PART III

Item 10. Directors, Executive Officers and Corporate Governance.

Directors

PharmAthene's directors are elected at each Annual Meeting of Stockholders and hold office for a one-year term or until their successors have been elected and qualified. Our Bylaws provide that the number of directors constituting the entire Board shall be not less than one nor more than nine as determined by resolution of the Board.

Under our Amended and Restated Certificate of Incorporation, as amended, for so long as at least 30% of the aggregate principal amount of our 10% convertible senior notes (the "Notes") remained outstanding, we were required among other things to maintain a Board of Directors consisting of no more than nine members, of which two directors (the "Noteholder Directors") would be elected by the holders (the "Noteholders") representing a majority of the then-outstanding principal amount of the Notes, voting exclusively and as a separate class;

Substantially all Noteholders converted their Notes in November and December 2010, while one small Noteholder elected to have his Notes redeemed for cash in December 2010. At December 31, 2010, none of the Notes remained outstanding. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") requires our directors, executive officers, and persons who own more than 10% of our common stock to file reports of ownership and changes in ownership of our common stock with the SEC. Based solely on our review of copies of these reports filed with the SEC, we believe there has been compliance with all Section 16(a) filing requirements applicable to such directors, executive officers and 10% beneficial owners for 2010, except for the following filings: John Pappajohn, Christopher Camut, Francesca Cook, Joan Fusco, Wayne Morges and Valerie Riddle (in each case, one Form 4 reporting one transaction).

Corporate Governance

Corporate Governance Guidelines

Pursuant to the Delaware General Corporation Law and the Company's Bylaws, the Company's business, property and affairs are managed by or under the direction of the Board of Directors. Members of the Board are kept informed of the Company's business through discussions with the Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees. We currently have seven members on our Board, all of whom are standing for re-election.

Code of Ethics and Business Conduct

PharmAthene has a Code of Ethics and Business Conduct that applies to all directors, officers and employees, which can be found on our website, www.pharmathene.com, under the heading "Investor Relations" (see "Corporate Governance Information"—"Code of Ethics and Business Conduct") or by writing to PharmAthene, Inc., One Park Place, Suite 450, Annapolis, MD 21401, c/o Corporate Secretary. All of our directors, officers and employees are expected to be familiar with the Code and to adhere to those principles and procedures set forth in the Code that apply to them. The Company will post any amendments to the Code of Ethics and Business Conduct, as well as any waivers that are required to be disclosed by the rules of either the SEC or the NYSE Amex, on the Company's web site.

Director Independence

We use the definition of “independence” under Section 803A of the NYSE Amex Company Guide, as applicable and as may be modified or supplemented from time to time and the interpretations thereunder, to determine if the members of our Board are independent. In making this determination, our Board considers, among other things, transactions and relationships between each director and his immediate family and the Company, including those reported in this Form 10-K/A under the caption “Certain Relationships and Related Transactions.” The purpose of this review is to determine whether any such relationships or transactions are material and, therefore, inconsistent with a determination that the directors are independent. On the basis of such review and its understanding of such relationships and transactions, our Board affirmatively determined that our Board was comprised of at least 50% of independent directors.

Board Leadership Structure

To assure effective and independent oversight of management, our Board of Directors operates with the roles of Chief Executive Officer and Chairman of the Board separated in recognition of the differences between these two roles in the management of the Company. The Chairman of the Board is an independent, non-management role.

Our Board of Directors believes that this leadership structure provides the most effective leadership model for our company. By permitting more effective monitoring and objective evaluation of the Chief Executive Officer’s performance, this structure increases the accountability of the Chief Executive Officer. A separation of the Chief Executive Officer and Chairman roles also prevents the former from controlling the Board’s agenda and information flow, thereby reducing the likelihood that the Chief Executive Officer would abuse his power.

Board Oversight of Risk Management

Our Board believes that overseeing how management manages the various risks we face is one of its most important responsibilities to the Company’s stakeholders. Our Board believes that, in light of the interrelated nature of the Company’s risks, oversight of risk management is ultimately the responsibility of the full Board; however, it has delegated this responsibility to the audit committee with respect to financial risk. The audit committee periodically meets with management and the registered independent public accounting firm to review the Company’s major financial risk exposures and the steps taken to monitor and control such exposures. Our Board meets regularly to discuss the strategic direction and the issues and opportunities facing our company in light of trends and developments in the biodefense industry and general business environment. Throughout the year, our Board provides guidance to management regarding our strategy and helps to refine our operating plans to implement our strategy. The involvement of the Board in setting our business strategy is critical to the determination of the types and appropriate levels of risk undertaken by the Company.

Board Meetings

During the fiscal year ended December 31, 2010, the Board held 16 meetings and the Board Committees held a total of 21 meetings. Each incumbent director attended 75% or more of the total number of meetings of the Board and the Board Committees of which he or she was a member during the period he or she served as a director in fiscal year 2010. The Board of Directors met in executive session on six occasions in the fiscal year ended December 31, 2010.

Director Attendance at Annual Meeting

The Company has no specific policy regarding director attendance at its Annual Meeting. Generally, however, Board meetings are held immediately preceding and following the Annual Meeting, with directors attending the Annual Meeting. Our Annual Meeting held on June 23, 2010 was attended by all nine of our directors at that time.

