PROXY STATEMENT

2011 Annual Meeting of Stockholders

General

We are furnishing you this proxy statement in connection with the solicitation of proxies by our Board of Directors for the 2011 Annual Meeting of Stockholders (the "Annual Meeting"). We are first furnishing this proxy statement and the accompanying form of proxy to stockholders on or about January 28, 2011. In this proxy statement, we refer to Fifth Street Finance Corp. as the "Company," "FSC," "we," "our" or "us" and the Board of Directors as the "Board." When we refer to FSC's fiscal year, we mean the 12-month period ending September 30 or, if applicable, September 30 of the stated year (for example, fiscal year 2010 is October 1, 2009 through September 30, 2010).

We encourage you to vote your shares, either by voting in person at the Annual Meeting or by granting a proxy (*i.e.*, authorizing someone to vote your shares). If you properly sign and date the accompanying proxy card or otherwise provide voting instructions, either via the Internet or telephone, and the Company receives it in time for the Annual Meeting, the persons named as proxies will vote the shares registered directly in your name in the manner that you specified. **If you give no instructions on the proxy card, the shares covered by the proxy card will be voted FOR the election of the nominees as directors and FOR the other matters listed in the accompanying Notice of Annual Meeting of Stockholders.**

Annual Meeting Information

Date and Location

We will hold the Annual Meeting on March 25, 2011 at 10:00 a.m., local time, at our offices at 10 Bank Street, 12th Floor, White Plains, NY 10606.

Availability of Proxy and Annual Meeting Materials

This proxy statement and the accompanying annual report on Form 10-K for the year ended September 30, 2010 are also available at the following cookies-free website that can be accessed anonymously: www.proxyvote.com.

Purpose of Annual Meeting

At the Annual Meeting, you will be asked to vote on the following proposals:

1. To elect two directors of the Company, each of whom will serve until the 2014 Annual Meeting of Stockholders, or until their successors are duly elected and qualified;
2. To ratify the selection of PricewaterhouseCoopers LLP to serve as the Company's independent registered public accounting firm for the Company for the fiscal year ending September 30, 2011;
3. To approve Company authorization to issue warrants, options or rights to subscribe to, convert to, or purchase the Company's common stock in one or more offerings; and
4. To transact such other business as may properly come before the Annual Meeting and any adjournments or postponements.

Voting Information

Record Date and Voting Securities

The record date for the Annual Meeting is the close of business on January 24, 2011 (the “Record Date”). You may cast one vote for each share of common stock that you owned as of the Record Date. All shares of common stock have equal voting rights and we do not have, nor does our restated certificate of incorporation authorize us to issue, any other class of equity security. On December 31, 2010, 55,059,057 shares of common stock were outstanding.

Quorum Required

A quorum must be present at the Annual Meeting for any business to be conducted. The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum. Abstentions will be treated as shares present for quorum purposes. Shares for which brokers have not received voting instructions from the beneficial owner of the shares and do not have discretionary authority to vote the shares on certain proposals (which are considered “broker non-votes” with respect to such proposals) will be treated as shares present for quorum purposes.

If a quorum is not present at the Annual Meeting, the stockholders who are represented may adjourn the Annual Meeting until a quorum is present. The persons named as proxies will vote those proxies for such adjournment, unless marked to be voted against any proposal for which an adjournment is sought, to permit the further solicitation of proxies.

Submitting Voting Instructions for Shares Held Through a Broker

If you hold shares of common stock through a broker, bank or other nominee, you must follow the voting instructions you receive from your broker, bank or nominee. If you hold shares of common stock through a broker, bank or other nominee and you want to vote in person at the Annual Meeting, you must obtain a legal proxy from the record holder of your shares and present it at the Annual Meeting. If you do not vote in person at the Annual Meeting or submit voting instructions to your broker, your broker may still be permitted to vote your shares on certain routine matters. If your shares are held by a broker on your behalf and you do not instruct the broker as to how to vote these shares on proposals 1 or 3, the broker may not exercise discretion to vote for or against those proposals. These shares will not be counted as having been voted on the applicable proposal. With respect to proposal 2, the broker may exercise its discretion to vote for or against that proposal in the absence of your instruction. **Please instruct your bank or broker so your vote can be counted.**

Authorizing a Proxy for Shares Held in Your Name

If you are a record holder of shares of common stock, you may authorize a proxy to vote on your behalf by mail, as described on the enclosed proxy card. Authorizing your proxy will not limit your right to vote in person at the Annual Meeting. A properly completed and submitted proxy will be voted in accordance with your instructions, unless you subsequently revoke your instructions. If you authorize a proxy without indicating your voting instructions, the proxyholder will vote your shares according to the Board’s recommendations. Stockholders of record may also vote either via the Internet or by telephone. Specific instructions to be followed by stockholders of record interested in voting via the Internet or telephone are shown on the enclosed proxy card. Internet and telephone voting procedures are designed to authenticate the stockholder’s identity and to allow stockholders to vote their shares and confirm that their instructions have been properly recorded. A stockholder that votes through the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, which will be borne by the stockholder.

Revoking Your Proxy

If you are a stockholder of record, you can revoke your proxy at any time before it is exercised by (1) delivering a written revocation notice prior to the Annual Meeting to our Secretary, Bernard Berman, at Fifth Street Finance Corp., 10 Bank Street, 12th Floor, White Plains, NY 10606, Attention: Corporate Secretary; (2) submitting a later-dated proxy that we receive no later than the conclusion of voting at the Annual Meeting; or (3) voting in person at

the Annual Meeting. If you hold shares of common stock through a broker, bank or other nominee, you must follow the instructions you receive from your nominee in order to revoke your voting instructions. Attending the Annual Meeting does not revoke your proxy unless you also vote in person at the Annual Meeting.

Internet and telephone procedures for voting and for revoking or changing a vote are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been properly recorded. A stockholder that votes through the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, which will be borne by the stockholder.

