Cautionary Note Regarding Forward-Looking Statements

This financial supplement contains forward-looking statements. Statements that are not historical facts, including statements about the beliefs, plans or expectations of XL Group plc and its consolidated subsidiaries ("XL"), are forward-looking statements. These statements are based on current plans, estimates and expectations, all of which involve risk and uncertainty. Statements that include the words "expect," "intend," "plan," "believe," "project," "anticipate," "may," "could," or "would" and similar statements of a future or forward-looking nature identify forward-looking statements. Actual results may differ materially from those included in such forward-looking statements and therefore you should not place undue reliance on them. A non-exclusive list of the important factors that could cause actual results to differ materially from those in such forward-looking statements includes (a) changes in the size of XL's claims relating to natural or man-made catastrophe losses due to the preliminary nature of some reports and estimates of loss and damage to date; (b) trends in rates for property and casualty insurance and reinsurance; (c) the timely and full recoverability of reinsurance placed by XL with third parties, or other amounts due to XL; (d) changes in the projected amount of ceded reinsurance recoverables and the credit ratings and credit worthiness of reinsurers; (e) actual loss experience from insured or reinsured events and the timing of claims payments being faster or the receipt of reinsurance recoverables being slower than anticipated; (f) increased competition on the basis of pricing, capacity, coverage terms or other factors such as the increased inflow of third party capital into reinsurance markets, which could harm XL's ability to maintain or increase its business volumes or profitability; (g) greater frequency or severity of claims and loss activity than XL's underwriting, reserving or investment practices anticipate based on historical experience or industry data; (h) the impact of changes in the global financial markets, such as the effects of inflation on XL's business, including on pricing and reserving, increased government involvement or intervention in the financial services industry and changes in interest rates, credit spreads, foreign currency exchange rates and future volatility in the world's credit, financial and capital markets that adversely affect the performance and valuation of XL's investments, future financing activities and access to such markets or general financial conditions; (i) XL's ability to successfully implement its business strategy, including its recent acquisition of Catlin; (j) XL's ability to successfully attract and raise additional third party capital for existing or new investment vehicles; (k) the potential impact on XL of government-mandated insurance coverage for acts of terrorism; (l) changes in ratings and rating agency policies or practices; (m) the potential for changes to methodologies, estimations and assumptions that underlie the valuation of XL's financial instruments that could result in changes to investment valuations; (n) changes to XL's assessment as to whether it is more likely than not that it will be required to sell, or has the intent to sell, available-for-sale debt securities before their anticipated recovery; (o) the availability of borrowings and letters of credit under credit facilities; (p) the ability of XL's subsidiaries to pay dividends to XL Group plc and XLIT Ltd.; (q) the potential effect of legislative or regulatory developments in the jurisdictions in which XL operates, such as those that could impact the financial markets or increase XL's business costs and required capital levels, including but not limited to changes in regulatory capital balances that must be maintained by our operating subsidiaries and governmental actions for the purpose of stabilizing the financial markets; (r) the effects of business disruption, economic contraction or economic sanctions due to global political and social conditions such as war, terrorism or other hostilities, or pandemics; (s) changes in regulators or laws applicable to us or our subsidiaries, brokers or customers; (t) the actual amount of new and renewal business and acceptance of XL's products and services, including new products and services and the materialization of risks related to such products and services; (u) changes in the availability, cost or quality of reinsurance; (v) changes in the distribution or placement of risks due to increased consolidation of insurance and reinsurance brokers; (w) the loss of key personnel and changes in accounting standards, policies or practices or the application thereof; (x) changes in applicable tax laws, tax treaties or tax regulations or the interpretation or enforcement thereof; (y) the effects of mergers, acquisitions and divestitures, including XL's ability to modify its internal controls over financial reporting, changes to its risk appetite and its ability to realize the value or benefits expected, in each case, as a result of such transactions, including the Life Retrocession Arrangements and XL's recent acquisition of Catlin; (z) changes in general economic conditions, including new or continued sovereign debt concerns in Euro-Zone countries or downgrades of US securities by credit rating agencies, which could affect XL's financial condition, results of operations, liquidity or cash flows; (aa) developments related to bankruptcies or other financial concerns of companies insofar as they affect property and casualty insurance and reinsurance coverage or claims that XL may have as a counterparty; (bb) judicial decisions and rulings, new theories of liability or emerging claims coverage issues, legal tactics and settlement terms and (cc) the other factors set forth in XL's reports on Form 10-K, Form 10-Q and other documents on file with the Securities and Exchange Commission. XL undertakes no obligation to update publicly or revise any forward-looking statement, whether as a result of new information, future developments or otherwise, except as required by the federal securities laws.

