PROXY STATEMENT

For the Annual Meeting of Shareholders to be Held

Monday, May 14, 2012

On Assignment, Inc. (the Company, On Assignment, we, our, us) is providing these proxy materials in connection with the solicitation by the Board of Directors of On Assignment, Inc. (the Board) of proxies to be voted at On Assignment's 2012 Annual Meeting of Shareholders to be held on **Monday, May 14, 2012 at 11:00 a.m. Pacific Daylight Time**, or at any adjournment or postponement thereof. This Proxy Statement, the proxy card and On Assignment's Annual Report to Shareholders will be mailed to each shareholder entitled to vote at the 2012 Annual Meeting of Shareholders commencing on or about Monday, April 16, 2012.

GENERAL INFORMATION ABOUT THE MERGER, ANNUAL MEETING AND VOTING

The following questions and answers address briefly some questions you may have regarding the matters to be voted upon at the Annual Meeting. These questions and answers may not address all questions that may be important to you as an On Assignment shareholder. Please refer to the more detailed information contained elsewhere in this Proxy Statement, the annexes to this Proxy Statement and the documents referred to or incorporated by reference in this Proxy Statement. In this Proxy Statement, the term "Apex Systems" refers to Apex Systems, Inc., a Virginia corporation.

Who is soliciting my vote?

The Board of On Assignment is soliciting your vote at the 2012 Annual Meeting of Shareholders.

How does this Annual Meeting differ from On Assignment's typical Annual Meeting?

In addition to the annual task of electing directors, conducting an advisory vote on executive compensation and ratifying the appointment of our independent registered public accounting firm, our shareholders will be asked to vote upon a proposal relating to a merger with Apex Systems (which we refer to in this Proxy Statement as the "merger") which, if completed, will significantly expand our scale of operations, increase our geographic scope, and position us for future growth by adding substantial customers, client relationships and other financial and operational resources.

Why has On Assignment decided to merge with Apex Systems?

We believe that the merger will provide substantial strategic and financial benefits to our company, our shareholders and our customers, including the following:

- increased size and scale of our company;
- complimentary areas of expertise for our businesses; and
- accretive impact to our earnings per share.

Please see "Reasons for the Merger" beginning on page 21 for a detailed discussion of the reasons for and benefits of the merger.

When do you expect the merger to be completed?

We hope to complete the merger as soon as reasonably practicable. We are working to complete the merger by the end of the second quarter of 2012. We cannot consummate the merger until the On Assignment shareholders approve the proposal related to the merger described in this Proxy Statement and until the other conditions set forth in the Agreement of Merger, dated as of March 20, 2012, by and among On Assignment, OA Acquisition Corp., a Virginia corporation, Apex Systems, and Jeffrey E. Veatch, as the representative of the shareholders of Apex systems (which we refer to in this Proxy Statement as the "Merger Agreement"), are satisfied or waived by the respective parties to the Merger Agreement. In addition, other factors outside of our control could require us to complete the merger at a later time or not to complete it at all. For a discussion of the conditions to the completion of the merger and of the risks associated with the failure to satisfy such conditions, please see "The Merger Agreement" beginning on page 33 and "Risk Factors—The merger may not be completed, which could adversely affect On Assignment's business operations and stock price." on page 15.

What are the specific proposals that shareholders will consider with respect to the merger?

There is one proposal related to the merger:

[Table of Contents](#)

Proposal 1: a proposal to approve the issuance of up to 17,485,898 shares of On Assignment common stock in the merger contemplated by the Merger Agreement, referred to in this Proxy Statement as the “share issuance proposal.”

What other proposals will be voted on at the Annual Meeting?

The other items scheduled to be voted on at the Annual Meeting are:

Proposal 2: the election of Jeremy M. Jones and Edward L. Pierce as directors for three-year terms to expire at our 2015 Annual Meeting;

Proposal 3: an advisory vote to approve named executive officer compensation;

Proposal 4: the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2012; and

such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

If any such other matters properly come before the Annual Meeting or any adjournments or postponements thereof, the persons named as proxies shall vote the shares represented thereby in their discretion.

Are there risks I should consider in deciding how to vote on the share issuance proposal?

Yes. In evaluating the share issuance proposal, you should carefully read this Proxy Statement, including the factors discussed in the section “Risk Factors” beginning on page 15. *You are urged to read this Proxy Statement in its entirety prior to voting or submitting a proxy.*

What is included in the proxy materials?

Proxy materials include this Proxy Statement for the Annual Meeting and the Company’s Annual Report on Form 10-K. This Proxy Statement and our Annual Report on Form 10-K filed with the SEC on March 14, 2012 are available free of charge on our website (<http://www.onassignment.com>).

Who may vote at the Annual Meeting?

The Board has set April 13, 2012, as the record date for the Annual Meeting. If you were the owner of shares of On Assignment, Inc. common stock at the close of business on April 13, 2012, you may vote at the Annual Meeting. You are entitled to one vote for each share of common stock you held on the record date, including shares:

- held directly in your name with our transfer agent as a “holder of record” and
 - held for you in an account with a broker, bank or other nominee (shares held in “street name”).

A list of shareholders entitled to vote at the Annual Meeting will be open to the examination of any shareholder, for any purpose germane to the Annual Meeting, during normal business hours for a period of ten days before the Annual Meeting at our corporate offices at 26745 Malibu Hills Road, Calabasas, California 91301, and at the time and place of the Annual Meeting.

How many shares must be present to hold the meeting?

A majority of On Assignment’s outstanding shares of common stock as of the record date must be present in person or represented by proxy at the Annual Meeting in order to hold the meeting and conduct business. This is called a quorum. Abstentions and broker non-votes will be counted for purposes of establishing a quorum at the meeting. On March 31, 2012, there were 37,575,777 shares of On Assignment common stock outstanding.

How many votes are required to approve each item?

The share issuance proposal requires a FOR vote of the holders of a majority of the total votes cast on the proposal. The actions contemplated by the share issuance proposal, even if approved by our shareholders, will not occur unless we complete the merger.

Directors are elected by a plurality of the votes cast at the Annual Meeting. This means that the nominees who receive the largest number of FOR votes cast will be elected as directors.

The advisory vote on executive compensation requires a FOR vote of the holders of a majority of the shares having voting power present in person or represented by proxy at the Annual Meeting.

The ratification of the appointment of the independent accountants requires the FOR vote of the holders of a majority of the shares having voting power present in person or represented by proxy at the Annual Meeting.

How may I cast my votes?

You may vote FOR, AGAINST or ABSTAIN on the vote on the share issuance proposal.

You may either vote FOR or WITHHOLD AUTHORITY TO VOTE for the director nominees. If you withhold authority to vote with respect to the director nominees, your shares will be counted for purposes of establishing a quorum, but will have no effect on the election of the nominees.

You may vote FOR, AGAINST or ABSTAIN on the advisory vote on executive compensation and the ratification of the appointment of our independent accountants.

If you sign and submit your proxy card without voting instructions, your shares will be voted FOR the share issuance proposal, FOR the director nominees put forth by the Board, FOR the approval of the advisory vote on executive compensation and FOR the appointment of Deloitte & Touche LLP as our independent accountants.

What if I abstain from voting?

If you attend the Annual Meeting or send in your signed proxy card, but abstain from voting on any proposal, your shares will still be counted for purposes of determining whether a quorum exists. If you abstain from voting on the advisory vote on executive compensation and the appointment of our independent accountants, your abstention will have the same effect as a vote against the proposals. If you abstain from voting on the share issuance proposal, your abstention will have no effect on the outcome of the vote on the share issuance proposal.

Will my shares be voted if I do not sign and return my proxy card or vote in person?

If you do not sign and return your proxy card or vote in person, your shares will not be voted at the Annual Meeting. If your shares are held in “street name” and you do not issue instructions to your broker, your broker may vote your shares at its discretion on routine matters, but may not vote your shares on non-routine matters. If a broker who holds shares for another person does not vote on a particular proposal because that broker does not have discretionary voting power for the proposal and has not received voting instructions from the owner of the shares, then a “broker non-vote” will occur. It is important that you vote your shares.

The share issuance proposal, the election of directors and the advisory vote on executive compensation are non-routine matters, whereas the appointment of our independent accountants is a routine matter. Therefore, if your shares are held in “street name” by your broker and you do not provide your broker with instructions on how to vote your “street name” shares, your broker will not be permitted to vote on the share issuance proposal, the election of directors or the advisory vote on executive compensation. However, with regards to the appointment of our independent accountants, your broker will be permitted to vote your shares as its discretion. You should therefore be sure to provide your broker with instructions on how to vote your shares. Please check the voting form used by your broker to see if it offers telephone or Internet submission of proxies.

Broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business, but they will not be counted for purposes of determining whether the proposals have been approved.

How does the Board recommend that I vote?

The Board recommends that you vote your shares:

Proposal 1: FOR the share issuance proposal regarding the issuance of up to 17,485,898 shares of On Assignment common stock in the merger;

Proposal 2: FOR Mr. Jones and Mr. Pierce, the director nominees named in this Proxy Statement;

Proposal 3: FOR the proposal regarding an advisory vote to approve named executive officer compensation; and

Proposal 4: FOR the ratification of the appointment of Deloitte & Touche LLP as our independent accountants.

What do I need to do now?

After carefully reading and considering the information in this Proxy Statement, please submit your proxy in accordance with the instructions set forth in the enclosed proxy card, or fill out, sign and date the proxy card, and then mail your signed proxy card in the enclosed prepaid envelope so that your shares may be voted at the Annual Meeting.

Do I need to send in my stock certificates if the merger is completed?

No. You will not be required to exchange your certificates representing shares of On Assignment common stock in connection with the merger. Apex Systems is merging with a wholly owned subsidiary of On Assignment. In the merger, On Assignment will issue additional shares of its common stock to the shareholders of Apex Systems in exchange for their shares of Apex Systems common stock. The previously outstanding shares of On Assignment common stock will continue to remain outstanding following the merger. You will not receive any cash or securities in connection with the merger, but instead you will continue to hold your existing shares of On Assignment common stock.

How do I vote my shares without attending the Annual Meeting?

Shareholders of Record. If you hold shares directly in your name with On Assignment's transfer agent, Computershare Investor Services, you are a shareholder of record and you may direct your vote without attending the Annual Meeting. You may vote by signing and dating your proxy card and mailing it in the postage-paid envelope provided. You should sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as guardian, executor, trustee, custodian, attorney or officer of a corporation), you should indicate your name and title or capacity.

Beneficial Owner of Shares/Shares Held in Street Name. If you hold shares in "street name," you may direct your vote without attending the Annual Meeting by following the voting directions provided by your broker, bank, broker-dealer or similar organization. You may complete and mail a voting instruction card to your broker or nominee or, in most cases, submit voting instructions by telephone or the Internet. If you provide specific voting instructions by mail, telephone or the Internet, your shares will be voted by your broker or nominee as you have directed.

How do I vote my shares in person at the Annual Meeting?

Even if you plan to attend the Annual Meeting, we encourage you to vote by signing, dating and returning the enclosed proxy card so your vote will be counted if you later decide not to attend the Annual Meeting.

If you choose to vote in person at the Annual Meeting:

- if you are a shareholder of record, you may vote by the ballot to be provided at the Annual Meeting; or
- if you hold your shares in "street name," you must obtain a proxy in your name from your bank, broker or other holder of record in order to vote by ballot at the Annual Meeting.

Please call (818) 878-7900 to obtain directions to attend the Annual Meeting.

What happens if my shares are held in more than one account?

If your shares are held in more than one account, you will receive a proxy card for each account. To ensure that all of your shares in each account are voted, you must sign, date and return each proxy card you receive.

If you and other residents at your mailing address own shares of On Assignment stock in "street name," your bank, broker or other holder of record may have notified you that your household will receive only one Annual Report and Proxy Statement for each company in which you hold stock through that bank, broker or other holder of record. This practice is known as "householding." Unless you responded that you did not want to participate in householding, you were deemed to have consented to the process. Therefore, your bank, broker or other holder of record will send only one copy of our Annual Report and Proxy Statement to your address. Each shareholder in your household will continue to receive a separate voting instruction form.

If you would like to receive your own set of our Annual Report and Proxy Statement in the future, or if you share an address with another On Assignment shareholder and together both of you would like to receive only a single set of On Assignment annual disclosure documents, please contact our Investor Relations department by telephone at (818) 878-3136. As a part of this process, you will be asked to provide your name, the name of your bank, broker or other holder of record and your account number. The revocation of your consent to householding should be effective 30 days following receipt of your instructions.

If you did not receive an individual copy of this year's Annual Report or Proxy Statement, we will send a copy to you upon a written or oral request. Written requests for such copies should be addressed to On Assignment, Inc., Attention: Investor Relations, 26745 Malibu Hills Road, Calabasas, California 91301. Please contact our Investor Relations department by telephone at (818) 878-3136 with any oral requests for such copies.

May I revoke my proxy and change my vote?

You may revoke your proxy at any time before it is voted by:

- submitting a properly signed proxy card with a later date;
- delivering to the Secretary of On Assignment a written revocation notice bearing a later date than the proxy card; or
- voting in person at the Annual Meeting.

How can I find out the results of the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting. The final voting results will be published on a Form 8-K which will be filed with the SEC within four business days after the Annual Meeting.

SUMMARY

This summary highlights selected information from this Proxy Statement with respect to the proposed merger and may not contain all of the information that is important to you. To understand the merger fully and for a more complete description of the legal terms of the Merger Agreement and the related agreements, you should carefully read this entire Proxy Statement. Please see "Where You Can Find Additional Information" beginning on page 99. We have included references to other portions of this Proxy Statement to direct you to a more complete description of the topics presented in this summary, which you should review carefully in their entirety.

The Companies (see page 17)

On Assignment and OA Acquisition Corp., 26745 Malibu Hills Road, Calabasas, California 91301 (818) 878-7900.

On Assignment is a diversified professional staffing firm providing flexible and permanent staffing solutions in specialty skills including Life Sciences, Healthcare, Physician, and Information Technology and Engineering. We provide clients in these markets with short-term or long-term assignments of contract professionals, contract-to-permanent placement and direct placement of these professionals. Our business consists of four operating segments: Life Sciences, Healthcare, Physician and Information Technology and Engineering.

OA Acquisition Corp. is a Virginia corporation and a wholly owned subsidiary of On Assignment. It was formed solely for the purposes of entering into the Merger Agreement with On Assignment and Apex Systems and completing the merger. It has not conducted any business operations other than those contemplated by the Merger Agreement.

Apex Systems, Inc., 4400 Cox Road, Suite 200, Glen Allen, Virginia 23060 (804) 342-9090.

Apex Systems is an information technology staffing and services firm specializing in recruiting and placing information technology professionals for contract, contract-to-hire and direct placements. Apex Systems also offers related workforce solutions to their clients. Apex Systems was founded in 1995 and is headquartered in Richmond, Virginia. As of March 31, 2012, Apex Systems has a presence in 49 markets throughout the United States, approximately 1,000 full-time employees and over 950 clients.

The Merger (see page 17) and the Merger Agreement (see page 33)

In the merger, OA Acquisition Corp. will merge with and into Apex Systems, with Apex Systems surviving the merger and continuing as a wholly owned subsidiary of On Assignment.

The merger will be completed only after the satisfaction or waiver of the conditions to the completion of the merger set forth in the Merger Agreement. The Merger Agreement as executed is attached as Annex A to this Proxy Statement. We encourage you to read the Merger Agreement carefully and fully, as it is the legal document that governs the merger.

Merger Consideration (see page 34)

In the merger, On Assignment will pay \$383 million in cash (subject to various adjustments) and issue between 14,304,548 and 17,485,898 shares of On Assignment common stock to the Apex Systems shareholders in exchange for their shares of Apex Systems common stock. Upon completion of the merger, based on the amount of shares of On Assignment common stock outstanding as of March 31, 2012 of 37,575,777 shares, On Assignment shareholders prior to the merger will own between 68.2% and 72.4% of On Assignment's outstanding shares of common stock and Apex Systems shareholders prior to the merger will own between 27.6% and 31.8% of On Assignment's outstanding shares of common stock. In this Proxy Statement, we refer to the Apex Systems shareholders immediately prior to the merger, who will receive On Assignment common stock in connection with the merger, as "the former Apex Systems shareholders," and to Jeffrey E. Veatch, in his capacity as the representative of the former Apex Systems shareholders in connection with the merger, as "the Shareholder Representative."

Based on the closing price per share of On Assignment common stock of \$13.68 on March 20, 2012, which is the date on which we publicly announced execution of the Merger Agreement after the end of the full trading day, the dollar value of the shares of On Assignment common stock to be issued as consideration for the merger was approximately \$217 million. On a preliminary basis, we estimate that the purchase price will be allocated to the net assets of Apex Systems as follows:

- Net tangible assets as of December 31, 2011 at estimated fair value: \$71.9 million
 - Identifiable intangible assets: \$284.3 million
 - Goodwill: \$243.8 million

The preliminary estimated amount of goodwill resulting from the merger of \$243.8 million generally represents the value of Apex System's geographic market presence, customer base, management team and staffing platform, growth opportunities and the ability of these elements to contribute to the generation of significant future cash flows.

[Table of Contents](#)

Based on these amounts, and after reflecting the pro forma adjustments described in the section of this Proxy Statement entitled “Unaudited Pro Forma Condensed Combined Financial Statements” beginning on page 52, the pro forma diluted earnings per common share of On Assignment for the year ended December 31, 2011 is \$0.58. The unaudited pro forma condensed combined financial statements apply certain assumptions and adjustments which are based upon available information and assumptions that the managements of On Assignment and Apex Systems believe reasonably reflect the merger.

The Investor Rights Agreement (see page 41)

In connection with the closing of the merger, On Assignment, the Shareholder Representative and the former Apex Systems shareholders who will become On Assignment shareholders pursuant to the merger will enter into an Investor Rights Agreement. In this Proxy Statement, we refer to this agreement as the “Investor Rights Agreement.”

The Investor Rights Agreement imposes certain restrictions on, and provides certain rights to, the former Apex Systems shareholders, in particular with respect to the shares of On Assignment common stock they will receive in the merger. The terms of the Investor Rights Agreement (i) provide the Shareholder Representative the right to designate up to two directors to the Board, (ii) provide that certain of the former Apex Systems shareholders must vote their shares in favor of matters approved by the Board that are subject to a vote of On Assignment shareholders for a period of 12 months from the closing, and (iii) include provisions intended to prevent a disorderly sale of the shares of On Assignment common stock to be issued in the merger.

The Investor Rights Agreement includes further voting restrictions providing that until the date on which Brian J. Callaghan, Edwin A. Sheridan, IV and Jeffrey E. Veatch collectively own less than 10% of the outstanding shares of On Assignment common stock, Messrs. Callaghan, Sheridan and Veatch must be present, in person or by proxy, at all shareholders’ meetings of On Assignment so that all their shares of On Assignment common stock may be counted for purposes of determining the presence of a quorum at the meetings.

In addition, the Investor Rights Agreement includes transfer restrictions with respect to the shares of On Assignment common stock to be received in the merger. These restrictions provide that none of the former Apex Systems shareholders may sell or otherwise transfer any shares of On Assignment common stock for three years after the completion of the merger (subject to certain exceptions and limitations, including, but not limited to, sales pursuant to certain registered offerings). The Investor Rights Agreement also provides the former Apex Systems shareholders with registration rights with respect to their shares of On Assignment common stock acquired pursuant to the merger. The former Apex Systems shareholders have certain rights to require On Assignment to register their shares of On Assignment common stock for public resale under the terms of the Investor Rights Agreement. In addition, if we propose to register any of our shares in a registered public offering, the former Apex Systems shareholders have a right to include their shares in such offering through a valid piggyback registration of shares, subject to the right of the underwriters of an offering to limit the number of shares included in such registration. Certain of the former Apex Systems shareholders also have a right to transfer shares pursuant to a Rule 10b5-1 plan.

Please see “The Investor Rights Agreement” beginning on page 41 for a description of the terms of the Investor Rights Agreement.

The Share Issuance Proposal (see page 18)

At the Annual Meeting, among other matters, the holders of On Assignment common stock will be asked to consider and vote on the following proposal related to the merger:

Proposal 1: A proposal to approve the issuance of up to 17,485,898 shares of On Assignment common stock in the merger contemplated by the Merger Agreement.

The action contemplated by this proposal, even if approved by our shareholders, will not occur unless we complete the merger.

THE MERGER WILL NOT BE COMPLETED UNLESS, AMONG OTHER THINGS, THE ON ASSIGNMENT SHAREHOLDERS APPROVE THE SHARE ISSUANCE PROPOSAL. UNDER THE MERGER AGREEMENT, COMPLETION OF THE MERGER IS SUBJECT TO THE SATISFACTION (OR, IF LEGALLY PERMITTED, WAIVER) OF SPECIFIED CLOSING CONDITIONS. APPROVAL BY THE ON ASSIGNMENT SHAREHOLDERS OF THE SHARE ISSUANCE PROPOSAL IS SUCH A CONDITION, WHICH MAY NOT BE WAIVED BY EITHER ON ASSIGNMENT OR APEX SYSTEMS.

Required Shareholder Approvals (see page 39)

Under the NASDAQ Global Select Market rules, approval of the share issuance proposal requires the affirmative vote of the holders of a majority of the total votes cast on the proposal.

[Table of Contents](#)

Under the Merger Agreement, completion of the merger is subject to the satisfaction (or, if legally permitted, waiver) of specified closing conditions. Approval by On Assignment shareholders of the share issuance proposal is one of these conditions, and neither Apex Systems nor On Assignment may waive this condition.

On the record date, directors and executive officers of On Assignment and their affiliates beneficially owned shares of On Assignment common stock representing approximately 3.7% of the shares of On Assignment common stock outstanding on the record date. To On Assignment's knowledge, directors and executive officers of On Assignment and their affiliates intend to vote their shares of On Assignment common stock in favor of the share issuance proposal.

Recommendations of the Board (see page 34)

The Board unanimously (i) determined that it was advisable to and in the best interests of On Assignment and its shareholders for On Assignment to execute, deliver and perform its obligations under the Merger Agreement and to consummate the transactions contemplated thereby, including the merger and the issuance of On Assignment shares in connection with the merger, (ii) adopted resolutions approving the Merger Agreement and the transactions contemplated thereby and (iii) recommended that On Assignment's shareholders vote for the share issuance proposal.

THE BOARD RECOMMENDS THAT ON ASSIGNMENT SHAREHOLDERS VOTE "FOR" THE SHARE ISSUANCE PROPOSAL.

Opinion of On Assignment's Financial Advisor (see page 24)

On March 19, 2012, Moelis & Company LLC (which we refer to in this Proxy Statement as "Moelis"), financial advisor to On Assignment in connection with the merger, delivered its oral opinion to the Board, which was subsequently confirmed by delivery of Moelis' written opinion, dated March 19, 2012, to the effect that, as of such date, subject to assumptions and qualifications described in the opinion, the consideration to be paid by On Assignment in the merger was fair from a financial point of view to On Assignment.

The full text of Moelis' opinion is attached as Annex B to this Proxy Statement. **Moelis' opinion was provided to the Board for the use and benefit of the Board in its evaluation of the merger. Moelis' opinion is directed only to the fairness from a financial point of view to On Assignment of the consideration paid by On Assignment in connection with the merger. The opinion does not address On Assignment's underlying business decision to effect the merger or the relative merits of the merger as compared to any alternative business strategies or transactions that might be available to On Assignment.**

The opinion does not constitute a recommendation to any shareholder of On Assignment as to how such shareholder should vote with respect to the merger or any other matter. On Assignment encourages you to read Moelis' opinion carefully in its entirety for a description of the assumptions made, procedures followed, matters considered and limitations on the review undertaken by Moelis.

Risk Factors (see page 15)

There are a number of significant risks related to the merger, including the following:

- If the public markets assign lower values to the Apex Systems business than the values used in negotiating the terms of the merger, the trading price of On Assignment common stock may decline;
 - The merger may not be completed, which could adversely affect On Assignment's business operations and stock price;
- The issuance of shares of On Assignment common stock in the merger will substantially reduce the percentage interests of current On Assignment shareholders in the earnings, voting power and market value of On Assignment;
 - On Assignment will incur significant transaction, compliance and other merger-related fees and costs;
- The public resale by former Apex Systems shareholders of On Assignment common stock received in the merger could have a negative effect on the trading price of On Assignment common stock following completion of the merger;
- On Assignment will record goodwill and identifiable intangible assets that could become impaired and adversely affect its operating results; and

[Table of Contents](#)

- On Assignment will have continuing obligations, which will impact its business and corporate governance.

In addition, On Assignment will be subject to a number of significant risks related to the markets in which it will operate as well as other risks, including the following:

- If Apex Systems is unable to sustain its rate of growth, the growth prospects and future results of On Assignment are likely to be adversely affected.

Conditions to the Completion of the Merger (see page 39)

The completion of the merger is subject to the satisfaction or, to the extent legally permissible, the waiver of a number of conditions in the Merger Agreement, such as:

- the following conditions in favor of both On Assignment and Apex Systems (subject to certain limitations and exceptions):
 - the approval by On Assignment shareholders of the share issuance proposal;
- the expiration or termination of the waiting periods under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 (which condition was satisfied on April 6, 2012);
- the absence of any law, judgment, injunction or other order by a governmental entity prohibiting or enjoining completion of the merger;
- the receipt of the approval for listing by the NASDAQ Global Select Market of On Assignment common stock to be issued pursuant to the merger, subject to the official notice of issuance of the stock;
 - compliance in all material respects by the parties with their respective obligations under the Merger Agreement;
- the absence of breaches of representations and warranties in the Merger Agreement, subject to a material adverse effect qualification;
 - the following conditions in favor of Apex Systems (subject to certain limitations and exceptions):
- the absence since December 31, 2011 of any change, event or development that has had a material adverse effect on On Assignment;
 - receipt of payment by On Assignment of the merger consideration;
 - the following conditions in favor of On Assignment (subject to certain limitations and exceptions):
 - the receipt of required third-party consents under certain contracts, agreements, licenses, orders or other commitments;
- the absence since December 31, 2011 of any change, event or development that has had a material adverse effect on Apex Systems; and
 - the receipt of financing for the merger.

Termination of the Merger Agreement (see page 40)

The Merger Agreement may be terminated at any time prior to the completion of the merger in any of the following ways:

- by mutual written consent of On Assignment and Apex Systems;
- by either On Assignment or Apex Systems (subject to certain limitations and exceptions):
- if the merger has not been completed by July 18, 2012 (or such other date to which On Assignment and Apex Systems may agree upon in writing); or

[Table of Contents](#)

- if a court or other governmental entity issues an order or injunction preventing completion of the merger, and such order or injunction is final and cannot be appealed;
 - by On Assignment (subject to certain limitations and exceptions):
- if there has been an uncured breach of any representation, warranty, covenant or other agreement made by Apex Systems in the Merger Agreement, and the breach or failure to perform would result in the applicable closing condition to the merger not being satisfied; and
 - by Apex Systems (subject to certain limitations and exceptions):
- if there has been an uncured breach of any representation, warranty, covenant or other agreement made by On Assignment or Merger Sub in the Merger Agreement, and the breach or failure to perform would result in the applicable closing condition to the merger not being satisfied.

NASDAQ Listing (see page 30)

It is a condition to the merger that the shares of On Assignment common stock to be issued in the merger be approved for listing on the NASDAQ Global Select Market, subject to official notice of issuance. Shares of On Assignment common stock will continue to be traded on the NASDAQ Global Select Market under the symbol “ASGN” immediately following the completion of the merger.

Appraisal Rights (see page 30)

Holders of On Assignment common stock do not have dissenters or appraisal rights under Delaware law in connection with the merger.

Material United States Federal Income Tax Consequences to Existing On Assignment Shareholders (see page 29)

The existing On Assignment shareholders generally should not be subject to any material United States federal income tax consequences solely as a result of the merger.

Anticipated Accounting Treatment (see page 29)

The merger will be accounted for using the acquisition method of accounting in accordance with accounting principles generally accepted in the United States (GAAP) under Accounting Standards Codification (ASC) Topic 805, *Business Combinations* (ASC 805). On Assignment will be the acquiring entity for financial reporting purposes and Apex Systems will be treated as the “acquired” company for financial reporting purposes, and the assets and liabilities of Apex Systems will be recorded, as of the completion of the merger, based on their estimated fair values and added to those of On Assignment.

Additional Interests of Directors, Executive Officers and Certain Beneficial Owners (see page 31)

In connection with the merger, none of our directors or officers will receive any transaction bonuses, none of their existing equity awards will vest or become payable on an accelerated basis, and no director or officer of On Assignment has any “change of control” arrangement under an employment agreement or any pension or other benefit plan that would entitle such director or officer to additional compensation or other benefits following completion of the merger.

You should understand that the following important factors, in addition to those discussed in “Risk Factors” beginning on page 15 and elsewhere in this Proxy Statement, and in the documents which are incorporated by reference in this Proxy Statement, could affect the future results of On Assignment, and could cause those results or other outcomes to differ materially from those expressed or implied in our forward-looking statements:

- the ability of On Assignment and Apex Systems to satisfy all conditions precedent to the completion of the merger;

Except to the extent required by applicable law or regulation, On Assignment undertakes no obligation to release any revisions or updates to such forward-looking statements to reflect events or circumstances after the date of this Proxy Statement or to reflect the occurrence of unanticipated events.

RISK FACTORS

On Assignment shareholders should carefully read and consider the following risk factors, as well as the other information contained and referred to in this Proxy Statement, before voting at the Annual Meeting.

Risks Relating to the Merger

If the public markets assign lower values to the Apex Systems business than the values used in negotiating the terms of the merger, the trading price of On Assignment common stock may decline.

The stock of Apex Systems is not publicly traded, so there is no current market-based valuation for Apex Systems' business. In negotiating the merger, we used what we believe to be a reasonable valuation for Apex Systems and considered the advice of our financial advisor in the merger. The public markets may not value the Apex Systems business in the same manner as we have valued it for purposes of negotiating the terms of the merger. If either On Assignment's future financial performance is materially better than projected (and Apex Systems does not also perform materially better), or if Apex Systems' future financial performance is materially lower than projected (and On Assignment's performance is not similarly lower), the market may conclude that the value assigned to Apex Systems in the merger was too high. In any of these events, the trading price of On Assignment common stock may decline.

The merger may not be completed, which could adversely affect On Assignment's business operations and stock price.

To complete the merger, On Assignment shareholders must approve the issuance of shares of On Assignment common stock as contemplated by the Merger Agreement.

In addition, the Merger Agreement contains additional closing conditions, which are described in the section "The Merger Agreement" on page 33, including On Assignment's receipt of debt financing in the amount of \$540 million, which we refer to in this proxy as the "debt financing," from Wells Fargo Bank, National Association, Bank of America, N.A., and Deutsche Bank Trust Company Americas. These conditions may not be satisfied or waived.

If we are unable to complete the merger, On Assignment would be subject to a number of risks, including the following:

- On Assignment would not realize the benefits of the merger; and
- the trading price of On Assignment common stock may decline to the extent that the current market price reflects a market assumption that the merger will be completed.

The occurrence of either of these events individually or in combination could have a material adverse effect on the results of operations, financial position and cash flows of On Assignment or the trading price of our common stock.

The issuance of shares of On Assignment common stock in the merger will substantially reduce the percentage interests of current On Assignment shareholders in the earnings, voting power and market value of On Assignment.

On Assignment will issue between 14,304,548 and 17,485,898 shares of On Assignment common stock in the merger. Upon completion of the merger and the issuance of these shares, based on the amount of shares of On Assignment common stock outstanding as of March 31, 2012 of 37,575,777 shares, On Assignment shareholders prior to the merger will own between 68.2% and 72.4% of On Assignment's outstanding shares of common stock and the former Apex Systems shareholders will own between 27.6% and 31.8% of On Assignment's outstanding shares of common stock. The issuance of shares of On Assignment common stock in the merger will cause a significant reduction in the relative percentage interests of current On Assignment shareholders in earnings, voting power and market value of On Assignment.

The merger is expected to be accretive to On Assignment shareholders in 2012, and the accretive nature of the transaction is expected to result in increased earnings per share over time. The extent and duration of any accretion will depend on several factors, including the amount of merger-related expenses it incurs that are charged against its earnings, the number of shares which will be issued to the former Apex shareholders under the Merger Agreement and the results of operations of Apex Systems, which will not be known until after the merger is completed. If expenses charged against earnings are higher than the Board expected, the number of shares which will be issued to the former Apex shareholders under the Merger Agreement is greater than expected or Apex Systems does not achieve the revenue and earnings growth projected by the Board, the amount of accretion in 2012 could be less than currently anticipated and the merger may not turn out to be accretive to current On Assignment shareholders (or may be less accretive than currently anticipated). In such event, the trading price of On Assignment common stock may decline.

After reflecting the pro forma adjustments as described in "Unaudited Pro Forma Condensed Combined Financial Statements" beginning on page 52, the pro forma diluted earnings per common share of On Assignment for the year ended December 31, 2011 is \$0.58. These unaudited pro forma condensed combined financial statements apply certain assumptions and adjustments which are based upon available information and assumptions that the managements of On Assignment and Apex Systems believe reasonably reflect the merger.

On Assignment will incur significant transaction, compliance and other merger-related fees and costs.

On Assignment expects to incur costs associated with combining the operations of its business with those of Apex Systems, as well as transaction fees and other costs related to the merger. The total cost to consummate the transaction is estimated to be approximately \$7.5 million, which does not include the costs to be borne by Apex Systems. The amount of transaction costs expected to be incurred is a preliminary estimate and subject to change. In addition, it is expected that On Assignment's costs related to legal and regulatory compliance may increase substantially, at least in the near term, because Apex Systems has not previously been required to comply with the reporting, internal control, public disclosure and similar legal and regulatory compliance obligations and requirements applicable to publicly traded companies. Although On Assignment expects that the elimination of duplicative costs, as well as the realization of other efficiencies related to the integration of the businesses, may offset incremental transaction and merger-related costs over time, this net benefit may not be achieved in the near term or at all.

The public resale by former Apex Systems shareholders of On Assignment common stock received in the merger could have a negative effect on the trading price of On Assignment common stock following completion of the merger.

In the merger, we will issue between 14,304,548 and 17,485,898 shares of On Assignment common stock to the shareholders of Apex Systems. None of these shares will be registered under the Securities Act of 1933, and they will only be able to be resold pursuant to a separate registration statement or an applicable exemption from registration (under both federal and state securities laws). The shares will be subject to contractual restrictions under the terms of the Investor Rights Agreement. The former Apex Systems shareholders have certain rights to require On Assignment to register their shares for public resale under the terms of the Investor Rights Agreement. In addition, if we propose to register any of our shares in a registered public offering, the former Apex Systems shareholders have a right to include their shares in such offering through a valid piggyback registration of shares, subject to the right of the underwriters of an offering to limit the number of shares included in such registration. Please see "The Investor Rights Agreement" beginning on page 41 for a description of the terms of the Investor Rights Agreement.

If all or a substantial portion of these shares of our common stock issued in the merger are resold into the public markets, such transactions may cause a decline in the trading price of our common stock.

On Assignment will record goodwill and identifiable intangible assets that could become impaired and adversely affect its operating results.

Under GAAP, the merger will be accounted for under the acquisition method of accounting as a purchase by On Assignment of Apex Systems. Under the acquisition method of accounting, the total implied purchase price paid by On Assignment in the merger will be allocated to Apex Systems' tangible assets and liabilities and identifiable intangible assets based on their fair values as of the date of completion of the merger. The excess of the purchase price over those fair values will be recorded as goodwill. We expect that the merger will result in the creation of goodwill based upon the application of acquisition accounting. The unaudited pro forma condensed combined financial statements contained in this Proxy Statement beginning on page 52 reflect an estimate of goodwill resulting from the merger amounting to \$243.8 million. As a result of the merger, total pro forma goodwill of \$473.0 million would represent 44% of the total combined pro forma assets of \$1.1 billion. Please see Note 3(c), "Goodwill" of Notes to Unaudited Pro Forma Condensed Combined Financial Statements beginning on page 56 for a discussion of the factors contributing to the estimated amount of goodwill resulting from the merger. To the extent the value of goodwill or identifiable intangible assets become impaired, On Assignment may be required to incur material non-cash charges relating to such impairment. Such a potential impairment charge could have a material and adverse impact on On Assignment's operating results.

On Assignment will have continuing contractual obligations, which will impact its business and corporate governance.

The Merger Agreement includes obligations of On Assignment and the former Apex Systems shareholders, which will continue following completion of the merger. These obligations include indemnification obligations, which may entitle On Assignment to seek recovery from the former Apex Systems shareholders for losses related to representations and pre-merger actions or omissions of Apex Systems. In addition, the Investor Rights Agreement and Non-Compete Agreements include obligations that will be in effect after the completion of the merger, including board matters, registration rights and restrictions on competitive activities by former Apex shareholders.

If Apex Systems is unable to sustain its rate of growth, the growth prospects and future results of On Assignment are likely to be adversely affected.

Over the past eight years, Apex Systems has undergone revenue and earnings growth. This growth has come from Apex Systems' focus on information technology staffing, increased market share with existing clients, addition of new clients, national presence and infrastructure that promotes high operating leverage. There is no assurance that Apex Systems will be able to continue this pace of growth in the future. Such growth also could be negatively affected by many factors, including future technology industry conditions, the effects of integration with the On Assignment business or macroeconomic events. If, following the merger, Apex Systems' growth rate slows, or if it fails to grow at the pace anticipated by On Assignment, the growth prospects and future results of On Assignment are likely to be adversely affected.

