Shareholder Engagement

We believe that building positive relationships with our shareholders is critical to our long-term success. For this reason, we spend significant time meeting with our shareholders, listening to their concerns and responding to their feedback. Over the past year, management engaged with our largest shareholders, representing in aggregate approximately 40% of our outstanding shares, on our corporate governance practices, including the proxy access right recently adopted by the Board. In addition, our management team regularly offers shareholders the opportunity to discuss our quarterly results and other topics of interest to shareholders. We value our relationship with our shareholders and believe that we strengthen our ability to lead the Company by constructively discussing our business and strategy.

We were pleased that our shareholders overwhelmingly approved the non-binding advisory vote on our executive compensation in 2015, as approximately 97% of votes cast were voted in favor of the proposal. Nevertheless, we continue to examine our executive compensation program to assure alignment between the interests of our executive officers and our shareholders.

You must have an admission ticket, as well as a form of government-issued photo identification, in order to be admitted to the annual meeting. For instructions on requesting admission tickets, see page 65 of this proxy statement.

Record Date

At the close of business on March 18, 2016, the record date for the annual meeting, there were 262,659,946 shares of our common stock outstanding and entitled to vote at the annual meeting.

Quorum

In order for business to be conducted at the annual meeting, 25% of the votes entitled to be cast on a matter, represented in person or by proxy, must be present.

Vote Required

You will have one vote for each share held. Shares of our common stock represented by properly executed proxies will be voted at the annual meeting in accordance with the choices indicated on the proxy. Abstentions on a specific proposal will be considered as present at the annual meeting and will be counted for purposes of determining whether a quorum is present, but will have no effect on the outcome of any proposal.

If you provide specific voting instructions, your shares will be voted as you instruct. **If you sign, date and return your proxy card, but do not provide instructions, your shares will be voted:**

- **FOR the election of each director nominee (Proposal 1),**
- **FOR the ratification of the appointment of the independent registered public accounting firm for 2016 (Proposal 2),**
- **FOR the approval of the compensation of our Named Executive Officers (Proposal 3), and**

Each proposal at the annual meeting will be approved only if the proposal receives more votes "for" than "against." If your shares of our common stock are held in street name, and you do not provide your broker with voting instructions, your broker has the discretion to vote your shares of common stock for or against Proposal 2 only, the ratification of the appointment of our independent registered public accounting firm, and not any of the other proposals. If your broker does not have discretion to vote your common stock without your instructions, this is referred to as a "broker non-vote." Broker non-votes will not be considered as votes cast on, and will have no effect on the outcome of, Proposals 1, 3 and 4.

Governance of the Company

Our business is managed under the direction of the Board. The Board has responsibility for establishing broad corporate policies and for our overall performance. We believe that the only results worth achieving are those achieved with integrity and a commitment to excellence. Accordingly, we have long recognized the importance of and have always placed a high priority upon having good corporate governance measures in place.

Board Leadership Structure

The Board has the flexibility to establish a leadership structure that works best for the Company at a particular time and reviews that structure periodically. At times during our past, the positions of Chair of the Board and Chief Executive Officer (“CEO”) have been held by two different people and, at other times, the positions have been combined and held by the same person. The Board believes that it is important to implement an effective and efficient leadership structure that provides stability, while maintaining strong oversight of management, given the anticipated developments over the next year, including the proposed acquisition of Cigna. As a result, in December 2015, the Board appointed Joseph R. Swedish as the Chair of the Board and combined the Chair and CEO roles. In doing so, the Board considered Mr. Swedish’s extensive experience in the health care industry and his oversight of our growth, financial performance and strategy since he was elected as our CEO in March 2013.

Our Corporate Governance Guidelines require that our independent directors elect a Lead Director annually when the positions of Chair and CEO are filled by the same person or when the Chair is not an independent director. The Board elected George A. Schaefer, Jr. to serve as the Lead Director in December 2015. The Lead Director presides at meetings of the Board and shareholders in the Chair’s absence, presides at all meetings of the independent directors (which are scheduled at each in-person Board meeting), serves as a liaison between the Chair and the independent directors, approves information sent to the Board, approves Board schedules and meeting agendas, has the authority to call additional meetings of the Board and the independent directors and is available for consultation and direct communication, if requested, with major shareholders. The Board also recognizes the important leadership roles played by the chairpersons of each of the committees of the Board. The Board evaluates its leadership structure from time to time and changes it as circumstances warrant.

Board Role in Risk Oversight

Our Board of Directors oversees the risk management processes that have been designed, and are implemented by our executives, to determine whether those processes are functioning as intended and are consistent with our business and strategy. The Board oversees our exposure to major enterprise risks and, with the assistance of the Audit Committee, oversees the processes by which we assess, monitor and manage our exposure to major risks. The Board reviews and approves certain risk tolerance levels and action plans regarding major risks. In addition to the responsibilities delegated to the Audit Committee, the Board delegates to its committees responsibility for assisting in the oversight of categories of risk within their areas of responsibility. See also “Executive Compensation — Assessment of Compensation-Related Risks” in this proxy statement for a description of the Compensation Committee’s role in overseeing compensation-related risks. A description of the enterprise risks facing us is included in Part I, Item 1A “Risk Factors” in our 2015 Annual Report on Form 10-K.

In addition to its oversight of certain risks as delegated by the Board of Directors, the Audit Committee is specifically tasked with the following as it relates to enterprise risk management activities:

- Review the appointment, promotion or dismissal of the Chief Risk Officer, who serves as the head of the internal enterprise risk management function;
- Review and discuss our enterprise risk management framework, processes and governance structure;
- Review and discuss our major financial risk exposures, and any other categories of risk delegated by the Board to the Audit Committee from time to time, and the steps management has taken to assess, monitor and manage such exposures; and
- Discuss the responsibilities, budget and staffing of our enterprise risk management function.

Governance of the Company (continued)

We have an Enterprise Risk Council to oversee our enterprise risk management activities. The Enterprise Risk Council is comprised of members of our executive leadership team and the Chief Risk Officer. Roles and responsibilities of the Enterprise Risk Council include:

- Drive an effective enterprise risk management culture;
- Continually evaluate and bring forward emerging risk insight;
- Review and approve risk tolerance levels (subject to Board review and approval where appropriate);
- Act on risk tolerance breaches;
- Engage with the Chief Audit Executive to ensure appropriate two-way communication regarding our enterprise risks;
- Review the Master Audit Plan to ensure there is appropriate coverage of the highest risk areas;
- Review and approve the evaluation and prioritization of enterprise risks;
- Review enterprise action plans against risks;
- Review and approve the policies and procedures for monitoring and mitigating enterprise risks, as well as any required regulatory filings; and
- Review and support resource requirements (subject to Board review where appropriate).

The Chief Risk Officer provides quarterly updates of enterprise risk management activities conducted through the Enterprise Risk Council to the Board of Directors and/or the Audit Committee, including separate executive sessions with the Audit Committee.

Policies on Corporate Governance

Our corporate governance policies reflect our goal of adopting best practices to promote a high level of performance from the Board and management. We believe our corporate governance practices promote the long-term interests of our shareholders and strengthen Board and management accountability.

Among the practices we adhere to are the following:

- Annual review of our corporate governance documents for compliance with their terms and enhancements to improve corporate governance;
- Majority voting for the election of directors in uncontested elections, with directors who fail to receive the required majority vote required to tender their resignation for consideration by the Board;
- Recently adopted proxy access for shareholder-nominated director nominees (based on feedback received during the engagement process with our largest shareholders);
- Elimination of all supermajority voting requirements in our Articles of Incorporation;
- Opted out of the Indiana Control Share Acquisitions Statute;
- Eight of our nine current directors are "independent" under all applicable standards;
- Independent Audit, Compensation and Governance Committees;
- Executive sessions between independent directors without management present at every in-person Board meeting;
- Independent Lead Director who is elected annually by the independent directors;
- Rotation of lead partner of our independent registered public accounting firm at least every five years;
- Board and its Committees have the authority to engage consultants and advisors at our expense;
- Annual performance evaluations by the Board and its standing committees and periodic director peer evaluations;
- Individuals cannot stand for election as a director if 72 years of age or older;
- Prohibition on service by independent directors on more than three other public company boards;
- Several avenues for shareholders to communicate with the Board and management, including periodic investor days and earnings release conference calls and webcasts, dedicated email addresses for the Board and for Committee chairs, and specific outreach to shareholders initiated by us or in response to engagement requests;
- Our Board composition is diverse in gender, race, age, geographic location, experience and skills;
- Average director tenure was approximately 8 years at December 31, 2015;
- The Board encourages directors to participate in continuing education programs and reimburses directors for the expenses of such participation;

Governance of the Company (continued)

- Recoupment policy to recover incentive compensation payments from our executive officers in the event of a restatement of our financial statements due to misconduct;
- Prohibition on tax gross-ups on payments made in connection with a change in control or on perquisites, subject only to honoring contractual requirements when assuming agreements upon a merger or other business combination;
- Prohibition on short sales, hedging transactions and pledges of Company stock by our executive officers, associates and the Board;
- Standards of Ethical Business Conduct applicable to our Board, executive officers and associates; and
- Significant stock ownership guidelines that align our executives' interests with those of shareholders.

Due to existing contractual obligations with the Blue Cross and Blue Shield Association ("BCBSA"), we are required to maintain a classified board structure. However, our Corporate Governance Guidelines provide that, if the BCBSA requirement for a classified board structure is eliminated or is no longer applicable to us, the Board will submit amendments to our Articles of Incorporation recommending approval by the shareholders at the next annual shareholder meeting occurring after the elimination of the requirement, which amendments would eliminate the classified board structure and phase in the annual election of all Directors over a three-year period. If the shareholders approve the amendments to our Articles of Incorporation to eliminate the classified board structure as set forth above, the Board will thereafter amend our By-Laws and other governing documents to implement the elimination of our classified board structure as provided in the Board policy.

Current versions of our Articles of Incorporation, By-Laws, Corporate Governance Guidelines, Standards of Ethical Business Conduct, and the charter of each standing committee of the Board are available on our website at www.antheminc.com under "Investors — Corporate Governance — Governance & Corporate Documents."

We will continue to assess and refine our corporate governance practices and share them with you.

Board and Committee Membership

As reflected in our Corporate Governance Guidelines, our business, property and affairs are managed under the direction of our Board. Members of our Board stay informed of our business through discussions with our CEO and other officers, by reviewing materials provided to them, by visiting our offices, by participating in meetings of the Board and its committees and through their own industry knowledge and inquiries.

Director Independence

Our Board has adopted standards to assist it in making determinations of independence and whether or not a director or director nominee has a material relationship with us. These standards are available on our website at www.antheminc.com under “Investors — Corporate Governance — Governance & Corporate Documents.” Our Board has determined that all of our directors and director nominees, other than Mr. Swedish, meet these standards, have no material relationship with us and are “independent” as defined by the New York Stock Exchange (“NYSE”) listing standards and the rules of the Securities and Exchange Commission (“SEC”).

Meetings and Committees of the Board

During 2015, the Board held 23 meetings. The non-employee directors met in executive session without management at all in-person meetings. Our Board committees also conduct executive sessions that are presided over by the Chairperson of the respective committee. Each director attended at least 75% of the total meetings of the Board and each committee on which he or she served.

There are four standing committees of the Board. From time to time, the Board, in its discretion, may form other committees. The following table provides membership information for each of the Board standing committees as of March 1, 2016.

□ Committee Member * Lead Director ** Chair of the Board

Set forth below are the primary responsibilities of each of the standing committees as described more fully in their charters, which are available on our website at www.antheminc.com under “Investors — Corporate Governance — Governance & Corporate Documents.”

Audit Committee

The Audit Committee represents and assists the Board in its oversight of our accounting, financial reporting and internal audit controls and procedures. In its oversight of our financial statements and the independent audit thereof, the Audit Committee is responsible for the selection, evaluation and, where deemed appropriate, replacement of the independent registered public accounting firm, and for the evaluation of the independence of the independent registered public accounting firm. The Audit Committee is also directly involved in the selection of the auditor’s lead engagement partner.

The Audit Committee is also responsible for the oversight of our Compliance Program and Standards of Ethical Business Conduct, as well as assisting the Board in overseeing the processes by which we assess, monitor and manage our exposure to major risks. The Chief Compliance Officer facilitates our compliance program and reports independently to the Audit Committee. The Audit Committee regularly receives a detailed report from the Chief Compliance Officer

Board and Committee Membership (continued)

regarding our compliance program activities. See “Audit Committee Matters — Audit Committee Report” and “Governance of the Company — Board Role in Risk Oversight.” The Audit Committee also is responsible for reviewing, at least annually, our political strategy, contributions and activities and overseeing compliance with our policies and procedures regarding political contributions and activities.

The Audit Committee met eight times during 2015. The Audit Committee met separately, generally at each in-person meeting during 2015, with executive management (including the General Counsel), the head of internal audit, the Chief Risk Officer, the Chief Compliance Officer and the independent registered public accounting firm. The Board has determined that each of the members of the Audit Committee is “independent” as defined by the rules of the SEC and the NYSE listing standards and that each of the members is an “audit committee financial expert” as defined by the SEC’s rules.

Compensation Committee

The Compensation Committee assists the Board in discharging its responsibilities relating to compensation and benefits provided to our executive officers (which are determined by the Compensation Committee in its sole discretion), including conducting an assessment of the risks related to our compensation policies and practices. See “Executive Compensation — Assessment of Compensation-Related Risks.” The Compensation Committee sets the compensation level of our CEO and other executive officers based on an evaluation of the executive’s performance in light of our goals and objectives. The Compensation Committee may take into consideration when setting the compensation levels of the executive officers (other than the CEO) any recommendations of the CEO with respect to the other executive officers.

In addition, the Compensation Committee has engaged directly an outside compensation consultant to assist in the evaluation of CEO and executive officer compensation, as authorized under its charter. The Compensation Committee has engaged Semler Brossy Consulting Group, LLC (“Semler Brossy”) to provide executive compensation consulting services. Semler Brossy reports directly to the Compensation Committee, participates regularly in Committee meetings and advises the Committee with respect to compensation trends and best practices, plan design and the reasonableness of individual compensation awards. Semler Brossy does not provide any other services to the Company. The Compensation Committee assessed the independence of Semler Brossy pursuant to, and based on the factors set forth in, the SEC’s and NYSE’s rules and concluded that no conflict of interest exists that would prevent Semler Brossy from independently advising the Compensation Committee.

The Compensation Committee met five times during 2015. All members of the Compensation Committee are “outside directors” within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Tax Code”), “non-employee directors” within the meaning of Section 16b-3 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) and “independent” within the meaning of the NYSE listing standards.

Compensation Committee Interlocks and Insider Participation

None of the Compensation Committee members is or has been an officer or employee of the Company or was involved in a relationship requiring disclosure as an interlocking director or under Item 404 of Regulation S-K.

Governance Committee

The Governance Committee assists the Board in discharging its responsibilities relating to Board composition, director compensation and corporate governance by identifying and recommending individuals for nomination as members of the Board, recommending to the Board the overall director compensation policy and developing and recommending to the Board a set of corporate governance guidelines. The Governance Committee has engaged directly Compensation Advisory Partners, LLC (“CAP”), an outside compensation consultant, to assist in the evaluation of director compensation, as authorized under its charter. CAP reports directly to the Governance Committee. During 2015, CAP advised the Committee with respect to director compensation trends and best practices, plan design and the reasonableness of director compensation. CAP does not provide any other services to the Company. The Governance Committee assessed the independence of CAP pursuant to, and based on the factors set forth in, the SEC’s and NYSE’s rules and concluded that no conflict of interest exists that would prevent CAP from independently advising the Governance Committee.

Board and Committee Membership (continued)

The Governance Committee met four times during 2015. The Board has determined that each of the members of the Governance Committee is “independent” as defined by the NYSE listing standards.

