Wyndham Destinations Reports Second Quarter 2018 Results

ORLANDO, Fla. (August 8, 2018) — Wyndham Destinations, Inc. (NYSE:WYND), which began trading under the ticker WYND on June 1, 2018, today reported second quarter 2018 financial results for the three months ended June 30, 2018.

Results are reported in accordance with U.S. generally accepted accounting principles (GAAP) and are also reported adjusting for certain items (non-GAAP). The Company is also presenting non-GAAP results for the three and six month periods ended June 30, 2018 and 2017 on a further adjusted basis as if the spin-off of its hotel business and the sale of its European vacation rentals business had occurred for all periods presented. A full reconciliation of GAAP results to the Company's non-GAAP measures for all reported periods are available in the financial tables section of this press release. Highlights include:

- **Reported revenue, net income and diluted earnings per share (EPS) of \$1.0 billion, \$378 million and \$3.77, respectively.**
- **Further adjusted net income increased 9% to \$125 million. Further adjusted diluted EPS increased 14% to \$1.25, compared to guidance of \$1.13 - \$1.23.**
- **Further adjusted EBITDA increased 7% to \$249 million, compared to guidance of \$240 - \$250 million.**
- **Repurchased \$42 million of stock in the second quarter, including \$15 million in June.**
- **Reaffirmed full-year 2018 revenue and further adjusted EBITDA guidance and increased further adjusted diluted EPS guidance to \$4.74 - \$4.94.**

"During the second quarter Wyndham Destinations completed the spin-off of Wyndham Hotels & Resorts to become a pure-play vacation ownership and exchange company," said Michael D. Brown, president and chief executive officer of Wyndham Destinations.

"Our team has executed extremely well on our key strategic priorities over a busy period. We are very pleased with a strong second quarter to finish a robust first half of 2018, with solid results in both of our operating segments. During the second quarter, we increased further adjusted EBITDA by 7%, EBITDA margin by 90 basis points, new owner mix by 260 basis points and initiated our first post-spin buyback of Wyndham Destinations shares."

"Looking ahead, we are committed to driving growth in our core business and delivering value to our shareholders. Wyndham Destinations is on track and today we reaffirm our full-year revenue and further adjusted EBITDA guidance and commitment to return capital to shareholders through dividends and share repurchases," said Brown.

Results From Continuing Operations

On May 9, 2018, the Company sold its European vacation rentals business to an affiliate of Platinum Equity, LLC, generating net proceeds of \$1.03 billion and on May 31, 2018, the Company completed the spin-off of its hotel business into a separate publicly traded company. Wyndham Destinations is the world's largest vacation ownership and exchange company. For all periods presented, the results of

operations for the hotel business and the European vacation rentals business have been classified as discontinued operations.

During the second quarter of 2018, reported revenues, loss from continuing operations and loss from continuing operations per diluted share from continuing operations were \$1.0 billion, \$(12) million and \$(0.12), respectively. This compared to reported revenues of \$978 million, income from continuing operations of \$14 million and diluted EPS from continuing operations of \$0.13 in the second quarter of 2017. Total second quarter 2018 adjusted EBITDA from continuing operations increased 7% to \$243 million.

Company Results — Further Adjusted

Second quarter 2018 and 2017 further adjusted results are presented as if Wyndham Destinations were separated from Wyndham Hotels & Resorts for all periods presented.

During the second quarter of 2018, further adjusted net income was \$125 million and further adjusted diluted EPS was \$1.25 based on 100 million diluted shares outstanding. Further adjusted EBITDA was \$249 million compared to \$233 million in the second quarter of 2017 and was within the Company's guidance of \$240 million to \$250 million.

In the second quarter of 2018, further adjusted EBITDA as compared to adjusted EBITDA included \$5 million of incremental license fee expense and other changes being effected in conjunction with the spin-off for the first two months of the second quarter of 2018. In addition, results excluded \$11 million of corporate and other costs to reflect the Company's position as if the spin-off of its hotel business and the sale of its European vacation rentals business had occurred for all periods presented.