Background of the Merger

The Board of On Assignment regularly reviews with senior management strategic direction, opportunities available for growth and developments in the staffing industry. These reviews include periodic internal discussions of projected financial performance and potential acquisitions, dispositions and business combinations with third parties that would increase shareholder value and further On Assignment's strategic objectives, as well as the potential benefits and risks of those potential transactions.

Mr. Dameris, the Chief Executive Officer and President of On Assignment, and Mr. Sheridan, the Co-Chief Executive Officer of Apex Systems, have met from time to time to discuss the industry and their companies. Recommendation of the Board

The Board unanimously determined that the Merger Agreement and the transactions contemplated thereby, including the merger and the issuance of shares of On Assignment common stock in the merger, are advisable, fair to and in the best interests of On Assignment and On Assignment shareholders and approved the Merger Agreement and the transaction contemplated thereby. ***THE BOARD RECOMMENDS THAT ON ASSIGNMENT SHAREHOLDERS VOTE "FOR" THE SHARE ISSUANCE PROPOSAL.***

Reasons for the Merger

The Board, with the advice and assistance of its independent legal and financial advisors, evaluated and negotiated the terms of the merger on behalf of On Assignment, including the terms and conditions of the Merger Agreement and the other related agreements. On March 19, 2012, the Board unanimously determined that the Merger Agreement and the transactions contemplated thereby, including the merger and the issuance of shares of On Assignment common stock in the merger, are advisable, fair to and in the best interests of On Assignment and the On Assignment shareholders, approved the Merger Agreement and the transaction contemplated thereby and recommended that On Assignment shareholders vote "***FOR***" the share issuance proposal.

In reaching its decision to approve the Merger Agreement and the transactions contemplated thereby and recommend that On Assignment shareholders vote "***FOR***" the share issuance proposal, the Board consulted with On Assignment management and independent advisors in connection with the merger, including Moelis, On Assignment's financial advisor, and Latham & Watkins LLP, On Assignment's outside legal counsel, considered various material factors described below, and received presentations from Latham & Watkins LLP regarding the Merger Agreement, the Investor Rights Agreement and the related transaction documents and from Moelis regarding its financial analyses. Among the material information and factors considered by the Board were the following:

- *Strategic Considerations.* The Board considered a number of factors pertaining to the strategic rationale for the merger, including the following:
 - *Increased Size and Scale.* On Assignment will have enhanced size and scale, including approximately double the number of revenues and employees. The merger immediately creates one of the largest publicly traded professional staffing companies in the United States with a focus on the information technology sector, which is benefiting from the most favorable secular trends in staffing. The increased scale and scope enhances the cross-selling and marketing opportunities across business segments. The larger size and scale of On Assignment also should result in additional access to customers and markets and opportunities for cost efficiencies.
 - *Complementary Areas of Expertise.* The merger will create a company that can offer clients a wide range of information technology professionals from high-end skill sets through Oxford to staffing and support functions through Apex Systems, which is the largest segment of the information technology staffing industry. Currently, there is little to no channel conflict with less than 1% of On Assignment's 2011 revenue derived from overlapping clients.
 - *Continuity of Operations.* Apex Systems will maintain its brand and continue to operate substantially as it has in the past. Apex Systems' three co-founders, Jeffrey E. Veatch, Brian J. Callaghan and Edwin A. Sheridan, IV will continue to focus on Apex Systems' strategy as they have done for the last three years and will also have representation on the Board. Apex Systems' executive and senior management will remain in place and continue to oversee the day-to-day operations of the business.
 - *Proven Track Record of Integrating Acquired Businesses.* On Assignment has a strong track record of successfully integrating large acquisitions. In 2007, the Company acquired Oxford and VISTA, which effectively doubled the size of On Assignment. These businesses were successfully integrated and are now two of the main divisions within On Assignment. The Board took note of these considerations in evaluating the likelihood that the operations of the two companies could be integrated successfully and efficiently.
 - *Increased Shareholder Base and Market Capitalization.* With the acquisition of Apex Systems, On Assignment will have enhanced access to capital markets and institutional investors by increasing scale and volume of shares traded in the capital markets and through a potential increase in market capitalization of On Assignment's common stock.
- *Financial Considerations.* The Board considered the expected financial impact of the merger on On Assignment, including that the merger is expected to be immediately accretive to earnings per share in 2012 and accretive to On Assignment shareholders in 2013 and beyond. The Board also considered that On Assignment will benefit from having the acquisition treated as an asset sale under Section 338(h)(10) of the Internal Revenue Code. The election is expected to result in an estimated \$14 million of annual cash tax savings over the next 15 years. Given the low working capital requirements and the low capital expenditure of Apex Systems, similar to On Assignment, its free cash flow generation is also similar to that of On Assignment. On Assignment expects its increased scale, along with strong revenue and free cash flow generation, to result in the ability to repay debt, creating further equity value for shareholders. The Board also considered the historic financial condition, operating results and businesses of On Assignment and Apex Systems, including information with respect to their respective earnings histories. Please see "Summary—Selected Historical Data" beginning on page 9, "Information about Apex Systems" beginning on page 45 and Annex C to this Proxy Statement.
- *Financial Presentation and Opinion of Moelis.* The Board considered the financial analyses and presentation of Moelis, as presented to the Board on March 19, 2012, and the opinion of Moelis rendered orally to the Board on March 19, 2012, which was subsequently confirmed by delivery of Moelis' written opinion, dated March 19, 2012, to the effect that, as of such date, and based upon and subject to the assumptions and qualifications described in the opinion, the consideration to be paid by On Assignment in the merger was fair from a financial point of view to On Assignment, as more fully described below under "Opinion of On Assignment's Financial Advisor" beginning on page 24.

[Table of Contents](#)

- *Post-Merger Corporate Governance; Terms of the Investor Rights Agreement.* The Board considered the corporate governance provisions of the Investor Rights Agreement, including that, upon completion of the merger, the Board will continue to be comprised of a majority of independent directors selected by the Nominating and Corporate Governance Committee of the Board (all of whom are current directors of On Assignment). Please see “The Investor Rights Agreement” beginning on page 41 for further information and a detailed discussion of the terms and conditions of the Investor Rights Agreement.
- *Terms of the Merger Agreement.* The Board reviewed and considered the terms of the Merger Agreement and considered that, in its view, the material terms of the Merger Agreement, taken as a whole, were reasonable for an arms’-length acquisition transaction. In particular, the Board considered the representations and warranties made by Apex Systems in the Merger Agreement, the restrictions on the operation of the Apex Systems business from the signing of the Merger Agreement until the closing of the merger and the other covenants of Apex Systems and its shareholders in the Merger Agreement, the conditions to each party’s obligation to complete the merger and the rights of indemnification of each party to the Merger Agreement for losses as a result of breaches of the Merger Agreement. Please see “The Merger Agreement” beginning on page 33 for a detailed discussion of the terms and conditions of the Merger Agreement.
- *Likelihood of Completion of the Merger.* The Board considered the likelihood that the merger will be completed on a timely basis, including the likelihood that the merger will receive all necessary regulatory approvals without unacceptable conditions.
- *Due Diligence.* The Board considered the scope of the due diligence investigation of Apex Systems conducted by members of On Assignment management and On Assignment’s outside advisors and evaluated the results.
- *Impact of the Merger on Customers and Employees.* The Board evaluated the expected impact of the merger on On Assignment’s customers and employees and the benefits that would be derived from the merger by enhancing operations and by providing more opportunities for employees in a larger company.

The Board also considered potential risks associated with the merger, including the following:

- *Apex Systems Business Risks.* The Board considered risks associated with Apex Systems’ business and operations, including the likelihood of winning future significant customers, the fact that Apex Systems has grown significantly over the last eight years, potential exposure to the financial services industry and the fact that Apex Systems’ customers include those in the financial services industry that may have short-lived projects. In particular, the Board considered the rate of projected growth of Apex Systems, as compared to other comparable companies (including On Assignment on a stand-alone basis), and considered the risks that such projected growth would not be achievable and, if not achieved, the adverse effects that could have on the Board expectations for On Assignment’s performance. Please see “Risk Factors” beginning on page 15 for additional information on business risks relating to Apex Systems’ impact on the combined business.
- *No Public Market Value for Apex Systems.* Apex Systems is a privately held corporation and, accordingly, there is no public equity market valuation of Apex Systems. Furthermore, any valuation of Apex Systems is dependent on an estimate of the extent to which Apex Systems will be able to achieve its forecasted operating results, which include growth rates that may or may not be obtained. While the Board recommended that the On Assignment shareholders approve the issuance of shares in connection with the merger, the Board considered these uncertainties and limitations and took into account the possibility that the public markets might reach a different conclusion in assessing the value of Apex Systems or might be uncertain (or skeptical) about any value because of the informational limits and inherent uncertainties in valuing a privately owned business. The Board also considered that the actual operating results of Apex Systems could be significantly different from its expectations, and accordingly the market price of On Assignment common stock could be volatile as a result of the merger. Please see “Risk Factors—If the public markets assign lower values to the Apex Systems business than the values used in negotiating the terms of the merger, the trading price of On Assignment common stock may decline.” beginning on page 15.
- *Employee Matters.* The Board considered the impact that the merger could have on the ability to attract, retain and motivate key personnel.
- *Diversion of Management.* The Board considered the possible diversion of management’s time and attention from On Assignment’s ongoing business due to the substantial time and effort necessary to complete the merger and plan for and implement the integration of the operations of On Assignment and Apex Systems.

The Board believed that, overall, the potential benefits of the merger to On Assignment and its shareholders outweighed the risks.

Please see “Reasons for the Merger—Additional Information about Factors Considered by the Board” beginning on page 24 for further information about the considerations of the Board.

THE BOARD RECOMMENDS THAT ON ASSIGNMENT SHAREHOLDERS VOTE “FOR” THE SHARE ISSUANCE PROPOSAL.

Additional Information about Factors Considered by the Board

The foregoing discussion summarizes the material factors considered by the Board in its considerations of the merger, however, it is not intended to be exhaustive. In view of the wide variety of factors considered by the Board in connection with their evaluations of the merger, the Board did not consider it practical to, nor did it attempt to, quantify, rank or otherwise assign relative weights to the specific factors that it considered in reaching its decisions. In considering the factors described above, individual members of the Board may have given different weight to different factors. The Board considered this information as a whole and overall considered the information and factors to be favorable to, and in support of, its determinations and recommendations.

The Board realized that there can be no assurance about future results, including results considered or expected as described in the factors listed above. It should be noted that this explanation of the factors considered by the Board and all other information presented in this are forward-looking in nature and, therefore, should be read in light of the factors discussed under the heading “Note Regarding Forward-Looking Statements” beginning on page 13.

Opinion of On Assignment’s Financial Advisor

At the meeting of the Board on March 19, 2012, Moelis delivered its oral opinion, which was later confirmed in writing, that based upon and subject to the conditions and limitations set forth in its written opinion, as of March 19, 2012, the Consideration (as defined in Moelis’ opinion) to be paid by On Assignment in the Transaction (as defined in Moelis’ opinion) is fair from a financial point of view to On Assignment.

The full text of Moelis’ written opinion dated March 19, 2012, which sets forth the assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached as Annex B to this Proxy Statement and is incorporated herein by reference. Shareholders are urged to read Moelis’ written opinion carefully and in its entirety. The following summary describes the material analyses underlying Moelis’ opinion, but does not purport to be a complete description of the analyses performed by Moelis in connection with its opinion and is qualified in its entirety by the full text of the opinion. Moelis’ opinion is directed to the Board and is limited solely to the fairness of the Consideration to be paid by On Assignment in the Transaction from a financial point of view of On Assignment as of the date of the opinion and does not address On Assignment’s underlying business decision to effect the Transaction or the relative merits of the Transaction as compared to any alternative business strategies or transactions that might be available to On Assignment. Moelis’ opinion does not constitute a recommendation to any shareholder of On Assignment as to how such shareholder should vote with respect to the Transaction or any other matter. Moelis’ opinion was approved by a Moelis fairness opinion committee. In arriving at its opinion, Moelis, among other things: (i) reviewed certain publicly available business and financial information relating to Apex Systems and On Assignment that Moelis deemed relevant; (ii) reviewed certain internal information relating to the business of Apex Systems, including financial forecasts, earnings, cash flow, assets, liabilities and prospects furnished to Moelis by On Assignment and Apex Systems; (iii) reviewed certain internal information relating to the business of On Assignment, including financial forecasts, earnings, cash flow, assets, liabilities and prospects, and an estimate of annual cash tax savings resulting from an election pursuant to Section 338(h) (10) of the Internal Revenue Code in connection with the Transaction, all furnished to Moelis by On Assignment; (iv) conducted discussions with members of senior management and representatives of On Assignment and Apex Systems concerning the matters described in clauses (i)-(iii) of this paragraph, as well as the respective businesses of On Assignment and Apex Systems and prospects before and after giving effect to the Transaction; (v) compared financial data for Apex Systems with publicly available financial and stock market data for On Assignment and certain other companies that Moelis deemed relevant; (vi) compared the proposed financial terms of the Transaction with the financial terms of certain other transactions that Moelis deemed relevant; (vii) considered certain potential pro forma effects of the Transaction; (viii) reviewed a draft of the Merger Agreement dated March 19, 2012 and a draft of the Investor Rights Agreement dated March 19, 2012; (ix) participated in certain discussions and negotiations among representatives of On Assignment and Apex Systems and their financial and legal advisors; and (x) conducted such other financial studies and analyses and took into account such other information as Moelis deemed appropriate.

In connection with its review, Moelis did not assume any responsibility for independent verification of any of the information supplied to, discussed with, or reviewed by Moelis for the purpose of its opinion and has, with the consent of the Board, relied on such information being complete and accurate in all material respects. In addition, at the direction of the Board, Moelis did not make any independent evaluation or appraisal of any of the assets or liabilities (contingent, derivative, off-balance-sheet, or otherwise) of Apex Systems, nor was Moelis furnished with any such evaluation or appraisal. With respect to the forecasted financial information referred to above, Moelis assumed, at the direction of the Board, that (i) such forecasted financial information was reasonably prepared on a basis reflecting the best currently available estimates and judgments of (x) the management of On Assignment and Apex Systems as to the future performance of Apex Systems and (y) the management of On Assignment as to the future performance of On Assignment and (ii) that On Assignment and Apex Systems will achieve such forecasted financial results at the times and in the amounts forecasted. Moelis did not express any opinion as to any tax or other consequences that might result from the Transaction, nor did the opinion address any legal, tax, regulatory or accounting matters.

Moelis' opinion was necessarily based on economic, monetary, market and other conditions as in effect on, and the information made available to Moelis as of, the date of Moelis' opinion. Moelis assumed, with the consent of the Board, that all governmental, regulatory or other consents and approvals necessary for the consummation of the Transaction would be obtained without the imposition of any delay, limitation, restriction, divestiture or condition that would have an adverse effect on Apex Systems or On Assignment or on the expected benefits of the Transaction.

The following is a summary of the material financial analyses presented by Moelis to the Board at its meeting held on March 19, 2012, in connection with the delivery of its oral opinion at that meeting and its subsequent written opinion, dated March 19, 2012.

Some of the summaries of financial analyses below include information presented in tabular format. In order to fully understand Moelis' analyses, the tables must be read together with the text of each summary. The tables alone do not constitute a complete description of the analyses. Considering the data described below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of Moelis' analyses.

Selected Publicly Traded Companies Analysis

Moelis reviewed selected financial and stock market data of the following six publicly traded companies in the staffing services industry:

- Robert Half International, Inc.
- Manpower Inc. d/b/a ManpowerGroup
 - Kforce Inc.
 - Kelly Services, Inc.
 - CDI Corp.
- Computer Task Group, Incorporated

Moelis reviewed, as of March 16, 2012, among other metrics, the enterprise value as a multiple of 2011 actual and 2012 projected revenue and adjusted EBITDA (defined as earnings before interest, taxes, depreciation and amortization, as further adjusted to add back stock-based compensation and certain non-recurring expenses), price to 2012 projected earnings-per-share multiple, revenue growth, adjusted EBITDA growth, adjusted EBITDA margin and EPS of these companies and compared them to Apex Systems based on the implied Apex Systems enterprise value computed from the aggregate merger consideration and to On Assignment, both against On Assignment management projections and Wall Street research consensus estimates. Financial and operating data for the selected companies were based on publicly available Wall Street research and consensus estimates, public filings with the SEC and other publicly available information. Financial and operating data for Apex Systems were based on management projections provided by On Assignment and Apex Systems. Financial and operating data for On Assignment were based on On Assignment management's projections and Wall Street consensus estimates. This analysis indicated the following implied low, mean, median and high multiples for the selected companies, as compared to corresponding multiples implied for Apex Systems and On Assignment:

Selected Transaction Analysis

On Assignment's financial advisors reviewed transaction values in the following nine selected transactions announced since March 2008 involving companies in the staffing and services industry:

<u>Announcement Date</u>	<u>Target</u>	<u>Acquiror</u>
10/17/11	Staffmark Holdings	Recruit Co.

07/22/08	MDA Holdings	Cross Country Healthcare

[Table of Contents](#)

Moelis reviewed, among other things, transaction values in the selected transactions, calculated as the purchase price paid for the target's equity, plus debt at book value, preferred stock at liquidation value and minority interests at book value, less cash, cash equivalents and short-term investments, as multiples of latest 12 months revenue and adjusted EBITDA (as per the above and as further adjusted for announced synergies) as well as adjusted EBITDA margin (as reported excluding synergies and including announced synergies). Multiples derived for the selected transactions were then compared with corresponding multiples implied for Apex Systems based on the implied merger consideration value. Financial data for the selected transactions were based on publicly available information at the time of announcement of the relevant transaction. Projected financial data for Apex Systems were based on internal estimates of On Assignment's and Apex Systems' management. This analysis indicated the following implied high, mean, median and low multiples for the selected transactions, as compared to the corresponding multiples implied for Apex Systems:

	Enterprise Value as a multiple of LTM			LTM Adjusted EBITDA Margin	
	Revenue	Adjusted EBITDA	Adjusted EBITDA, including synergies	Excluding Synergies	Including Synergies
High	0.73x	16.8x	16.8x	8.4%	9.9%
Mean	0.44x	10.5x	9.2x	4.2%	5.1%
Median	0.35x	9.5x	7.7x	3.9%	4.1%
Low	0.12x	5.9x	5.9x	0.9%	0.9%
On Assignment's acquisition of Apex Systems	0.85x	9.2x	-	9.3%	-

Based on the precedent transaction analysis and the foregoing considerations, Moelis derived an aggregate valuation range for Apex Systems of \$587 million to \$685 million.

Apex Systems Discounted Cash Flow Analysis

Moelis performed a discounted cash flow analysis of Apex Systems using financial forecasts and estimates relating to Apex Systems prepared by On Assignment's and Apex Systems' management. Moelis calculated a range of implied present values (as of March 16, 2012), without giving effect to any potential synergies, of the standalone unlevered free cash flows that Apex Systems was forecasted to generate from the fiscal year ended December 31, 2012 until December 31, 2016 and of terminal values for Apex Systems based on Apex System's calendar year 2016 projected adjusted EBITDA. Implied terminal values were derived by applying to Apex System's calendar year 2016 projected adjusted EBITDA a range of next 12 months projected EBITDA terminal value multiples of 7.5x to 9.5x. In performing the illustrative discounted unlevered free cash flow analysis, Moelis applied discount rates ranging from 14.0% to 16.0% to projected unlevered free cash flows of Apex Systems for each of the years ending December 31, 2012, 2013, 2014, 2015 and 2016 and assuming a 40% tax rate for Apex Systems.

Based on the discounted cash flow analysis and the foregoing considerations, Moelis derived an aggregate valuation range for Apex Systems of \$588 million to \$670 million.

Selected Pro Forma Transaction Analyses

Moelis analyzed certain pro forma effects resulting from the Transaction. In conducting its analysis, Moelis relied upon certain assumptions and financial projections provided by the respective managements of On Assignment and Apex Systems. Moelis analyzed the pro forma financial effect of combining On Assignment and Apex Systems. The analysis showed that the Transaction would result in accretion in pro forma On Assignment standalone fully diluted GAAP earnings per share of 4.2% in the second half of 2012 and 10.4% at fiscal year end 2013, and accretion in pro forma On Assignment standalone fully diluted cash earnings per share (which excludes amortization of acquired intangibles and amortization of deferred financing fees and includes tax benefits from Section 338(h)(10)) of 52.1% in the second half of 2012 and 57.3% at fiscal year end 2013. The results of the pro forma combination analysis are not necessarily indicative of future operating results or financial position.

The preparation of a fairness opinion is a complex analytical process and is not necessarily susceptible to partial analysis or summary description. Selecting portions of the analyses or summary set forth above, without considering the analyses as a whole, could create an incomplete view of the processes underlying Moelis' opinion. In arriving at its fairness determination, Moelis considered the results of all of its analyses and did not attribute any particular weight to any factor or analysis. Rather, Moelis made its fairness determination on the basis of its experience and professional judgment after considering the results of all of its analyses.

[Table of Contents](#)

No company or transaction used in the analyses described above for purposes of comparison is directly comparable to Apex Systems, On Assignment or the Transaction. In addition, such analyses do not purport to be appraisals, nor do they necessarily reflect the prices at which businesses or securities actually may be sold. Analyses based upon forecasts of future results are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by such analyses. Because the analyses described above are inherently subject to uncertainty, being based upon numerous factors or events beyond the control of the parties or their respective advisors, neither On Assignment, nor Moelis or any other person assumes responsibility if future results are materially different from those forecast.

Other Information

The aggregate merger consideration was determined through arms' length negotiations between Apex Systems and On Assignment and was approved by the Board. Moelis provided advice to On Assignment during these negotiations. Moelis did not, however, recommend any specific exchange ratio or amount of consideration to On Assignment or its board of directors, or that any specific amount or type of consideration constituted the only appropriate consideration for the Transaction.

Moelis' opinion was prepared for the use and benefit of the Board in its evaluation of the Transaction. Moelis was not asked to address, and its opinion does not address, the fairness to, or any other consideration of, the holders of any class of securities, creditors or other constituencies of On Assignment. In addition, Moelis' opinion does not express any opinion as to the fairness of the amount or nature of any compensation to be received by any of On Assignment's officers, directors or employees, or any class of such persons, relative to the Consideration. At the direction of the Board, Moelis was not asked to, nor did it, offer any opinion as to the material terms of the Agreement or the Investor Rights Agreement or the form of the Transaction. Moelis did not express any opinion as to what the value of the On Assignment common stock will be when issued pursuant to the Merger Agreement or the prices at which it will trade following announcement or consummation of the Transaction. In rendering its opinion, Moelis assumed, with the consent of the Board, that the final executed form of the Merger Agreement and the Investor Rights Agreement would not differ in any material respect from the drafts that Moelis examined, and that On Assignment and Apex Systems would comply with all the material terms of the Merger Agreement and the Investors' Rights Agreement. Moelis acted as financial advisor to On Assignment in connection with the Transaction and will receive a fee of \$5.7 million for its services, \$4.7 million of which is contingent upon the consummation of the Transaction. Moelis also received a fee of \$1.0 million upon delivery of its opinion. In addition, On Assignment has agreed to indemnify Moelis for certain liabilities arising out of its engagement.

The Board selected Moelis as its financial advisor in connection with the Transaction because Moelis has substantial experience in similar transactions. Moelis is regularly engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, strategic transactions, corporate restructurings, and valuations for corporate and other purposes. Moelis' affiliates, employees, officers and partners may at any time own securities of On Assignment, or hold long or short positions in respect of On Assignment's securities. In addition, Moelis may provide investment banking and other financial services to On Assignment and its affiliates in the future and would receive compensation in connection therewith.

Apex Systems Financial Projections

On Assignment does not as a matter of course make public projections as to future performance or earnings and is especially wary of making projections for extended periods due to the significant unpredictability of the underlying assumptions and estimates. However, in connection with the transaction, Apex Systems and On Assignment provided projections to the Board for its review and to Moelis for use in its financial analyses described in the section entitled "—Opinion of On Assignment's Financial Advisor" beginning on page 24.

The Apex Systems financial forecasts were prepared solely for internal use and were not prepared with a view toward public disclosure, nor were they prepared with a view toward compliance with published guidelines of the SEC or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of financial forecasts. Neither On Assignment's nor Apex Systems' independent registered public accounting firms, nor any other independent accountants, has compiled, examined or performed any procedures with respect to the financial forecasts included below, nor has expressed any opinion or any other form of assurance on such information or its achievability, and assumes no responsibility for, and disclaims any association with, the financial forecasts.

These financial forecasts reflect numerous estimates and assumptions made with respect to industry performance, general business, economic, regulatory, market and financial conditions and other future events, as well as matters specific to Apex Systems' business, all of which are difficult to predict and many of which are beyond Apex Systems' control. These financial forecasts are subjective in many respects and thus are susceptible to multiple interpretations and periodic revisions based on actual experience and business developments. As such, these financial forecasts constitute forward-looking statements and are subject to risks and uncertainties that could cause actual results to differ materially from the results forecasted in such financial forecasts, including, but not limited to, Apex Systems' performance, the marketplace for its services, industry performance, general business and economic conditions, customer requirements, competition, Apex Systems' ability to successfully manage costs in the future, adverse changes in applicable laws, regulations or rules and other risks and uncertainties described in reports filed with the SEC. See also "Note Regarding Forwarding-Looking Statements" above.

There can be no assurance that the financial forecasts will be realized or that actual results will not be significantly higher or lower than projected. These financial forecasts cover multiple years and such information by its nature becomes less reliable with each successive year. In addition, these financial forecasts will be affected by Apex Systems' ability to achieve strategic goals, objectives and targets over the applicable periods. The assumptions upon which these financial forecasts were based necessarily involve judgments with respect to, among other things, future economic, competitive and regulatory conditions and financial market conditions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of Apex Systems or On Assignment. These financial forecasts also reflect assumptions as to certain business decisions that are subject to change. In the view of On Assignment's and Apex Systems' management, these financial forecasts were prepared on a reasonable basis, reflect the best currently available estimates and judgments, and present, to the best of management's knowledge and belief, the expected course of action and the expected future financial performance of Apex Systems; however, these financial forecasts cannot be considered a guaranty of future operating results, and this information should not be relied on as such. None of On Assignment, its financial advisors or any of its affiliates intends to, and each of them disclaims any obligation to, update, revise or correct such projections if they are or become inaccurate (even in the short term).

These financial forecasts do not take into account any circumstances or events occurring after the date they were prepared, including the March 20, 2012 announcement of the merger. For instance, there can be no assurance that the announcement of the merger will not cause Apex Systems' customers to delay or cancel purchases of its services pending the consummation of the merger. Any such delay or cancellation is likely to adversely affect Apex Systems' ability to achieve the results reflected in such financial projections. Further, the financial forecasts do not take into account the effect of any failure to occur of the merger and should not be viewed as accurate or continuing in that context.

The financial forecasts set forth herein regarding Adjusted EBITDA is a non-GAAP financial measure. Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information presented in compliance with GAAP. Non-GAAP financial measure as used by On Assignment or Apex Systems may not be comparable to similarly titled amounts used by other companies.

These financial forecasts are not being included in this Proxy Statement to influence your decision on how to vote your shares with respect to the share issuance proposal, but because these financial forecasts were made available by Apex Systems and On Assignment to the Board and On Assignment's financial advisor, Moelis. The information from these financial forecasts should be evaluated, if at all, together with the historical financial statements and other information regarding On Assignment and Apex Systems contained elsewhere in this Proxy Statement and On Assignment's public filings with the SEC. **In light of the foregoing factors and the uncertainties inherent in the financial forecasts, shareholders are cautioned not to place undue, if any, reliance on the forecasts included in this Proxy Statement.**

	Fiscal Year Ending December 29, 2012	
	(in millions)	
Total Revenues	\$	832.4
Adjusted EBITDA (non-GAAP)	\$	78.7

For fiscal years ending 2013, 2014, 2015 and 2016, On Assignment assumed that Apex Systems revenue would grow 10% per year and that Apex Systems Adjusted EBITDA margin would increase from 9.2% to 9.5%.

Anticipated Accounting Treatment

The merger will be accounted for using the acquisition method of accounting in accordance with ASC 805. On Assignment will be the acquiring entity for financial reporting purposes. Under the acquisition method of accounting, the cost of the transaction will be allocated to the tangible and identifiable intangible assets and liabilities assumed from the acquired entity based on their estimated fair values, with any excess being recognized as goodwill. Under ASC Topic 350, Intangibles - Goodwill and Other, goodwill will not be amortized, but will be subject to an annual impairment test.

Material United States Federal Income Tax Consequences to Existing On Assignment Shareholders

The existing On Assignment shareholders generally should not be subject to any material United States federal income tax consequences solely as a result of the merger.

Regulatory Approval

Under the Hart-Scott-Rodino Antitrust Improvement Act of 1976, or HSR Act, and the rules and regulations promulgated thereunder, certain transactions, including the merger between On Assignment and Apex Systems, may not be consummated until required information and materials have been furnished to the Department of Justice, or DOJ, and the Federal Trade Commission, or FTC, and certain waiting period requirements have expired or been terminated. On March 29, 2012, each of On Assignment and Apex Systems filed a Pre-merger Notification and Report Form pursuant to the HSR Act with the DOJ and FTC. The statutory waiting period under the HSR Act was terminated on April 6, 2012. At any time before the completion of the merger, the DOJ, the FTC or others could take action under the antitrust laws with respect to the merger, including seeking to enjoin the completion of the merger, rescinding the merger or requiring divestiture of certain assets of On Assignment or Apex Systems. There can be no assurance that a challenge to the acquisition on antitrust grounds will not be made or, if such challenge is made, that it would not be successful.

Federal Securities Law Consequences

In the merger, we will issue between 14,304,548 and 17,485,898 shares of On Assignment common stock to the shareholders of Apex Systems. None of these shares will be registered under the Securities Act of 1933. It is intended that such shares will be issued pursuant to a private placement exemption under Section 4(2) of the Securities Act or other available exemptions, and they will only be able to be resold pursuant to a separate registration statement or an applicable exemption from registration (under both federal and state securities laws). The shares that will be received will be subject to contractual restrictions and the holders will be entitled to registration rights under the terms of the Investor Rights Agreement. These restrictions are described in detail in “The Investor Rights Agreement—Transfer Restrictions” beginning on page 42.

NASDAQ Listing

It is a condition to the merger that the shares of On Assignment common stock to be issued in the merger be approved for listing on the NASDAQ Global Select Market, subject to official notice of issuance. Shares of On Assignment common stock will continue to be traded on the NASDAQ Global Select Market under the symbol “ASGN” immediately following the completion of the merger.

Appraisal Rights

Holders of On Assignment common stock do not have dissenters or appraisal rights under Delaware law in connection with the merger.

Veatch) has the right to designate up to two nominees for election to the Board, subject to certain conditions and limitations. The Shareholder Representative has designated Brian J. Blazer will own between 261,901 and 320,148 shares of On Assignment common stock, which represents 0.5% and 0.6%, respectively, of On Assignment common stock, based on the number of issued and outstanding shares of On Assignment common stock as of March 31, 2012. These calculations are based upon Apex Systems' estimated capitalization immediately prior to the closing of the merger.

As described below, certain directors and executive officers of Apex Systems have interests in the merger and have arrangements that are different from, or in addition to, those of Apex Systems shareholders generally.

RSU Grants

Theodore S. Hanson and Randolph C. Blazer will each receive a grant of 32,895 restricted stock units, which will be granted as "inducement awards" within the meaning of NASDAQ Rule 5635(C)(4). Each restricted stock unit will represent the right to receive one share of On Assignment common stock, subject to vesting and payment conditions set forth in the applicable plan governing such grants. Additionally, these restricted stock units are expected to vest (assuming continued employment through the applicable vesting date) 60% ratably over a number of years (to be determined by On Assignment, Mr. Hanson and Mr. Blazer) and 40% upon achievement of performance conditions (to be established by On Assignment, Mr. Hanson and Mr. Blazer).

Severance and Change-in-Control Benefits

Apex Systems has entered into an employment agreement with each of its shareholders who are named executive officers. These employment agreements, which were entered into prior to any contemplation of the merger, provide for severance payments to be provided upon various circumstances of termination of employment. In the case of Brian J. Callaghan, Edwin A. Sheridan, IV and Jeffrey E. Veatch, such severance payments are not dependent upon and do not vary based on the occurrence of the merger. In the case of Theodore S. Hanson, such severance payments are not dependent upon and do not vary based on the occurrence of the merger; however, Mr. Hanson's employment agreement provides that upon the occurrence of certain transactions (including the merger), Apex Systems will issue Mr. Hanson 43,263 additional shares of Apex Systems common stock at the time of the merger. In connection with this share issuance, Mr. Hanson also is entitled to receive a tax gross up bonus of approximately \$1,909,109, calculated so that the after-tax amount payable to Mr. Hanson equals the federal and state income taxes that he must pay in connection with such share issuance. In the case of Randolph C. Blazer, if Apex Systems terminates the employment of Mr. Blazer in connection with the merger without cause, Mr. Blazer shall receive severance pay on a monthly basis for the three immediately subsequent months after the effective date of his termination in an amount equal to one-twelfth of his salary in effect as of the date of termination. These severance payments shall be payable monthly in accordance with Apex Systems' current payroll procedures. Mr. Blazer's salary as of May 29, 2012 is expected to be \$650,000.

Other Agreements and Benefits

In connection with the closing of the merger, it is intended that the employment agreements with each of the Apex Systems shareholders who are named executive officers will be terminated. Pursuant to the terms of the Merger Agreement, On Assignment has agreed to negotiate new employment agreements prior to the closing of the merger in good faith with Theodore S. Hanson and Randolph C. Blazer. These new employment agreements have not yet been agreed upon by the parties, but are expected to include terms and conditions consistent with the executives' currently effective employment agreements.

Pursuant to the Investor Rights Agreement, On Assignment will enter into a consulting or other agreement with each non-executive observer, who will initially be Jeffrey E. Veatch, pursuant to which such non-executive observer will receive the same fees and stock awards as the other members of the Board and may attend meetings, executive sessions or meetings of a committee of the Board; provided that such non-executive observer will not be entitled to vote on matters determined by the Board or any committee of the Board.

Golden Parachute Compensation Payable to Apex Systems Executive Officers

The information below is intended to comply with Items 402(t) of Regulation S-K, which requires the disclosure of information about compensation for each "named executive officer" of Apex Systems that is based on or otherwise relates to the merger. As a private company, Apex Systems has not previously determined any "named executive officers" for purposes of securities law requirements; however, Apex Systems has identified each of Brian J. Callaghan, Edwin A. Sheridan, IV, Jeffrey E. Veatch, Theodore S. Hanson and Randolph C. Blazer as the officers who would currently be its "named executive officers" if Apex Systems were a public company. Of these individuals, none of Messrs. Callaghan, Sheridan or Veatch will receive any compensatory payments or benefits that constitute "golden parachute" payments within the meaning of Item 402(t) of Regulation S-K. Furthermore, the named executive officers of On Assignment will not receive any such compensatory payments or benefits in connection with the merger. The following disclosure summarizes the payments and benefits to which Messrs. Hanson and Blazer may become entitled in connection with the merger.

The information included below assumes that the merger occurs on May 29, 2012, in accordance with the terms of the Merger Agreement. Additionally, it assumes that the severance payments pursuant to Mr. Blazer's current employment agreement are triggered due to a termination of his employment by Apex Systems without cause in connection with the merger. These severance amounts are "double trigger" payments because, in addition to the occurrence of the merger, these payments are contingent upon Apex Systems terminating the executive's employment without cause in connection with the merger. In the event of such a termination, Mr. Blazer shall receive the aggregate severance pay set forth below on a monthly basis for the three immediately subsequent months after the effective date of his termination in an amount equal to one-twelfth of his salary in effect as of the date of termination. These severance payments shall be payable monthly in accordance with Apex Systems' current payroll procedures.

- (1) This table quantifies the “golden parachute” compensation payable to each named executive officer of Apex Systems, in connection with the merger.
- (2) Represents the approximated assumed value of the tax gross up bonus that would be paid to Mr. Hanson by Apex Systems in connection with the issuance by the Company of 43,263 additional shares of Apex Systems common stock to Mr. Hanson at the time of the merger pursuant to the terms of his employment agreement. This amount is estimated based an aggregate value of \$2,588,203 for the 43,263 shares of Apex Systems common stock issued to Mr. Hanson, as well as an assumed combined federal and state tax rate of 42.45% for Mr. Hanson. This amount is estimated based on multiple assumptions that may or may not actually occur. As a result, the amount Mr. Hanson may actually receive may materially differ from the approximated amount set forth herein.
- (3) Represents (i) the approximated value of the 43,263 additional shares of Apex Systems common stock that would be received by Mr. Hanson at the time of the merger pursuant to the terms of his employment agreement and (ii) the approximated value of 32,895 restricted stock units covering the same number of shares of On Assignment common stock that On Assignment expects to grant to Mr. Hanson following the completion of the merger. The approximated assumed value of the 43,263 shares of Apex Systems common stock is comprised of \$1,398,861 in cash proceeds and \$1,189,342 in On Assignment common stock proceeds. The approximated value of these On Assignment shares is calculated pursuant to the Merger Agreement based on a \$17.32 share price of On Assignment common stock, which is the average closing market price of On Assignment’s common stock over the first five business days following the public announcement of the Merger Agreement. The approximated value of the On Assignment restricted stock units is also calculated based on a \$17.32 share price of On Assignment common stock. The calculations are based upon Apex Systems’ estimated capitalization immediately prior to the closing of the merger and, with respect to the calculation of the cash consideration to be issued in the connection with the merger, assume \$91.6 million in Apex Systems debt. These amounts are estimated based on multiple assumptions that may or may not actually occur. As a result, the amount or amounts Mr. Hanson may actually receive may materially differ from the approximated aggregate amount set forth herein.
- (4) Represents severance payments to which the executive would be entitled pursuant to the terms of his employment agreement upon termination of his employment by Apex Systems without cause in connection with the merger. In the event of such a termination, Mr. Blazer shall receive severance pay on a monthly basis for the three immediately subsequent months after the effective date of his termination in an amount equal to one-twelfth of his salary in effect as of the date of termination. These severance payments shall be payable monthly in accordance with Apex Systems’ current payroll procedures. This amount is estimated based on Mr. Blazer’s salary as of May 29, 2012, which is expected to be \$650,000. This amount is estimated based on multiple assumptions that represent our current expectations, but which cannot be predicted with certainty at this time and may or may not actually occur. As a result, the amount Mr. Blazer may actually receive may materially differ from the approximated amount set forth herein.
- (5) Represents the approximate value of 32,895 restricted stock units covering the same number of shares of On Assignment common stock that On Assignment expects to grant to Mr. Blazer following the completion of the merger. This approximated value is calculated based on a \$17.32 share price of On Assignment common stock, which is the average closing market price of On Assignment’s common stock over the first five business days following the public announcement of the Merger Agreement. This amount is estimated based on multiple assumptions may or may not actually occur. As a result, the amount Mr. Blazer may actually receive may materially differ from the approximated amount set forth herein.