Shareholder Recommendations

The Governance Committee considers and recommends candidates for the Board. It reviews all nominations submitted to the Company as described below under “Identifying and Evaluating Nominees for Directors,” including individuals nominated by shareholders to be included in our proxy statement. In evaluating such nominations, the Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board and to address the membership criteria set forth under “Director Qualifications.” Any shareholder recommendations proposed for consideration by the Governance Committee must include the nominee’s name and qualifications for Board membership and must be addressed to our Secretary at Anthem, Inc., 120 Monument Circle, Mail No. IN0102-B381, Indianapolis, Indiana 46204. Following verification of the shareholder status of persons recommending director candidates, recommendations are aggregated and considered by the Governance Committee at a regularly scheduled meeting. If any materials are provided by shareholders in connection with the recommendation of a director candidate, such materials are forwarded to the Governance Committee.

In addition, any shareholder who wishes to nominate a director candidate at our annual meeting or for inclusion in our proxy statement may do so by following the procedures and providing the information set forth in “Shareholder Proposals and Nominations for Next Year’s Annual Meeting” beginning on page 65 and in Sections 1.5, 1.6 and 1.16 of our By-Laws. Our By-Laws are available on our website at www.antheminc.com under “Investors — Corporate Governance — Governance & Corporate Documents.” Any materials provided by shareholders in connection with the nomination of a director candidate are forwarded to the Governance Committee. Following verification of the shareholder status of persons nominating director candidates and verification that any other required information has been properly submitted by such persons, nominations are reviewed and discussed by the Governance Committee and the Board at a regularly scheduled meeting.

Identifying and Evaluating Nominees for Directors

The Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Governance Committee assesses the appropriate size of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Governance Committee considers, subject to the restrictions in our By-Laws, whether the vacancy should be filled and if so, various potential candidates for director. Candidates may come to the attention of the Governance Committee through current Board members, management, professional search firms, shareholders or other persons. These candidates are evaluated at regular or special meetings of the Governance Committee, and may be considered at any point during the year.

Director Qualifications

The Governance Committee periodically evaluates the size and composition of the Board to assess the skills and qualifications of Board members, and compares them with those skills and qualifications that might prove valuable in the future, considering the circumstances of the Company and the then-current Board membership. This assessment enables the Board to consider whether the skills and qualifications described below continue to be appropriate as the Company’s needs evolve over time. On an ongoing basis, the Governance Committee, assisted by outside consultants, will evaluate candidates who possess qualifications that meet our strategic needs and have diverse experiences in key business, financial and other challenges that face a publicly held health benefits company.

In general, all directors must exhibit integrity and accountability, informed judgment, financial literacy, mature confidence and high performance standards. Candidates should be committed to enhancing shareholder value, have sufficient time and energy to diligently perform their duties and be able to provide insight and practical wisdom based on experience to represent the interests of all shareholders. Candidates should also have the manifest ability to work in a collegial and constructive manner with the other members of the Board. Service by candidates on other public company boards should be limited to a number that permits candidates, given their individual circumstances,

Board and Committee Membership (continued)

to perform all director duties responsibly. The foregoing qualifications will be applied by the Governance Committee to all candidates considered for nomination by the Board, including candidates submitted by shareholders.

Our Corporate Governance Guidelines provide that our Governance Committee is to take into account the overall diversity of the Board when identifying possible nominees for director, including gender, race, age and geographic location. The Committee implements that policy, and assesses its effectiveness, by examining the diversity of all of the directors on the Board when it selects nominees for directors. Currently, the Board has two female directors, one African-American director and one Hispanic director. Our directors range in age from early 60s to early 70s and reside in eight different states. The diversity of directors is one of the factors that the Governance Committee considers, along with the other selection criteria described above.

Below we identify and describe important skills and experiences that the Governance Committee looks for in a director candidate. Each of our directors' specific skills and experiences are included in the table below and described more fully in their individual biographies. However, the fact that we do not list a particular skill or experience for a director does not mean that the director does not possess that particular skill or experience.

We use several financial targets for measuring performance, and accurate financial reporting is critical to our success.

Environmental, Social and Governance (“ESG”)	Directors who have worked with non-profit entities or have led projects designed to benefit society bring to us an understanding of the need to conduct business without harm to society, which could in turn, harm our reputation and decrease our long-term sustainability. They are able to provide insights to assist us in achieving our purpose of transforming health care with trusted and caring solutions. Directors with governance experience can help us focus our efforts on maintaining strong corporate governance practices.
Diversity	Directors who are diverse in gender or race bring different perspectives, backgrounds and life experiences that can foster innovative ideas to meet the needs of our customers, providers, shareholders and the communities we serve.

The Governance Committee, in recommending the nominees for election as directors and in concluding that the continuing directors should serve as directors, considered the items set forth above. The Governance Committee believes that each director and director nominee possesses the judgment and integrity necessary to make independent decisions and a willingness to devote adequate time to Board duties. In addition, the Governance Committee believes that each director and director nominee brings his or her own particular experiences and set of skills, giving the Board, as a whole, competence and experience in a wide variety of areas. Additional biographical and other information concerning the qualifications, skills and experience of the directors and nominees for director can be found under “Nominees for Director” and “Directors Continuing in Office.”

Executive Committee

Between meetings of the Board, the Executive Committee has and may exercise the powers and authority of the full Board. The Executive Committee assists the Board in discharging its responsibilities related to an emergency and long-term succession plan for our President and CEO and executive officers. The Executive Committee met twice during 2015.

Individuals may communicate with the Board by submitting an e-mail to our Board at this address: boardofdirectors@anthem.com. Communications that are intended specifically for non-management directors or any individual director should be sent to the e-mail address above to the attention of the Lead Director. Individuals may also communicate with the Board by submitting a letter to our Secretary at Anthem, Inc., 120 Monument Circle, Mail No. IN0102-B381, Indianapolis, Indiana 46204.

In addition, individuals may communicate with the Chairperson of the following committees by submitting an e-mail to:

- Chairperson of the Governance Committee: governancechair@anthem.com

The process for collecting and organizing communications, as well as similar or related activities, has been approved by our independent directors. Communications are distributed to the Board, or to any individual directors as appropriate, depending on the facts and circumstances outlined in the communication. In that regard, the Board has requested that certain items which are unrelated to the duties and responsibilities of the Board should be excluded, such as spam, junk mail and mass mailings, medical claims inquiries, new product suggestions, resumes and other forms of job inquiries, surveys, and business solicitations or advertisements. In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will be excluded, with the provision that any such unsuitable communication is made available to any non-management director upon request.

Board Attendance at Annual Meeting of Shareholders

Our policy is that Board members are expected to attend each annual meeting of shareholders. All members of the Board attended the 2015 annual meeting of shareholders.

Review and Approval of Transactions with Related Persons

Policy

The Board has adopted a written policy and procedures for review, approval and monitoring of transactions involving us and “related persons” (directors and executive officers or shareholders owning five percent or greater of our outstanding common stock or their immediate family members). The policy covers any transaction in which we are a participant that involves amounts exceeding \$120,000 in any calendar year and in which a related person has or will have a direct or indirect interest (other than solely as a result of being a director or a less than ten percent beneficial owner of another entity).

Related person transactions must be approved or ratified by the Governance Committee of the Board. In considering the transaction, the Governance Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person’s interest in the transaction. The policy includes several categories of standing pre-approved transactions, including, but not limited to, transactions involving competitive bids, certain banking-related services and certain transactions involving amounts not in excess of the greater of \$1 million or 2% of the other company’s total annual gross revenues. The Governance Committee periodically reviews and assesses on-going transactions to confirm that the transactions comply with the Governance Committee’s guidelines and remain appropriate.

Current Transactions

Dr. William Long, the brother-in-law of R. Kerry Clark, one of our Directors, is the physician owner of a medical provider that serves our members in New York. Anthem and its subsidiaries paid this provider approximately \$486,000 for services provided to individuals covered by Anthem for the year ended December 31, 2015. Mr. Clark has no ownership interest in this provider and is not involved with the provider-payer arrangement between Anthem and the provider. In addition, the amounts paid to this provider are pursuant to a standard fee schedule for all similarly situated providers in New York. The Governance Committee approved and continues to monitor this arrangement consistent with the above policy.

In the ordinary course of business, we may, from time to time, engage in transactions with other companies whose officers or directors are also our directors. Transactions with such companies are conducted on an arm’s length basis, and in 2015, all of these transactions came within the pre-approval procedures of the Governance Committee consistent with the above policy.

Standards of Ethical Business Conduct

We have adopted Standards of Ethical Business Conduct (the “Code”) for our directors, executive officers and other associates. The purpose of the Code is to focus on areas of ethical risk, provide guidance in recognizing and dealing with ethical issues, provide mechanisms to report unethical conduct and help foster a culture of honesty and integrity. The Code is posted on our website at www.antheminc.com under “Investors — Corporate Governance — Governance & Corporate Documents.”

Everyone is required to act in accordance with the requirements of the Code. Waivers of the Code for any director, our Chair, President and Chief Executive Officer, our Chief Financial Officer and our other executive officers may only be made by the Board or by a Board committee composed of independent directors. Any such waiver and any amendment to the Code will be posted on our website at www.antheminc.com under “Investors — Corporate Governance — Governance & Corporate Documents” and otherwise disclosed as required by law. During 2015, there were no waivers of the Code for any of our directors, our Chair, President and Chief Executive Officer, our Chief Financial Officer or any of our other executive officers.

⁽¹⁾ Employee directors do not receive any compensation for their service as a director. Mr. Swedish's compensation for 2015 is shown in the Summary Compensation Table on page 44.

⁽²⁾ In addition to annual Board and committee retainer fees, amounts include \$13.42 paid in cash to each non-employee director then serving or elected at the 2015 annual meeting of shareholders, which represents cash payments in lieu of issuing fractional shares in connection with the annual grant of phantom shares of our common stock received on the date of our annual meeting of shareholders.

⁽³⁾ The amounts in this column reflect the grant date fair value of stock awards issued to each non-employee director during the year ended December 31, 2015, in accordance with Accounting Standards Codification Topic 718, "Compensation — Stock Compensation" ("ASC Topic 718"). Each non-employee director received 1,102 deferred shares of our common stock for the annual retainer grant of shares of our common stock on the date of our annual meeting of shareholders (May 13, 2015). The deferred shares will be converted into common stock upon the lapse of the deferral period. See also "— Board Equity Compensation and Stock Ownership Guidelines." The grant date fair value for the 2015 stock awards is calculated by multiplying the closing price of our common stock on the NYSE on the date of grant by the number of shares in the stock award. As of December 31, 2015, each non-employee director had the following number of deferred shares under our Board of Directors' Deferred Compensation Plan ("Board Deferred Compensation Plan") for all years of service as a director:

Director	Deferred Shares (as of 12/31/15)
R. Kerry Clark	2,758
Robert L. Dixon, Jr.	7,687
Lewis Hay, III	4,625
Julie A. Hill	35,705
Ramiro G. Peru	10,812
William J. Ryan	10,812
George A. Schaefer, Jr.	10,812
Elizabeth E. Tallett	4,010

- (5) All of Mr. Clark’s 2015 compensation was deferred by him pursuant to the Board Deferred Compensation Plan, other than the \$13.42 paid in cash in lieu of a fractional share.
- (6) Includes the annual retainer for Mr. Schaefer’s service as Chair of the Board through December 2015.
- (7) Mr. Short died on April 10, 2015 and did not receive a stock award for 2015. All deferred stock was paid out in accordance with his elections.

Anthem Board of Directors’ Deferred Compensation Plan

Cash fees paid to directors may be deferred under the Board Deferred Compensation Plan, which provides a method of deferring payment until a date selected by the director. Deferred cash fees accrue interest at a declared interest rate, which is determined on January 1 of each year and is the average of the 10-year U.S. Treasury Note monthly average rates for the 12-month period ending on September 30 of the previous year, plus 150 basis points, but not to exceed 120% of the applicable federal long-term rate, with compounding. Fees paid to non-employee directors in our common stock may also be deferred under the Board Deferred Compensation Plan, with the cash dividends accruing during the deferral period and paid in cash at the end of the deferral period. Fees paid in stock and deferred under the Board Deferred Compensation Plan are distributed in stock pursuant to their election under the plan.

Board Equity Compensation and Stock Ownership Guidelines

For 2015, each non-employee director then serving or elected at the annual meeting of shareholders received, subject to the deferral described below, an annual grant, on the date of our annual meeting of shareholders, of the number of shares of our common stock equal to \$175,000 with the amount of any fractional share paid in cash. In 2015, each such non-employee director received 1,102 deferred shares based on the market price of \$158.79 per share pursuant to this grant. Each annual grant of common stock is deferred for a minimum of five years from the date of grant (or in the case of grants made after the annual meeting of shareholders, five years from the date of the annual meeting of shareholders that immediately precedes the date of grant). The shares of common stock, along with the cash dividends accrued thereon, will not be distributed until the earlier of the expiration of such deferral period or the date on which a director ceases to be a member of the Board.

In addition, each non-employee director has an obligation to own at least \$500,000 of our common stock by no later than the fifth anniversary of the date such director became a member of the Board. As of December 31, 2015, each non-employee director owned stock in excess of the stock ownership requirements except Mr. Clark, who joined the Board in 2014.

Matching Gift Program

Directors are eligible to participate in the Anthem Foundation matching gift program. Under this program, the foundation matches 100% of charitable donations to qualified entities up to a maximum of \$10,000 per year for each director.

Proposal No. 1 — Election of Directors

The Board currently consists of nine directors divided into three classes. This classified Board structure is one of the specific requirements imposed by the Blue Cross Blue Shield Association (“BCBSA”) in license agreements with all Blue Cross Blue Shield licensees, including us. The term of one class of directors expires each year. Generally, each director serves until the annual meeting of shareholders held in the year that is three years after such director’s election and until such director’s successor is elected and has qualified. In addition, directors are no longer eligible for election after reaching 72 years of age.

Our Articles of Incorporation provide that the total number of directors should be divided into three classes with each class containing approximately one-third of the total directors. Currently, one class contains two directors, one class contains three directors and one class contains four directors. As a result, three directors have been nominated for election at the annual meeting to hold office for a term to expire at the 2019 annual meeting and until his or her successor is elected and qualified and a fourth director is being nominated for election at the annual meeting to hold office for a two-year term to expire at the 2018 annual meeting and until his successor is elected and qualified.

It is the intention of the persons named in the accompanying form of proxy to vote such proxy for the election to the Board of Lewis Hay, III, George A. Schaefer, Jr., Joseph R. Swedish and Elizabeth E. Tallett. Each of the nominees for director is presently a director and each has consented to being named as a nominee in this proxy statement and has indicated a willingness to serve if elected. However, if any such person is unable or unwilling to accept nomination or election, it is the intention of the persons named in the accompanying form of proxy to nominate such other person as director as they may in their discretion determine, in which event the shares will be voted for such other person.

The election of directors will be determined by the vote of a majority of the votes cast on such election, which means that the number of shares voted “for” a director nominee must exceed the number of shares voted “against” such nominee.

Recommendation

The Board of Directors recommends a vote FOR the election as directors of Lewis Hay, III, George A. Schaefer, Jr., Joseph R. Swedish and Elizabeth E. Tallett.

The biographies of each of the nominees and continuing directors contain information regarding the person’s service as a director, business experience, director positions at publicly held corporations or investment companies registered under the Investment Company Act of 1940 held currently or at any time during the last five years, and the experiences, qualifications, attributes or skills that caused the Governance Committee and the Board to recommend each of the director nominees and to conclude that the continuing directors should serve as members of our Board. Unless otherwise indicated below, the principal occupation of each director or nominee has been the same for the last five years. There is no family relationship between any of our directors or executive officers. The ages listed below for each director or nominee are as of April 1, 2016.

Proposal No. 2 — Ratification of the Appointment of Independent Registered Public Accounting Firm

Appointment

The firm of Ernst & Young LLP (“E&Y”) served as our independent registered public accounting firm for the year ended December 31, 2015. The Audit Committee is responsible for the appointment, compensation and oversight of the Company’s external auditor, and has reviewed the quality of the services and the sufficiency of the resources provided by E&Y during their tenure as our independent registered public accounting firm.