XL intends to use its website as a means of disclosing material non-public information and for complying with its disclosure obligations under Regulation FD. Such disclosures will be included on the website in the Investor Relations section. Accordingly, investors should monitor such portions of XL's website, in addition to following its press releases, SEC filings and public conference calls and webcasts.

Operating Net Income (Note 6)	\$ 245,797	\$ 194,376	\$ 293,927	\$ 187,088	\$ 279,577

Notes:

- Certain amounts have been reclassified to conform with the current period presentation.
- On May 1, 2014, our wholly-owned subsidiary XL Insurance (Bermuda) Ltd ("XLIB"), entered into a sale and purchase agreement with GreyCastle Holdings Ltd. ("GreyCastle") providing for the sale of 100% of the common shares of XLIB's wholly-owned subsidiary, XL Life Reinsurance (SAC) Ltd ("XLLR"), for \$570 million in cash. This transaction was completed on May 30, 2014. As a result of the transaction, we have ceded the majority of our life reinsurance business to XLLR via 100% quota share reinsurance (the "Life Retrocession Arrangements"). The designated investments that support the Life Retrocession Arrangements, which are written on a funds withheld basis ("Life Funds Withheld Assets"), are included within "Total investments available for sale" and "Fixed maturities, trading at fair value" on our balance sheet. Investment results for these assets - including interest income, unrealized gains and losses, and gains and losses from sales - are passed directly to the reinsurer pursuant to a contractual arrangement which is accounted for as a derivative.
- Earnings are generally lagged by one month for alternative funds and three months for private investment fund affiliates. The fair market values of certain of these alternative investments often take longer to obtain as compared to other investments and are therefore unavailable at the time of quarter close.
- Operating expenses includes approximately \$36.9 million related to the Catlin acquisition. See pages 8 - 10 for split of segment and corporate operating expenses.
- Earnings from operating affiliates are generally lagged by three months as the information is unavailable at the time of quarter close.
- Operating net income is defined as net income (loss) attributable to ordinary shareholders excluding: (1) our net investment income - Life Funds Withheld Assets, net of tax, (2) our net realized (gains) losses on investments sold - excluding Life Funds Withheld Assets, net of tax, (3) our net realized (gains) losses on investments sold (including OTTI) and net unrealized (gains) losses on investments, Trading - Life Funds Withheld Assets, (4) our net realized and unrealized (gains) losses on derivatives, net of tax, (5) our net realized and unrealized (gains) losses on life retrocession embedded derivative and derivative instruments - Life Funds Withheld Assets, (6) our share of items (2) and (4) for XL's insurance company affiliates for the periods presented, (7) our foreign exchange (gains) losses, net of tax, (8) our expenses related to the Catlin acquisition, net of tax, (9) our gain on the sale of our interest in our operating affiliate, ARX, and (10) our loss on sale of life reinsurance subsidiary, XLLR, net of tax. "Operating net income" is a non-GAAP financial measure. For further information see page 46 for Comment on Regulation G.