The Merger Agreement

The following is a summary of the material terms of the Merger Agreement. This summary does not purport to describe all the terms of the Merger Agreement and is qualified by reference to the complete Merger Agreement, the executed version of which is attached as Annex A to this Proxy Statement, which is incorporated by reference in this Proxy Statement. All shareholders of On Assignment are urged to read the Merger Agreement carefully and in its entirety.

The Merger Agreement is being summarized in this Proxy Statement and has been included as an annex to this Proxy Statement to provide you with information regarding its terms. The Merger Agreement contains representations and warranties that the parties thereto made to each other as of specific dates. The assertions embodied in those representations and warranties were made solely for purposes of the contract and the transactions and agreements contemplated thereby among the respective parties thereto and may be subject to important qualifications and limitations agreed to by On Assignment and Apex Systems in connection with negotiating the terms thereof. Moreover, some of those representations and warranties may not be accurate or complete as of any specified date, may be subject to a contractual standard of materiality different from those generally applicable to shareholders or may have been used for the purpose of allocating risk among the parties to the Merger Agreement rather than establishing matters as facts. On Assignment will provide additional disclosure in its public reports to the extent that it is aware of the existence of any material facts that are required to be disclosed under federal securities laws and that might otherwise contradict the representations and warranties contained in the Merger Agreement and will update such disclosure as required by federal securities laws.

General

The Merger Agreement provides for the merger of OA Acquisition Corp., a newly formed, wholly owned subsidiary of On Assignment, which is referred to in this Proxy Statement as “Merger Sub,” with and into Apex Systems, with Apex Systems continuing as the surviving entity. As a result of the merger, Apex Systems will become a wholly owned subsidiary of On Assignment.

Closing Matters

Closing. Unless the parties agree otherwise, the closing of the merger will take place on the fifth business day after all closing conditions have been satisfied or waived (other than any condition that by its nature cannot be satisfied until the closing), unless the Merger Agreement has been terminated. Please see “The Merger Agreement—Conditions to the Completion of the Merger” beginning on page 39 for a more complete description of the conditions that must be satisfied or waived prior to the closing of the merger.

Effective Time of the Merger. At the closing of the merger, On Assignment and Apex Systems will file the articles of merger with the State Corporation Commission of the Commonwealth of Virginia in accordance with the relevant provisions of the Virginia Stock Corporation Act and make all other required filings or recordings. The merger will become effective at 5:00 p.m., Richmond, Virginia time on the closing date or at such later time as Apex Systems and we agree and specify in the articles of merger.

The parties are working to complete the merger by the second quarter of 2012. However, because completion of the merger is subject to the receipt of regulatory approvals and the satisfaction or waiver of other conditions, we cannot predict the actual timing of the completion of the merger.

Composition of the Board on the Closing Date. The parties will take all actions reasonably necessary such that as of the closing date the Board composition will be in compliance with the Investor Rights Agreement. Please see “The Investor Rights Agreement—Composition of the Board” beginning on page 41 for additional information on the composition of the Board following the closing of the merger.

Consideration to be Paid Pursuant to the Merger

Under the Merger Agreement, Apex Systems shareholders, other than shareholders who are not “accredited investors,” who will receive only cash, may elect to receive consideration consisting of shares of On Assignment common stock, or a combination of cash and shares of On Assignment common stock in exchange for their shares of Apex Systems common stock, subject to certain proration features. The maximum number of shares of On Assignment common stock to be issued in connection with the merger will not exceed 17,485,898 shares and the maximum cash that will be paid is \$383 million. The maximum cash amount is subject to adjustment in certain circumstances, based upon Apex Systems’ net working capital, cash, debt and expenses as of closing. The target working capital amount is based on 13% of the net sales of Apex Systems for the 12 months ended prior to closing. In our discussion, we refer to the number of shares of On Assignment common stock to be received for each share of Apex Systems common stock as the “stock merger consideration,” the amount of cash to be received for each share of Apex Systems common stock as the “cash merger consideration” and the stock merger consideration together with the cash merger consideration as the “consideration.”

Covenants

On Assignment and Apex Systems have each undertaken certain covenants in the Merger Agreement concerning the conduct of their respective businesses between the date the Merger Agreement was signed and the completion of the merger or the termination of the Merger Agreement. The following summarizes the more significant of these covenants:

Board’s Covenant to Recommend. The Board has recommended that On Assignment shareholders approve the share issuance proposal.

The Board agreed in the Merger Agreement that it may not withdraw or modify its recommendation to its shareholders and that it will use its reasonable best efforts to solicit and obtain shareholder approval, provided that the Board may disclose information to On Assignment shareholders pursuant to fiduciary duties and applicable law after consulting with On Assignment’s outside counsel. Unless the Merger Agreement is terminated prior to the shareholder meeting, On Assignment is required to call, give notice of, convene and hold a shareholder meeting and permit its shareholders to vote on the share issuance proposal (Proposal 1).

In addition, On Assignment has also agreed that (except as contemplated by the Merger Agreement), without the prior written consent of Apex Systems, it will not:

Other Covenants. The Merger Agreement contains certain other covenants, including covenants relating to On Assignment's receipt of debt financing in the amount of \$540 million from Wells Fargo Bank, National Association, Bank of America, N.A., and Deutsche Bank Trust Company Americas, public announcements, access to information, cooperation on tax matters, exclusivity, confidentiality, maintaining Apex Systems employee benefit plans, director and officer indemnification insurance and negotiation of senior executive employment agreements.

Listing of On Assignment Common Stock

We have agreed to use our reasonable best efforts to cause the shares of On Assignment common stock to be issued in connection with the merger to be approved for listing on the NASDAQ Global Select Market, subject to official notice of issuance. Approval for listing on the NASDAQ Global Select Market of the shares of On Assignment common stock issuable to Apex Systems shareholders pursuant to the merger, subject only to official notice of issuance, is a condition to the obligations of On Assignment and Apex Systems to complete the merger.

Representations and Warranties

The Merger Agreement contains representations and warranties made by each of On Assignment, Merger Sub and Apex Systems to the other parties thereto as of specified dates.

The representations and warranties of On Assignment, Merger Sub and Apex Systems relate to:

- corporate existence, qualification to conduct business and corporate standing and power;
 - subsidiaries;
- corporate authority to enter into, and carry out the obligations under, the Merger Agreement and the enforceability of the Merger Agreement;
- absence of a breach of the certificate of incorporation and bylaws (or their equivalents), applicable law or material agreements as a result of the merger;
 - required approvals and consents as a result of the merger;
 - capital structure;
- financial statements and, in the case of On Assignment, filings with the SEC and disclosure controls and procedures;
 - absence of undisclosed liabilities;
 - absence of certain changes or events;
 - legal proceedings;
 - material contracts;
 - tax matters;
 - employee benefit plans;
 - compliance with laws and permits;
 - the existence of certain unsuitable payments;
- information provided for inclusion in this Proxy Statement;
- required shareholder votes and, in the case of Apex Systems, appraisal rights;
 - in the case of Apex Systems, real and personal property;
 - in the case of Apex Systems, intellectual property;
 - in the case of Apex Systems, insurance;

- in the case of Apex Systems, environmental matters;
- in the case of Apex Systems, labor and employee matters;
- in the case of Apex Systems, related party transactions;

 - in the case of On Assignment, the formation and activities of Merger Sub.

Several of the representations and warranties in the Merger Agreement are subject to important qualifications and limitations agreed to by On Assignment and Apex Systems in connection with negotiating the terms thereof, including in certain cases the qualification that only items that would result in a “material adverse effect” would be deemed to make the representation and warranty untrue or other similar qualifications.

As used in the Merger Agreement, the term “material adverse effect” means, when used with respect to any party, any change, effect, event or occurrence or state of facts that either, individually or in the aggregate:

- is or would reasonably be expected to be materially adverse to the financial condition, business, properties, assets, liabilities or results of operations of such party, taken as a whole in the case of On Assignment and Merger Sub, excluding any change, effect, event or occurrence resulting from:
 - general changes in economic, financial or capital market, regulatory or political conditions that do not have a disproportionate adverse effect on such party;
 - changes in conditions generally applicable to the industries in which such party operates that do not have a disproportionate adverse effect on such party, relative to other participants in such industries;
 - any natural disaster, act of terrorism, sabotage, military action or war (whether or not declared) or any other social or political disruption, in each case including any escalation or worsening thereof, that does not have a disproportionate adverse effect on such party;
 - changes in the law or accounting regulations or principles or interpretations thereof; or
 - any failure, in and of itself, by such party to meet any internal or published projections, forecasts or revenue or earnings predictions; or
 - prevents the consummation by such party of the merger.

Indemnification

The Merger Agreement provides that following completion of the merger On Assignment, on the one hand, and the former Apex Systems shareholders (severally and not jointly), on the other hand, will indemnify each other against losses, fines, costs and expenses incurred as a result of breaches of representations and warranties and violations of covenants contained in the Merger Agreement, subject to exceptions, or as a result of certain pre-closing taxes of Apex Systems.

The respective indemnification obligations of each party are subject to customary limitations. No claim may be made as a result of a breach of the representations and warranties unless aggregate losses as a result of breach of the representations and warranties is at least \$3 million (and recovery may only be received for losses in excess of that amount), subject to certain exceptions. In addition, no party may recover in excess of \$25 million for losses as a result of most breaches of the representations and warranties. In addition, no party may recover for losses as a result of a breach of the representations and warranties after the end of the survival period for the applicable representation and warranty. Most of the representations and warranties contained in or made pursuant to the Merger Agreement will survive the closing of the merger for a 15-month period. Many of these limitations are subject to additional exceptions.

[Table of Contents](#)

The right to indemnification is the sole and exclusive remedy of the parties to the Merger Agreement in connection with losses arising out of matters set forth in the Merger Agreement, other than in the case of fraud, intentional misrepresentation or willful or criminal misconduct or the right to seek injunctive or equitable relief.

Conditions to the Completion of the Merger

The parties' respective obligations to complete the merger are subject to the satisfaction or, to the extent legally permissible, the waiver of the following conditions in the Merger Agreement by us and Apex Systems at or prior to the closing:

- the receipt of the approval of the Merger Agreement by Apex Systems shareholders by delivery of the written consent of Apex Systems shareholders (which was delivered in connection with the execution and delivery of the Merger Agreement), and the receipt of the approval by On Assignment shareholders of the share issuance proposal;
- the expiration or termination of the waiting periods under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 (which condition was satisfied on April 6, 2012);
- the absence of any law, judgment, injunction, decree or other order by a governmental entity that prohibits or enjoins the consummation of the transactions contemplated by the Merger Agreement; and
- the receipt of the approval for listing by the NASDAQ Global Select Market of On Assignment common stock to be issued pursuant to the merger, subject to the official notice of issuance of the stock.

In addition, individually, the parties' respective obligations to effect the merger are subject to the satisfaction or, to the extent legally permissible, the waiver of the following additional conditions at or prior to the closing:

- the representations and warranties of the other party being true and correct as of the date of the Merger Agreement and as of the closing date of the merger unless such failures to be true and correct (without giving effect to any materiality or material adverse effect qualifications or exceptions) in respect of those representations and warranties would not, individually or in the aggregate, result in a material adverse effect on the other party (subject to certain limitations or exceptions);
- the other party having performed and complied in all material respects with all covenants required to be performed and complied with by it under the Merger Agreement;
 - the absence of a material adverse effect on the other party since December 31, 2011; and

- the funding of debt financing in an aggregate principal amount of \$540 million by Wells Fargo Bank, National Association, Bank of America, N.A. and Deutsche Bank Trust Company Americas;
 - the receipt by Apex Systems of certain required consents in connection with the transaction;
- the receipt by On Assignment of payoff letters evidencing that certain indebtedness of Apex Systems has been or will be repaid in full and that certain liens on Apex Systems and its assets have been or will be released and discharged as of the closing of the merger; and
 - all loans payable to Apex Systems from officers and directors of Apex Systems having been repaid in full.

Termination of the Merger Agreement

Right to Terminate. The Merger Agreement may be terminated at any time prior to the completion of the merger in any of the following ways:

- by mutual written consent of On Assignment and Apex Systems;
 - by either us or Apex Systems:
- if the merger has not been completed by July 18, 2012 (or such other date to which On Assignment and Apex Systems may agree upon in writing because one or more of the closing conditions has not been satisfied); provided, that a party may not terminate the Merger Agreement pursuant to this provision if such party's willful breach of any of its obligations under the Merger Agreement caused, or resulted in, the failure of the closing to occur on or before July 18, 2012;
- if a court of competent jurisdiction has entered into a judgment, injunction, decree or other order that has become final and non-appealable and has the effect of permanently preventing the consummation of the merger; provided, that a party may not terminate the Merger Agreement pursuant to this provision if such party has not used commercially reasonable efforts to prevent the entry of and to procure the removal, reversal, dissolution, setting aside or invalidation of such judgment, injunctions, decree or order;
- if any closing condition of the terminating party's obligation to consummate the merger becomes incapable of satisfaction; provided that the right to terminate the Merger Agreement under this provision will not be available to either party if such party's willful breach of any of its obligations under the Merger Agreement caused the condition to become incapable of satisfaction; or
 - by On Assignment:
- if there has been (i) a non-curable breach of any representation, warranty, covenant or agreement of Apex Systems in the Merger Agreement that makes the satisfaction of certain closing conditions in the Merger Agreement impossible or (ii) an uncured breach (30 days after written notice thereof) of any representation, warranty, covenant or other agreement made by Apex Systems, and the breach or failure to perform would result in the applicable closing condition to the merger not being satisfied; provided that On Assignment will not have the right to terminate the Merger Agreement under this provision if On Assignment is in material breach of any of its representations, warranties, covenants or agreements contained in the Merger Agreement; or
 - Apex Systems:
- if there has been (i) a non-curable breach of any representation, warranty, covenant or agreement of On Assignment or Merger Sub in the Merger Agreement that makes the satisfaction of certain closing conditions in the Merger Agreement impossible or (ii) an uncured breach (30 days after written notice thereof) of any representation, warranty, covenant or other agreement made by On Assignment or Merger Sub in the Merger Agreement, and the breach or failure to perform would result in the applicable closing condition to the merger not being satisfied; provided that Apex Systems will not have the right to terminate the Merger Agreement pursuant to this provision if it is then in material breach of any of its representations, warranties, covenants or agreements contained in the Merger Agreement.

Termination Fees/Reimbursement of Expenses. On Assignment will be required to pay a termination fee of \$21 million to Apex Systems in any of the situations below arising from the failure of On Assignment to secure the debt financing:

- if Apex Systems or On Assignment terminates the Merger Agreement because the closing of the merger does not occur on or before July 18, 2012 (or such other date to which On Assignment and Apex Systems agree upon in writing) because one or more conditions to the obligations of Apex Systems or On Assignment to consummate the closing have not been satisfied; provided that the terminating party's willful breach of any of its obligations under the Merger Agreement has not caused or resulted in the failure of the closing to occur on or before July 18, 2012 (or such other date to which On Assignment and Apex Systems agree upon in writing);
- if Apex Systems terminates the Merger Agreement because there has been (i) a non-curable breach of any representation, warranty, covenant or agreement of On Assignment or Merger Sub in the Merger Agreement that makes the satisfaction of certain closing conditions in the Merger Agreement impossible or (ii) an uncured breach (30 days after written notice thereof) of any representation, warranty, covenant or other agreement made by On Assignment or Merger Sub in the Merger Agreement, and such breach or failure to perform would result in the failure of certain conditions to Apex Systems' obligation to consummate the closing to be satisfied; provided that Apex Systems is not in material breach of its representations, warranties, covenants or other agreements contained in the Merger Agreement; or

- if On Assignment terminates the Merger Agreement because conditions to On Assignment's obligation to consummate the merger are incapable of satisfaction; and

(i) all other conditions to On Assignment's obligations to consummate the closing (other than receipt of the debt financing) have been or are capable of being satisfied prior to July 18, 2012 and (ii) Apex Systems has confirmed in writing that if the debt financing were funded and all the conditions of Apex Systems' obligation to consummate the closing were satisfied, it will take actions that are within its control to cause the closing to occur.

The termination fee must be paid within five business days of termination of the Merger Agreement as described above. If On Assignment fails to pay to Apex Systems the termination fee when due, then On Assignment must reimburse Apex Systems for all costs and expenses incurred by Apex Systems (including reasonable fees and expenses of counsel) in connection with the collection of the termination fee.

The Shareholder Representative

The Apex Systems shareholders have appointed Jeffrey E. Veatch as the Shareholder Representative to serve as their true and lawful agent and attorney-in-fact. In such capacity, the Shareholder Representative may take any action on behalf of the shareholders of Apex Systems, and may bind them under the Merger Agreement and any other related agreement.

Amendments and Waivers

Amendments and Waivers. The Merger Agreement may be amended prior to the closing by On Assignment and Apex Systems. Any amendment after the closing requires approval by On Assignment and the Shareholder Representative. An amendment to the Merger Agreement must be in writing signed by the required parties. All waivers must be in writing and signed by the party against whom the waiver is to be effective. On Assignment does not have any current intention to waive any condition to the merger and cannot predict the circumstances under which it would do so. On Assignment would re-solicit the votes of its shareholders if it decided to waive a material condition to the merger.

Governing Law. The Merger Agreement is governed by the laws of the Commonwealth of Virginia, other than with respect to certain remedies provisions and actions related thereto that are governed by the laws of the State of New York.

The Investor Rights Agreement

At the closing, we will enter into the Investor Rights Agreement with certain Apex Systems shareholders listed on the signature pages thereto, who will become shareholders of On Assignment upon completion of the merger, and Jeffrey E. Veatch, in his capacity as the Shareholder Representative under the Merger Agreement.

Composition of the Board

The Investor Rights Agreement will provide that the Shareholder Representative will have the right to designate two nominees for election to the Board for so long as Brian J. Callaghan, Edwin A. Sheridan, IV and Jeffrey E. Veatch (whom we refer to in this proxy as the "Founders") own in the aggregate at least 17% of the outstanding shares of On Assignment common stock and one nominee if the Founders own in the aggregate less than 17% but more than 10% of the outstanding shares of On Assignment common stock; provided that if the former Apex Systems shareholders collectively sell more than 5,000,000 shares of On Assignment common stock pursuant to the initial registration described below, then the 17% referred to in this paragraph will be reduced to a percentage equal to the percentage of the outstanding shares of On Assignment common stock held in the aggregate by the Founders upon the closing of the sale of shares of On Assignment common stock pursuant to the initial registration minus 0.5%. The remaining members of the Board will be nominated by the Nominating and Corporate Governance Committee of the Board. At each meeting of On Assignment shareholders following the completion of the merger at which directors of On Assignment are to be elected, On Assignment will agree to nominate for election to the Board and recommend that the shareholders elect to the board each of the Shareholder Representative's designees, subject to certain limitations to comply with law or if a nominee is deemed to be unfit to serve as a director of a publicly traded company or otherwise does not meet applicable eligibility criteria in a material respect.

Based on the amount of shares of On Assignment common stock outstanding as of March 31, 2012 of 37,575,777, immediately following the closing of the merger, the former Apex Systems shareholders are expected to own between 27.6% and 31.8% of the outstanding shares of On Assignment common stock, and the Founders are expected to own between 22.0% and 25.3% of the outstanding shares of On Assignment common stock. This calculation is based on Apex Systems' estimated capitalization immediately prior to the closing of the merger. Pursuant to the Investor Rights Agreement, the Board at the effective time of the merger would be comprised of two designees of the Shareholder Representative and five other directors currently serving on the Board (which are expected to be all of On Assignment's existing directors). The Shareholder Representative will be entitled to have one of his designees, who will initially be Theodore S. Hanson, serve on the On Assignment Stock Option Committee, which determines grants to non-executive officers of On Assignment.

Registration Rights

Pursuant to the Investor Rights Agreement, the Apex Systems shareholders who will become On Assignment shareholders pursuant to the merger will have certain registration rights with respect to the shares of On Assignment common stock acquired pursuant to the merger.

Initial Registration. Subject to certain exceptions, within 45 days of the closing of the merger, On Assignment will use its reasonable best efforts to effect, as soon as reasonably possible, the registration under the Securities Act of the shares of On Assignment common stock issued to the Apex Systems shareholders in connection with the merger. On Assignment will be responsible for paying the expenses of any such registration.

Demand Registration. Following the six-month anniversary of the closing or withdrawal of the initial registration, any of the Founders may require On Assignment to register shares of On Assignment common stock issued to the Apex Systems shareholders in connection with the merger for resale under the Securities Act in an underwritten offering. The Founders may exercise this demand registration right on up to three occasions. These demand registration rights will be subject to customary conditions and limitations. On Assignment will be responsible for paying the expenses of any such registration.

Piggyback Registration. If we propose to register any securities under the Securities Act, each Apex Systems shareholder who will become an On Assignment shareholder pursuant to the merger must receive notice of the registration and may include its shares of On Assignment common stock in the registration. These "piggyback registration" rights will be subject to customary conditions and limitations, including the right of the underwriters of an offering to limit the number of shares included in such registration and On Assignment's right not to effect a requested registration. On Assignment will be responsible for paying the expenses of any such registration.

Transfer Restrictions

Restrictions on the Founders of Apex Systems. From the date of the closing of the merger to the third anniversary of the closing, the Founders may not transfer their shares of On Assignment common stock without the written consent of On Assignment; provided that if the Founders are in breach of their Non-Competition Agreement during such period, then the end of such period will be extended to the third anniversary of the last such breach.

So long as a Founder has not breached his Non-Competition Agreement, the Founder may transfer (a) shares of On Assignment common stock in a registration effected in accordance with the Investor Rights Agreement, (b) shares of On Assignment common stock to certain permitted transferees, provided that certain conditions are satisfied, or (c) up to \$7.0 million of shares of On Assignment common stock per year pursuant to a Rule 10b5-1 plan to be established by such Founder.

Restrictions on Senior Executive Holders of Apex Systems. Without On Assignment's prior written consent, Randolph C. Blazer and Theodore S. Hanson (whom we refer to in this Proxy Statement as "Senior Executive Holders") shall not be permitted to Transfer any shares of On Assignment common stock during the period commencing on the closing of the merger and ending on the third anniversary of the closing. In the event that a Senior Executive Holder's employment with On Assignment or our subsidiaries terminates for any reason at any time during the three-year period, then the end of such period will be extended to the date that is the third anniversary of the date of the termination. Also, if a Senior Executive Holder is in breach of his Non-Competition Agreement at any time during the three-year period, then the end of such period will be extended to the date that is the third anniversary of the last breach.

So long as a Senior Executive Holder has not breached his Non-Competition Agreement,

- pursuant to the initial registration effected in accordance with the Investor Rights Agreement, a Senior Executive Founder may transfer up to a number of shares of On Assignment common stock equal to 30% of the shares of common stock issued to such Senior Executive Holder pursuant to the Merger Agreement;
- after the closing or withdrawal of the initial registration effected in accordance with the Investor Rights Agreement, a Senior Executive Holder may transfer up to a number of shares of common stock issued to the Senior Executive Holder pursuant to the Merger Agreement equal to (A) one-third of such shares after the first anniversary of the closing of the merger, (B) two-thirds of such shares after the second anniversary of the closing of the merger and (C) all of such shares of common stock after the third anniversary of the closing of the merger; and

Table of Contents

- a Senior Executive Holder may transfer shares of On Assignment common stock to certain permitted transferees provided that certain conditions are satisfied.

Restrictions on Other Employee Holders of Apex Systems. Without the Company's prior written consent, each holder of On Assignment common stock that is a signatory on the signature pages to the Investor Rights Agreement, other than a Founder or Senior Executive Holder (whom we refer to in this Proxy Statement as "Other Employee Holders"), shall not be permitted to transfer any of the shares of On Assignment common stock issued to such Other Employee Holder pursuant to the Merger Agreement during the period commencing on the closing of the merger and ending on the third anniversary of the closing, provided that in the event that such Other Employee Holder's employment with On Assignment or our subsidiaries terminates for any reason at any time during such three-year period, then the end of such period will be extended to the date that is the third anniversary of the date of the termination. Also, if an Other Employee Holder is in breach of his or her Non-Competition Agreement at any time during such period, then the end of such period will be extended to the date that is the third anniversary of such breach.

So long as such Other Employee Holder has not breached his Non-Competition Agreement:

- Other Employee Holders may transfer up to a number of shares of common stock issued to such Other Employee Holder pursuant to the Merger Agreement equal to (A) one-third of such shares after the first anniversary of the closing of the merger, (B) two-thirds of such shares after the second anniversary of the closing of the merger and (C) all of such shares of common stock after the third anniversary of the closing of the merger; and
- Other Employee Holders may transfer shares of common stock to certain permitted transferees; provided that certain pre-conditions are satisfied.

Voting Restrictions

Pursuant to the Investor Rights Agreement, the Founders will vote all of their shares of On Assignment common stock in support of the Board's slate of directors as described above.

In addition, on all other matters to be voted on by shareholders of On Assignment for the first 12 months after the closing of the merger, the Investor Rights Agreement provides that the Founders will vote their shares of On Assignment common stock in accordance with the recommendations of the Board or, in the absence of such a recommendation, in the same proportions as all other shares of On Assignment common stock that are voted on such matter. The Founders will also be present, in person or by proxy, at all meetings of the shareholders of On Assignment so that all such shares owned by the Founders may be counted for the purpose of determining the presence of a quorum at such meetings.

These restrictions on voting will remain in effect until the date on which the Founders own less than 10.0% of the outstanding shares of On Assignment common stock.

Board Observers

Pursuant to the Investor Rights Agreement, so long as the Founders hold greater than 10% of the outstanding shares of On Assignment common stock, the Shareholder Representative will have the right to appoint to the Board three observers, who must be reasonably acceptable to On Assignment. At any time the Shareholder Representative is entitled to designate only one person for nomination for election to the Board, then the observers must include two of the Founders designated by the Shareholder Representative (each of whom we refer to in this Proxy Statement as a "non-executive observer"). Upon completion of the merger, the initial observers will be Randolph C. Blazer and Theodore S. Hanson, and Jeffrey E. Veatch (who will be the non-executive observer). Each observer will be able to attend all meetings of the Board, subject to certain restrictions as set forth in the Investor Rights Agreement.

The Non-Competition Agreements

Founders and Senior Executive Holders. Simultaneously with the execution of the Merger Agreement, we entered into the Non-Competition, Confidentiality and Non-Solicitation Agreement (which we refer to in this Proxy Statement as the "Non-Competition Agreement") with the Founders and Senior Executive Holders. The Non-Competition Agreement will become effective upon the completion of the merger. Each of the Founders and Senior Executive Holders have agreed that, among other things, for seven years after the closing date:

Table of Contents

- they will not engage in the business of Apex Systems in any country in the world in which Apex Systems conducts business as of the closing of the merger or the date of termination of such Founder or Senior Executive Holder's employment with On Assignment and its subsidiaries;
 - they will not disclose any confidential or proprietary information relating to On Assignment, our subsidiaries or Apex Systems; or
- they will not (i) solicit or hire employees of Apex Systems or any of its subsidiaries, or (ii) cause any of Apex Systems' customers or suppliers to cease doing business or reduce the level of business with Apex Systems or any of its subsidiaries.

The "business of Apex Systems" means the business of recruiting or staffing personnel for or on behalf of businesses or providing personnel to businesses on a temporary or permanent basis, and any other business conducted by Apex Systems as of the closing of the merger.

Other Employee Holders. At the closing of the merger, we will enter into Confidentiality, Noncompetition, Nonsolicitation and Nondisclosure Agreements (which we refer to in this Proxy Statement as the "Other Non-Competition Agreements") with the Other Employee Holders who will become shareholders of On Assignment pursuant to the merger. The Other Employee Holders have agreed that:

- they will not, directly or indirectly, other than in their capacity as an employee of On Assignment or its subsidiaries, perform any employment activities of the type performed by the Other Employee Holder for Apex Systems, On Assignment or our subsidiaries for any business that provides services that are the same or substantially the same, and competitive with, the business of Apex Systems within a 50-mile radius of any office in which the Other Employee Holder regularly worked during the two-year period before the termination of his or her employment with the Apex Systems, On Assignment or our subsidiaries;
 - they will not disclose any confidential or proprietary information relating to On Assignment, our subsidiaries or Apex Systems; or
- they will not (i) solicit or hire our employees, or (ii) cause any of our customers or suppliers to cease doing business or reduce the level of business with us or any of our subsidiaries.

The restrictions will be in effect for three years following the closing of the merger, 18 months following the termination of an Other Employee Holder's employment with On Assignment and its subsidiaries, or 18 months from the date a court of competent jurisdiction enters a final order enforcing the terms of the Other Non-Competition Agreement, whichever is later.

The "business of Apex Systems" means recruiting or staffing scientific, engineering, technical, computer, telecommunications, information technology, information systems or applications personnel, or related technical, clerical, legal or financial personnel, for or on behalf of businesses, or providing such personnel to businesses on a temporary or permanent basis, any other business conducted by Apex Systems, On Assignment or our subsidiaries as of the date of termination of employment of the Other Employee Holder with Apex Systems, On Assignment or our subsidiaries.

Net Sales. Net sales increased \$158.2 million, or 28.9%, to \$705.2 million in 2011 from 2010 mainly due to increasing market share in existing accounts as well as adding new clients. In 2010 and 2011, net sales from new accounts accounted for 7.5% and 5.1% of net sales, respectively.

For the years ended December 31, 2011 and December 25, 2010, entities affiliated with Wells Fargo Bank, National Association and Bank of America, N.A., which are providing debt financing in connection with the merger, were the largest and fourth-largest clients, respectively, of Apex Systems based on net sales. Entities affiliated with Wells Fargo Bank, National Association accounted for 13.4% and 15.4% of Apex Systems’ net sales for the year ended December 31, 2011 and December 25, 2010, respectively.

[Table of Contents](#)

Gross Margin. Gross margin increased \$38.0 million, or 24.4%, to \$193.4 million in 2011 from 2010. The year-over-year gross margin increase was primarily due to higher net sales, which was partially offset by a slight increase in cost of sales as a percentage of net sales. The slight increase in cost of sales was due to increased wage costs for information technology professionals. Cost of sales includes wages, taxes, and benefits as well as any associated contractor travel costs.

Operating Expenses. Operating expenses include field operating expenses, such as costs associated with our network of staffing consultants and branch offices, including staffing consultant compensation, rent, other office expenses, marketing and recruiting expenses for our contract professionals. Operating expenses also include our corporate and branch office support expenses, such as the salaries of corporate operations and support personnel, recruiting and training expenses for field staff, marketing staff expenses and other general and administrative expenses.

Operating expenses increased \$19.0 million in 2011, or 14.9%, to \$146.2 million from \$127.2 million in 2010. The increase in operating expenses was primarily due to a \$17.0 million increase in compensation and benefits. The increase in compensation and benefits was due to a \$14.4 million increase in bonuses, commissions and stock-based compensation as a result of increased revenue and the attainment of incentive compensation targets as well as a \$2.6 million increase in compensation expenses as a result of increased headcount. Operating expenses as a percentage of net sales decreased to 20.7% in 2011, compared with 23.3% in 2010.

Interest Expense. Interest expense was \$2.9 million in 2011 compared with \$2.5 million in 2010, representing a 16.1% increase. This increase was related to a higher average outstanding balance on the credit facility created by a year over year increase in borrowings under credit facilities of 19.3%, primarily to fund current operations and dividends to shareholders.

Net Sales. Net sales increased \$163.5 million, or 42.6%, to \$547.0 million in 2010 from 2009 as a result of increasing market share in existing accounts as well as adding new clients. In 2009 and 2010, net sales from new accounts accounted for 4.6% and 7.5% of net sales, respectively. Entities affiliated with Wells Fargo Bank, National Association accounted for 15.4% and 9.1% of Apex Systems' net sales for the year ended December 25, 2010 and December 26, 2009, respectively.

Gross Margin. Gross margin increased \$42.4 million, or 37.5%, to \$155.4 million in 2010 from 2009. Interest Expense. Interest expense was \$2.5 million in 2010 compared with \$1.3 million in 2009, representing a 97.7% increase. This increase was primarily due to a higher average outstanding balance on the credit facility created by a year over year increase in borrowings under credit facilities of 108.1%, primarily to fund current operations and dividends to shareholders.

Liquidity and Capital Resources

Apex Systems' working capital (current assets less current liabilities) at December 31, 2011 was \$72.9 million, excluding \$7.1 million in cash. Working capital was 10.3% of Apex Systems' net sales for the 12 months ended December 31, 2011. Apex Systems considers all highly liquid financial instruments with an original maturity of three months or less to be cash equivalents. Apex Systems had no cash equivalents at December 31, 2011. Apex Systems' restricted cash is stated at cost and is held in an account to secure Apex Systems' health insurance claims. At December 31, 2011, Apex Systems' restricted cash was \$67.5 thousand and is included in prepaid expenses and other current assets.

Apex Systems' working capital requirements consist primarily of the financing of accounts receivable, payroll expenses, retirement plan expenses, expenses related to leased property and equipment and the periodic payments of principal and interest on Apex Systems' loans.

Net cash provided by operating activities was \$55.4 million for 2011 compared with \$14.6 million for 2010. Cash provided by operating activities in 2011 were primarily a function of net income plus incentive compensation plan expenses, accounts payable and accrued expenses, accrued compensation and benefits and deferred compensation expense, less accounts receivable, which increased compared to 2010. Cash provided by operating activities in 2010 were primarily a function of net income plus income from operations, incentive compensation plan expenses, deferred compensation expense, accounts payable and accrued expenses, accrued compensation and benefits, less accounts receivable, which increased compared to 2009.

Cash used in investing activity for purchase of property and equipment was \$338.1 thousand during 2011 and \$217.5 thousand in 2010. Apex Systems estimates that capital expenditures for 2012 will be approximately \$4.1 million based on a target of 50 basis points of net sales.

Net cash used in financing activities was \$55.5 million for 2011, compared with \$7.8 million used in financing activities in 2010. During 2011, repayments under lines of credit were \$54.4 million, versus \$33.6 million in 2010. Deferred financing costs in 2011 were \$370.8 thousand, versus \$284.4 thousand in 2010. Proceeds from new borrowings under lines of credit were \$69.5 million and \$74.1 million in 2011 and 2010, respectively. In 2011, Apex Systems made distributions to shareholders of \$63.5 million and payments for the settlement of incentive compensation plan awards of \$6.7 million. In 2010, these payments were \$47.5 million and \$0.5 million, respectively.

On September 19, 2011, Apex Systems entered into an \$85 million line of credit. As of December 31, 2011, Apex Systems had \$54.7 million available under this line of credit. Under the terms of Apex Systems' line of credit an unused commitment fee of 0.2% is payable quarterly on any difference between the maximum commitment and the amount of credit used.

On September 19, 2011, Apex Systems refinanced its existing term loan. The \$45 million four-year term loan entered into by Apex Systems on October 25, 2010, the balance of which was \$34.7 million at the date of refinancing, was increased by an additional \$45 million and extended to a five-year term. The full capacity of the refinanced loan is \$79.7 million.

During 2011, Apex Systems established standby letters of credit totaling \$70.5 thousand as of December 31, 2011 under Apex Systems' existing lines of credit to guarantee performance under certain contractual arrangements.

Apex Systems' line of credit and term loan contains certain financial covenants related to the fixed charge coverage and leverage ratios. Apex Systems was in compliance with these ratios as of December 31, 2011 and is currently in compliance with these ratios. Additionally, these agreements, which are secured by substantially all of Apex Systems' assets, provide for certain limitations on Apex Systems' ability to, among other things, incur additional debt, offer loans and incur capital expenditures.

Apex Systems believes that its working capital as of December 31, 2011, its line of credit, term loan and positive operating cash flows expected from future activities will be sufficient to fund operations, including its debt repayment obligations, accounts payable and related payroll expenses, as well as capital expenditure initiatives for the next 12 months.

In connection with the merger, Apex Systems intends to dividend its cash to its shareholders. In addition, all outstanding debt under its existing line of credit and term loan will be repaid. The target working capital provided in the Merger Agreement for Apex Systems is 13% of trailing 12 months net sales.