In evaluating the performance and considering the engagement of the Company’s external auditor, including whether to rotate audit firms, the Audit Committee considers various factors, including the auditor’s capability and expertise in handling the scope and complexity of the audit of our business operations, auditor independence and the appropriateness of fees, together with E&Y’s tenure as the Company’s auditor, the current level of service and quality provided by E&Y and the potential impact of changing auditors. Based on these factors, the Audit Committee believes that the continuance of E&Y as our independent registered public accounting firm is in the best interests of the Company and the shareholders. As a result, the Audit Committee has selected E&Y to continue in that capacity for 2016 and is submitting this matter to shareholders for their ratification as a matter of good corporate governance. E&Y has served as our independent registered public accounting firm since 2001. In the event this proposal is not approved, the Audit Committee will consider whether to select another independent registered public accounting firm.

A representative of E&Y is expected to be present at the annual meeting, will be given an opportunity to make a statement if he or she desires and is expected to be available to respond to appropriate questions. Notwithstanding ratification by the shareholders, the Audit Committee reserves the right to replace our independent registered public accounting firm at any time.

The ratification of the appointment of the Independent Registered Public Accounting Firm will be determined by the vote of a majority of the votes cast on the proposal (excluding abstentions), which means that the number of shares voted “for” the proposal must exceed the number of shares voted “against” the proposal for ratification of the appointment.

Recommendation

The Board of Directors recommends a vote FOR the ratification of the appointment of Ernst & Young LLP as the Company’s independent registered public accounting firm for 2016.

Audit Committee Matters

Independent Registered Public Accounting Firm's Fees

The Audit Committee oversees the negotiation of fees associated with our retention of E&Y. The following table presents fees billed for all professional services provided by E&Y for the audit of our consolidated financial statements for the years ended December 31, 2015 and 2014, and fees billed for other services rendered by E&Y during those periods.

(3) Tax fees consisted principally of fees for tax compliance and tax advice.

(4) All other fees represent fees for advisory services related to certain corporate functions and accounting research tools.

The Audit Committee's Consideration of Independence of Independent Registered Public Accounting Firm

The Audit Committee has reviewed the nature of the non-audit services provided by E&Y and has concluded that these services are compatible with maintaining the firm's ability to serve as our independent registered public accounting firm. Additionally, as part of the Audit Committee's overall review of E&Y, it is directly involved in the selection of the auditor's lead engagement partner in conjunction with the periodic, mandated rotation of the lead partner.

Audit Committee Pre-Approval Policy

The Audit Committee of the Board has adopted a policy concerning the pre-approval of audit and non-audit services. Pursuant to this policy, unless a type of service to be provided by the independent registered public accounting firm was approved in connection with the audit engagement letter, such service must be pre-approved by the Audit Committee. In addition, the Audit Committee has delegated its authority to pre-approve to the Chairperson of the Audit Committee for engagements of up to \$500,000. The Chairperson reports any pre-approval decisions to the Audit Committee at the next regularly scheduled meeting of the Audit Committee. Procedures have been established which require that all requests for pre-approval be submitted to the Audit Committee or Chairperson by the President and Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer or other designated executive. All services performed by E&Y were approved by the Audit Committee and/or pursuant to the Audit Committee pre-approval policy.

Audit Committee Report

The Audit Committee of the Board is composed of the four members set forth below. The Board has determined that each current member of the Audit Committee is an "independent director" and an "audit committee financial expert" as defined by the SEC's rules. The Audit Committee operates under a written charter adopted by the Board which details the responsibilities of the Audit Committee.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board. The Company's management is responsible for the Company's financial statements and reporting process, including the system of internal controls, and has represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with U.S. generally accepted accounting principles. The independent registered public

accounting firm is responsible for performing an independent audit of the Company's annual consolidated financial statements and expressing an opinion on the conformity of those audited consolidated financial statements with U.S. generally accepted accounting principles, as well as expressing an opinion on the effectiveness of the Company's internal control over financial reporting.

In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the audited consolidated financial statements with the Company's management and the independent registered public accounting firm. This review included a discussion of the quality and acceptability of the Company's financial reporting and controls, including the clarity of disclosures in the consolidated financial statements. The Audit Committee reviewed, and discussed with management and the independent registered public accounting firm, management's report and the independent registered public accounting firm's report and audit of the Company's internal control over financial reporting.

The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by the applicable rules of the Public Company Accounting Oversight Board ("PCAOB"), including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm its independence from the Company and its management.

The Audit Committee further discussed with the Company's internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee meets periodically with the internal auditors and independent registered public accounting firm, with and without management present, to discuss the results of their audits, their evaluations of the Company's internal control over financial reporting and the overall quality of the Company's financial reporting.

Based on the reviews and discussions referred to above, the Audit Committee recommended, and the Board approved, the inclusion of the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2015 as filed with the SEC.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who own more than 10% of our common stock, to file reports of ownership with the SEC. Such persons also are required to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of copies of such forms received by us, or written representations from certain reporting persons, we believe that during 2015, our executive officers, directors, and greater than 10% shareholders complied with all applicable filing requirements relating to our common stock.

Proposal No. 3 — Advisory Vote to Approve the Compensation of Our Named Executive Officers

Section 14A of the Exchange Act enables our shareholders to vote to approve, on an advisory (nonbinding) basis, the compensation of our Named Executive Officers (“NEOs”) (“Say-on-Pay”) as disclosed in this proxy statement in accordance with the SEC’s compensation disclosure rules. At our annual meetings of shareholders held in May 2013, May 2014 and May 2015, approximately 96%, 94% and 97%, respectively, of the votes cast for or against the Say-on-Pay proposal at those meetings were voted in favor of the proposal. The Compensation Committee believes this affirms our shareholders’ support of our approach to executive compensation, and no significant changes were made to this approach for 2015 as a result of the vote. The Board of Directors has considered the prior vote of the shareholders expressing a preference for an annual advisory vote on executive compensation and intends to hold an annual Say-on-Pay vote until the next advisory vote on frequency.

Our executive compensation program (the “Total Rewards” program) is designed to attract, engage, motivate and retain a talented team of executive officers and to appropriately reward those executive officers for their contribution to our business, our members and our shareholders. Our Total Rewards program emphasizes performance-based compensation in the form of our Annual Incentive Plan (“AIP”) and equity grant programs under our shareholder approved Incentive Compensation Plan (“Incentive Plan”). In 2015, fixed compensation (salary and benefits) made up a small percentage of target total compensation for our executives, with 11% for Mr. Swedish as President and CEO, and a range of approximately 17% to 25% for the other NEOs. The majority of the CEO’s and other NEOs’ compensation is variable based on both individual and overall Company performance. Our Total Rewards program contains specific annual, financial and strategic goals and the value of equity based awards will depend on our long-term stock price performance. Please read the “Compensation Discussion and Analysis,” along with the tables and narrative discussion, beginning on page 27 for additional details about our executive compensation program, including information about the fiscal year 2015 compensation of our NEOs.

We are asking our shareholders to indicate their support for our NEOs’ compensation as described in this proxy statement. This proposal gives our shareholders the opportunity to express their views on our NEOs’ compensation. The Say-on-Pay vote is not intended to approve any specific item of compensation but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this proxy statement. Accordingly, we recommend that our shareholders vote “for” the following resolution at the annual meeting:

“RESOLVED, that the Company’s shareholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company’s Proxy Statement for the 2016 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the other related disclosures.”

The Say-on-Pay vote is advisory, and therefore not binding on the Company, our Compensation Committee or our Board of Directors. Our Board of Directors and our Compensation Committee value the opinions of our shareholders and to the extent that there is any significant vote against the NEOs’ compensation as disclosed in this proxy statement, we will consider our shareholders’ concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The approval or disapproval of the Say-on-Pay proposal will be determined by the vote of a majority of the votes cast on such proposal (excluding abstentions), which means that the number of shares voted “for” the proposal must exceed the number of shares voted “against” the proposal for approval of the executive compensation proposal.

Recommendation

The Board of Directors recommends a vote FOR approval of the compensation of our Named Executive Officers.

Compensation Discussion and Analysis

Executive Summary

Our Total Rewards compensation program is designed to attract, engage, motivate and retain a talented team of executive officers and to appropriately reward those executive officers for their contributions to our business, our members and our shareholders. We seek to accomplish this goal in a way that is closely aligned with the long-term interests of our shareholders and the expectations of our members.

The Compensation Committee of our Board of Directors (the "Committee") oversees our Total Rewards compensation program for our executive officers, including the persons identified in the Summary Compensation Table as NEOs, and determines their compensation. This program emphasizes performance-based compensation based on both individual and Company performance results.

2015 Business Results

We believe that the pay-for-performance philosophy of our Total Rewards compensation program, described in more detail below, played an important role in our achieving the following financial and operational performance highlights in 2015:

- Our 2015 net income increased to \$9.38 per share from \$8.99 per share in 2014. Adjusted net income per share grew by 8.7% to \$10.16 per share in 2015 from \$9.35 per share in 2014 (refer to the GAAP Reconciliation table on page A-1).
- Operating cash flow was approximately \$4.1 billion or 1.6 times net income for 2015.
- Total operating revenue increased 7.4% compared to 2014 to approximately \$78.4 billion.
- Medical membership grew by 1.1 million members, or 3%, during 2015, including the addition of 212,000 members associated with our acquisition of Simply Healthcare in February 2015.
- We entered into an Agreement and Plan of Merger to acquire Cigna, which is expected to close in the second half of 2016.
- Our closing stock price increased by 11% from \$125.67 on December 31, 2014 to \$139.44 on December 31, 2015.

2015 Performance Measurement Framework

We did not meet our target consolidated operating gain goals for 2015, but did exceed our target operating gain goals for the Government Business Division. As a result, and as shown in the table below, our 2015 earned Annual Incentive was below target for four of the five NEOs and above target for the one NEO in the Government Business Division.

2015 Compensation Actions

The table below summarizes the compensation actions taken related to the current NEOs for 2015:

Named Executive Officer	Salary Adjustment Percentage	Target AIP Award Adjustment as a Percent of Base Salary	Equity Awards (ASC Topic 718 Expense on Grant Dates)	2015 Earned AIP (As a Percent of Target)
Mr. Swedish	0.0%	No change	\$10,400,030	86%
Mr. DeVeydt	6.7%	No change	\$3,250,016	86%

Impact of Historical Business Results on Executive Compensation Decisions

Consistent with our pay-for-performance philosophy, and based on our financial and operational results in relation to our annual business plan, performance-based variable compensation has fluctuated over the years and was paid below target in 2012 and 2015, and above target in 2011, 2013 and 2014 as follows:

**Earned Performance-Based Awards as a Percent of Target from 2011 – 2015
Average Award for All Participants**

Note: The 2015 performance stock unit grant has a three-year performance period (2015-2017). Therefore, performance results are not yet available.

Impact of Business Results, Stock Price and Shareholder Returns on Executive Compensation

The compensation value received by our executives is highly dependent on both operational and share price performance. Both our AIP and long-term incentive program rely on meeting predetermined operational goals approved by our Compensation Committee. Our long-term incentives are also impacted by our share price. We believe that the new three-year performance stock unit program helps to further strengthen the alignment of management with shareholders and incorporates a long-term performance perspective.

Our long-term compensation, comprised of performance stock units, stock options and time-based restricted stock units, represents 77% and 67% of the target compensation for our CEO and other NEOs, respectively.

- Stock options gain value when our stock price rises over the grant price, which is set at the closing price on the NYSE on each grant date.
- Performance and restricted stock units more closely replicate shareholder return as they gain or lose value as our stock price changes, and earn dividend-equivalents equal to the cash dividend per share amount, which are paid to participants without interest upon vesting.

Impact of Shareholder Advisory Votes on Executive Compensation Decisions

The last three annual shareholder advisory votes on the compensation of our NEOs, commonly referred to as “say-on-pay” votes, had the following results, based on shares voted either for or against the proposal:

2013-2015 Shareholder Approval of NEO Compensation

In addition to obtaining information through the say on pay vote, our officers meet with large shareholders and review comments and letters from our shareholders. Certain large shareholders requested that we consider adjusting our performance stock plan to change from annual performance measures to multi-year measures.

At its meeting in October 2014, the Committee reviewed a presentation from our independent compensation consultant with respect to our Total Rewards program, shareholder say-on-pay voting results and trends in executive compensation. The Committee determined that our Total Rewards program is fundamentally sound, supports the needs of our business, is aligned with the trends in the market and, as demonstrated by our say-on-pay voting results, is strongly supported by our shareholders. As a result, at its December 2014 meeting, the Committee decided to retain our 2014 executive compensation philosophy, components, component mix, competitive positioning targets and most of our 2014 performance metrics for 2015 compensation. However, the Committee did adjust our performance stock plan to change from annual performance measures to multi-year measures.

For the AIP, the Committee continued to fund total awards based on Company, Commercial and Specialty Business Division and Government Business Division operating gain. The performance targets and scales for our AIP awards were also updated to conform to our 2015 business plan. Individual awards for the CEO and NEOs in 2015 were solely based on the results of their performance scorecards, with no adjustments made for individual performance.

The Committee changed the 2015 performance stock unit awards to be based on cumulative 2015-2017 adjusted EPS and cumulative 2015-2017 total operating revenue, defined as the total of premiums, administrative fees and other revenue (“Revenue”), in alignment with the long-term financial plan that management communicated to investors.

Measure	Weighting
Adjusted Earnings Per Share	
• 2015-2017 Cumulative EPS	75%
Operating Revenue	
• 2015-2017 Cumulative Revenue	25%

Executive Compensation (continued)

The Committee believes the changes that it made to the AIP and performance stock unit programs further strengthened our focus on financial results and aligned with our business strategy in 2015. The shareholder vote in 2015 approving the 2014 compensation by a significant amount was further support for our decisions not to make additional changes to executive compensation for 2015.

When determining how often to hold a shareholder advisory vote on executive compensation, the Board took into account the strong preference for an annual vote expressed by our shareholders at our 2011 annual meeting. Accordingly, the Board determined that we will hold an annual advisory shareholder vote on the compensation of our NEOs until the next say-on-pay frequency vote, which will be held at our 2017 annual meeting.

Changes in Executive Leadership

Kenneth R. Goulet retired effective October 1, 2015 and Martin Silverstein left the Company as of January 1, 2016. Compensation information for Mr. Goulet is not included in the tables in this Compensation Discussion and Analysis, but is included where required in the tables following this Compensation Discussion and Analysis.

Compensation Program Objectives

Our Total Rewards program is designed to:

- Attract, engage, retain and appropriately reward executives for their contributions to our business, our members and our shareholders.
- Closely align executive interests and rewards with the long-term interests of our shareholders and the expectations of our members.
- Drive the achievement of our purpose, vision and strategies.
- Deliver compensation that is commensurate with Company and individual performance within the context of the external market.

These objectives are extended beyond the executive ranks to include all associates and are intended to promote our culture and enhance teamwork and perceptions of equitable treatment. To achieve these objectives, the Total Rewards program is designed to reward our associates when they:

- Create long-term value for our shareholders through sustained growth in our stock price.
- Meet or exceed our annual financial plans.
- Achieve our Purpose — together we are transforming health care with trusted and caring solutions.
- Achieve our Vision — to be America's valued health partner.
- Operate within our Values and Behaviors:
 - Accountable
 - Caring
 - Easy to do business with
 - Innovative
 - Trustworthy

Pay-for-Performance Philosophy and Pay Mix

To align NEO interests and rewards with the long-term interests of our shareholders and drive the achievement of our purpose and vision, our Total Rewards program emphasizes performance-based compensation in the form of our AIP and equity grant programs under our Incentive Plan.

Executive Compensation (continued)

A significant portion of the compensation of each of our NEOs is delivered through performance-based programs. As shown in the chart below, most of the total target compensation opportunity available to our NEOs is in the form of variable performance-based pay that is tied to our business results, including:

- AIP awards, the value of which depends on the extent to which we meet or exceed metrics in our annual business plan.
- Performance stock units that may be earned in 2018 based on our 2015-2017 cumulative EPS and operating revenue, which become more or less valuable based on our stock price performance.
- Time-based restricted stock units, which encourage retention and become more or less valuable based on our stock price performance.
- Stock options, which are only valuable to the extent that the price of our stock increases.