Votes Required

Election of Directors. The affirmative vote of a majority of the votes cast at the Annual Meeting is required to elect each of the nominees as a director (*i.e.*, the number of shares voted "for" each of the nominees must exceed the number of votes "against" each of the nominees). Abstentions will not be included in determining the number of votes cast and, as a result, will have no effect on this proposal. Shares represented by broker non-votes are not considered entitled to vote and thus are not counted for purposes of determining whether the proposal has been approved.

Ratification of Independent Registered Public Accounting Firm. The affirmative vote of a majority of the votes cast at the Annual Meeting is required to ratify the appointment of PricewaterhouseCoopers LLP to serve as the Company's independent registered public accounting firm (*i.e.*, the number of shares voted "for" the ratification of the appointment of PricewaterhouseCoopers LLP exceeds the number of votes "against" the ratification of the appointment of PricewaterhouseCoopers LLP). Abstentions will not be included in determining the number of votes cast and, as a result, will have no effect on this proposal. Because brokers will have discretionary authority to vote for the ratification of the selection of the Company's registered independent public accounting firm in the event that they do not receive voting instructions from the beneficial owner of the shares, there should not be any broker non-votes with respect to this proposal.

Approval to authorize us to issue warrants, options or rights to subscribe to, convert to, or purchase our common stock in one or more offerings. The affirmative vote of a majority of the votes cast at the Annual Meeting in person or by proxy is required to approve this proposal. Abstentions will not be included in determining the number of votes cast and, as a result, will have no effect on this proposal. Shares represented by broker non-votes are not considered entitled to vote and thus are not counted for purposes of determining whether the proposal has been approved.

Information Regarding This Solicitation

The Company will bear the expense of the solicitation of proxies for the Annual Meeting. We have requested that brokers, nominees, fiduciaries and other persons holding shares in their names, or in the names of their nominees, which are beneficially owned by others, forward the proxy materials to, and obtain proxies from, such beneficial owners. We will reimburse such persons for their reasonable expenses in so doing.

In addition to the solicitation of proxies by the use of the mails, proxies may be solicited in person and by telephone or facsimile transmission by directors or officers of the Company or officers or employees of Fifth Street Management LLC ("Fifth Street Management"), our investment adviser (without special compensation therefor).

The following table sets forth, as of December 31, 2010, the beneficial ownership of each current director, the nominees for director, the Company's executive officers, each person known to us to beneficially own 5% or more of the outstanding shares of our common stock, and the executive officers and directors as a group. PROPOSAL 1 — ELECTION OF DIRECTORS

Our business and affairs are managed under the direction of our Board. Pursuant to our Amended and Restated By-laws, the Board may modify the number of members of the board of directors provided that the number of directors will not be fewer than five or greater than nine and that no decrease in the number of directors shall shorten the term of any incumbent director. The Board currently consists of seven members, of whom five are not “interested persons” of FSC, as defined in Section 2(a)(19) of the 1940 Act. Section 303A.01 of the NYSE Listed Company Manual requires that the Company maintain a majority of independent directors on the Board. Section 303A.00 provides that a director of a business development company (“BDC”) shall be considered to be independent if he or she is not an “interested person” of the Company, as defined in Section 2(a)(19) of the 1940 Act.

Under our charter, our directors are divided into three classes. Each class of directors will hold office for a three-year term, and until his or her successor is duly elected and qualified. At each Annual Meeting, the successors to the class of directors whose terms expire at such meeting will be elected to hold office for a term expiring at the Annual Meeting of Stockholders held in the third year following the year of their election and until their successors have been duly elected and qualified or any director’s earlier resignation, death or removal.

Messrs. Dunn and Haney have been nominated for re-election for three-year terms expiring in 2014. No person being nominated as a director is being proposed for election pursuant to any agreement or understanding between any such person and the Company. At our 2010 Annual Meeting, Messrs. Dutkiewicz, Meyer and Ray were reelected to our Board of Directors and no director received a withhold/against vote of 10% or greater.

A stockholder can vote for or against each of the nominees or abstain from voting. Abstentions will not be included in determining the number of votes cast and, as a result, will have no effect on the election of directors. Shares represented by broker non-votes are not considered entitled to vote and thus are not counted for purposes of determining whether each of the nominees for election as a director have been elected. **In the absence of instructions to the contrary, it is the intention of the persons named as proxies to vote such proxy FOR the election of the nominees named below.** If a nominee should decline or be unable to serve as a director, it is intended that the proxy will be voted for the election of such person nominated as a replacement. The Board has no reason to believe that the persons named will be unable or unwilling to serve.

Our Board unanimously recommends a vote “FOR” this proposal.

Board Leadership Structure

Our Board of Directors monitors and performs an oversight role with respect to our business and affairs, including with respect to investment practices and performance, compliance with regulatory requirements and the services, expenses and performance of service providers to us. Among other things, our Board of Directors approves the appointment of our investment adviser and our officers, reviews and monitors the services and activities performed by our investment adviser and our executive officers and approves the engagement, and reviews the performance of, our independent registered public accounting firm.

Under our Amended and Restated By-laws, our Board of Directors may designate a Chairman to preside over the meetings of the Board of Directors and meetings of the stockholders and to perform such other duties as may be assigned to him by the Board of Directors. We do not have a fixed policy as to whether the Chairman of the Board of Directors should be an independent director and believe that we should maintain the flexibility to select the Chairman and reorganize the leadership structure, from time to time, based on the criteria that is in our best interests and the best interests of our stockholders at such times. Our Board of Directors has established corporate governance procedures to guard against, among other things, an improperly constituted Board. Pursuant to our Corporate Governance Policy, whenever the Chairman of the Board is not an independent director, the Chairman of the Nominating and Corporate Governance Committee will act as the presiding independent director at meetings of the “Non-Management Directors” (which will include the independent directors and other directors who are not officers of the Company even though they may have another relationship to the Company or its management that prevents them from being independent directors).