Commitments and Contingencies

Apex Systems leases space for its corporate and branch offices. Total rent expense, which includes leased office space, computers and equipment, was \$8.0 million in 2011, \$8.1 million in 2010, \$8.2 million in 2009 and is expected to be approximately \$8.2 million in 2012. Please see "Additional Interests of Directors, Executive Officers and Certain Beneficial Owners" beginning on page 31 for a discussion of certain Apex Systems' leases.

In addition, the table above does not include payments of deferred compensation as described in Notes 8 and 9 of Apex Systems' financial statements attached to this Proxy Statement. All stock appreciation rights, incentive, and non-qualified stock options under existing plans will be paid prior to closing pursuant to the Merger Agreement. The three-year long term incentive program, implemented in 2010, that would provide a total award of up to \$10.0 million to eligible employees, based on target revenue and earnings before interest, taxes, depreciation and amortization (EBITDA) goals will remain in effect. As of December 31, 2011, Apex Systems had accrued approximately \$6.7 million for the long term incentive program, included in deferred compensation on the balance sheet.

In May 2011, Apex Systems was notified by the Department of Labor (DOL) that it had purportedly underpaid wages to certain employees working on a specific government contract as a subcontractor to another provider. The DOL indicated that the underpayment was approximately \$2.6 million and was related to both wages and other benefits. This amount has been accrued in Apex Systems' financial statements for the year ended December 31, 2011. Apex Systems believes that some or all of this amount will be reimbursed by the direct provider. No amount has been accrued for this reimbursement and the amount reimbursed will be recognized in the future as the reimbursements are received.

In addition, Apex Systems is involved in various other legal proceedings, claims and litigation arising in the ordinary course of business. Apex Systems has recorded accruals for losses that it considered probable and reasonably estimable. Based on the facts currently available, Apex Systems does not believe that the disposition of any of these matters will have a material adverse effect on its liquidity, financial position or results of operations.

Off-Balance Sheet Arrangements

As of December 31, 2011, Apex Systems had no significant off-balance sheet arrangements other than operating leases and stand-by letters of credit.

Critical Accounting Policies

Apex Systems' accounting policies are described in Note 2 to its financial statements attached to this Proxy Statement. Apex Systems prepares its financial statements in conformity with GAAP, which require it to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. Apex Systems considers the following policies to be most critical in understanding the judgments that are involved in preparing its financial statements and the uncertainties that could impact its results of operations, financial condition and cash flows.

Revenue Recognition. Apex Systems' revenue is earned from staffing services performed under contracts with its clients. Revenue for such services is recognized when performed and approved by the client, based upon contracted billable rates for hours delivered plus reimbursable costs. Rebates provided to customers are recognized as earned, and are classified as a reduction to sales in the accompanying statements of income.

Accounts Receivable. Accounts receivable are recorded at the invoiced amount and do not bear interest. The allowance for doubtful accounts is Apex Systems' best estimate of the amount of probable credit losses in Apex Systems' existing accounts receivable. Apex Systems reviews its allowance for doubtful accounts monthly. Past-due balances meeting specific criteria are reviewed individually for collectability. All other balances are reviewed on a pooled basis. Account balances are charged off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote.

[Table of Contents](#)

Derivative Instruments. Apex Systems recognizes all interest rate swap derivative instruments as either assets or liabilities on the balance sheet at their respective estimated fair values. Apex Systems does not designate the interest rate swaps as a hedge of the variability of cash flows to be paid related to its outstanding debt. Under the terms of the agreements, Apex Systems pays the counterparty based on the respective fixed rate and receives payments based upon a floating rate, the net of which is recorded as an increase or decrease to interest expense.

Stock-Based Compensation. Prior to 2006, Apex Systems applied the intrinsic-value method prescribed by Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees (APB No. 25), and related interpretations. The grants to employees of stock appreciation rights (SARs) and options to purchase common stock were accounted for using variable plan accounting, which required the SARs to be classified as liabilities and the options to be classified as equity. Vesting in SARs and options to purchase common stock are generally contingent upon the employee meeting certain service and/or performance criteria.

Effective January 1, 2006, Apex Systems adopted Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 718, *Compensation - Stock Compensation* (ASC 718). This guidance supersedes APB No. 25. ASC 718 requires that all stock-based compensation be recognized as an expense in the financial statements. This statement was adopted using the prospective-transition method. Apex Systems' SARs and option awards are liability classified based on Apex Systems' intent to settle the awards for cash at the time of exercise, and Apex Systems has elected to measure its liability classified stock-based compensation awards based upon their intrinsic value as defined under the terms of the awards.

Quantitative and Qualitative Disclosures about Market Risk

Apex Systems is exposed to certain market risks arising from transactions in the normal course of business, principally risks associated with interest rates. Apex Systems' primary exposure to market risk is interest rate risk associated with its debt instruments.

As of December 31, 2011, Apex Systems had a combined \$93.1 million of principal outstanding under revolving credit and term loan agreements which bear interest at variable-rates based on LIBOR plus an applicable margin. Additionally, Apex Systems has entered into two interest rate swaps with a total notional value of \$10.0 million which are intended to partially offset a portion of the exposure to changes in the interest rate associated with its outstanding debt. The first \$5.0 million in notional value expires on June 5, 2013 and the remaining \$5.0 million in notional value expires on July 11, 2013. As of December 31, 2011, the fair value of these swaps was a liability of \$0.6 million.

Excluding the effect of Apex Systems' interest rate swap agreement, a hypothetical 1.0% change in interest rates on variable rate debt would have resulted in interest expense fluctuating approximately \$0.9 million based on \$93.1 million of debt outstanding for any 12 month period. Including the effect of our interest rate swap agreement, a 1.0% change in interest rates on variable debt would have resulted in interest expense fluctuating approximately \$0.8 million based on \$83.1 million of debt outstanding for any 12 month period.

Apex Systems has not entered into any market risk sensitive instruments for trading purposes.

UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

The unaudited pro forma condensed combined balance sheet as of December 31, 2011 and the unaudited pro forma condensed combined statement of income for the year ended December 31, 2011 are based on the separate historical consolidated financial statements of On Assignment and Apex Systems. On Assignment's fiscal year ends on December 31. Apex Systems uses a 52/53-week fiscal year ending on the Saturday closest to December 31. These unaudited pro forma condensed combined financial statements reflect the merger and related events using the acquisition method of accounting and apply the assumptions and adjustments described in the accompanying notes to the unaudited pro forma condensed combined financial statements. The unaudited pro forma condensed combined balance sheet as of December 31, 2011 reflects the merger and related events as if they had been consummated on December 31, 2011. The unaudited pro forma condensed combined statement of income for the year ended December 31, 2011 reflect the merger and related events as if they had been consummated on January 1, 2011.

The pro forma adjustments are based upon available information and assumptions that the managements of On Assignment and Apex Systems believe reasonably reflect the merger. We present the unaudited pro forma condensed combined financial statements for informational purposes only. The pro forma condensed combined financial statements are not necessarily indicative of what our financial position or results of operations actually would have been had we completed the merger as of the dates indicated. In addition, the unaudited pro forma condensed combined financial statements do not purport to project the future financial position or operating results of On Assignment. You should read this information together with the following:

- the accompanying notes to the unaudited pro forma condensed combined financial statements;
- the separate historical audited financial statements of On Assignment as of and for the year ended December 31, 2011 included in On Assignment's Annual Report on Form 10-K for the fiscal year ended December 31, 2011, which are incorporated by reference into this Proxy Statement; and
- the separate historical audited financial statements of Apex Systems as of and for the fiscal year ended December 31, 2011, which are included in the annexes to this Proxy Statement.

The unaudited pro forma condensed combined financial statements were prepared using the acquisition method of accounting, with On Assignment as the acquirer. Accordingly, the total estimated purchase price, calculated as described in Note 2 to the unaudited pro forma condensed combined financial statements, is allocated to the net tangible and identifiable intangible assets of Apex Systems acquired in connection with the merger, based on their respective estimated fair values. Should there be an increase in the fair value of the Apex Systems tangible and/or identifiable intangible assets as of the closing date of the merger, the amount of the purchase price allocated to these assets will increase accordingly, resulting in a decrease in the amount of goodwill recorded and an increase in depreciation expense and/or amortization expense.

The allocation is dependent upon valuations and other studies that have not progressed to a stage where there is sufficient information to make a definitive allocation. Accordingly, the purchase price allocation pro forma adjustments are preliminary and have been made solely for the purpose of providing unaudited pro forma condensed combined financial statements. The final purchase price allocation, which will be determined subsequent to the closing of the merger, and its effect on results of operations may differ significantly from the pro forma amounts included in the unaudited pro forma condensed combined financial statements. The amounts allocated to identifiable intangible assets and goodwill represent the managements' best estimate as of the date of this Proxy Statement. In order to provide a definitive accounting of the purchase price allocation as of the date of the closing of the merger, On Assignment will retain valuation specialists to help establish the fair value of the net tangible and identifiable intangible assets of Apex Systems as of the closing date. These valuations will primarily include valuations of the fair value of identifiable intangible assets such as tradename, customer relationships, non-compete agreements and contractor relations. In addition, On Assignment will review and adjust the effective tax rate as required, and adjust estimated transaction costs to actual. ASC 805 allows the acquiring company one year to complete the final analysis and accounting for the purchase price allocation related to a business combination.

In connection with the plan to integrate the operations of On Assignment and Apex Systems, we anticipate that non-recurring charges, such as costs associated with the implementation of compliance with Sarbanes-Oxley for Apex Systems will be incurred. We are not able to determine the timing, nature and amount of these charges as of the date of this Proxy Statement. However, these charges could affect the combined results of operations of On Assignment and Apex Systems in the period in which they are recorded. The unaudited pro forma condensed combined financial statements do not include the effects of the costs associated with any integration activities resulting from the transaction, as they are non-recurring in nature and not factually supportable at the time that the unaudited pro forma condensed combined financial statements were prepared. In addition, the unaudited pro forma condensed combined financial statements do not include the realization of any cost savings from operating efficiencies or synergies resulting from the transaction, nor do they include any potential incremental revenues and earnings that may be achieved with the combined capabilities of the companies.

1. Basis of Presentation

The accompanying unaudited pro forma condensed combined financial statements present the pro forma results of operations and financial position of On Assignment and Apex Systems on a combined basis based on the audited historical financial information of each company and after giving effect to the acquisition of Apex Systems by On Assignment. The acquisition will be recorded using the acquisition method of accounting.

There is a fixed price collar of plus or minus 10% on the number of shares to be issued to Apex Systems' shareholders for a maximum of 17,486 and a minimum of 14,305 new On Assignment shares.

PROPOSAL TWO – ELECTION OF DIRECTORS

The Bylaws of On Assignment provide that our Board shall be comprised of not less than four or more than seven directors and the exact number may be fixed by the Board. The Board fixed the authorized number of directors at five following the 2007 Annual Meeting. If the On Assignment shareholders approve the share issuance proposal and the merger is completed, the Board will be comprised of seven directors, two of whom will be designated by the Shareholder Representative. Please see “The Merger” beginning on page 17 for a detailed discussion of the merger. The Board is divided into three classes, as equal in number as possible. At each Annual Meeting, one class of directors is elected for a three-year term.

At this year’s Annual Meeting, two directors will be elected to serve until our 2015 Annual Meeting or until their successors are elected and qualified. Mr. Jeremy M. Jones, who currently serves as an independent director and Chairman of the Board and whose term is expiring, has been nominated to stand for re-election. Mr. Edward L. Pierce, who currently serves as an independent director and chairman of the Audit Committee and whose term is expiring, has been nominated to stand for re-election. Unless otherwise instructed by shareholders, the persons named as proxies will vote the proxies received by them FOR the election of Mr. Jones and Mr. Pierce. Mr. Jones and Mr. Pierce have consented to serve if elected, but if either is unable or unwilling to serve, the persons named as proxies may exercise their discretion to vote for substitute nominees.

Approval of Proposal Two

The nominees receiving the highest number of FOR votes cast will be elected as director. The Board unanimously recommends that our shareholders vote FOR the election of our nominees.

Set forth below are the biographies which include the skills, qualities and experiences of each of the nominees and each director.

Independent Directors and Material Proceedings

Following the Annual Meeting, the Board will continue to consist of five members, a majority of which are deemed by the Board to be "independent directors" under the current listing standards of the NASDAQ Global Select Market. Our independent directors are Senator Brock, Mr. Holman, Mr. Jones and Mr. Pierce. If the On Assignment shareholders approve the share issuance proposal and the merger is completed, the Board will be comprised of seven directors, two of whom will be designated by the Shareholder Representative. Please see "The Merger" beginning on page 17 for a detailed discussion of the merger. The Board has made a subjective determination as to each independent director that no relationships exist which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out his responsibilities as a director. In making these determinations, the Board has considered information provided by the directors and management with regard to the business and personal activities of each director as they may relate to On Assignment and members of management. There are no family relationships among our executive officers and directors.

There are no material legal proceedings to which the Company or any of its subsidiaries is a party or of which any of their property is subject. There are no material legal proceedings to which any director, officer or affiliate of the Company, any owner of record or beneficially of more than five percent of the Company's voting securities, or any associate of any such director, officer, affiliate of the Company or security holder is a party adverse to the Company or any of its subsidiaries or has a material interest adverse to the Company or any of its subsidiaries.

Role of the Board

The Board oversees the Company's Chief Executive Officer and other executive officers in the competent and ethical operation of the Company. The Board ensures that the long-term interests of the shareholders are considered in the operation of the Company.

Board Leadership Structure

The Board has consistently maintained an independent Chairman of the Board. The Board has made a determination that the Board leadership structure is appropriate and that the structure allows the Board to fulfill its duties effectively and efficiently. The Company has determined its leadership structure is appropriate because the Chairman of the Board is independent, as defined by the NASDAQ Global Select Market and the SEC. An independent Chairman, like independent Board members, allows for an objective evaluation of the performance of the Company and its offices. Nonetheless, the Board recognizes that the President and CEO has invaluable insight into the Company due to the nature of his position and recognizes the value of having the CEO on the Board. Accordingly, the Board believes that the Company's shareholders and interests are best served by keeping the position of President/Chief Executive Officer and Chairman of the Board as separate and independent positions.

Board Committees and Meetings

The Board held six meetings during the year ended December 31, 2011 and acted by unanimous written consent on three occasions. The Board has a Compensation Committee, an Audit Committee, a Nominating and Corporate Governance Committee and a Stock Option Committee. The Board has determined that the Chairmen and committee members of each of the Compensation Committee, the Audit Committee and the Nominating and Corporate Governance Committee are independent under the applicable NASDAQ Global Select Market and SEC rules.

The members and chairmen of the Committees are identified in the table below:

Director	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee	Stock Option Committee
William E. Brock		X	Chair	
Peter T. Dameris				Chair
Jonathan S. Holman	X	Chair	X	
Jeremy M. Jones	X	X	X	
Edward L. Pierce	Chair			

Of the named executive officers, Mr. Brill currently serves as a director of Onvia, Inc., where he the chairman of the Audit Committee. Mr. Brill served as a member of the Compensation Committee of Onvia, Inc. in 2007.

Compensation Committee. The Compensation Committee held seven meetings during 2011 and acted by unanimous written consent on eight occasions. The Compensation Committee meets in executive session without management present on a regular basis. The Compensation Committee reviews our general compensation policies, sets the compensation levels for our executive officers, including the CEO, and administers our equity plans. The Compensation Committee approves the compensation, including incentive compensation, of certain senior executive officers of On Assignment and determines the terms of key agreements concerning employment, compensation and termination of employment. The Board has determined that each member of the Compensation Committee is independent within the meaning of the NASDAQ Global Select Market rules requiring members of compensation committees to be independent. The Compensation Committee charter provides that the Compensation Committee may delegate its authority, subject to the terms in the charter, but the Compensation Committee has never delegated such authority.

[Table of Contents](#)

Audit Committee. The Audit Committee held six meetings during 2011. The Audit Committee reviews, acts on and reports to the Board with respect to various auditing and accounting matters. The Audit Committee performs functions required of audit committees of public companies under applicable laws, rules and regulations and the requirements of the NASDAQ Global Select Market. The primary functions of the Audit Committee are to assist the Board in its responsibility for oversight of:

- the quality and integrity of our financial statements and our financial reporting and disclosure practices
 - our systems of internal controls regarding finance and accounting compliance
- the independence and performance of our outside accountants appointment, compensation, evaluation, retention and oversight of On Assignment's independent accountants
 - our ethical compliance programs
 - risk issues related to financial statements

The Audit Committee's functions include, but are not limited to, reviewing compliance with and reporting under Section 404 of the Sarbanes-Oxley Act of 2002, reviewing matters of disagreement, if any, between management and our independent accountants, and regularly meeting with our independent accountants and internal audit staff to review the adequacy of our internal controls.

Rules adopted by the NASDAQ Global Select Market and the Securities and Exchange Commission (SEC) impose strict independence requirements for all members of the Audit Committee. Audit Committee members are barred from accepting, directly or indirectly, any consulting, advisory or other compensatory fee from the Company or an affiliate of the Company, other than in the member's capacity as a member of the Board and any Board committee. In addition, an Audit Committee member may not be an affiliated person, as defined in Securities Exchange Act of 1934, as amended, of the Company except in his capacity as a member of the Board and any Board committee. The Board has determined that each member of the Audit Committee meets all applicable independence requirements and that each Audit Committee member has no material relationship with the company that would jeopardize the director's ability to exercise independent judgment. The Board has determined that Mr. Pierce, based on his experience, skills and education as described above, is the Audit Committee financial expert, as that term is defined under the SEC rules and also meets the additional criteria for independence of audit committee members set forth in the Exchange Act.

The Company has adopted a process, which the Audit Committee oversees, for disclosing related-party transactions and identifying significant deficiencies each quarter in connection with filing our quarterly reports on Form 10-Q and our annual report on Form 10-K.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee evaluates director nominee candidates and makes recommendations to the Board with respect to the nomination of individuals for election to the Board and to serve as committee members. In addition, the Nominating and Corporate Governance Committee makes recommendations to the Board concerning the size, structure and composition of the Board and its committees. The Board has determined that each member of the Nominating and Corporate Governance Committee is independent within the meaning of the NASDAQ Global Select Market rules requiring members of nominating committees to be independent. The Nominating and Corporate Governance Committee met twice in 2011 and acted by unanimous written consent once in 2011. The Nominating and Corporate Governance Committee recommended the nominations of Mr. Jones and Mr. Pierce for election at this year's Annual Meeting.

The Nominating and Corporate Governance Committee charter, and the Corporate Governance Guidelines established by the Nominating and Corporate Governance Committee, set forth certain criteria for the committee to consider in evaluating potential director nominees. However, in considering potential director nominees, the Nominating and Corporate Governance Committee considers the entirety of each candidate's credentials. Qualifications considered by the Nominating and Corporate Governance Committee vary according to the particular areas of expertise being sought as a complement to the existing composition of the Board and include:

- personal and professional ethics and integrity;
 - sound judgment;
- the ability to make independent analytical inquiries;
- willingness and ability to devote adequate time and resources to diligently perform the duties of a director;

- relevant business experience and acumen;
 - specific industry expertise;
- familiarity with general issues affecting our business;
- qualifications as an audit committee financial expert;
 - diversity in a variety of areas;
- qualifications as an independent director; and
- areas of expertise that the Board should collectively possess such as board experience, CEO experience, human resources experience, accounting and financial oversight experience and corporate governance experience.

The Nominating and Corporate Governance Committee relies primarily on recommendations for director candidates from its members, other directors, the Chief Executive Officer and third parties, including professional recruiting firms. In 2011, no professional recruiting firms or consultants were needed and, accordingly, no fees were paid in this regard to professional recruiting firms or consultants. Existing directors being considered for re-nomination are evaluated based on their performance as directors, experience, skills, education and independence to ensure that they continue to meet the qualifications above. In addition, On Assignment's Corporate Governance Guidelines provide that the importance of a diversified Board membership, in terms of both the individuals involved and their various experiences and areas of expertise will be considered for purposes of nominating directors. The Nominating and Corporate Governance Committee considers diversity in identifying nominees, including differences in skill, viewpoints and experience as well as gender, race and nationality.

The Nominating and Corporate Governance Committee will also consider timely written suggestions from our shareholders. Shareholders wishing to suggest a candidate for director nomination for the 2013 Annual Meeting should mail their suggestions to On Assignment, Inc., 26745 Malibu Hills Road, Calabasas, California 91301, Attn: Secretary. Pursuant to our Bylaws, suggestions must be received by the Secretary of On Assignment not less than thirty days or more than sixty days prior to the 2013 Annual Meeting. The manner in which director nominee candidates suggested in accordance with this policy are evaluated shall not differ from the manner in which candidates recommended by other sources are evaluated. There were no director candidates put forward by shareholders for consideration at the 2012 Annual Meeting.

The Nominating and Corporate Governance Committee evaluates the Board's leadership structure and believes that separation of the CEO and Chairman of the Board positions is in the best interest of the Company, assures an adequate level of independence of the Board and is best aligned with the interests of its shareholders.

The written charters governing the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee are posted on the Investor Relations-Corporate Governance page of our website at <http://www.onassignment.com>. You may also obtain a copy of any of these documents without charge by writing to: On Assignment, Inc., 26745 Malibu Hills Road, Calabasas, California 91301, Attn: Secretary.

Stock Option Committee. The Stock Option Committee consists of one director, Mr. Dameris. The Stock Option Committee acted by written consent on 51 occasions during 2011. The Stock Option Committee has been delegated limited authority by our Board to grant stock options to eligible individuals who are not executive officers or directors within pre-approved limits.

Risk Oversight. The Board has an active role, as a whole and at the committee level, in overseeing management of the Company's risks. Company representatives regularly report to the Board on risks that the Company faces. The Board regularly reviews and determines the Company's risk management philosophies, policies and processes. The Board is primarily responsible for overseeing the management of the Company's risks associated with the Board's governance and delegation decisions, including decisions about compensation. The Board oversees officers' identification and management of risk management issues and regularly meets with such officers regarding risk management issues of the Company and the processes and procedures used for identifying and managing risk. In addition, the Board also regularly reviews the reporting processes from those officers that are responsible for the day-to-day management of the Company's risks to determine if these reporting processes or other flow of information to the Board could be improved.

The Audit Committee is primarily responsible for overseeing the management of the Company's accounting and financial reporting matters and risks related to the Company's accounting and financial practices. The Audit Committee charter provides that the Audit Committee's responsibilities include inquiring of management and the Company's outside auditors regarding key financial statement risk areas, including the Company's processes for identifying and assessing such risk areas and the steps the Company has taken with regard to such risk areas. In connection with these responsibilities, the Audit Committee routinely reviews and evaluates the Company's processes for identifying and assessing key financial statement risk areas and for formulating and implementing steps to address such risk areas. The Audit Committee is also responsible for inquiring of management and the Company's outside auditors regarding significant business risks or exposures, including the Company's processes for identifying and assessing such risks and exposures and the steps management has taken to minimize such risks and exposures.

[Table of Contents](#)

The Compensation Committee is responsible for overseeing risks associated with compensation practices. Upon evaluation, the Compensation Committee has determined that the Company's compensation practices and policies are not reasonably likely to have a material adverse effect on the Company. In making this determination, the Compensation Committee considered that none of the compensation policies and practices at a business unit carry a significant portion of the Company's risk profile, has a significantly different compensation structure than other units, is significantly more profitable than other units, or pays compensation expenses as a significant percentage of the unit's revenues.

Meetings. Each current director attended 100% of the meetings of the Board and Committees of the Board on which he served during 2011. Our independent directors regularly meet as a group in executive sessions outside of the presence of management.

Attendance of Directors at 2011 Annual Meeting of Shareholders. On Assignment has not adopted a formal policy with respect to director attendance at the annual meetings of the shareholders and our Bylaws allow the annual meetings to be conducted by the presiding officer of such meeting. Of the current directors who were serving on the Board on June 2, 2011, Mr. Dameris attended our 2011 Annual Meeting of Shareholders.

Director Compensation

The following table shows compensation information for each of On Assignment's non-employee directors for the year ended December 31, 2011. The compensation of our President and Chief Executive Officer, who is also a director, is disclosed in the "Summary Compensation Table" he receives no additional compensation for his service as a director.

Fiscal Year 2011 Director Compensation

Name	Fees Earned or Paid in Cash \$(1)	Stock Awards \$(2)	Total (\$)
Jeremy M. Jones	64,000	59,998	123,998
Jonathan S. Holman	54,000	59,998	113,998
William E. Brock	51,750	59,998	111,748
Edward L. Pierce	56,750	59,998	116,748

- (1) This amount includes the quarterly retainer fees and fees for meeting attendance which each non-employee director earned for his service during 2011.
- (2) The amounts set forth in the Stock Awards column represent the value of the award to each non-employee director of 6,818 restricted stock units ("RSUs") as computed in accordance with FASB ASC Topic 718. The amounts were calculated based on the grant date fair value per share of \$8.80, which was the closing sale price of Common Stock on the date of grant, August 9, 2011. Assumptions used in the calculation of these amounts with respect to stock-based awards are included in Note 10 to the consolidated financial statements for the year ended December 31, 2011 included in our Annual Report on Form 10-K filed March 14, 2012 and are described in "Management's Discussion and Analysis of Financial Condition and Results of Operations" under "Critical Accounting Policies-Stock-Based Compensation" in the Form 10-K.

The Compensation Committee reviews and approves the form and amount of director compensation. The current practice of the Compensation Committee is to base a substantial portion of a director's annual retainer on equity compensation. Accordingly, for 2011 service, each non-employee director received an annual RSU grant with a grant-date value of \$60,000, subject to Board approval of the grant. These grants were made on August 9, 2011 to Senator Brock, Mr. Holman, Mr. Pierce and Mr. Jones in the amount of 6,818 RSUs each, of which 50% vested immediately upon issuance and the remaining 50% will vest on August 9, 2012, subject to the director's continued service as of that date. The grant-date fair value of these awards was \$8.80 per share.

Each non-officer director receives \$2,000 for each regularly scheduled quarterly Board meeting attended, \$750 for each special telephonic Board meeting attended, \$1,000 for each committee meeting, if held separately and attended in person, or \$750 if attended by telephone. In addition, we reimburse all non-officer directors for their reasonable expenses incurred in attending Board or committee meetings.

The following tables set forth the beneficial ownership by the persons listed below of shares of On Assignment's common stock as of March 31, 2012 and after giving effect to the merger.

EXECUTIVE AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

This section explains On Assignment’s compensation philosophy and compensation program as it relates to the following named executive officers (hereinafter referred to as executive officers or executives) whose compensation is disclosed pursuant SEC rules:

Peter T. Dameris	President and Chief Executive Officer
James L. Brill	Senior Vice President and Chief Financial Officer
Michael McGowan	President, Oxford Global Resources
Emmett McGrath	President, Allied Healthcare and Life Sciences
Mark Brouse	President, VISTA Staffing Solutions

Mr. Brouse’s employment with the Company as President of VISTA was terminated on January 4, 2012. On August 1, 2011, Mr. Brouse and On Assignment entered into a Second Amended and Restated Employment Agreement, effective on January 4, 2012, under which Mr. Brouse currently serves as a Special Advisor to the Chief Executive Officer of On Assignment.

Executive Summary

Our executive compensation program is designed to provide a total compensation package intended to attract and retain high-caliber executive officers and employees, and also to incentivize employee contributions that are consistent with our corporate objectives and shareholder interests. It is our policy to provide a competitive total compensation package and share our success with our named executive officers, as well as our other employees, when our objectives are met.

The following table sets forth the key elements of our named executive officers’ compensation, along with the primary objective associated with each element of compensation.

Compensation Element	Primary Objective
Base salary	To provide stable income as compensation for ongoing performance of job responsibilities.
Annual performance-based cash compensation (bonuses)	To incentivize short-term corporate objectives and individual contributions to the achievement of those objectives.
Long-term equity incentive compensation	To incentivize long-term performance objectives, align the interests of our named executive officers with shareholder interests, encourage the maximization of shareholder value and retain key executives.
Severance and change in control benefits	To encourage the continued attention and dedication of our named executive officers and provide reasonable individual security to enable our named executive officers to focus on our best interests, particularly when considering strategic alternatives.
Deferred compensation	To permit savings in a tax-efficient manner in excess of limits imposed under our 401(k) plan.
Retirement savings (401(k)) plan	To provide retirement savings in a tax-efficient manner.
Health and welfare benefits	To provide standard protection with regard to health, dental, life and disability risks as part of a market-competitive compensation package.

To serve the foregoing objectives, our overall compensation program is generally designed to be flexible and complementary rather than purely formulaic. In alignment with the objectives set forth above, the Compensation Committee has generally determined the overall compensation of our named executive officers and its allocation among the elements described above, relying on the analyses and advice provided by its compensation consultant as well as input from our management team.

Our compensation decisions for the named executive officers in 2011, including each of the key elements of our executive compensation program, are discussed in more detail below. This discussion is intended to be read in conjunction with the executive compensation tables and related disclosures.

Compensation Philosophy

The Company seeks to attract, motivate and retain key talent needed to enable On Assignment to operate successfully in a competitive environment. The Company's fundamental policy is to offer On Assignment's named executive officers competitive and fair compensation opportunities based upon their relevant experience, their individual performance and the overall financial performance of On Assignment in a way that is aligned with the long-term interests of the Company's shareholders.

The Compensation Committee oversees the executive compensation program and determines compensation for the Company's executive officers. The Compensation Committee recognizes that, from time to time, it is appropriate to enter into compensatory agreements with key executives, and has done so with each of its executive officers. Through these agreements, On Assignment seeks to further motivate such individuals or retain their services as well as to secure confidentiality and nonsolicitation obligations from such executives, applicable both during and after their employment. These agreements with executive officers include executive employment agreements and severance arrangements.

In exercising discretion to determine compensation, the Compensation Committee carefully considers the experience, responsibilities and performance of each executive officer and the Company's overall financial performance. At the Compensation Committee's request, Mr. Dameris reviews with the Compensation Committee the performance of the other executive officers. The Compensation Committee considers the compensation, to the extent accessible, of executive officers of competitor companies. The Compensation Committee works closely with the Chief Executive Officer in setting compensation for the executive officers, giving weight to Mr. Dameris' evaluation of the other executive officers because of his direct knowledge of their performance. The Company believes that the compensation program for the executive officers is instrumental in the Company's performance.

In determining appropriate compensation for our executives, On Assignment considers numerous factors including, but not limited to: rewarding results which are beneficial for the shareholders, competitive compensation, balancing cash and equity payments, recognizing external effects on our business (i.e. the economy), retention of executives and key employees, skills of the executive officers, the Company's business and growth strategy and the overall reasonableness of compensation. The Compensation Committee strives to achieve a balance between cash and equity compensation as well as long-term and short-term incentive compensation which align with our shareholders' interests, but does not rely on a formal policy or formula for making allocations between these elements. Instead, the Compensation Committee balances various goals, longer-term performance objectives and vesting conditions based on its subjective assessment derived from its collective experience. The Company limits the size of compensation that is not linked to performance metrics and instead emphasizes compensation that rewards good performance.

A fundamental objective of the Compensation Committee is to make a substantial portion of each executive officer's compensation contingent upon On Assignment's performance as well as upon his own individual level of performance such that each executive officer is compensated for results. The Compensation Committee may further this objective through an annual performance-based incentive compensation program using multi-year, long-term incentive awards subject to achievement of specified goals tied to business criteria, including periodic equity grants with performance-based vesting components. The Compensation Committee strives to align the remuneration potential for the executive officers with shareholder interests through the use of equity awards. The mechanics and attainment criteria for annual incentive awards and long-term incentive awards are discussed in greater detail below.

Generally, as an executive officer's level of responsibility increases, the Compensation Committee links a greater portion of the executive's total compensation to the performance of the Company or division over which the executive has responsibility (if appropriate), quantified by measurements such as revenue, profitability, earnings before interest, taxes, depreciation and amortization (EBITDA), adjusted EBITDA (which, for the purposes of incentive compensation targets, is earnings before interest, taxes, depreciation and amortization but excluding gains losses or expenses associated with unusual items) and branch contribution (which, for the purposes of incentive compensation targets, is revenue less cost of sales and less branch expenses). The Compensation Committee has determined that unusual items include restructurings, force majeure, litigation, judgments and settlements, changes in tax laws or accounting principles, severance, equity based compensation expense, one-time gains or losses from disposal or sale of assets and impairment of goodwill or other identifiable intangible assets), gross profit, branch contribution, rather than solely upon the executive's salary. The Compensation Committee believes this structure is appropriate because as the executive's level of responsibility increases, the impact of his efforts and business judgment upon the performance of the Company and the Company's stock price also increases. To that end, our executive officers receive annual cash incentive compensation opportunities with attainment targets set each year by the Compensation Committee, based on percentages of their annual salary depending upon the scope of the executive's responsibilities. Additionally, our executive officers receive RSU equity grants, the size of which increase as the executive's level of responsibility and impact on overall Company performance increases. The value of the equity grants are tied to the value of On Assignment's common stock, with vesting schedules that are based on the passage of time and upon the attainment of performance-based goals established by the Compensation Committee.

[Table of Contents](#)

The Compensation Committee believes the use of both annual and long-term incentive awards encourages the executive officers to balance and manage short-term returns against long-term Company goals and investments in future opportunities. Annual incentive awards are generally cash awards intended to reward the executive for achieving growth on one or more designated business unit level or consolidated performance metrics. Multi-year, long-term incentive awards are typically equity awards, with vesting triggered by the passage of time and/or by the attainment of designated levels of Company financial performance. The Compensation Committee may specify the amount of the incentive award as a percentage of the executive's annual salary or as another amount that need not bear a strictly mathematical relationship to the performance goals. The Compensation Committee may, in its discretion, reduce the amount of certain awards otherwise payable in connection with an incentive program if the Compensation Committee determines that the assumptions applied when setting the goals ultimately proved invalid, unanticipated factors not tied to executive performance resulted in the executive's attainment of the targets, or the Compensation Committee determines that other considerations dictate that the award should be reduced. Awards to individuals who are covered under Code Section 162(m) (discussed below) or who the Compensation Committee believes may be covered in the future, may be structured by the Compensation Committee, in its discretion, to constitute "qualified performance-based compensation" under Code Section 162(m) in order to preserve the deductibility of the awards.

The key factors considered in establishing the components of each executive officer's compensation package for 2011 are summarized below.

Say-on-Pay

We provide our shareholders with the opportunity to cast an annual advisory vote on the compensation of our named executive officers (a "say-on-pay proposal"). At our annual shareholder's meeting held on June 2, 2011, a majority of the votes cast on the say-on-pay proposal at that meeting were voted in favor of the proposal. The Compensation Committee believes this affirms our shareholders' support of the compensation program, objectives and policies for our named executive officers, and did not change the approach in 2011 in connection with the vote on our 2011 say-on-pay proposal. The Compensation Committee will continue to consider the outcome of the Company's say-on-pay proposals when making future compensation decisions for our named executive officers.

Compensation Program Elements

The key elements of executive compensation are:

- base salary
- performance-based cash incentive compensation
- long-term equity-based incentive awards, which include time vesting and performance-based vesting grants
- fringe benefits and participation in Company-sponsored employee benefit plans

The discussion that follows summarizes key features and the purpose of the elements of the 2011 executive compensation program for the Company.

Base Salary

One component of our compensation package is an annual salary commensurate with each executive officer's experience, scope of responsibility, skill in executing those responsibilities and overall value to the organization. The Company considers the following factors in determining base salary for each executive officer:

- individual performance as measured by the success of the executive officer's business division or area of responsibility
- competitiveness with salary levels of similarly sized companies evaluated through informal salary surveys, internal compensation parity standards and On Assignment's ability to pay an appropriate and competitive salary
- the range of the Company's other executive officer salaries and annual salary increases awarded to the Company's other employees and executive officers
- the performance of the Company and the overall economic climate
- whether the base salary equitably compensates the executive for the competent execution of his duties and responsibilities

Table of Contents

- the executive officer's past performance with the Company
- the executive officer's experience
- the anticipated impact of the executive officer's business division or area of responsibility

The amount and timing of any increase in base compensation depends upon, among other things, overall economic conditions, the performance of the Company and the executive officer's business unit (if applicable), the individual's performance, internal compensation parity and the time interval and any responsibilities assumed since the last salary increase. While the Compensation Committee allocates a competitive base salary for each executive, base salary is only a portion of the overall compensation program. Executive officers' performance, including over-achievement, is generally rewarded through incentive programs, rather than base salary.

In determining whether or not to apply a 2011 salary increase, the Compensation Committee considered that the Company was recovering from the economic downturn and also considered where compensation investment dollars are best spent. In addition, the Compensation Committee evaluated the overall value of each executive officer's compensation and equity, the performance of the Company and the division over which the executive has responsibility (if applicable), the percentage of executive compensation compared to the Company's overall expenses, the performance of the staffing industry during 2011, the Company's need to invest in new headcount and the overall economic climate. Based on this analysis, in 2011, each named executive officer agreed to not accept a salary increase and, accordingly, none of the executive officers received salary increases in 2011. Mr. Dameris' salary was \$635,250 in 2011; which amount was set as of August 2008. Mr. Dameris did not receive a salary increase in 2009, 2010 or 2011. The other executive officers continued with their 2010 salary amounts during 2011. Mr. Brill's annual base salary for 2011 was \$323,136. Mr. McGowan's base salary for 2011 was \$379,500. Mr. McGrath's 2011 annual salary was \$322,524 and Mr. Brouse's salary was \$271,440.