Primary Components of 2015 Target Compensation
(Data for "Other NEOs" is an Average for NEOs Employed as of December 31, 2015)

(1) Annual and Long-Term Incentive Plan percentages are based on achievement of targeted performance.

Our executive compensation program has four available compensation levers to recognize and reward individual performance:

- Adjusting base salary to recognize both performance and changes in the scope of an executive's responsibilities;
- Setting an executive's AIP target as a percentage of salary within a competitive target range;
- Adjusting the AIP award payout based on individual achievements and contributions; and
- Adjusting the size of stock option, restricted stock unit and performance stock unit grants within a competitive range.

Additionally, individual performance is rewarded by providing executives with career growth through challenging assignments and, as positions become available, promotional opportunities.

Elements of Total Rewards

Overview

Our 2015 Total Rewards program for our business leaders, including the NEOs, includes the following financial elements:

- base salary;
- annual performance-based incentive awards under the AIP;
- equity awards in the form of performance stock units, time-based restricted stock units and stock options under the Incentive Plan;
- broad-based employee benefits; and
- executive benefits and perquisites.

Executive Compensation (continued)

Each year management sets the broad-based employee salary and benefits programs and budgets, and the Committee reviews and approves the executive merit salary increase budget, broad-based AIP design, measures and scales, equity awards plan, executive perquisites and executive stock ownership guidelines. The Committee bases these decisions on our business needs, best practice information, competitive market data and operating budget constraints.

The Committee reviews the business and individual performance of each executive officer and sets (1) the AIP award payouts for the prior year pursuant to the formulas previously established, (2) prospective base salary adjustments, (3) prospective adjustments to target AIP award percentages of base salary and (4) the size and type of equity awards granted to each executive officer.

All Board members evaluate the CEO's individual performance on numerous factors, including: leadership, strategic planning, getting results, external and internal relations and interaction with the Board. The Committee's 2015 compensation decisions were based on its evaluation of each executive's performance (including performance assessments by the CEO for the other executive officers), as well as our 2014 and 2015 achievements, all of which reflect the NEOs' individual performance. There is no formulaic or target-based assessment for such adjustments, but rather such determinations are based on the Committee's subjective assessments after consideration of management recommendations, market based compensation information and advice of the Committee's independent compensation consultant. The assessments represent the Committee's view of how the NEO's performance contributed to our performance and achievements, as well as other leadership accomplishments, including the challenges associated with implementing health care reform.

These decisions are made as part of a unified process so that all components of pay are reviewed in concert with each other, and, as appropriate, decisions about one component can affect decisions regarding the other components of pay. This is intended to ensure that the Total Rewards package for the NEOs fits with our compensation objectives as described above.

The Committee does not have a specific target for allocating the amount of compensation among the pay elements (base salary, annual incentive and equity grants), but seeks to apply a higher weighting to performance-based variable pay than to fixed pay. In addition, the Committee has weighted the equity grants more heavily toward performance stock units than restricted stock units or stock options. Each NEO's total compensation opportunity is targeted to the level the Committee considers market competitive and reflective of individual performance.

When setting compensation for 2015, the Committee reviewed prior year compensation and compensation actions to compare year-over-year pay actions relative to year-over-year performance and internal equity factors (how the compensation of the particular executive relates to the other executives).

In February 2015, the Committee reviewed comprehensive tally sheets for each NEO, covering up to five years of Total Rewards data and realized equity, in addition to then current levels of unrealized vested and unvested equity. Tally sheets are only one of a number of information resources and tools made available to the Committee for its reference and use. Although tally sheets provide good background information for the Committee, the Committee did not base any specific awards for 2015 or any modifications to our compensation program on them. In 2015, the Committee did not take into account realized compensation in setting future compensation. The Committee does review unvested compensation in setting future compensation to determine its likely impact on retention of our executives.

Base Salary

Base salary provides competitive annual compensation that reflects the scope and nature of job responsibilities of our NEOs. The Committee grants merit-based salary increases to our NEOs based on the Committee's assessment of an individual's performance, whether the current salary is competitive compared to the median of the market relative to executives in comparable positions at comparator group companies, and our overall merit increase budget for the year. The Committee also grants promotional salary increases to recognize increased job responsibilities.

Executive Compensation (continued)

In March 2015, the Committee adjusted Mr. DeVeydt's salary by \$50,000, Mr. Haytaian's salary by \$100,000 and Ms. McCarthy's salary by \$25,000 to better align their base salaries with competitive market data. The Committee did not adjust the base salaries for Messrs. Swedish and Silverstein. Annualized base salaries for the NEOs reflecting these adjustments are reflected in the chart below.

AIP

Generally, all associates are eligible for performance-based incentives or sales incentives. The AIP is designed to motivate and reward the successful completion of our annual performance goals. AIP awards are earned to the extent we meet or exceed annual financial targets and business unit and individual performance goals. In excess of 31,000 associates, including all of our NEOs, earned awards under the AIP in 2015.

Each participating associate is eligible for a target award, denominated as a percentage of base salary paid during the year. Associates may earn from 0% of the target award under the AIP up to a maximum of 200% of the target award. In setting the target award percentages for the NEOs, the Committee considers competitive data in the comparator group studies (as described under "Determination of Compensation" beginning on page 38), individual performance evaluations and internal equity factors.

After consideration of the factors described above, the Committee decided in March 2015 not to increase the target AIP award as a percentage of base salary for any of the NEOs. The following chart reflects the annualized salary, target AIP percentage and amounts and total target cash for the NEOs as a result of the Committee's actions in March 2015:

Name	Annualized Salary	Target AIP (%)	Target AIP (\$)	Total Target Cash (\$)
Joseph R. Swedish	\$1,250,000	150%	\$1,875,000	\$3,125,000
Wayne S. DeVeydt	\$ 800,000	100%	\$ 800,000	\$1,600,000
Peter Haytaian	\$ 700,000	100%	\$ 700,000	\$1,400,000
Gloria McCarthy	\$ 700,000	90%	\$ 630,000	\$1,330,000
Martin Silverstein	\$ 590,000	90%	\$ 531,000	\$1,121,000

2015 AIP Funding

AIP awards are funded based on specific targets set by the Committee for selected performance measures based on goals set during our annual business planning process. Our business plan is developed based on the business environment, which takes into consideration our performance relative to our direct peers. AIP targets are set to be consistent with business plan targets. For 2015, the AIP was funded based on consolidated operating gain and business unit operating gain targets consistent with the operating gain goals established as part of our business planning process. As a result of our operating gain performance in 2015, the AIP was funded at 86% of target for our NEOs, as follows:

Performance Measure	Financial Results		AIP Fund		
	Target	Actual	Score	Weight	Total
Consolidated Operating Gain ⁽¹⁾	\$4,857	\$4,778	84%	50%	42%
Business Unit Operating Gain ⁽²⁾			88%	50%	44%
- Commercial and Specialty Business Division Score: 20%	\$3,623	\$2,917			
- Government Business Division Score: 200% ⁽³⁾	\$1,347	\$1,969			
TOTAL AIP Funding					86%

(1) Consolidated operating gain excludes the profits from the Simply Healthcare acquisition and costs related to the proposed Cigna acquisition.

(2) Represents the weighted average award earned based on the business units' performance.

(3) Government Business Division operating gain excludes the profits from the Simply Healthcare acquisition.

2015 AIP Awards

After the aggregate funding for all AIP payouts is determined, awards are calculated for each participant, including all of our NEOs, based on the results of various performance scorecards tailored to each business unit. The AIP payout to each associate, including each NEO, is calculated using one or more scorecards based on the areas of the business supported by the associate.

For 2015, AIP payouts to our NEOs were based on the Corporate scorecard, with the exception of Mr. Haytaian whose award was based on the scorecard for the Government Business Division. Fifty percent of each scorecard is based on adjusted operating gain, which the Committee believes is an important measure of Company performance. The remaining fifty percent is based on other key scorecard measures including medical membership, specialty revenue and penetration, selling, general and administrative expenses, cost of care initiatives, medical provider quality pay for performance programs, customer service and quality ratings. The Corporate scorecard reflects our overall financial performance and is calculated based on the weighted average scorecard of all business unit scorecards.

The following table shows the resulting calculation of the 2015 AIP awards payable to each of the current NEOs. The amounts paid to these NEOs for 2015 performance were approved by the Committee on March 1, 2016 and are set forth in the Summary Compensation Table on page 44.

Named Executive Officer	Scorecard	Scorecard Total Award
Mr. Swedish	Corporate	86%
Mr. DeVeydt	Corporate	86%
Mr. Haytaian	Government Business Division	142%
Ms. McCarthy	Corporate	86%
Mr. Silverstein	Corporate	86%

The Committee has the discretion to adjust AIP awards for individual performance or to reduce AIP awards when it determines that such adjustments or reductions would be appropriate based on the Company's interests and the interests of our shareholders. The Committee did not adjust any 2015 AIP awards for individual performance or use its discretion to reduce any 2015 AIP awards.

Equity Awards

The Committee granted regular equity awards on March 2, 2015 to coincide with the Committee's Total Rewards review of our NEOs' compensation. The date of the Committee meeting is set in advance and is the first business day of March every year. The Committee awarded performance stock units, time-based restricted stock units and stock options to more than 3,000 associates including NEOs. All of these awards were granted to encourage retention, reward performance, promote a long-term business focus and align the interests of associates and shareholders.

For 2015, the Committee retained the equity award structure mix for our executives, including our NEOs. One half of the total award continues to be structured as performance stock units, and one-quarter of the total awards are delivered in stock options and in restricted stock units. The weightings below are based on the grant date fair value, calculated in accordance with ASC Topic 718.

Executive Compensation (continued)

Performance Stock Units — Measures, Vesting Schedule and Dividend Equivalents

The Committee changed the 2015 performance stock unit awards to be based on cumulative 2015-2017 adjusted EPS and cumulative 2015-2017 total operating revenue, defined as the total of premiums, administrative fees and other revenue (“Revenue”). The purpose of this change was to better align rewards with our stated long-term strategy, and to balance compensation based upon both short-term and long-term results.

Measure	Weighting
Adjusted Earnings Per Share	
• 2015-2017 Cumulative EPS ⁽¹⁾	75%
Operating Revenue	
• 2015-2017 Cumulative Revenue	25%

(1) For purposes of performance stock unit calculations, Adjusted EPS is calculated on an adjusted, non-GAAP basis by the Committee to remove certain pre-established categorical amounts, which are reported in our quarterly earnings releases and would generally not be included by the investment community in the determination of our financial results.

The payout scale for each measure detailed above provided for a minimum award of 0% of the units granted and a maximum award of 200% of the units granted. The targets for each of these measures were developed based on our 2014-2018 long-term plan, which was communicated to the investment community during March of 2014.

The resulting shares will generally be earned and will vest after three years, on March 2, 2018. Performance stock units accrue cash dividend equivalents equal to the cash dividends paid to shareholders during the period between the grant date and the vesting date. These cash payments are distributed to the participants upon vesting, and are cancelled if the underlying units do not vest.

The Committee has the discretion to reduce the number of shares earned based on performance stock unit results when it determines that such adjustments would be appropriate based on our interests and the interests of our shareholders.

2015 Time-Based Restricted Stock Unit Vesting Schedule and Dividend Equivalents

The restricted stock units granted are subject to time-based vesting. The restricted stock units vest in three equal annual installments, beginning on the first anniversary of the grant date.

Restricted stock units accrue cash dividend equivalents equal to the cash dividends paid to shareholders during the vesting period. These cash payments are distributed to the participants upon vesting, and are cancelled if the underlying units do not vest.

Stock Options

The exercise price for the stock options granted to NEOs in 2015 was \$146.93 per share on March 2, 2015, the closing price of our common stock on the NYSE on that date. The term of all stock options granted was ten years, with vesting in six equal semi-annual installments over the first three years. This vesting schedule has been in place since 2005.

The purpose of providing vesting every six months is to stagger inducements for remaining with the Company over the course of any year. More specifically, incumbents must generally be employed on December 31st of each year to be eligible to receive their AIP and then must be employed on March 1st and September 1st of each year for their stock option grants to vest.

For 2015, we extended the stock option term from seven years to ten years to conform to common competitive practices. This will result in lower share usage, as the increase to the term increases the per share grant cost.

Aggregate and Individual Grant Sizes

When determining the aggregate size of our equity awards, the Committee considers the impact of stock-based compensation expense and the share dilution run rate, in order to strike a balance between promoting our cost competitiveness and maintaining employee incentives at market-competitive levels.

Executive Compensation (continued)

The size or amount of equity awards granted to each NEO is based upon position and job level, Company and individual performance, the importance of retaining the services of the executive and the potential for his or her performance to help us attain our long-term goals.

Broad-Based Employee Benefits

Our NEOs generally participate in the broad-based employee benefits programs under the same terms and conditions as other associates. These benefit offerings include a medical plan with higher associate contributions for more highly compensated associates such that in 2015, NEOs paid in excess of 50% of the cost of the coverage, as compared with entry level associates who generally paid between 5% and 25% of the cost of their coverage. Other broad-based employee benefits include a dental plan, disability benefits, wellness benefits, life and accidental death and dismemberment insurance, business travel accident insurance, the Anthem 401(k) Retirement Savings Plan (the "401(k) Plan"), retiree health care benefits and a cash balance pension plan for associates who meet age and service criteria, adoption assistance benefits and paid time off for holidays, vacations, illnesses, bereavement leave, jury duty and military service.

Executive Benefits

Executives, including the NEOs, participate in a deferred compensation program that is subject to Section 409A of the Tax Code. Under this program, described on page 55, a participant may defer receipt of salary and AIP and continue to receive pension and 401(k) Plan credits for compensation above Tax Code earnings limits. We offer this program to provide executives with the same Company-paid retirement savings opportunities, denominated as a percent of salary, as the rest of the workforce is provided through the 401(k) Plan, and under the same terms and conditions as the underlying all-associate plans. Participants choose among a subset of the market-based investments provided to all associates in the 401(k) Plan, and their account balances increase or decrease in accordance with the performance of the selected investments.

Perquisites

Executive perquisites are a small part of our competitive executive compensation package. The Committee believes that our perquisite program enables our executive officers to focus on our business with minimal disruption. As described on page 45 in this proxy statement, we offer a limited set of perquisites to all NEOs and certain enhanced safety and security benefits to our CEO.

Tax Treatment of Compensation

The Patient Protection and Affordable Care Act amended the Tax Code to add Section 162(m)(6), which limits the amount that certain health care insurers, including the Company, may deduct for tax years starting after 2012. Section 162(m)(6) limits the tax deduction to \$500,000 per individual, and makes no exception for performance-based compensation or commissions. In addition, the limit applies to compensation, including deferred compensation, paid to all current and former employees and most independent contractors, not just to compensation paid to a narrow group of current top executives. The rule became effective for employer tax years beginning after December 31, 2012. Consequently, the Company is limited to a \$500,000 deduction for compensation paid to each NEO in 2015.

Section 162(m)(1) of the Tax Code limits the amount a publicly-held corporation may deduct for compensation paid to the CEO and certain NEOs to \$1 million per year per executive, makes an exception for performance-based compensation and commissions, and excludes the compensation paid to former covered executives once they are no longer covered. Since the Company is subject to Section 162(m)(6), the performance-based exclusion available under Section 162(m)(1) is not available to the Company.

Section 409A of the Tax Code provides certain requirements for deferred compensation arrangements. Those requirements, among other things, limit flexibility with respect to the time and form of payment of deferred compensation. If a payment or award constitutes deferred compensation subject to Section 409A and the applicable requirements are not satisfied, the recipient could be subject to tax on the award and all other deferred compensation of the same type, and an additional 20% tax and interest at the underpayment rate plus 1%, at the time the

Executive Compensation (continued)

legally binding right to the payment or award arises or, if later, when that right ceases to be subject to a substantial risk of forfeiture. Payments or awards under our plans and arrangements either are intended to not constitute “deferred compensation” for Section 409A purposes (and would thereby be exempt from Section 409A’s requirements) or, if they constitute “deferred compensation,” are intended to comply with the Section 409A statutory provisions and final regulations.