RETURN ON ORDINARY SHAREHOLDERS' EQUITY

(U.S. dollars in thousands, except share and per share amounts)

Annualized return on average ordinary shareholders' equity excluding average unrealized gains and losses on investments - Operating Net Income (Note 2)	10.0%	9.1%	13.7%	8.6%	12.3%
	At June 30, 2015	At March 31, 2015	At December 31, 2014	At September 30, 2014	At June 30, 2014
Book Value per Ordinary Share					
Closing ordinary shareholders' equity	\$ 12,247,298	\$ 10,244,057	\$ 10,033,751	\$ 9,841,054	\$ 10,034,289
Ordinary shares outstanding (Note 4)	303,932,111	256,723,675	255,222,835	260,289,496	268,351,959
Dilutive impact of stock and options	4,737,655	3,962,693	5,332,159	4,981,507	4,637,744
Diluted shares outstanding	308,669,766	260,686,368	260,554,994	265,271,003	272,989,703
Book value per ordinary share (Note 5)	\$ 40.30	\$ 39.90	\$ 39.31	\$ 37.81	\$ 37.39
Fully diluted book value per ordinary share (Note 5)	\$ 39.68	\$ 39.30	\$ 38.51	\$ 37.10	\$ 36.76
Fully diluted tangible book value per ordinary share (Note 5)	\$ 32.53	\$ 37.60	\$ 36.79	\$ 35.40	\$ 35.09

Notes:

1. Certain amounts have been reclassified to conform with the current period presentation.

2. Unrealized (gain) loss on investments, net of tax is the cumulative impact of mark to market fluctuations on our investment portfolio that have not been realized through sales.

3. Operating net income is defined as net income (loss) attributable to ordinary shareholders excluding: (1) our net investment income - Life Funds Withheld Assets, net of tax, (2) our net realized (gains) losses on investments sold - excluding Life Funds Withheld Assets, net of tax, (3) our net realized (gains) losses on investments sold (including OTTI) and net unrealized (gains) losses on investments, Trading - Life Funds Withheld Assets, (4) our net realized and unrealized (gains) losses on derivatives, net of tax, (5) our net realized and unrealized (gains) losses on life retrocession embedded derivative and derivative instruments - Life Funds Withheld Assets, (6) our share of items (2) and (4) for XL's insurance company affiliates for the periods presented, (7) our foreign exchange (gains) losses, net of tax, (8) our expenses related to the Catlin acquisition, net of tax, (9) our gain on the sale of our interest in our operating affiliate, ARX, and (10) our loss on sale of life reinsurance subsidiary, XLLR, net of tax. "Operating net income" is a non-GAAP financial measure. For further information see page 46 for Comment on Regulation G.

4. Ordinary shares outstanding include all ordinary shares legally issued and outstanding (as disclosed on the face of the balance sheet) as well as all director share units outstanding.

5. Book value per ordinary share, fully diluted book value per ordinary share and fully diluted tangible book value per ordinary share are non-GAAP financial measures. Fully diluted book value per ordinary share represents book value per ordinary share (total shareholders' equity less non-controlling interest in equity of consolidated subsidiaries, divided by the number of outstanding ordinary shares at any period end) combined with the dilutive impact of potential future share issues at any period end. Fully diluted tangible book value per ordinary share is calculated in the same manner as fully diluted book value per ordinary share except that goodwill and intangible assets are excluded from ordinary shareholders' equity. XL believes that fully diluted tangible book value per ordinary share is a financial measure important to investors and other interested parties who benefit from having a consistent basis for comparison with other companies within the industry. However, this measure may not be comparable to similarly titled measures used by companies either outside or inside of the insurance industry.

Gain on sale of operating affiliate	(340,407)	-
Operating Net Income (Note 7)	\$ 440,173	\$ 518,226

Notes:

1. Certain amounts have been reclassified to conform with the current period presentation.
 2. On May 1, 2014, our wholly-owned subsidiary XLIB, entered into a sale and purchase agreement with GreyCastle providing for the sale of 100% of the common shares of XLIB's wholly-owned subsidiary XLLR for \$570 million in cash. This transaction was completed on May 30, 2014. As a result of the transaction, we have ceded the majority of our life reinsurance business to XLLR via the Life Retrocession Arrangements. The Life Funds Withheld Assets are included within "Total investments available for sale" and "Fixed maturities, trading at fair value" on our balance sheet. Investment results for these assets - including interest income, unrealized gains and losses, and gains and losses from sales - are passed directly to the reinsurer pursuant to a contractual arrangement which is accounted for as a derivative.
 3. Earnings are generally lagged by one month for alternative funds and three months for private investment fund affiliates. The fair market values of certain of these alternative investments often take longer to obtain as compared to other of XL's investments and are therefore unavailable at the time of quarter close.
 4. Operating expenses includes approximately \$47.3 million related to the Catlin acquisition. See pages 15 - 16 for split of segment and corporate operating expenses.
 5. Interest expense includes approximately \$14.5 million in bridge financing costs related to the Catlin acquisition.
 6. Earnings from operating affiliates are generally lagged by three months as the information is unavailable at the time of quarter close.
 7. Operating net income is defined as net income (loss) attributable to ordinary shareholders excluding: (1) our net investment income - Life Funds Withheld Assets, net of tax, (2) our net realized (gains) losses on investments sold - excluding Life Funds Withheld Assets, net of tax, (3) our net realized (gains) losses on investments sold (including OTTI) and net unrealized (gains) losses on investments, Trading - Life Funds Withheld Assets, (4) our net realized and unrealized (gains) losses on derivatives, net of tax, (5) our net realized and unrealized (gains) losses on life retrocession embedded derivative and derivative instruments - Life Funds Withheld Assets, (6) our share of items (2) and (4) for XL's insurance company affiliates for the periods presented, (7) our foreign exchange (gains) losses, net of tax, (8) our expenses related to the Catlin acquisition, net of tax, (9) our gain on the sale of our interest in our operating affiliate, ARX, and (10) our loss on sale of life reinsurance subsidiary, XLLR, net of tax.
- "Operating net income" is a non-GAAP financial measure. For further information see page 46 for Comment on Regulation G.

Notes :

- Corporate and Other includes the Company's run-off Life operations.
- Operating expenses exclude corporate operating expenses, shown separately.
- On May 1, 2014, our wholly-owned subsidiary XLIB, entered into a sale and purchase agreement with GreyCastle providing for the sale of 100% of the common shares of XLIB's wholly-owned subsidiary XLLR for \$570 million in cash. This transaction was completed on May 30, 2014. As a result of the transaction, we have ceded the majority of our life reinsurance business to XLLR via the Life Retrocession Arrangements. The Life Funds Withheld Assets are included within "Total investments available for sale" and "Fixed maturities, trading at fair value" on our balance sheet. Investment results for these assets - including interest income, unrealized gains and losses, and gains and losses from sales - are passed directly to the reinsurer pursuant to a contractual arrangement which is accounted for as a derivative.
- The net investment results from structured products include net investment income and interest expense of \$31.1 million and \$20.6 million, respectively.
- Net fee income and other includes operating expenses of \$23.6 million from the Company's loss prevention consulting services business.
- XL records the income related to the alternative funds and to the private investment and operating fund affiliates on a one-month and three-month lag, respectively.
- Operating expenses includes approximately \$47.3 million of deal related costs and \$27.9 million of integration costs resulting from the Catlin acquisition. See pages 8 - 10 for split of segment and corporate operating expenses. See pages 15 - 16 for split of segment and corporate operating expenses.
- Interest expense includes approximately \$14.5 million in bridge financing costs related to the Catlin acquisition and excludes interest expense related to deposit liabilities recorded in the Insurance and Reinsurance segments.
- Natural Catastrophe losses include US Winter storms, Chile Flooding, Storm Niklas, Sydney Hailstorm, and Tropical Cyclone Marcia.

