Cautionary Note Regarding Forward-Looking Statements	
<p><i>This financial supplement contains forward-looking statements. Statements that are not historical facts, including statements about XL's beliefs, plans or expectations, are forward-looking statements. These statements are based on current plans, estimates and expectations, all of which involve risk and uncertainty. Statements that include the words "expect," "estimate," "intend," "plan," "believe," "project," "anticipate," "may," "could," or "would" and similar statements of a future or forward-looking nature identify forward-looking statements. Actual results may differ materially from those included in such forward-looking statements and therefore you should not place undue reliance on them. A non-exclusive list of the important factors that could cause actual results to differ materially from those in such forward-looking statements includes (a) the continuation of downward trends in rates for property and casualty insurance and reinsurance; (b) changes in the size of our claims relating to unpredictable natural or man-made catastrophe losses due to the preliminary nature of some reports and estimates of loss and damage to date; (c) changes in the number of insureds and ceding companies impacted or the ultimate number and value of individual claims relating to the second quarter of 2016 natural catastrophe events due to the preliminary nature of reports and estimates of loss and damage to date; (d) changes in the amount or type of business that we write, whether due to our actions, changes in market conditions or other factors, and the amount of premium attributable to such business; (e) the availability, cost or quality of ceded reinsurance, and the timely and full re-coverage of such reinsurance, or other amounts due to us, or changes to our projections related to such recoverables; (f) actual loss experience from insured or reinsured events and the timing of claim payments being faster or the receipt of reinsurance recoverables being slower than we anticipated; (g) increased competition on the basis of pricing, capacity, coverage terms or other factors, such as the increased inflow of third party capital into reinsurance markets, which could harm our ability to maintain or increase its business volumes or profitability; (h) greater frequency or severity of claims and loss activity than our underwriting, reserving or investment practices anticipate based on historical experience or industry data; (i) the impact of changes in the global financial markets, such as the effects of inflation on our business, including on pricing and reserving, changes in interest rates, credit spreads, foreign currency exchange rates and future volatility in the world's credit, financial and capital markets that adversely affect the performance and valuation of our investments, future financing activities and access to such markets, our ability to pay claims or general financial condition; (j) our ability to successfully implement our business strategy; (k) our ability to successfully attract and raise additional third party capital for existing or new investment vehicles; (l) changes in credit ratings and rating agency policies or practices, which could trigger cancellation provisions in our assumed reinsurance agreements or an event of default under our credit facilities; (m) the potential for changes to methodologies, estimations and assumptions that underlie the valuation of our financial instruments that could result in changes to investment valuations; (n) changes to our assessment as to whether it is more likely than not that we will be required to sell, or have the intent to sell, available-for-sale fixed maturity securities before their anticipated recovery; (o) unanticipated constraints on our liquidity, including the availability of borrowings and letters of credit under credit facilities that inhibit our ability to support our operations, including our ability to underwrite policies and pay claims; (p) the ability of our subsidiaries to pay dividends to XL Group Ltd, XL Group plc, XLIT Ltd, and Catlin Insurance Company Ltd; (q) changes in regulators or regulations applicable to us, including as a result of the completion of our redomestication from Ireland to Bermuda, such as changes in regulatory capital balances that our operating subsidiaries must maintain, or to our brokers or customers; (r) the effects of business disruption, economic contraction or economic sanctions due to unpredictable global political and social conditions such as war, terrorism or other hostilities, or pandemics; (s) the actual amount of new and renewal business and acceptance of our products and services, including new products and services and the materialization of risks related to such products and services; (t) changes in the distribution or placement of risks due to increased consolidation of insurance and reinsurance brokers; (u) bankruptcies or other financial concerns of companies insofar as they affect P&C insurance and reinsurance coverages or claims that we may have as a counterparty; (v) loss of key personnel; (w) the effects of mergers, acquisitions and divestitures, including our ability to modify our internal controls over financial reporting, changes to our risk appetite and our ability to realize the value or benefits expected, in each case, as a result of such transactions; (x) changes in general economic conditions, including the political, monetary, economic and operational impacts of the "Brexit" referendum held on June 23, 2016 in which the UK electorate voted to withdraw from the EU, new or continued sovereign debt concerns in Euro-Zone countries or emerging markets such as Brazil or China, or governmental actions for the purposes of stabilizing financial markets; (y) changes in applicable tax laws, tax treaties or tax regulations or the interpretation or enforcement thereof; (z) judicial decisions and rulings, new theories of liability or emerging claims coverage issues, legal tactics and settlement terms; (aa) the effects of climate change (such as changes to weather patterns, sea levels or temperatures) on our business, which our modeling or risk management practices may not adequately address due to the uncertain nature of climate change; and (bb) the other factors set forth in our reports on Form 10-K and Form 10-Q and other documents on file with the Securities and Exchange Commission. XL undertakes no obligation to update publicly any forward looking statement, whether as a result of new information, future developments or a otherwise.</i></p> <p><i>XL intends to use its website as a means of disclosing material non-public information and for complying with its disclosure obligations under Regulation FD. Such disclosures will be included on the website in the Investor Relations section. Accordingly, investors should monitor such portions of XL's website, in addition to a following its financial supplement, SEC filings and public conference calls and webcasts.</i></p>