Determination of Compensation

Role of the Compensation Consultant

In May 2010, the Committee selected Semler Brossy Consulting Group, LLC (“Semler Brossy”) to act as its independent compensation consultant. The consultant reports directly to the Committee. The consultant reviews information provided to the Committee by management, develops its own recommendations with respect to CEO compensation decisions and provides advice to the Committee on the compensation decisions affecting all executive officers including the other NEOs. The consultant regularly attends and participates in Committee meetings and reports on compensation trends and best practices, plan design and the reasonableness of individual compensation awards. The consultant also has informal conversations with members of the Committee to determine compensation objectives. The consultant provides expert advice and guidance on the design and implementation of performance-based compensation programs that align with Company strategy, business and market characteristics, talent requirements, culture, management style and performance and Total Rewards strategies. The Committee uses the consultant’s recommendations as one of several factors in designing our executive compensation programs, reviewing and approving annual and long-term incentive plans and metrics, and making the compensation decisions affecting the CEO and other NEOs.

Compensation Consultant Independence

Semler Brossy does not provide any services to Anthem other than those detailed above. At our February 2016 meeting, the Committee determined that no conflicts of interest exist with respect to Semler Brossy continuing to serve as an advisor to the Committee. In making this determination, the Committee considered various factors, including those set forth in the SEC’s and NYSE’s rules. Among other items, the Committee reviewed Semler Brossy’s policy on Consultant Independence, and certifications made by each of our executive officers and directors that he or she did not have a business or personal relationship with Semler Brossy or any of the individuals at Semler Brossy working on our engagement.

Role of Management

In general, the Committee meets with our CEO at the beginning of each year to agree upon the CEO’s performance objectives (both individual and Company) for the year. The Board also reviews these performance objectives. At the beginning of the following year, the CEO provides to the Committee his or her self-assessment, and the Committee evaluates the CEO’s performance based on his or her self-assessment and performance updates. The Committee meets in executive session to review the performance of the CEO based on his or her achievement of the agreed-upon objectives, contribution to our performance and other leadership accomplishments. The results of the evaluation by the Committee are an important metric in evaluating CEO performance. This evaluation is shared with the CEO and the compensation consultant and is used by the Committee in setting the CEO’s compensation.

Our CEO and our other executive officers do not set their own compensation nor are they present when the Committee sets their specific individual compensation. Our CEO collects specific feedback from the Board with respect to the performance of our other executive officers, including our NEOs, provides his own evaluations of the other executive officers’ performance to the Committee, and makes recommendations with respect to base salary and target AIP adjustments, equity awards and the AIP individual performance award component for each executive officer. This recommendation is considered by the Committee, which makes its own ultimate determinations.

All NEOs participate in the annual and long-term business planning processes and in recommending to the Committee the AIP and performance stock unit measures and targets that result from these processes. These measures and targets impact the compensation of the associates who participate in our AIP and who are granted performance stock units.

Pay Positioning and Comparator Groups

The Committee has designed our executive compensation program to target total compensation (salary plus target AIP award plus long-term equity grant cost on the date of grant) at the median for comparable positions in our comparator groups. Individuals new to their roles may be paid below median. High performing individuals who demonstrate superior performance over a long period of time may have pay positioned above the median of the compensation paid by the companies in the comparator groups.

In setting compensation, the Committee compares base salaries, annual incentive opportunities and long-term compensation for the NEOs to two distinct comparator groups. One group represents a sample of 49 similarly-sized companies from general industry, and the other group includes our five largest direct health insurance competitors. The Committee uses two groups because many of our direct industry competitors are substantially smaller than us. The Committee determines which companies should be in the comparator groups with the assistance of Semler Brossy.

Companies are selected on the basis of whether they compete with us in the executive labor market and whether they had comparable revenue in the prior full fiscal year. The Committee, with the assistance of Semler Brossy, set the comparator groups for 2015 as follows:

(1) Our five largest direct health insurance peers, four of which are significantly smaller than we are:

- Aetna Inc.
- Cigna Corporation
- Health Net, Inc.
- Humana Inc.
- UnitedHealth Group Incorporated

The Committee reviewed the CEO's total compensation package, comprised of salary, target bonus, and long-term equity grants, to the CEOs of our five direct peers, using available pay data. Our CEO's pay package was the fourth-highest in the group.

(2) The Standard and Poor's 500 (the "S&P 500") 11th-60th largest companies ranked by 2013 revenue (the "S&P 11-60"). Our 2013 revenue was the 27th largest of these 49 companies. The group is comprised of the following companies:

- Aetna Inc.
- American International Group, Inc.
- Amazon.com, Inc.
- AmerisourceBergen Corporation
- Archer-Daniels-Midland Company
- Bank of America Corporation
- AT&T Inc.
- The Boeing Company
- Cardinal Health, Inc.
- Caterpillar Inc.
- Cisco Systems, Inc.
- Citigroup Inc.
- The Coca-Cola Company
- Comcast Corporation
- ConocoPhillips
- Costco Wholesale Corporation
- CVS Caremark Corporation
- The Dow Chemical Company
- Express Scripts, Inc.
- FedEx Corporation
- Google Inc.
- The Home Depot, Inc.
- International Business Machines Corporation
- Johnson & Johnson
- The Kroger Co.
- Lockheed Martin Corporation
- Lowe's Companies, Inc.
- Marathon Oil Corporation
- McKesson Corporation
- Metlife, Inc.
- Microsoft Corporation
- Merck & Co., Inc.
- JP Morgan Chase & Co.
- PepsiCo, Inc.
- Pfizer Inc.
- The Procter & Gamble Company
- Prudential Financial, Inc.
- Schlumberger N.V.
- Sysco Corporation

- United Parcel Service, Inc.
- United Technologies Corporation
- UnitedHealth Group Incorporated
- Verizon Communications Inc.

- Walgreen Co.
- Wells Fargo & Company

In setting 2015 compensation, the Committee reviewed the available data from each of these comparator groups to better understand the practices of companies in our size category and our direct peers. Where possible, the data that was used to make compensation decisions in March 2015 was taken from surveys of 2014 compensation of our comparator groups prepared by third-party survey companies and from the latest annual proxy statements of these companies. In instances where a company listed above did not participate in the surveys or pay data was not available for a comparable position, the company was not included in the comparator group data for that position. In instances where our positions are structured in ways that do not match well with survey positions, the Committee compares based on target annual compensation pay rank, as reported in the surveys.

We draw competitive compensation information from a number of nationally recognized surveys as well as public filings and disclosures to determine pay practices and levels of peers. The Committee's consultant either reviews or develops this information for the benefit of the Committee.

Competitive market data is only one of several resources made available to the Committee to assist it in setting executive compensation levels. The Committee does not use the median described above as a formula to determine compensation or as a fixed target.

The Committee establishes an individual target opportunity for each NEO based on the Committee's evaluation of the executive's experience, level and scope of responsibility and individual performance. Actual cash compensation may be more or less than the target opportunity as a result of performance under the AIP. Realized compensation from our equity-based awards may be more or less than the target opportunity as a result of Company performance relative to the performance stock unit measures and our stock price performance.

The Committee reviews actual base salaries, as well as target and actual prior year annual incentive awards to compare total target and actual cash compensation. The Committee also reviews actual ASC Topic 718 expense of the equity grants as the metric comparing long-term compensation with comparable positions, as well as the value of unvested equity awards held by the NEOs.

Comparison to S&P 11-60 Comparator Group

In setting 2015 compensation, the Committee compared the 2014 target total compensation of our NEOs with comparable positions at participating companies in the S&P 11-60 comparator group. The most recent survey data available for the comparator groups in preparing these comparisons was as of March 1, 2014. Comprehensive information from 2013 public filings was also considered in this review. For purposes of this comparison, target total compensation for our NEOs includes base salary as of March 2, 2015, target 2015 AIP award amounts, the ASC Topic 718 expense of 2015 equity awards and one-third of the ASC Topic 718 expense of special equity awards, where applicable, received within three years of March 2, 2015. The target total compensation for each of Mr. Swedish and Ms. McCarthy was between the twenty-fifth percentile and the median of comparable positions at companies in the comparator group. The target compensation for Messrs. DeVeydt and Silverstein was between the median and the seventy-fifth percentile, and the target compensation of Mr. Haytaian was below the twenty-fifth percentile of comparable positions at companies in the comparator group.

Benefits and perquisites represent a small proportion of the Total Rewards program for our NEOs. The overall value of our broad-based employee benefits that were available to our NEOs in 2015 were 14% below the median survey average of the benefit packages offered by participating companies in our S&P 11-60 comparator group and our direct competitors.

Changes to the Comparator Groups for 2016

In 2015, we entered into a definitive agreement to acquire Cigna, Centene Corporation entered into a definitive agreement to acquire Health Net, Inc. and Aetna Inc. entered into a definitive agreement to acquire Humana Inc. For purposes of setting 2016 compensation, the Committee added Centene Corporation to our direct health insurance peer group. If the acquisitions detailed above are consummated, Cigna, Health Net and Humana will be removed from the health insurance peer group.

Executive Compensation (continued)

In addition to the changes above to the direct health insurance peer group, the Committee discussed modifying the group of general industry companies. Rather than using the S&P 11-60, which is based on revenue, the Committee determined that it was more appropriate to focus on earnings before income tax (EBIT) instead of revenue, and to look at market capitalization. With the pending Cigna deal in mind, the Committee established two groups of companies, one based on the current business fundamentals of Anthem and one with Anthem and Cigna combined, to replace the S&P 11-60 as our second comparator group.

Additional Compensation Policies

Stock Ownership Guidelines and Holding Requirements

We have stock ownership guidelines for all executive officers, including the NEOs. The ownership guideline is a multiple of the executive's base salary and the executive has five years to meet the guideline. As part of this program, the sale of our stock is restricted for executives who have not met their ownership requirements. The stock ownership guideline is five (5) times base salary for the CEO, and three (3) times base salary for the other NEOs. For the purposes of this program, all shares directly owned, unvested restricted stock units and unvested earned performance stock units are included in the calculation. Unexercised stock options are not included in the calculation. The Committee reviews the extent to which our executive officers have complied with the guidelines. Our NEOs each owned sufficient shares as of December 31, 2015 to meet his or her ownership guidelines based on the closing stock price of \$139.44.

Named Executive Officer	Number of Shares Beneficially Owned	Value of Shares Beneficially Owned	Required Holding	Excess Holding	Actual Ownership as a Multiple of Base Salary
Mr. Swedish	182,602	\$25,462,023	\$6,250,000	\$19,212,023	20.4X
Mr. DeVeydt	69,607	\$ 9,706,000	\$2,400,000	\$ 7,306,000	12.1X
Mr. Haytaian	49,003	\$ 6,832,978	\$2,100,000	\$ 4,732,978	9.8X
Ms. McCarthy	57,041	\$ 7,953,797	\$2,100,000	\$ 5,853,797	11.4X
Mr. Silverstein	23,249	\$ 3,241,841	\$1,770,000	\$ 1,471,841	5.5X

See "Compensation of Non-Employee Directors — Board Equity Compensation and Stock Ownership Guidelines" on page 12 for a discussion of our directors' stock ownership requirements.

Restrictions on Hedging and Pledging

As part of the Anthem, Inc. Statement of Company Policy Regarding Securities Transactions by Company Personnel, all associates, including our NEOs, are prohibited from conducting any transactions that would permit the individual to continue to own our stock without the full risks and rewards of ownership. Prohibited transactions include short sales, publicly traded options transactions, hedging transactions, including zero cost collars and prepaid forward contracts, and margin accounts and pledges involving our stock. Designated associates, including all NEOs, are also prohibited from engaging in transactions in our stock during the quarterly period commencing on the fifteenth day of the last month of each calendar quarter and ending one full business day after the release of quarterly earnings.

Recoupment Policy

We operate under a clawback/recoupment policy for incentive compensation. This policy provides that if we are required to restate our financial statements as a result of material noncompliance with a financial reporting requirement due to misconduct, the CEO, CFO and all other Section 16 officers (our executive officers and the Chief Accounting Officer) must repay any bonus or other incentive-based or equity-based compensation received during the 12 months after the inaccurate reporting, and any profits realized from the sale of stock during that 12-month period. The Board of Directors will determine, on a case by case basis, if it is in the best interest of the Company and our shareholders to pursue recoupment in individual cases.

Executive Compensation (continued)

Severance and Change in Control Arrangements

All of our NEOs are eligible for severance benefits pursuant to the Executive Agreement Plan as described beginning on page 57. We believe that a severance program is needed to attract and retain the executives that we need to achieve our business goals.

To be eligible for these benefits, executives generally agree to restrictive covenants including non-competition, non-solicitation of associates or customers, non-disparagement and confidentiality provisions which protect us from the competitive disadvantage that would result from losing executive talent to competitors. Additionally, in order to receive benefits, executives are generally required to release any prior claims against us.

Change in control severance benefits are subject to a double-trigger, which means that to receive such benefits there must be both: (1) a qualifying termination of employment and (2) termination occurring when a change of control is imminent or has occurred as detailed in the Executive Agreement Plan described above and in "Compensation Plans — Executive Severance Arrangements." The Executive Agreement Plan does not provide for tax gross-up of any regular or excise taxes imposed on severance payments in connection with a change in control pursuant to Section 4999 of the Tax Code.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on the review and discussions with management, the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement and in the Company's Annual Report on Form 10-K for the year ended December 31, 2015.

Assessment of Compensation-Related Risks

In February 2016, several members of our management team, including our Chief Accounting Officer and our Chief Risk Officer, conducted an assessment of the risks related to or arising from our compensation policies and practices. The team reviewed and discussed the various design features and characteristics of our Company-wide compensation policies and programs, as well as those at the business unit level, performance metrics at the Company and business unit levels and approval mechanisms of all Total Rewards programs for all associates, including salaries, incentive plans, sales incentives, stock options, performance stock units and restricted stock units, to determine whether any of these policies or programs could create risks that are reasonably likely to have a material adverse effect on the Company. In its review and assessment, the team took into consideration the elements of our Total Rewards program for our senior executives, including the performance measures used for the AIP, performance stock unit awards and other incentive compensation arrangements, and the elements of our compensation programs for our other employees.

In March 2016, the Compensation Committee reviewed and discussed the management team's risk assessment. As part of its review, the Compensation Committee also noted the following factors that reduce the likelihood of excessive risk-taking by executives:

- Our overall compensation levels are competitive with the market.
- Our compensation mix is balanced among (i) fixed components like salary and benefits, (ii) annual incentives that reward total Company financial performance, business unit financial performance and individual performance, and (iii) a portfolio approach for stock awards with a balance among stock options, performance stock units and time-based restricted stock units.
- For 2015, we adjusted the performance stock unit plan to provide for a three-year measurement period to balance compensation based on short-term and long-term results. Having a mix of short-term and long-term goals allows us to better align our compensation program with the interests of our shareholders.
- A significant portion of our executive compensation is tied to how our stock price performs over a period of multiple years, with equity-based awards generally vesting over three years and stock options having terms of ten years starting in 2015. This minimizes the benefit of a temporary spike in stock price.
- Our recoupment policy covers all of our executive officers subject to Section 16 of the Exchange Act.
- The Compensation Committee has discretion to reduce performance-based awards when it determines that such adjustments would be appropriate based on our interests and the interests of our shareholders.
- Incentive programs use financial measures with sliding scales, with amounts interpolated for awards between \$0, target and maximum. Awards are capped at 200% of target for annual incentives and for performance stock units awarded in 2015.
- Payouts for the AIP and performance stock units are based on results audited by the Internal Audit department.
- Executive officers are subject to Stock Ownership Guidelines, holding requirements and our prohibition on hedging, pledging stock and short sales.

Based on the assessment, the Compensation Committee determined that any risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company.