Loss and loss expense ratio excluding net prior year development	65.7%	55.1%	62.5%		
Loss and loss expense ratio excluding net prior year development, natural catastrophe losses and reinstatement premium	64.1%	52.7%	60.7%		

Notes :

- Certain amounts have been reclassified to conform with the current period presentation.
- Corporate and Other includes the Company's run-off Life operations.
- Operating expenses exclude corporate operating expenses, shown separately.
- On May 1, 2014, our wholly-owned subsidiary XLIB, entered into a sale and purchase agreement with GreyCastle providing for the sale of 100% of the common shares of XLIB's wholly-owned subsidiary XLLR for \$570 million in cash. This transaction was completed on May 30, 2014. As a result of the transaction, we have ceded the majority of our life reinsurance business to XLLR via the Life Retrocession Arrangements. The Life Funds Withheld Assets are included within "Total investments available for sale" and "Fixed maturities, trading at fair value" on our balance sheet. Investment results for these assets - including interest income, unrealized gains and losses, and gains and losses from sales - are passed directly to the reinsurer pursuant to a contractual arrangement which is accounted for as a derivative.
- The net investment results from structured products include net investment income and interest expense of \$35.7 million and \$(7.4) million, respectively.
- Net fee income and other includes operating expenses of \$24.5 million from the Company's loss prevention consulting services business.
- XL records the income related to the alternative funds and to the private investment and operating fund affiliates on a one-month and three-month lag, respectively.
- Interest expense excludes interest expense related to deposit liabilities recorded in the Insurance and Reinsurance segments.
- Natural catastrophe losses include US and Canada Storm, Korea Snow storm, European Hailstorm and Q2 US Wind and Thunderstorms.

Notes:

- Certain amounts have been reclassified to conform with the current period presentation.
- On May 1, 2014, our wholly-owned subsidiary XLIB, entered into a sale and purchase agreement with GreyCastle providing for the sale of 100% of the common shares of XLIB's wholly-owned subsidiary XLLR for \$570 million in cash. This transaction was completed on May 30, 2014. As a result of the transaction, we have ceded the majority of our life reinsurance business to XLLR via the Life Retrocession Arrangements. The Life Funds Withheld Assets are included within "Total investments available for sale" and "Fixed maturities, trading at fair value" on our balance sheet. Investment results for these assets - including interest income, unrealized gains and losses, and gains and losses from sales - are passed directly to the reinsurer pursuant to a contractual arrangement which is accounted for as a derivative.

Notes:

1. Certain amounts have been reclassified to conform with the current period presentation.
2. "In Use" data represents accreted values.
3. On September 15, 2014, the \$600 million principal amount outstanding on the 5.25% Senior Notes issued by XLIT Ltd. was repaid at maturity.
4. These subordinated notes were acquired as a result of the combination of Catlin Group Limited.

RECOVERABLE AND REINSURANCE BALANCES RECEIVABLE BY REINSURER

(U.S. dollars in thousands)

	At June 30, 2015 (Unaudited)	At March 31, 2015 (Unaudited)	At December 31, 2014	At September 30, 2014 (Unaudited)	At June 30, 2014 (Unaudited)
Unpaid losses and loss expenses recoverable	\$ 5,155,612	\$ 3,529,331	\$ 3,429,368	\$ 3,431,137	\$ 3,354,273
Reinsurance balances receivable	371,807	118,384	131,519	166,280	149,995
Total recoverable and reinsurance balances receivable (Note 1)	<u>\$ 5,527,419</u>	<u>\$ 3,647,715</u>	<u>\$ 3,560,887</u>	<u>\$ 3,597,417</u>	<u>\$ 3,504,268</u>

The following is an analysis at March 31, 2015 of reinsurers owing more than 3% of the total recoverable and reinsurance balances receivable:

Name of reinsurer	Standard and Poor's Rating	% of Total
GreyCastle Life Reinsurance (SAC) Ltd.	AA/Stable	45.6%
Munich Reinsurance Co.	AA-/Stable	15.2%
Swiss Reinsurance Co.	AA-/Stable	4.5%
Swiss Re Europe S.A.	AA-/Stable	3.4%

"AAA" : Extremely strong capacity to meet its financial commitments, "+" indicating the high end of the main rating and "-" indicating the low end of the main rating. "AAA" is the highest out of nine main ratings.

"AA" : Very strong capacity to meet its financial commitments, "+" indicating the high end of the main rating and "-" indicating the low end of the main rating. "AA" is the second highest out of nine main ratings.

