonus, and equity grants, internal comparisons to other Chief level officers of the Company, and the compensation programs in place for Mr. Archer and Mr. Hague at their prior employers.

In addition, Mr. Archer and Mr. Hague were provided sign-on bonuses in the amounts of \$300,000 and \$250,000 respectively. These sign-on bonuses were based, in part, on prior compensation programs that Mr. Archer and Mr. Hague were forgoing due to their departure from their prior employers, common industry practice for providing sign-on bonuses, and to compensate for other expenses incurred, but not reimbursed, under the Company's relocation program.

(g) Performance-Based Compensation

1. Annual Bonus

In February of 2008, the Committee established the 2008 Senior Executive Incentive Plan (the "Incentive Plan") to reward officers whose performance meets or exceeds the Company's expectations, to provide incentives for future excellent performance that will contribute to the Company's success and profitability, and to serve as a means by which eligible participants may share in the Company's financial success.

Pursuant to the Incentive Plan, the bonus amount for each of the Named Executives is targeted as a percentage of salary based on the participant's level in the management structure. At the CEO level, the target bonus for Ms. Stewart was set at 100% of her base salary. Other "Chief" level officers and the Business Unit presidents' bonus targets were set at 75% of base salary. Accordingly, the bonus targets under the Incentive Plan for Messrs Celio, Conforti, Archer and Hague were set at 75% of base salary. As Vice President, Controller, Mr. Calvin's bonus target was set at 40% of base salary. Decisions regarding the target bonus percentages were made in consultation with Hewitt and after consideration of the studies and peer group data mentioned above. These target bonuses were chosen at levels such that total direct compensation for each Named Executive would be at approximately the median for like positions of peer group companies if performance objectives are met.

In prior years, bonus amounts under the plans in effect at the time were determined for executives other than the CEO in part based on the financial performance of the Company as a whole and in part on the performance by the executives of predefined individual business objectives (“IBOs”). The CEO’s bonus under these plans was tied to the performance of the Company as a whole. The Incentive Plan provides that the bonus amount for 2008 for each executive other than Ms. Stewart would be based solely on their IBO performance. Each executive’s IBO’s are intended to be challenging, measurable objectives that are designed to significantly impact the Company’s performance and are mutually agreed upon by the executive and his or her supervisor.

The Incentive Plan provides that at year end the Committee would apply a financial performance modifier (the “Business Performance Modifier”) to determine the maximum bonus amount an executive could receive if he or she fully performed his or her IBOs. Under the Incentive Plan, the Committee was given discretion to set the Business Performance Modifier based on a range of performance measures including comparable store sales growth, customer traffic growth, cash flow from operations, net operating income, and earnings per share. The maximum bonus for participants under the plan is equal to their target bonus multiplied by the Business Performance Modifier. The Business Performance Modifiers for DineEquity, Inc., the Applebee’s business unit and the IHOP business unit were to be determined separately and as a result could vary from each other. The DineEquity Business Performance Modifier for 2008 was set at 30%, IHOP business unit Business Performance Modifier was set at 60%, and the Applebee’s business unit Business Performance Modifier was set at 0% reflecting their respective financial and operating results for the year.

At the end of 2008, Ms. Stewart assessed the performance of each of the Named Executives against their respective individual business objectives and assigned a percentage level of performance (the “IBO Performance”). The final bonus amount under the Incentive Plan is determined by multiplying the target bonus amount by the Business Performance Modifier and then by the IBO Performance percentage.

The amounts in the table below represent the bonuses paid to each of the Named Executives pursuant to the Incentive Plan for 2008.

