

## Ellington Residential Mortgage REIT Announces Tax Treatment of 2013 Dividend Distributions

OLD GREENWICH, Ct., Jan. 31, 2014--Ellington Residential Mortgage REIT (NYSE: EARN) (the "Company") today announced the estimated federal income tax treatment of the dividends on the Company's common shares declared in 2013. This information is being provided to assist shareholders with tax reporting requirements related to dividend distributions of taxable income by the Company.

Shareholders should review their Forms 1099 as well as other 2013 tax statements that they will receive from their brokerage firms or other institutions to ensure that the statements agree with the information provided below. Additionally, shareholders are encouraged to consult with their own professional tax advisors with respect to their individual tax consequences.

According to the Internal Revenue Code of 1986 ("the Code"), if a Real Estate Investment Trust ("REIT") declares dividends in the last three months of a calendar year, with a record date in that calendar year, but which are payable in the first month of the following year, such dividends are considered paid for the recipient's tax and Form 1099 reporting purposes on the record date and not on the payable date, to the extent the REIT has any remaining undistributed earnings and profits (as computed for income tax purposes) as of the last day of that calendar year. EARN declared a dividend in December 2013 ("the fourth quarter dividend") that was paid in January 2014. As EARN did have remaining undistributed earnings and profits (as computed for income tax purposes) as of the last day of 2013, the entire fourth quarter dividend is considered to have been paid and taxable to shareholders in 2013.

During 2013, the company declared total dividends of \$1.14 per share of which \$1.14 will be treated as ordinary dividends for the tax year 2013. The Federal income tax classification of the 2013 distribution as it is expected to be reported on Form 1099-DIV is set forth in the following table.

Declaration Date	Record Date	Payable Date	Total Distribution Per Share	2013 Distribution Per Share	2014 Distribution Per Share	2013 Ordinary Dividends	2013 Return of Capital
6/18/2013	6/28/2013	7/26/2013	\$ 0.14	\$ 0.14	\$ -	\$0.14	\$ -
9/18/2013	9/27/2013	10/25/2013	\$ 0.50	\$ 0.50	\$ -	\$0.50	\$ -
12/12/2013	12/31/2013	1/27/2014	\$ 0.50	\$ 0.50	\$ -	\$0.50	\$ -

During 2013, Ellington Residential Mortgage REIT did not generate qualified dividends income (QDI). Further, no portion of the Company's 2013 dividend distributions is expected to consist of unrelated business taxable income (UBTI), which is subject to special tax reporting for certain tax exempt investors, or excess inclusion income.