Board Committees

The Board currently has a separately-designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. In addition, the Board has a Governance and Nominating Committee, Compensation Committee and Government Affairs Committee. Each Committee, with the exception of the Government Affairs Committee, consists entirely of independent, non-employee directors (see “Director Independence” below). The charter of each Board Committee (other than the Governmental Affairs Committee, which does not currently have a charter) is available free of charge on our website, www.pharmathene.com, under the heading “Investor Relations” (see “Corporate Governance—Highlights—Audit Committee Charter,” “—Compensation Committee Charter” and “—Governance and Nominating Committee Charter”) or by writing to PharmAthene, Inc., One Park Place, Suite 450, Annapolis, MD 21401, c/o Corporate Secretary.

The following table below sets forth the Committees, current membership of each Committee (as changed on March 31, 2011) and the number of Committee meetings held in 2010.

The primary functions of each of the Board Committees are described below.

Audit Committee. The primary functions of the Audit Committee are to: review the professional services and independence of our independent registered public accounting firm and our accounts, procedures and internal controls; appoint (subject to stockholder approval) the firm selected to be our independent registered public accounting firm; review and approve the scope of the annual audit; review and evaluate with the independent public accounting firm our annual audit and annual consolidated financial statements; review with management the status of internal accounting controls; evaluate problem areas having a potential financial impact on us that may be brought to the Audit Committee's attention by management, the independent registered public accounting firm or the Board of Directors; and evaluate all of our public financial reporting documents.

The current members of our Audit Committee each meet the independence criteria for directors set forth under the rules of the NYSE Amex and the additional independence criteria for members of audit committees specified in Section 803B of the NYSE Amex Company Guide and Rule 10A-3 under the Securities Exchange Act of 1934, as amended. Each member of our Audit Committee is financially literate under the current listing standards of the NYSE Amex. Our Board has determined that John Gill, the chairman of the Audit Committee, qualifies as an "audit committee financial expert," as such term is defined by SEC rules. See page 15 of this Form 10-K/A for the Audit Committee Report.

Governance and Nominating Committee. The current members of our Governance and Nominating Committee are "independent" as required by Section 804 of the NYSE Amex Company Guide.

The primary functions of the Governance and Nominating Committee are to: review and make recommendations on the range of skills and expertise which should be represented on the Board, and the eligibility criteria for individual Board and Committee membership; review and recommend to the Board the appropriate structure of the Board; identify individuals qualified to become Board members and recommend to the Board the nominees for election to the Board at the next Annual Meeting of Stockholders; implement a policy and procedures with regard to consideration of any director candidate recommended by Stockholders; retain and terminate any search firm to be used to identify director candidates, and to approve the search firm, fees and other retention terms; and review and recommend to the Board the appropriate structure of Board Committees, Committee assignments and the Board Committee chairman.

Among the factors the Governance and Nominating Committee considers when determining persons to be nominated include whether such individuals are actively engaged in business endeavors, have an understanding of financial statements, corporate budgeting and capital structure, are familiar with the requirements of a publicly traded company, are familiar with industries relevant to our business endeavors, are willing to devote significant time to the oversight duties of the Board of Directors of a public company, and are able to promote a diversity of views based on the person's education, experience and professional employment. The Governance and Nominating Committee evaluates each individual in the context of the board as a whole, with the objective of recommending a group of persons that can best implement our business plan, perpetuate our business and represent stockholder interests. The Governance and Nominating Committee may require certain skills or attributes, such as financial or accounting experience, to meet specific board needs that arise from time to time.

The Company is of the view that the continuing service of qualified incumbents promotes stability and continuity in the board room, contributing to the ability of the Board of Directors to work as a collective body, while giving the Company the benefit of the familiarity and insight into the Company's affairs that its directors have accumulated during their tenure. Accordingly, the process of the Governance and Nominating Committee for identifying nominees reflects the Company's practice of re-nominating incumbent directors who continue to satisfy the Governance and Nominating Committee's criteria for membership on the Board of Directors, whom the Governance and Nominating Committee believes continue to make important contributions to the Board of Directors and who consent to continue their service on the Board of Directors. The Governance and Nominating Committee will identify and/or solicit recommendations for new candidates when there is no qualified and available incumbent.

The Governance and Nominating Committee will consider nominees recommended by security holders. There are no differences in the manner in which the committee evaluates nominees for director based on whether the nominee is recommended by a security holder. Stockholders who would like to have our Governance and Nominating Committee to consider their recommendations for nominees for the position of director, should submit their recommendations, in accordance with the procedures set forth below, in writing to: Corporate Secretary, PharmAthene, Inc., One Park Place, Suite 450, Annapolis, MD 21401.

For nominations, a stockholder's notice must include: (i) as to each person whom the stockholder proposes to nominate for election as a director, (A) the name, age, business address and residential address of such person, (B) the principal occupation or employment of such person, (C) the class and number of shares of stock of PharmAthene that are beneficially owned by such person, (D) any other information relating to such person that is required to be disclosed in solicitations of proxies for election of directors or is otherwise required by the rules and regulations of the SEC promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and (E) the written consent of the nominee to be named in the proxy statement as a nominee and to serve as a director if elected and (ii) as to the stockholder giving the notice, (A) the name, business address, and residential address, as they appear on our stock transfer books, of the nominating stockholder, (B) a representation that the nominating stockholder is a stockholder of record and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice, (C) the class and number of shares of stock of our Company beneficially owned by the nominating stockholder and (D) a description of all arrangements or understandings between the nominating stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the nominating stockholder.

Compensation Committee. The current members of our Compensation Committee are "independent" as required by Section 805 of the NYSE Amex Company Guide.

