

Charter to Merge with Time Warner Cable and Acquire Bright House Networks

Combinations Benefit Shareholders, Consumers and Cable Industry

May 26, 2015

Cautionary Statement Regarding Forward-Looking Statements

Certain statements in this communication regarding the proposed transaction between Charter and Time Warner Cable and the proposed transaction between Bright House and Charter, including any statements regarding the expected timetable for completing the transaction, benefits and synergies of the transaction, future opportunities for the respective companies and products, and any other statements regarding Charter's, Time Warner Cable's and Bright House's future expectations, beliefs, plans, objectives, financial conditions, assumptions or future events or performance that are not historical facts are "forward-looking" statements made within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements are often, but not always, made through the use of words or phrases such as "believe," "expect," "anticipate," "should," "planned," "will," "may," "intend," "estimated," "aim," "on track," "target," "opportunity," "tentative," "positioning," "designed," "create," "predict," "project," "seek," "would," "could," "potential," "continue," "ongoing," "upside," "increases," and "potential" and similar expressions. All such forward-looking statements involve estimates and assumptions that are subject to risks, uncertainties and other factors that could cause actual results to differ materially from the results expressed in the statements. Among the key factors that could cause actual results to differ materially from those projected in the forward-looking statements are the following: the timing to consummate the proposed transactions; the risk that a condition to closing the proposed transactions may not be satisfied; the risk that a regulatory approval that may be required for the proposed transactions is not obtained or is obtained subject to conditions that are not anticipated; Charter's ability to achieve the synergies and value creation contemplated by the proposed transactions; Charter's ability to promptly, efficiently and effectively integrate acquired operations into its own operations; and the diversion of management time on transaction-related issues. Additional information concerning these and other factors can be found in Charter's and Time Warner Cable's respective filings with the SEC, including Charter's and Time Warner Cable's most recent Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K. Charter and Time Warner Cable assume no obligation to update any forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements that speak only as of the date hereof.

Important Information for Investors and Shareholders

This communication does not constitute an offer to sell or the solicitation of an offer to buy any securities or a solicitation of any vote or approval. In connection with the transactions referred to in this material, Charter Communications, Inc. ("Charter"), expects to file a registration statement on Form S-4 with the Securities and Exchange Commission ("SEC") containing a preliminary joint proxy statement of Charter and Time Warner Cable, Inc. ("Time Warner Cable") that also constitutes a preliminary prospectus of Charter. After the registration statement is declared effective, Charter and Time Warner Cable will mail a definitive proxy statement/prospectus to stockholders of Charter and stockholders of Time Warner Cable. This material is not a substitute for the joint proxy statement/prospectus or registration statement or for any other document that Charter or Time Warner Cable may file with the SEC and send to Charter's and/or Time Warner Cable's stockholders in connection with the proposed transactions. INVESTORS AND SECURITY HOLDERS OF CHARTER AND TIME WARNER CABLE ARE URGED TO READ THE PROXY STATEMENT/PROSPECTUS AND OTHER DOCUMENTS FILED WITH THE SEC CAREFULLY AND IN THEIR ENTIRETY WHEN THEY BECOME AVAILABLE BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION. Investors and security holders will be able to obtain free copies of the proxy statement/prospectus (when available) and other documents filed with the SEC by Charter or Time Warner Cable through the website maintained by the SEC at <http://www.sec.gov>. Copies of the documents filed with the SEC by Charter will be available free of charge on Charter's website at charter.com, in the "Investor and News Center" near the bottom of the page, or by contacting Charter's Investor Relations Department at 203-905-7955. Copies of the documents filed with the SEC by Time Warner Cable will be available free of charge on Time Warner Cable's website at <http://ir.timewarnercable.com> or by contacting Time Warner Cable's Investor Relations Department at 877-446-3689.