<u>Name</u>	<u>Bonus Target Percentage</u>	<u>Business Performance Modifier</u>	<u>IBO Performance</u>	<u>Bonus Paid (\$)</u>
Julia A. Stewart	100%	30%	N/A	250,000
Thomas G. Conforti(1)	75%	N/A	N/A	N/A
Michael S. Archer(2)	75%	0%	100%	120,313
Richard C. Celio	75%	30%	100%	87,638
Desmond G. Hague(2)	75%	60%	100%	84,375
Greggory Kalvin	40%	30%	100%	26,100

- (1) Mr. Conforti resigned in September 2008 and did not receive a bonus under the Incentive Plan.
- (2) Messrs. Archer and Hague joined the Company in May and July 2008 respectively. Their respective employment offers each provide for minimum guaranteed bonus payout of no less than 50% of their prorated target bonus amounts.

The amounts awarded to the Named Executives under the Incentive Plan are reflected in the column entitled “Non-Equity incentive plan compensation” of the Summary Compensation Table on page 24.

2. Long-Term Incentives

The Named Executives participate in the DineEquity, Inc. 2001 Stock Incentive Plan (the “2001 Plan”) which is aimed at promoting the acquisition and ownership of the Company’s stock by executives and

other Company employees. Under the 2001 Plan, the Committee may grant stock options, restricted stock, performance shares or other stock based incentives.

Annual Restricted Stock and Stock Option Grants

From 2004 to 2007, the Committee awarded certain executives annual grants of performance shares pursuant to a Long Term Incentive Plan (the “LTIP”). The objective of the program was to focus management attention on the longer term growth and cash generation objectives of the Company and to reward the participants for achieving specific three-year goals. The plan provided that awards were to be paid one-half in Company stock and one-half in cash based on the achievement of pre-determined goals over a three-year period. In early 2008 the Committee determined that it would not make awards under the LTIP for 2008, primarily because of the challenges of setting performance goals so shortly after the completion of the Applebee’s acquisition where there was a lack of historical data for the combined enterprise.

In 2008, the Committee granted each of the Named Executives restricted stock, subject to a three-year restriction period and non-qualified stock options which vest in one-third increments on the first, second and third anniversaries of the dates of grant. The Committee considered a range of factors in setting the number of shares of restricted stock and the number of shares covered by each stock option to be awarded to the Named Executives, including assessments of their individual performance, the fact that no awards would be made under the LTIP for 2008, the Committee’s opinion that restricted stock and stock option grants are effective means of retaining valuable executives, the fair market value of the Company’s common stock at the times of the awards, the potential contribution that each Named Executive could be expected to make in the future, the Named Executives’ targeted total direct compensation, grants of restricted stock and other equity based awards previously given to certain of the Named Executives, and the size of awards provided to others holding similar positions in the Named Executives Peer Group.

The table below provides information regarding the annual grants of restricted stock to the Named Executives in 2008.

<u>Name</u>	<u>Restricted Stock Awards</u>	<u>Stock Options</u>
Julia A. Stewart	18,000	168,000
Thomas G. Conforti(1)	4,000	50,000
Michael S. Archer	60,000	—
Richard C. Celio	4,000	50,000
Desmond G. Hague(2)	30,000	125,000
Greggory Calvin	5,000	10,000

(1) Mr. Conforti resigned in September 2008 and these shares of Restricted Stock and stock options were cancelled at that time.

(2) Mr. Hague resigned in February 2009 and these shares of restricted stock and stock options were cancelled at that time.

Payout of LTIP Awards

Prior to 2008, executives were granted awards under an LTIP. The objective of this program was to focus management attention on the longer term growth and cash generation objectives of the Company and to reward participants for achieving specific three-year goals. With respect to the Cycle 3 awards for the three-year period beginning January 1, 2006 and ending December 31, 2008 (the “Performance Period”), payouts were earned for achieving specified business objectives for total shareholder return relative to an index of peer companies and aggregate net cash flow from operations. In order to reach

