QUESTIONS AND ANSWERS

Q. How will we solicit proxies for the Annual Meeting?

- A. We are soliciting proxies by mailing this proxy statement and proxy card to our stockholders. In addition to solicitation by mail, some of our directors and officers and the employees of Sharpridge Capital Management L.P. ("Sharpridge"), one of our manager's sub-advisors, may make additional solicitations by telephone or in person without extra pay. We will pay the solicitation costs, and will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding proxy materials to beneficial owners.

Q. Who is entitled to vote?

- A. All stockholders of record as of the close of business on March 5, 2010, which is the record date, are entitled to vote at the Annual Meeting.

Q. What is the quorum for the Annual Meeting?

- A. A quorum at the Annual Meeting will consist of a majority of the votes entitled to be cast by the holders of all shares of common stock outstanding. No business may be conducted at the meeting if a quorum is not present. As of the record date, 18,760,844 shares of our common stock were issued and outstanding. If less than a majority of our outstanding shares entitled to vote are represented at the Annual Meeting, the chairman of the meeting may adjourn or postpone the Annual Meeting to another date, time or place, not

later than 120 days after the original record date of March 5, 2010. Notice need not be given of the new date, time or place if announced at the meeting before an adjournment or postponement is taken.

Q. How many votes do I have?

- A. You are entitled to one vote for each whole share of our common stock you held as of the record date. Our stockholders do not have the right to cumulate their votes for directors.

Q. How do I vote?

- A. You may vote your shares at the Annual Meeting in person. If you cannot attend the Annual Meeting in person, or you wish to have your shares voted by proxy even if you do attend the Annual Meeting, you may vote by duly authorized proxy on the Internet, by telephone or by mail. Maryland law provides that a vote by Internet or telephone carries the same validity as your completion and delivery of a proxy card.

In order to vote on the Internet, you must first go to <http://www.investorvote.com/cys> if you are a registered shareholder, or to <http://www.proxy.com> if you hold your shares through a broker. In either case, please have your proxy card in hand and follow the instructions.

In order to vote by telephone, you must call 1-(800)-652-VOTE if you are a registered shareholder or 1-(800)-454-VOTE if you hold your shares through a broker. In either case, please have your proxy card in hand and follow the instructions.

In order to vote by mail, please complete, date, sign and return the proxy card in the self-addressed stamped envelope provided.

Authorizing your proxy by one of the methods described above will not limit your right to attend the Annual Meeting and vote your shares in person. Your proxy (one of the individuals named in your proxy card) will vote your shares per your instructions. If you fail to provide instructions on a properly submitted proxy, your proxy will vote, as recommended by the Board of Directors, to elect (FOR) the director nominees listed in "Proposal 1—Election of Directors" and in favor of (FOR) "Proposal 2—Ratification of Appointment of Independent Registered Public Accounting Firm."

Q. How do I vote my shares that are held by my broker?

- A. If you have shares held by a broker, you may instruct your broker to vote your shares by following the instructions that the broker provides to you. Most brokers allow you to authorize your proxy by mail, telephone and on the Internet.

Q. What am I voting on?

- A. You will be voting on:
- Proposal 1: the election of seven directors to hold office until our 2011 annual meeting of stockholders and until their successors are duly elected and qualified; and
 - Proposal 2: the ratification of the appointment of Deloitte & Touche LLP to act as our independent registered public accounting firm for the year ending December 31, 2010.

Q. What vote is required to approve the proposals assuming that a quorum is present at the Annual Meeting?

- | | |
|--|---|
| A. Proposal 1: Election of Directors | The election of the director nominees must be approved by a plurality of the votes cast. |
| Proposal 2: Ratification of Appointment of Independent Registered Public Accounting Firm | Ratification of the appointment of the independent registered public accounting firm requires a majority of the votes cast. |

Q. How are abstentions and broker non-votes treated?

- A. A “broker non-vote” occurs when a bank, broker or other holder of record holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Pursuant to Maryland law, abstentions and broker non-votes are counted as present for purposes of determining the presence of a quorum. Abstentions and broker non-votes will not count “for” or “against” the election of directors or the ratification of Deloitte & Touche LLP as our independent public accountants, and thus will have no effect on the result of the vote on these proposals.

Under the rules of the New York Stock Exchange (the “NYSE”), brokerage firms may have the discretionary authority to vote their customers’ shares on certain routine matters for which they do not receive voting instructions, including the ratification of independent auditors. The NYSE has recently stated that the uncontested election of directors is no longer considered a “routine” matter for purposes of broker discretionary voting.