The Company's executive compensation program is administered by the Compensation Committee. Each member of the Committee qualifies as an outside director within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"). The primary functions of the Compensation Committee are to: consider, recommend, oversee and implement executive compensation plans, policies and programs; review the performance and determine the compensation of our executive officers and directors, including the negotiation of any employment agreements with such persons, oversight and administration of the 2007 Long-Term Incentive Compensation Plan, as amended (the "2007 Plan") and the grant of options and awards under the 2007 Plan. Pursuant to Section 805 of the NYSE Amex Company Guide, compensation of our Chief Executive Officer is determined, or recommended to the Board for determination, by the Compensation Committee comprised solely of independent directors. The Chief Executive Officer is not present during voting or deliberations. Compensation for all other officers is determined, or recommended to the Board for determination, by the Compensation Committee comprised solely of independent directors.

Under the Compensation Committee Charter, our CEO and our Chairman of the Board may recommend to the Compensation Committee individual compensation awards for our officers. The Compensation Committee would then have to review the recommendation and make its own recommendation to the Board.

Government Affairs Committee. The primary functions of the Government Affairs Committee are to: oversee and review the status of government initiatives relating to funding and appropriations for the purchase of therapeutics and prophylactics for biological and chemical weapons and other threats to the population and to advise the Board on other governmental considerations in the Board's deliberations and decision-making processes.

Process for Communicating with Board Members

Interested parties may communicate with any and all members our Board of Directors by transmitting correspondence addressed to one or more directors by name at the following address: PharmAthene, Inc., One Park Place, Suite 450, Annapolis, MD 21401, c/o Corporate Secretary. Communications from our stockholders to one or more directors will be collected and organized by our Corporate Secretary and will be forwarded to the Chairman of the Board of Directors or to the identified director(s) as soon as practicable. If multiple communications are received on a similar topic, the Corporate Secretary may, in his or her discretion, forward only representative correspondence.

The Chairman of the Board of Directors will determine whether any communication addressed to the entire Board of Directors should be properly addressed by the entire Board of Directors or a committee thereof. If a communication is sent to the Board of Directors or a Committee, the Chairman of the Board of Directors or the Chairman of that committee, as the case may be, will determine whether a response to the communication is warranted.

Audit Committee Report¹

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2010 with management of the Company and has furnished the following report for inclusion in this Form 10-K/A.

The Audit Committee consists of the three directors named below. Each member of the Audit Committee is an independent director as defined by applicable SEC rules and NYSE Amex listing standards. In addition, the Board has determined that John Gill is the “audit committee financial expert” as defined by applicable SEC rules and satisfies the “financial sophistication” criteria under the applicable rules of the NYSE Amex. The Audit Committee operates under a written charter adopted by the Board, which is available free of charge on our website under the heading “Investor Relations” (see “Corporate Governance—Audit Committee Charter”), or by writing to PharmAthene, Inc., One Park Place, Suite 450, Annapolis, MD 21401, c/o Corporate Secretary.

Management is responsible for the Company’s internal controls and preparing the Company’s consolidated financial statements. The Company’s independent accountants are responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Committee is responsible for overseeing the conduct of these activities and appointing the Company’s independent accountants. As stated above and in the Committee’s charter, the Committee’s responsibility is one of oversight. The Committee does not provide any expert or special assurance as to the Company’s financial statements concerning compliance with laws, regulations or generally accepted accounting principles. In performing its oversight function, the Committee relies, without independent verification, on the information provided to it and on representations made by management and the independent accountants.

The Audit Committee reviewed and discussed the Company’s consolidated financial statements for the year ended December 31, 2009 with management and the independent accountants. Management represented to the Audit Committee that the Company’s consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees, as adopted by the Public Company Accounting Oversight Board. The Committee also reviewed, and discussed with management, management’s report on internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act.

The Company’s independent accountants provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and the Committee discussed with the independent accountants their independence. The Audit Committee concluded that Ernst & Young’s provision of non-audit services, as described in this Form 10-K/A, to the Company and its affiliates is compatible with Ernst & Young’s independence.

Based on the Audit Committee’s discussion with management and the independent accountants and the Audit Committee’s review of the representations of management, the written disclosures and the letter from the independent accountants and the report of the independent accountants, the Committee recommended that the Board include the audited consolidated financial statements in the Form 10-K for the year ended December 31, 2009 for filing with the SEC.

Employment Agreements

Eric I. Richman

Mr. Richman was appointed our President and Chief Operating Officer on March 25, 2010, our interim Chief Executive Officer on May 2, 2010, and our Chief Executive Officer on October 20, 2010. On December 23, 2010, we entered into a new employment agreement with Mr. Richman, for the period commencing on January 1, 2011 and ending on the first anniversary of such date. The term of the agreement is automatically extended for an additional year on each anniversary unless 90 days' prior written notice of non-extension is provided, provided that a nonrenewal by the Company is treated as a termination without cause under the agreement.

Under the agreement, Mr. Richman is paid an annual base salary of \$435,000, subject to annual review and increase at the option of the Compensation Committee of our Board of Directors. Mr. Richman is also eligible for an annual cash bonus, the target of which is no less than 60% of his base salary, based on the achievement of certain corporate objectives. The corporate objectives will be determined by the Compensation Committee in consultation with Mr. Richman, while the achievement of such objectives will be determined by the Compensation Committee.