Annual Cash Incentive Compensation

Annual Cash Incentive Bonus

Executive officers are eligible for annual incentive compensation payable in cash and tied to achievement of performance goals, which typically include components related to revenues and profitability, either at the divisional or corporate levels, or a combination, depending upon the executive's area of responsibility. By focusing on revenues and profitability measures, the Compensation Committee attempts to relate annual cash incentive compensation to performance measures that demonstrate appropriate growth and contribute to overall shareholder value. Within the first 90 days of each fiscal year, the Compensation Committee establishes performance targets and corresponding incentive compensation, which is typically calculated as a percentage of the individual's base salary, with higher level executives eligible for higher percentages. Currently these percentages range from 75% of annual salary to 120% of annual salary, assigned according to the rank and the scope of responsibilities of the executive and provisions in the executive employment agreements. For most of our officers, half or more of each annual compensation package is attached to attainment of the respective incentive compensation program targets. The Compensation Committee feels this arrangement appropriately links the executives' remuneration to the performance of the Company and the benefits derived by the shareholders. The targets are based on full year performance measures and are, therefore, determined at a time when attainment is substantially uncertain. In recent years, including 2011, this incentive bonus has consisted of two components: a "target bonus" for the achievement of set objectives the Compensation Committee established at the beginning of the year and an additional bonus based on extraordinary performance surpassing those objectives, paid incrementally up to a pre-set level. Structuring the annual incentive compensation in this manner upholds On Assignment's philosophy of paying for performance. The target bonus is designed to be achievable based upon highly competent management performance on the executive's part, assuming certain economic conditions and other circumstances at the time the goal was established. The maximum additional target bonus is designed to be difficult to achieve under those circumstances and to reward truly exceptional performance.

In 2011, the Compensation Committee established the cash incentive compensation percentage based on provisions in each executive officer's employment agreement, historical cash incentive compensation amounts and the same general factors that the Compensation Committee considered for annual base salary. The targets are set by the Compensation Committee after consultation with the Chief Executive Officer and represent a percentage attainment of the amount forecasted by the Company or a division for the fiscal year as set forth in the 2011 Board-approved budget. In addition, the Compensation Committee considers specific factors relevant to the success of the Company and the success of each division for that year. In 2011, the Compensation Committee determined that growth and success in the areas of Adjusted EBITDA, gross profit, branch contribution and revenue would indicate growth and success for the Company. The Compensation Committee believes that the Company's success in these areas is in the best interest of our shareholders. As described under "Compensation Philosophy" above, Adjusted EBITDA for the purposes of incentive compensation targets is earnings before interest, taxes, depreciation and amortization but excluding gains losses or expenses associated with unusual items, and branch contribution, for the purposes of incentive compensation targets, is revenue less cost of sales and less branch expenses.

For 2011, the cash incentive compensation component, and amount attained, for each executive officer is set forth below. The Compensation Committee may exercise negative discretion to reduce the amount of an award otherwise to be made in connection with certain incentive plans.

President and Chief Executive Officer and Chief Financial Officer. Mr. Dameris earned \$762,300 out of a maximum possible \$762,300 of his 2011 cash incentive bonus. Mr. Brill earned \$323,136 out of a maximum possible \$323,136 of his 2011 cash incentive bonus. Pursuant to his employment agreement and consistent with Mr. Brill's previous cash incentive bonus opportunities, the Compensation Committee determined that Mr. Brill was eligible for an annual cash incentive award of up to 100% of his annual base salary for 2011 performance. President, VISTA Staffing Solutions. Mr. Brouse earned a total of \$61,074 out of a possible \$203,580 for his 2011 cash incentive compensation. Pursuant to his employment agreement and consistent with Mr. Brouse's previous cash incentive bonus opportunities, the Compensation Committee determined that Mr. Brouse was eligible for an annual cash incentive award of up to 75% of his annual base salary for 2011 performance. The amounts earned by Mr. Brouse were determined as noted below.

Tier 1. For 2011, Mr. Brouse was eligible to earn an annual incentive bonus up to 37.5% of his annual base salary contingent upon VISTA Staffing Solutions and/or the Company attaining the following targets in 2011 described here as Tier 1 Target(s):

Discretionary Bonuses

The Compensation Committee may also award additional discretionary incentive compensation, based on such factors as substantial over-achievement of performance targets for which the annual incentive compensation program otherwise provides no award, upon a change in the executive officer's employment status or in recognition of an executive's success in implementing change or otherwise attaining results that delivered value to the Company, but were not captured in the annual incentive program performance targets.

On December 7, 2011 the Compensation Committee approved payment of a one-time, discretionary bonus to Mr. McGowan in the amount of \$100,000 in recognition of the success of Oxford during 2011 under Mr. McGowan's leadership. The Compensation Committee considered the performance of Oxford during 2011 including the EBITDA contribution to the Company and the organic growth of that division. In addition, on February 3, 2012 the Compensation Committee approved payment of a one-time, discretionary bonus to Mr. McGrath in the amount of \$25,000 in recognition of Mr. McGrath's attainment of qualitative goals relating to the operations of the Life Sciences and Allied Healthcare divisions during 2011. The Compensation Committee specifically noted that, while Mr. McGrath did not attain the targets in his cash incentive compensation, the lines of business under Mr. McGrath's leadership experienced success during 2011 measured by other performance criteria.

Annual Equity Incentive Compensation

The Compensation Committee periodically approves grants of stock options, restricted stock and restricted stock units to On Assignment's executive officers. These grants are designed to balance the comparatively short-term goals of the annual cash incentive compensation targets with long-term stock price performance, to align the interests of each executive officer with those of the shareholders and to provide each individual with a significant incentive to manage their responsibilities from the perspective of an owner with an equity stake in the business. Option grants generally allow the executive officer to acquire shares of common stock over a specified period of time of up to ten years. Because our stock options are granted at fair market value, these grants provide a return to the executive officer only if the market price of the shares appreciates over the option term. RSU grants are generally made in exchange for nominal consideration only therefore these grants confer the full share value on their recipients and therefore continue to encourage the recipient to maximize the value of the Company's common stock, even where short-term stock price drops may render awards based solely on stock appreciation (such as options and stock appreciation rights) worthless.

The Company continues to rely primarily on long-term equity awards in the form of RSUs to ensure a strong connection between the executive compensation program and the long-term interests of the Company's shareholders. RSUs enable the Company to confer value in excess of simple future appreciation, providing a valuable incentive in a volatile market. Accordingly, the Company believes that RSUs are effective compensation element for attracting executives and promoting their long-term commitment to the Company. RSUs also serve as valuable retention incentives for the Company because RSUs vest only if the executive officer provides services to the Company until the vesting date. On Assignment believes that granting equity awards with long vesting periods creates a retention incentive and encourages the executive officers to focus on the Company's long-term business objectives and long-term stock price performance.

RSU grants may condition the vesting of some percentage of the award upon achievement of defined performance criteria within a specific timeframe. The Compensation Committee believes that conditioning some of the vesting of RSU awards (which confer full share value) on the attainment of performance objectives is appropriate. This type of award creates an incentive for the executive to attain the designated performance criteria, for vesting purposes, as well as to execute business plans that increase the overall fair market value of our common stock and align the executives' interests with the Company's shareholders. The Compensation Committee prefers RSUs because, unlike stock options, RSUs are not at risk of becoming "underwater" during the three year vesting period and thereby failing in their fundamental purpose of providing an incentive to the executives to remain employed with the Company and focus efforts on achieving the performance targets necessary for vesting.

The size of the RSU grant is set at a level that the Compensation Committee deems appropriate in order to create a meaningful opportunity for stock ownership based upon the executive's current position and ability to impact the stock price. The size of the award or grant is also generally linked to the executive officer's annual salary and incentive compensation opportunity. Equity awards or grants also take into account the scope and business impact of the executive's position, the individual's potential to assume future duties and responsibility on behalf of On Assignment over the vesting schedule and/or option term, the executive's individual performance in recent periods and the executive's current holdings of On Assignment stock and options received through previous equity grants as well as the per individual, per period award limits, quality of service to the Company, experience of the officer, the then-current fair market value of the Company's common stock, and the overall equity awarded to each executive officer. The Compensation Committee feels that taking all of these factors into consideration enhances our ability to provide meaningful and appropriate incentives.

Long-term equity incentive compensation, structured in a way that aligns compensation of the executive officers with interests of our shareholders, comprised a portion of the executive officers' total 2011 compensation. For Mr. Dameris, the Company's President and Chief Executive Officer, the Compensation Committee granted Mr. Dameris equity awards in accordance with the terms of his employment agreement. Pursuant to his employment agreement, his 2011 equity awards have multi-year vesting schedules and/or vest based on the attainment of specified Adjusted EBITDA goals. The Compensation Committee believes that a multi-year vesting schedule encourages Mr. Dameris' continuation in service with the Company through those vesting dates. In addition, the Compensation Committee believes Mr. Dameris' RSU grants provide Mr. Dameris with incentive to focus on increasing the long-term value of the Company as measured by the Company's Adjusted EBITDA. The use of Adjusted EBITDA targets encourages Mr. Dameris to focus on producing financial results that align with the interests of the shareholders. In addition, one of Mr. Dameris' 2011 equity awards is based on the attainment of Adjusted EBITDA per share during the twelve month performance period, which encourages Mr. Dameris to strive for quality stock performance of the Company and benefits the interests of our shareholders.

The Compensation Committee similarly strives to align the remuneration potential for the other executive officers with shareholder interests through the use of RSU equity awards during 2011. Equity awards for Mr. Brill, Mr. McGowan, Mr. McGrath and Mr. Brouse include a multi-year time-vesting portion and a portion which vest based on Adjusted EBITDA performance targets set by the Company. Consistent with its overall compensation philosophy, the Compensation Committee believes that the time-vesting portion of the RSU grant rewards the executive officers for exercising business judgment that maximizes the trading price of the Company's common stock over a multi-year period. The Compensation Committee believes the performance-vesting portion of the RSU grant encourages the executives to strive for superior Adjusted EBITDA results which is a true measurement of the Company's success for the shareholders.

For 2011, the long-term equity incentive compensation granted to each executive officer is set forth below.

President and Chief Executive Officer. Mr. Dameris was entitled to receive three equity incentive compensation opportunities in 2011 under his employment agreement.

In March 2011, pursuant to his employment agreement, Mr. Dameris was granted 58,754 RSUs which are eligible to vest as to 50%-100% of the award based on the Company's attainment of an EBITDA target over the 12 month period ending of January 1, 2012, with the earned portion of the award vesting and becoming payable in two equal components on January 1, 2012 and January 1, 2013, subject to continued employment. The Compensation Committee set the Adjusted EBITDA target as follows: Mr. Dameris will earn 50% of this award based on the Company achieving \$34,049,462 of Adjusted EBITDA in 2011 and he will earn up to 50% of this award, on a sliding scale, based on the Company achieving Adjusted EBITDA greater than \$34,049,462 to a maximum of \$42,561,828. The Company achieved \$61,211,000 in Adjusted EBITDA in 2011 so Mr. Dameris vested in all 58,754 restricted stock units.

In March 2011, pursuant to the 2010 Employment Agreement, Mr. Dameris was also granted a restricted stock unit award with a fair market value of approximately \$1,000,000 on the date of grant. Pursuant to the grant terms, Mr. Dameris is eligible to receive a linear pro ration of the grant based on percentage attainment of the target. The Compensation Committee set the target as the Company attaining Adjusted EBITDA per Share of \$1.15 during the twelve month performance period ending December 31, 2011. The Company achieved this target and Mr. Dameris vested in this award. The first award under this grant (equal to \$500,000) will be payable as soon as practicable after February 1, 2013 and the second award under this grant (equal to \$500,000) will be payable as soon as practicable after February 1, 2014.

Other Executive Officers. In 2011, the Company granted Mr. Brill, Mr. McGowan, Mr. McGrath and Mr. Brouse RSU awards which have a time-based vesting component and a performance-based vesting component.

Specifically, in 2011, Mr. Brill, Mr. McGowan, Mr. McGrath and Mr. Brouse received grants of 51,704, 51,704, 29,377 and 22,855 RSUs, respectively, sixty percent of which time vests in three equal, annual installments on January 3, 2012, January 3, 2013 and January 3, 2014, subject to continued employment. The remaining 40% of the award is performance-based, vesting in three equal, annual installments, on the first three anniversaries of the grant date as set forth above subject to attainment of performance targets established by the Compensation Committee for that year, subject to continued employment (the "Performance Vesting Grant"). The Compensation Committee established the following target for the 2011 Performance Vesting Grant for Mr. Brill, Mr. McGowan, Mr. McGrath and Mr. Brouse:

Fifty percent of the 2011 Performance Vesting Grant vests contingent upon the Company attaining Adjusted EBITDA of \$36,177,554 in 2011. An additional 50% of the grant vests incrementally to the extent that the Company achieves between \$36,177,554 to \$46,818,011 in Adjusted EBITDA in 2011.

According to the terms of the grant, the portion of the 2011 Performance Vesting Grant which does not vest because the performance goal was not attained rolls forward to become part of the 2012 Performance Vesting Grant scheduled to vest in January 2013 contingent upon attainment of the applicable target for 2012. Because the target for the 2011 Performance Vesting Grant was achieved, the 2011 Performance Vesting Grant was earned in full and no RSUs from the 2011 Performance Vesting Grant rolled forward to become part of the 2012 Performance Vesting Grant. The Company achieved \$61,211,000 of Adjusted EBITDA in 2011 so each of Messrs. Brill, McGowan, McGrath and Brouse vested in full in each of their 2011 Performance Vesting Grants.

On August 1, 2011, Mr. Brouse and On Assignment entered into a Second Amended and Restated Employment Agreement, effective on January 4, 2012, under which Mr. Brouse serves as a Special Advisor to the Chief Executive Officer of On Assignment. In connection with entering into this agreement and in acknowledgement of his reduced responsibilities going forward, Mr. Brouse forfeited 4,926 shares subject to his time-based vesting RSU award granted in January 2011.

Company-Sponsored Health and Welfare Benefits

Our executives and their legal dependents are eligible to participate in Company sponsored health and welfare plans. These benefits are designed to be competitive with overall market practices and to attract and retain employees with the skills and experience needed to promote On Assignment's goals. The Compensation Committee believes that providing this coverage opportunity and enabling payment of the employee portion of such coverage costs through payroll deductions encourages our executives and their legal dependents to avail themselves of appropriate medical, dental and other health care services, as necessary, to help ensure our executives' continued ability to contribute their efforts towards achieving On Assignment's growth, profitability and other goals.

Severance and Change-in-Control Benefits

The executive employment agreements also provide for severance arrangements with each executive officer in the event of an involuntary termination without “cause” or, in some cases, a “constructive termination” or a termination by the executive for “good reason” as those terms are defined in the executive employment agreements. Additionally, pursuant to our Executive Change of Control Agreements with Mr. Brill and Mr. Dameris and the On Assignment Change in Control Severance Plan in which our other named executive officers participate, On Assignment provides for payments of the executive officer’s then-current annual salary and incentive compensation and continuation of health and welfare plan participation or lump-sum payment of the cost of such continued coverage for a pre-defined period of time, without cost to the executive, in the event the executive is terminated under certain defined circumstances following a change in control. We feel that these severance triggers and levels are appropriate to ensure our executive officers’ financial security, commensurate with their positions, in order to ensure that they remain focused on their duties and responsibilities and promote the best interests of On Assignment in all circumstances.

Pursuant to the Executive Change of Control Agreements with Mr. Brill and Mr. Dameris, immediately prior to a change of control (as defined in the agreements), all stock options and other invested equity awards then held by the executive will become fully vested and exercisable subject, in Mr. Dameris’ case, to exceptions with respect to certain equity awards granted under his employment agreement. Under the Executive Change of Control Agreements as well as the On Assignment Change in Control Severance Plan, in the event it is determined that any payment arising under such agreement or plan would be subject to the excise tax imposed by Code Section 4999, then the executive shall be entitled to receive an additional payment in an amount equal to the excise tax imposed upon the payments. The Compensation Committee believes that the change in control arrangements serve to minimize any distraction to the executive officer resulting from a potential change in the control of the Company and decrease the risk that these individuals would leave On Assignment when a transaction was imminent which would reduce the value of On Assignment to a prospective buyer, or to the shareholders in the event the transaction failed to close. Structuring the change in control severance benefits as primarily “double-trigger” (becoming payable only upon the occurrence of the executive’s involuntary or constructive termination following the change in control) appropriately serves these goals yet avoids bestowing a windfall on the executive officer in the event he is not involuntarily terminated following such an event. The Compensation Committee believes use of the “single-trigger” accelerated vesting of stock options and other invested equity awards held by Mr. Brill and Mr. Dameris (which occurs immediately prior to a change in control regardless of whether the executive is involuntarily terminated upon or following the transaction), properly acknowledges the direct link between the executive’s leadership of the Company and the value of the equity and recognizes that the link is greatly attenuated after a change in control, regardless of the executive’s actual employment status. The single-trigger arrangement permits Mr. Brill and Mr. Dameris to receive the benefit of an increase in the fair market value of the equity resulting from their efforts to consummate a transaction approved by our shareholders. The executive employment, severance and change of control arrangements are described under the heading “Employment Agreements” and “Payments upon Termination or Change in Control” below.

Perquisites

On Assignment also makes reasonable perquisites available to certain of its executive officers, consisting of a monthly automobile allowance, payment or reimbursement of actual expenses incurred by the executive officer in connection with an annual physical examination (subject to specific limits) and payment or reimbursement of actual expenses incurred for tax preparation and financial planning services (again, not to exceed specific limits). The Compensation Committee acknowledges the considerable time and focus demanded of our executive officers by their work duties as well as their role as “ambassadors” of On Assignment and authorizes these benefits in order to limit the impact of attending to these personal responsibilities. Additionally, the Compensation Committee believes the executives perceive these perquisites to be valuable and therefore helpful in attracting and retaining qualified leaders.

Deferred Compensation Plans

On Assignment offers tax-qualified 401(k) plans to its U.S. employees. Some of our executives and other employees are not eligible to participate, or to fully participate up to the maximum contribution levels permitted by the Code, in the applicable On Assignment 401(k) plan as a result of their status as “highly compensated” employees under the Code. Therefore, On Assignment in 2011 offered the Deferred Compensation Plans (which consists of the 1998 Deferred Compensation Plan and the 2008 Deferred Compensation Plan, as described in more detail under the heading “Deferred Compensation” elsewhere in this Proxy Statement), a separate non-qualified savings plan, for eligible employees which currently permits employees and directors determined to be eligible by the Compensation Committee to annually elect to defer up to 100% of their base salary, incentive compensation, and/or director fees on a pre-tax basis and earn tax-deferred income on these amounts. The Company believes that these tax advantaged savings plans are valuable in recruiting talented executives. The Deferred Compensation Plans permit matching Company contributions and other benefits similar to, though not as favorable for tax purposes, as the 401(k) plans. The Compensation Committee maintains these programs in an effort to provide the executive officers with retirement benefits that are comparable to and competitive with the benefits available to similarly situated executives in the market.

[Table of Contents](#)

In April 2011, the Board terminated the Deferred Compensation Plans, due to low participation and the cost of maintaining the Deferred Compensation Plans. The Deferred Compensation Plans are described in more detail under the heading “Deferred Compensation” elsewhere in this Proxy Statement.

Employee Stock Purchase Plan

At the 2010 Annual Meeting, the shareholders of On Assignment adopted the Employee Stock Purchase Plan which was approved by the Board after the previous Employee Stock Purchase Plan terminated on February 27, 2009 due to the depletion of shares available for issuance. We believe that implementing an employee stock purchase plan helps incentivize our executive officers and provides the incentives of ownership generally to our employees.

Incentive Award Plan

The shareholders of On Assignment approved the 2010 Incentive Award Plan at the 2010 Annual Meeting. The 2010 Incentive Award Plan is designed to permit the Compensation Committee to grant awards that may qualify as performance-based for purposes of satisfying the conditions of Code Section 162(m), including stock options, other performance-vesting awards and cash incentive awards. Other awards under the plan, including time-vesting restricted stock and restricted stock units may not qualify as performance-based awards.

Tax Provisions and Accounting Consequences

The Compensation Committee considers the anticipated tax consequences to us and our executive officers when reviewing our compensation programs, as the deductibility of some types of compensation payments or the amount of tax imposed on the payments can depend upon the timing of an executive’s vesting or exercise of previously granted rights or termination of employment. The Compensation Committee considers the requirements of Code Sections 409A and 162(m) when structuring the executive compensation packages. Code Section 162(m) limits the tax deductibility to the Company of annual compensation in excess of \$1,000,000 that is paid to our Chief Executive Officer, and our three other most highly compensated executive officers (other than the Chief Financial Officer). However, certain performance-based compensation is excluded from the \$1,000,000 limit if, among other requirements, the compensation is payable only upon the attainment of pre-established, objective performance goals that are based on shareholder-approved performance criteria and the committee that establishes and certifies such goals consists only of “outside directors.” Section 409A of the Internal Revenue Code requires that “nonqualified deferred compensation” be deferred and paid under plans or arrangements that satisfy the requirements of the statute with respect to the timing of deferral elections, timing of payments and certain other matters. Failure to satisfy these requirements can expose employees and other service providers to accelerated income tax liabilities, penalty taxes and interest on their vested compensation under such plans. Changes in applicable tax laws and regulations, as well as other factors beyond the Compensation Committee’s control, also can affect the deductibility of compensation. While the Compensation Committee endeavors to minimize deductibility limitations for the Company, the Compensation Committee may, in appropriate circumstances, authorize payments that may become subject to these limitations in order to properly incentivize an executive officer.

Code Section 280G disallows a tax deduction with respect to excess parachute payments to certain executives of companies which undergo a change in control. In addition, Code Section 4999 imposes a 20 percent penalty on the individual receiving the excess payment. Parachute payments are compensation that is linked to or triggered by a change in control and may include, but are not limited to, bonus payments, severance payments, certain fringe benefits, and payments and acceleration of vesting from long-term incentive plans including stock options and other equity-based compensation. Excess parachute payments are parachute payments that exceed a threshold determined under Code Section 280G based on the executive’s prior compensation. In approving the compensation arrangements for our executive officers, our Compensation Committee considers all elements of the cost to our Company of providing such compensation, including the potential impact of Code Section 280G. However, our Compensation Committee may, in its judgment, authorize compensation arrangements that could give rise to loss of deductibility under Code Section 280G and the imposition of excise taxes under Code Section 4999 when it believes that such arrangements are appropriate to attract and retain executive talent. With respect to Mr. Dameris and Mr. Brill, the Compensation Committee has also provided for tax gross-up payments to alleviate the impact of Section 4999. The Compensation Committee believes these payments are appropriate to properly incentivize and motivate these executives in the event of a potential transaction.

The Compensation Committee also regularly considers the accounting implications of significant compensation decisions, especially in connection with decisions that relate to equity compensation awards. In particular, ASC Topic 718 (formerly known as FASB 123R), requires us to recognize an expense for the fair value of equity-based compensation awards. As accounting standards change, we may revise certain programs to appropriately align accounting expenses of our awards with our overall executive compensation philosophy and objectives.

While the tax or accounting impact of any compensation arrangement is one factor to be considered in determining appropriate compensation, such impact is evaluated in light of the Compensation Committee’s overall compensation philosophy and objectives. The Compensation Committee will consider ways to maximize the deductibility of executive compensation, while retaining the discretion it deems necessary to compensate executive officers in a manner commensurate with performance and the competitive environment for executive talent. The Compensation Committee may award compensation which is not fully deductible to our executive officers if it determines that such award is consistent with its philosophy and is in our and our shareholders’ best interests.

Deferred Compensation

The Company's Deferred Compensation Plans are "non-qualified" plans within the meaning of Code Section 401(a) and are "unfunded and maintained by an employer primarily for the purpose of providing deferred compensation for a select group of management or highly compensated employees" within the meaning of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), Sections 201(2), 301(a)(3) and 401(a)(1).

On September 4, 2008, effective as of January 1, 2008, the Company amended the On Assignment Deferred Compensation Plan so that it applies to deferrals made before January 1, 2005 only (the 1998 Deferred Compensation Plan) and, also effective January 1, 2008, adopted a new plan, called the On Assignment Deferred Compensation Plan - Effective January 1, 2008, applicable to deferrals made on or after January 1, 2005 (the 2008 Deferred Compensation Plan and, collectively, the Deferred Compensation Plans).

Upon initial enrollment, participants in the 2008 Deferred Compensation Plan choose one or more measurements funds, the market performance of which over the measurement period are used to determine the additional amounts to be credited to his or her account, and allocates, in increments of 1% or more, how much of the participant's account balance to attribute to each selected measurement fund. Participants can change funds or allocations at their discretion. A participant's account balance and annual deferral amount actually deferred during any calendar quarter are credited or debited on a daily basis based on the performance of each selected measurement fund, as though the participant's account balance was actually invested in the measurement funds selected by the participant, in the percentages allocated by the participant. Participants in the 2008 Deferred Compensation Plan may elect to commence distributions under the plan within 60 days following the participant's termination of employment, in a lump sum or in annual installments of up to 15 years, except that if the participant's account balance is less than the applicable dollar amount specified in Code Section 402(g)(1)(B), in effect for the year in which the distribution is to occur, payment shall be made in a lump sum. Notwithstanding the foregoing, in compliance with certain requirements of Section 409A, plan distributions to "specified employees" will commence the first day after the end of the six month period immediately following the date on which the participant experiences a termination of employment. Additionally, if the Company reasonably anticipates that the Company's deduction with respect to any distribution from the 2008 Deferred Compensation Plan would be limited or eliminated by application of Section 162(m), then to the extent permitted by applicable treasury regulations, payment shall be delayed until the earliest date the Company reasonably anticipates that the deduction of the payment will not be limited or eliminated by application of Section 162(m).

On April 20, 2011, the Board authorized and directed the termination of the 1998 Deferred Compensation Plan for amounts attributable to elective deferrals made by eligible participants from January 1, 1998 through January 1, 2005. Pursuant to the terms of the 1998 Deferred Compensation Plan, the Company may terminate the 1998 Deferred Compensation Plan at any time and immediately distribute the accrued account balances held in the 1998 Deferred Compensation Plan in accordance with the provisions of the 1998 Deferred Compensation Plan. Of the outside directors and executive officers, Senator Brock is the only participant in the 1998 Deferred Compensation Plan. The Board believed termination of the 1998 Deferred Compensation Plan was in the best interest of the Company due to low participation and the cost of maintaining the 1998 Deferred Compensation Plan. The Company did not incur any costs or penalties in connection with termination of the 1998 Deferred Compensation Plan. Termination of the 1998 Deferred Compensation Plan was effective on May 2, 2011 and distributions will be made according to the terms of the plan in compliance with applicable law.

On April 20, 2011, the Board of the Company authorized and directed the termination of the 2008 Deferred Compensation Plan. Pursuant to the terms of the 2008 Deferred Compensation Plan, the Company may terminate the 2008 Deferred Compensation Plan at any time and distribute the accrued balances held in the 2008 Deferred Compensation Plan in accordance with the provisions of the 2008 Deferred Compensation Plan and applicable law including, but not limited to, Section 409A of the Internal Revenue Code. Mr. Dameris is the only executive officer or director who participated in the 2008 Deferred Compensation Plan. The Board believed termination of the 2008 Deferred Compensation Plan is in the best interest of the Company due to low participation and the cost of maintaining the 2008 Deferred Compensation Plan. The Company did not incur any costs or penalties in connection with termination of the 2008 Deferred Compensation Plan. Termination of the 2008 Deferred Compensation Plan was effective on May 2, 2011 and distribution will be made according to the terms of the plan in compliance with applicable law.

In each case, the executive officer's right to receive severance benefits is subject to his execution of a valid and binding release agreement and contingent upon his continued adherence to certain confidentiality and nonsolicitation agreements.

Termination under Chief Executive Officer Employment Agreement

Under Mr. Dameris' 2010 Employment Agreement upon a termination of Mr. Dameris' employment by the Company "without cause" or by Mr. Dameris for "good reason" and Mr. Dameris experiences a separation from service as a result of that termination, Mr. Dameris will be entitled to (1) continuation of 150% of his annual base salary for a period of 18 months following such termination; (2) a cash amount equal to the aggregate premiums that the Company would have paid over 18 months for basic life insurance, accidental death and dismemberment insurance and long- and short-term disability insurance, each as in effect on the date of termination; (3) during the 18 month period, subject to Mr. Dameris' proper election to continue healthcare coverage under COBRA, payment of his COBRA premiums. Under the 2010 Employment Agreement, "Cause" includes (1) conviction of felony, commission of a material act or omission of dishonesty or fraud, misappropriation of material funds or assets, engagement in unlawful harassment or discrimination (2) uncured substantial and repeated neglect of duties (3) gross negligence or willful misconduct (4) uncured breach by Mr. Dameris of certain provisions of the employment agreement. Termination for "Good Reason" means Mr. Dameris' resignation from the company after the failure of the Company to pay an amount owing under the 2010 Employment Agreement in breach of the agreement, relocation and the Company's failure to cure those facts or circumstances. If Mr. Dameris' employment terminates because of his death or disability, Mr. Dameris or his estate is entitled to disability income or life insurance payments from insurance policies maintained by the Company (other than "key man" life insurance policy) and entitled to payment of an amount equal to 50% of Mr. Dameris' base salary payable over six months in equal installments.

Under Mr. Dameris' 2010 Employment Agreement, if Mr. Dameris' employment with the Company terminates due to his death, disability (as defined therein), due to a termination by the Company without cause or by Executive for good reason (each a qualifying termination), Mr. Dameris' long-term equity grants shall vest as follows:

- For 2011 and 2012, RSU awards which vest upon the Company attaining positive EBITDA will remain outstanding and be eligible to vest pro rata on January 1 of the year following grant, based on days employed during the twelve month performance period, if Adjusted EBITDA is positive for the full twelve-month period.
- For 2011 and 2012, RSU awards which vest upon attainment of adjusted EBITDA targets will remain outstanding and eligible to vest pro rata on January 1 of the year following grant, based on (i) days employed during the twelve-month performance period and (ii) attainment of the applicable Adjusted EBITDA target for the full twelve-month period. If the performance period ends prior to the qualifying termination, the entire earned portion of the award will vest on the qualifying termination.
- Outstanding, unvested components of each Additional Grants will remain outstanding and eligible to vest pro rata on February 1 of the year following grant, based on (i) days employed during the performance period and (ii) attainment of the applicable performance goal for the full performance period. Components of the Additional Grants that vest prior to any termination of employment will be paid on or shortly after the February 1 following the date of termination. Under the 2011 Additional Grant, upon qualifying termination, the 2010 Additional Grant is paid on a pro-rata basis by reference to (i) the portion of the performance period worked and (ii) actual performance through December 31, 2011.

In the event of a termination in connection with a change of control, the severance provisions of Mr. Dameris' employment agreement will be superseded by his Executive Change of Control Agreement (described below).

Termination under Chief Financial Officer Employment Agreement

Under Mr. Brill's December 11, 2008 employment agreement, if Mr. Brill's employment terminates because of his death, disability or if the Company terminates his employment without cause, Mr. Brill is entitled to his accrued obligations (which include his base salary, accrued and unpaid vacation time, reimbursement for business expenses and vested benefits) and continuation of 100% of his base salary for a period of 12 months following such termination. Under the employment agreement, "Cause" includes (1) Mr. Brill's material breach of the employment agreement, (2) his willful or repeated failure or refusal substantially to perform his duties, (3) his indictment for any felony or other crime involving moral turpitude, (4) his commission of fraud, embezzlement or misappropriation relating to the Company or its funds, properties, corporate opportunities or other assets to the extent that the Company reasonably determines such act to be materially injurious to the Company, or (5) Mr. Brill's repeatedly acting in a manner or repeatedly making any statements which the Company reasonably determines to be detrimental or damaging to the reputation, operations, prospects or business relations of the Company.

Termination upon Change in Control for Chief Executive Officer & Chief Financial Officer

Mr. Dameris and Mr. Brill each entered into an Amended and Restated Executive Change of Control Agreement (each, an Executive Change In Control Agreement), as amended and restated on December 11, 2008 which governs if Mr. Dameris' or Mr. Brill's employment is involuntarily terminated following a change of control. Pursuant to those agreements, Mr. Dameris and Mr. Brill will each be entitled to receive the following amounts for an involuntary termination of employment which occurs within six months and ten days after a change in control (as defined in the Executive Change in Control Agreements): (1) all then accrued compensation (earned and unpaid salary, reimbursement of expenses, and accrued but unused vacation time) and a pro-rata portion (based on number of days worked) of the executive's Target Bonus for the year in which the termination is effected; (2) 3.0 times Mr. Dameris' then-current base salary plus target bonus for the year in which the termination is effected and 2.5 times Mr. Brill's then-current base salary plus the executive's Target Bonus for the year in which the termination is effected; (3) continuation of the executive's then-current automobile allowance for a period of up to 18 months following the date of termination; (4) continuation of COBRA benefits for a period of up to 18 months following the date of termination; (5) a cash amount equal to the aggregate premiums that the Company would have paid for 18 months of basic life insurance, accidental death and dismemberment insurance and long- and short-term disability insurance coverage, each as in effect on the date of termination; (6) continued contributions to the Company's retirement plans for 18 months following the date of termination; (7) reimbursement, up to \$15,000, for outplacement services. "Target Bonus" is defined in the Executive Change in Control Agreement as the bonus which would have been paid for the full achievement of the Company's base business plan or budget and/or for the attainment of specific performance objectives and shall not mean the maximum bonus which Mr. Brill or Mr. Dameris might have been paid for overachievement base business plan or budget and/or for the attainment of specific performance objectives; for 2011, this is "Tier 1" of the "Cash Incentive Compensation" described above.

Following a change in control, if the employment of Mr. Dameris or Mr. Brill is terminated for cause (as defined in the Executive Change in Control Agreement) or Mr. Dameris or Mr. Brill resigns other than in connection with an involuntary termination or due to death or disability, the Executive Change in Control Agreement will terminate.

Also pursuant to the Executive Change of Control Agreement, immediately prior to a change of control and regardless of whether Mr. Dameris or Mr. Brill is terminated upon or following the change in control transaction, all stock options and other unvested equity awards then held by Mr. Dameris or Mr. Brill will become fully vested and exercisable. Mr. Dameris' 2010 Employment Agreement similarly provides that performance-vesting equity awards granted thereunder shall vest fully as if all applicable performance targets were fully attained and all service requirements were satisfied. Payments under Mr. Dameris' and Mr. Brill's Executive Change of Control Agreement are subject to additional "Gross-Up" payments to cover any excise tax that may be imposed.

The estimated payments or benefits which would have been paid to Mr. Dameris and Mr. Brill in the event of his termination on December 31, 2011 under the specified circumstances are as follows:

McGowan, McGrath and Brouse - Termination Under Employment Agreements

Michael McGowan. If the Company terminates Mr. McGowan’s employment without “Cause,” or Mr. McGowan terminates his employment as a result of the Company imposing a change in key terms, (i.e. a change in his reporting relationship or requiring him to relocate to a principal work location that is more than 50 miles from Beverly, Massachusetts), if Mr. McGowan’s employment terminates because of his death or disability Mr. McGowan is entitled to (1) salary continuation for a period of 12 months, at the rate in effect as of the date his employment is terminated; (2) subject to his proper election to continue healthcare coverage under COBRA, for a period of 12 months from the date of termination, payment of the difference between his COBRA premiums and the cost of such coverage immediately prior to such termination; and (3) accrued obligations (earned and unpaid salary, accrued and unpaid vacation time and reimbursement of expenses). Under his Employment Agreement, “Cause” includes willful breach of duty, unauthorized use or disclosure of confidential information or trade secrets of the Company, breach of an applicable non-competition or non-solicitation agreement, conviction of a felony under the laws of the United States or any state thereof, or gross negligence).

Emmett McGrath. If the Company terminates Mr. McGrath’s employment without “Cause” (“Cause” includes gross negligence, willful misconduct, fraud and uncured breach by Mr. McGrath of certain provisions of the employment contract), Mr. McGrath is entitled to (1) continuation of his base salary for a period of 12 months following such termination; (2) a cash amount equal to the aggregate premiums that the Company would have paid for basic life insurance, accidental death and dismemberment insurance and long- and short-term disability insurance, each as in effect on the date of termination (as defined in his employment agreement), had he remained employed by the Company for a period of 12 months following such termination; (3) during that 12 month period, subject to Mr. McGrath’s proper election to continue healthcare coverage under COBRA, payment of his COBRA premiums for a period of 12 months following termination; (4) a lump-sum payment representing the value of any accrued but unused vacation. If Mr. McGrath’s employment terminates because of his death or disability, pursuant to his employment agreement, he or his estate is entitled to any disability income or life insurance payments from any insurance policies (other than any “key man” life insurance policy) maintained by the Company. In addition, in the event of such a termination, for a period of six months following the date of termination, Mr. McGrath or his estate shall be entitled to payment of an amount equal to 50% of his annual salary, payable over six months in approximately equal installments on regular salary payment dates.