the minimum threshold for payouts, the Company's relative total shareholder return for the Performance Period must have been at or above the 35th percentile, as compared to the Value Line Restaurant Index, or the Company's cumulative aggregate net cash flow from operations for the Performance Period must have been equal to or greater than \$155,000,000. In order to reach the maximum payout, the Company's relative total shareholder return for the performance period must have been at or above the 65th percentile, as compared to the Value Line Restaurant Index, and the Company's cumulative aggregate net cash flow from operations for the Performance Period must have been equal to or greater than \$205,000,000. Depending upon the performance of the Company against these measures over the Performance Period, it was possible for the recipients to receive cash and stock with a total value ranging from 0% to 150% of the targeted number of shares. In addition, any dividends declared on the Company's Common Stock during the Performance Period were deemed to have been reinvested in additional shares of the Company's Common Stock as of the date of the dividend payment and such shares were paid to the participants after the Performance Period.

For Cycle 3 the Company's relative total shareholder return fell below the 65th percentile as compared to the Value Line Restaurant Index while the Company's cumulative aggregate net cash flow from operations was \$196.6 million, resulting in a payout equal to 62.5% of the target grant amounts. The payouts for the Cycle 3 awards were as follows: Ms. Stewart \$62,106 in cash, 5,373 in shares, of which \$7,919 and 685 shares were in respect of dividends; and Mr. Celio \$16,565 in cash, 1,433 shares, of which \$2,115 and 183 shares were in respect of dividends.

No awards were made under the LTIP in 2008.

(h) Stock Ownership Guidelines

The Board of Directors has adopted share ownership guidelines for the Named Executives and other executives. The guidelines are intended to further the Committee's objectives of linking executives' interests with those of the Company's shareholders. The guidelines call for Ms. Stewart to accumulate a minimum of 50,000 shares, Mr. Archer, Mr. Celio, Mr. Conforti and Mr. Hague to accumulate a minimum of 15,000 shares, and Mr. Kalvin to accumulate a minimum of 8,000 shares over a 5 year period beginning in the later of 2005 or the executive's date of hire. The types and amounts of stock-based awards are intended, in part, to facilitate the accumulation of sufficient stock by the Company's executives to allow them to meet the stock ownership guidelines.

The Committee annually reviews each Named Executive's progress towards meeting the stock ownership guidelines. The Committee has informed the executives that it may reduce or choose not to grant future stock based compensation to any executives who fail to make reasonable progress towards meeting the stock ownership goals within the specified time period.

The Committee has determined that each of the Named Executives still employed with the Company has met his or her objective or is making satisfactory progress towards accumulating the required number of shares.

(i) Employment Agreements and Change of Control Provisions

Ms. Stewart, Mr. Archer and Mr. Celio have employment agreements with the Company all dated as of November 1, 2008. Mr. Conforti and Mr. Hague have both resigned from the Company and their employment agreements have been terminated. Mr. Kalvin does not have an employment agreement. Mr. Kalvin participates in the Company's Executive Severance and Change in Control Policy.

The employment agreements for Ms. Stewart, Mr. Archer and Mr. Celio provide for base salaries of \$875,000, \$550,000 and \$410,000, respectively, target bonus opportunities of 75% (100% for Ms. Stewart) of base salary, car allowances, and certain other perquisites as well as benefit programs available to other employees. The employment agreements also contain confidentiality, trademark, non-solicitation and non-competition provisions. The employment agreements call for initial employment

terms of three years and provide for automatic successive one-year extensions unless the Company or the executive gives notice to the contrary more than 90 days prior to the expiration of the then current term of the agreement. The Company may terminate any of the agreements, at any time, with or without cause upon written notice to the executive. The employment agreement for Ms. Stewart provides that in the event of termination by the Company without “cause” or by Ms. Stewart for “good reason” prior to a “change in control”, she will be entitled to (i) a lump sum payment equal to two (2) times the sum of (A) her annual base salary, plus (B) the average of her actual bonus attributable to each of the preceding three fiscal years; (ii) continued health, disability and group term life insurance coverage for a maximum of 24 months; (iii) vest in full in any unvested time or service-based stock options, stock appreciation rights, and any other equity-based awards; (iv) vest in full in any unvested equity-based awards subject to any performance-based vesting conditions, based on actual performance during the applicable performance period through the date of her termination of employment; and (v) to exercise any stock options or stock appreciation rights until the earlier of 24 months after the date of termination or their original expiration date.