The year-end annual salaries for the NEOs (other than Mr. Goulet, who had retired) were:

Joseph R. Swedish	\$1,250,000
Wayne S. DeVeydt	\$ 800,000
Peter D. Haytaian	\$ 700,000
Gloria M. McCarthy	\$ 700,000
Martin Silverstein	\$ 590,000

⁽²⁾ The amounts in the "Stock Awards" column reflect the grant date fair value of stock awards issued during the respective fiscal years pursuant to our Incentive Plan (except disregarding the estimated forfeitures related to service-based vesting conditions) in accordance with ASC Topic 718. The grant date fair value of any performance-based awards was computed based on the level of performance that was deemed probable on the grant date. Dividend equivalents on the stock awards are factored into the grant date fair value.

The amounts in the "Stock Awards" column include the grant date fair values for time-based restricted stock units and performance stock units. The grant date fair value for the performance stock units was computed based on the target level of performance being achieved. The table below sets forth the grant date fair value of the restricted stock units granted in 2015 and the performance stock units granted in 2015 at the target level of performance and the maximum level of performance.

Executive Compensation (continued)

- (3) The amounts in the "Option Awards" column reflect the grant date fair value of stock option awards issued during the respective fiscal years pursuant to our Incentive Plan (except disregarding the estimated forfeitures related to service-based vesting conditions) in accordance with ASC Topic 718. The assumptions used in the calculation of the grant date fair value of the options were as follows:

	Dividend Yield	Volatility	Expected Life	Risk-Free Interest Rate
2015	1.70%	31.00%	3.9 years	1.96%
2014	2.00%	35.00%	3.8 years	2.16%
2013	2.40%	35.00%	4.0 years	1.25%

- (4) The amounts in the "Non-Equity Incentive Plan Compensation" column represent cash AIP awards earned during the reported year, but paid in the following year. Based on a combination of Company, business unit and individual performance, the awards earned as a percentage of their respective target awards for 2015 (and paid in 2016) were 85.7% for Mr. Swedish, 85.7% for Mr. DeVeydt, 141.9% for Mr. Haytaian, 85.7% for Ms. McCarthy, 85.7% for Mr. Silverstein and 43.4% for Mr. Goulet. Under the terms of the AIP, Mr. Goulet received an AIP award as a retiree and Mr. Silverstein received an AIP award because he was employed on December 31, 2015.
- (5) The amounts in the "Change in Pension Value and Nonqualified Deferred Compensation Earnings" column reflect the increase in the actuarial present value of the NEO's benefits under all pension plans established by us between such pension plans' applicable measurement dates used for financial statement reporting purposes with respect to our audited financial statements. These amounts were determined using discount rate, lump sum interest rate, post-retirement mortality rate and payment distribution assumptions consistent with those used in our financial statements and include amounts which the NEOs may not currently be entitled to receive because such amounts are not vested. We do not provide any above market returns on deferred compensation so no deferred compensation earnings are included.
- (6) The amounts in the "All Other Compensation" column for 2015 include:
- tax equalization payments of \$3,451, \$6,267 and \$1,550 for Messrs. Swedish, DeVeydt and Goulet, respectively, to reimburse them for the additional nonresident state income taxes owed outside their home states for time worked in other states, and to offset the increased tax liability to the executives as a result of the state income tax reimbursements;
 - \$1,589 for the cost of an executive physical for Mr. DeVeydt;
 - a supplemental pension benefit contribution to the Deferred Compensation Plan for Ms. McCarthy in the amount of \$57,087 in addition to the deferred compensation match shown in the table below;
 - \$29,254 in earned but unused paid time off benefits paid to Mr. Goulet upon his retirement; and
 - cash as part of the Anthem Directed Executive Compensation Plan ("DEC"), as described under "Compensation Plans — Anthem Directed Executive Compensation Plan" and matching contributions made by us under the applicable 401(k) Plan and Deferred Compensation Plan in 2015 as follows:

Name	DEC

Gloria McCarthy	\$30,000	\$10,600	\$ 44,298
Martin Silverstein	\$30,000	\$10,600	\$ 17,738
Kenneth R. Goulet	\$22,500*	\$10,600	\$ 47,877

* Reflects nine months of service as a result of Mr. Goulet's retirement.

In addition to the perquisites and benefits described above, the amounts in this column include the following items received by Mr. Swedish in 2015:

- a \$10,000 matching charitable contribution made by the Anthem Foundation pursuant to the Directors' Matching Gift Program;
 - personal security benefits of \$2,058; and
 - \$30,799 for the net aggregate incremental cost to us related to aircraft usage in 2015. The incremental cost for the use of corporate aircraft is calculated based on the variable operating costs, including cost per flight hour, fuel charges, catering and landing fees, and does not include fixed operating costs such as management and lease fees. In each case, the travel undertaken by Mr. Swedish was business related, but originated or terminated at a personal location.
- (7) Mr. Silverstein left the Company as of January 1, 2016.
- (8) This amount reflects a \$300,000 sign-on bonus Mr. Silverstein received on the first anniversary of his hire date.
- (9) Mr. Goulet retired from the Company effective October 1, 2015.

(1) These columns show the range of payouts targeted for 2015 performance under the AIP. The cash payouts for 2015 performance were made in March 2016 and are shown in the Summary Compensation Table in the column titled "Non-Equity Incentive Plan Compensation." The AIP includes various measures of our performance, which each have a different weight and independent threshold performance level. For corporate operating gain, which is weighted at 50%, there is a payout from 0% to 100% for performance between the threshold and target level and up to 200% for maximum performance. Business Unit Scorecard results are also weighted 50% and have the same payout range. Payouts may be adjusted up or down based on individual performance measures. The maximum total payment is 200% of target.

(2) All options were granted at an exercise price equal to fair market value based on the closing market value of our common stock on the NYSE on the date of grant.

(3) The grant date fair value of these awards was calculated in accordance with ASC Topic 718. There is no assurance that the value realized by an executive, if any, will be at or near the amounts shown in this column.

(4) Represents the performance stock units granted to each NEO under the Incentive Plan. The final number of shares received depends on our performance versus our three-year performance goals, as detailed in the Compensation Discussion and Analysis beginning on page 27. The final number of shares received will be from 0% to 100% of target for performance between the threshold and target level and up to 200% of target for maximum performance. The Compensation Committee will determine the payout based on our performance against the performance goals at the end of the 2015-2017 performance period. Any earned performance stock units will vest on March 2, 2018.

(5) Represents the number of restricted stock units granted to each NEO on March 2, 2015 under the Incentive Plan. The shares will vest in equal installments on March 2, 2016, March 2, 2017 and March 2, 2018.

(6) Represents the number of stock options granted to each NEO as an annual grant under the Incentive Plan. These shares vest in equal semi-annual installments on September 2, 2015, March 2, 2016, September 2, 2016, March 2, 2017, September 2, 2017 and March 2, 2018.

Potential Payments Upon Termination or Change in Control

The following table describes the potential additional payments and benefits under our compensation and benefit plans and arrangements to which the NEOs would be entitled upon termination of employment. The NEOs would also be entitled to vested benefits and generally available benefits under our various plans and arrangements, as discussed after the following table. The following includes the various types of circumstances that would trigger payments and benefits under plans, agreements and arrangements currently in effect, but it is always possible that different arrangements could be negotiated in connection with an actual termination of employment or change in control. Further, the amounts shown are estimates and are based on numerous assumptions, including termination of employment on December 31, 2015 (i.e., the last business day in 2015 on which securities were traded on the NYSE). Therefore, the actual amounts of the payments and benefits that would be received by the NEOs could be more or less than the amounts set forth below, and can only be determined at the time of an actual termination of employment event.

(1) For all NEOs, all unvested equity awards vest immediately upon termination following a change in control or due to death or long-term disability. Upon an eligible retirement, unvested equity awards generally continue to vest on the existing vesting schedule, except, for Mr. DeVeydt, the March 1, 2013 special retention grant would be cancelled upon retirement. Ms. McCarthy is currently retirement eligible under the Incentive Plan and Mr. Goulet was retirement eligible when he retired. For Mr. Haytaian, grants made prior to the Amerigroup merger will vest upon a Company initiated (not for cause) or good reason termination. The amounts in this column represent (1) for stock option awards, the amount that could be realized from the exercise of all unvested stock options held by the NEO that would immediately vest or continue to vest upon the indicated termination, which is calculated by subtracting the exercise price of the option from the market price of a share of our common stock on December 31, 2015, and multiplying the result by the total number of shares that could be acquired on exercise at that exercise price, and (2) for restricted stock units and performance stock units, the value of the unvested units held by the NEO that would vest upon the indicated termination, which is calculated by multiplying the number of such units by the market price of a share of our common stock on December 31, 2015.

(2) Estimate based on the average Company cost per employee for these coverages.

(3) Represents outplacement services available under our policy.

(4) These amounts apply to a termination following a change in control that is a Company initiated termination not for cause, or a good reason termination by the employee, as defined in our Executive Agreement Plan. All NEOs currently employed by the Company are participants in the Executive Agreement Plan which provides the following benefits for this termination event: (1) a severance benefit of 300% of annualized base salary plus target AIP award (in each case, not increased for the extra pay period that occurred in 2015), (2) a payment equal to 4% of this amount to cover the value of the Company match under the 401(k) Plan and supplemental plan on this payment, (3) an annual AIP award equal to the greater of the annual target AIP award or AIP award earned under the normal terms of the AIP plan for the year, (4) a payment equal to 300% of the annual value of executive benefits, and (5) a three year continuation of health and life insurance coverage.

(5) Executive is a participant in our Executive Agreement Plan, which provides the following benefits for this termination event: (1) a severance benefit of 200% of annualized base salary plus target AIP award (in each case, not increased for the extra pay period that occurred in 2015), (2) a two year continuation of health and life insurance coverage, (3) a payment equal to 200% of the annual value of executive benefits.

(6) Mr. Goulet and Ms. McCarthy are eligible for retirement treatment under the AIP and Incentive Plan. No other NEOs are currently retirement eligible. Mr. Goulet retired effective October 1, 2015.

(7) Participants in the AIP are eligible for a bonus payment if they work through the end of the plan year, which is December 31. Since this table assumes a resignation on December 31, a full AIP payout is earned. If the executive had resigned earlier in 2015, he would not be eligible for a bonus payment under the AIP.

(8) Mr. Silverstein left the Company as of January 1, 2016.

The NEOs would also be entitled to the vested benefits included in the Outstanding Equity Awards at Fiscal Year-End table, the Nonqualified Deferred Compensation table and the Pension Benefits table. In addition, the amounts shown in the table above do not include payments and benefits to the extent they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment. These include accrued salary and vacation pay, health benefits and distribution of account balances under the 401(k) Plan.

Compensation Plans

Annual Incentive Plan

Under the Annual Incentive Plan (the “AIP”), participants are eligible to receive awards of cash or shares of restricted stock based upon the achievement of performance measures established by the Compensation Committee. Such awards are stated as a percentage of earnings payable to the eligible associates, with a range of targets from 5% to 150%. The Committee retains the discretion to adjust these earned awards to reflect individual performance. The maximum award is 200% of target. In 2015, the amounts earned by our NEOs under the AIP were paid in cash under the Anthem Incentive Compensation Plan (the “Incentive Plan”). Amounts payable under the AIP are paid during the year immediately following the performance year and are payable only upon approval of the Compensation Committee. Participants must have been employed on or before October 1st of the performance year in order to receive a payment under the AIP. Also, participants must have been actively employed by us on the last business day of the plan year to receive an award. In the event a non-executive participant is part of a reduction in force in the fourth quarter of the year, or in the event of a death, qualified retirement or an approved disability of a participant during a plan year, a prorated amount may be payable.

Anthem Incentive Compensation Plan

In May 2009, shareholders approved the amended and restated Incentive Plan, which plan was formerly known as the WellPoint 2006 Incentive Compensation Plan (the “2006 Stock Plan”). The 2006 Stock Plan was approved by our shareholders in May 2006. The Incentive Plan gives the authority to the Compensation Committee to make incentive awards consisting of stock options, stock, restricted stock, restricted stock units, cash-based awards, stock appreciation rights, performance shares and performance units. The Compensation Committee selects the participants from our non-employee directors, employees and consultants and determines whether to grant incentive awards, the types of incentive awards to grant and any requirements and restrictions relating to incentive awards. The Compensation Committee is also authorized to grant shares of restricted and unrestricted common stock in lieu of obligations to pay cash under other plans and compensatory arrangements, including the AIP.

The Incentive Plan reserved for issuance for incentive awards to non-employee directors, employees and consultants 60,068,344 shares of our common stock, plus any additional shares of our common stock subject to outstanding options or other awards under the 2006 Stock Plan or the Anthem 2001 Stock Incentive Plan (the “2001 Plan”) that expired, were forfeited or otherwise terminated unexercised on or after May 19, 2009 and May 16, 2006, respectively. From and after May 19, 2009, no further grants or awards were made under the 2006 Stock Plan.

Amerigroup 2009 Equity Incentive Plan

The Amerigroup Corporation 2009 Equity Incentive Plan (the “Amerigroup Plan”) was approved by Amerigroup’s shareholders in May 2009. Under the Amerigroup Plan, employees of Amerigroup and its subsidiaries received equity-based compensation, including restricted stock and stock options. Pursuant to the merger agreement between Amerigroup and us, all equity awards for Amerigroup common stock outstanding at the close of the merger were converted into equity awards for our common stock and were assumed by us. No new equity awards can be made under the Amerigroup Plan.

Employee Stock Purchase Plan

In May 2009, shareholders approved the amended and restated Employee Stock Purchase Plan (the “Stock Purchase Plan”) which is intended to comply with Section 423 of the Tax Code and to provide a means by which to encourage and assist associates in acquiring a stock ownership interest in us. The Stock Purchase Plan is administered by the Compensation Committee and amended and restated a previously approved employee stock purchase plan. The Compensation Committee has complete discretion to interpret and administer the Stock Purchase Plan and the rights granted under it and determines the terms of each offering that permits purchases of our common stock. Any of our associates are eligible to participate, as long as the associate does not own stock totaling 5% or more of our voting power or value. No associate is permitted to purchase more than \$25,000 worth of stock in any calendar year, determined in accordance with Section 423 of the Tax Code. Based on the current terms of the Stock Purchase Plan, this value is determined based on the fair market value of the stock on the last trading day of each plan offering period. The Stock Purchase Plan reserved 14,000,000 shares of stock for issuance and purchase by associates.

Compensation Plans (continued)

Associates become participants by electing payroll deductions from 1% to 15% of gross compensation. Payroll deductions are accumulated during each plan offering period and applied toward the purchase of stock on the last trading day of each plan offering period. The purchase price per share will equal 95% (or such higher percentage as may be set by the Compensation Committee) of the fair market value of a share of common stock on the last trading day of the plan offering period. Once purchased, the stock is accumulated in the associate's investment account.

Anthem Directed Executive Compensation Plan

The Anthem Directed Executive Compensation Plan (the "DEC") is a plan that provides our officers with flexibility to tailor certain personal benefits or perquisites to meet their needs using cash credits. The amount of cash credits the executive receives is based upon his or her position with us, with the Chief Executive Officer receiving \$54,000 per year in cash credits, executive vice presidents receiving \$30,000 per year in cash credits and senior vice presidents and vice presidents receiving \$12,000 per year in cash credits. Cash credits under the DEC are paid to the executive in cash and are in lieu of executive perquisites such as the following: automobile-related benefits, airline clubs, savings or retirement accounts and additional life insurance or long-term disability insurance.

Newly hired or promoted executives will participate in the program at the beginning of the month following their hire date or the effective date of their promotion and receive a prorated amount of credits for the year.

Anthem, Inc. Executive Salary Continuation Plan

We maintain the Anthem, Inc. Executive Salary Continuation Plan for vice presidents, senior vice presidents, and executive vice presidents. Salary continuation is provided at no cost to the executive and pays a benefit equal to 100% of base salary and is payable on the eighth consecutive calendar day of a covered disability, for up to 180 days.