Mark Brouse. If the Company terminates Mr. Brouse's employment without "Cause" or Mr. Brouse is "constructively terminated," or if Mr. Brouse's employment terminates because of his death or disability, Mr. Brouse will receive (1) salary continuation for a period of 12 months, at the rate in effect as of the date his employment is terminated; (2) subject to his proper election to continue healthcare coverage under COBRA, for a period of 12 months from the date of termination, payment of the difference between his COBRA premiums and the cost of such coverage immediately prior to such termination; (3) a lump-sum payment representing the value of any accrued but unused vacation, earned and unpaid salary and reimbursement of expenses; and (4) a prorated portion of the annual bonus that would otherwise become payable to Mr. Brouse in respect of the year in which the termination occurs, if and to the extent that, as of the date of termination, the Company is on track to attain the performance objectives applicable to such annual bonus, as determined in the reasonable discretion of the Compensation Committee. "Cause" includes Mr. Brouse's material breach of the employment agreement, his willful or repeated failure substantially to perform his material duties, his commission of any felony or other crime involving moral turpitude, his commission of fraud, embezzlement or misappropriation relating to the Company or its funds, properties, corporate opportunities or other assets to the extent that the Company reasonably determines such act to be materially injurious to the Company, or his repeatedly acting in a manner or repeatedly making any statements which the Company reasonably determines to be detrimental or damaging to the reputation, operations, prospects or business relations of the Company. "Constructive Termination" means the material reduction in Mr. Brouse's duties or responsibilities, a material reduction of the base salary, the assignment of duties or responsibilities that are materially inconsistent with his position as the President of VISTA, action by the Company that requires, or would require, Mr. Brouse to take any action that is illegal or unethical, or the Company's relocation of Mr. Brouse's principal place of work to a location outside of Salt Lake County, Utah.

McGowan, McGrath and Brouse - Termination Pursuant to Change in Control

If the employment of Mr. McGowan, Mr. McGrath or Mr. Brouse is involuntarily terminated following a change of control, benefits will be determined in accordance with the On Assignment Change in Control Severance Plan, as amended and restated on December 11, 2008. Pursuant to that Change in Control Plan, upon involuntary termination within 18 months of a change in control transaction, Mr. McGowan, Mr. McGrath and Mr. Brouse are entitled to receive (1) 200% of his annual salary and target bonus in effect at the time of the involuntary termination; and (2) a lump-sum payment equaling an after tax calculation of the cost of 18 months of COBRA premiums for the medical, dental and/or vision coverage he received at the time of the termination. Payments under the Severance Plan are subject to additional "Gross-Up" payments to cover any excise tax that may be imposed. Under the On Assignment Change in Control Severance Plan, "Target Bonus" means the bonus which would be paid for achievement of performance objectives pertaining to the Company or its specific business units and does not mean the maximum bonus to which the executive officers might be paid for overachievement or any purely discretionary bonus; for 2011, this is "Tier 1" of the "Cash Incentive Compensation" described above.

The Compensation Committee has reviewed and discussed the section of the Proxy Statement entitled, "Compensation Discussion and Analysis" with management. PROPOSAL THREE – ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 enables our shareholders the opportunity to cast an advisory, non-binding vote on executive compensation disclosed in this Proxy Statement and as required by Item 402 of Regulation S-K. Our Board has decided that we will hold an annual advisory vote on the compensation of our named executive officers in light of the fact that a majority of the votes cast at our annual shareholders' meeting held in May 2011 voted in favor of holding an annual advisory vote. Shareholders are being asked to vote on the following advisory resolution:

RESOLVED, that the compensation paid to On Assignment, Inc.'s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.

We believe that it is appropriate to seek the views of shareholders on the design and effectiveness of the Company's executive compensation program. The Company's goal for its executive compensation program is to attract, motivate and retain a talented, team of executives who will provide leadership for the Company's success. We attempt to accomplish this goal in a way that aligns with the long-term interests of our shareholders. We are committed to responsible compensation practices and structures and strive to balance the need to compensate its employees fairly and competitively based on their performance, while assuring that their compensation reflects principles of sound business practice and performance metrics that reward long-term success. This advisory vote is referred to as "say-on-pay." At the 2010 Annual Meeting, more than a majority of the votes cast were voted in favor of the Board's recommendation of holding the say-on-pay vote annually. In light of the shareholder vote and other factors considered by the Board, the Board has determined that the Company will hold the say-on-pay vote every year until the next required vote on the frequency of the say-on-pay vote.

The Compensation Discussion and Analysis of this Proxy Statement summarizes our executive compensation program and the Compensation Committee's decisions in 2011. Highlights of the executive compensation program include:

- Mr. Dameris has not received a salary increase since 2008 and none of our named executive officers received a salary increase in 2011.
 - Cash compensation constitutes only a portion of the compensation of the executive officers.
- The executive officers generally receive equity awards in the form of restricted stock units, a portion of which is tied to performance and vest over a period of time, which aligns with the long-term interests of the shareholders.
- The executive officers receive RSU awards which vest one, two and three years after the award date. These RSU awards are intended as a long-term incentive and should be viewed as compensation over the vesting period not as compensation only for 2011.
- The compensation program for the executive officers is instrumental in helping the Company achieve its strong financial performance.
- In 2011, the Company's revenues grew to \$597,281,000, representing an increase of \$159,215,000 or 36.3% over the prior year, and the Company's Adjusted EBITDA grew to \$61,233,000 representing an increase of \$26,279,000 or 75.2% over the prior year. Performance-based vesting RSUs granted to our named executive officers vested based on our strong performance in these areas.
- If it is determined that 2011 performance was based on materially inaccurate performance criteria or if an executive materially violates risk limits, the executive officers' incentive compensation for 2011 is subject to a claw back from the Company (i.e. executive officers' forfeiture of the incentive compensation).

Shareholders are urged to read the Compensation Discussion and Analysis, compensation tables and narrative discussion in this Proxy Statement because these sections discuss, in detail, our compensation philosophy and practices.

The advisory vote set forth in this Proposal Three is not binding upon the Company. However, the Compensation Committee, which is responsible for designing and administering the Company's executive compensation program, values the opinions expressed by shareholders. The Compensation Committee will consider the outcome of this vote when making future compensation decisions for our executive officers.

Vote Required

Approval of Proposal Three requires a FOR vote of the majority shares present in person or by proxy at the Annual Meeting and entitled to vote on that proposal.

Board Recommendation

The Board recommends a vote FOR Proposal Three.

PROPOSAL FOUR – RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

The Audit Committee of the Board has appointed the firm of Deloitte & Touche LLP as independent accountants to audit On Assignment's consolidated financial statements for the fiscal year ending December 31, 2012, and is asking shareholders to ratify this appointment at the Annual Meeting.

Deloitte & Touche LLP has audited our consolidated financial statements annually since 1986. A representative of Deloitte & Touche LLP is expected to be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions. Information regarding fees billed by Deloitte & Touche LLP for the years ended December 31, 2011 and December 31, 2010 is set forth herein.

Our Bylaws do not require that shareholders ratify the appointment of our independent accountants. We are seeking ratification because we believe it is a matter of good corporate governance practice. In the event that shareholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain Deloitte & Touche LLP, but may ultimately determine to retain Deloitte & Touche LLP as our independent accountants. Even if the appointment is ratified, the Audit Committee, in its sole discretion, may direct the appointment of a different independent accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of On Assignment and its shareholders.

Principal Accountant Fees and Services

The following table sets forth fees for professional services provided by Deloitte & Touche LLP for the audit of On Assignment's financial statements for fiscal years 2011 and 2010 and fees billed for tax and all other services rendered by Deloitte & Touche LLP for fiscal years 2011 and 2010:

	2010		2011	
Audit Fees(1)	\$	1,085,356	\$	1,183,172
Tax Fees(2)	\$	16,571	\$	16,447
All other fees(3)	\$	136,892	\$	2,200

- (1) Represents aggregate fees for professional services provided in connection with the audit of our annual financial statements, review of our quarterly financial statements, audit services provided in connection with other statutory or regulatory filings and the audit of internal controls pursuant to section 404 of the Sarbanes-Oxley Act of 2002.
- (2) Represents fees for services provided in connection with On Assignment's tax services concerning foreign income tax compliance for Canada and Europe.
- (3) Represents fees for services provided to On Assignment not otherwise included in the categories seen above including, but not limited to, subscription and technical library. None of these fees were for services related to the design or implementation of financial information systems.

Vote Required

The ratification of the appointment of Deloitte & Touche requires a FOR vote of the majority shares present in person or by proxy at the Annual Meeting and entitled to vote on that proposal.

Approval of Proposal Four

Our Board unanimously recommends that our shareholders vote FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2012. Unless a contrary choice is specified, shares represented by proxies will be voted FOR ratification of the appointment.

REPORT OF THE AUDIT COMMITTEE

To the extent that this Proxy Statement is incorporated by reference into any other filing by On Assignment under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, this section entitled "Report of the Audit Committee" will not be deemed incorporated, unless specifically provided otherwise in such filing.

The Audit Committee of the Board consists of Mr. Holman, Mr. Jones and Mr. Pierce, who serves as Chairman. The Audit Committee members are not professional accountants or auditors, and their role is not intended to duplicate or certify the activities of management and the independent accountants, nor can the Audit Committee certify that the independent accountants are "independent" under applicable rules. The Audit Committee serves a Board-level oversight role, in which it provides advice, counsel and direction to management and the independent accountants on the basis of the information it receives, discussions with management and the independent accountants and the experience of the Audit Committee's members in business, financial and accounting matters.

Pre-approval of Audit and Non-Audit Services

All audit-related services, tax services and other services performed by our independent accountants were pre-approved by the Audit Committee, which concluded that the provision of these services by Deloitte & Touche LLP was compatible with the maintenance of Deloitte's independence in the conduct of its auditing functions. The Audit Committee Charter, which was amended and adopted on February 12, 2004 and further amended on March 19, 2009 and March 9, 2011, provides for pre-approval of policies and procedures with respect to the approval of audit or non-audit services consistent with applicable laws, rules and regulations and the requirements of the NASDAQ Global Select Market. Pursuant to such policies and procedures, the Audit Committee may delegate to a member the authority to pre-approve certain auditing services and non-audit services.

Filing of Audited Financial Statements with Annual Report for 2011

The Audit Committee reviewed and discussed On Assignment's audited consolidated financial statements for the year ended December 31, 2011, with management. The Audit Committee also discussed with Deloitte & Touche LLP, On Assignment's independent accountants, the accountant's responsibilities, any significant issues arising during the audit and other matters required to be discussed by the statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended (AICPA, *Professional Standards*, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee received the written disclosures and letter from On Assignment's independent accountants required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountants' communications with the Audit Committee concerning independence and has discussed with On Assignment's accountants its independence. Based on its review of such documents and the discussions noted above, the Audit Committee recommended to the Board that On Assignment's consolidated financial statements for the year ended December 31, 2011 be included in its Annual Report on Form 10 K for that fiscal year for filing with the Securities and Exchange Commission.

Respectfully submitted,

Edward L. Pierce, Chairman
Jonathan S. Holman
Jeremy M. Jones

Cox Road and Sadler Place are owned by ASI Partners, LLC and ASI Partners Sadler Place, LLC, respectively. These entities are wholly owned by Jeffrey E. Veatch, Edwin A. Sheridan, IV, Brian J. Callaghan and Theodore S. Hanson. The lease for Cox Place expires in 2015, with the option to renew for an additional term of 60 months. The lease for Sadler Place expires in 2017, with an automatic one-year extension unless either party gives written notice of termination. Rent paid for these properties aggregated approximately \$1.1 million in 2009, \$1.2 million in 2010 and \$1.2 million in 2011.

In connection with the merger, assuming the minimum and maximum number of shares of On Assignment common stock are issued, (i) each of Brian J. Callaghan, Edwin A. Sheridan, IV and Jeffrey E. Veatch will own between 3,797,432 and 4,641,986 shares of On Assignment common stock which represents 7.3% and 8.4%, respectively, of On Assignment common stock, based on the number of issued and outstanding shares of On Assignment common stock as of March 31, 2012, (ii) Theodore S. Hanson will own between 695,225 and 849,844 shares of On Assignment common stock which represents 1.3% and 1.5%, respectively, of On Assignment common stock, based on the number of issued and outstanding shares of On Assignment common stock as of March 31, 2012, and (iii) Randolph C. Blazer will own between 261,901 and 320,148 shares of On Assignment common stock, which represents 0.5% and 0.6%, respectively, of On Assignment common stock, based on the number of issued and outstanding shares of On Assignment common stock as of March 31, 2012. These calculations are based upon Apex Systems’ estimated capitalization immediately prior to the closing of the merger.

Certain directors and executive officers of Apex Systems have interests in the merger and have arrangements that are different from, or in addition to, those of Apex Systems shareholders generally. Specifically, pursuant to the Investor Rights Agreement, On Assignment will enter into a consulting or other agreement with each non-executive observer, who will initially be Jeffrey E. Veatch, pursuant to which such non-executive observer will receive the same fees and stock awards as the other members of the Board and may attend meetings, executive sessions or meetings of a committee of the Board; provided that such non-executive observer will not be entitled to vote on matters determined by the Board or any committee of the Board.

Theodore S. Hanson and Randolph C. Blazer will each receive a grant of 32,895 restricted stock units, which will be granted as “inducement awards” within the meaning of NASDAQ Rule 5635(C)(4). Each restricted stock unit will represent the right to receive one share of On Assignment common stock, subject to vesting and payment conditions set forth in the applicable plan governing such grants. Additionally, these restricted stock units are expected to vest (assuming continued employment through the applicable vesting date) 60% ratably over a number of years (to be determined by On Assignment, Mr. Hanson and Mr. Blazer) and 40% upon achievement of performance conditions (to be established by On Assignment, Mr. Hanson and Mr. Blazer).

If, after the Effective Time, any Stock Certificates representing any Company Shares that were outstanding immediately prior to the Effective Time are presented to the Surviving Corporation for any reason, they shall be cancelled and exchanged as provided in this Agreement and the Paying Agent Agreement.

(b) Conversion of Merger Sub Shares in the Merger. At and as of the Effective Time, each share of the common stock of Merger Sub that is issued and outstanding immediately prior to the Effective Time shall be converted into one validly issued, fully paid and non-assessable share of the common stock, no par value per share, of the Surviving Corporation and each stock certificate that theretofore evidenced ownership of any share of the common stock of Merger Sub shall instead, from and after the Effective Time, evidence only ownership of such shares of common stock of the Surviving Corporation.

(c) Effect of the Merger on Company Options. No later than ten days prior to the Closing Date, each unvested Exempt Option granted under the 2008 Plan held by a Selected Employee (each, as defined in the 2008 Plan), and each unvested Company Option granted under the 2000 Plan held by a Selected Employee (as defined in the 2000 Plan), shall vest and become exercisable in full, with the vesting and exercise of any such accelerated Company Option subject to and conditioned upon the occurrence of the Closing. At and as of the Effective Time, each Company Option that is issued and outstanding and that has not been exercised or forfeited as of immediately prior to the Effective Time, shall vest and become exercisable in full to the extent not previously vested and exercisable and shall entitle the holder thereof to the right to receive from the Surviving Corporation, at Closing, (i) to the extent such holder is an Accredited Investor as set forth in Section 2.3(f), a cash payment and Purchaser Stock in an aggregate amount equal to the product of (A) the excess of (1) the Per Share Merger Consideration over (2) the exercise price per Company Share of such Company Option, and (B) the number of Company Shares subject to such Company Option; or (ii) to the extent such holder is not an Accredited Investor as set forth in Section 2.3(f), a cash payment in an aggregate amount equal to the product of (A) the excess of (1) the Per Share Merger Consideration over (2) the exercise price per Company Share of such Company Option, and (B) the number of Company Shares subject to such Company Option (collectively, the “Option Payments”). To the extent that any Non-Exempt Option (as defined in the 2008 Plan) has vested and become payable as of the Closing, but has not yet been paid and canceled, the Option Payments contemplated by this Section 2.3(c) shall be in full satisfaction of any and all right to payment in respect of such Non-Exempt Option and shall not result in any duplication of payment or benefits thereunder. The Option Payments to holders of Company Options who are Accredited Investors as provided in clause (i) above shall be allocated to each such Company Option in the same ratio as the Cash Merger Consideration and the Stock Merger Consideration are allocated pursuant to Section 2.9(c) for Company Shareholders who have made a Cash and Stock Election. At and as of the Effective Time, each agreement or other document that theretofore evidenced any Company Option shall instead only evidence the right to receive the Option Payment with respect to such Company Option and in accordance with the terms and conditions of this Agreement. From and after the Effective Time, no holder of any Company Option shall have any rights in respect thereof other than to receive payment of the Option Payment with respect to such holder’s Company Options as set forth in this Section 2.3(c). Prior to the Effective Time, the Company shall take all actions necessary or desirable to effectuate the provisions of this Section 2.3(c), including without limitation, providing any required notices and obtaining any necessary consents. Any notices or other communications in respect of Company Options shall be subject to review and approval by the Purchaser prior to distribution to holders of Company Options, which approval shall not be unreasonably withheld.

(d) Effect of the Merger on SARs Payments. At and as of the Effective Time, each performance unit (each a “Performance Unit”) granted pursuant to the Company’s Top Performers Equity Plan, effective as of August 16, 1999, as amended (the “SARs Plan”), that is issued and outstanding immediately prior to the Effective Time shall vest and be deemed exercised in full, and shall entitle the holder thereof to the right to receive from the Surviving Corporation, at the Closing, a lump-sum cash payment in an aggregate amount equal to the product of (i) the excess of (A) the Per Share Merger Consideration minus (B) the value of such Performance Unit (as determined pursuant to the SARs Plan) on the date of the grant thereof, and (ii) the number of identically valued Performance Units held by such participant in the SARs Plan (all such payments collectively, the “SARs Payments”). At and as of the Effective Time, each agreement or other document that theretofore evidenced any Performance Unit shall instead only evidence the right to receive the SARs Payment with respect to such Performance Unit in accordance with the terms and conditions of this Agreement. From and after the Effective Time, no holder of a Performance Unit shall have any rights in respect thereof other than to receive payment of the SARs Payment with respect to such holder’s Performance Units as set forth in this Section 2.3(d). Prior to the Effective Time, the Company shall take all actions necessary or desirable to effectuate the provisions of this Section 2.3(d), including without limitation, providing any required notices and obtaining any necessary consents.

(e) **Tax Withholding.** Notwithstanding anything to the contrary in this Agreement: (i) the Purchaser, the Paying Agent, the Company and the Surviving Corporation shall each be entitled to deduct and withhold from any consideration payable or otherwise deliverable to any holder of Company Shares or Company Options or Performance Units under this Agreement such amounts from the Cash Merger Consideration, and if not sufficient to cover such withholding then from the Stock Consideration, as are required to be deducted or withheld therefrom under applicable Law; and (ii) to the extent that such amounts are so deducted or withheld, such amounts shall be treated for all purposes under this Agreement as having been paid to the applicable holder of Company Shares or Company Options or Performance Units in respect to which such deduction and withholding were made by the Purchaser, the Paying Agent, the Company or the Surviving Corporation, as applicable.

(f) Notwithstanding anything to the contrary in this Agreement, a Company Shareholder or holder of Company Options shall be entitled to receive shares of Purchaser Stock in connection with the Merger only if such Company Shareholder or holder (i) provides all documentation reasonably requested by the Purchaser to allow the Purchaser to issue the Purchaser Stock to such Person in a manner that satisfies the requirements of Rule 506 of Regulation D under the Securities Act, including certifications to the Purchaser: (A) that such Company Shareholder or holder, as the case may be, is and will be, as of the Effective Time, an “accredited investor” (as such term is defined in Rule 501 of Regulation D under the Securities Act); (B) as to the basis on which such Company Shareholder or holder, as the case may be, is an accredited investor; and (C) that the Purchaser Stock is being acquired for such Company Shareholder’s or holder’s, as the case may be, account for investment only and not with a view towards, or with any intention of, a distribution or resale thereof (a Person who satisfies all of the preceding requirements, an “Accredited Investor”) and (ii) executes and delivers a joinder to the Investor Rights Agreement and a Non-Compete Agreement.

Section 2.4 **Appraisal Rights.** Notwithstanding anything to the contrary in this Agreement, any Company Share that is outstanding as of immediately prior to the Effective Time and is held by a Company Shareholder that has not voted in favor of the Merger or consented thereto pursuant to Section 13.1-733 of the VSCA and that has otherwise properly perfected such Company Shareholder’s right to appraisal for such Company Share in accordance with the VSCA (and who has not effectively withdrawn nor lost such Company Shareholder’s right to such appraisal), shall not be converted into a right to receive the Per Share Merger Consideration with respect thereto pursuant to Section 2.3(a), but shall instead be converted into only such rights as are granted pursuant to the applicable provisions of the VSCA; *provided, however*, that any Company Share held by a Company Shareholder who, after the Effective Time, withdraws such Company Shareholder’s demand or fails to perfect or otherwise loses such Company Shareholder’s right of appraisal pursuant to the applicable provisions of the VSCA, shall be deemed to have been converted as of the Effective Time into the right to receive the Per Share Merger Consideration with respect thereto pursuant to Section 2.3(a), without interest thereon. The Company shall provide the Purchaser with prompt written notice of any demands for appraisal pursuant to the applicable provisions of the VSCA that are received by the Company, any withdrawals of such demands, and any other instruments served pursuant to the VSCA and received by the Company relating thereto, and the Purchaser shall have the right to participate in and direct all negotiations and proceedings with respect to such demands.

Section 2.5 The Closing.

(a) The closing of the Transactions contemplated by this Agreement (the “Closing”) shall take place at: (i) the offices of Troutman Sanders LLP, located at 1001 Haxall Point, Richmond, VA 23219, at 10:00 a.m. on the fifth Business Day after the date on which the last to be satisfied or waived of the Closing conditions set forth in Article VI (other than Closing conditions that, by their nature, are to be satisfied at the Closing, but subject to the satisfaction or waiver of such conditions) shall be satisfied or waived in accordance with the terms of this Agreement; or (ii) at such other place, time and date as the Purchaser and the Company may agree in writing. The date on which the Closing takes place is referred to herein as the “Closing Date.”

(b) At the Closing, Merger Sub and the Company shall file the Articles of Merger with the SCC.

Section 2.6 Merger Consideration; Payments at Closing.

(a) Merger Consideration. The aggregate consideration payable by the Purchaser in connection with the Merger (the “Merger Consideration”) shall be an amount equal to the following:

(i) \$217,000,000 of Purchaser Stock, valued at the Purchaser Stock Value (the “Stock Merger Consideration”); and

(ii) \$383,000,000 in cash;

(A) plus, the Final Closing Cash;

(B) minus, the Senior Debt Payoff Amount and any other Company Indebtedness outstanding at the Closing (other than any Current Liabilities included in the calculation of NWC pursuant to Section 2.11);

(C) minus, the amount by which the Final NWC is less than the Target NWC, or plus the amount by which the Final NWC is greater than the Target NWC; and

(D) minus, the Company Transaction Expenses (the amount resulting after such deductions and additions, as applicable, the “Cash Merger Consideration”).

For the avoidance of doubt, the amounts set forth in clause (C) above shall be determined without double-counting for any amounts adjusted pursuant to clauses (A), (B) or (D) above. The Merger Consideration shall be estimated at the Closing in accordance with Section 2.6(b), and the Estimated Merger Consideration shall be paid by the Purchaser on the Closing Date in accordance with Section 2.6(c). The Estimated Merger Consideration is subject to adjustment after the Closing in accordance with Section 2.11.

[Table of Contents](#)

(b) At least five Business Days prior to the Closing, the Company shall prepare in consultation with, and deliver to, the Purchaser, (i) a balance sheet of the Company and estimated as of the Closing Date (the "Estimated Closing Balance Sheet") and (ii) a schedule and worksheet setting forth the Company's good faith estimate of the Merger Consideration (the "Estimated Merger Consideration"), including: (A) a statement setting forth the Company's good faith estimated Closing Cash (the "Estimated Closing Cash") and estimated calculation of the NWC as of the Closing, to which the Purchaser and the Company shall reasonably agree (the "Preliminary NWC Statement"), which shall: (1) be in the form of the example NWC Statement set forth as Exhibit 2.6(b) hereto (the "Example NWC Statement"); (2) be prepared in accordance with GAAP consistent with the manner of preparation of the Company Financial Statements; and (3) include reasonable support for the calculations made therein; and (B) its calculation of the amounts of the items listed in Section 2.6(a)(ii) (such estimate of the Company Indebtedness outstanding as of the Closing, the "Estimated Closing Indebtedness" such estimate of the Company Transaction Expenses, the "Estimated Company Transaction Expenses"). The Company will permit the Purchaser and its advisors and representatives reasonable access to the books, records and other documents pertaining to or used in connection with the preparation of the Estimated Closing Balance Sheet, the schedule and worksheet setting forth the Estimated Merger Consideration and the Preliminary NWC Statement. If the NWC set forth on the Preliminary NWC Statement (the "Estimated NWC") is less than the Target NWC, then the amount of such shortfall will reduce the Cash Merger Consideration on a dollar-for-dollar basis. If the Estimated NWC is greater than the Target NWC, then such excess shall be added to the Cash Merger Consideration on a dollar-for-dollar basis (any such reduction or increase in the Merger Consideration, the "Closing NWC Adjustment"). The Estimated Closing Cash shall be added to the Cash Merger Consideration and the Estimated Closing Indebtedness and Estimated Company Transaction Expenses shall each be subtracted from the Cash Merger Consideration as provided in Section 2.6(a).

(c) At the Closing, the Purchaser shall pay or cause to be paid the Estimated Merger Consideration, by wire transfer of immediately available funds and delivery of shares of Purchaser Stock (as applicable) to the applicable recipient, as follows:

(i) to the Escrow Agent, the Escrowed Shares and the Escrowed Cash, as described in Section 2.8; and

(ii) to the Paying Agent, the Estimated Merger Consideration remaining after deduction of (A) the Escrowed Shares, (B) the Escrowed Cash and (C) the amount set forth in Section 2.6(d)(ii) below and consisting of: (1) the Cash Merger Consideration; and (2) the Stock Merger Consideration.

(d) At the Closing, the Purchaser shall also pay or cause to be paid:

(i) to the lenders under the Senior Debt Facilities, on behalf of the Company, the Senior Debt Payoff Amount;

(ii) to the Company, the aggregate amount of the SARs Payments minus each Performance Unit holder's Pro Rata Cash Share of the Escrowed Cash with respect to such holder's Performance Units, for payment by the Company to each participant in the SARs Plan; and

(iii) to each of the Advisors, on behalf of the Company, their respective portions of the Company Transaction Expenses.

The Escrowed Shares will be held in the Escrow Account to act as a source of payment of the indemnification obligations of the Company Shareholders under Article VIII and the Escrowed Cash will be held in the Escrow Account as a source of payment for any Downward Post-Closing NWC Adjustment pursuant to Section 2.11(c).

[Table of Contents](#)

(b) The Escrowed Shares shall be released from the Escrow Account to the Paying Agent, for further distribution by the Paying Agent to the Company Shareholders ratably based on their respective Pro Rata Shares in accordance with this Agreement. For all purposes under the Escrow Account, the Escrowed Shares shall be valued at the Purchaser Stock Value. Notwithstanding anything to the contrary herein, no fraction of an Escrowed Share shall be released from the Escrow Account and all releases of Escrowed Shares shall be rounded to the nearest whole Escrowed Share.

(c) Following the determination of the Final NWC pursuant to [Section 2.11\(a\)](#) and, if payable, the payment of the Downward Post-Closing NWC Adjustment pursuant to [Section 2.11\(c\)](#), the Escrow Agent shall release from the Escrow Account to the Paying Agent (for further distribution by the Paying Agent to the Company Shareholders, the holders of Company Options and the holders of Performance Units pursuant to [Section 2.10\(b\)](#)) any remaining portion of the Escrowed Cash. On the 15-month anniversary of the Closing Date (the "[Escrow Period Expiration Date](#)"), the Escrow Agent shall release from the Escrow Account to the Paying Agent (for further distribution by the Paying Agent to the Company Shareholders pursuant to [Section 2.10\(b\)\(iv\)](#)) any remaining portion of the Escrowed Shares minus Escrowed Shares equal in value to the sum of the aggregate amount of unsatisfied or disputed claims for Losses specified in Indemnity Claim Notices delivered by the Purchaser to the Shareholder Representative on or prior to the Escrow Period Expiration Date (such aggregate amount of unsatisfied or disputed claims for Losses, the "[Pending Claims Amount](#)"). The Escrow Agent shall continue to hold the Pending Claims Amount corresponding to each claim for Losses until the final resolution of such claim, at which point, as and when such claim is resolved, the Escrow Agent shall release shares of Purchaser Stock equal in value to the appropriate portion of the Pending Claims Amount to the Paying Agent (for further distribution by the Paying Agent to the Company Shareholders pursuant to [Section 2.10\(b\)\(iv\)](#)) and/or to the Purchaser, as the case may be, depending upon resolution of such claim.

(d) The Purchaser, the Company and the Shareholder Representative each agree to promptly take commercially reasonable actions (including executing and delivering joint written instructions to the Escrow Agent) requested by the other to effect releases of Escrowed Cash and Escrowed Shares from the Escrow Account, in each case in accordance with this Agreement and the Escrow Agreement.

Section 2.9 Merger Consideration Election.

(a) Each holder of Company Shares as of the Effective Time shall be entitled to elect to receive, with respect to all of such holder's Company Shares, either (i) Stock Merger Consideration only or (ii) Cash Merger Consideration and Stock Merger Consideration, in each case pursuant to the terms and conditions set forth in this [Section 2.9](#).

(b) Stock Election. Each Company Share with respect to which an election to receive Stock Merger Consideration only (a "[Stock Election](#)") has been effectively made by the holder thereof as provided in [Section 2.9\(f\)](#) shall be converted into the right to receive the number of duly authorized, validly issued, fully paid and non-assessable shares of Purchaser Stock determined by dividing: (i) the Per Share Merger Consideration by (ii) the Purchaser Stock Value.

[Table of Contents](#)

(c) **Cash and Stock Election.** Each Company Share with respect to which an election to receive Cash Merger Consideration and Stock Merger Consideration (a “Cash and Stock Election” and, together with a Stock Election, an “Election”) has been effectively made by the holder thereof as provided in Section 2.9(f) shall be converted into the right to receive an amount of cash, without interest, and Purchaser Stock equal to the Per Share Merger Consideration allocated as follows:

(i) an amount in cash equal to (i) (A) the Cash Merger Consideration minus (B) the SARs Payments minus (C) the aggregate amount of cash payable to holders of Company Options who are not Accredited Investors pursuant to Section 2.3(c)(ii) divided by (ii) (A) the number of Company Shares for which a Cash and Stock Election has been made plus (B) the number of Outstanding Option Shares held by holders of Company Options who are Accredited Investors; and

(ii) the number of duly authorized, validly issued, fully paid and non-assessable shares of Purchaser Stock determined by (i) dividing (A)(1) the Stock Merger Consideration minus (2) the aggregate amount of the Stock Merger Consideration issued to Company Shareholders who have made a Stock Election by (B) (1) the number of Company Shares for which a Cash and Stock Election has been made plus the number of Outstanding Option Shares held by holders of Company Options who are Accredited Investors, and then dividing such amount by (ii) the Purchaser Stock Value.

(d) **Effect of Non-Election.** Each Company Share with respect to which the Company Shareholder has not made an effective Stock Election or Cash and Stock Election as provided in Section 2.9(b) and (c), respectively, shall be deemed to have made a Stock Election with respect to such Company Shareholder’s Company Shares. Notwithstanding anything to the contrary in this Agreement, including any Election, in no event will the Purchaser be required to issue Purchaser Stock in excess of the Stock Merger Consideration or cash in excess of the Cash Merger Consideration in connection with the Merger, and the Merger Consideration allocated to each Company Shareholder will be adjusted as necessary to ensure compliance with such requirement.

(e) **Purchaser Stock Value.** For purposes of this Agreement, the “Purchaser Stock Value” shall be equal to the numerical average of the volume weighted average prices on the NASDAQ Global Select for one share of Purchaser Stock for the ten consecutive trading days immediately preceding the last trading day prior to the Closing Date; *provided, however*, that if, during such ten trading day period, the Purchaser pays a dividend in, splits, combines into a smaller number of shares, or issues by reclassification any additional shares of Purchaser Stock (a “Stock Event”), then the Purchaser Stock Value shall be appropriately adjusted to provide to the holders of Company Shares the same economic effect as contemplated by this Agreement prior to such action, and as so adjusted shall, from and after the date of such event, be the Purchaser Stock Value. Notwithstanding the foregoing, in no event will the Purchaser Stock Value be less than \$12.41 or more than \$15.17 (*e.g.*, if the calculation of the Purchaser Stock Value in the first sentence of this paragraph would produce a value of \$12.00, then the Purchaser Stock Value will equal \$12.41 and if such calculation of the Purchaser Stock Value would produce a value of \$16.00, then the Purchase Stock Value will equal \$15.17). The floor of \$12.41 and the ceiling of \$15.17 will be adjusted as necessary to reflect any Stock Event that occurs after the date hereof and prior to the Closing. The Purchaser and the Company shall, prior to the Closing, jointly provide written notice to the Paying Agent stating the Purchaser Stock Value.

[Table of Contents](#)

(f) **Form of Election.** The Transmittal Letter provided by the Paying Agent to Company Shareholders pursuant to [Section 2.10](#) shall be accompanied by a form of election directing each Company Shareholder to, prior to the Election Deadline (as defined below), specify: (i) whether such Company Shareholder is making a Cash and Stock Election or a Stock Election with respect to such Company Shareholder's Company Shares (the "[Form of Election](#)"). For purposes of this Agreement, the "[Election Deadline](#)" means 5:00 p.m., Richmond, Virginia time, on the date that is ten Business Days following the date of the mailing of the Transmittal Letter. Any Election shall have been effectively made only if the Paying Agent shall have received at its designated office, prior to the Election Deadline, a Form of Election properly completed and signed by the applicable Company Shareholder and accompanied by the completed Transmittal Letter and the Certificates representing the Company Shares as to which such Form of Election relates (or a Lost Certificate Affidavit with respect to such Company Shares, as provided in [Section 2.10\(c\)](#)).

(g) **Determination and Interpretation of Elections.** The good faith determination of the Paying Agent (or the joint determination of the Purchaser and the Company, if the Paying Agent declines to make any such determination) shall be conclusive and binding as to whether or not a Cash and Stock Election or Stock Election shall have been effectively made, revoked or invalidated pursuant to this [Section 2.9](#) and as to when any Cash and Stock Election or Stock Election is received by the Paying Agent, absent manifest error. The Paying Agent may, with the written agreement of the Purchaser after the Purchaser's reasonable consultation with the Company, make any rules that are consistent with this [Section 2.9\(g\)](#) for the implementation of the Cash and Stock Elections and Stock Elections provided for in this Agreement as shall be necessary or desirable to effect the Cash and Stock Elections and the Stock Elections.

(h) **Fractional Shares.** Notwithstanding the foregoing, no fractional shares of Purchaser Stock shall be issued and if, after aggregating all shares of Purchaser Stock (including fractional shares) that would be issued hereunder to a Company Shareholder, such aggregate number of shares of Purchaser Stock includes a fraction of a share of Purchaser Stock, such Company Shareholder shall instead receive, with respect to its Company Shares: (A) the number of full shares of Purchaser Stock determined by rounding down to the nearest whole number of shares of Purchaser Stock, and (B) a cash payment equal to the product of (1) such fraction of a share of Purchaser Stock, and (2) the Purchaser Stock Value (a "[Cash Payment in Lieu of Fractional Shares](#)").

Section 2.10 Paying Agent.

(a) **Designation of Paying Agent.** The parties agree that Computershare Inc. (the "[Paying Agent](#)") shall act as paying agent with respect to the Transactions contemplated by this Agreement pursuant to the terms and conditions of a paying agent agreement by and among the Purchaser and the Paying Agent, in the form to be mutually agreed upon (the "[Paying Agent Agreement](#)").

[Table of Contents](#)

(b) **Payment of Merger Consideration.** In accordance with the terms of the Paying Agent Agreement, as soon as reasonably practicable prior to Closing, the Paying Agent shall deliver to each Company Shareholder of record: (1) a letter of transmittal in a form customary for transactions of a similar nature and reasonably acceptable to the Paying Agent, the Purchaser and the Company (a "Transmittal Letter"), which shall specify that delivery of the Stock Certificates shall be effected, and risk of loss and title to the Stock Certificates and the Company Shares evidenced thereby shall pass, only upon the proper delivery of the Stock Certificates to the Paying Agent and satisfaction of the other Merger Consideration Payment Conditions, and shall be in such form and shall comply with such other requirements as are set forth in the Paying Agent Agreement, (2) instructions as reasonably specified by the Paying Agent for use in effecting the surrender of the Stock Certificates in exchange for the Merger Consideration with respect to the Company Shares evidenced by such Stock Certificates pursuant to the terms and conditions of this Agreement (the "Stock Certificate Surrender Instructions"), and (3) a Form of Election as described in Section 2.9(f). Any Company Shareholder that surrenders for cancellation to the Paying Agent the Stock Certificate(s) evidencing such Company Shareholder's Company Shares in accordance with the Stock Certificate Surrender Instructions, together with corresponding Transmittal Letter, duly completed and executed, has complied with all other requirements set forth in the instructions thereto, along with supplying to the Paying Agent such Company Shareholder's completed and executed Form of Election (collectively, the "Merger Consideration Payment Conditions"), shall be entitled to receive the Merger Consideration with respect to the Company Shares evidenced by such Stock Certificate(s) as follows:

(i) as soon as reasonably practicable after the later of: (A) the date on which a Company Shareholder has satisfied the Merger Consideration Payment Conditions; and (B) the Effective Time, the Paying Agent shall: (1) with respect to any Company Shareholder that has made a Cash and Stock Election or a deemed Cash and Stock Election, in each case pursuant to Section 2.9, pay to such Company Shareholder (x) the Cash Merger Consideration with respect to such Company Shareholder's Company Shares in cash (less such Company Shareholder's Pro Rata Cash Share of the Escrowed Cash with respect to such Company Shareholder's Company Shares), without interest, by wire transfer of immediately available funds and (y) the Stock Merger Consideration with respect to such Company Shareholder's Company Shares (less such Company Shareholder's Pro Rata Share of the Escrowed Shares), by delivery to such Company Shareholder of a certificate evidencing such Stock Merger Consideration, duly executed by the Purchaser, along with any applicable Cash Payment in Lieu of Fractional Shares, in cash, without interest, by wire transfer of immediately available funds; and (2) with respect to any Company Shareholder that has made an effective Stock Election pursuant to Section 2.9, deliver to such Company Shareholder the Stock Merger Consideration with respect to such Company Shareholder's Company Shares (less such Company Shareholder's Pro Rata Share of the Escrowed Shares), by delivery to such Company Shareholder a certificate evidencing such Stock Merger Consideration, duly executed by the Purchaser, along with any applicable Cash Payment in Lieu of Fractional Shares, in cash, without interest, by wire transfer of immediately available funds;

No dividends or other distributions with respect to shares of Purchaser Stock shall be paid to the holder of any unsurrendered Stock Certificate until such Stock Certificate is surrendered as provided above in this Section 2.10(b). Subject to the effect of applicable Laws, following such surrender, there shall be paid, without interest, to the record holder of the shares of Purchaser Stock issued in exchange for Company Shares represented immediately prior to the Effective Time by such Stock Certificate all dividends and other distributions payable in respect of such Purchaser Stock with a record date after the Effective Time.