Operating Net Income (Note 6)	\$ 106,447	\$ 103,388	\$ 195,029	\$ 70,792	\$ 245,797

Notes:

- Certain amounts have been reclassified to conform with the current period presentation. The Company acquired Catlin Group Limited (Catlin) on May 1, 2015 and Catlin's results are therefore included in those of the Company beginning as of that date.
- On May 1, 2014, our wholly-owned subsidiary XL Insurance (Bermuda) Ltd ("XLIB") (on June 9, 2016, XLIB and XL Re Ltd amalgamated to form XL Bermuda Ltd), entered into a sale and purchase agreement with GreyCastle Holdings Ltd. ("GreyCastle") providing for the sale of 100% of the common shares of XLIB's wholly-owned subsidiary, XL Life Reinsurance (SAC) Ltd ("XLLR"), for \$570 million in cash. This transaction was completed on May 30, 2014. As a result of the transaction, we have ceded the majority of our life reinsurance business to XLLR via 100% quota share reinsurance (the "GreyCastle Life Retro Arrangements"). The designated investments that support the GreyCastle Life Retro Arrangements, which are written on a funds withheld basis ("Life Funds Withheld Assets"), are included within "Total investments available for sale" and "Fixed maturities, trading at fair value" on our balance sheet. Investment results for these assets - including interest income, unrealized gains and losses, and gains and losses from sales - are passed directly to the reinsurer pursuant to a contractual arrangement which is accounted for as a derivative.
- Earnings are generally lagged by one month for alternative funds and three months for private investment fund affiliates. The fair market values of certain of these alternative investments often take longer to obtain as compared to other investments and are therefore unavailable at the time of quarter close.
- During the fourth quarter of 2015, we entered into a large reinsurance agreement ceding approximately 80% of the remaining life reinsurance premiums that were not included in the Greycastle Life Retro Agreements ("Other Life Retro Arrangements").
- In December, 2015 \$68M and €18M of subordinated notes that were acquired as a result of the combination with Catlin were repurchased by XL at par and extinguished. XL recognized a \$5.6 million loss (\$4.5m net of \$1.1m tax benefit) on early extinguishment of debt for the year ended December 31, 2015.
- Operating net income, a non-GAAP measure, is defined as net income (loss) attributable to ordinary shareholders excluding, as applicable: (1) our net investment income - Life Funds Withheld Assets, (2) our net realized (gains) losses on investments sold - excluding Life Funds Withheld Assets, (3) our net realized (gains) losses on investments sold (including OTTI) and net unrealized (gains) losses on investments, Trading - Life Funds Withheld Assets, (4) our net realized and unrealized (gains) losses on derivatives, (5) our net realized and unrealized (gains) losses on life retrocession embedded derivative and derivative instruments - Life Funds Withheld Assets, (6) our share of items (2) and (4) for XL's insurance company affiliates for the periods presented, (7) our foreign exchange (gains) losses, (8) our expenses related to the Catlin acquisition, (9) our gain on the sale of our interest in our operating affiliate, ARX Holding Corp. ("ARX"), (10) our provision (benefit) for income tax on items excluded from operating income, (11) our loss on the Other Life Retro Arrangements, and (12) our loss on the early extinguishment of the notes assumed in conjunction with the Catlin acquisition. For further information see page 44 for Comment on Regulation G.