In the event of a “change in control”, any unvested stock options, stock appreciation rights, and other equity-based awards held by Ms. Stewart will vest, and any stock options or stock appreciation rights will remain exercisable until the earlier of 24 months after the date of termination or their original expiration date.

In the event of termination by the Company without “cause” or by Ms. Stewart for “good reason” within twenty-four months following a “change in control”, she will be entitled to (i) a lump sum payment equal to three times the sum of (A) her base salary, plus (B) the average of her actual bonus attributable to each of the preceding three fiscal years; (ii) a lump sum payment equal to her prorated bonus, based on actual performance prior to the date of termination; and (iii) continued health, disability and group term life insurance coverage for a maximum of 36 months.

In the event of termination by the Company without “cause” or by the executive for “good reason” within twenty-four months following a “change in control”, the executive will be entitled to (i) a lump sum payment equal to two times the sum of (A) the executive’s base salary, plus (B) the average of the executive’s actual bonus attributable to each of the preceding three fiscal years; (ii) a lump sum payment equal to the executive’s prorated bonus, based on actual performance prior to the date of termination; (iii) continued health, disability and group term life insurance coverage for a maximum of 24 months; (iv) vest in full in any unvested stock options, stock appreciation rights, and any other equity-based awards; and (v) to exercise any stock options or stock appreciation rights until the earlier of 24 months after the date of termination or their original expiration date.

The employment agreements also provide that if any payment or benefit received by the executive would not be deductible by reason of Section 280G of the Internal Revenue Code of 1984, as amended (the “Code”), then the payment or benefits will be reduced until no portion of such payment or benefits is not deductible by reason of Section 280G of the Code, provided, that no such reduction will

be made unless the net after-tax benefit received by the executive after such reduction would exceed the net after-tax benefit received by the executive if no such reduction was made.

Each of the Named Executives participate in the 2001 DineEquity, Inc. Stock Incentive Plan, which provides that in the event of a change of control, unless otherwise determined by the administrator at or after grant, but prior to such change of control, all options not previously exercisable and vested will become fully exercisable and vested. In addition, awards of restricted stock, deferred stock and performance shares will be deemed fully vested and all restrictions and conditions thereon will lapse.

In October 2008, the Company adopted the Executive Severance and Change in Control Policy (the "Policy"). The Policy provides for severance benefits to certain executives with the title of vice president or higher in the event of termination by the Company without "cause" prior to a "change in control" and termination by the Company without "cause" or termination by the executive for "good reason" following a "change in control." The benefits are conditioned upon the executive signing and not revoking a release of claims.

In the event of termination by the Company without "cause" prior to a "change in control", the executive will be entitled to six months' base salary and a prorated bonus if the executive has completed less than five full years of service with the Company or twelve months' base salary and a prorated bonus if the executive has completed at least five full years of service with the Company.

In the event of termination by the Company without "cause" or by the executive for "good reason" within eighteen months following a "change in control", the executive will be entitled to twenty-four months' base salary, plus the greater of the target bonus for the year in which the termination takes place or the average of the executive's actual bonus attributable to each of the preceding three fiscal years. In addition, any unvested stock options, restricted stock or other unvested equity awards or grants will fully vest.

See "Potential Payments upon Termination or Change in Control" on page 30 for additional information about severance arrangements, including projected severance payment amounts, pursuant to the employment agreements and the Executive Severance and Change in Control Policy.