In the event that a transfer of ownership of Company Shares is not registered in the stock ledger of the Company, the Merger Consideration may be paid to a Person other than the Person in whose name the Stock Certificate so surrendered is registered as long as such Stock Certificate is properly endorsed or otherwise in proper form for transfer, any signature guarantee or other requirements reasonably requested by the Paying Agent have been satisfied, and the Person requesting such payment pays any transfer or other Taxes required by reason of the payment to a Person other than the registered holder of such Stock Certificate or establishes to the satisfaction of the Purchaser, the Company and the Paying Agent that such Taxes either have been paid or are not applicable. Until surrendered as contemplated by this Section 2.10(b), each Stock Certificate shall be deemed, from and after the Effective Time, subject to Section 2.4, to represent only the right to receive, upon such surrender and satisfaction by the holder thereof of the Merger Consideration Payment Conditions, the Merger Consideration with respect to the Company Shares evidenced by such Stock Certificate, without interest. The Paying Agent shall, with respect to each holder of Company Options that has provided all documentation required by this Agreement, pay at the Closing to such holder the Option Payments (less such holder's Pro Rata Cash Share of the Escrowed Cash with respect to such holder's Company Options). (c) Lost Stock Certificates. Notwithstanding anything to the contrary in Section 2.10(b), if any Stock Certificate has been lost, stolen or destroyed, upon delivery by the applicable Company Shareholder to the Paying Agent of a lost certificate affidavit and indemnity agreement in a form reasonably acceptable to the Paying Agent, the Purchaser and the Company, duly executed by such Company Shareholder, and, if requested by the Paying Agent, a bond in favor of the Paying Agent, the Paying Agent shall distribute to such Company Shareholder in accordance with the terms of the Paying Agent Agreement, the Merger Consideration with respect to the Company Shares evidenced by such lost, stolen or destroyed Stock Certificate, despite such Company Shareholder not having surrendered such lost, stolen or destroyed Stock Certificate to the Paying Agent as provided in Section 2.10(b).

(d) Treatment of Unclaimed Merger Consideration. The Paying Agent Agreement shall provide that the Paying Agent shall pay over to the Surviving Corporation: (i) any Cash Merger Consideration (including any interest or earnings thereon) and Stock Merger Consideration that has not theretofore been distributed by the Paying Agent to Company Shareholders as provided in Section 2.10(b)(i) and is still held by the Paying Agent on the one year anniversary of the Closing Date; and (ii) any Merger Consideration (including any interest or earnings thereon) that has not theretofore been distributed by the Paying Agent to Company Shareholders as provided in Section 2.10(b)(ii), (iii) or (iv) and is still held by the Paying Agent on the one year anniversary of the date on which the Paying Agent received the applicable Merger Consideration from the Purchaser or the Escrow Agent, as the case may be. After any such payment by the Paying Agent to the Surviving Corporation, all Company Shareholders shall look solely to the Surviving Corporation (subject to abandoned property, escheat and similar Laws) as general creditors thereof with respect to the applicable portion of the Merger Consideration payable with respect to their Company Shares upon satisfaction of the Merger Consideration Payment Conditions. None of the Paying Agent, the Purchaser or the Surviving Corporation shall be liable to any Person in respect of any funds delivered to any Governmental Entity pursuant to any applicable abandoned property, escheat or similar Law.

Section 2.11 Post-Closing Net Working Capital Adjustment.

(a) **Post-Closing Net Working Capital Statement** . Within 90 days after the Closing Date, the Purchaser shall prepare and deliver to the Shareholder Representative a balance sheet of the Company as of the Closing (the “Closing Balance Sheet”) and a statement setting forth the final Cash as of the Closing Date (the “Final Closing Cash”), the Company Indebtedness outstanding as of the Closing (the “Final Closing Indebtedness”), the Company Transaction Expenses (the “Final Company Transaction Expenses”) and its calculation of the NWC as of the Closing (the “Post-Closing NWC Statement”), which shall be prepared in accordance with GAAP consistent with the manner of preparation of the Company Financial Statements and the Example NWC Statement, and include reasonable support for the calculations made therein. If the Shareholder Representative disagrees with the Post-Closing NWC Statement, the Shareholder Representative may, within 30 days after its receipt of the Post-Closing NWC Statement, provide written notice thereof to the Purchaser (the “NWC Dispute Notice”), which shall provide reasonable detail concerning each item that the Shareholder Representative disputes in the Post-Closing NWC Statement and include reasonable support for each such position. During such 30-day period and any subsequent time period in which the Post-Closing NWC Statement is being disputed as provided in this Section 2.11(a), the Purchaser shall provide the Shareholder Representative and its representatives with reasonable access, upon reasonable advance written notice to the Purchaser, to the books, records and working papers of the Purchaser and the Company relating to the calculations underlying the Post-Closing NWC Statement, the personnel of the Purchaser, the Company and, if applicable, the outside accountants of the Purchaser and the Company, in each case, who were involved in the preparation of the Post-Closing NWC Statement. Unless the Shareholder Representative delivers an NWC Dispute Notice within the 30-day period following delivery of the Post-Closing NWC Statement, the Post-Closing NWC Statement shall be conclusively deemed the “Final Post-Closing NWC Statement”, and shall be final and binding upon the Purchaser and the Company Shareholders for all purposes. For a period of 15 Business Days after receipt by the Purchaser of the NWC Dispute Notice, the Purchaser and the Shareholder Representative shall use good faith commercially reasonable efforts to resolve the disputed items set forth on the NWC Dispute Notice between themselves and, if they are able to resolve all of such disputed items during such time period, the Post-Closing NWC Statement shall be revised to the extent necessary to reflect such resolution, and as so revised shall be conclusively deemed the “Final Post-Closing NWC Statement”, and shall be final and binding upon the Purchaser and the Company Shareholders for all purposes. If the Purchaser and the Shareholder Representative are unable to resolve all of the disputed items set forth on the NWC Dispute Notice within such 15 Business Day period, they shall jointly engage PricewaterhouseCoopers (the “Independent Accountants”) and submit the disputed items to the Independent Accountants for resolution. The Independent Accountants shall act as experts and not arbiters and shall determine only those items on the Post-Closing NWC Statement being disputed by the Purchaser and the Shareholder Representative as of the time of engagement of the Independent Accountants. The Purchaser and the Shareholder Representative shall instruct the Independent Accountants not to assign a dollar amount to any item in dispute greater than the greatest dollar amount for such item assigned by the Purchaser, on the one hand, or the Shareholder Representative, on the other hand (as applicable), or less than the dollar amount for such item assigned by the Purchaser, on the one hand, or the Shareholder Representative, on the other hand (as applicable). Promptly, but no later than 30 days after engagement of the Independent Accountants, the Independent Accountants shall deliver a written report to the Purchaser and the Shareholder Representative as to their resolution of the disputed items, which shall include the resulting Post-Closing NWC Statement incorporating such resolution. The Post-Closing NWC Statement, as determined by the Independent Accountants, shall be conclusively deemed the “Final Post-Closing NWC Statement” and shall be final and binding upon the Purchaser and the Company Shareholders for all purposes. The NWC as of the Closing set forth on the Final Post-Closing NWC Statement is referred to herein as the “Final NWC.” The fees and expenses of the Independent Accountants incurred in connection with the resolution of disputes pursuant to this Section 2.11(a) shall be borne by the Purchaser or the Company Shareholders in proportion to the amounts of the disputed items on the NWC Dispute Notice, as compared to such items as determined by the Independent Accountants and set forth on the Final Post-Closing NWC Statement, with such fees and expenses to be paid by the Purchaser, on the one hand, or the Company Shareholders, on the other hand, (as applicable) to the Independent Accountants within five Business Days after the Independent Accountants’ determination of the Final NWC.

(b) Post-Closing NWC Adjustment. The Merger Consideration shall be:

- (i) reduced, on a dollar-for-dollar basis, by the amount (if any) by which the Final NWC is less than the Estimated NWC, or increased, on a dollar-for-dollar basis, by the amount (if any) by which the Final NWC is greater than the Estimated NWC;
- (ii) reduced, on a dollar-for-dollar basis, by the amount (if any) by which the Final Closing Cash is less than the Estimated Closing Cash, or increased, on a dollar-for-dollar basis, by the amount (if any) by which the Final Closing Cash is greater than the Estimated Closing Cash;
- (iii) reduced, on a dollar-for-dollar basis, by the amount (if any) by which the Final Closing Indebtedness is greater than the Estimated Closing Indebtedness, or increased, on a dollar-for-dollar basis, by the amount (if any) by which the Final Closing Indebtedness is less than the Estimated Closing Indebtedness; and
- (iv) reduced, on a dollar-for-dollar basis, by the amount (if any) by which the Final Company Transaction Expenses is greater than the Estimated Company Transaction Expenses, or increased, on a dollar-for-dollar basis, by the amount (if any) by which the Final Company Transaction Expenses is less than the Estimated Company Transaction Expenses.

(c) Without duplication, all reductions or increases set forth in Section 2.11(b) shall be aggregated and the Merger Consideration shall be reduced (a “Downward Post-Closing NWC Adjustment”) or increased (an “Upward Post-Closing NWC Adjustment”) and, together with the Downward Post-Closing NWC Adjustment, the “Post-Closing NWC Adjustment”) accordingly. Any Downward Post-Closing NWC Adjustment shall be satisfied, within five Business Days after determination of the Final NWC, by release of Escrowed Cash to an account designated by the Purchaser; provided, however, that if the Escrowed Cash is not sufficient to satisfy payment of the Downward Post-Closing NWC Adjustment, such shortfall shall be satisfied by release of Escrowed Shares from the Escrow Account by delivery to the Purchaser of a stock certificate evidencing such Escrowed Shares, accompanied by a stock power executed in blank. Notwithstanding the foregoing, the Shareholder Representative may be entitled to seek contribution from the holders of Company Options and holders of Performance Units, in each case, in accordance with such holders’ Pro Rata Cash Shares, of any shortfall amounts satisfied by release of Escrowed Shares in accordance with the immediately preceding sentence. Any Upward Post-Closing NWC Adjustment shall be satisfied, within five Business Days after determination of the Final NWC, by wire transfer of immediately available funds by the Purchaser to the Paying Agent’s account of an amount equal to the Upward Post-Closing NWC Adjustment (for further distribution by the Paying Agent to the Company Shareholders, the holders of Company Options and the holders of Performance Units pursuant to Section 2.10(b)).

(c) The Company has the requisite corporate power and authority to execute and deliver this Agreement and the other Transaction Documents to which it is or will be a party, to perform its obligations hereunder and thereunder, and to consummate the Transactions. Section 4.14 No Prior Operations of Merger Sub. Merger Sub was formed solely for the purposes of engaging in the Transactions, and has not engaged, and will not prior to the Closing engage, in any other business activities.

Section 4.15 Financing.

(a) The Purchaser has delivered to the Company a true and complete copy of each of (i) the executed commitment letter from Wells Fargo Bank, National Association, Bank of America, N.A., and Deutsche Bank Trust Company Americas (together, the “Lenders”), together with all exhibits, schedules and annexes thereto (the “Financing Commitment Letter”) and (ii) the executed fee letters associated with the Financing Commitment Letter (the “Fee Letter”), pursuant to which the Lenders have committed to provide the Purchaser with debt financing in an aggregate principal amount of \$540,000,000 (the “New Financing”). The Financing Commitment Letter, in the form so delivered, is in full force and effect and is a legal, valid and binding obligation of the Purchaser and, to the Purchaser’s Knowledge, the other parties thereto as of the date hereof. As of the date of this Agreement, neither the Financing Commitment Letter nor the Fee Letter has been withdrawn, rescinded or terminated or otherwise amended or modified in any respect, and no such withdrawal, rescission, termination, amendment or modification is contemplated. As of the date hereof, subject to the accuracy of the representations and warranties of the Company set forth in Article III, the Purchaser is not in breach of any of the terms or conditions set forth in the Financing Commitment Letter, and no event has occurred which, with or without notice, lapse of time or both, would reasonably be expected to constitute a default or breach on the part of the Purchaser under the Financing Commitment Letter or failure to satisfy any condition precedent applicable to the Purchaser contained therein. As of the date hereof, the Purchaser has no Knowledge that any of the conditions to the Financing Commitment Letter will not be satisfied or that the New Financing will not be available to the Purchaser on the Closing Date. As of the date of this Agreement, no Lender has notified the Purchaser of its intention to terminate the Financing Commitment Letter or not to provide the New Financing. The Purchaser has fully paid any and all commitment fees or other fees required by the Financing Commitment Letter to be paid on or before the date of this Agreement. Assuming (i) the New Financing is funded in accordance with the Financing Commitment Letter, (ii) the conditions set forth in Section 6.3 will be satisfied as of the Closing Date, the funds from the New Financing, together with funds (including cash on hand of the Purchaser and its Subsidiaries) otherwise available to the Purchaser, will be sufficient to consummate the transactions contemplated by this Agreement and each Transaction Document upon the terms contemplated hereby and thereby, together with any fees and expenses of or payable by the Purchaser on the Closing Date with respect thereto and with respect to the New Financing.

(b) There are no side letters, understandings or other agreements or arrangements relating to the New Financing to which the Purchaser or any of its Affiliates is a party other than (i) as expressly set forth in the Financing Commitment Letter and delivered to the Seller prior to the date of this Agreement and (ii) the Fee Letter. There are no conditions precedent or other contingencies related to the funding of the full amount of the New Financing or the conditions precedent thereto under any agreement relating to the New Financing to which the Purchaser or any of its Affiliates is a party, other than as set forth in the Financing Commitment Letter and the Fee Letter that do not impact the conditionality of the New Financing (the “Disclosed Conditions”). No Person has any right to impose, and none of the Purchaser or any Lender has any obligation to accept, any condition precedent to such funding other than the Disclosed Conditions nor any reduction to the aggregate amount available under the Financing Commitment Letter on the Closing Date (nor any term or condition which would have the effect of reducing the aggregate amount available under the Financing Commitment Letter on the Closing Date). As of the date of this Agreement, the Purchaser believes that it will be able to satisfy on a timely basis any conditions to the funding of the full amount of the New Financing, and that the New Financing will be available to the Purchaser on the Closing Date. For the avoidance of doubt, the Purchaser’s obligations under this Agreement are not subject to any conditions regarding its or any other Person’s ability to obtain financing for the consummation of any transaction contemplated by this Agreement and each Transaction Document.

Section 4.16 Information Supplied. None of the information supplied or to be supplied by the Purchaser specifically for inclusion or incorporation by reference in the Proxy Statement will, at the date it is first mailed to the Purchaser's stockholders or at the time of the Purchaser Stockholder Meeting or the Company Shareholder Consent, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they are made, not misleading. The Proxy Statement will comply as to form in all material respects with the requirements of the Exchange Act and the rules and regulations thereunder, except that no representation or warranty is made by the Purchaser with respect to statements made or incorporated by reference therein based on information supplied by the Company specifically for inclusion or incorporation by reference in the Proxy Statement.

Section 4.17 Required Vote. The Purchaser Stockholder Approval is the only vote of Purchaser's stockholders required to approve (a) the issuance of the Purchaser Stock pursuant to this Agreement and (b) this Agreement and the Transaction Documents to which Purchaser is a party, the Merger and the other transactions contemplated hereby and thereby.

Section 4.18 Opinion of Financial Advisor. The Purchaser has received the opinion of Moelis & Company LLC, dated as of the date of this Agreement, to the effect that, as of such date and subject to the assumptions and qualifications made therein, the consideration to be paid by the Purchaser in the Merger is fair from a financial point of view to the Purchaser, a signed copy of which opinion has been delivered to the Company.

Section 4.19 No Other Representations or Warranties. Except for the representations and warranties contained in this [Article IV](#) (as modified by the Purchaser Disclosure Schedule) or in the Transaction Documents, the Purchaser and Merger Sub do not make any express or implied representation or warranty concerning themselves.

Section 4.20 Independent Investigation; Representations. The Purchaser has conducted its own independent investigation, review and analysis of the business, operations, assets, Liabilities, results of operations, financial condition and prospects of the Company and the Business, which investigation, review and analysis was done by the Purchaser and its Affiliates and representatives. In entering into this Agreement, the Purchaser acknowledges that it has relied solely upon the aforementioned investigation, review and analysis and not on any factual representations or opinions (whether written or oral) of the Company (except the specific representations and warranties set forth in Article III as modified by the Company Disclosure Schedule and in the Transaction Documents). The Purchaser hereby acknowledges and agrees that other than the representations and warranties made in Article III or in the Transaction Documents, none of the Company or any of its Shareholders, officers, directors, employees or representatives makes or has made any representation or warranty, express or implied, written or oral, at law or in equity, in respect of the Company, the Business, the Company Shares, or any other assets, Liabilities, operations, businesses, prospects or condition (financial or otherwise) of the Company, including as to (i) merchantability or fitness for any particular use or purpose, (ii) the operation of the Company or the Business by the Purchaser after the Closing in any manner other than as used and operated by the Company prior to the Closing or (iii) the probable success or profitability of the Company or the Business after the Closing, and none of the Company or any of the Company Shareholders, officers, directors, employees or representatives has any authority, express or implied, to make any representation or warranty not expressly set forth in this Agreement or in the Transaction Documents and no such Person will have or be subject to any liability or indemnification obligation to the Purchaser, the Surviving Company or to any other Person resulting from the distribution to the Purchaser, its Affiliates or representatives of, or the Purchaser's use of, any Non-Representation Information relating to the Company or the Business, including in the Virtual Data Room, management presentations, functional "break-out" discussions, confidential information memoranda, responses to questions submitted on behalf of the Purchaser or in any other form in expectation of the transactions contemplated by this Agreement. The Purchaser further acknowledges and agrees that any Non-Representation Information has been expressly disclaimed.

The Company shall cause its officers, employees, accountants, counsel, financial advisers and other representatives to cooperate with the Purchaser and the Purchaser's representatives in connection with such investigation and examination.

Section 5.6 Confidentiality. The Purchaser and the Company each acknowledges that the information provided to it in connection with this Agreement and the transactions contemplated hereby is subject to the terms of the mutual nondisclosure agreement between the Purchaser and the Company dated January 25, 2012 (the “Confidentiality Agreement”), the terms of which are incorporated herein by reference. Effective upon, and only upon, the Closing Date, the Confidentiality Agreement shall terminate.

Section 5.7 Regulatory and Other Authorizations.

(a) **Generally.** During the Pre-Closing Period, the Purchaser and the Company shall, in good faith and in a reasonably timely manner, use their respective commercially reasonable efforts to: (i) take or cause to be taken all appropriate action, do or cause to be done all things necessary, proper or advisable, and execute and deliver such documents, as may be required to carry out the provisions of this Agreement and consummate and make effective the Transactions; and (ii) cause the Closing conditions contained in Article VI applicable to such Person to be satisfied. Without limiting the generality of the foregoing, the Purchaser and the Company shall, in good faith and in a reasonably timely manner, use their respective commercially reasonable efforts to obtain all required Consents from Governmental Entities on or prior to the Closing Date. The Purchaser and the Company shall give any notices to Governmental Entities and third parties, and use commercially reasonable efforts to obtain any Consents under any Contracts, Permits or Orders necessary, proper or advisable in connection with the Merger; *provided, however*, that, prior to the Effective Time, the Company and the Purchaser shall coordinate and cooperate in determining whether any actions, notices, consents, approvals or waivers are required to be given or obtained, or should be given or obtained, from parties to any such Contracts, Permits or Orders in connection with consummation of the Merger and in seeking any such actions, notices, consents, approvals or waivers.

(b) **HSR.** If necessary under applicable Law, the Purchaser shall, and the Company shall: (i) make or cause to be made all filings required of each of them or any of their respective Affiliates under the HSR Act with respect to the Transactions as promptly as practicable and, in any event, as promptly as possible after the date of this Agreement; (ii) comply at the earliest practicable date with any request under the HSR Act for additional information, documents or other materials received by each of them from the Federal Trade Commission (the “FTC”), the Antitrust Division of the United States Department of Justice (the “Antitrust Division”) or any other Governmental Entity in respect of such filings or the Transactions; (iii) seek early termination with respect to the Transactions under the HSR Act; and (iv) use commercially reasonable efforts to cooperate with each other in connection with any such filing and in connection with resolving any investigation or other inquiry of any of the FTC, the Antitrust Division or other Governmental Entity with respect to any such filing. The Purchaser shall, and the Company shall, to the extent permissible under applicable law: (i) use commercially reasonable efforts to furnish to each other all information required for any application or other filing to be made pursuant to the HSR Act in connection with the Transactions and otherwise coordinate their efforts in connection with any such filing; (ii) promptly inform the other party of any material written or oral communication with any Governmental Entity regarding any such filing or additional request (which shall include copies of any such written communications); and (iii) otherwise reasonably consult and cooperate with one another in connection with any analyses, appearances, presentations, memoranda, briefs, arguments, opinions and proposals made or submitted by or on behalf of any party or its representatives relating to proceedings under the HSR Act.

Section 5.8 Disclosures Concerning Agreement and the Transactions. As soon as reasonably practicable after the date of this Agreement, the Purchaser and the Company shall mutually agree upon a joint initial press release concerning this Agreement, the other Transaction Documents and the Transactions, which shall be disseminated at such time and in such manner as is agreed upon in writing by the Purchaser and the Company (not to be unreasonably withheld, conditioned or delayed). After such initial press release is disseminated, the Company and Purchaser will consult with each other and will mutually agree upon any press releases or public announcements pertaining to the Transactions and shall not issue any such press releases or make any such public announcements prior to such consultation and agreement (which shall not be unreasonably withheld, delayed or conditioned), except as may be required by applicable Law or by obligations pursuant to any agreement with any national securities exchange, in which case the party proposing to issue such press release or make such public announcement shall use commercially reasonable efforts to consult in good faith with the other party before issuing any such press releases or making any such public announcements; provided, that each of Purchaser and the Company may make any public statement to the press, analysts, investors, lenders, rating agencies, proxy advisory firms or those attending industry conferences or Purchaser conference calls, so long as such statements are substantially similar to previous press releases, public disclosures or public statements made jointly by Purchaser and the Company (or individually, if approved by the other party).

Section 5.9 Exclusivity. During the Pre-Closing Period, the Company shall, and shall cause its directors, officers, shareholders, employees, agents and advisors (collectively, the "Company Representatives") to, deal exclusively with the Purchaser and its designated representatives regarding any and all acquisitions of, or investments in, the Company, or the Business, whether by way of merger, consolidation or other business combination with any other Person, purchase or exchange of capital stock or other equity interests, purchase of assets or otherwise (an "Alternative Transaction") and, without the prior consent of the Purchaser, the Company shall not, and shall cause the Company Representatives not to: (a) solicit, initiate or otherwise engage in any negotiations, discussions or other communications with any other Person relating to any Alternative Transaction; (b) provide information or documentation to any other Person with respect to the Company or any of its assets in respect of any Alternative Transaction; or (c) enter into any Contract, letter of intent, memorandum of terms or understanding with any other Person in respect of any Alternative Transaction. The Company shall, and shall cause the Company Representatives to, cease immediately all discussions and negotiations that commenced prior to the date of this Agreement regarding any Alternative Transaction or would reasonably be expected to lead to an Alternative Transaction. The Company shall promptly after the date of this Agreement instruct each Person which has heretofore executed a confidentiality agreement relating to an Alternative Transaction with or for the benefit of the Company to promptly return or destroy all information, documents, and materials relating to the Alternative Transaction or to the Company or its businesses, operations or affairs heretofore furnished by the Company or any of the Company Representatives to such Person or any of the Company Representatives in accordance with the terms of any confidentiality agreement with such Person.

Section 5.10 Notification. During the Pre-Closing Period, the Purchaser and the Company shall each give written notice to the other promptly (and in any event within five Business Days) after acquiring actual knowledge of the occurrence of any omission, event or action that: (a) has caused, or is reasonably likely to cause the failure of such party to comply with or satisfy in any material respect any covenant, condition or agreement to be complied with or satisfied by it under this Agreement; (b) has caused, or is reasonably likely to cause any condition to the other party's obligation to consummate the Closing not to be satisfied; or (c) would otherwise be reasonably expected to delay materially or prevent the consummation of the Closing.

Section 5.11 D&O Indemnification and Insurance.

(a) Except as required by applicable Law, the Purchaser agrees to honor and fulfill in all material respects the Company's obligations to provide indemnification and exculpation from liability for acts or omissions occurring on or prior to the Closing Date now existing in favor of the current or former directors, officers or employees of the Company, as provided in its Organizational Documents or in indemnification agreements (correct and complete copies of which were made available by the Company to the Purchaser in the Virtual Data Room prior to the date of this Agreement), in each case in effect as of the Closing, (i) in accordance with their respective terms, with respect to any indemnification agreements, or (ii) for a period of not less than six years after the Closing Date, with respect to the Organizational Documents.

(b) The Purchaser shall be responsible for paying the cost of a non-cancelable run-off insurance policy, for a period of six years after the Closing Date to provide insurance coverage for events, acts or omissions occurring on or prior to the Closing Date for all Persons who were covered by the Company's directors and officers policy in effect immediately prior to the Closing Date, which the Purchaser shall procure and put into effect on or prior to the Closing Date; provided, that the Purchaser shall not be required to pay an annual premium for such insurance policy in excess of 200% of the last annual premium paid by the Company prior to the date of this Agreement.

Section 5.12 Employee Benefits.

(a) Following the Closing, the Purchaser shall cause the Company to honor all rights to paid time off, including vacation, personal and sick days, accrued by employees of the Company under any Company Benefit Plan through the Closing Date. For the period from the Closing through December 31, 2013, the Purchaser shall cause the Company to provide to all individuals employed by the Company as of the Closing who continue to be employed after the Closing ("Business Employees"), (i) an annual base salary or hourly wage rate, as applicable, that is no less than the annual base salary or hourly wage rate provided to such Business Employee immediately prior to the Effective Time (disregarding any increase in salary or wage rate made between the date of this Agreement and the Closing Date in violation of Section 5.3(e) above) and (ii) employee benefits (excluding equity-based compensation, retiree medical, retiree life and defined benefit plans) that are no less favorable in the aggregate than those provided to such Business Employee immediately prior to the Closing.

[Table of Contents](#)

(b) With respect to any employee benefit plan, policy, program or arrangement in which any Business Employee first becomes eligible to participate on or after the Closing Date, and in which such Business Employee did not participate prior to the Closing Date (the “Post-Closing Plans”), the Purchaser shall (and shall cause the Company to) use commercially reasonable efforts to: (i) for purposes of each Post-Closing Plan providing medical, dental, pharmaceutical or vision benefits to any Business Employee, (A) waive all pre-existing conditions, evidence of insurability or good health or actively-at-work exclusions applicable to such Business Employee, except to the extent such pre-existing conditions, evidence of insurability or good health or actively-at-work exclusions would apply under the analogous Company Benefit Plan; and (B) provide each such Business Employee with credit for any co-payments and deductibles paid by such Business Employee during the plan year that includes the Closing Date (to the same extent such credit would have been given under the analogous Company Benefit Plan prior to the Closing); and (ii) for purposes other than benefit accrual under any Post-Closing Plan that is a defined benefit pension, equity incentive or similar plan, recognize all service of such Business Employee with the Company for purposes of eligibility to participate and vesting. The Purchaser shall designate the Company as a “Designated Subsidiary” within the meaning of the Purchaser’s 2010 Employee Stock Purchase Plan. Following the Closing, the Business Employees will be eligible to participate in the Purchaser’s 2010 Incentive Award Plan, as amended.

(c) For the period from the Closing through at least December 31, 2013, except as set forth on Schedule 5.12(c) of the Company Disclosure Schedule or as approved by the Senior Executives, the Purchaser shall maintain in full force and effect all of the Company Benefit Plans that were in effect immediately prior to the Closing and shall continue to administer such plans and provide eligibility for benefits to the Business Employees under such plans that are substantially comparable to those in effect immediately prior to the Closing.

(d) During the 16-month period following the Closing, the Purchaser shall not cause a reduction in the number of “shared service” Business Employees who are employed by the Purchaser or its Subsidiaries unless (i) approved by the Senior Executives after the Closing or (ii) such Business Employee is terminated for cause or disruptive behavior. The Purchaser further agrees to negotiate in good faith with the Senior Executives to develop a severance plan or program for the benefit of “shared service” Business Employees in accordance with Exhibit 5.12(d).

(e) From and after the Closing, the Purchaser agrees to maintain and perform all obligations under the Company’s 2010 Long Term Incentive Program (the “2010 LTIP”) in accordance with the terms of the 2010 LTIP in effect as of the date of this Agreement (except as may be modified in accordance with the terms of the 2010 LTIP), unless otherwise approved by the Senior Executives after the Closing. Following the expiration or termination of the 2010 LTIP, but in no event prior to 2013, the Purchaser shall implement a new long-term incentive program for the benefit of Business Employees who remain employed with the Company or its Affiliates at such time, the terms and conditions of which shall be substantially similar to those of the 2010 LTIP (as adjusted for the size and profitability of the business).

(f) Nothing in this Agreement shall, or shall be construed so as to: (i) prevent or restrict in any way the right of the Purchaser to terminate, reassign, promote or demote any employee, independent contractor, director or other service provider of the Company (or to cause any of the foregoing actions) at any time following the Closing, or to change (or cause the change of) the title, powers, duties, responsibilities, functions, locations, salaries, other compensation or terms or conditions of employment or service of any such service providers at any time following the Closing; (ii) create any third-party rights in any such current or former service provider of the Company or any of its Subsidiaries (or any beneficiaries or dependents thereof); (iii) require the Purchaser to continue any Company Benefit Plan (other than as set forth in [Sections 5.12\(c\)](#) or [\(e\)](#)) or be construed to prevent, and no action by the Company prior to the Closing shall limit the ability of, the Purchaser from terminating, amending or modifying to any extent or in any respect of any Purchaser Benefit Plan that the Purchaser may establish or maintain; or (iv) be construed as amending any Company Benefit Plan or any Purchaser Benefit Plan.

Section 5.13 Maintenance of Books and Records. For a period of at least seven years after the Closing Date: (a) the Purchaser shall cause the Company to maintain its books and records in existence as of the Closing Date; and (b) upon reasonable written notice, the Purchaser shall cause the Company to provide to any Company Shareholder and its representatives, employees, counsel and accountants access, during normal business hours and upon reasonable advance notice, such books and records relating to periods prior to the Closing Date, and shall permit such Persons to examine and copy, at the sole cost and expense of the party providing access, such books and records to the extent reasonably requested by any such Persons as is reasonably necessary for financial reporting, accounting and Tax matters, the preparation and filing of any Tax Returns, reports or forms or the defense of any claim or assessment. The parties agree to cooperate so that such access does not unreasonably disrupt the normal operations of the Company.

Section 5.14 Shareholder Approval. The Company shall, promptly after the execution of this Agreement and the Related Plan of Merger, obtain the approval and adoption of this Agreement, the Merger and the other Transactions by the required vote of the Company Shareholders under the VSCA and the Company's Organizational Documents pursuant to the Company Shareholder Consent.

Section 5.15 Tax Matters.

(a) Section 338(h)(10) Election.

(i) At the Purchaser's option, each Company Shareholder shall: (A) join with the Purchaser in making an election under Section 338(h)(10) of the Code (and any corresponding election under state, local, and foreign Tax law) with respect to the Merger (collectively, a "Section 338(h)(10) Election"); (B) cooperate with the Purchaser and take all commercially reasonable actions necessary and appropriate or requested by the Purchaser (including executing, at or prior to the Closing, IRS Form 8023 and any similar forms under applicable state income tax laws, and otherwise timely preparing, executing or filing such Tax Returns, forms, elections, schedules and other documents that may be required) to effect and preserve any such Section 338(h)(10) Election; (C) take no position to the contrary in any Tax Return, any proceeding before a Tax Authority or otherwise prejudice any such Section 338(h)(10) Election; and (D) include his, her or its respective share of any income, gain, loss, deduction, or other Tax item resulting from a Section 338(h)(10) Election on his, her or its Tax Returns to the extent required by applicable Law and subject to the terms of this Agreement.

(ii) In connection with the Section 338(h)(10) Election, the Purchaser and the Company Shareholders agree that the Merger Consideration and the liabilities of the Company (plus other relevant items required under Section 338(h)(10) of the Code, and Treasury regulations promulgated thereunder) will be allocated to the assets of the Company for Tax purposes in a manner consistent with Sections 338 and 1060 of the Code and the Treasury regulations promulgated thereunder, and shall negotiate in good faith to determine a proposed allocation schedule (the "Allocation Schedule"). As soon as practicable after the date hereof, in all events within 20 days of the date hereof, the Purchaser shall deliver a proposed Allocation Schedule, based on the assets on the balance sheet of the Company as of February 29, 2012, to the Shareholder Representative, which allocation shall be consistent with Sections 338 and 1060 of the Code and the Treasury regulations promulgated thereunder. The Shareholder Representative shall within 20 days of receipt of such proposed Allocation Schedule notify the Purchaser that it is in agreement with such proposed allocation or of any reasonable objections that it has with respect to such proposed Allocation Schedule, and the Shareholder Representative and the Purchaser agree to consult and attempt to resolve in good faith any such objection. To the extent that the Purchaser and the Shareholder Representative are unable to reach an agreement regarding such objection, the dispute shall be submitted to the Independent Accountants for resolution, with the costs of the Independent Accountants borne equally by the Purchaser and the Company Shareholders. After the Purchaser and the Shareholder Representative are in agreement on the Allocation Schedule or the Allocation Schedule has otherwise been finally determined, and within 60 days after closing, the Purchaser and the Shareholder Representative will apply the Allocation Schedule to the assets on the balance sheet of the Company as of the Closing Date to create a final allocation schedule (the "Final Allocation Schedule"). The Purchaser, the Company and the Company Shareholders shall file all Tax Returns (including amended returns and claims for refund) and information reports in a manner consistent with such Final Allocation Schedule. Appropriate adjustments to the Final Allocation Schedule shall be made in the event that the Merger Consideration is adjusted, and such adjustments shall be determined in accordance with the Treasury regulations promulgated under Sections 338 and 1060 of the Code, as agreed by the Purchaser and the Shareholder Representative. In the event that any of the allocations provided on such Final Allocation Schedule are disputed by a Tax Authority, the party receiving notice of such dispute shall use reasonable efforts to notify the other party, and the Company Shareholders and Purchaser shall cooperate in good faith in responding to such challenge to preserve the effectiveness of such Final Allocation Schedule, each at its own cost and expense.

(b) Tax Returns.

(i) The Company Shareholders shall prepare or cause to be prepared and timely file or cause to be timely filed all Income Tax Returns of the Company for all periods ending on or prior to the Closing Date that have not yet been filed and are required to be filed after the Closing Date. The Purchaser agrees that the Transaction Tax Deductions may be claimed in such Income Tax Returns prepared or caused to be prepared by the Company Shareholders. The Shareholder Representative shall permit the Purchaser to review and comment on each such Income Tax Return not less than ten days prior to filing, and the Shareholder Representative shall consider in reasonable good faith any comments from the Purchaser and attempt in reasonable good faith to resolve any disagreements regarding such Income Tax Returns prior to the due date for filing.

(ii) The Purchaser shall prepare or cause to be prepared and timely file or cause to be timely filed: (A) all non-Income Tax Returns of the Company for all periods ending on or prior to the Closing Date that have not yet been filed and are required to be filed after the Closing Date, and (B) all Tax Returns of the Company for taxable years or periods ending after the Closing Date. Such Tax Returns, to the extent relating to any Pre-Closing Taxable Period (including any Straddle Period), shall be prepared consistently with past practice to the extent permitted by applicable law and the Purchaser shall permit the Shareholder Representative to review and comment on each such Tax Return not less than ten days prior to filing. The Shareholder Representative shall notify the Purchaser of any reasonable objections that it has with respect to any items set forth in such Tax Return, and the Shareholder Representative and the Purchaser agree to consult and attempt to resolve in good faith any such objection. To the extent that the Purchaser and the Shareholder Representative are unable to reach an agreement regarding the revisions to be made to such Tax Returns, the dispute shall be submitted to the Independent Accountants for resolution, with the costs of the Independent Accountants borne equally by the Purchaser and the Company Shareholders. The Company Shareholders shall be liable for any Taxes due in respect of such Tax Returns solely to the extent provided in Section 8.2.