Pursuant to the agreement, as of December 23, 2010 Mr. Richman was granted an option, under the Company's 2007 Long-Term Incentive Compensation Plan, as amended, to purchase 225,000 shares of the Company's common stock at an exercise price of \$3.91 per share, the closing price of the Company's common stock on the NYSE Amex on December 23, 2010. The option, which has a term of ten years, vests over a 4 year period with 25% each vesting on the first, second, third and fourth anniversaries of the grant date. In the event of a change in control during Mr. Richman's employment period and a termination other than for cause or a termination for good reason occurs on or within twelve months of the consummation of the change in control, all equity issued by the Company held by Mr. Richman and not then vested (except for the restricted stock awards which are treated as described below) will immediately and fully vest.

In accordance with the agreement, Mr. Richman received a cash bonus for 2010 of \$105,000. In addition, as of December 23, 2010, Mr. Richman was granted 35,000 shares of restricted stock of the Company under the 2007 Plan, which vest in full on the three month anniversary of the grant date, subject to accelerated vesting on the date of the earlier of (i) Mr. Richman's termination of employment with the Company for any reason other than a voluntary resignation and (ii) the consummation of a change in control.

Under the terms of the agreement, if Mr. Richman is terminated other than for cause or he resigns for good reason, he is entitled to receive, in addition to unpaid salary and expenses and payment of accrued incentive compensation amounts, (A) severance payments in the form of a continuation of his base salary in effect immediately prior to the termination for a period of 12 months following the termination, (B) a lump-sum payment equal to the accrued portion of his target bonus, including any unpaid portion of the prior year's bonus, (C) accelerated vesting of any unvested portion of the May 18, 2010 option grant, and (D) COBRA coverage, to the extent elected, provided at the same premiums as are charged to active employees for the same level of group health coverage for a period of 12 months following termination, all of which are payable in consideration for and only after he executes a general release containing terms reasonably satisfactory to us. The same provisions apply if Mr. Richman is terminated without cause or he resigns for good reason within 12 months of a change of control and no new employment agreement has been entered into within 90 days of such change of control, except that Mr. Richman's severance payment would be made in one lump-sum payment corresponding to 18 months' salary, he would also receive his target bonus for the year of termination and all equity-based awards held by Mr. Richman would be deemed fully vested as of the date of termination.

The agreement specifies that Mr. Richman's previous employment agreement with the Company is terminated as of January 1, 2011, other than with respect to provisions that specifically survive a termination thereof and other than with respect to the provision in Amendment No. 1 to his previous employment agreement relating to the grant of options to purchase 100,000 shares of the Company's common stock, which vest in full on May 2, 2011, subject to immediate vesting upon any of the following relevant events occurring: (i) a change in control occurs or (ii) Mr. Richman's employment is terminated other than for cause, for good reason, or due to death or disability. Amendment No. 1 to his previous employment agreement had been executed on May 18, 2010 in connection with Mr. Richman's appointment to the position of President and interim Chief Executive Officer. Under the amendment, Mr. Richman had been paid an annual base salary of \$350,000 effective from May 2, 2010.

The December 23, 2010 agreement requires that during his employment and for a period of 12 months (in some cases 18 months) following termination of the employment, Mr. Richman shall not directly or indirectly engage in the development, production, marketing or sale of products that compete with our products or assist others in a competing business or induce other employees of PharmAthene to terminate their employment with us or engage in a competing business. Mr. Richman is furthermore required to refrain from directly or indirectly disclosing any confidential information obtained while working at PharmAthene.

The agreement further specifies that if Mr. Richman becomes entitled to severance payments, subject to a limited exception in case of adverse tax effects, all salary continuation payments shall be placed in an irrevocable grantor trust, the assets of which are to be used to make the severance payments to the executive or satisfy the claims of the Company's unsecured general creditors in the event of the Company's insolvency or bankruptcy. If Mr. Richman is a "specified employee" (as determined in accordance with Treasury Regulation Section 1.409A-1(i) or related Company policy) at the time of termination, the severance payments otherwise payable to Mr. Richman during the first six months following termination (to the extent they constitute "nonqualified deferred compensation" within the meaning of Section 409A of the Internal Revenue Code and the regulations thereunder) will be deferred until the date that is six months after termination of employment (or earlier upon his death).

"Change in Control" is defined in the agreement as (i) an acquisition by any person, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended, of beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act) of 30% or more of either (A) the then outstanding shares of common stock of the Company or (B) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors; excluding, however, certain acquisitions from or by the Company or an employee benefit plan sponsored or maintained by the Company; (ii) a merger, consolidation, reorganization or similar corporate transaction, in which outstanding shares of common stock are converted into (A) shares of stock of another company, other than a conversion into shares of voting common stock of the successor corporation (or a holding company thereof) representing 80% of the voting power of all capital stock thereof outstanding immediately after the merger or consolidation or (B) other securities (of either the Company or another company) or cash or other property; (iii) the issuance of shares of common stock in connection with a merger, consolidation, reorganization or similar corporate transaction in an amount in excess of 40% of the number of shares of common stock outstanding immediately prior to the consummation of such transaction; (iv) the (A) the sale or other disposition of all or substantially all of the assets of the Company or (B) a complete liquidation or dissolution of the Company; or (v) the adoption by the Board of a resolution to the effect that any person has acquired effective control of the business and affairs of the Company.