"A" : Strong capacity to meet its financial commitments, "+" indicating the high end of the main rating and "-" indicating the low end of the main rating. "A" is the third highest out of nine main ratings.

Notes:

1. XL had a reserve for potential non-recoveries from reinsurers of \$62.1 million at June 30, 2015, \$54.2 million at March 31, 2015, \$64.4 million at December 31, 2014, \$74.9 million at September 30, 2014 and \$79.1 million at June 30, 2014.

Net Investment Income - Life Funds Withheld Assets (in thousands)	\$ 46,864		\$ 50,419		\$ 53,936		\$ 56,474	

Notes:

- "Total Fixed Income - Investments" includes fixed maturities, short-term investments, invested cash & cash equivalents and net (payables) receivables for investments (purchased) sold.
- The credit rating for each asset reflected above was principally determined based on the weighted average rating of the individual securities from Standard & Poor's, Moody's Investors Service and Fitch Ratings. For U.S. Treasuries, Agencies and Agency Government Guarantee securities, the average rating remains AAA as only one of the three major rating agencies downgraded the U.S. from AAA to AA+ in 2011.

Loss on sale of life reinsurance subsidiary (Note 1)	621,323	621,323	-
Foreign exchange (gains) losses, net of tax	28,541	26,098	2,443
Operating Net Income (Note 5)	\$ 703,010	\$ 518,225	\$ 184,785

Notes:

- On May 1, 2014, our wholly-owned subsidiary XLIB, entered into a sale and purchase agreement with GreyCastle providing for the sale of 100% of the common shares of XLIB's wholly-owned subsidiary XLLR for \$570 million in cash. This transaction was completed on May 30, 2014. As a result of the transaction, we have ceded the majority of our life reinsurance business to XLLR via the Life Retrocession Arrangements. The Life Funds Withheld Assets are included within "Total investments available for sale" and "Fixed maturities, trading at fair value" on our balance sheet. Investment results for these assets - including interest income, unrealized gains and losses, and gains and losses from sales - are passed directly to the reinsurer pursuant to a contractual arrangement which is accounted for as a derivative.
- Earnings are generally lagged by one month for alternative funds and three months for private investment fund affiliates. The fair market values of certain of these alternative investments often take longer to obtain as compared to other of XL's investments and are therefore unavailable at the time of quarter close.
- See page 45 for split of segment and corporate operating expenses.
- Earnings from operating affiliates are generally lagged by three months as the information is unavailable at the time of quarter close.
- Operating net income is defined as net income (loss) attributable to ordinary shareholders excluding: (1) our net investment income - Life Funds Withheld Assets, (2) our net realized (gains) losses on investments sold, net of tax, (3) our Other-than temporary impairments on investments - Life Funds Withheld Assets, (4) our net unrealized (gains) losses on investments, Trading - Life Funds Withheld Assets, (5) our net realized and unrealized (gains) losses on derivatives, net of tax, (6) our net realized and unrealized (gains) losses on life retrocession embedded derivative and derivative instruments - Life Funds Withheld Assets, (7) our share of items (2) and (4) for our insurance company affiliates for the periods presented, (8) our loss on sale of life reinsurance subsidiary, XLLR, net of tax, and, (9) our foreign exchange (gains) losses, net of tax. "Operating net income" is a non-GAAP financial measure. For further information see Comment on Regulation G.

**COMBINED FINANCIAL DATA FOR XL GROUP AND CATLIN GROUP
FOR THE SIX MONTHS ENDED JUNE 30, 2014**

These combined statements do not represent pro-forma statements in accordance with SEC and GAAP guidance - see comment on regulation G

Notes :