In the second quarter of 2017, further adjusted EBITDA, as compared to adjusted EBITDA, included \$7 million of incremental license fee expense and other changes being effected in conjunction with the spin-off for the entire second quarter of 2017. In addition, results excluded \$12 million of corporate and other costs to reflect the Company's position as if the spin-off of its hotel business and the sale of its European vacation rentals business had occurred for all periods presented.

These adjustments are described in further detail in Table 5.

Business Segment Results

Vacation Ownership

<i>\$ in millions</i>	<i>2018</i>	<i>2017</i>	<i>% change</i>
Revenue	\$770	\$745	3%
Adjusted EBITDA	\$194	\$185	5%
Further Adjusted EBITDA	\$188	\$179	5%

Vacation ownership revenues increased 3%, primarily due to a 7% increase in gross vacation ownership interest (VOI) sales of \$602 million and offset by increases in the mix of fee-for-service sales as well as an increase in the loan loss provision. Tour flow increased 3% and Volume Per Guest (VPG) increased 5%. The mix of new owner sales increased 260 basis points year-over-year and new owner sales volume increased 16%.

Vacation Ownership further adjusted EBITDA increased 5% to \$188 million, primarily due to revenue growth of 3%, consumer finance income growth and cost efficiencies in general and administrative expenses.

Consumer finance gross receivables grew 5% year-over-year to \$3.6 billion. The provision for loan loss as a percentage of gross VOI sales, net of fee-for-service sales was 21.4% at the end of the second quarter of 2018. The provision for loan loss increased to \$126 million, with the \$16 million year-over-year increase due to \$7 million of higher financing volume and \$9 million of higher default activity. The allowance for loan losses as a percentage of the Company's loan portfolio was 19.5% at the end of the second quarter of 2018, compared to 19.2% at the end of first quarter of 2018.

Exchange & Rentals

<i>\$ in millions</i>	2018	2017	% change
Revenue	\$238	\$234	2%
Adjusted EBITDA	\$70	\$65	8%
Further Adjusted EBITDA	\$70	\$65	8%

Exchange & Rentals revenues increased 2%, primarily due to 1% growth in average members. Further adjusted EBITDA increased \$5 million, or 8%, including a \$3 million benefit from currency. Excluding the effect of currency, further adjusted EBITDA would have increased 3%.

Balance Sheet and Liquidity

Net Debt — As of June 30, 2018, the Company's leverage ratio was 2.9x. The Company had \$3.0 billion of corporate debt outstanding, which excluded \$2.1 billion of non-recourse debt related to its securitized notes receivable. Refer to Table 9 for definitions of net debt and leverage ratio.

- Revenues of \$3.975 billion to \$4.085 billion
- Further adjusted EBITDA of \$955 million to \$975 million

The Company is revising its further adjusted full-year 2018 net income and diluted EPS guidance as follows:

- Further adjusted net income of \$476 million to \$496 million, compared to the previous expectation of \$463 million to \$483 million
- Stock based compensation of \$16 million to \$20 million, compared to the previous expectation of \$33 million to \$37 million
- Further adjusted diluted EPS of \$4.74 to \$4.94, compared to the previous expectation of \$4.55 to \$4.75, to reflect a lower share count of 101 million shares outstanding and lower stock based compensation

The Company's guidance assumes that the spin-off of its hotel business and the sale of its European vacation rentals business had been completed on January 1, 2018. More detailed projections are available in Table 8 of this press release.

In determining further adjusted net income, further adjusted EBITDA and further adjusted diluted EPS, the Company excludes certain items which are otherwise included in determining the comparable GAAP financial measures, as described in Table 5 of this press release. The Company is providing guidance on a further adjusted basis for net income, EBITDA and diluted EPS. This guidance is presented only on a non-GAAP further adjusted basis because not all of the information necessary for a quantitative reconciliation of forward-looking non-GAAP financial measures to the most directly comparable GAAP financial measure is available without unreasonable effort, primarily due to uncertainties relating to the occurrence or amount of these adjustments that may arise in the future. Unavailable reconciling items could significantly impact the Company's financial results. Please refer to Table 8 for further information.