Presently, Mr. Tannenbaum serves as the Chairman of our Board of Directors and he is also our Chief Executive Officer. We believe that Mr. Tannenbaum’s history with our Company, familiarity with its investment platform, and extensive knowledge of the financial services industry qualify him to serve as the Chairman of our Board of Directors. We believe that we are best served through this existing leadership structure, as Mr. Tannenbaum’s relationship with our investment adviser provides an effective bridge and encourages an open dialogue between management and our Board of Directors, ensuring that these groups act with a common purpose.

Our Board of Directors does not currently have a designated lead independent director. We are aware of the potential conflicts that may arise when a non-independent director is Chairman of the Board of Directors, but believe these potential conflicts are offset by our strong corporate governance practices. Our corporate governance practices includes regular meetings of the independent directors in executive session without the presence of interested directors and management, the establishment of Audit and Nominating and Corporate Governance Committees comprised solely of independent directors and the appointment of a Chief Compliance Officer, with whom the independent directors meet without the presence of interested directors and other members of management, for administering our compliance policies and procedures. While certain non-management members of our Board of Directors currently participate on the boards of directors of other public companies, we do not view their participation as excessive or as interfering with their duties on our Board of Directors.

Board’s Role In Risk Oversight

Our Board of Directors performs its risk oversight function primarily through (i) its four standing committees, which report to the entire Board of Directors and are comprised solely of independent directors, and (ii) active monitoring of our Chief Compliance Officer and our compliance policies and procedures.

As described below in more detail, the Audit Committee, the Valuation Committee, the Compensation Committee and the Nominating and Corporate Governance Committee assist the Board of Directors in fulfilling its risk oversight responsibilities. The Audit Committee’s risk oversight responsibilities include overseeing the Company’s accounting and financial reporting processes, the Company’s systems of internal controls regarding finance and accounting, and audits of the Company’s financial statements. The Valuation Committee’s risk oversight responsibilities include establishing guidelines and making recommendations to our Board of Directors regarding the valuation of our loans and investments. The Compensation Committee’s risk oversight responsibilities include reviewing and approving the reimbursement by the Company of the compensation of the Company’s Chief Financial Officer and his staff, and the staff of the Company’s Chief Compliance Officer. The Nominating and Corporate Governance Committee’s risk oversight responsibilities include selecting, researching and nominating

directors for election by our stockholders, developing and recommending to the Board of Directors a set of corporate governance principles and overseeing the evaluation of the Board of Directors and our management.

Our Board of Directors also performs its risk oversight responsibilities with the assistance of the Company's Chief Compliance Officer. The Board of Directors annually reviews a written report from the Chief Compliance Officer discussing the adequacy and effectiveness of the compliance policies and procedures of the Company and its service providers. The Chief Compliance Officer's annual report addresses at a minimum (i) the operation of the compliance policies and procedures of the Company since the last report; (ii) any material changes to such policies and procedures since the last report; (iii) any recommendations for material changes to such policies and procedures as a result of the Chief Compliance Officer's annual review; and (iv) any compliance matter that has occurred since the date of the last report about which the Board of Directors would reasonably need to know to oversee our compliance activities and risks. In addition, the Chief Compliance Officer meets separately in executive session with the independent directors.

We believe that the role of our Board of Directors in risk oversight is effective and appropriate given the extensive regulation to which we are already subject as a BDC. As a BDC, we are required to comply with certain regulatory requirements that control the levels of risk in our business and operations. For example, we are limited in our ability to enter into transactions with our affiliates, including investing in any portfolio company in which one of our affiliates currently has an investment.

Transactions with Related Persons

We have entered into an investment advisory agreement with Fifth Street Management, our investment adviser. Fifth Street Management is controlled by Leonard M. Tannenbaum, its Managing Member and the Chairman of our Board and Chief Executive Officer. Pursuant to the investment advisory agreement, fees payable to our investment adviser will be equal to (a) a base management fee of 2.0% of the value of our gross assets, which includes any borrowings for investment purposes, and (b) an incentive fee based on our performance. Our investment adviser has agreed to permanently waive that portion of its base management fee attributable to our assets held in the form of cash and cash equivalents as of the end of each quarter beginning March 31, 2010. The incentive fee consists of two parts. The first part is calculated and payable quarterly in arrears and equals 20% of our "Pre-Incentive Fee Net Investment Income" for the immediately preceding quarter, subject to a preferred return, or "hurdle," and a "catch up" feature. The second part is determined and payable in arrears as of the end of each fiscal year (or upon termination of the investment advisory agreement) and equals 20% of our "Incentive Fee Capital Gains," which equals our realized capital gains on a cumulative basis from inception through the end of the year, if any, computed net of all realized capital losses and unrealized capital depreciation on a cumulative basis, less the aggregate amount of any previously paid capital gain incentive fee.

The investment advisory agreement may be terminated by either party without penalty upon no fewer than 60 days' written notice to the other. Since we entered into the investment advisory agreement in December 2007, we have paid our investment adviser \$8.4 million, \$13.7 million and \$20.0 million for the fiscal years ended September 30, 2008, September 30, 2009, and September 30, 2010, respectively, under the investment advisory agreement.

Pursuant to the administration agreement with FSC, Inc., which is controlled by Mr. Tannenbaum, FSC, Inc. furnishes us with the facilities and administrative services necessary to conduct our day-to-day operations, including equipment, clerical, bookkeeping and recordkeeping services at such facilities. In addition, FSC, Inc. assists us in connection with the determination and publishing of our net asset value, the preparation and filing of tax returns and the printing and dissemination of reports to our stockholders. We pay FSC, Inc. our allocable portion of overhead and other expenses incurred by it in performing its obligations under the administration agreement, including a portion of the rent and the compensation of our Chief Financial Officer and his staff, and the staff of our Chief Compliance Officer. The administration agreement may be terminated by either party without penalty upon no fewer than 60 days' written notice to the other. Since we entered into the administration agreement in December 2007, we have paid FSC, Inc. approximately \$1.6 million, \$1.3 million and \$2.0 million for the fiscal years ended September 30, 2008, September 30, 2009 and September 30, 2010, respectively, under the administration agreement.

