

Safety Mission Statement, Service Corporation International

Service Corporation International endorses the following Safety Mission Statement, which underscores our belief that safety is everyone's responsibility.

Providing a safe environment for our associates, our customers and their friends and families is a primary mission for all of us at Service Corporation International. We will endeavor to eliminate unsafe conditions and minimize related risks by identifying and supporting safe work practices, promoting safety awareness, furnishing necessary tools and protective equipment, and providing associate training and education. We will work together to protect our customers, ourselves and each other by promoting a culture of shared responsibility with collaborative program development and the open exchange of suggestions, ideas and concerns.

Our safety mission benefits us all by minimizing exposures, reducing injuries, preventing property damage and enhancing the environment at SCI.

Tom Ryan
President and Chief Executive Officer