Termination "for good reason" is defined as a termination by the executive for (a) any material breach by the Company of our obligations under the employment agreement; (b) any material reduction in the executive's duties, authority or responsibilities without the executive's consent; (c) any assignment to the executive of duties or responsibilities materially inconsistent with the executive's position and duties under the employment agreement without consent; (d) a relocation of the Company's principal executive offices or our determination to require the executive to be based more than 25 miles away; (e) depriving the executive of any material benefit plan; (f) non-renewal by the Company of the agreement in accordance with the terms of the agreement; or (g) the failure by the Company to obtain the specific assumption of the employment agreement by any successor or assignee of the Company or any person acquiring substantially all of the Company's assets. Mr. Richman may not terminate "for good reason" unless he first provides us with written notice specifying the good reason and provides us with 20 days in which to remedy the stated reason.

Termination "for cause" is defined as a termination for (1) willful and substantial misconduct that materially injures us and is not corrected; (2) repeated neglect of duties or failure to act, which can reasonably be expected to materially and adversely affect our business or affairs, after written notice from us; (3) material breach of the confidentiality and related provisions of the employment agreement or of our policies; (4) commission of material fraud with respect to our business and affairs; (5) conviction of, or nolo contendere plea to, a felony; (6) demonstrable gross negligence or (7) habitual insobriety or use of illegal drugs adversely affecting the executive's duties.

Charles A. Reinhart III and Thomas R. Fuerst

On August 14, 2009, we entered into an employment agreement with Charles A. Reinhart III, under which Mr. Reinhart serves as our Chief Financial Officer, for the period commencing on August 14, 2009 and ending on the first anniversary of such date. The term of the agreement is automatically extended for an additional year on each anniversary unless 90 days' prior written notice of non-extension is provided.

Under the agreement, Mr. Reinhart is paid an annual base salary of \$330,000, subject to annual review and increase at the option of the Compensation Committee of our Board of Directors. Mr. Reinhart is also eligible for an annual cash bonus of up to 30% of his base salary payable at the sole discretion of the Compensation Committee, and may be eligible for additional bonuses at the option and sole discretion of the Compensation Committee based on the achievement of certain pre-determined performance milestones.

The agreement reflected the grant of an option, under the Company's 2007 Long-Term Incentive Compensation Plan, as amended, to purchase 200,000 shares of the Company's common stock at an exercise price of \$2.78 per share, the closing price of the Company's common stock on the NYSE Amex on the date of grant. The option, which has a term of ten years, vests over a 4 year period with 25% each vesting on the first, second, third and fourth anniversaries of the grant date.

Under the agreement, Mr. Reinhart also received a temporary living expense bonus in the net (after tax) amount of \$40,000, paid on a semi-monthly basis over a period of 12 months.

On April 5, 2010, we entered into an employment agreement with Thomas R. Fuerst, under which Dr. Fuerst serves as our Chief Scientific Officer, for the period commencing on April 5, 2010 and ending on the first anniversary of such date. The term of the agreement is automatically extended for an additional year on each anniversary unless 90 days' prior written notice of non-extension is provided.

Under the agreement, Dr. Fuerst is paid an annual base salary of \$305,000, subject to annual review and increase at the option of the Compensation Committee of our Board of Directors. Dr. Fuerst is also eligible for an annual cash bonus of up to 30% of his base salary payable at the sole discretion of the Compensation Committee (provided that his bonus for the first year of employment would be no less than \$25,000), and may be eligible for additional bonuses at the option and sole discretion of the Compensation Committee based on the achievement of certain pre-determined performance milestones.

The agreement reflected the grant of an option, under the Company's 2007 Long-Term Incentive Compensation Plan, as amended, to purchase up to 350,000 shares of the Company's common stock at an exercise price of \$1.69 per share, the closing price of the Company's common stock on the NYSE Amex on the date of grant. The option, which has a term of ten years, vests immediately with respect to 50,000 shares, with the remaining 300,000 shares vesting over a 4 year period with 25% each vesting on the first, second, third and fourth anniversaries of the grant date.

Under the agreement, Dr. Fuerst also received a sign-on bonus of \$40,000, and is entitled to the payment of travel expenses from his out-of-state residence to the Company's main offices of up to \$2,000 per month until the earlier of his residence relocation or the end of the first 24 months of his employment.

Under the terms of their agreements, if Mr. Reinhart or Dr. Fuerst is terminated other than for cause or he resigns for good reason, he is entitled to receive, in addition to unpaid salary and expenses and payment of accrued incentive compensation amounts, severance payments in the form of a continuation of his base salary in effect immediately prior to the termination for a period of six months following the termination, which are payable in consideration for and only after he executes a general release containing terms reasonably satisfactory to us. Termination "for cause" or "for good reason" is as defined above under "- Eric I. Richman," except that non-renewal by the Company of the agreement in accordance with the terms of the agreement does not qualify as a termination "for good reason" in the employment agreements for Mr. Reinhart and Dr. Fuerst.

David P. Wright

On April 27, 2010, David P. Wright notified the Company that he was stepping down as Chief Executive Officer of PharmAthene. In connection with Mr. Wright's resignation, he entered into a separation agreement with the Company dated as of August 19, 2010. Under the separation agreement, Mr. Wright received severance pay amounting to \$208,296, representing his salary from May 1, 2010 through October 27, 2010, \$10,000 in reimbursements for legal expenses incurred in negotiating the agreement, and \$15,248 in reimbursements for reasonable and customary business expenses incurred prior to his Termination Date. In addition, Mr. Wright received \$2,181 in accumulated and unused vacation and holiday benefits upon resignation. In the separation agreement, Mr. Wright agreed that for a period of 12 months from the date of termination, he would not work, provide services for, consult with, manage, operate, acquire an interest in or otherwise become involved with certain of the Company's competitors. As a result of Mr. Wright's resignation, 80,790 unvested restricted shares and 381,326 unvested options were forfeited and 561,989 vested options expired unexercised.