Charter and Time Warner Cable and their respective directors and certain of their respective executive officers may be considered participants in the solicitation of proxies with respect to the proposed transactions under the rules of the SEC. Information about the directors and executive officers of Charter is set forth in its Annual Report on Form 10-K for the year ended December 31, 2014, which was filed with the SEC on February 24, 2015, and its proxy statement for its 2015 annual meeting of stockholders, which was filed with the SEC on March 18, 2015. Information about the directors and executive officers of Time Warner Cable is set forth in its Annual Report on Form 10-K for the year ended December 31, 2014, which was filed with the SEC on February 13, 2015, as amended April 27, 2015, and its proxy statement for its 2015 annual meeting of stockholders, which was filed with the SEC on May 18, 2015. These documents can be obtained free of charge from the sources indicated above. Additional information regarding the participants in the proxy solicitations and a description of their direct and indirect interests, by security holdings or otherwise, will also be included in any proxy statement and other relevant materials to be filed with the SEC when they become available.

New Charter

In connection with the closing of the transaction with Time Warner Cable, Charter will undergo a tax-free reorganization that will result in a current subsidiary of Charter, CCH I, LLC ("New Charter") becoming the new holding company owning 100% of Charter. The terms Charter and New Charter are used interchangeably throughout this presentation.

Transactions Overview¹⁾

Charter to acquire Time Warner Cable (“TWC”) for \$195.71 per share

\$100.00 in cash¹⁾

+ \$95.71 in New Charter stock, equivalent to 0.5409 Charter shares¹⁾

= \$195.71 per TWC share

Offer equates to TWC enterprise value of \$78.7 billion

- \$56.7 billion equity valuation + \$22.7 billion net debt, less \$0.7 billion equity investments
- EV/2015 TWC estimated Adj. EBITDA = 9.1x¹⁾, 8.3x adj. for synergies and tax benefits
- TWC shareholders to own 44% of New Charter¹⁾

Charter to acquire Bright House Networks (“BHN”) for \$10.4 billion

- Purchase price = 7.6x 2014 pro forma BHN EBITDA; < 6.5x incl. synergies and tax benefits; closing conditioned on sale of Time Warner Cable to Charter (or another party in certain circumstances)
- Consideration: \$2.0 billion in cash, \$2.5 billion of convertible preferred partnership units, and \$5.9 billion of common partnership units

Commitment from two of cable industry’s most successful long term investors

- Liberty Broadband (“Liberty”) to invest \$5.0 billion²⁾; will own 19% of New Charter¹⁾
- Advance/Newhouse (“A/N”) to own 13% of New Charter

1) See slide 13 for additional details.

2) \$4.3 billion to be invested at equivalent of \$176.95 per share and represents Charter’s closing price on May 20, 2015. \$700 million to be invested at equivalent of \$173.00, as previously announced on March 31, 2015 as part of the Charter-A/N transaction.

Superior Value Creation For All Shareholders

Accelerate growth by building on TWC momentum and Charter operating strategy

- Combine TWC's recent operating momentum with Charter's proven track record of investing in, and offering, highly competitive products to drive growth
- Continue to remove analog signals in TWC and Bright House networks to free capacity to offer faster Internet products, more HD content and other advanced products

Greater scale and enhanced footprint drives competitiveness and innovation

- Enhances sales, marketing and branding capabilities vs. national competitors
- Scale enables and accelerates product development and innovation
- New footprint provides larger opportunity to compete in medium/large commercial market

Cost synergies, levered and tax-efficient equity returns

- Unlock value through cost synergies inherent in Charter's operating model, and via combined purchasing and elimination of duplicate costs
- Transaction structure designed to provide long-dated and low-cost financing, and enable unified operations which achieves operating cost and tax objectives
- Moderate leverage at closing to facilitate transaction and significant tax assets offer attractive equity returns