(j) Retirement Plans

DineEquity, Inc. 401(k) Plan

The Company maintains the DineEquity, Inc. 401(k) plan (the "401(k) Plan") for the benefit of all qualifying employees, including the Named Executives. The 401(k) Plan is a tax-qualified retirement savings plan that permits employees to defer a portion of their income and cause it to be invested in a range of mutual funds. The IRS has set limits on the maximum amount that an employee may contribute to a 401(k) in any year. The participant contribution limit for 2008 was \$15,500. In addition, consistent with IRS regulations, the 401(k) Plan allows participants who will be 50 years old or older at any time during an applicable calendar year to make "catch-up" contributions. The IRS limit on catch-up contributions for 2008 was \$5,000.

The Company matches 100% of each participant's contributions to the 401(k) Plan up to an amount equal to 4% of the participant's eligible compensation (as defined under the 401(k) Plan).

Deferred Compensation Plan

Named Executives are eligible to defer their base salaries, bonuses and certain stock-based compensation to the DineEquity, Inc. Deferred Compensation Plan for Deferrals after 2004 (the "2004 Deferred Compensation Plan"), which is a non-qualified plan. Deferrals are always 100% vested. This plan provides the Named Executives with a long-term capital accumulation opportunity. The 2004 Deferred Compensation Plan provides a range of mutual funds as investment opportunities as well as

Company stock. The Deferred Compensation Plan is designed to comply with section 409A of the Code.

(k) Perquisites

The Company provides Named Executives with perquisites to attract and retain senior executives. The Committee periodically reviews the perquisites provided to the Named Executives.

Annual Physical

Each Named Executive is required to have an annual physical provided at the Company's cost. The results are confidential between the physician and the Named Executive.

Automobile Allowances

The Company pays each of the Named Executives an automobile allowance.

Airline Clubs

The Company reimburses Ms. Stewart for three airline club memberships and each of the other Named Executives for the cost of one airline club membership for their use when traveling.

Supplemental Life Insurance

The Company pays the premiums for Supplemental Life Insurance for each of the Named Executives in addition to paying for life insurance for all eligible employees. Ms. Stewart's policy provides for \$1 million in supplemental life insurance and the policies for the other Named Executives provide for \$500,000 in supplemental life insurance.

(l) Federal Income Tax Considerations and Accounting Matters

Deductibility of Certain Executive Compensation

Under Section 162(m) of the Code, certain income tax deductions may be limited to the extent total compensation for certain executives exceeds \$1 million in any one year, except for compensation payments that qualify as "performance-based." To qualify as "performance-based," compensation payments must be based solely upon the achievement of objective performance goals and made under a plan that is administered by the Committee. In addition, the material terms of the plan must be approved by the shareholders and the Committee must confirm that the performance goals were achieved before payments can be made. Certain of the Company's compensation programs have been designed to conform with Section 162(m) of the Code and related regulations. It is the intent of the Company and the Committee to qualify, to the maximum extent possible, its executives' compensation for deductibility under applicable tax laws, while recognizing that there may be situations in which compensation for certain executives in excess of the 162(m) limit may be warranted.

Compensation Committee Report

The Compensation Committee of the Board of Directors has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussion, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

- (13) Reflects the targeted share amount for Cycle 4 award of LTIP Performance Shares. Payouts are earned for achieving specified levels of aggregate net cash flow from operations, over a three year period beginning January 1, 2007 and ending December 31, 2009 (the "Performance Period"). In order to reach the minimum threshold for payouts, the Company's cumulative aggregate net cash flow from operations for the Performance Period must be equal to or greater than \$162,500,000. In order to reach the maximum payout, the Company's cumulative aggregate net cash flow from operations for the three year period must be equal to or greater than \$212,500,000.

After the Performance Period, one-half of the earned units will be paid in cash. The cash value for each such unit will be equal to the average closing price of one share of the Company's common stock on the last day of the Performance Period. The balance of the earned units will be paid in an equivalent number of shares of the Company's common stock. In addition, any dividends declared on the Company's Common Stock during the Performance Period shall be deemed to have been reinvested in additional shares of the Company's Common Stock as of the date of the dividend payment and such shares will be paid to the participants after the Performance Period. Market value is determined by multiplying the targeted share amount by \$11.56 per share (the closing price of the Company's stock on the New York Stock Exchange on December 31, 2008).