Q. Will there be any other items of business on the agenda?

- A. The Board of Directors does not know of any other matters that may be brought before the Annual Meeting nor does it foresee or have reason to believe that proxy holders will have to vote for substitute or alternate nominees for election to the Board of Directors. In the event that any other matter should come before the Annual Meeting or any nominee is not available for election, the persons named in the enclosed proxy will have discretionary authority to vote all proxies with respect to such matters in accordance with their discretion.

Q. What happens if I submit my proxy without providing voting instructions on all proposals?

- A. Proxies properly submitted will be voted at the Annual Meeting in accordance with your directions. If the properly-submitted proxy does not provide voting instructions on a proposal, **the proxy will be voted to elect (FOR) each of the director nominees listed in “Proposal 1—Election of Directors” and in favor of (FOR) “Proposal 2—Ratification of Appointment of Independent Registered Public Accounting Firm.”**

Q. Will anyone contact me regarding this vote?

- A. No arrangements or contracts have been made with any solicitors as of the date of this proxy statement, although we reserve the right to engage solicitors if we deem them necessary. Such solicitations may be made by mail, telephone, facsimile, e-mail or personal interviews.

Q. Who has paid for this proxy solicitation?

- A. We have paid the entire expense of preparing, printing and mailing the proxy materials and any additional materials furnished to stockholders. Proxies may be solicited by our directors or our officers or by employees of Sharpridge personally or by telephone without additional compensation for such activities. We also will request persons, firms and corporations holding shares in their names or in the names of their nominees, which are beneficially owned by others, to send appropriate solicitation materials to such beneficial owners. We will reimburse such holders for their reasonable expenses.

Q. May stockholders ask questions at the Annual Meeting?

- A. Yes. There will be time allotted at the end of the meeting when our representatives will answer questions from the floor.

Q. What does it mean if I receive more than one proxy card?

- A. It probably means your shares are registered differently and are in more than one account. Sign and return all proxy cards to ensure that all your shares are voted.

Q. Can I change my vote after I have voted?

A. Yes. Proxies properly submitted by mail, phone or the Internet do not preclude a stockholder from voting in person at the meeting. A stockholder may revoke a proxy at any time prior to its exercise by filing with our corporate secretary a duly executed revocation of proxy, by properly submitting by mail, phone or the Internet a proxy to our corporate secretary bearing a later date or by appearing at the meeting and voting in person. Attendance at the meeting will not by itself constitute revocation of a proxy.

Q. Can I find additional information on the Company's web site?

A. Yes. Our web site is located at www.cysinv.com. Although the information contained on our web site is not part of this proxy statement, you can view additional information on the web site, such as our corporate governance guidelines, our code of business conduct and ethics, charters of our board committees and reports that we file with the Securities and Exchange Commission (the "SEC").

PROPOSAL 1: ELECTION OF DIRECTORS

Our Board of Directors consists of seven members with directors serving one-year terms and until their successors are duly elected and qualified. The term for each director expires at each annual meeting of stockholders.

Tyson, PhD to serve as directors (the "Nominees"). The Board of Directors anticipates that each Nominee will serve, if elected, as a director. The Board of Directors recommends a vote FOR each Nominee.

Director Independence

Our Corporate Governance Guidelines require that a majority of our directors be independent. Our Board of Directors has adopted the categorical standards prescribed by the NYSE to assist the Board of Directors in evaluating the independence of each of the directors. The categorical standards describe various types of relationships that could potentially exist between a board member and the Company and sets thresholds at which such relationships would be deemed to be material. Provided that no relationship or transaction exists that would disqualify a director under the categorical standards and the Board of Directors determines, taking into account all facts and circumstances, that no other material relationship between the Company and the director exists of a type not specifically mentioned in the categorical standards, the Board of Directors will deem such person to be independent. A director shall not be independent if he or she satisfies any one or more of the following criteria:

- a director who is, or who has been within the last three years, an employee of the Company, or whose immediate family member is, or has been within the last three years, an executive officer of the Company;
- a director who has received, or who has an immediate family member serving as an executive officer who has received, during any twelve-month period within the last three years more than \$120,000 in direct compensation from the Company (excluding director and committee fees and pension/other forms of deferred compensation for prior service that is not contingent in any way on continued service);
- (i) a director who is or whose immediate family member is a current partner of a firm that is the Company’s internal or external auditor; (ii) a director who is a current employee of such a firm; (iii) a

director who has an immediate family member who is a current employee of such a firm and personally works on the Company's audit; or (iv) a director who was or whose immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company's audit within that time;

- a director who is or has been within the last three years, or whose immediate family member is or has been within the last three years, employed as an executive officer of another company where any of the Company's present executives at the same time serves or served on that company's compensation committee; or
- a director who is a current employee, or whose immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues (as reported for the last completed fiscal year).