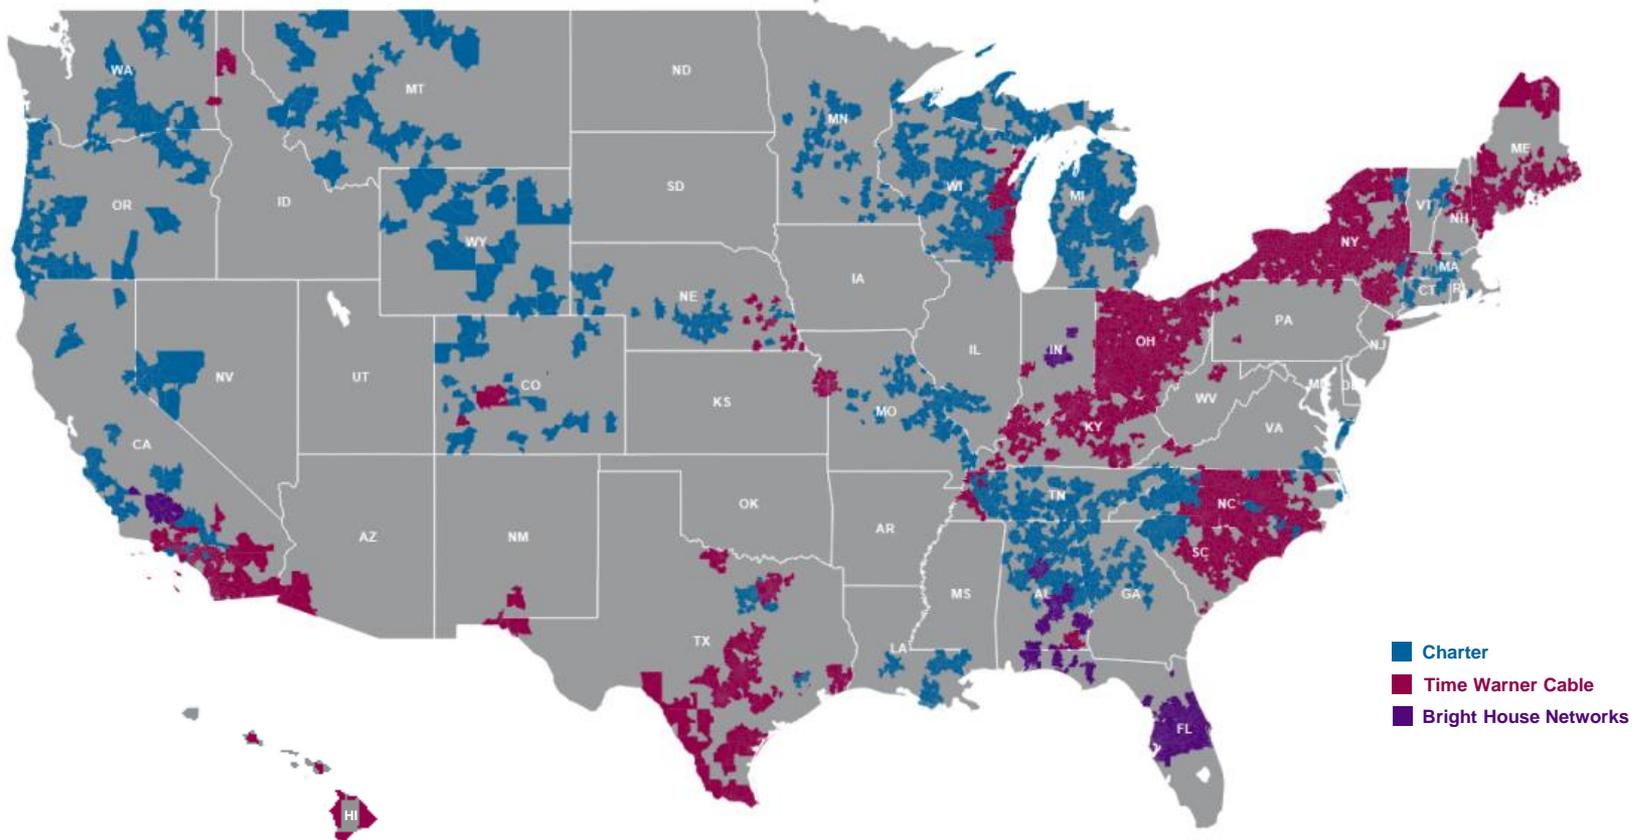

Combined Footprint

48 million passings

24 million customer relationships

9 of top 25 DMAs

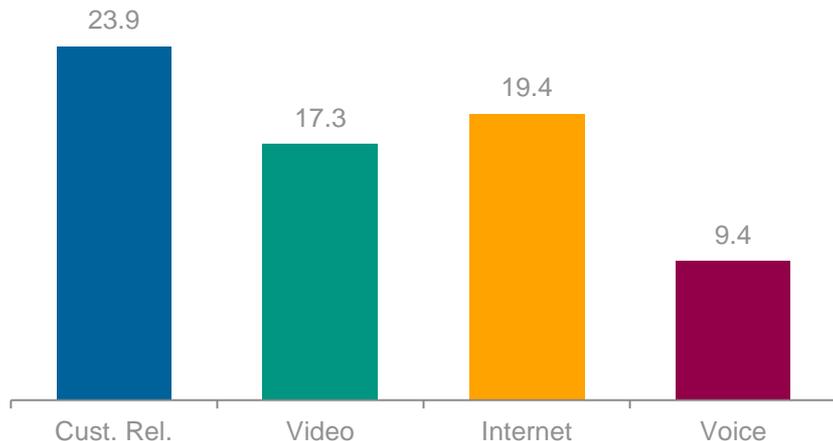

Improved operating footprint with better marketing and service capabilities

Combination in Best Interest of All Stakeholders

A win for consumers and commercial customers

- Continued network investments will drive faster broadband speeds, better video products and more competition
- Scale will drive greater product innovation, bringing new and advanced services to consumers
- Investments in insourcing will drive better customer service, higher customer satisfaction
- Medium and large commercial customers will have access to better products, services and enterprise solutions

Offers significant benefits to employees and vendors

- Charter's commitment to superior products and customer service, and its strategy of investing in insourcing, drives opportunities for all employees
- Drives incentives for vendors to invest in, and develop new technologies, business lines and alternative video programming platforms

Robert D. Marcus

Chairman and CEO, Time Warner Cable

TWC is a Unique Asset and Perfect Fit with Charter

Unique opportunity to create the leading pure play cable operator

- Leverages complementary strengths of the three companies – as well as our common philosophy of strong operations, excellent products, robust network investment and putting customers first
- High quality, well-clustered assets with extensive geographic reach in attractive markets
- Combination will drive greater consumer value, higher penetration, and faster revenue and cash flow growth

Time Warner Cable offers meaningful operating momentum to combined entity

- TWC's investments have contributed to meaningful operational momentum in the last year
- TWC Maxx – which includes all digital, broadband speed increases and better reliability and service – is complete in New York, Los Angeles and Austin, with additional market upgrades underway, driving better products and services

Attractive valuation and strategically beneficial for TWC shareholders

- TWC shareholders to hold 44% of New Charter equity¹⁾ and participate in a fast growing cable organization with significant operating and financial upside

Combination Drives Significant Upside for Shareholders

Driving customer and revenue growth

- Strategy of delivering superior products at attractive, simple and consistent price points drives growth