We have also entered into a license agreement with Fifth Street Capital LLC pursuant to which Fifth Street Capital LLC has agreed to grant us a non-exclusive, royalty-free license to use the name “Fifth Street.” Under this agreement, we have a right to use the “Fifth Street” name, for so long as Fifth Street Management LLC or one of its affiliates remains our investment adviser. Other than with respect to this limited license, we have no legal right to the “Fifth Street” name. Fifth Street Capital LLC is controlled by Mr. Tannenbaum, its Managing Member.

Review, Approval or Ratification of Transactions with Related Persons

The Audit Committee of our Board of Directors is required to review and approve any transactions with related persons (as such term is defined in Item 404 of Regulation S-K).

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own 10% or more of our voting stock, to file reports of ownership and changes in ownership of our equity securities with the SEC. Directors, executive officers and 10% or more holders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on a review of the copies of those forms furnished to us, or written representations that no such forms were required, we believe that our directors, executive officers and 10% or more beneficial owners complied with all Section 16(a) filing requirements during the year ended September 30, 2010.

Director Independence

In accordance with rules of the NYSE, the Board annually determines the independence of each director. No director is considered independent unless the Board has determined that he or she has no material relationship with the Company. The Company monitors the status of its directors and officers through the activities of the Company’s Nominating and Corporate Governance Committee and through a questionnaire to be completed by each director no less frequently than annually, with updates periodically if information provided in the most recent questionnaire has changed.

In order to evaluate the materiality of any such relationship, the Board uses the definition of director independence set forth in the NYSE Listed Company Manual. Section 303A.00 of the NYSE Listed Company Manual provides that business development companies, or BDCs, such as the Company, are required to comply with all of the provisions of Section 303A applicable to domestic issuers other than Sections 303A.02, the section that defines director independence. Section 303A.00 provides that a director of a BDC shall be considered to be independent if he or she is not an “interested person” of the Company, as defined in Section 2(a)(19) of the 1940 Act. Section 2(a)(19) of the 1940 Act defines an “interested person” to include, among other things, any person who has, or within the last two years had, a material business or professional relationship with the Company.

The Board has determined that each of the directors and nominees is independent and has no relationship with the Company, except as a director and stockholder of the Company, with the exception of Bernard D. Berman and Leonard M. Tannenbaum. Messrs. Berman and Tannenbaum are interested persons of the Company due to their positions as officers of the Company. During its assessment of director independence, the Board of Directors also considered that Mr. Tannenbaum served as a director of Einstein Noah Restaurant Group, Inc. from March 1999

through September 2007, where Mr. Dutkiewicz served as the Chief Financial Officer from October 2003 until March 2010. The Board of Directors determined that Mr. Tannenbaum's prior position on the board of directors did not impair Mr. Dutkiewicz's status as an independent director.

Annual Evaluation

Our directors perform an evaluation, at least annually, of the effectiveness of the Board and its committees. This evaluation includes an annual questionnaire and Board and Board committee discussion.

Board Meetings and Committees

Our Board met eight times during fiscal year 2010. Each director attended at least 75% of the total number of meetings of the Board and committees on which the director served that were held while the director was a member. The Board's standing committees are set forth below. We require each director to make a diligent effort to attend all Board and committee meetings, as well as each Annual Meeting of Stockholders. None of the directors attended the 2010 Annual Meeting of Stockholders in person.

Communications with Directors

Stockholders and other interested parties may contact any member (or all members) of the Board by mail. To communicate with the Board, any individual directors or any group or committee of directors, correspondence should be addressed to the Board or any such individual directors or group or committee of directors by either name or title. All such correspondence should be sent to Fifth Street Finance Corp., 10 Bank Street, 12th Floor, White Plains, NY 10606, Attention: Corporate Secretary. Any communication to report potential issues regarding accounting, internal controls and other auditing matters will be directed to the Audit Committee. Appropriate Fifth Street Finance Corp. personnel will review and sort through communications before forwarding them to the addressee(s).

Audit Committee

The Audit Committee is responsible for selecting, engaging and discharging our independent accountants, reviewing the plans, scope and results of the audit engagement with our independent accountants, approving professional services provided by our independent accountants (including compensation therefore), reviewing the independence of our independent accountants and reviewing the adequacy of our internal control over financial reporting. The members of the Audit Committee are Messrs. Dunn, Dutkiewicz and Haney, each of whom is not an interested person of us for purposes of the 1940 Act and is independent for purposes of the NYSE corporate governance listing standards. Mr. Haney serves as the Chairman of the Audit Committee. Our Board of Directors has determined that Mr. Haney is an "audit committee financial expert" as defined under SEC rules. The Audit Committee met five times during the 2010 fiscal year.

A charter of the Audit Committee is available in print to any stockholder who requests it and it is also available on the Company's website at <http://ir.fifthstreetfinance.com/governance.cfm>.

Compensation Committee

The Compensation Committee is responsible for reviewing and approving the reimbursement by the Company of the compensation of the Company's Chief Financial Officer and his staff, and the staff of the Company's Chief Compliance Officer. The current members of the Compensation Committee are Messrs. Dunn, Meyer and Ray, each of whom is not an interested person of us for purposes of the 1940 Act and is independent for purposes of the NYSE corporate governance listing standards. Mr. Ray serves as the Chairman of the Compensation Committee. As discussed below, none of our executive officers are compensated by the Company. The Compensation Committee met one time during the 2010 fiscal year.

A charter of the Compensation Committee is available in print to any stockholder who requests it and is also available on the Company's website at <http://ir.fifthstreetfinance.com/governance.cfm>.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for determining criteria for service on the Board, identifying, researching and nominating directors for election by our stockholders, selecting nominees to fill vacancies on our Board or a committee of the Board, developing and recommending to the Board a set of corporate governance principles and overseeing the self-evaluation of the Board and its committees and evaluation of our management. The Nominating and Corporate Governance Committee considers nominees properly recommended by our stockholders. The members of the Nominating and Corporate Governance Committee are Messrs. Dunn, Haney and Ray, each of whom is not an interested person of us for purposes of the 1940 Act and is independent for purposes of the NYSE corporate governance listing standards. Mr. Dunn serves as the Chairman of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee met one time during the 2010 fiscal year.