Under these criteria, our Board of Directors has determined that the following members of our Board of Directors are independent: Douglas Crocker, II, Stephen P. Jonas, Raymond A. Redlingshafer, Jr. and David A. Tyson, PhD. We presently have seven directors, including these four independent directors. Also, while Ms. Spark was a member of our Board of Directors prior to her appointment as our chief financial officer, our Board of Directors determined that she was independent.

Executive Sessions of our Non-Management Directors

As required by the NYSE rules, the independent directors or the non-management directors of our board regularly meet in executive session, without management present. Generally, these executive sessions follow after a regularly scheduled meeting of the board. In 2009, neither the independent directors nor the non-management directors of the board met in executive session without management. The non-management directors of the board did meet in executive session without management in February 2010. Our lead independent director, Mr. Tyson, presides over such executive sessions of the board.

We have implemented procedures for interested parties, including stockholders, who wish to communicate directly with our independent directors. We believe that providing a method for interested parties to communicate directly with our independent directors, rather than the full Board of Directors, would provide a more confidential, candid and efficient method of relaying any interested party's concerns or comments. See "—Communication with the Board of Directors, Independent Directors and the Audit Committee."

Board Committees

Our Board of Directors has established and adopted a written charter for an audit committee, compensation committee, nominating and corporate governance committee and risk management committee. Each of these committees has three directors and is composed exclusively of independent directors, as defined in the rules and listing qualifications of the NYSE and, with respect to the members of the audit committee, Rule 10A-3 promulgated pursuant to the Securities Exchange Act of 1934, as amended (the "Securities Exchange Act").

Audit Committee

The audit committee is responsible for reviewing and discussing with management and our independent public accountants our annual and quarterly financial statements, engaging independent public accountants, reviewing with the independent public accountants the plans and results of the audit engagement, approving professional services provided by the independent public accountants, reviewing the performance and independence of the independent public accountants, considering the range of audit and non-audit fees and reviewing the adequacy of our internal accounting controls. Mr. Jonas, one of our independent directors, chairs

our audit committee and serves as our “audit committee financial expert,” as that term is defined by the SEC. Messrs. Redlingshafer and Tyson are also members of the audit committee. Each member of the audit committee is financially literate and able to read and understand fundamental financial statements. None of the audit committee members serve on audit committees of other public companies. The audit committee has the power to investigate any matter brought to its attention within the scope of its duties and to retain counsel for this purpose where appropriate.

The audit committee is responsible for reviewing any transactions that involve potential conflicts of interest, including any potential conflicts involving executive officers, directors and their immediate family members. See “Code of Business Conduct and Ethics.” Because the facts and circumstances regarding potential conflicts are difficult to predict, the Board of Directors has not adopted a written policy for evaluating conflicts of interests. In the event a conflict of interest arises, the audit committee will review, among other things, the facts and circumstances of the conflict, our applicable corporate governance policies, the effects of any potential waivers of those policies, applicable state law, and the NYSE continued listing rules and regulations, and may consider the advice of counsel, before making any decisions regarding the conflict.

In addition, the audit committee is responsible for reviewing and approving “related person transactions.” See “Certain Relationships and Related Transactions—Related Person Transaction Policy.”

The audit committee held four meetings in 2009.

Compensation Committee

The compensation committee reviews the Company’s overall director compensation structure, policies and programs, oversees the performance and compensation of our Manager under its management agreement with us, administers the issuance of any stock issued under our 2006 Stock Incentive Plan (the “Plan”) to our Manager, its sub-advisors or their respective employees that provide services to us, and makes recommendations to the Board of Directors with respect to the Plan and any other incentive-compensation plans and equity-based plans with respect to the management agreement with our Manager. Our compensation committee may designate a sub-committee of at least one member to address specific issues on behalf of the committee. Mr. Crocker chairs our compensation committee. Messrs. Redlingshafer and Tyson are members of the compensation committee.

The compensation committee held five meetings in 2009.