- Deeper household product penetration increases revenue per household with more value to customer, and extends customer lifetimes
- Highly competitive product and service enables manageable promotional rate step-ups and rate discipline

Unlocking value via cost synergies and tax benefits

- Cost synergies inherent in simple, uniform operating practices and pricing & packaging – designed to improve service, promote growth and create operating leverage
- Est. annual run rate cost synergies of \$800 million; likely higher among 3 companies
- Combined purchasing, overhead, product development, engineering and IT will also generate opex and capex synergies

Margin expansion

- Margin expansion results from greater revenue per relationship and passing, and investment in high quality service to reduce service transactions and costs
- New Charter will have the scale to lower costs and significantly improve margins

Bright House Transaction Accretive to CHTR and TWC Shareholders

BHN – A Flagship Cable Asset

- Largest cable operator in Tampa and Orlando – attractive, growing areas; both top 20 DMAs
- Best in class infrastructure – highly standardized, converged metro, regional and backbone IP networks
- 99.5% of network ≥ 750MHz; first provider of all fiber Gigabit communities in Florida
- BHN customer satisfaction scores among the highest in the industry
- 54% total customer relationship penetration and 39% residential triple-play penetration contributes to attractive cash flow profile

Rationale and Benefits

- Enhances scale and footprint – ~2 million video customers in complete, growing markets
- Attractive purchase price of 7.6x 2014 pro forma EBITDA; 6.5x net of tax benefits and synergies
- Provides strategic and financial flexibility
- Partnership structure with significant tax benefits
- New investment from long-term cable investors

Commitment from two of cable industry's most successful long term investors – Liberty investing additional \$5.0 billion to own 19%¹⁾ of New Charter and Advance/Newhouse will own 13% of New Charter

1) Liberty and LIC holding TWC shares have agreed to only take New Charter stock as consideration. \$4.3 billion to be invested at equivalent of \$176.95 per share and represents Charter's closing price on May 20, 2015. \$700 million to be invested at equivalent of \$173.00, as previously announced on March 31, 2015 as part of the Charter-A/N transaction.
2) Estimated cash on balance sheet from Charter and TWC.