The Nominating and Corporate Governance Committee will consider qualified director nominees recommended by stockholders when such recommendations are submitted in accordance with our Amended and Restated By-laws and any other applicable law, rule or regulation regarding director nominations. Stockholders may submit candidates for nomination for our board of directors by writing to: Board of Directors, Fifth Street Finance Corp., 10 Bank Street, 12th Floor, White Plains, NY 10606. When submitting a nomination to us for consideration, a stockholder must provide certain information about each person whom the stockholder proposes to nominate for election as a director, including: (i) the name, age, business address and residence address of the person; (ii) the principal occupation or employment of the person; (iii) the class or series and number of shares of our capital stock owned beneficially or of record by the persons; and (iv) any other information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act, and the rules and regulations promulgated thereunder. Such notice must be accompanied by the proposed nominee's written consent to be named as a nominee and to serve as a director if elected.

In evaluating director nominees, the Nominating and Corporate Governance Committee considers the following facts:

- the appropriate size and composition of our Board;
- our needs with respect to the particular talents and experience of our directors;
- the knowledge, skills and experience of nominees in light of prevailing business conditions and the knowledge, skills and experience already possessed by other members of our Board;
- the capacity and desire to serve as a member of our Board and to represent the balance, best interests of our stockholders as a whole;
- experience with accounting rules and practices; and
- the desire to balance the considerable benefit of continuity with the periodic addition of the fresh perspective provided by new members.

The Nominating and Corporate Governance Committee's goal is to assemble a board of directors that brings us a variety of perspectives and skills derived from high quality business and professional experience.

Other than the foregoing, there are no stated minimum criteria for director nominees, although the Nominating and Corporate Governance Committee may also consider such other factors as it may deem are in our best interests and those of our stockholders. The Nominating and Corporate Governance Committee also believes it appropriate for certain key members of our management to participate as members of the Board. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. Our Board does not have a specific diversity policy, but considers diversity of race, religion, national origin, gender, sexual orientation, disability, cultural background and professional experiences in evaluating candidates for Board membership.

The Nominating and Corporate Governance Committee identifies nominees by first evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to our business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service or if the Nominating and Corporate Governance Committee or the Board decides not to re-nominate a member for re-election, the Nominating and Corporate Governance Committee identifies the desired skills and experience of a new nominee in light of the criteria above. Current members of the Nominating and Corporate Governance Committee and Board are polled for suggestions as to individuals meeting the criteria of the Nominating and Corporate Governance Committee. Research may also be performed to identify qualified individuals. We have not engaged third parties to identify or evaluate or assist in identifying potential nominees to the Board.

A charter of the Nominating and Corporate Governance Committee is available in print to any stockholder who requests it, and it is also available on the Company's website at <http://ir.fifthstreetfinance.com/governance.cfm>.

Valuation Committee

The Valuation Committee establishes guidelines and makes recommendations to our Board regarding the valuation of our loans and investments. The Valuation Committee is presently composed of Messrs. Dutkiewicz, Haney, Meyer and Ray, each of whom is not an interested person of us for purposes of the 1940 Act and is independent for purposes of the NYSE corporate governance listing standards. Mr. Meyer serves as the Chairman of the Valuation Committee. The Valuation Committee met on five occasions during the 2010 fiscal year.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to which applies to, among others, our executive officers, including our Principal Executive Officer and Principal Financial Officer, as well as every officer, director and employee of the Company. Requests for copies should be sent in writing to Fifth Street Finance Corp., 10 Bank Street, 12th Floor, White Plains, NY 10606. The Company's Code of Business Conduct and Ethics is also available on our website at <http://ir.fifthstreetfinance.com/governance.cfm>.

If we make any substantive amendment to, or grant a waiver from, a provision of our Code of Business Conduct and Ethics, we will promptly disclose the nature of the amendment or waiver on our website at <http://ir.fifthstreetfinance.com/governance.cfm> as well as file a Form 8-K with the Securities and Exchange Commission.

Executive Compensation

None of our executive officers receive direct compensation from us. The compensation of the principals and other investment professionals of our investment adviser are paid by our investment adviser. Further, we are prohibited under the 1940 Act from issuing equity incentive compensation, including stock options, stock appreciation rights, restricted stock and stock, to our officers, directors and employees. Compensation paid to William H. Craig, our Chief Financial Officer, is set by our administrator, FSC, Inc., and is subject to reimbursement by us of an allocable portion of such compensation for services rendered to us. FSC, Inc. has voluntarily determined to forgo receiving reimbursement for the services performed for us by our Chief Compliance Officer, Bernard D. Berman. However, although FSC, Inc. currently intends to forgo its right to receive such reimbursement, it is under no obligation to do so and may cease to do so at any time in the future. During fiscal year 2010, we reimbursed FSC, Inc. approximately \$1.3 million for the allocable portion of compensation expenses incurred by FSC, Inc. on behalf of Mr. Craig and other support personnel, pursuant to the administration agreement with FSC, Inc.

The Audit Committee and the Board have appointed PricewaterhouseCoopers LLP (“PwC”) as the Company’s independent registered public accounting firm for the year ending September 30, 2011, subject to ratification by our stockholders.

On February 11, 2010, the Board dismissed Grant Thornton LLP (“Grant Thornton”) as the Company’s independent registered public accounting firm. The Board’s decision to dismiss Grant Thornton was recommended by the Audit Committee of the Board.