In 2009, the compensation committee retained The Schonbraun McCann Group (“SMG”) to help the compensation committee create a fair, reasonable and balanced compensation program for our directors, and our executive officers as part of the board’s review and analysis of the potential internalization of our management structure, that motivates and rewards these individuals for performance while closely aligning their interests with the interests of our stockholders. Under this engagement, the compensation committee asked SMG to engage in periodic discussions with the compensation committee to review current trends and significant developments in the areas of employment contracts, compensation plans and philosophies and changes in tax and accounting rules that affect contracts, compensation plans and philosophies and changes in tax and accounting rules that affect compensation.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee (i) is responsible for seeking, considering and recommending to the Board of Directors qualified candidates for election as directors and recommending a slate of nominees for election as directors at the annual meeting of stockholders, (ii) makes recommendations to the Board of Directors regarding candidates to fill vacancies in the Board of Directors, (iii) periodically prepares and submits to the Board of Directors for adoption the committee’s selection criteria for director nominees, (iv) reviews and makes recommendations on matters involving general operation of the Board of Directors and our corporate governance, (v) annually recommends to the Board of Directors nominees for each committee of

the Board of Directors and (vi) reviews periodically with the Board of Directors the succession plans with respect to the Chief Executive Officer. In addition, the committee annually facilitates the assessment of the Board of Directors' performance as a whole and of the individual directors and officers and reports thereon to the Board of Directors. Our nominating and corporate governance committee may designate a sub-committee of at least one member to address specific issues on behalf of the committee. Mr. Redlingshafer chairs our nominating and corporate governance committee. Messrs. Crocker and Tyson are members of the nominating and corporate governance committee.

The nominating and corporate governance committee did not hold any meetings in 2009.

Risk Management Committee

Our risk management committee oversees senior management's responsibilities to identify, assess and manage our risk exposures, including but not limited to credit risk, market risk, interest rate risk, counterparty risk, investment risk, liquidity risk, operational risk and compliance risk and reports to and assists the Board of Directors with respect to the assessment of our risk management compliance with legal and regulatory requirements. Mr. Tyson chairs our risk management committee. Messrs. Crocker and Redlingshafer are members of the risk management committee.

The risk management committee held one meeting in 2009.

Other Committees

Our Board of Directors may from time to time establish other committees to facilitate the management of the Company.

Code of Business Conduct and Ethics

Our Board of Directors has established a code of business conduct and ethics that applies to our officers and directors and to our Manager's and its sub-advisors' officers, directors and employees when such individuals are acting for or on our behalf. Among other matters, our code of business conduct and ethics is designed to deter wrongdoing and to promote:

- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- compliance with applicable governmental laws, rules and regulations;
- prompt internal reporting of violations of the code to appropriate persons identified in the code; and
- accountability for adherence to the code.

Any waiver of the code of business conduct and ethics of our executive officers or directors may be made only by our Board of Directors or one of its committees.

Our code of business conduct and ethics expressly prohibits the continuation of any conflict of interest by an officer, director or employee of our Manager or any of its affiliates, including Cypress and Sharpridge, except under guidelines approved by the Board of Directors. Our code of business conduct and ethics requires any employee of our Manager or any of its affiliates, including Cypress and Sharpridge, to report any actual conflict of interest to a supervisor, manager or other appropriate personnel.

Board Meetings

The Board of Directors held 14 meetings (including regularly scheduled and special meetings) in 2009, and each director attended at least 75% of the board meetings and each director's respective committee meetings.

Director Attendance at the Annual Meeting

The Company has a policy that directors attend the annual meeting of stockholders; however, some or all of our directors may be unable to attend the 2010 Annual Meeting due to scheduling conflicts or other obligations that may arise.

Compensation Committee Interlocks and Insider Participation

Messrs. Crocker, Redlingshafer and Tyson served on our compensation committee during our fiscal year ended December 31, 2009. None of the members of our compensation committee is or has been one of our employees or officers. None of our executive officers currently serves, or during the past fiscal year has served, as a member of the board of directors or compensation committee of another entity that has one or more executive officers serving on our Board of Directors or compensation committee.