Financing

- Committed financing fully funds cash portions of TWC and Bright House transactions
- Pro forma entity will leave Charter and TWC existing debt structures in place, without creating separately managed business silos
- Structure expected to maintain TWC investment grade rating; equal and ratable security to TWC bondholders
- Estimated pro forma leverage at close of 4.5x; growth profile will drive rapid delevering
- Target leverage: Lower end of 4-4.5 times; +/- half turn for strategic opportunities

Combined company will delever quickly to target leverage and provides attractive levered equity returns on a growth company with significant tax assets

1) Estimated year end 2015 Charter debt of \$13.9 billion divided by 2015 Charter estimated adjusted EBITDA of \$3.4 billion as per Bloomberg consensus as of May 22, 2015.

2) Assumes total pro forma entity adjusted EBITDA of \$13.8 billion, including, 2015 Charter estimated adjusted EBITDA of \$3.4 billion and 2015 TWC adjusted EBITDA of \$8.3 billion based on Bloomberg consensus as of May 22, 2015 and adjusted for \$150 million of estimated TWC equity based compensation. Bright House 2015 adjusted EBITDA estimated at \$1.4 billion. Total pro forma entity adjusted EBITDA also adjusted for \$500 million leverageable first year synergies.

3) Based on \$65.7 billion of net debt pro forma for the TWC and Bright House transactions, divided by 2015 total pro forma entity adjusted EBITDA of \$13.8 billion.

Tax Assets are Preserved and Enhanced

Benefit from enhanced NOL usage

- Current NPV of \$3 billion of existing Charter NOLs enhanced by over \$400 million, as they will be applied to larger base of operating income
- Outsized tax basis of \$9.1 billion as of 12/31/14 remain intact; likely section 382 ownership change, not expected to impact value of NOLs on an NPV basis
- Value of existing NOLs benefit Charter/TWC shareholders only, until A/N's conversion of partnership units into New Charter stock

Tax receivables agreement with Advance/Newhouse drives additional value

- New Charter will receive additional tax basis step-up upon any future A/N's conversion of partnership units into New Charter stock
- New Charter retains 50% of the cash tax savings value associated with the tax basis step-up received if and when A/N exchanges partnership units for shares in New Charter
- A/N compensated on 50% of the net cash tax savings value associated with the tax basis step-up received by Charter, on a with and without FIFO basis, when the step-up benefits are used by Charter

Governance Structure

Board representation and structure

- 13 directors at closing
- A/N designates 2 directors and Liberty designates 3 directors

Proxy and voting

- For 5 years after closing, A/N to grant Liberty a proxy, capped at 7%, giving Liberty total voting power of up to 25.01%; proxy excludes votes on certain matters
- A/N voting cap of 23.5%, increased 1:1, to max 35%, to the extent Liberty ownership falls permanently below 15%
- Liberty voting cap greater of:
 - 25.01% and 0.01% above highest voting % of any other person and
 - 23.5%, increased 1:1, to max 33.5%, if A/N ownership is permanently below 15%

Preemptive rights

- A/N and Liberty receive preemptive rights to maintain certain ownership thresholds
- Liberty ownership capped at the greater of 26% and its voting cap. A/N capped at the greater of its ownership percentage at closing, 25% and its voting cap
- Liberty and A/N required to participate in any share repurchase so as not to exceed their respective ownership caps, and transfer rights are generally restricted

Regulatory Discussion

Consumers will benefit from a broadband service that makes watching online video, gaming, etc. a great experience – including at peak times – for a great value

- Charter's slowest speed tier (60 Mbps downstream) is considerably faster and less expensive than TWC's comparable tiers, with no data caps or usage based pricing
- Charter will bring these products and pricing to TWC and BHN customers, while embracing TWC's and BHN's rollouts of a 300 Mbps tier
- Charter will continue to invest in interconnection to minimize likelihood of congestion
- Regardless of Title II litigation, we have no plans to block, throttle or engage in paid prioritization because our customers demand an open Internet