Grant Thornton’s reports on the Company’s financial statements for the fiscal years ended September 30, 2008 and 2009, which expressed an unqualified opinion and contained an explanatory paragraph relating to the adoption of ASC 820 — “Fair Value Measurements and Disclosures,” contained no adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal years ended September 30, 2008 and 2009 and through February 11, 2010, there were no disagreements with Grant Thornton on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Grant Thornton, would have caused it to make reference to the subject matter of such disagreements in its reports on the financial statements for such years.

During the fiscal years ended September 30, 2008 and 2009 and through February 11, 2010, there were two reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K). Grant Thornton reported that the Company had material weaknesses in its internal control over financial reporting related to deficiencies in the accounting and financial reporting controls in connection with the audit of the Company’s financial statements as of September 30, 2007 and the review of the Company’s interim financial information as of March 31, 2008. Specifically, the Company did not have the necessary resources and expertise in its accounting function, which resulted in (i) ineffective controls over the valuation of the portfolio investments resulting in a significant audit adjustment (ii) certain underlying information used in the preparation of the financial statements and related disclosures being inaccurate and not corrected during its review process; and (iii) incomplete and omitted disclosures in the notes to its financial statements, which are required by U.S. generally accepted accounting principles, or GAAP. In addition, the material weaknesses also related to the Company’s compliance with the asset diversification requirements imposed on registered investment companies under Subchapter M of the Internal Revenue Code.

Subsequently, the Company remediated the material weaknesses and concluded that its internal control over financial reporting was effective as of September 30, 2009 (as previously disclosed in its Annual Report on Form 10-K for the fiscal year ended September 30, 2009). In connection with the filing of the Company’s Annual Report on Form 10-K for the fiscal year ended September 30, 2009, Grant Thornton issued an attestation report on the Company’s internal control over financial reporting and concluded that the Company maintained effective internal control over financial reporting in all material respects as of September 30, 2009, based on criteria established in *Internal Control — Integrated Framework* issued by Committee of Sponsoring Organizations of the Treadway Commission.

The Company also disclosed in its quarterly report on Form 10-Q for the quarter ended December 31, 2009, that it had identified a significant deficiency in its internal control over financial reporting with respect to its research and application of GAAP. In connection with the filing of the Company’s Annual Report on Form 10-K for the fiscal year ended September 30, 2010, PwC issued an attestation report on the Company’s internal control over financial reporting and concluded that the Company maintained effective internal control over financial reporting in all material respects as of September 30, 2010, based on criteria established in *Internal Control — Integrated Framework* issued by Committee of Sponsoring Organizations of the Treadway Commission. The Company subsequently remediated this significant deficiency.

The Company requested Grant Thornton to provide it with a letter addressed to the SEC stating whether or not Grant Thornton agreed with the above disclosures and Grant Thornton provided this letter.

In November 2009, the Audit Committee of the Board conducted a review of the selection of the Company's independent registered public accounting firm. As part of this process, the Company contacted two other independent registered public accounting firms and solicited input from them on their ability to provide the audit services that the Company requires. Specifically, the Company sought detailed information about their experience auditing other BDCs that have elected to be taxed as regulated investment companies. The Company contacted these two other independent registered public accounting firms for the audit of its annual financial statements for the fiscal year ending September 30, 2010.

On February 11, 2010, upon the recommendation of the Audit Committee of the Board, the Board engaged PwC to serve as the Company's new independent registered public accounting firm to audit the Company's consolidated financial statements for the fiscal year ending September 30, 2010.

During the fiscal years ended September 30, 2008 and 2009 and through February 11, 2010, the date of engagement of PwC, neither the Company, nor any person on its behalf, consulted with PwC with respect to either the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, and no written report or oral advice was provided by PwC to the Company that PwC concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing, or financial reporting issue.

It is expected that a representative of PwC will be present at the Annual Meeting and will have an opportunity to make a statement if he or she chooses and will be available to answer questions.

Tax Fees. Tax fees consist of fees billed for professional services for tax compliance. These services include assistance regarding federal, state, and local tax compliance.

All Other Fees. All other fees would include fees for products and services other than the services reported above.

Required Vote

The affirmative vote of a majority of the votes cast at the Annual Meeting in person or by proxy is required to approve this proposal. Abstentions will not be included in determining the number of votes cast and, as a result, will have no effect on this proposal. Because brokers will have discretionary authority to vote for the ratification of the selection of the Company’s registered independent public accounting firm in the event that they do not receive voting instructions from the beneficial owner of the shares, there should not be any broker non-votes with respect to this proposal.

Our Board unanimously recommends a vote “FOR” this proposal. Proxies solicited by the Board will be voted “FOR” Proposal 2 unless otherwise instructed.

Audit Committee Report

As part of its oversight of the Company’s financial statements, the Audit Committee reviewed and discussed with both management and the Company’s independent registered public accounting firm all of the Company’s financial statements filed with the SEC for each quarter during fiscal year 2010 and as of and for the year ended September 30, 2010. Management advised the Audit Committee that all financial statements were prepared in accordance with U.S. generally accepted accounting principles (GAAP), and reviewed significant accounting issues with the Audit Committee. The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Board in Rule 3200T. The independent registered public accounting firm also provided to the Audit Committee the written disclosures required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant’s communications with the Audit Committee concerning independence, and the Audit Committee discussed with the independent registered public accounting firm the firm’s independence.

The Audit Committee of the Board has established a pre-approval policy that describes the permitted audit, audit-related, tax, and other services to be provided by PricewaterhouseCoopers LLP, the Company’s independent registered public accounting firm. Pursuant to the policy, the Audit Committee pre-approves the audit and non-audit services performed by the independent registered public accounting firm in order to assure that the provision of such service does not impair the firm’s independence.

Any requests for audit, audit-related, tax, and other services that have not received general pre-approval must be submitted to the Audit Committee for specific pre-approval, irrespective of the amount, and cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings of the Audit Committee. However, the Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent registered public accounting firm to management.