Director Compensation for 2009

In the past, members of our Board of Directors who were also our executive officers or employees of our Manager, Cypress or Sharpridge were “excluded directors” and did not receive additional compensation for serving on our Board of Directors. In October 2009, the compensation committee and the board approved resolutions which permit Messrs. Hughes and Stern, who were formerly excluded directors, to receive compensation for serving on our Board of Directors. Messrs. Hughes and Stern are executive officers and employees of Cypress and serve on our Manager’s investment committee, but do not serve as one of our executive officers. In the future, to the extent our chairman of the board is not an excluded director, the chairman may be entitled to receive an annual retainer fee, a fee for each full board meeting attended in person or telephonically and/or a fee for each committee meeting attended in person or telephonically and that occurs on a date different from a full board meeting date at the discretion of the compensation committee of our Board of Directors. Each director, other than Mr. Grant, receives \$10,000 per quarter, payable in shares of our restricted common stock. Since January 1, 2007, shares of restricted stock that we grant to our directors have been and will be subject to forfeiture restrictions that lapse on the first anniversary of the date of each grant. These shares are issued pursuant to the Plan. Furthermore, each of our independent directors who serves on our audit committee, compensation committee or nominating and corporate governance committee receives an annual cash retainer fee of \$10,000, the chairperson of our audit committee receives an additional annual cash retainer of \$10,000 and each member of our audit committee receives a cash fee of \$2,000 per audit committee meeting. We also reimburse our directors for their reasonable travel expenses incurred in connection with their attendance at full board and committee meetings.

The following table summarizes the compensation that we paid to certain of our directors in 2009:

- an annual cash retainer of \$20,000, payable in equal amounts each quarter; and

Nomination of Directors

Before each annual meeting of stockholders, the nominating and corporate governance committee considers the nomination of all directors whose terms expire at the next annual meeting of stockholders and also considers new candidates whenever there is a vacancy on the Board of Directors or whenever a vacancy is anticipated due to a change in the size or composition of the Board of Directors, a retirement of a director or for any other reasons. In addition to considering incumbent directors, the nominating and corporate governance committee identifies director candidates based on recommendations from the directors, stockholders, management and others. The committee may in the future engage the services of third-party search firms to assist in identifying or evaluating director candidates. No such firm was engaged in 2009.

Our nominating and corporate governance committee charter provides that the nominating and corporate governance committee will consider nominations for board membership by stockholders. The rules that must be followed to submit nominations are contained in our bylaws and include the following: (i) the nomination must be received by the committee at least 120 days, but not more than 150 days, before the first anniversary of the mailing date for proxy materials applicable to the annual meeting prior to the annual meeting for which such nomination is proposed for submission; and (ii) the nominating shareholder must submit certain information regarding the director nominee, including the nominee's written consent.

The nominating and corporate governance committee evaluates annually the effectiveness of the Board of Directors as a whole and of each individual director and identifies any areas in which the Board of Directors

would be better served by adding new members with different skills, backgrounds or areas of experience. The Board of Directors considers director candidates, including those nominated by stockholders, based on a number of factors including: whether the board member will be “independent,” as such term is defined by the NYSE listing standards; whether the candidate possesses the highest personal and professional ethics, integrity and values; whether the candidate contributes to the overall diversity of the Board of Directors; and whether the candidate has an inquisitive and objective perspective, practical wisdom and mature judgment. Candidates are also evaluated on their understanding of our business, experience and willingness to devote adequate time to carrying out their duties. The nominating and corporate governance committee also monitors the mix of skills, experience and background to assure that the Board of Directors has the necessary composition to effectively perform its oversight function.

We do not have a formal policy about diversity, but the nominating and corporate governance committee does consider a broad range of diversity when nominating director candidates to the Board of Directors, including differences of viewpoint, professional experience, education, skill, other personal qualities and attributes, race, gender and national origin.

Corporate Governance Matters

We have adopted a code of business conduct and ethics that applies to all our executive officers and each member of our Board of Directors. We anticipate that any waivers of our code of business conduct and ethics will be posted on our web site. Current copies of the following documents are available at our web site at www.cysinv.com in the “Corporate Governance” area of the “Investor Relations” section:

- audit committee charter;
- compensation committee charter;
- nominating and corporate governance committee charter;
- risk management committee charter;
- code of business conduct and ethics; and
- corporate governance guidelines.

Each committee reviews its written charter annually.

Mr. Grant serves as both our Chairman and our Chief Executive Officer. Mr. Tyson serves as our lead independent director. Our lead independent director chairs executive sessions of the independent or non-management directors of our Board of Directors, and meetings of the full Board of Directors when the Chairman is absent and otherwise serves as a liaison between the independent and non-management directors, the full Board of Directors and management.

We believe that it is in the best interests of our stockholders for Mr. Grant to serve as our Chairman because of his unique insight into the Company as well as the residential mortgage backed securities market. We believe that a lead independent director mitigates the risk that having our Chief Executive Officer serve as our Chairman may cause management to have undue influence on our Board of Directors.

The board has established a risk management committee to oversee management’s risk management responsibilities. The risk management committee consists entirely of independent directors, interacts directly with our executive officers regarding enterprise risk management and reports to and assists the Board of Directors and the audit committee in assessing risk management and our overall risk profile. We believe that having a risk management committee that consists solely of independent directors will mitigate any risk of non-interested directors, including the Chairman, having undue influence over the Board of Directors with respect to its risk oversight duties.