Fully diluted book value per ordinary share	\$ 41.71	\$ 40.33	\$ 38.87	\$ 39.23	\$ 39.68
Fully diluted tangible book value per ordinary share (Note 5)	\$ 33.79	\$ 32.62	\$ 31.52	\$ 31.95	\$ 32.53

Notes:

1. Certain amounts have been reclassified to conform with the current period presentation. The Company acquired Catlin on May 1, 2015 and Catlin's results are therefore included in those of the Company beginning as of that date.

2. Unrealized (gain) loss on investments, net of tax is the cumulative impact of mark to market fluctuations on our investment portfolio that have not been realized through sales.

3. Operating net income, a non-GAAP measure, is defined as net income (loss) attributable to ordinary shareholders excluding, as applicable: (1) our net investment income - Life Funds Withheld Assets, (2) our net realized (gains) losses on investments sold - excluding Life Funds Withheld Assets, (3) our net realized (gains) losses on investments sold (including OTTI) and net unrealized (gains) losses on investments, Trading - Life Funds Withheld Assets, (4) our net realized and unrealized (gains) losses on derivatives, (5) our net realized and unrealized (gains) losses on life retrocession embedded derivative and derivative instruments - Life Funds Withheld Assets, (6) our share of items (2) and (4) for XL's insurance company affiliates for the periods presented, (7) our foreign exchange (gains) losses, (8) our expenses related to the Catlin acquisition, (9) our gain on the sale of our interest in our operating affiliate, ARX Holding Corp. ("ARX"), (10) our provision (benefit) for income tax on items excluded from operating income, (11) our loss on the Other Life Retro Arrangements, and (12) our loss on the early extinguishment of the notes assumed in conjunction with the Catlin acquisition. For further information see page 44 for Comment on Regulation G.

4. Ordinary shares outstanding include all ordinary shares legally issued and outstanding (as disclosed on the face of the balance sheet) as well as all director share units outstanding.

5. Fully diluted tangible book value per ordinary share is a non-GAAP financial measure which represents book value per ordinary share (total shareholders' equity less non-controlling interest in equity of consolidated subsidiaries, goodwill and intangible assets, divided by the number of outstanding ordinary shares combined with the dilutive impact of potential future share issues at any period end). XL believes that fully diluted tangible book value per ordinary share is a financial measure important to investors and other interested parties who benefit from having a consistent basis for comparison with other companies within the industry. However, this measure may not be comparable to similarly titled measures used by companies either outside or inside of the insurance industry.

Operating Net Income (Note 8)	\$ 209,835	\$ 440,173

Notes:

1. Certain amounts have been reclassified to conform with the current period presentation.
2. The company's results for the six months ended June 30, 2016 include those of Catlin from May 1, 2015.
3. On May 1, 2014, our wholly-owned subsidiary XL Insurance (Bermuda) Ltd ("XLIB") (on June 9, 2016, XLIB and XL Re Ltd amalgamated to form XL Bermuda Ltd), entered into a sale and purchase agreement with GreyCastle providing for the sale of 100% of the common shares of XLIB's wholly-owned subsidiary XLLR for \$570 million in cash. This transaction was completed on May 30, 2014. As a result of the transaction, we have ceded the majority of our life reinsurance business to XLLR via the GreyCastle Life Retro Arrangements. The Life Funds Withheld Assets are included within "Total investments available for sale" and "Fixed maturities, trading at fair value" on our balance sheet. Investment results for these assets - including interest income, unrealized gains and losses, and gains and losses from sales - are passed directly to the reinsurer pursuant to a contractual arrangement which is accounted for as a derivative.
4. Earnings are generally lagged by one month for alternative funds and three months for private investment fund affiliates. The fair market values of certain of these alternative investments often take longer to obtain as compared to other of XL's investments and are therefore unavailable at the time of quarter close.
5. Operating expenses includes approximately \$52.1 million related to the Catlin acquisition. See pages 15 - 16 for split of segment and corporate operating expenses.
6. Interest expense includes approximately \$14.5 million in bridge financing costs related to the Catlin acquisition.
7. Earnings from operating affiliates are generally lagged by three months as the information is unavailable at the time of quarter close.
8. Operating net income, a non-GAAP measure, is defined as net income (loss) attributable to ordinary shareholders excluding, as applicable: (1) our net investment income - Life Funds Withheld Assets, (2) our net realized (gains) losses on investments sold - excluding Life Funds Withheld Assets, (3) our net realized (gains) losses on investments sold (including OTTI) and net unrealized (gains) losses on investments, Trading - Life Funds Withheld Assets, (4) our net realized and unrealized (gains) losses on derivatives, (5) our net realized and unrealized (gains) losses on life retrocession embedded derivative and derivative instruments - Life Funds Withheld Assets, (6) our share of items (2) and (4) for XL's insurance company affiliates for the periods presented, (7) our foreign exchange (gains) losses, (8) our expenses related to the Catlin acquisition, (9) our gain on the sale of our interest in our operating affiliate, ARX Holding Corp. ("ARX"), (10) our provision (benefit) for income tax on items excluded from operating income, (11) our loss on the Other Life Retro Arrangements, and (12) our loss on the early extinguishment of the notes assumed in conjunction with the Catlin acquisition. For further information see page 44 for Comment on Regulation G.

Notes :

- Corporate and Other includes the Company's run-off Life operations.
- Operating expenses exclude corporate operating expenses, shown separately.
- On May 1, 2014, our wholly-owned subsidiary XL Insurance (Bermuda) Ltd ("XLIB") (on June 9, 2016, XLIB and XL Re Ltd amalgamated to form XL Bermuda Ltd), entered into a sale and purchase agreement with GreyCastle providing for the sale of 100% of the common shares of XLIB's wholly-owned subsidiary XLLR for \$570 million in cash. This transaction was completed on May 30, 2014. As a result of the transaction, we have ceded the majority of our life reinsurance business to XLLR via the GreyCastle Life Retro Arrangements. The Life Funds Withheld Assets are included within "Total investments available for sale" and "Fixed maturities, trading at fair value" on our balance sheet. Investment results for these assets - including interest income, unrealized gains and losses, and gains and losses from sales - are passed directly to the reinsurer pursuant to a contractual arrangement which is accounted for as a derivative.
- The net investment results from structured products include net investment income and interest expense of \$26.7 million and \$22.7 million, respectively.
- Net fee income and other includes operating expenses of \$24.2 million from the Company's loss prevention consulting services business.
- XL records the income related to the alternative funds and to the private investment and operating fund affiliates on a one-month and three-month lag, respectively.
- Operating expenses includes \$52.1 million of integration costs resulting from the Catlin acquisition. See pages 8 - 10 for split of segment and corporate operating expenses. See pages 15 - 16 for split of segment and corporate operating expenses.
- Interest expense includes approximately \$14.5 million in bridge financing costs related to the Catlin acquisition and excludes interest expense related to deposit liabilities recorded in the Insurance and Reinsurance segments.
- 2016 Natural Catastrophes include Alberta, Canada Fort McMurray Wildfire, April Texas Hailstorm, May European Storms and Flooding, Japanese, Taiwan and Ecuador Earthquakes and US Storms.