The Audit Committee has reviewed the audit fees paid by the Company to the independent registered public accounting firm. It has also reviewed non-audit services and fees to assure compliance with the Company's and the Audit Committee's policies restricting the independent registered public accounting firm from performing services that might impair its independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the financial statements as of and for the year ended September 30, 2010, be included in the Company's Annual Report on Form 10-K for the year ended September 30, 2010, for filing with the SEC. The Audit Committee also recommended the selection of PricewaterhouseCoopers LLP to serve as the independent registered public accounting firm of the Company for the year ending September 30, 2011.

PROPOSAL 3 — TO APPROVE COMPANY AUTHORIZATION TO ISSUE WARRANTS, OPTIONS OR RIGHTS TO SUBSCRIBE TO, CONVERT TO, OR PURCHASE OUR COMMON STOCK IN ONE OR MORE OFFERINGS

The Company's Board of Directors believes it would be in the best interests of the Company to have the ability to issue warrants, options or rights to subscribe to, convert to, or purchase shares of the Company's common stock, which may include convertible debentures, under appropriate circumstances in public or private transactions in connection with the capital raising and financing activities of the Company. Sections 18(d) and 61(a) of the 1940 Act restrict the ability of a BDC such as the Company to issue warrants, options or rights to subscribe or to convert to voting securities of the Company. If warrants, options or rights are to be issued, the proposal must be approved by our stockholders. Thus, the Company's Board of Directors has approved and recommends to the stockholders for their approval the proposal to issue warrants, options or rights to subscribe to, convert to or purchase shares of the Company's common stock. If this proposal is approved, we will be authorized to issue such warrants, options or rights as part of, or together with, any other securities we may issue, such as convertible debentures or debt securities issued together with warrants to acquire shares of the Company's common stock, or on a standalone basis.

If this proposal is approved, any issuances of warrants, options or rights to subscribe to, convert to or purchase shares of the Company's common stock would be made in accordance with Section 61(a)(3) of the 1940 Act, pursuant to which the Company would be permitted to issue securities that may be converted into or exercised for shares of our common stock at a conversion or exercise price per share not less than our current market price at the date such securities are issued. This conversion or exercise price may, however, be less than our net asset value ("NAV") per share (i) at the date such securities are issued or (ii) at the date such securities are converted into or exercised for shares of our common stock.

Background and Reasons

The Company's management and the Board of Directors have determined that it would be advantageous to the Company to have the ability to issue warrants, options or rights to subscribe to, convert to or purchase common stock, which may include convertible debentures, in connection with the financing and capital raising activities of the Company.

We believe our ability to issue warrants, options or rights to subscribe to, convert to, or purchase shares of our common stock would increase our flexibility in obtaining additional sources of capital, such as from investors interested in purchasing convertible debentures, and allow us to lower our overall cost of capital. Such securities typically allow the purchaser of the securities to participate in any increase in the value of the issuer's or borrower's common stock. By allowing purchasers of the securities to share in increases in the value of the common stock, such purchasers typically are willing to accept a lower specified return on the other securities than they would without such exercise/conversion feature. In this regard, a convertible debenture at issue typically yields 1% to 3% less than

a debenture that is not convertible into shares of common stock. If we are able to lower our cost of capital, we believe that we could increase the amount of income we generate and, as a result, increase the dollar amount of dividends we pay to our shareholders. In this regard, the Company believes that it may be able to issue unsecured convertible debentures at attractive interest rates if it had the authority it is seeking under this proposal given the current favorable market for unsecured convertible debentures and low interest rate environment.

In addition, the severe stress in the financial markets experienced in late 2007 and 2008 has highlighted the importance to us of maintaining a flexible capital structure, including through the ability to issue convertible debentures and warrants. Although the financial markets have continued to improve since such time and we have been able to access the capital necessary to finance our investment activities, capital may not be available to us on favorable terms, or at all, in light of the inherent uncertainty and volatility of the financial markets. As a result, our ability to issue warrants, options or rights to subscribe to, convert to, or purchase shares of our common stock, which may include convertible debentures, may be an effective way for us to raise capital in the current environment.

Finally, the issuance of warrants, options or rights to subscribe to, convert to, or purchase shares of common stock is a common practice in connection with the sale of securities through private placements or obtaining debt financing and approval of this proposal would place us in substantially the same position as corporations that are not business development companies and other business development companies whose stockholders have approved proposals similar to this proposal.

The Company has no immediate plans to issue any such warrants, options or rights. However, in order to provide flexibility for future issuances, which typically must be undertaken quickly, the Board of Directors has approved and is seeking stockholder approval of this proposal to issue warrants, options or rights to subscribe to, convert to or purchase shares of common stock either accompanied by or not accompanied by other securities of the Company. The final terms of any warrants, options or rights (subject to the requirements noted in Section 61 of the 1940 Act), including exercise/conversion price, term and exercise/conversion requirements would be determined by the Board of Directors at the time of issuance. Also, the nature and amount of consideration that would be received by the Company at the time of issuance and the use of any such consideration would be considered and approved by the Board of Directors at the time of issuance. You should be aware that the authority sought under this proposal has no expiration.

Conditions to Issuance

Each issuance of warrants, options or rights to subscribe for, convert to or purchase shares of our common stock would comply with Section 61(a) of the Investment Company Act. Specifically:

- (i) the exercise or conversion feature of the warrants, options or rights must expire within 10 years of issuance;
- (ii) the exercise or conversion price for the warrants, options or rights must not be less than the current market value of the common stock at the date of the issuance of the warrants, options or rights; and
- (iii) the individual issuances of warrants, options or rights must be approved by a majority of the directors who are not “interested persons” as defined in the 1940 Act on the basis that such issuance is in our and our stockholders’ best interests.

In addition, if such securities are accompanied by other securities when issued, the securities cannot be separately transferable unless no class of such securities and the other securities that accompany them has been publicly distributed.

Section 61(a) of the 1940 Act also limits the number of warrants, options or rights to subscribe to, convert to, or purchase the Company’s common stock that can be issued pursuant to this proposal. Specifically, the amount of voting securities that would result from the exercise or conversion of all of the Company’s warrants, options or rights to subscribe to, convert to, or purchase the Company’s common stock at the time of issuance shall not exceed 25% of the Company’s outstanding voting securities.