As discussed above, the presiding director of independent, non-management sessions of the Board of Directors is Mr. Tyson. The independent directors can be contacted by any party via mail at the address listed below:

Executive Officer Compensation for 2009

Compensation Discussion and Analysis

We have engaged our Manager pursuant to the terms of an amended and restated management agreement, effective as of January 1, 2009. See “Certain Relationships and Related Transactions” for a description of the terms of the management agreement, including the management fees payable to our Manager thereunder and our

reimbursement obligations to our Manager. Under our management agreement, our Manager has agreed to provide us with a management team, including a chief executive officer, chief financial officer and chief operating officer or similar positions. Our officers are employees of Sharpridge, a sub-advisor to our Manager, and receive their compensation from Sharpridge. Sharpridge determines the levels of base salary and bonus that may be earned by our officers based in part on the time required for the performance of the duties of our Manager under the management agreement and such other factors as Sharpridge may determine are appropriate. Additionally, we may grant awards pursuant to the Plan to our Manager, its sub-advisors or their respective employees. The fees that we pay our Manager under the management agreement are, through the distributions of our Manager's income to Sharpridge, the sources of funds that Sharpridge uses to compensate our officers. We have not paid any cash or equity compensation to any of our officers in their capacity as an officer of Company; however, these officers did receive restricted stock grants in 2009 in their capacity as employees of Sharpridge.

COMPENSATION COMMITTEE REPORT

Our compensation committee reviewed and discussed with our management the "Compensation Discussion and Analysis" contained in this proxy statement. Based on that review and discussions, our compensation committee recommends to the Board of Directors that the "Compensation Discussion and Analysis" be included in this proxy statement.

Compensation Policies and Practices as They Relate to Risk Management

Although we do not directly compensate our officers and the officers and employees of our Manager and Sharpridge, their compensation is derived from the management fees we pay to our Manager and grants of awards made by us to our Manager, its sub-advisors or their respective officers and employees pursuant to the Plan. We do not believe that our fee arrangement with our Manager or the grants of equity awards made by us to our Manager, its sub-advisors or their respective officers and employees encourages excessive or unnecessary risk-taking. While risk-taking is a necessary part of growing a business, the compensation committee has focused on aligning our compensation policies with our long-term interests and avoiding short-term rewards for our Manager, its sub-advisors and their respective officers' and employees' decisions that could pose long-term risks to us, as follows:

- *Management Fees*—We pay our Manager a base management fee that is calculated based on a percentage of our net assets. This percentage decreases as our net assets increase. We do not pay our Manager any incentive fee. Furthermore, because our net assets would decrease if we experienced losses, and, consequently, our Manager's base management fee would decrease, we believe that our Manager is not incentivized to sacrifice long-term performance for short-term gains.
- *Restricted Stock Awards*—With the exception of stock options granted to Mr. Grant upon our initial capitalization in 2006, we have since only issued restricted stock from the Plan. The forfeiture restrictions on such restricted stock lapse over a period of years. We believe that this lapsing period encourages our executives to focus on sustaining our long-term performance.

In summary, our compensation program is structured so that a considerable amount of wealth of our executives is tied to our long-term financial success. We avoid disproportionately large, short-term incentives that could encourage executives to take risks that may not be in our long-term interests, and we provide incentives to manage for long-term performance. We believe this combination of factors encourages our executives and our Manager to manage us in a prudent manner.

We expect that a representative of Deloitte & Touche LLP will be present at the Annual Meeting, will be given the opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions.

The Board of Directors recommends a vote FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accountants.

AUDIT COMMITTEE REPORT

The audit committee oversees the Company’s financial reporting process on behalf of the Board of Directors, in accordance with the audit committee charter. Management is responsible for the Company’s financial statements and the financial reporting process, including the system of internal controls. The Company’s independent registered public accounting firm, Deloitte & Touche LLP, is responsible for expressing an opinion on the conformity of the Company’s audited financial statements with generally accepted accounting principles.

In fulfilling its oversight responsibilities, the audit committee reviewed with management and Deloitte & Touche LLP the audited financial statements included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2009, and discussed with management the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The audit committee also reviewed and discussed with management and Deloitte & Touche LLP the disclosures made in “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and “Controls and Procedures” included in the Annual Report on Form 10-K for the year ended December 31, 2009.