Presentation of Financial Information

Financial information discussed in this press release includes non-GAAP measures, which include or exclude certain items. The Company utilizes non-GAAP measures on a regular basis to assess performance of its reportable segments and allocate resources. These non-GAAP measures differ from reported GAAP results and are intended to illustrate what management believes are relevant period-over-period comparisons and are helpful to investors as an additional tool for further understanding and assessing the Company's ongoing operating performance. Management also internally uses these measures to assess our operating performance, both absolutely and in comparison to other companies, and in evaluating or making selected compensation decisions. Exclusion of items in the Company's non-GAAP presentation should not be considered an inference that these items are unusual, infrequent or non-recurring. Full reconciliations of GAAP results to the comparable non-GAAP measures for the reported periods appear in the financial tables section of the press release.

The table above reconciles certain non-GAAP financial measures to their closest GAAP measure. The presentation of these adjustments is intended to permit the comparison of particular adjustments as they appear in the income statement in order to assist investors' understanding of the overall impact of such adjustments. In addition to GAAP financial measures, the Company provides adjusted net income from continuing operations and adjusted diluted EPS from continuing operations to assist our investors in evaluating our ongoing operating performance for the current reporting period and, where provided, over different reporting periods, by adjusting for certain items which in our view do not necessarily reflect ongoing performance. We also internally use these measures to assess our operating performance, both absolutely and in comparison to other companies, and in evaluating or making selected compensation decisions. These supplemental disclosures are in addition to GAAP reported measures. Non-GAAP measures should not be considered a substitute for, nor superior to, financial results and measures determined or calculated in accordance with GAAP.

- (a) Amortization of acquisition-related assets is excluded from adjusted net income from continuing operations, adjusted EBITDA, further adjusted EBITDA and further adjusted net income from continuing operations.
- (b) Debt modification costs in interest expense are excluded from adjusted net income from continuing operations, adjusted EBITDA, further adjusted EBITDA and further adjusted net income from continuing operations.
- (c) In the three months ended June 30, 2018, amounts represent the tax effect of the adjustments offset by \$30 million of non-cash state tax expense related to the separation of the hotel business. In the six months ended June 30, 2018, amounts represent the tax effect of the adjustments partially offset by \$30 million of non-cash state tax expense related to the separation of the hotel business and \$13 million of non-cash tax expense from certain internal restructurings associated with the sale of its European vacation rentals business.
- (d) Stock-based compensation is excluded from further adjusted EBITDA but included as a reduction to further adjusted net income from continuing operations.
- (e) Includes incremental license fees paid to Wyndham Hotels & Resorts and other changes being effected in conjunction with the spin-off.
- (f) Corporate and other costs reflect the Company's position as if the spin-off of its hotel business and the sale of its European vacation rentals business had occurred for all reported periods.
- (g) Includes expected depreciation related to retained Wyndham Destinations' corporate assets.
- (h) Interest expense was calculated based on \$3.0 billion of outstanding debt and a non-investment-grade rating, resulting in higher interest rates for select tranches of notes.
- (i) For comparative purposes this assumes a stabilized effective tax rate of 27% in all quarters, excluding the second quarter of 2018 which assumes a tax rate of 28%. The rate used for 2017 reflects the benefit of the tax rate reduction resulting from the U.S. Tax Cuts and Jobs Act.

Wyndham Destinations
 Non-GAAP Measure: Reconciliation of Gross VOI Sales
(in millions)

The Company believes gross VOI sales provide an enhanced understanding of the performance of its vacation ownership business because it directly measures the sales volume of this business during a given reporting period.

The following table provides a reconciliation of Gross VOI sales (see Table 3) to Net VOI sales (see Table 4):

Note: Amounts may not add due to rounding. The Company is providing guidance for net income, EBITDA and diluted EPS only on a non-GAAP further adjusted basis because not all of the information necessary for a quantitative reconciliation of forward-looking non-GAAP financial measures to the most directly comparable GAAP financial measure is available without unreasonable effort, primarily due to uncertainties relating to the occurrence or amount of these adjustments or other potential adjustments that may arise in the future. Unavailable reconciling items could significantly impact the Company's financial results. Definitions are included in Table 9.