We will deliver superior customer care, adding U.S. jobs

- Charter has added 7,000 new jobs since 2012, most of which have been in customer service fields
- New Charter will bring TWC's customer care jobs back from overseas, too, training new employees to provide superior service while adding jobs to the U.S. economy
- New Charter will build on BHN's reputation for quality customer service

Regulatory Discussion

New Charter will increase facilities-based broadband competition

- New Charter will expand its broadband offerings for consumers by investing significantly in out of home WiFi, building on what TWC and BHN have already accomplished
- We will invest significantly in building out our optical network beyond our existing footprint to inject much needed competition in the commercial markets

New Charter will not have market power in high speed broadband or video

- Transaction does not reduce any competition in any market
- The combined entities today estimated to serve less than 30% of broadband customers receiving 25 Mbps or greater speeds nationwide
- Similarly, New Charter will serve only about 17% of MVPD subscribers nationwide
- Charter owns no programming interests
- New Charter will have the largest cable presence in only 5 of the top 20 DMAs. The transaction does not change this metric, as TWC and BHN are already affiliated, and Charter isn't the largest operator in any of the top 20 DMAs.

New Charter will be a strong competitor and be a leader in developing open non-proprietary technical standards, prices and industry practices

Appendix

Use of Non-GAAP Financial Metrics

The Company uses certain measures that are not defined by Generally Accepted Accounting Principles (“GAAP”) to evaluate various aspects of its business. Adjusted EBITDA, *pro forma* adjusted EBITDA, adjusted EBITDA less capital expenditures, and free cash flow are non-GAAP financial measures and should be considered in addition to, not as a substitute for, net income (loss) or cash flows from operating activities reported in accordance with GAAP. These terms, as defined by Charter, may not be comparable to similarly titled measures used by other companies. Adjusted EBITDA is reconciled to net income (loss) and free cash flow is reconciled to net cash flows from operating activities in the appendix of this presentation.

Adjusted EBITDA is defined as net income (loss) plus net interest expense, income taxes, depreciation and amortization, stock compensation expense, loss on extinguishment of debt, (gain) loss on derivative instruments, net and other operating expenses, such as merger and acquisition costs, special charges and (gain) loss on sale or retirement of assets. As such, it eliminates the significant non-cash depreciation and amortization expense that results from the capital-intensive nature of the Company's businesses as well as other non-cash or special items, and is unaffected by the Company's capital structure or investment activities. However, this measure is limited in that it does not reflect the periodic costs of certain capitalized tangible and intangible assets used in generating revenues and the cash cost of financing. These costs are evaluated through other financial measures.

Free cash flow is defined as net cash flows from operating activities, less purchases of property, plant and equipment and changes in accrued expenses related to capital expenditures.

Management and the Company's Board use adjusted EBITDA and free cash flow to assess Charter's performance and its ability to service its debt, fund operations and make additional investments with internally generated funds. In addition, adjusted EBITDA generally correlates to the leverage ratio calculation under the Company's credit facilities or outstanding notes to determine compliance with the covenants contained in the credit facilities and notes (all such documents have been previously filed with the United States Securities and Exchange Commission). For the purpose of calculating compliance with leverage covenants, we use adjusted EBITDA, as presented, excluding certain expenses paid by our operating subsidiaries to other Charter entities. Our debt covenants refer to these expenses as management fees which fees were in the amount of \$76 million and \$64 million for the three months ended March 31, 2015 and 2014, respectively.

For a reconciliation of adjusted EBITDA to the most directly comparable GAAP financial measure, see slide 26.

- Adjusted EBITDA is defined as net loss plus net interest expense, income taxes, depreciation and amortization, stock compensation expense, (gain) loss on derivative instruments, net, and other operating expenses, such as merger and acquisitions costs, special charges and (gain) loss on sale or retirement of assets. As such, it eliminates the significant non-cash depreciation and amortization expense that results from the capital-intensive nature of our businesses as well as other non-cash or non-recurring items, and is unaffected by our capital structure or investment activities.
- S-X Pro Forma Adjustments are (i) directly attributable to the Bright House transaction, (ii) factually supportable, and (iii) expected to have continuing impact on the combined results of pro forma Charter as permitted under regulation S-X.
- The above schedules are presented in order to reconcile adjusted EBITDA, a non-GAAP measure, to the most directly comparable GAAP measure in accordance with Section 401(b) of the Sarbanes-Oxley Act.