In addition, the audit committee discussed and received the written disclosures and the letter from the independent registered public accountants required by the applicable requirements of the Public Company Accounting Oversight Board, and the audit committee discussed with the independent registered public accountants the auditors' independence from management and us and the matters required to be discussed by the statement on Auditing Standards No. 61, as amended.

In reliance on the reviews and discussions referred to above, prior to the filing of the Company's Annual Report on Form 10-K for the year ended December 31, 2009 with the SEC, the audit committee recommended to the Board of Directors (and the Board of Directors approved) that the audited financial statements be included in such annual report for filing with the SEC.

The members of the audit committee are not professionally engaged in the practice of auditing or accounting. Members of the audit committee rely, without independent verification, on the information provided to them and on the representations made by management and the independent registered public accountants. Accordingly, the audit committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the audit committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that Deloitte & Touche LLP is in fact "independent."

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act (“Section 16(a)”) requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities (“10% Holders”), to file reports of ownership and changes in ownership with the SEC. Officers, directors and 10% Holders are required by SEC regulation to furnish us with copies of all Section 16(a) forms that they file. To our knowledge, based solely on review of the copies of such reports furnished to us, or written representations from reporting persons that all reportable transactions were reported, we believe that during the fiscal year ended December 31, 2009 the executive officers, directors and 10% Holders timely filed all reports they were required to file under Section 16(a).

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Management Agreement

Our management agreement with our Manager provides for the day-to-day management of our operations. The management agreement requires our Manager to manage our business affairs in conformity with the policies and the investment guidelines that are approved and monitored by our Board of Directors. Our chief executive officer, chief financial officer, chief operating officer and secretary also serve as officers of our Manager. As a result, the management agreement between us and our Manager was negotiated between related parties, and the terms, including fees payable, may not be as favorable to us as if it had been negotiated with an unaffiliated third-party.

During 2007, 2008 and 2009, we paid our Manager approximately \$2.4 million, approximately \$1.6 million and approximately \$2.8 million in base management fees, respectively. The only incentive compensation earned by our Manager to date, which was approximately \$0.2 million during 2007, was waived by our Manager. We and our Manager have agreed that our Manager no longer will be eligible to receive any incentive compensation under our management agreement. During 2007, we did not reimburse any expenses to our Manager because our Manager waived its right to seek such reimbursement. Commencing January 1, 2008, we began reimbursing our Manager for the expenses described above which amounted to approximately \$0.9 million and approximately \$0.9 million for the years ended December 31, 2008 and 2009, respectively.

License Agreement

In connection with our initial capitalization, we entered into license agreements with each of Cypress and Sharpridge pursuant to which each of Cypress and Sharpridge granted us a non-exclusive, royalty-free license to use the names and trademarks “Cypress” and “Sharpridge.” Under these agreements, we have a right to use these names and trademarks, for so long as each firm or one of its affiliates remain affiliated with our Manager. Other than with respect to these limited licenses, we have no legal right to either the “Cypress” or “Sharpridge” names. Each license agreement will remain in effect so long as the management agreement with our Manager and the respective sub-advisory agreement is in effect. As a result, in the event the management agreement or the respective sub-advisory agreement is terminated or expires, we would be required to change our name to eliminate the use of “Cypress” or “Sharpridge,” as the case may be.

Options and Restricted Stock Awards

We have granted shares of restricted stock to our independent directors and shares of restricted stock and options to purchase shares of our common stock to certain officers and employees of Sharpridge, which serves as a sub-advisor to our Manager, and other individuals who provide services to us, as designated by our Manager.

On December 17, 2009, the compensation committee of our Board of Directors approved grants of an aggregate of 538,000 restricted shares of the Company's common stock to certain employees of Sharpridge. The grants were awarded pursuant to the Plan. The grants were valued at approximately \$13.62 per share, which made the amount of the grant valued at approximately \$7.3 million. Mr. Grant, Ms. Spark, Mr. Cleary, and Mr. Rosenbloom, each of whom serves as an executive officer of the Company and is employed by Sharpridge, received grants of 220,000, 60,000, 60,000 and 60,000 restricted shares of common stock, respectively. The grants to the executive officers of the Company were each made pursuant to a five-year vesting period and were completed pursuant to a restricted stock award agreement with each executive officer. The restricted stock vests annually in the following increments: 15% on the first anniversary of the grant date, 15% on second anniversary of the grant date, 20% on the third anniversary of the grant date, 20% on the fourth anniversary of the grant date and 30% on the fifth anniversary of the grant date. The restricted stock that was granted to the other employees of Sharpridge that do not serve as our executive officers vests ratably on each of the first, second and third anniversaries of the grant date.