- (a) Includes incremental license fees paid to Wyndham Hotels & Resorts and other changes being effected in conjunction with the spin-off.
(b) Represents the difference between corporate costs incurred and those expected to be incurred following the spin-off and transition period.
(c) Excludes amortization of acquisition-related intangible assets. Includes expected depreciation related to retained Wyndham Destinations' corporate assets.
(d) Interest expense was calculated based on \$3.0 billion of outstanding debt and a non-investment-grade rating, resulting in higher interest rates for select tranches of notes.
(e) Assumes a stabilized effective tax rate of approximately 27% in all quarters, excluding the second quarter of 2018 which assumes a tax rate of approximately 28%. The rate used for 2017 reflects the benefit of the tax rate reduction resulting from the U.S. Tax Cuts and Jobs Act.

Definitions

Adjusted EBITDA: A non-GAAP measure, defined by the Company as net income before depreciation and amortization, interest expense (excluding consumer financing interest), modification of debt, interest income (excluding consumer financing revenues) and income taxes, each of which is presented on the Condensed Consolidated Statements of Income. Adjusted EBITDA also excludes stock-based compensation costs, separation and restructuring costs, transaction costs and impairments, and items that meet the conditions of unusual and/or infrequent. We believe that Adjusted EBITDA is useful to assist our investors in evaluating our ongoing operating performance for the current reporting period and, where provided, over different reporting periods. We also internally use these measures to assess our operating performance, both absolutely and in comparison to other companies, and in evaluating or making selected compensation decisions. Adjusted EBITDA should not be considered in isolation or as a substitute for net income or other income statement data prepared in accordance with GAAP and our presentation of Adjusted EBITDA may not be comparable to similarly-titled measures used by other companies.

Further adjusted earnings measures: A non-GAAP measure, defined by the Company to exclude certain items including impairment charges, restructuring and other related charges, transaction-related items, contract termination costs and other significant charges which in the Company's view does not reflect ongoing performance. Further adjusted earnings measures adjust for license fees, credit card income and corporate expense to reflect the performance of the Company as if it were separated from Wyndham Hotels & Resorts during all reported periods. All further adjusted earnings measures are reported from continuing operations, unless otherwise noted. Wyndham Destinations believes that these measures are useful to investors as supplemental measures in evaluating the aggregate performance of the Company. A full reconciliation of non-GAAP measures to GAAP are included in Table 5.

Gross Vacation Ownership Interest Sales: Represents sales of vacation ownership interests (VOIs), including sales [conducted by us on behalf our affiliated resorts], before the net effect of percentage-of-completion accounting and loan loss provisions. We believe gross VOI sales provide an enhanced understanding of the performance of our vacation ownership business because it directly measures the sales volume of this business during a given reporting period.

Tours: Represents the number of tours taken by guests in our efforts to sell VOIs.

Volume Per Guest (VPG): Represents Gross VOI sales (excluding tele-sales upgrades, which are non-tour upgrade sales) divided by the number of tours. The Company has excluded non-tour upgrade sales in the calculation of VPG because non-tour upgrade sales are generated by a different marketing channel.

Average Number of Members: Represents members in our vacation exchange programs who paid annual membership dues as of the end of the period or who are within the allowed grace period. For additional fees, such participants are entitled to exchange intervals for intervals at other properties affiliated with the Company's vacation exchange business. In addition, certain participants may exchange intervals for other leisure-related services and products.

Exchange Revenue Per Member: Represents total annualized revenues generated from fees associated with memberships, exchange transactions, member-related rentals and other servicing for the period divided by the average number of vacation exchange members during the period.

Free Cash Flow (FCF): A non-GAAP measure, defined by the Company as Net Cash provided by operating activities less property and equipment additions which the Company also refers to as capital expenditures and less the sum of proceeds and principal payments of non-recourse vacation ownership debt. The Company believes free cash flow to be a useful operating performance measure to evaluate the ability of its operations to generate cash for uses other than capital expenditures and, after debt service and other obligations, its ability to grow its business through acquisitions, development advances and equity investments, as well as its ability to return cash to shareholders through dividends and share repurchases. A limitation of using free cash flow versus the GAAP measures of net cash provided by operating activities as a means for evaluating Wyndham Destinations is that free cash flow does not represent the total cash movement for the period as detailed in the consolidated statement of cash flows.

Net Debt: Net debt equals total debt outstanding, less non-recourse vacation ownership debt and cash and cash equivalents.

Leverage Ratio: The Company calculates leverage ratio as net debt divided by adjusted EBITDA.