Equity Compensation Plan Information

The following table provides information regarding the number of securities to be issued under our 2007 Plan, the weighted-average exercise price of options issued under the 2007 Plan and the number of securities remaining available for future issuance under the 2007 Plan, in each case as of December 31, 2010:

Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans
Equity compensation plans approved by security holders	\$ 5,339,413(1)	\$ 3.18	\$ 5,565,170(2)
Equity compensation plans not approved by security holders	—	—	—
Total	5,339,413	\$ 3.18	5,565,170

(1) Does not include 397,052 shares of restricted stock granted under the 2007 Plan as of December 31, 2010.

(2) This amount includes shares underlying unexercised options already granted and reported in the first column. Under our 2007 Plan, such shares are not treated as issued and are not counted as used against the plan limits until the options are exercised. If we were to exclude shares underlying unexercised options already granted, this amount would be 225,757 as of December 31, 2010. Under our 2007 Plan, the number of shares available for issuance under such plan is automatically increased as of the first day of our fiscal year, beginning in 2009 and occurring each year thereafter through 2015, by a number that is equal to the least of (i) 1,100,000 shares, (ii) 2.5% of the outstanding shares of common stock as of the end of our immediately preceding fiscal year, and (iii) any lesser number of shares determined by the Board; provided, however, that the aggregate number of shares available for issuance pursuant to such increases may not exceed a total of 5,700,000 shares.

Further information regarding our 2007 Plan is contained in Note 12 to our consolidated financial statements for the fiscal year ended December 31, 2010 contained in our Annual Report on Form 10-K for that year.

Bonus Program

The Compensation Committee of the Board of Directors of the Company has adopted a bonus program (the "Bonus Program") for our executive officers and other employees to be identified from time to time by the Chief Executive Officer. The Bonus Program was established to provide for the payment to members of management and identified employees of a bonus that is linked to achievement of key corporate performance objectives and, in the case of executives, also to the achievement of key personal objectives which are approved by the Compensation Committee. The goal of the Bonus Program is to reward personnel by providing further compensation to members of management and identified employees based on the achievement of specified annual goals that the Compensation Committee and the Board of Directors believe correlate closely with the growth of long-term stockholder value. We believe that the Bonus Program will also promote greater communication and foster the appropriate feedback for enhanced productivity and effectiveness.

The Bonus Program is intended to be applicable to the following members of management: the President and Chief Executive Officer, the Senior Vice President and Chief Financial Officer, the Senior Vice President-Operations, the Senior Vice President & General Counsel, the Senior Vice President-Medical Director, the Vice President-Regulatory Affairs and Quality, the Senior Vice President, Policy and Government Affairs and the Executive Vice President-Chief Scientific Officer. Annually and based upon the recommendations of the Chief Executive Officer and the Compensation Committee, the Board of Directors will approve (i) a target bonus pool amount; (ii) a target bonus payout for each executive in the Bonus Program, (iii) the financial achievement percentages and bonus modifiers that will be used to determine the component of the bonus based upon a comparison of the Company's financial and operational performance for the fiscal year against the Board approved financial and operating plan for the fiscal year, (iv) the executives' personal objectives for the fiscal year, and (v) the weight or importance of the corporate financial performance objectives and the personal objectives. After the end of each fiscal year, the Compensation Committee will measure the Company's actual financial performance and consider each executive's personal performance to determine the appropriate adjustment to the executive's target bonus.

Determining the annual target bonus pool. In each fiscal year, the Board of Directors will determine a target bonus pool for that fiscal year and determine how much of that pool should be allocated to executive officers and how much should be allocated to all other personnel. This pool will be a target which may be revised by the Board at their discretion.

For fiscal year 2011, the target bonus pool is equal to the approximate sum of 30% of the aggregate base salary of the executive officers and certain other key employees and 10% of the aggregate base salary of all other employees of the Company.

The pool is to be divided among the relevant executives with reference to the achievement of specific personal and corporate targets. The Compensation Committee shall have the discretion to award more or less than the initial pool amount; and any particular executive or key employee may be awarded a bonus that is greater or less than 30% of their base salary and any non-executive employee may be awarded a bonus that is greater or less than 10% of their base salary. Finally, the pool may be increased to the extent new executive officers and other employees may be hired during the year.

Determining the annual target bonus. During each fiscal year, the Compensation Committee shall determine the target bonus for each executive in the Bonus Program taking into account any terms regarding bonuses which may be contained in each executive's employment agreement. The Board will consider all factors that it deems relevant to such determination, including, but not limited to, the recommendations of our Chief Executive Officer (except with respect to his own bonus), competitive market conditions, and the Board's assessment of the level of growth reflected in the Company's financial performance objectives. The executives are not subject to a maximum bonus payout. All bonuses will be paid in cash.

For fiscal year 2011, the target bonus payout for executive officers and certain other key employees is 30% of the 2011 base salary of the relevant executive officer and such other key employees. Under his employment agreement, Mr. Richman is eligible for an annual cash bonus, the target of which is no less than 60% of his base salary. The target bonus payout for non-executive employees has been set at 10% of the 2011 base salary of the relevant non-executive employee. These annual target bonus levels may be modified based upon the terms of employment agreements with our executives, which have been approved by the Chief Executive Officer and Board of Directors, as applicable, changes in market conditions or performance of the Company in each case in the sole discretion of the Board of Directors.