Loss and loss expense ratio excluding net prior year development, natural catastrophe losses and reinstatement premium	62.4%	51.7%	59.2%		

Notes :

- Certain amounts have been reclassified to conform with the current period presentation. The Company acquired Catlin on May 1, 2015 and Catlin's results are therefore included in those of the Company beginning as of that date.
- Corporate and Other includes the Company's run-off Life operations.
- Operating expenses exclude corporate operating expenses, shown separately.
- On May 1, 2014, our wholly-owned subsidiary XLIB, entered into a sale and purchase agreement with GreyCastle providing for the sale of 100% of the common shares of XLIB's wholly-owned subsidiary XLLR for \$570 million in cash. This transaction was completed on May 30, 2014. As a result of the transaction, we have ceded the majority of our life reinsurance business to XLLR via the GreyCastle Life Retro Arrangements. The Life Funds Withheld Assets are included within "Total investments available for sale" and "Fixed maturities, trading at fair value" on our balance sheet. Investment results for these assets - including interest income, unrealized gains and losses, and gains and losses from sales - are passed directly to the reinsurer pursuant to a contractual arrangement which is accounted for as a derivative.
- The net investment results from structured products include net investment income and interest expense of \$31.1 million and \$20.6 million, respectively.
- Net fee income and other includes operating expenses of \$23.6 million from the Company's loss prevention consulting services business.
- XL records the income related to the alternative funds and to the private investment and operating fund affiliates on a one-month and three-month lag, respectively.
- Interest expense excludes interest expense related to deposit liabilities recorded in the Insurance and Reinsurance segments.
- 2015 Natural Catastrophe losses include US Winter storms, Chile Flooding, Storm Niklas, Sydney Hailstorm, and Tropical Cyclone Marcia.

Notes:

1. Certain amounts have been reclassified to conform with the current period presentation. The Company acquired Catlin on May 1, 2015 and Catlin's results are therefore included in those of the Company beginning as of that date.

2. On May 1, 2014, our wholly-owned subsidiary XL Insurance (Bermuda) Ltd ("XLIB") (on June 9, 2016, XLIB and XL Re Ltd amalgamated to form XL Bermuda Ltd), entered into a sale and purchase agreement with GreyCastle providing for the sale of 100% of the common shares of XLIB's wholly-owned subsidiary XLLR for \$570 million in cash. This transaction was completed on May 30, 2014. As a result of the transaction, we have ceded the majority of our life reinsurance business to XLLR via the GreyCastle Life Retro Arrangements. The Life Funds Withheld Assets are included within "Total investments available for sale" and "Fixed maturities, trading at fair value" on our balance sheet. Investment results for these assets - including interest income, unrealized gains and losses, and gains and losses from sales - are passed directly to the reinsurer pursuant to a contractual arrangement which is accounted for as a derivative.

Notes:

- Certain amounts have been reclassified to conform with the current period presentation.
- "In Use" data represents accreted values.

3. Excluded from the table are revolving credit capacity of \$1.4 billion at June 30, 2016, March 31, 2016 and December 31, 2015, \$1.5 billion at September 30, 2015 and \$1.7 billion at June 30, 2015. The amounts of this capacity for revolving loans utilized to issue letters of credit were \$501.2 million at June 30, 2016, \$526.5 million at March 31, 2016, \$527.1 million at December 31, 2015, \$467.9 million at September 30, 2015 and \$667.9 million at June 30, 2015, thus leaving available amounts of \$848.8 million at June 30, 2016, \$823.5 million at March 31, 2016, \$822.9 at December 31, 2015 and \$1.0 billion at the end of each of September 30, 2015 and June 30, 2015.

4. As a result of the Allied Acquisition the Company assumed \$8.2 million of trust preferred securities, due in 2035 was redeemed on June 15, 2016.

5. These subordinated notes were acquired as a result of the combination with Catlin and were repurchased by XL at par and extinguished in December, 2015. XL recognized a \$5.6 million loss on early extinguishment of debt for the year ended December 31, 2015.