- Corporate and Other includes the Company's run-off Life operations.
- Operating expenses exclude corporate operating expenses, shown separately.
- On May 1, 2014, our wholly-owned subsidiary XLIB, entered into a sale and purchase agreement with GreyCastle providing for the sale of 100% of the common shares of XLIB's wholly-owned subsidiary XLLR for \$570 million in cash. This transaction was completed on May 30, 2014. As a result of the transaction, we have ceded the majority of our life reinsurance business to XLLR via the Life Retrocession Arrangements. The Life Funds Withheld Assets are included within "Total investments available for sale" and "Fixed maturities, trading at fair value" on our balance sheet. Investment results for these assets - including interest income, unrealized gains and losses, and gains and losses from sales - are passed directly to the reinsurer pursuant to a contractual arrangement which is accounted for as a derivative.
- The net investment results from structured products include net investment income and interest expense of \$68.0 million and \$(12.9) million, respectively.
- Net fee income and other includes operating expenses of \$50.5 million from the Company's loss prevention consulting services business.
- XL records the income related to the alternative funds and to the private investment and operating fund affiliates on a one-month and three-month lag, respectively.
- Interest expense excludes interest expense related to deposit liabilities recorded in the Insurance and Reinsurance segments.
- Natural Catastrophes include the US and Canada storm, Korea snow storm, European hailstorm, Netherlands & Germany heavy rain and flooding, Mexico Hurricane Odile, India floods, Australia Brisbane Superstorm Cells and several US wind & thunderstorms.

COMMENT ON REGULATION G

XL presents its operations in the way it believes will be most meaningful and useful to investors, analysts, rating agencies and others who use XL's financial information in evaluating XL's performance. This document contains the presentation of (i) operating net income (loss) ("Operating Net Income"), which is except as noted with respect to the XL Catlin combined information presented on page 19 defined as net income (loss) attributable to ordinary shareholders excluding: Operating net income is defined as net income (loss) attributable to ordinary shareholders excluding: (1) our net investment income - Life Funds Withheld Assets, net of tax, (2) our net realized (gains) losses on investments sold - excluding Life Funds Withheld Assets, net of tax, (3) our net realized (gains) losses on investments sold (including OTTI) and net unrealized (gains) losses on investments, Trading - Life Funds Withheld Assets, (4) our net realized and unrealized (gains) losses on derivatives, net of tax, (5) our net realized and unrealized (gains) losses on life retrocession embedded derivative and derivative instruments - Life Funds Withheld Assets, (6) our share of items (2) and (4) for XL's insurance company affiliates for the periods presented, (7) our foreign exchange (gains) losses, net of tax, (8) our expenses related to the Catlin acquisition, net of tax, (9) our gain on the sale of our interest in our operating affiliate, ARX, and (10) our loss on sale of life reinsurance subsidiary, XLLR, net of tax; (ii) annualized return on average ordinary shareholders' equity ("ROE") based on operating net income (loss) ("Operating ROE"); (iii) Operating ROE excluding unrealized gains and losses on investments; (iv) net income (loss) attributable to ordinary shareholders excluding the impact of the Life Retrocession Arrangements and (v) book value per ordinary share (ordinary shareholders' equity divided by the number of shares outstanding at the period end date), fully diluted book value per ordinary share (book value per share combined with the dilutive impact of potential future share issues at any period end), and fully diluted tangible book value per ordinary share (calculated in the same manner as fully diluted book value per ordinary share except that goodwill and intangible assets are excluded from ordinary shareholders' equity). These items are "non-GAAP financial measures" as defined in Regulation G.

Although the investment of premiums to generate income (or loss) and realize capital gains (or losses) is an integral part of XL's operations, the determination to realize capital gains (or losses) is independent of the underwriting process. In addition, under applicable GAAP accounting requirements, losses can be created as the result of other than temporary declines in value and from goodwill impairment charges without actual realization. In this regard, certain users of XL's financial information, including certain rating agencies, evaluate earnings before tax and capital gains to understand the profitability of the operational sources of income without the effects of these two variables. Furthermore, these users believe that, for many companies, the timing of the realization of capital gains and the recognition of goodwill impairment charges are largely a function of economic and interest rate conditions.