Purchases of Common Stock by Executive Officers, Directors and Affiliates

Certain of our executive officers and directors, and certain officers and employees of our Manager and its sub-advisors and other affiliates, own shares of our common stock as a result of purchases of our common stock in our February 2006 and December 2006 private offerings, our initial public offering and open market transactions. All of these securities were purchased at the same price paid by other third party investors.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers. The indemnification agreements require, among other things, that we indemnify our directors and certain officers to the fullest extent permitted by law and advance to our directors and certain officers all related expenses, subject to reimbursement if it is subsequently determined that indemnification is not permitted.

Pursuant to the management agreement with our Manager, we have agreed to indemnify our Manager, its members and any person controlling or controlled by the members and any person providing sub-advisory services to our Manager and the managers, officers, directors and employees of our Manager, its members and any such person with respect to all expenses, losses, damages, liabilities, demands, charges and claims arising from acts of such indemnified party not constituting bad faith, willful misconduct, gross negligence, or reckless disregard of duties, performed in good faith in accordance with and pursuant to the management agreement.

Related Person Transaction Policy

Our Board of Directors has adopted a policy regarding the approval of any "related person transaction," which is any transaction or series of transactions in which we or any of our subsidiaries is or are to be a participant, the amount involved exceeds \$120,000 and a "related person" (as defined under SEC rules) has a direct or indirect material interest. Under the policy, a related person would need to promptly disclose to our corporate secretary any related person transaction and (i) all material facts about the transaction, (ii) the benefits to us of the related party transaction, (iii) if applicable, the availability of other sources of comparable products and services and (iv) an assessment of whether the proposed transaction is on terms that are comparable to the terms available to an unrelated third party or to employees generally. Our corporate secretary would then assess whether the proposed transaction is a "related person transaction" and, if so, promptly communicate that information to the audit committee. Based on its consideration of all of the relevant facts and circumstances, this

committee will decide whether or not to approve such transaction. If we become aware of an existing related person transaction that has not been pre-approved under this policy, the transaction will be referred to this committee, which will evaluate all options available, including ratification, revision or termination of such transaction. Our policy requires any member of the audit committee who may be interested in a related person transaction to recuse himself or herself from any consideration of such related person transaction.

A copy of the bylaws may be obtained from our corporate secretary by written request to the same address.

“HOUSEHOLDING” OF PROXY STATEMENT AND ANNUAL REPORTS

The SEC rules allow for the delivery of a single copy of an annual report to stockholders and proxy statement to any household at which two or more stockholders reside, if it is believed the stockholders are members of the same family. This delivery method, known as “householding,” will save us printing and mailing costs. Duplicate account mailings will be eliminated by allowing stockholders to consent to such elimination, or through implied consent, if a stockholder does not request continuation of duplicate mailings. Brokers, dealers, banks or other nominees or fiduciaries that hold shares of our common stock in “street” name for beneficial owners of our common stock and that distribute proxy materials and annual reports they receive to beneficial owners may be householding. Depending upon the practices of your broker, bank or other nominee or fiduciary, you may need to contact them directly to discontinue duplicate mailings to your household. If you wish to revoke your consent to householding, you must contact your broker, bank or other nominee or fiduciary.

If you hold shares of common stock in your own name as a holder of record, householding will not apply to your shares. Also, if you own shares of common stock in more than one account, such as individually and also jointly with your spouse, you may receive more than one set of our proxy statements and annual reports to stockholders. To assist us in saving money and to provide you with better stockholder services, we encourage you to have all of your accounts registered in the same name and address. You may do this by contacting the Company's transfer agent, Computershare, using the contact information provided below.

To participate in householding, no action is required on your part, and the new process will be effective 60 days after the mailing of this notice, provided that you do not revoke your consent. We will not implement the new process until the 2011 annual meeting of stockholders. If you decide to revoke your consent and prefer to receive individual copies of the Stockholder Documents, please call our transfer agent, Computershare, acting on behalf of Cypress Sharpridge Investments, Inc., at (800) 622-6757 within the U.S. and Canada or (781) 575-4735 outside the U.S. and Canada or write to:

Your consent to receive a consolidated mailing of your Stockholder Documents will continue until you revoke your consent as indicated above and request individual copies of your Stockholder Documents. In that case, individual delivery will resume no later than 30 days after you revoke your consent.

If you wish to request extra copies free of charge of any annual report to stockholders or proxy statement, please send your request to Cypress Sharpridge Investments, Inc., 65 East 55th Street, New York, New York 10022, Attention: Secretary.