Determining the financial achievement percentages, bonus modifiers and corporate financial plan. In each fiscal year, the Compensation Committee will review with the executive team and establish corporate performance objectives for the fiscal year that will apply to all executive officers, including the chief executive officer and achievement percentages and bonus modifiers that will be used to evaluate the portion of the bonus applicable to each executive based upon the Company's financial performance. The Board will review and consider senior management's recommendations for financial achievement percentages, bonus modifiers and the fiscal year financial plan and discuss such recommendations with senior management before making final determinations.

The Compensation Committee has established with management specific strategic goals for 2011 as follows, with percentage weighting reflecting the approximate percentage value to be placed upon the achievement of each target:

- Favorable outcome related to the litigation against Siga Technologies (30%),
- Achieve positive stock price performance (20%),
- Successful completion of technology transfer of rPA BDS manufacturing process to Diosynth RTP (15%),
- Successful completion of on-going dose escalation Ph I clinical trial of Valortim (15%),
- Achieve improved performance rating under existing SparVax development contract (10%) and
- Performance in line with forecasts (10%).

Determining personal objectives. Also in each fiscal year, the Compensation Committee, will consider and approve each executive's personal objectives for the fiscal year. Each executive's personal objectives will be agreed upon by the executive and approved by our Chief Executive Officer (except with respect to his own personal objectives). The personal objectives of our Chief Executive Officer will be the corporate objectives for all executive officers.

Determining relative weight of corporate performance objectives and personal objectives. The Compensation Committee will also evaluate the weight or importance that will be placed on achievement of the corporate performance objectives and the personal objectives.

Measuring performance. After the end of the fiscal year, the Compensation Committee will measure the Company's actual performance (using the predetermined corporate achievement percentages) and assess each executive's personal performance against his or her personal objectives to determine the appropriate bonus allocable to each executive officer from the target bonus pool. The Committee will consider the executive's overall contribution to the Company's success and, in the case of executives other than the Chief Executive Officer, the recommendation of the Chief Executive Officer. In determining the appropriate bonuses, the Compensation Committee will also consider other performance considerations related to unforeseen events occurring during the fiscal year. In appropriate circumstances, the Committee has discretion to award a bonus that is less than the amount determined by the procedures outlined above, including to award no bonus at all or greater than the amounts that might be determined by the procedures outlined above.

DolmatConnell & Associates, our compensation consultant, reviewed the structure of our Bonus Program in 2007 and at that time made recommendations which have been incorporated into the Bonus Program and have not been materially changed since then. DolmatConnell was engaged in 2007 to review and make recommendations with respect to compensation of directors, executive officers and other employees, the Compensation Committee charter and to advise the Compensation Committee as to best practices in committee rules and procedures.

Item 13. Certain Relationships and Related Transactions, and Director Independence

There are no familial relationships among our directors, nominees and/or executive officers.

In connection with the August 3, 2007 merger, PharmAthene, its principal Stockholders and its advisors had been contacted by third party investors (collectively, the “New Investors”) indicating an interest in making an investment in PharmAthene through the purchase of a significant number of shares of common stock in privately negotiated transactions with our existing Stockholders but required that, in connection with the purchases, they receive additional shares of our common stock from our founders and from certain Stockholders of Former PharmAthene, receiving shares of our common stock as a result of the merger.

As a result, our principal stockholders and management team entered into agreements to provide the New Investors with these additional shares contingent upon the approval and consummation of the merger and advised the New Investors that they were required to obtain the right to vote the shares to be purchased and vote any shares so purchased in favor of the proposals before the Special Meeting of Stockholders or obtain from the sellers of such shares a vote in favor of the proposals. The New Investors purchased, in the aggregate, 2,429,360 shares of our common stock. The purchase option agreements entered into by John Pappajohn, Derace Schaffer, M.D., Edward Berger, Wayne Schellhammer and Matthew Kinley, our founders and executive officers and directors prior to the merger (collectively, the “HAQ Insiders”), and the New Investors granted the New Investors options to acquire up to 1,266,752 shares of our common stock in the aggregate (which amount was subject to reduction pro rata to the extent that less than 2,800,000 shares of our common stock was purchased by the New Investors); since only 2,429,360 shares of common stock were purchased by the New Investors in the aggregate, 1,099,070 shares became subject to the options. The options were purchased for an aggregate purchase price of \$100 and the exercise price per share was \$.0001 per share. The options became exercisable in August 2008 and were exercised in full in 2008 and 2009.

The HAQ Insiders were entitled to certain registration rights for their IPO Shares, as described in our IPO prospectus and in the definitive proxy statement filed with the SEC on July 16, 2007. These rights provided that the holders of the majority of these pre-IPO shares would be entitled to require us, on up to two occasions, to register these shares. The holders of the majority of these shares were able to elect to exercise these registration rights at any time. In addition, the HAQ Insiders had certain “piggy-back” registration rights on registration statements. The New Investors, as assignees of the HAQ Insiders of the pre-IPO shares, also became entitled to these registration rights. We filed a registration statement on Form S-3 covering the resale of these shares (to the extent such shares could not already be sold without restrictions), which was declared effective by the SEC on February 10, 2009.

On August 3, 2007, holders of existing bridge notes of Former PharmAthene received 8% convertible notes in exchange for such bridge notes in connection with the HAQ merger. Between August 3, 2007 and August 3, 2009 (the maturity date of the 8% convertible notes), funds affiliated with Bear Stearns Health Innoventures Management, LLC held 8% convertible notes in the aggregate principal amount of \$2,541,079. Elizabeth Czerepak, a member of our Board until July 2008, was also a member of Bear Stearns Health Innoventures Management, LLC. Between August 3, 2007 and July 28, 2009, HealthCare Ventures VII, L.P. and MPM Bioventures III, L.P. and affiliated funds (collectively, the “MPM Funds”) held 8% convertible notes in the aggregate principal amount of \$1,815,057 and \$4,709,554, respectively.