Non-qualified Deferred Compensation. Pursuant to the 2004 Deferred Compensation Plan (the “DCP”), certain highly compensated employees and members of the Board of Directors can elect to defer up to 90% of their salary and up to 100% of annual bonus, commissions, long-term incentive plan distributions and director fees instead of receiving these amounts as payments taxable in the year of receipt. The Company does not make contributions to the DCP.

Under the DCP, participants may designate select investment options approved by the Committee administering the DCP in which the deferred compensation payments are deemed to be invested. With the exception of the Company’s stock, these investment options are not publicly traded and are only available through variable insurance products. Participants have no ownership interest in the investment options they select, as the investment options are used principally to measure gains or losses. Investment experience is credited to the participant’s accounts daily, net of all investment option related expenses. There is no guaranteed investment return on any deferred payment amounts. Participants may change investment allocation elections as often as daily.

The unfunded, non-qualified plan structure of the DCP is required in order to preserve the beneficial tax deferral treatment for the participants. Amounts in a participant’s deferral account represent unsecured claims against the Company’s assets.

Deferred amounts together with any credited investment returns are paid out to participants in accordance with their advance written election either in a lump sum or in installments commencing at a specified date during the participant’s employment or upon termination of employment.

The following table provides information regarding aggregate contributions made by each of the Named Executives participating in the DCP during the last fiscal year, aggregate interest or other earnings accrued during the last fiscal year, the aggregate dollar amount of withdrawals and the aggregate account balance at year end.

Potential Payments upon Termination or Change in Control

The information below describes and estimates certain compensation that would become payable under existing plans and arrangements if the Named Officer's employment had terminated or if a change in control had occurred on December 31, 2008, based on the Company's closing stock price on December 31, 2008. These benefits are in addition to benefits available generally to salaried employees.

Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be different. Factors that could affect these amounts included the timing during the year of any such event and the Company's stock price. There can be no assurance that a termination or change in control would produce the same or similar results as those described if occurring on another date or another price, or if any assumption used to prepare this information is not correct in fact. Please see "Employment Agreements and Change in Control Provisions" of the Compensation Discussion and Analysis section of this Proxy Statement for a summary of the potential payments.

As of December 31, 2008, the members of the Compensation Committee of the Board of Directors were Frank Edelstein (Chairman), Caroline W. Nahas and Patrick W. Rose. None of the Company's executive officers or directors served on the board of directors of any entities whose directors or officers served on the Compensation Committee of the Board of Directors. No current or past executive officers of the Company serve on the Compensation Committee.

Report of the Audit Committee

The Audit and Finance Committee (for purposes of this report, the "Committee") is comprised of three non-employee directors, Richard J. Dahl (Chairman), Michael S. Gordon, and Larry Alan Kay. The Committee operates under a written charter.

Reflecting the fact that the Committee had been serving for some time as the ad hoc Finance Committee of the Board of Directors, on February 23, 2009 the name of the Committee was changed to the Audit and Finance Committee. In its new role the Committee assumed certain responsibilities including reviewing and providing guidance to the Board and management about dividend policy; sales, issuance or repurchases of Company Stock; policies and guidelines on investment of cash; policies and

guidelines on short and long-term financing; debt/equity ratios, fixed charge ratios, working capital, other debt covenant ratios; and other transactions or financial issues that management desires to have reviewed by the Committee from time to time. At that time, the Committee adopted and the Board ratified the adoption of an amended Committee Charter reflecting the addition of finance committee responsibilities. A copy of the amended charter can be found in the Corporate Governance section of the Company's website, <http://www.dineequity.com>, and is available in print to shareholders upon written request to Corporate Secretary, DineEquity, Inc., 450 N. Brand Boulevard, Glendale, CA 91203.