Net realized and unrealized (gains) losses on derivatives, net of tax, include all derivatives entered into by XL other than certain credit derivatives and the life retrocession embedded derivative. With respect to credit derivatives, because XL and its insurance company operating affiliates generally hold financial guaranty contracts written in credit default derivative form to maturity, the net effects of the changes in fair value of these credit derivatives are excluded (similar with other companies' treatment of such contracts) as the changes in fair value each quarter are not indicative of underlying business performance.

Net investment income - Life Funds Withheld Assets, net of tax, and net realized (gains) losses on the life retrocession embedded derivative and derivative instruments - Life Funds Withheld Assets, net of tax, have been excluded because, as a result of the Life Retrocession Arrangement, XL no longer shares in the risks and rewards of the underlying performance of the Life Funds Withheld Assets that support these retrocession arrangements. The returns on the Life Funds Withheld Assets are passed directly to the reinsurer pursuant to a contractual arrangement that is accounted for as a derivative. Therefore, net investment income from the Life Funds Withheld Assets and changes in the fair value of the embedded derivative associated with these life retrocession arrangements are not relevant to XL's underlying business performance. In addition, the loss on the sale of life reinsurance subsidiary, net of tax, has been excluded due to the one-time, non-operating nature of this loss.

Foreign exchange (gains) losses in the income statement are only one element of the overall impact of foreign exchange fluctuations on XL's financial position and are not representative of any economic gain or loss made by XL. Accordingly, it is not a relevant indicator of financial performance and it is excluded.

In summary, XL evaluates the performance of and manages its business to produce an underwriting profit. In addition to presenting net income (loss), XL believes that showing operating net income (loss) enables investors and other users of XL's financial information to analyze XL's performance in a manner similar to how management of XL analyzes performance. In this regard, XL believes that providing only a GAAP presentation of net income (loss) would make it much more difficult for users of XL's financial information to evaluate XL's underlying business. Also, as stated above, XL believes that the equity analysts and certain rating agencies that follow XL (and the insurance industry as a whole) exclude these items from their analyses for the same reasons and they request that XL provide this non-GAAP financial information on a regular basis.

Operating ROE is a widely used measure of any company's profitability that is calculated by dividing annualized operating net income for any period other than a fiscal year when actual operating income is used by the average of the opening and closing ordinary shareholders' equity. XL establishes target Operating ROEs for its total operations, segments and lines of business. If XL's Operating ROE targets are not met with respect to any line of business over time, XL seeks to re-evaluate these lines. Operating ROE excluding average unrealized gains and losses on investments is an additional measure of a company's profitability that eliminates the impacts of mark to market fluctuations on a company's investment portfolio that have not been realized through sales, which XL believes provides a more consistent measure of company performance.

In addition, this document presents combined XL Catlin statements that do not represent pro-forma statements in accordance with SEC and GAAP guidance due to the following:

- No purchase accounting (PGAAP) adjustments have been reflected
- The income statement for Catlin is based on the Financial Statements for the six months ended June 2014 published by Catlin Group Ltd in a press release to the London. They are also available on XL Group's website (<http://xl.transactionannouncement.com/>). The figures above reflect the following adjustments to Catlin's published Financial Statements:
- Net Investment return as per Catlin's published Financial Statements has been re-presented as follows;
- Net Investment Income, Net realized gains (losses) on investments sold and Net realized and unrealized gains (losses) on derivative instruments are shown on separate line items
- Net Unrealized Gains and Losses on debt and equity securities have been classified as Available for Sale are no longer recognised in the Income Statement as they are reported in Other Comprehensive Income, in accordance with XLs accounting policy.
- No assessment has been made of Other Than Temporary Losses
- Overrides and Commissions reported within Administrative and Operating Expenses within Catlin's published Financial Statements have been reclassified to acquisition expenses.
- The remaining Administrative and Other Expenses have been included in Operating Expenses and have been allocated to the segments in a manner consistent with XL. The segment information is shown on page 3.
- Commissions reported within Other Income in Catlin's financial statements have been reclassified as Acquisition costs, consistent with XL's treatment of similar income.
- Letters of Credit charges reported within Financing costs in Catlin's Financial Statements have been reclassified as Acquisition costs, consistent with XL's treatment of similar charges.