In addition, it is possible that the Board of Directors would authorize the issuance of warrants or securities to subscribe for or convert into shares of the Company’s common stock that contain anti-dilution protections, to the

extent permissible under the 1940 Act, and that, as a result of such anti-dilution protections, the price at which such securities may be exercisable for or convertible into shares of the Company's common stock may be adjusted to a price less than the current market value per share of the Company's common stock at the time of such adjustment. Such anti-dilution protections, if granted, would generally benefit the holder of such warrants or securities to subscribe for or convert into shares of the Company's common stock by providing for an adjustment in the number of shares that may be received thereon or in the exercise or conversion price thereof. Finally, the Company would not authorize the issuance of warrants or securities to subscribe for or convert into shares of the Company's common stock that do not contain anti-dilution provisions relating to extraordinary corporate events that increase or decrease the number of shares of the Company's authorized common stock, including reverse stock splits, forward stock splits and stock dividends.

Key Stockholder Considerations

Before voting on this proposal or giving proxies with regard to this matter, stockholders should consider the potentially dilutive effect of the issuance of warrants, options or rights to subscribe to, convert to, or purchase shares of the Company's common stock. Because the exercise or conversion price per share at the time of exercise or conversion could be less than the net asset value per share of our common stock at the time of exercise or conversion, such exercise or conversion could result in a dilution of the net asset value per share of our common stock at the time of such exercise. Any exercise of warrants or securities to subscribe for or convert into shares of the Company's common stock at an exercise or conversion price that is below net asset value per share of our common stock at the time of such exercise or conversion would result in an immediate dilution to existing common stockholders. This dilution would include reduction in the net asset value per share of our common stock as a result of the proportionately greater decrease in a stockholder's interest in the earnings and assets of the Company and voting interest in the Company than the increase in the assets of the Company resulting from such issuance.

The Company cannot state precisely the amount of any such dilution because it does not know at this time what number of shares of common stock would be issuable upon exercise or conversion of any such securities that are ultimately issued. Because the exercise or conversion price per share could be less than the net asset value per share of our common stock at the time of exercise or conversion (including through the operation of anti-dilution protections), such issuance could result in a dilution of NAV at the time of exercise or conversion. The amount of any decrease in the net asset value per share of our common stock is not predictable because it is not known at this time what the exercise or conversion price and the net asset value per share of our common stock would at the time of exercise or conversion or what number or amount (if any) of such securities would be issued. Such dilution, however, could be substantial given that there is no limit on the amount of dilution of NAV that may be incurred in connection with any warrants, options or rights issued under this proposal. Stockholders would indirectly bear the cost of issuing or paying interest or dividends on any warrants, options or rights to subscribe to, convert to, or purchase shares of the Company's common stock.

This proposal does not limit the Company's ability to issue securities to subscribe for or convert into shares of its common stock at an exercise or conversion price below the net asset value per share of our common stock at the time of exercise or conversion (including through the operation of anti-dilution protections) so long as such issuance is within the 25% limitation set forth under Section 61(a) of the 1940 Act described above. The only requirement with respect to the exercise or conversion price is that it be not less than the lesser of the market value per share of the Company's common stock on the date of issuance or, if no such market value exists, the then current NAV of the Company's common stock on the date of issuance.

If this proposal is approved, no further authorization from our stockholders will be solicited by the Company prior to the issuance of any warrants, options or rights to subscribe to, convert to or purchase shares of common stock including if the issuance would result in a dilution of NAV at the time of exercise or conversion thereof.

Example of Impact of Exercise of Warrant to Acquire Common Stock on Net Asset Value Per Share

The table below illustrates the impact on the NAV per common share of a BDC that would be experienced upon the exercise of a warrant to acquire shares of common stock of the BDC.

Specifically, the example assumes that the BDC has 1,000,000 shares of common stock outstanding, \$15,000,000 in total assets and \$5,000,000 in total liabilities at the time of the exercise of the warrant. As a result, the NAV and NAV per common share of the BDC are \$10,000,000 and \$10.00, respectively.

Further, the example assumes that the warrant permits the holder thereof to acquire 250,000 common shares under the following three different scenarios: (i) with an exercise price equal to a 10% premium to the BDC's NAV per share at the time of exercise, or \$11.00 per share, (ii) with an exercise price equal to the BDC's NAV per share at the time of exercise, or \$10.00 per share, and (iii) with an exercise price equal to a 10% discount to the BDC's NAV per share at the time of exercise, or \$9.00 per share.

<u>Warrant Exercise Price</u>	<u>NAV Per Share Prior To Exercise</u>	<u>NAV Per Share After Exercise</u>
10% premium to NAV per common share	\$10.00	\$10.20
NAV per common share	\$10.00	\$10.00
10% discount to NAV per common share	\$10.00	\$ 9.80

Although we have chosen to demonstrate the impact on the NAV per common share of a BDC that would be experienced by existing stockholders of the BDC upon the exercise of a warrant to acquire shares of common stock of the BDC, the results noted above would be similar in connection with the exercise or conversion of other securities exercisable or convertible into shares of the BDC's common stock. In addition, the example does not take into account the impact of other securities that may be issued in connection with the issuance of exercisable or convertible securities (e.g., the issuance of shares of common stock in conjunction with the issuance of warrants to acquire shares of common stock).

Required Vote

The affirmative vote of a majority of the votes cast at the Annual Meeting in person or by proxy is required to approve this proposal. Abstentions will not be included in determining the number of votes cast and, as a result, will have no effect on this proposal. Shares represented by broker non-votes are not considered entitled to vote and thus are not counted for purposes of determining whether the proposal has been approved.

Our Board unanimously recommends a vote “FOR” this proposal. Proxies solicited by the Board will be voted “FOR” Proposal 3 unless otherwise instructed.