(iii) The Purchaser and the Surviving Corporation, on the one hand, and the Company Shareholders and the Shareholder Representative, on the other hand, agree to furnish or cause to be furnished to the other, upon request, as promptly as practicable, such information and assistance relating to Taxes or refunds thereof, including, without limitation, access to books and records, as is reasonably necessary for the filing of all Tax Returns by such parties pursuant to clause (i) or clause (ii) above, or for claiming refunds of Taxes as contemplated under Section 5.15(d) below, as applicable.

(c) Tax Contests. Whenever any Tax Authority asserts a claim, makes an assessment, or otherwise disputes the amount of Taxes for which the Company Shareholders are or may be liable under Section 8.2, the Purchaser or the Shareholder Representative shall, if informed of such an assertion, promptly inform the other party, and the Shareholder Representative shall have the right to control any resulting proceedings and to determine whether and when to settle any such claim, assessment or dispute to the extent such proceedings or determinations affect the amount of Taxes for which the Company Shareholders may be liable under this Agreement; *provided, however*, that if such proceeding or such settlement would reasonably be expected to adversely affect the liability of the Purchaser or the Surviving Corporation for Taxes for any taxable period (or portion thereof) beginning after the Closing Date, the Purchaser shall have the right to participate, at its own expense, in such proceeding and such settlement shall not be agreed to without the consent of the Purchaser, which consent will not be unreasonably withheld or delayed. Notwithstanding the foregoing, whenever any Tax Authority asserts a claim, makes an assessment or otherwise disputes the amount of Taxes relating to a Straddle Period, the Purchaser shall have the right to control any resulting proceedings and to determine whether and when to settle any such claim, assessment or dispute, except to the extent such proceedings would reasonably be expected to affect the amount of Taxes for which the Company Shareholders are liable under Section 8.2, in which case such settlement shall not be agreed to by the Purchaser without the consent of the Shareholder Representative, which consent will not be unreasonably withheld or delayed. For the avoidance of doubt, in the event of any conflict between this Section 5.15(c) and Section 9.5, the procedures set forth in this Section 5.15(c) shall control.

[Table of Contents](#)

(d) Tax Refunds. The amount of any refunds of Taxes of the Company relating to a Tax Return for a Pre-Closing Taxable Period received by the Purchaser or the Surviving Corporation shall be for the account of the Company Shareholders, net of any reasonable cost incurred by the Purchaser or the Surviving Corporation directly attributable to the obtaining and receipt of such refunds, *provided, however*, that (i) such Taxes were paid by the Company or the Company Shareholders prior to the Closing Date or by the Company Shareholders after the Closing Date (in either case, whether directly, as a result of any indemnity provision under this Agreement or pursuant to any other adjustment to the Merger Consideration) and (ii) such refunds do not arise as a result of a carryback of a loss or other Tax benefit from a taxable period (or portion thereof) beginning after the Closing Date. Notwithstanding the foregoing, in the case of such refunds other than those related to Transaction Tax Deductions, the amount of any such refunds shall be for the account of the Purchaser to the extent such refunds have already been reflected in the Closing Balance Sheet and the Final NWC. All refunds held by one party for the account of another pursuant to this Section 5.15(d) shall be paid to such other party within fifteen days of receipt. To the extent any Tax refund for the account of and paid to one party by the other party pursuant to this Section 5.15(d) is subsequently disallowed or required to be returned to the applicable Tax Authority, such recipient of a refund agrees to promptly repay the amount of such refund, together with any interest, penalties or other additional amounts imposed by such Tax Authority, to the other party.

(e) Tax Sharing Agreements. Any Tax allocation or sharing agreement to which the Company is a party shall be terminated on or before the Closing Date. After the Closing Date, no party shall have any rights or obligations under any such Tax allocation or sharing agreement.

(f) Transfer Taxes. All transfer, documentary, sales, use, stamp, registration and other such Taxes and fees (including any penalties and interest) incurred in connection with this Agreement shall be borne equally by the Purchaser and the Company Shareholders when due, and the responsible party under applicable law will file or cause to be filed all necessary Tax Returns and other documentation with respect to all such transfer, documentary, sales, use, stamp, registration and other Taxes and fees. The expenses of such filing shall be borne equally by the Purchaser and the Company Shareholders.

Section 5.16 Assistance with Financing.

(a) The Company acknowledges that the Purchaser may seek to obtain financing from time to time after the date of this Agreement, including pursuant to the New Financing, although the parties agree and acknowledge that the Purchaser's receipt of any such financing shall not be a condition to the Purchaser's obligation to consummate the Transactions. In furtherance of such efforts, the Purchaser will need to provide third parties, including lenders from whom the Purchaser intends to obtain such financing, including the Lenders (the "Financing Parties"), the information which is reasonably customary in connection with the arrangement of debt financing (the "Company Information"), including, without limitation, the following: (i) as promptly as practicable all historical financial and other pertinent historical information regarding the Company and its Subsidiaries as may be reasonably requested in writing by Purchaser in connection with the financing contemplated by the New Financing (including such information which Purchaser has determined is necessary for the preparation of one or more information packages regarding the business, operations, financial projections and prospects of the Company and its Subsidiaries customary for such financing or reasonably necessary for the syndication of the New Financing by the financing sources) and (ii) furnishing all financial statements expressly required by the Financing Commitment Letter within the time periods specified therein. Upon the reasonable request of the Purchaser, the Company shall provide the Company Information to the Purchaser or a Financing Party upon such Financing Party's customary undertaking of confidentiality. In addition, the Company shall provide reasonable cooperation, and shall cause its independent accountants to cooperate, as reasonably requested by the Purchaser, in connection with the arrangement of, and the negotiation of agreements with respect to, any such financing.

TERMINATION

Section 7.1 **Termination.** This Agreement may be terminated at any time prior to the Closing, whether before or after the Purchaser Stockholder Meeting:

(a) upon the written agreement of the Company and the Purchaser;

[Table of Contents](#)

(b) by either the Company or the Purchaser if the Closing shall not have occurred on or before July 18, 2012 (or such other date to which the Company or the Purchaser may agree upon in writing) (the “End Date”) because one or more conditions to respective obligations of the Company or the Purchaser and Merger Sub to consummate the Closing set forth in Sections 6.1, 6.2 or 6.3, as applicable, has not been satisfied, or for any other reason; *provided, however*, that the right to terminate this Agreement under this Section 7.1(b) shall not be available to either party if such party’s willful breach of any of its obligations under this Agreement caused, or resulted in, the failure of the Closing to occur on or before such date;

(c) by either the Company or the Purchaser if any Order permanently preventing the consummation of the Closing shall have been entered by any court of competent jurisdiction and shall have become a Final Order; *provided, however*, that neither party may terminate this Agreement pursuant to this Section 7.1(c) unless such party has used commercially reasonable efforts to prevent the entry of and to procure the removal, reversal, dissolution, setting aside or invalidation of such Order;

(d) by the Purchaser, either: (i) after the occurrence of a non-curable breach of any representation, warranty, covenant or agreement of the Company set forth in this Agreement that shall have rendered impossible the satisfaction of the conditions to Closing in Sections 6.3(a) or 6.3(b); or (ii) 30 days after receipt by the Company of notice from the Purchaser of the occurrence of a curable breach of any representation, warranty, covenant or agreement of the Company set forth in this Agreement that would result in the failure of the conditions of the Purchaser and Merger Sub to consummate the Closing set forth in Sections 6.3(a) or 6.3(b) to be satisfied if such breach has not been cured within such time period (or if the End Date is less than 30 days from such notice, if not cured by the End Date); *provided, however*, that the Purchaser shall not have the right to terminate this Agreement pursuant to this Section 7.1(d) if the Purchaser is then in material breach of any of its representations, warranties, covenants or agreements contained in this Agreement;

(e) by the Company, either: (i) after the occurrence of a non-curable breach of any representation, warranty, covenant or agreement of the Purchaser or Merger Sub set forth in this Agreement that shall have rendered impossible the satisfaction of the conditions to Closing in Sections 6.2(a) or 6.2(b); or (ii) 30 days after receipt by the Purchaser of notice from the Company of the occurrence of a curable breach of any representation, warranty, covenant or agreement of the Purchaser or Merger Sub set forth in this Agreement that would result in the failure of the conditions to the Company’s obligation to consummate the Closing set forth in Sections 6.2(a) and 6.2(b) to be satisfied if such breach has not been cured within such time period (or if the End Date is less than 30 days from such notice, if not cured by the End Date); *provided, however*, that the Company shall not have the right to terminate this Agreement pursuant to this Section 7.1(e) if it is then in material breach of any of its representations, warranties, covenants or agreements contained in this Agreement; or

(f) by either the Company or the Purchaser, if any condition to the terminating party’s obligation to consummate the Closing set forth in Sections 6.1, 6.2 or 6.3, respectively, shall have become incapable of satisfaction (other than as provided in Sections 7.1(c), (d) or (e)); *provided, however*, that the right to terminate this Agreement under this Section 7.1(f) shall not be available to either party if such party’s willful breach of any of its obligations under this Agreement caused such Closing condition to have become incapable of satisfaction.

Any termination made in accordance with [Section 7.1\(b\)](#), [\(c\)](#), [\(d\)](#), [\(e\)](#) or [\(f\)](#) shall be effective upon delivery of a notice of termination by the terminating party to the Purchaser or the Company (as applicable), which notice shall refer to the subsection of this [Section 7.1](#) pursuant to which such termination is being made.

Section 7.2 **Effect of Termination.**

(a) Except as set forth in [Section 7.2\(b\)](#), if this Agreement is terminated pursuant to [Section 7.1](#), all obligations of the parties hereunder shall terminate without any Liability of either party to the other party, except that any such termination of this Agreement shall not relieve: (a) any party of its liability to the other parties with respect to any fraud by such party or material breach by such party of any of its representations, warranties, covenants or agreements set forth in this Agreement or the other Transaction Documents, in each case occurring prior to such termination; (b) the Purchaser and the Company of their respective obligations under the Confidentiality Agreement; or (c) the parties obligations under [Section 5.8](#) and [Article IX](#).

(b) The Purchaser agrees that if this Agreement shall be terminated (i) by the Purchaser or the Company pursuant to [Section 7.1\(b\)](#), (ii) by the Company pursuant to [Section 7.1\(e\)](#), or (iii) by the Purchaser pursuant to [Section 7.1\(f\)](#) arising from the failure of the Purchaser to satisfy the condition set forth in [Section 6.3\(e\)](#), under circumstances in which (A) all of the conditions set forth in [Sections 6.1](#) and [6.3](#) (other than [Section 6.3\(e\)](#)) have been satisfied or are capable of being satisfied prior to the End Date and (B) upon request of the Purchaser, the Company has irrevocably confirmed to the Purchaser in writing that if the New Financing were funded then the Company would, assuming all conditions set forth in [Section 6.2](#) are satisfied, take such actions that are within its control to cause the Closing to occur, then the Purchaser shall pay the Company the Reverse Termination Fee in immediately available funds within five Business Days after such termination. "Reverse Termination Fee" means \$21,000,000. Notwithstanding anything to the contrary contained in this Agreement: (i) the Company's right to receive the Reverse Termination Fee pursuant to this [Section 7.2\(b\)](#) shall be the Company's sole and exclusive remedy against the Purchaser or any of its Affiliates, for any Loss suffered as a result of the failure of the Merger to be consummated in circumstances giving rise to the right to receive the Reverse Termination Fee; and (ii) upon payment of the Reverse Termination Fee pursuant to this [Section 7.2\(b\)](#), none of Purchaser or any of its Affiliates shall have any further liability or obligation relating to or arising out of this Agreement or the Merger. The Purchaser acknowledges that the agreements contained in this [Section 7.2\(b\)](#) are an integral part of the transactions contemplated by this Agreement and that without these agreements the Company would not enter into this Agreement. If the Purchaser shall fail to pay the Reverse Termination Fee, when due, the Purchaser shall reimburse the Company for all costs and expenses actually incurred or accrued by the Company (including reasonable fees and expenses of counsel) in connection with the collection under and enforcement of this [Section 7.2\(b\)](#).

ARTICLE VIII
INDEMNIFICATION

Section 8.1 **Survival of Indemnification Obligations.** The representations and warranties, and the covenants and agreements of the parties to be performed prior to the Closing Date, set forth in this Agreement and in any certificates delivered at the Closing in connection with this Agreement shall survive the Closing until the 15 month anniversary of the Closing Date (the “Survival Date”) and shall thereafter be of no further force or effect; provided, however, that (a) with respect to any Losses resulting from the breach of any representations or warranties contained in Section 3.8 (Taxes), the Survival Date shall be the date of the expiration of the applicable statute of limitations and (b) with respect to any Losses resulting from the breach of any representations or warranties contained in Section 3.1 (Existence; Good Standing; Authority; Enforceability), Section 3.2 (Capitalization; Subsidiaries), Section 3.18 (Brokers) and Section 4.1 (Existence; Good Standing; Authority; Enforceability), the Survival Date shall be indefinite. Notwithstanding the foregoing, (i) any covenants of any party which by their terms are to be performed or observed on or following the Closing shall survive the Closing until fully performed in accordance with their terms and (ii) in the event of fraud, intentional misrepresentation or willful or criminal misconduct in connection with a representation or warranty, such representation or warranty (and the associated right of indemnity) shall continue without limitation in relation to claims based on such fraud, intentional misrepresentation or willful or criminal misconduct. Except as expressly provided in the immediately preceding sentence, (A) any claim for indemnification made hereunder before the Survival Date of such claim will not terminate before final determination and satisfaction of such claim, and (B) no claim for indemnification hereunder may be made after the expiration of the applicable Survival Date.

Section 8.2 **Indemnification Obligations.**

(a) Subject to the other provisions of this Article VIII, from and after the Closing, each Company Shareholder shall, severally and not jointly, indemnify and hold harmless the Purchaser and each of its Affiliates (which, following the Closing, shall include the Company) and its and their respective directors, officers, employees, stockholders, agents, representatives, successors and permitted assigns (each, a “Purchaser Indemnified Party”) for its respective Pro Rata Share of any Losses resulting from or arising out of:

- (i) any breach by the Company of any representation or warranty contained in Article III or any certificate delivered by or on behalf of the Company hereunder at or prior to Closing;
- (ii) any breach of any covenant or agreement of the Company contained in this Agreement; or
- (iii) any Indemnified Taxes.

[Table of Contents](#)

(b) Subject to the other provisions of this [Article VIII](#), from and after the Closing, the Purchaser shall indemnify and hold harmless the Company Shareholders and each of their respective Affiliates and their respective directors, officers, employees, stockholders, agents, representatives, successors and permitted assigns (each, a "[Company Shareholder Indemnified Party](#)") for any Losses resulting from or arising out of:

- (i) any breach by the Purchaser of any representation or warranty contained in [Article IV](#) or any certificate delivered by or on behalf of the Purchaser hereunder at or prior to Closing; or
- (ii) any breach of any covenant or agreement of the Purchaser contained in this Agreement.

Section 8.3 [Limitations on Indemnification Amounts.](#)

(a) Notwithstanding anything to the contrary in this [Article VIII](#), in no event shall the Company Shareholders (i) be required to provide indemnification pursuant to [Section 8.2\(a\)\(i\)](#) unless and until the Purchaser Indemnified Parties shall have incurred aggregate Losses of at least \$3,000,000 (the "[Company Shareholder Indemnity Threshold Amount](#)"), after which point the Company Shareholders shall be required to provide indemnification with respect to all indemnifiable Losses in excess of the Company Shareholder Indemnity Threshold Amount, or (ii) collectively be required to provide indemnification under this [Article VIII](#) for aggregate indemnifiable Losses under this [Article VIII](#) in excess of \$25,000,000 (the "[Overall Company Shareholder Indemnity Cap](#)"); provided, however, that (A) the Company Shareholder Indemnity Threshold Amount shall not apply to any Losses resulting from breaches of any representations or warranties contained in [Section 3.1](#) (Existence; Good Standing; Authority; Enforceability), [Section 3.2](#) (Capitalization; Subsidiaries), [Sections 3.8\(l\), \(m\), \(n\)](#) and [\(o\)](#) (Taxes) and [Section 3.18](#) (Brokers) and (B) neither the Company Shareholder Indemnity Threshold Amount nor the Overall Company Shareholder Indemnity Cap shall apply to any Losses in the event of fraud, intentional misrepresentation or willful or criminal misconduct of the Company.

(b) In no event shall any Company Shareholder be required to provide indemnification under this [Article VIII](#) for any amount exceeding such Company Shareholder's Pro Rata Share of the Overall Company Shareholder Indemnity Cap.

(c) Notwithstanding anything to the contrary in this [Article VIII](#), in no event shall the Purchaser be required to provide indemnification (i) pursuant to [Section 8.2\(b\)\(i\)](#) unless and until the Seller Indemnified Parties shall have incurred aggregate Losses of at least \$3,000,000 (the "[Purchaser Indemnity Threshold Amount](#)"), after which point the Purchaser shall be required to provide indemnification with respect to all indemnifiable Losses in excess of the Purchaser Indemnity Threshold Amount, or (ii) under this [Article VIII](#) for aggregate indemnifiable Losses under this [Article VIII](#) in excess of \$25,000,000 (the "[Overall Purchaser Indemnity Cap](#)"); provided, however, that (A) the Purchaser Indemnity Threshold Amount shall not apply to any Losses resulting from breaches of any representations or warranties contained in [Section 4.1](#) (Existence; Good Standing; Authority; Enforceability) and (B) neither the Purchaser Indemnity Threshold Amount nor the Overall Purchaser Indemnity Cap shall apply to any Losses in the event of fraud, intentional misrepresentation or willful or criminal misconduct of the Purchaser.

(d) Notwithstanding anything to the contrary in this Agreement or otherwise, the parties agree and acknowledge that, prior to the Escrow Period Expiration Date, the contents of the Escrow Account shall be the sole and exclusive remedy and source of satisfaction of any amount(s) determined pursuant to this [Article VIII](#) to be due to any Purchaser Indemnified Party under this [Article VIII](#).

Section 8.4 [Indemnification Claim Procedure](#).

(a) Promptly after becoming aware of the existence of any potential matter that a party hereto, acting in good faith, reasonably believes will entitle such party (the "[Indemnified Party](#)") to indemnification from another party hereto (the "[Indemnifying Party](#)"), under this [Article VIII](#), the Indemnified Party shall promptly provide to the Indemnifying Party notice describing the matter in reasonable detail, including the nature of the claim, the basis for the indemnification obligation and the Losses resulting therefrom (an "[Indemnity Claim Notice](#)"); *provided, however*, that the Shareholder Representative shall be deemed to be the Indemnified Party or the Indemnifying Party, as applicable, for purposes of sending or receiving Indemnity Claim Notices or Indemnity Claim Responses on behalf of the Company Shareholders or the Company Shareholder Indemnified Parties, as the case may be, and otherwise taking actions pursuant to this [Section 8.4](#) and [Section 8.5](#). To the extent that any such matter relates to a Claim or Proceeding by any Person other than an Indemnified Party, such Claim or Proceeding is referred to herein as a "[Third Party Claim](#)", which is governed by [Section 8.5](#). No delay on the part of the Indemnified Party in giving the Indemnifying Party an Indemnity Claim Notice shall limit or reduce the Indemnified Party's right to indemnification hereunder, nor relieve the Indemnifying Party from any of its obligations under this [Article VIII](#), unless (and then only to the extent that) the Indemnifying Party is materially prejudiced thereby.

(b) For claims for indemnification under this [Article VIII](#) other than those relating to Third Party Claims, the Indemnifying Party shall have 20 Business Days after its receipt of the Indemnity Claim Notice to respond to the claim(s) described therein (an "[Indemnity Claim Response](#)"), which shall set forth, in reasonable detail, the Indemnifying Party's objection(s) to the claim(s) and its bases for such objection(s). If the Indemnifying Party fails to provide an Indemnity Claim Response within such time period, the Indemnifying Party will be deemed to have conceded the claim(s) set forth in the Indemnity Claim Notice. If the Indemnifying Party provides an Indemnity Claim Response within such time period, the Indemnified Party and the Indemnifying Party shall negotiate the resolution of the claim(s) for a period of not fewer than 20 Business Days after the Indemnity Claim Response is provided. If the Indemnifying Party and the Indemnified Party are unable to resolve any such claim(s) within such time period, the Indemnified Party shall be entitled to pursue any legal remedies available to the Indemnified Party against the Indemnifying Party with respect solely to the unresolved claim(s), subject to the limitations set forth in [Section 8.3](#) and the other provisions of this [Article VIII](#), as applicable.

Section 8.5 Third Party Claims.

(a) The Indemnifying Party shall have the right to assume and pursue the defense of any Third Party Claim involving solely monetary damages (if (A) such Third Party Claim does not, and would not reasonably be expected to, result in criminal liability of, or equitable remedies against, the Indemnified Party and (B) in the reasonable judgment of the Indemnified Party the aggregate amount of the potential obligations of the Indemnified Party regarding such Third Party Claim does not exceed twice the amount of the remaining portion of the Overall Company Shareholder Indemnity Cap or Overall Purchaser Indemnity Cap, as applicable), at its sole cost and expense and with counsel reasonably satisfactory to the Indemnified Party, upon notification thereof to the Indemnified Party within ten Business Days after the Indemnity Claim Notice has been delivered to the Indemnifying Party; *provided, however*, that if the Indemnifying Party's assumption of the defense of any Third Party Claim would (as described in a written opinion of counsel to the Indemnified Party or the Indemnifying Party) result in a conflict of interest arising out of the joint representation by counsel selected by the Indemnifying Party of the interests of both the Indemnifying Party and the Indemnified Party, the Indemnifying Party shall be entitled to engage separate counsel reasonably satisfactory to the Indemnified Party to represent the Indemnified Party (at the Indemnifying Party's sole cost and expense) and, if the Indemnifying Party fails to do so during the ten Business Day period referred to above, the Indemnifying Party shall not be entitled to assume the Indemnified Party's defense of such Third Party Claim. It is agreed and understood that the Indemnifying Party's election to assume the defense of any Third Party Claim shall not constitute an admission that any Losses resulting therefrom are indemnifiable Losses under this Article VIII or in any way prejudice or limit the Indemnifying Party's ability to dispute any determination of whether or not any such Losses are indemnifiable Losses under this Article VIII. If: (i) the Indemnified Party does not receive notification from the Indemnifying Party of its assumption of the defense of a Third Party Claim within the ten Business Day time period referred to above; (ii) the Indemnifying Party is not entitled to assume the defense of a Third Party Claim as described above in this Section 8.5; or (iii) at any time after the Indemnifying Party has assumed the defense of a Third Party Claim, the Indemnifying Party fails to perform or unreasonably delays in performing its obligations to assume or pursue the defense of such Third Party Claim, the Indemnified Party shall fully assume, commence and pursue its defense of such Third Party Claim on a timely and prudent basis and thereafter promptly inform the Indemnifying Party of all material developments related thereto and the Indemnifying Party shall pay the reasonable fees and disbursements of such counsel for the Indemnified Party as incurred.

(b) If the Indemnifying Party assumes the defense of a Third Party Claim, it shall thereafter promptly inform the Indemnified Party of all material developments related thereto. With respect to any Third Party Claim for which the Indemnifying Party has assumed the defense, the Indemnified Party shall have the right, but not the obligation, to participate, at its own cost and expense, in the defense of such Third Party Claim through legal counsel reasonably selected by it, but shall not assert or pursue, directly or through its counsel, any contrary or inconsistent defenses without the prior written consent of the Indemnifying Party. As long as the Indemnifying Party is performing its obligations under this Section 8.5, the Indemnified Party shall, and shall cause its Affiliates to, during normal business hours, upon reasonable notice, at the cost and expense of the Indemnifying Party, cooperate in all reasonable ways with, make its and their relevant files and records reasonably available for inspection and copying by, make its and their employees reasonably available to, and otherwise render reasonable assistance to, the Indemnifying Party.

(c) If the Indemnifying Party (having assumed the defense of a Third Party Claim) or the Indemnified Party (having proceeded with its own defense of a Third Party Claim in accordance with this [Section 8.5](#)) proposes to settle or compromise such Third Party Claim, the Indemnifying Party or the Indemnified Party (as applicable) shall provide notice to that effect (together with a statement in reasonable detail of the terms and conditions of such settlement or compromise) to the Indemnified Party or the Indemnifying Party (as applicable), which shall be provided a reasonable time prior to the proposed time for effecting such settlement or compromise, and may not effect any such settlement or compromise without the prior consent of the Indemnified Party or the Indemnifying Party (as applicable); *provided, however*, that the Indemnifying Party shall be entitled to settle or compromise any Third Party Claim after having provided such notice to the Indemnified Party but without the consent of the Indemnified Party if: (i) such settlement or compromise does not include any admission of liability by the Indemnified Party or its Affiliates; (ii) such settlement or compromise provides for the full and unconditional release of the Indemnified Party and its Affiliates from any and all Liability in respect of such Third Party Claim; (iii) any monetary obligations of the Indemnified Party or its Affiliates to the applicable Third Party with respect to such settlement or compromise are paid in full by the Indemnifying Party; and (iv) such settlement or compromise does not include any equitable remedies restricting future actions by the Indemnified Party or its Affiliates.

Section 8.6 Payment of Amounts Due for Indemnification.

Members of the Board of Directors:

You have requested our opinion as to the fairness from a financial point of view to On Assignment, Inc., a Delaware corporation (the "Company"), of the Consideration (as defined below) to be paid by the Company pursuant to the terms and subject to the conditions set forth in the Agreement of Merger to be entered into by Apex Systems, Inc., a Virginia corporation (the "Target"), the Company, OA Acquisition Corp., a Virginia corporation and a wholly-owned subsidiary of the Company ("Acquisition Sub"), and Jeffrey E. Veatch as representative of the Target's shareholders (the "Shareholder Representative"), and the related Plan of Merger (together, the "Agreement"). As more fully described in the Agreement, Acquisition Sub will be merged with the Target (the "Transaction") and all of the issued and outstanding shares of the common stock of the Target, no par value per share (the "Target Common Stock"), will be converted into and represent the right to receive from the Company, at the election of the holder thereof and subject to certain limitations and proration procedures (as to which we express no opinion), an aggregate of (i) an amount of shares of Common Stock, par value \$0.01 per share, of the Company ("Company Common Stock") equal to \$217,000,000, as valued in accordance with the terms of the Agreement (such number of shares of Company Common Stock constituting the aggregate "Stock Consideration") and (ii) \$383,000,000 in cash, plus the Target's closing cash, minus the Target's indebtedness, minus the Target's transaction expenses, as adjusted for the Target's net working capital, and as further adjusted pursuant to the terms of the Agreement (the aggregate "Cash Consideration," and together with the Stock Consideration, the "Consideration"). Holders of Target Common Stock may elect to receive the Consideration either in the form of (i) shares of Company Common Stock only, or (ii) a combination of cash and shares of Company Common Stock, in each case subject to the terms and conditions described in the Agreement. The value of each share of Company Common Stock to be issued as Stock Consideration will be calculated based on the numerical average of the volume weighted average prices on the NASDAQ Global Select for the ten consecutive trading days immediately preceding the last trading day prior to closing of the Transaction; provided in no event will the per share value of each share of Company Common Stock paid as Stock Consideration be less than \$12.41 or more than \$15.17.

In addition, the Agreement provides that, as a condition to the Transaction, the Company, certain holders of Target Common Stock and the Shareholder Representative will enter into that certain investor rights agreement (the "Investor Rights Agreement"). The terms and conditions of the Transaction are more fully set forth in the Agreement.

LOS ANGELES | NEW YORK | BOSTON | CHICAGO

We have acted as your financial advisor in connection with the Transaction and will receive a fee for our services, a substantial majority of which is contingent upon the consummation of the Transaction. We will also receive a fee upon delivery of this opinion. In addition, the Company has agreed to indemnify us for certain liabilities arising out of our engagement. Moelis & Company LLC and its affiliates are engaged in a range of investment banking, asset management, and merchant banking businesses. Our affiliates, employees, officers and partners may at any time own securities of the Company, or hold long or short positions in respect of the Company's securities. In addition, we may provide investment banking and other financial services to the Company and its affiliates in the future and would receive compensation in connection therewith.

Our opinion does not address the Company's underlying business decision to effect the Transaction or the relative merits of the Transaction as compared to any alternative business strategies or transactions that might be available to the Company, and does not constitute a recommendation to any stockholder of the Company as to how such stockholder should vote with respect to the Transaction or any other matter. At your direction, we have not been asked to, nor do we, offer any opinion as to the material terms of the Agreement or the Investor Rights Agreement or the form of the Transaction. We express no opinion as to what the value of the Company Common Stock will be when issued pursuant to the Agreement or the prices at which it will trade following announcement or consummation of the Transaction. In rendering this opinion, we have assumed, with your consent, that the final executed form of the Agreement and the Investor Rights Agreement do not differ in any material respect from the drafts that we have examined, and that the Company and the Target will comply with all the material terms of the Agreement and the Investor Rights Agreement.

Independent Auditors' Report

The Board of Directors
Apex Systems, Inc.:

We have audited accompanying balance sheets of Apex Systems, Inc. (the Company) as of December 31, 2011 and December 25, 2010, and the related statements of income, stockholders' equity (deficit), and cash flows for each of the years in the three-year period ended December 31, 2011. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Apex Systems, Inc. as of December 31, 2011 and December 25, 2010, and the results of its operations and its cash flows for each of the years in the three-year period ended December 31, 2011, in conformity with U.S. generally accepted accounting principles.

(1) Description of Business

Apex Systems, Inc. (Apex) was incorporated in the Commonwealth of Virginia on September 13, 1995, and has offices in 48 major cities throughout the United States. Apex operates as a staffing firm that specializes in recruiting and placing technical professionals in the information technology, engineering, and finance and accounting areas.

The fiscal years ended December 31, 2011, December 25, 2010, and December 26, 2009 are referred to herein as the years 2011, 2010, and 2009, respectively. The Company uses a 52/53-week fiscal year ending on the Saturday closest to December 31. Consequently, the Company periodically has a 53-week fiscal year. Fiscal year 2011 had 53 weeks while fiscal years 2010 and 2009 had 52 weeks.

The Company's five largest customers represented 28%, 27%, and 25% of sales for the years 2011, 2010, 2009, respectively, and 27%, 30%, and 23% of trade accounts receivable as of December 31, 2011, December 25, 2010, and December 26, 2009, respectively.

(2) Summary of Significant Accounting Policies

(a) Cash and Cash Equivalents

The Company considers all highly liquid financial instruments with an original maturity of three months or less to be cash equivalents. The Company had no cash equivalents at December 31, 2011, December 25, 2010, or December 26, 2009. Restricted cash is stated at cost. The restricted cash is held in an account to secure the Company's health insurance claims. As of December 31, 2011, December 25, 2010, and December 26, 2009, restricted cash was \$67,542, \$114,097, and \$141,830, respectively, and is included in prepaid expenses and other current assets.

(b) Revenue Recognition

The Company's revenue is earned from staffing services performed under contracts with its clients. Revenue for such services is recognized when performed and approved by the client, based upon contracted billable rates for hours delivered plus reimbursable costs. Rebates provided to customers are recognized as earned, and are classified as a reduction to sales in the accompanying statements of income.

(c) Accounts Receivable

Accounts receivable are recorded at the invoiced amount and do not bear interest. The allowance for doubtful accounts is the Company's best estimate of the amount of probable credit losses in the Company's existing accounts receivable. The Company reviews its allowance for doubtful accounts monthly. Past-due balances meeting specific criteria are reviewed individually for collectibility. All other balances are reviewed on a pooled basis. Account balances are charged off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote.

At December 31, 2011, December 25, 2010, and December 26, 2009, the Company had recorded an allowance for doubtful accounts of \$1,385,844, \$1,079,947, and \$585,403, respectively.

(d) Property and Equipment

Property and equipment are stated at cost. Depreciation is provided using the straight-line method over estimated depreciable lives of three to five years. Leasehold improvements are amortized using the straight-line method over the shorter of the useful lives of the improvements or the terms of the related leases.

(e) **Income Taxes**

The Company is not subject to federal income tax as a result of its election to be taxed as an "S Corporation." Under this election, the taxable income of the Company is reported on the individual income tax returns of the stockholders. State and local taxes are recorded in operating expenses on the accompanying statements of income.

The Company has analyzed filing positions in all of the federal and state jurisdictions where it is required to file income tax returns, including its status as a pass-through entity. The only periods subject to examination for federal and state tax returns are the 2007 through 2011 tax years. The Company believes its income tax filing positions, including its status as a pass-through entity, will be sustained on audit and does not anticipate any adjustments that will result in a material change to its financial position. Therefore, no reserves for uncertain tax positions, nor interest and penalties, have been recorded in these financial statements.

(f) **Derivative Instruments**

The Company recognizes all interest rate swap derivative instruments as either assets or liabilities on the balance sheet at their respective fair values. The Company does not designate the interest rate swaps as a hedge of the variability of cash flows to be paid related to its outstanding debt.

Under the terms of the agreements, the Company pays the counterparty based on the respective fixed rate and receives payments based upon a floating rate, the net of which is recorded as an increase or decrease to interest expense.

As of December 31, 2011 and December 25, 2010, the aggregate fair value of the Company's interest rate swaps was a liability of \$576,133 and \$1,054,046, respectively and is included in other liabilities on the accompanying balance sheet. The change in fair value is recorded in interest expense on the accompanying statements of income. For the fiscal years ended December 31, 2011, December 25, 2010, and December 26, 2009, the change in fair value recorded as a reduction of interest expense was \$477,913, \$361,817, and \$761,954, respectively.

(g) **Stock-Based Compensation**

Prior to 2006, the Company applied the intrinsic-value method prescribed by Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees* (APB No. 25), and related interpretations. The grants to employees of stock appreciation rights (SARs) and options to purchase common stock were accounted for using variable plan accounting, which required the SARs to be classified as liabilities and the options to be classified as equity. Vesting in SARs and options to purchase common stock are generally contingent upon the employee meeting certain service and/or performance criteria.

Effective January 1, 2006, the Company adopted FASB ASC Topic 718, *Compensation – Stock Compensation* (FASB Statement No. 123(R), *Share-Based Payment*, as amended). This Statement supersedes APB No. 25. FASB Statement No. 123(R) requires that all stock-based compensation be recognized as an expense in the financial statements. This statement was adopted using the prospective-transition method. The Company's SARs and option awards are liability classified based on the Company's intent to settle the awards for cash at the time of exercise, and the Company has elected to measure its liability classified stock-based compensation awards based upon their intrinsic value as defined under the terms of the awards.

(h) *Deferred Financing Costs*

In connection with a line-of-credit agreement entered into during 2011 as described in note 5, the Company capitalized \$370,760 in financing costs. Deferred financing costs are amortized over the term of the line-of-credit and term loan agreements. Amortization expense was \$149,307, \$177,512, and \$173,961 for the years ended December 31, 2011, December 25, 2010, and December 26, 2009, respectively, and is included in interest expense in the accompanying statements of income. During 2010, \$40,315 of unamortized costs was written off to interest expense in connection with the refinance of the credit facilities.

(i) *Fair Value Measurements and Financial Instruments*

The Company utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Company determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are categorized in one of the following levels:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the reporting entity at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1, inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date.

The carrying amounts of financial instruments, including cash, accounts receivable, borrowings under lines of credit, accounts payable, accrued expenses, and other current liabilities, and accrued volume rebates, approximated their fair value as of December 31, 2011 and December 25, 2010 because of the relatively short maturity of these instruments.

[Table of Contents](#)

The Company measures all derivatives at fair value based on information provided by the counterparty, which the Company corroborates with third-party information and recognizes them as either assets or liabilities on the Company's balance sheet. The Company's valuation techniques for these instruments are considered to be Level 2 fair value measurements. Changes in the fair value of derivative instruments are recognized in earnings.

The Company measures its deferred compensation liabilities based on the fair value of the Company's common stock. The Company's valuation techniques for the common stock are considered to be Level 3 fair value measurements.

(j) Concentrations of Credit Risk

Financial instruments that potentially subject the Company to credit risk include accounts receivable and cash. Accounts receivable are generated under contracts with clients in the United States for temporary labor placement. Credit is extended to clients after an initial evaluation for creditworthiness. The Company maintains its cash balances in one financial institution. The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. The Company generally has funds in excess of \$250,000 deposited with the financial institution.

(k) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

(l) Reclassifications

Certain reclassifications have been made to prior period amounts and disclosures to conform to the presentation in the current year.

In the statement of cash flows the change in the liability related to the long-term incentive plan discussed in note 8 in 2010 was reclassified to deferred compensation expense from incentive compensation expense.

In 2010 and 2009, the restricted shares granted in 2007 were included in the roll-forward of stock options outstanding. Those amounts have now been separately presented in note 10.

(8) Deferred Compensation Plans

(a) “Top Performers” Equity Plan

On August 16, 1999, the Company adopted the Apex “Top Performers” Equity Plan (the rights plan). The rights plan is designed to provide SARs (Stock Appreciation Rights) to selected employees who have demonstrated extraordinary performance records. Contract employees are not covered under the plan. The SARs vest 25% upon the achievement of certain performance criteria and vest 100% upon the earlier of death, disability, or retirement, or the occurrence of a liquidating event, as defined by the rights plan. The Company records expense related to these awards over the expected service period of the participants in the rights plan. If a participant leaves the Company or makes a request to receive a cash payment at any time before the SARs are fully vested, the participant forfeits any rights to the unvested SARs. The rights plan provides for a cash distribution of 25% of the vested amount to participants for SARs held at the time of a participant’s termination, subject to stipulations defined within the plan.