As of July 28, 2009, we cancelled a portion of our then outstanding 8% convertible notes and issued 10% convertible notes (the “Notes”) and related stock purchase warrants to holders of the cancelled 8% convertible notes as well as to certain new investors in a private placement. This private placement resulted in:

- the exchange of a portion of our 8% convertible notes in the aggregate principal amount plus accrued interest totaling \$8.8 million for new Notes, convertible into shares of common stock at a conversion price of approximately \$2.54 per share;
- the issuance of additional Notes in the aggregate principal amount of \$10.5 million to new investors; and
- the issuance to the recipients of the Notes of stock purchase warrants to purchase up to 2.6 million shares of common stock at \$2.50 per share, which warrants are exercisable from January 28, 2010 through January 28, 2015.

HealthCare Ventures VII, L.P. and the MPM Funds were among those holders of 8% convertible notes who chose, in lieu of receiving a cash payment representing principal and accrued interest, to receive Notes and related stock purchase warrants. In particular, HealthCare Ventures VII, L.P. received Notes in the aggregate principal amount of \$2,107,483 and warrants to purchase up to 280,998 shares of common stock. The MPM Funds received Notes in the aggregate principal amount of \$5,468,315 and warrants to purchase up to 729,109 shares of common stock. Our director Dr. James Cavanaugh is a general partner of HealthCare Partners VII, L.P., which is the general partner of HealthCare Ventures VII, L.P. Our director Dr. Steven St. Peter, while affiliated with the MPM Funds, is not a member of the general partners and thus is not deemed to have beneficial ownership of the shares owned by the MPM Funds. In addition, our then-CEO and director David Wright, our director Joel McCleary and our executive officer Eric Richman exchanged their 8% convertible notes for Notes in the principal amount of \$61,777, \$31,046 and \$9,454, respectively, as well as warrants to purchase 8,237, 4,140 and 1,261 shares of common stock, respectively. Of the \$10.5 million in aggregate principal amount of Notes sold to new investors, \$1,000,000 was purchased by the spouse of the Chairman of our Board, John Pappajohn, and \$1,000,000 was purchased by our director Derace Schaffer, each of whom also received warrants to purchase 133,333 shares of common stock. An additional \$28,196 in aggregate principal amount of Notes was purchased by our director Joel McCleary and our executive officers Christopher Camut and Eric Richman, who also received warrants to purchase an aggregate of 3,759 shares of common stock.

Under the terms of the Notes, each holder converting Notes was entitled to receive a number of shares corresponding to principal and accrued interest through the date of conversion (plus any accrued and unpaid late charges) at a conversion price of approximately \$2.54 per share. In November 2010, we offered to pay each holder exercising a conversion right an amount in cash corresponding to the interest foregone, i.e., the interest the holder would have received between November 2010 and the maturity date had they held the note through maturity. Simultaneously with the closing of our November 2010 public offering, certain of our affiliates, officers and directors who owned convertible notes converted their Notes into an aggregate of approximately 3.4 million shares of our common stock. These converting noteholders received cash payments of approximately \$0.6 million in the aggregate, corresponding to the interest foregone. As of December 31, 2010, substantially all remaining holders of these Notes in the aggregate principal amount (plus accrued interest) of approximately \$13.2 million, including affiliates, converted their Notes, resulting in the issuance of approximately 5.2 million additional shares of our common stock, while one small noteholder elected to have his Notes redeemed for cash on December 31, 2010. Of this group of remaining holders, holders of Notes in the aggregate principal amount (plus accrued interest) of approximately \$8.4 million elected to accept our early conversion offer and received cash payments of approximately \$0.5 million in the aggregate, corresponding to the interest they would have accrued following conversion had they held the notes to maturity. The following table summarizes the amount of Notes converted, interest accrued thereon and number of shares and amount of cash payments received by each of our directors, executive officers and beneficial holders of 5% or more of our outstanding shares of common stock at the time of conversion.

Converting Noteholder*	Relationship at Time of Conversion	Amount of Notes		Number of Shares Received	Cash Received
		Interest Accrued since July 28, 2009	Converted (principal plus accrued interest)**

Pre-Approval of Audit and Permissible Non-Audit Services

Our Audit Committee has considered whether the provisions of services described in the table above are compatible with maintaining auditor independence. Our Audit Committee requires pre-approval of all audit and non-audit services in one of two methods, and each of the permitted non-auditing services described above has been pre-approved by the Audit Committee. Under the first method, the engagement to render the services would be entered into pursuant to pre-approval policies and procedures established by the Audit Committee, provided (i) the policies and procedures are detailed as to the services to be performed, (ii) the Audit Committee is informed of each service, and (iii) such policies and procedures do not include delegation of the Audit Committee's responsibilities under the Exchange Act to the Company's management. Under the second method, the engagement to render the services would be presented to and pre-approved by the Audit Committee (subject to the de minimis exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act that are approved by the Audit Committee prior to the completion of the audit). The Chairman of the Audit Committee has the authority to grant pre-approvals of audit and permissible non-audit services by the registered independent public accounting firm, provided that all pre-approvals by the Chairman must be presented to the full Audit Committee at its next scheduled meeting.