RECOVERABLE AND REINSURANCE BALANCES RECEIVABLE BY REINSURER

(U.S. dollars in thousands)
(Note 1)

	At June 30, 2016 (Unaudited)	At March 31, 2016 (Unaudited) (Note 3)	At December 31, 2015 (Unaudited)	At September 30, 2015 (Unaudited)	At June 30, 2015 (Unaudited)
Unpaid losses and loss expenses recoverable	\$ 5,426,773	\$ 5,374,604	\$ 5,262,706	\$ 5,197,577	\$ 5,155,612
Reinsurance balances receivable	563,673	469,009	418,666	425,521	371,807
Total recoverable and reinsurance balances receivable (Note 2)	<u>\$ 5,990,446</u>	<u>\$ 5,843,613</u>	<u>\$ 5,681,372</u>	<u>\$ 5,623,098</u>	<u>\$ 5,527,419</u>

The following is an analysis at March 31, 2016 of reinsurers owing more than 3% of the total recoverable and reinsurance balances receivable:

Name of reinsurer	Standard and Poor's Rating	% of Total
Munich Reinsurance Co.	AA-/Stable	26.2%
Lloyd's Syndicates	A+/Stable	12.1%
Swiss Reinsurance Co.	AA-/Stable	5.8%
RGA Reinsurance Company	AA-/Stable	4.9%
Swiss Re Europe S.A.	AA-/Stable	4.5%
Arch Reinsurance Company	A+/Stable	3.2%
AXIS Reinsurance Company	A+/Stable	3.1%

"AAA" : Extremely strong capacity to meet its financial commitments, "+" indicating the high end of the main rating and "-" indicating the low end of the main rating. "AAA" is the highest out of nine main ratings.

"AA" : Very strong capacity to meet its financial commitments, "+" indicating the high end of the main rating and "-" indicating the low end of the main rating. "AA" is the second highest out of nine main ratings.

"A" : Strong capacity to meet its financial commitments, "+" indicating the high end of the main rating and "-" indicating the low end of the main rating. "A" is the third highest out of nine main ratings.

Notes:

- Certain amounts have been reclassified to conform with the current period presentation. The Company acquired Catlin on May 1, 2015 and Catlin's results are therefore included in those of the Company beginning as of that date.
- XL had a reserve for potential non-recoveries from reinsurers of \$57.3 million at June 30, 2016, \$57.2 million at March 31, 2016, \$56.9 million at December 31, 2015, \$59.7 million at September 30, 2015 and \$62.1 million at June 30, 2015.
- During the fourth quarter of 2015, we entered into a large reinsurance agreement ceding approximately 80% of the remaining life insurance premiums that were not included in the GreyCastle Retro Arrangements. Unpaid losses and loss expense recoverables under these Other Life Retro Arrangements are also excluded from the amounts above, and are now included as an offset within our balance sheet "Reinsurance balances payable" line. These amounts were approximately \$284 million at December 31, 2015.

Notes:

1. "Total Fixed Income - Investments" includes fixed maturities, short-term investments, invested cash & cash equivalents and net (payables) receivables for investments (purchased) sold.

COMMENT ON REGULATION G

XL presents its operations in ways it believes will be most meaningful and useful to investors, analysts, rating agencies and others who use XL's financial information in evaluating XL's performance. This financial supplement contains the presentation of (i) operating net income (loss) ("Operating Net Income"), a non-GAAP measure, which is defined as net income (loss) attributable to ordinary shareholders excluding: (1) our net investment income - Life Funds Withheld Assets, (2) our net realized (gains) losses on investments sold - excluding Life Funds Withheld Assets, (3) our net realized (gains) losses on investments sold (including OTTI) and net unrealized (gains) losses on investments, Trading - Life Funds Withheld Assets, (4) our net realized and unrealized (gains) losses on derivatives, (5) our net realized and unrealized (gains) losses on life retrocession embedded derivative and derivative instruments - Life Funds Withheld Assets, (6) our share of items (2) and (4) for XL's insurance company affiliates for the periods presented, (7) our foreign exchange (gains) losses, (8) our expenses related to the Catlin acquisition, net of tax (9) our gain on the sale of our interest in our operating affiliate, ARX Holding Corp. ("ARX"), (10) our provision (benefit) for income tax on items excluded from operating income, (11) our loss on the Other Life Retro Arrangements, and (12) our loss on the early extinguishment of the notes assumed in conjunction with the Catlin acquisition; (ii) annualized return on average ordinary shareholders' equity ("ROE") based on operating net income (loss) ("Operating ROE"); (iii) Operating ROE excluding average unrealized gains and losses on investments and integration costs; (iv) annualized net income (loss) attributable to ordinary shareholders excluding the Contribution from the GreyCastle Life Retro Arrangements and (v) Fully diluted tangible book value per ordinary share (ordinary shareholders' equity excluding goodwill and intangible assets divided by the number of shares outstanding at the period end date combined with the dilutive impact of potential future share issues at any period). These items are "non-GAAP financial measures" as defined in Regulation G.