Anthem 401(k) Plan

We maintain the Anthem 401(k) Plan ("401(k) Plan"). The 401(k) Plan is sponsored by ATH Holding Company, LLC and is designed to provide all of our associates with a tax-deferred, long-term savings vehicle. During 2015, we made matching contributions in an amount equal to 100% of the first 3% and 50% of the next 2% of an associate's eligible earnings that he or she contributed. Annual earnings for executives is base salary, AIP cash awards and cash bonuses. Our matching contributions begin following one year of service. None of our matching contributions is in the form of our common stock. During 2015, associates could contribute 1% to 60% of his or her base salary and

Compensation Plans (continued)

AIP cash award. In addition, participants who are age 50 by the end of a plan year can contribute an additional amount (a “catch-up contribution”), up to the limit described in Section 414(v) of the Tax Code as in effect for the plan year in which the contribution is made. We offered 26 investment funds for participants to invest their contributions. Our common stock is an investment option under the 401(k) Plan. Another investment option is the Vanguard Brokerage Option, which offers 401(k) Plan participants the opportunity to invest in over 2,600 mutual funds of their choice. A participant in the 401(k) Plan can change his or her election at any time (24 hours a day, seven days a week). A participant can also change how he or she wants his or her future contributions and earning on those contributions invested in multiples of 1%, and can transfer or reallocate current investments in multiples of 1% or in flat dollar amounts. Associate contributions and our matching contributions vest immediately.

Anthem, Inc. Comprehensive Non-Qualified Deferred Compensation Plan

Eligible participants may begin participation in the Anthem, Inc. Comprehensive Non-Qualified Deferred Compensation Plan (the “Deferred Compensation Plan”) once the participant reaches the maximum contribution amount for the 401(k) Plan. An eligible participant may defer a percentage not to exceed 60% of his or her eligible earnings and may defer a percentage of his or her award under the AIP, but only to the extent that his or her aggregate base salary and AIP award deferral does not exceed 80% of his or her compensation, into the Deferred Compensation Plan. Those contributions were matched by us at the same rate as they would have been in the 401(k) Plan. The annual incentive deferral option allows an additional deferral of amounts under the AIP and is matched at the same rate as the rate for the 401(k) Plan.

Investment options for the Deferred Compensation Plan mirror those for the 401(k) Plan other than our common stock and the Vanguard Brokerage Option are not available. The frequency and manner of changing investment options also mirrors the 401(k) Plan.

The Deferred Compensation Plan includes a supplemental pension benefit contribution program which in general credits eligible participants quarterly with a contribution equal to the difference between the amount which was actually credited to his or her account under the Anthem Cash Balance Plan (the “Pension Plan”) and the amount which would have been credited to his or her account had the amount not been limited as a result of Section 401(a)(17) or Section 415 of the Tax Code. None of the NEOs received contributions under either the Pension Plan or the supplemental pension provision of the Deferred Compensation Plan except Ms. McCarthy.

Account balances in the Deferred Compensation Plan are payable at the election of the participant in a single lump sum or installments.

Empire Blue Cross and Blue Shield 2005 Executive Savings Plan

The Empire Blue Cross and Blue Shield 2005 Executive Savings Plan (the “2005 Executive Savings Plan”) enabled eligible executives to defer a portion of their base salaries or incentive compensation and to receive the benefit of a matching contribution from us. Effective December 31, 2006, the 2005 Executive Savings Plan was frozen, and no new contributions will be permitted to be made to this plan. Key employees, as defined in the Tax Code, were eligible to participate in this unfunded, non-qualified executive savings plan based upon a qualifying salary range which is adjustable on a yearly basis. In 2006, employees who had an annual base salary of at least \$100,000, as of December 1, 2005 (or date of hire if a newly hired employee) or total compensation earned from January 1 through December 1, 2005 of at least \$140,000, could participate in the 2005 Executive Savings Plan.

Participation in the 2005 Executive Savings Plan was voluntary, and participants could make whole-year and make-up elections. A whole-year election was effective for the entire plan year and must have specified a deferral percentage between 5% and 80% of base salary (in contrast to a maximum of 33 1/3% under the old plan), of any incentive award under the annual executive incentive compensation plan, and of other performance-based awards as defined in the 2005 Executive Savings Plan. The maximum deferral percentage was subject to adjustment in our discretion. A make-up election became effective once total compensation for the plan year reached the maximum amount that would be recognized in that plan year under applicable tax laws for purposes of our 401(k) Plan. As of January 1, 2006, the maximum amount was \$215,000. A make-up election is for any whole percentage up to 6% of total compensation in excess of \$215,000. We credited the employee's account with an employer match up to 50% of the amount of the total compensation deferred pursuant to the make-up election. The vesting period for the employer match is three years of service.

Compensation Plans (continued)

The participant may designate, from among the investment funds available for selection under the 2005 Executive Savings Plan, which are actively managed by an independent investment manager, the fund or funds to be used to attribute hypothetical investment performance to amounts added to his or her account during the plan year. Nothing in the 2005 Executive Savings Plan requires the employer to invest, earmark, or set aside its general assets in any specific manner.

The fund or funds selected are subject to market fluctuations and, as such, there are no above-market or preferential earnings on deferred compensation paid during the fiscal year, but deferred at the election of the executive.

Anthem Cash Balance Plan

We maintain the Pension Plan, which continues to be sponsored by ATH Holding Company, LLC. It is a non-contributory pension plan for certain associates that is qualified under Section 401(a) of the Tax Code and is subject to the Employee Retirement Income Security Act. On January 1, 1997, we converted the Pension Plan from a final average compensation pension plan into a cash balance pension plan. The Pension Plan covered substantially all full-time, part-time and temporary associates, including executive officers, and provides a set benefit at age 65, the normal retirement age under the Pension Plan. Effective January 1, 2006, the Pension Plan was a frozen pension plan that applies only to participants who were active as of that date. Upon the freeze of the Pension Plan, participants who were active Pension Plan participants and accruing a benefit under the Pension Plan formula, and the sum of whose age (in complete years) and years of service as defined by the Pension Plan (in complete years) equaled or exceeded 65 ("Rule of 65 Participants"), including executives, were eligible to continue to accrue benefits under the Pension Plan formula. None of the NEOs is a Rule of 65 Participant, except for Ms. McCarthy. Effective January 1, 2011, the Pension Plan was entirely frozen and we spun out the Rule of 65 Participants into a new plan, the WellPoint Cash Balance Pension Plan B, which has been renamed the Anthem Cash Balance Plan B.

Under the Pension Plan, at the end of each calendar quarter, a bookkeeping account for each participant is credited with interest based on the average of the monthly yields for 10-year U.S. Treasury Security Constant Maturities for the 12-month period ending on September 30 of the preceding plan year but not lower than 3.85%. Account balances are payable in a single lump sum or an actuarially equivalent annuity commencing on the first of any month following termination of employment.

Empire Blue Cross and Blue Shield Supplemental Cash Balance Pension Plan

WellChoice provided a supplemental cash balance pension plan (the "Empire Supplemental Pension Plan"), which was assumed by us when we acquired WellChoice. Effective December 31, 2006, the Empire Supplemental Pension Plan was frozen. Upon the freeze of the Empire Supplemental Pension Plan, most active participants did not continue to accrue benefits, except for those participants who were active associates on December 31, 2006 and whose age (in complete years) plus years of pension service (in complete years) was greater than or equal to 65. The Empire Supplemental Pension Plan is not tax-qualified. The purpose of this plan was to replace pension benefits which were lost through the Empire Pension Plan because of an executive's elective deferral of compensation or because of the limitations on benefits or includible compensation imposed for highly compensated employees by the Tax Code. The supplemental retirement benefit paid to each participant in the Empire Supplemental Pension Plan was equal to the difference between the participant's benefit under the Empire Pension Plan and what the participant's benefit under that plan would have been if the participant's elective deferrals and the participant's compensation in excess of the Tax Code's limitations were included in the definition of compensation under the Empire Pension Plan. The supplemental retirement benefit is calculated pursuant to the provisions of the Empire Supplemental Pension Plan and paid in a single sum. Also, in the event of the death of a participant prior to the participant's benefit payment date, a single sum, or payments made in installments, in accordance with the participant's election, calculated pursuant to the provisions of the plan, is paid to the participant's beneficiary. Benefits under this plan are paid only to the extent they are vested. A participant with a vested benefit under the Empire Pension Plan is paid the supplemental retirement benefit according to the schedule set forth in the plan or as soon as administratively practicable thereafter.

Executive Severance Arrangements

Anthem, Inc. Executive Agreement Plan

The Anthem, Inc. Executive Agreement Plan (the “Executive Agreement Plan”) is intended to protect our key executive employees and key employees of our subsidiaries and affiliates against an involuntary loss of employment (without cause) so as to attract and retain such employees and to motivate them to enhance our value. The Executive Agreement Plan is administered by a committee appointed by our Chief Human Resources Officer.

Our key executive employees and key employees of our subsidiaries and affiliates, including each vice president, senior vice president, executive vice president and any other key executive selected by our Chief Executive Officer, are eligible to participate in the Executive Agreement Plan. An eligible executive will only become a participant in the Executive Agreement Plan upon his or her execution of an employment agreement with us. In general, the terms of the Executive Agreement Plan will replace a participant’s pre-existing agreements for employment, severance or change in control benefits, or restrictive covenants.

Severance pay and benefits are triggered under the Executive Agreement Plan upon a termination of a participant’s employment by us for any reason other than death, disability (each as defined in the Executive Agreement Plan), “cause” (as defined below) or a “transfer of business” (as defined below). Severance pay and benefits will also be provided under the Executive Agreement Plan (at enhanced levels for each participant who is an executive vice president) upon a termination of a participant’s employment (1) by us for any reason other than death, disability, cause, or a transfer of business, during certain periods prior to, or the 36-month period after, a “change in control” (as defined in the Executive Agreement Plan), or (2) by the participant for “good reason” (as defined below), during the 36-month period after a change in control.

Under the Executive Agreement Plan, “cause” means any act or failure to act which constitutes:

- (1) fraud, embezzlement, theft or dishonesty against us;
- (2) a material violation of law in connection with or in the course of the participant’s duties or employment;
- (3) commission of any felony or crime involving moral turpitude;
- (4) any violation of any of the restrictive covenants contained in the Executive Agreement Plan;
- (5) any other material breach of the related employment agreement;
- (6) a material breach of any of our written employment policies;
- (7) conduct which tends to bring us into substantial public disgrace or disrepute; or
- (8) a material violation of our Standards of Ethical Business Conduct,

except that with respect to a termination of employment during the period beginning on the date of the public announcement or the making of a proposal or offer which if consummated would be a change in control, or the approval by our Board or our shareholders of a transaction that upon closing would be a change in control, and ending on the earlier to occur of the termination, abandonment or occurrence of the change in control or the first anniversary of the beginning of the period (the “Change in Control Period”), or within the 36-month period after a change in control, clause (6) and (8) will apply only if such material breach or violation is grounds for immediate termination under the terms of such written employment policy or standard of ethical business conduct; and clauses (4), (5), (6), and (7) will apply only if such violation, breach or conduct is willful. In addition, “transfer of business” means a transfer of the participant’s position to another entity, as part of either (1) a transfer to such entity as a going concern of all or part of our business function(s) in which the participant was employed, or (2) an outsourcing to another entity of our business function(s) in which the participant was employed.

Any participant who is a vice president, senior vice president or executive vice president may terminate his or her employment for “good reason” under the Executive Agreement Plan upon (a) the occurrence of the events set forth in clauses (2) or (5) below within the 36-month period after a change in control, or (b) the occurrence of the events set forth in clauses (1), (3) or (4) below at any time before or after a change in control:

- (1) a material reduction during any 24 consecutive month period in the participant’s salary, or in the annual total cash compensation (including salary and target bonus), but excluding in either case any

Compensation Plans (continued)

- reduction both (A) applicable to management employees generally, and (B) not implemented during a Change in Control Period or within the 36-month period after a change in control;
- (2) a material adverse change without the participant's prior consent in the participant's position, duties, or responsibilities except in connection with a transfer of business if the position offered by the transferee is substantially comparable and is not in violation of the participant's rights under the employment agreement;
 - (3) a material breach of the employment agreement by us;
 - (4) a change in the participant's principal work location to a location more than 50 miles from the participant's prior work location and from the participant's principal residence; or
 - (5) the failure of any successor of ours to assume our obligations under the Executive Agreement Plan (including any employment agreements).

If a vice president, senior vice president or executive vice president terminates his or her employment without "good reason," he or she is not entitled to any severance benefits under the Executive Agreement Plan.

In the event that severance pay and benefits are triggered, an eligible vice president, senior vice president or executive vice president will be entitled to receive severance pay in an amount equal to the participant's applicable severance multiplier times the sum of the participant's annual salary and annual target bonus, payable in equal installments over the participant's applicable severance period; continued participation in our health and life insurance benefit plans during the severance period; continuation of certain executive compensation perquisite payments and benefits during the severance period; continued financial planning services, if available to current executives, and outplacement services. For participants who are executive vice presidents, the applicable severance multiplier is two (increased to three when enhanced severance is paid in circumstances relating to a change in control, as described above, or during the period from when the Agreement and Plan of Merger among Anthem, Anthem Merger Sub Corp., and Cigna Corporation (the "Merger Agreement") is approved under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 through the third anniversary of the Closing Date, as defined in the Merger Agreement) and the severance period is two years (increased to three years when such enhanced severance is paid).

Other severance benefits payable to vice presidents, senior vice presidents and executive vice presidents triggered by qualifying terminations of employment after a change in control include a pro-rata bonus for the year of termination; cash payments equivalent to our tax-qualified retirement and supplemental retirement plan contributions for the participant during the severance period; and accelerated vesting of equity grants which were outstanding on both the date of the change in control and the date of termination of employment. The annual bonus of each executive participant for the year of a change in control is guaranteed to be the greater of the participant's target bonus for that year or the amount earned under the bonus plan formulas. The Executive Agreement Plan further provides that, in the event of certain corporate transactions, if an acquiring company does not assume our equity grants, the grants will vest and become payable upon the corporate transaction.

The Executive Agreement Plan payments and benefits of each participant are conditioned upon the participant's compliance with restrictive covenants and execution of a release of claims against us. The Executive Agreement Plan provides that if a participant breaches any restrictive covenant or fails to provide the required cooperation, (1) such participant shall repay to us any severance benefits previously received, as well as an amount equal to the fair market value of restricted stock vested and gain on stock options exercised within the 24-month period prior to such breach, (2) no further severance pay or benefits shall be provided to such participant, and (3) all outstanding unexercised stock options and unvested restricted stock shall be cancelled and forfeited.

Messrs. Swedish, DeVeydt and Haytaian, and Ms. McCarthy participate in the Executive Agreement Plan, while Messrs. Goulet and Silverstein participated in the Executive Agreement Plan until their employment termination. Pursuant to the terms of his Plan Employment Agreement (as defined below), Mr. Swedish is entitled to the same severance benefits under the Executive Agreement Plan as described above for our executive vice presidents.

Employment Agreement

As set forth above, for an executive officer to become eligible to participate in the Executive Agreement Plan, he or she must enter into an employment agreement with us (the "Plan Employment Agreement"). The Plan Employment

Compensation Plans (continued)

Agreement has an initial term of one year, which term is automatically extended until one year after the date on which either we or the executive officer provides notice of non-renewal. The executive officer's employment terminates upon the disability or death of the executive officer, or we may terminate the executive officer with or without Cause (as defined in the Executive Agreement Plan). Upon termination of employment, the executive officer may be entitled to the benefits set forth in the Executive Agreement Plan as set forth above. The Plan Employment Agreement also contains the restrictive covenants set forth in the Executive Agreement Plan. Messrs. Swedish, DeVeydt, Haytaian, Goulet and Silverstein, and Ms. McCarthy are parties to the Plan Employment Agreement.