The Board of Directors has determined that:

- each Committee member is "independent" under the corporate governance listing standards of the NYSE and is "financially literate," as defined by the NYSE;
- the Committee satisfies the "financial management expertise" standard, as required by the NYSE; and
- Mr. Dahl is an "audit committee financial expert," as defined by the SEC.

Management has the primary responsibility for the preparation of financial statements and the financial reporting process, including the system of internal controls over financial reporting. The Company's independent registered public accounting firm for 2008, Ernst & Young LLP ("EY"), was responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and for issuing a report thereon. The Committee is responsible for assisting the Board in monitoring:

- the integrity of the Company's financial statements;
- the Company's compliance with legal and regulatory requirements;
- the Company's independent auditors' qualifications and independence; and
- the performance of the Company's independent auditors and the Company's internal audit function.

It is the Committee's policy to review and approve in advance all proposed audit and non-audit services to be provided by the independent accountants.

During 2008, the Committee met 11 times and held separate discussions with management, the Company's internal auditors and EY. The Committee reviewed and discussed the Company's interim financial information contained in each quarterly earnings announcement with the Company's Chief Financial Officer, General Counsel, Controller and EY prior to public release. The Committee reviewed the Company's quarterly financial statements with management and EY.

Management has represented to the Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Committee reviewed and discussed with management and EY the Company's 2008 annual consolidated financial statements. The Committee has also discussed the following with EY:

- the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees), which include, among other items, matters related to the conduct of the audit of the Company's annual consolidated financial statements;
- the critical accounting policies and practices used in the preparation of the Company's annual consolidated financial statements, alternative treatments of financial information within generally accepted accounting principles that EY discussed with management, the ramifications of using such alternative treatments, and the treatment preferred by EY; and
- other written communications between EY and management.

In addition, the Committee has received and reviewed the written disclosures and the letter from EY required by applicable requirements of the Public Company Accounting Oversight Board regarding EY's communications concerning independence, and has discussed with EY the firm's independence from the Company and management, including all relationships between EY and the Company.

The Committee has considered whether the provision of non-audit services by EY in 2008 is compatible with maintaining the auditors' independence and determined that the provision of non-audit services by EY is not incompatible with maintaining the auditors' independence. The Committee discussed with the Company's internal auditors, EY and management the overall scope and plans for their respective audits. The Committee met with the internal auditors and EY, with and without management present, to discuss the results of their respective audits, the evaluations of the Company's internal controls over financial reporting, and the overall quality of the Company's financial reporting. The Committee discussed with management, EY, and the internal auditors a range of matters relating to the Applebee's Acquisition including Applebee's internal controls, financial reporting activities, and internal audit functions, as well as the accounting for the acquisition itself. The Committee also discussed with EY whether there were any audit problems or difficulties, and management's response. In addition, the Committee monitored the Company's compliance activities relating to the Sarbanes Act.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2008, for filing with the SEC.

The Committee also has recommended, subject to shareholder ratification, the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2008.

Proposal 2. Ratification of Selection of Independent Public Accountants

Ernst & Young LLP served as the Company's independent public accountants for the year ended December 31, 2008 and the Audit and Finance Committee has unanimously selected Ernst & Young LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2008. Unless otherwise indicated thereon, the persons named in the Proxy will vote all proxies in favor of ratifying the selection of Ernst & Young LLP as the Company's independent public accountants. If shareholders do not ratify the appointment of Ernst & Young LLP, the selection of independent public accountants will be reconsidered by the Audit and Finance Committee.

THE AUDIT AND FINANCE COMMITTEE OF THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” PROPOSAL 2.

However, if any other matters are properly brought before the Annual Meeting, the persons named in the enclosed form of Proxy will have discretionary authority to vote all proxies with respect to such matters in accordance with their best judgment.

By Order of the Board of Directors,

Mark D. Weisberger
Secretary