Although the investment of premiums to generate income (or loss) and realize capital gains (or losses) is an integral part of XL's operations, the determination to realize capital gains (or losses) is independent of the underwriting process. In addition, under applicable GAAP accounting requirements, losses can be created as the result of other than temporary declines in value and from goodwill impairment charges without actual realization. In this regard, certain users of XL's financial information, including certain rating agencies, evaluate earnings before tax and capital gains to understand the profitability of the operational sources of income without the effects of these two variables. Furthermore, these users believe that, for many companies, the timing of the realization of capital gains and the recognition of goodwill impairment charges are largely a function of economic and interest rate conditions.

Net realized and unrealized (gains) losses on derivatives include all derivatives entered into by XL other than certain credit derivatives and the life retrocession embedded derivative. With respect to credit derivatives, because XL and its insurance company operating affiliates generally hold financial guaranty contracts written in credit default derivative form to maturity, the net effects of the changes in fair value of these credit derivatives are excluded (similar with other companies' treatment of such contracts), as the changes in fair value each quarter are not indicative of underlying business performance.

Net investment income - Life Funds Withheld Assets, and net realized (gains) losses on the life retrocession embedded derivative and derivative instruments - Life Funds Withheld Assets, have been excluded because, as a result of the GreyCastle Life Retro Arrangement, XL no longer shares in the risks and rewards of the underlying performance of the Life Funds Withheld Assets that support these retrocession arrangements. The returns on the Life Funds Withheld Assets are passed directly to the reinsurer pursuant to a contractual arrangement that is accounted for as a derivative. Therefore, net investment income from the Life Funds Withheld Assets and changes in the fair value of the embedded derivative associated with these GreyCastle Life Retro Arrangements are not relevant to XL's underlying business performance.

Foreign exchange (gains) losses in the income statement are only one element of the overall impact of foreign exchange fluctuations on XL's financial position and are not representative of any economic gain or loss made by XL. Accordingly, it is not a relevant indicator of financial performance and it is excluded.

In summary, XL evaluates the performance of and manages its business to produce an underwriting profit. In addition to presenting net income (loss), XL believes that showing operating net income (loss) enables investors and other users of XL's financial information to analyze XL's performance in a manner similar to how management of XL analyzes performance. In this regard, XL believes that providing only a GAAP presentation of net income (loss) would make it much more difficult for users of XL's financial information to evaluate XL's underlying business. Also, as stated above, XL believes that the equity analysts and certain rating agencies that follow XL (and the insurance industry as a whole) exclude these items from their analyses for the same reasons and they request that XL provide this non-GAAP financial information on a regular basis.

Operating ROE is a widely used measure of any company's profitability that is calculated by dividing annualized operating net income for any period other than a fiscal year when actual operating income is used by the average of the opening and closing ordinary shareholders' equity. XL establishes target Operating ROEs for its total operations, segments and lines of business. If XL's Operating ROE targets are not met with respect to any line of business over time, XL seeks to re-evaluate these lines. Operating ROE excluding net unrealized gains and losses on investments is an additional measure of a company's profitability that eliminates the impacts of mark to market fluctuations on a company's investment portfolio that have not been realized through sales, which XL believes provides a more consistent measure of company performance.

XL believes that fully diluted tangible book value per ordinary share is a financial measure important to investors and other interested parties who benefit from having a consistent basis for comparison with other companies within the industry. However, this measure may not be comparable to similarly titled measures used by companies either outside or inside of the insurance industry