Proposal No. 4 — Shareholder Proposal on Lobbying Disclosure

We have been informed that the Sisters of St. Francis of Philadelphia, 609 South Convent Road, Aston, PA 19014 (the “Sisters of St. Francis”) and the Missionary Oblates of Mary Immaculate, 391 Michigan Avenue NE, Washington, DC 20017 (the “Missionary Oblates”), the joint beneficial owners of approximately 9,355 shares of our common stock, intend to introduce the resolution below at the annual meeting. The following shareholder proposal will be voted on at the annual meeting only if properly presented by or on behalf of the Sisters of St. Francis or the Missionary Oblates. In accordance with SEC rules, the proposed shareholder resolution and supporting statement are printed verbatim from their submission.

Whereas, we believe full disclosure of Anthem’s direct and indirect lobbying activities and expenditures is required to assess whether Anthem’s lobbying is consistent with its expressed goals and in the best interests of shareholders.

Resolved, the shareholders of Anthem request the preparation of a report, updated annually, disclosing:

1. Company policy and procedures governing lobbying, both direct and indirect, and grassroots lobbying communications.
2. Payments by Anthem used for (a) direct or indirect lobbying or (b) grassroots lobbying communications, in each case including the amount of the payment and the recipient.
3. Anthem’s membership in and payments to any tax-exempt organization that writes and endorses model legislation.
4. Description of the decision making process and oversight by management and the Board for making payments described in section 2 and 3 above.

For purposes of this proposal, a “grassroots lobbying communication” is a communication directed to the general public that (a) refers to specific legislation or regulation, (b) reflects a view on the legislation or regulation and (c) encourages the recipient of the communication to take action with respect to the legislation or regulation. “Indirect lobbying” is lobbying engaged in by a trade association or other organization of which Anthem is a member.

Both “direct and indirect lobbying” and “grassroots lobbying communications” include efforts at the local, state and federal levels.

The report shall be presented to the Audit Committee or other relevant oversight committees and posted on Anthem’s website.

Supporting Statement

We encourage transparency in the use of corporate funds to influence legislation and regulation. Anthem spent approximately \$11.9 million in 2013 and 2014 on federal lobbying. Anthem reports spending \$6.7 million in 2014 on state lobbying, yet provides no information on which states are being lobbied in nor the amounts per state. Anthem’s lobbying on a merger with Cigna has attracted media scrutiny (“Clinton Calls for Tough Scrutiny of Insurance Mergers,” *Politico*, Oct. 21, 2015).

Anthem sits on the board of the Chamber of Commerce, which has spent more than \$1 billion on lobbying since 1998. Anthem discloses its trade association dues and the portions of its dues used for lobbying on its website but fails to disclose whether this includes all payments. Shareholders have no way to know if Anthem is making additional payments to trade associations beyond dues or if additional payments are being used to lobby. Anthem has previously made undisclosed trade association payments beyond dues that were used for lobbying (“Insurers Gave U.S. Chamber \$86 Million Used to Oppose Obama’s Health Law,” *Bloomberg*, November 17, 2010).

We also question if Anthem’s membership in the Chamber is consistent with Anthem’s values and presents reputational risks. For example, Anthem supports smoking cessation, yet the Chamber has worked to block global antismoking laws (“U.S. Chamber Works Globally to Fight Antismoking Measures,” *New York Times*, June 30, 2015).

Transparent reporting would reveal whether company assets are being used for objectives contrary to Anthem’s long-term interests.

Proposal No. 4 – Shareholder Proposal on Lobbying Disclosure (continued)

The Board of Directors recommends that shareholders vote “AGAINST” this proposal for the following reasons:

The adoption of this proposal is unnecessary and not in the best interests of the Company or its shareholders because we already provide extensive disclosures on our lobbying activities, our Audit Committee and Board of Directors provide independent oversight of lobbying activities and our existing policies and procedures establish an effective framework for management of lobbying activities.

As one of the nation’s largest health benefits companies, we play a key role advocating national health care policy and practices to benefit our customers and the general public. Health care is an increasingly regulated industry both at the federal and state level. As a result, we have a responsibility to all of our stakeholders to not only participate in the political process, but also to ensure that we have a seat at the table as important health care policy issues are debated and decisions are made. Anthem engages in lobbying activity to advocate our position on public policy issues with elected officials and others in federal and state government.

We are committed to transparency in and accountability for our lobbying and political activities as demonstrated by the following:

- **We Provide Extensive Disclosures About Our Lobbying and Political Activities:** We publish annually a Political Contributions & Related Activity Report (“Political Contribution Report”), which discloses the amount spent on federal lobbying activities, the amount spent on state lobbying activities, contributions to state candidates and committees (including the names of recipients and the amounts of contributions) and the amount of dues we paid to national and state business and trade associations that were at least \$50,000 annually, including the portion allocated to non-deductible lobbying activity and political expenditures. Our policies and procedures for lobbying and political activities are disclosed in detail in our annual Political Contribution Report, which is available on our website at www.antheminc.com under “About Anthem, Inc. – Government Relations – Political Contributions.”
- **Our Audit Committee and Board of Directors Provide Independent Oversight of Our Lobbying and Political Activities:** The Audit Committee, which consists entirely of independent directors, reviews at least annually, our lobbying and political strategy, expenditures and activities and oversees compliance with our policies and procedures regarding lobbying and political expenditures and activities. In addition, the Board of Directors regularly receives public affairs updates from management.
- **Existing Policies Establish an Effective Framework for Management of Lobbying and Political Activities:** The risks associated with lobbying and political activities are managed in accordance with our enterprise risk management framework. In addition, our Internal Audit Department assesses the risks related to lobbying and political activities within its annual risk assessment process. Like most major corporations, we are a member of a number of trade associations to help advance our public policy agenda and related business goals. Given the variety of business issues in which many associations are engaged, Anthem does not necessarily agree with all positions taken by every association where we are a member and we take these situations into consideration annually when determining membership. Payments to trade associations are subject to the same “Core Principles for Participation” as other lobbying and political activities and Audit Committee review and oversight.
- **We are Transparent About Our Lobbying Activities:** We file federal Lobbying Disclosure Act Reports each quarter. You can find copies of our Lobbying Disclosure Reports at <http://soprweb.senate.gov/index.cfm?event=selectfields>. These reports provide information about expenditures for the quarter and identify the employees who lobbied on our behalf. We also file periodic reports with state agencies reflecting state lobbying activities. In addition, we participate in various trade associations that are required to disclose their own lobbying expenditures under the Lobbying Disclosure Act.

Proposal No. 4 – Shareholder Proposal on Lobbying Disclosure *(continued)*

Adoption of this shareholder proposal is not necessary in light of the extensive disclosure we currently provide and the independent oversight of our lobbying and political activities by our Audit Committee and Board of Directors. Our existing policies and procedures establish an effective framework for the management of lobbying and political activities and any related risks. Moreover, adoption of this proposal is not an efficient use of resources.

Recommendation

For the reasons described above, the Board recommends a vote AGAINST this proposal.

If you are a shareholder of record and received the E-Proxy Notice, in order to obtain a proxy card, please follow the instructions on the E-Proxy Notice.

Changing Your Vote — You may revoke your proxy at any time prior to the annual meeting. If you provide more than one proxy, the proxy having the latest date will revoke any earlier proxy. If you attend the annual meeting and you are a shareholder of record, you will be given the opportunity to revoke your proxy and vote in person. **If you are a beneficial owner, you must have a legal proxy from your bank, broker or nominee in order to vote in person.**

Internet Availability of Proxy Materials

We are using the “e-proxy” rules adopted by the SEC to furnish proxy materials to shareholders through a “notice only” model using the Internet. This allows us to reduce costs by delivering to shareholders an E-Proxy Notice and providing online access to the documents.

If you received an E-Proxy Notice by mail, you will not receive a printed copy of our proxy materials unless you specifically request one as set forth below. The E-Proxy Notice instructs you on how to access and review the important information contained in the proxy statement and our 2015 Annual Report on Form 10-K as well as how to submit your proxy through the Internet. On or about April 1, 2016, we mailed the E-Proxy Notice to the majority of our shareholders of record and a printed copy of these proxy materials to our other shareholders who had requested them.

This proxy statement, the form of proxy and voting instructions are being made available to shareholders on or about April 1, 2016, at www.envisionreports.com/antm. If you received the E-Proxy Notice and would still like to receive a printed copy of the proxy materials, you may request a printed copy of this proxy statement and the form of proxy by any of the following methods: (a) telephone at 1-866-641-4276 in the United States, Canada or Puerto Rico or at 781-575-2300 from outside the United States, Canada or Puerto Rico; (b) Internet at www.envisionreports.com/antm; or (c) e-mail at investorvote@computershare.com.

Shareholders

Shares of our common stock may be held directly in your own name or may be held beneficially through a broker, bank or other nominee in street name. Summarized below are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record — If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered the shareholder of record with respect to those

Voting and Meeting Information (continued)

shares and we are providing proxy materials directly to you. As the shareholder of record, you have the right to vote in person at the annual meeting or to grant your voting proxy to the persons designated by us or a person you select.

Beneficial Owner — If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of the shares held in street name, and you have been provided proxy materials from your broker, bank or other nominee who is considered the shareholder of record with respect to the shares. As the beneficial owner, you have the right to direct the broker, bank or nominee on how to vote your shares and are also invited to attend the annual meeting. Your broker, bank or nominee is obligated to provide you with a voting instruction card for you to use. However, since you are not the shareholder of record, you may not vote these shares in person at the annual meeting unless you bring with you to the annual meeting a legal proxy, executed in your favor, from the shareholder of record.

Employee Shareholder — If you participate in the “401(k) Plan” and you are invested in our common stock fund in your account, you may give voting instructions to the plan trustee as to the number of shares of common stock equivalent to the interest in our common stock fund credited to your account as of the most recent valuation date coincident with or preceding the record date. The trustee will vote your shares in accordance with your instructions received by May 17, 2016 at 11:59 p.m., Eastern Daylight Time. You may also revoke previously given voting instructions by May 17, 2016 at 11:59 p.m., Eastern Daylight Time, by filing with the trustee either written notice of revocation or a properly completed and signed voting instruction card bearing a later date. Your voting instructions will be kept confidential by the trustee. If you do not send instructions for a proposal, the trustee will vote the number of shares equal to the share equivalents credited to your account in the same proportion that it votes shares for which it did receive timely instructions.

Inspector of Elections

Computershare Trust Company, N.A. has been appointed Inspector of Election for the annual meeting. The Inspector of Election will determine the number of shares outstanding, the shares represented at the annual meeting, the existence of a quorum, and the validity of proxies and ballots, and will count all votes and ballots.

Confidentiality of Votes

The vote of each shareholder is held in confidence, except (a) as necessary to meet applicable legal requirements and to assert or defend claims for or against the Company; (b) if there is a contested proxy solicitation; (c) if a shareholder makes a written comment on the proxy card or otherwise communicates his or her vote to management; or (d) as necessary to allow the Inspector of Election to resolve any dispute about the authenticity or accuracy of a proxy card, consent, ballot, authorization or vote and to allow the Inspector of Election to certify the results of the vote.

Householding

Shareholders who share the same last name and address may receive only one copy of the E-Proxy Notice unless we receive contrary instructions from any shareholder at that address. This is referred to as “householding.” If you prefer to receive multiple copies of the E-Proxy Notice at the same address, additional copies will be provided to you promptly upon written or oral request, and if you are receiving multiple copies of the E-Proxy Notice, you may request that you receive only one copy. Please address requests for a copy of the E-Proxy Notice to our Secretary, Anthem, Inc., 120 Monument Circle, Mail No. IN0102-B381, Indianapolis, Indiana 46204 or telephone (800) 985-0999.

Additional Information

Our Board has not received notice of any, and knows of no, matters other than those described in the attached Notice of Annual Meeting of Shareholders, which are to be brought before the annual meeting. If other matters properly come before the annual meeting, it is the intention of the persons named as proxies to vote such proxy in accordance with their judgment on such matters.

Voting and Meeting Information (continued)

Shareholders may receive, without charge, a copy of our 2015 Annual Report on Form 10-K, including consolidated financial statements, as filed with the SEC (which is our Annual Report to Shareholders). Please address requests for a copy of our 2015 Annual Report on Form 10-K to our Secretary, Anthem, Inc., 120 Monument Circle, Mail No. IN0102-B381, Indianapolis, Indiana 46204. Our 2015 Annual Report on Form 10-K is also available on our website under “Investors — Financial Information — SEC Filings” at www.antheminc.com.

Annual Meeting Admission

You must have an admission ticket, as well as a form of government-issued photo identification, in order to be admitted to the annual meeting. If you are a shareholder of record and received an E-Proxy Notice, your E-Proxy Notice is your admission ticket. If you are a shareholder of record and received a printed copy of our proxy materials, you must bring the admission ticket portion of your proxy card to be admitted to the annual meeting. If you are a beneficial owner and your shares are held in the name of a broker, bank or other nominee, you must request an admission ticket in advance by mailing a request, along with proof of your ownership of our common stock as of the record date of March 18, 2016, to Anthem Shareholder Services, 120 Monument Circle, Mail No. IN0102-B381, Indianapolis, Indiana 46204. Proof of ownership would be a bank or brokerage account statement in your name showing the number of shares of Anthem stock held by you on the record date or a letter from your broker, bank or other nominee certifying the amount of your beneficial ownership interest as of the record date.

If you wish to appoint a representative to attend the meeting in your place, you must provide to Anthem Shareholder Services, 120 Monument Circle, Mail No. IN0102-B381, Indianapolis, Indiana 46204, the name of your representative, in addition to your E-Proxy Notice or the admission ticket portion of your proxy card if you are a shareholder of record, or your proof of ownership if you are a beneficial owner, and the address where the admission ticket should be sent. A shareholder may only appoint one representative. Requests from shareholders that are legal entities must be signed by an authorized officer or other person legally authorized to act on behalf of the legal entity.

We may not be able to process requests received after May 10, 2016 in time to allow you to receive your admission ticket before the meeting date so you should mail your request early.

No cameras, recording equipment, electronic devices, large bags, briefcases, signs or packages will be permitted in the annual meeting. Mobile phones will be permitted in the meeting venue but may not be used for any purpose at any time while in the meeting venue. Violation of this rule can result in removal from the meeting venue. Please note that due to security reasons, all bags may be subject to search, and all persons who attend the annual meeting may be required to pass through a metal detector or be subject to a hand wand search. We will be unable to admit anyone who does not comply with these security procedures. No one will be admitted to the meeting once the meeting has commenced.

Cost of Solicitation

We will bear the cost of the solicitation of proxies and have engaged Alliance Advisors, LLC to assist in the solicitation of proxies. Alliance Advisors, LLC will receive a fee of approximately \$9,000 plus reasonable out-of-pocket expenses for this work. We also will reimburse banks, brokers or other custodians, nominees and fiduciaries for their expenses in forwarding the proxy materials to beneficial owners and seeking instruction with respect thereto. In addition, our directors, officers or other associates, without additional compensation, may solicit proxies from shareholders in person, or by telephone, facsimile transmission or other electronic means of communication.

Shareholder Proposals and Nominations for Next Year's Annual Meeting

Shareholder Proposals and Nominations for Inclusion in Our Proxy Materials — Pursuant to SEC Rule 14a-8, shareholder proposals for inclusion in our proxy materials for the 2017 annual meeting of shareholders must be received by our Secretary at Anthem, Inc., 120 Monument Circle, Mail No. IN0102-B381, Indianapolis, Indiana 46204, no later than December 2, 2016. Other Shareholder Proposals and Nominations — Our By-Laws also establish an advance notice procedure relating to director nominations and shareholder proposals that are not submitted for inclusion in the proxy statement, but that the shareholder instead wishes to present directly at the annual meeting. To be properly brought before the 2017 annual meeting of shareholders, the shareholder must give timely written notice of the nomination or proposal to our Secretary along with the information required by our By-Laws. In the event that the date of the annual meeting is advanced by more than 30 days or delayed by more than 60 days from such anniversary date, notice by the shareholder must be delivered not earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. The notice must contain specified information about each nominee or the proposed business and the shareholder making the nomination or proposal.

Copy of By-Law Provisions — The specific requirements of these advance notice and eligibility provisions are set forth in Sections 1.5, 1.6 and 1.16 of our By-Laws.
