PROXY STATEMENT FOR AN ANNUAL MEETING OF STOCKHOLDERS TO BE HELD MAY 23, 2017

GENERAL INFORMATION

Why am I receiving these materials?

This proxy statement is provided to the stockholders of B&G Foods, Inc. (“B&G Foods,” “we,” or “our company”) in connection with the solicitation of proxies by our board of directors to be voted at an annual meeting of stockholders to be held at the Hilton Parsippany, 1 Hilton Court, Parsippany, NJ 07054, at 10:00 a.m., local time, on Tuesday, May 23, 2017, and at any adjournment or postponement of the meeting. This proxy statement and the related materials are first being distributed or made available to stockholders on or about April 6, 2017. This proxy statement provides information that should be helpful to you in deciding how to vote on the matters to be voted on at the annual meeting.

What items will be voted on at the annual meeting?

At the annual meeting, the stockholders will consider and vote upon

- the election of eight directors to hold office until the next annual meeting of stockholders (Proposal No. 1);
- an advisory proposal on executive compensation, commonly referred to as a “say on pay” proposal (Proposal No. 2);
- an advisory proposal on the frequency of future “say on pay” proposals (Proposal No. 3);
- the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 30, 2017 (fiscal 2017) (Proposal No. 4); and
- the approval of the amendment and restatement of the 2008 Omnibus Incentive Compensation Plan, renamed the Omnibus Incentive Compensation Plan (Proposal No. 5).

What are included in the proxy materials?

The proxy materials include:

- our proxy statement for the annual meeting of stockholders; and
- our 2016 Annual Report.

If you received a paper copy of these materials by mail, the proxy materials also include a proxy card or a voting instruction card for the annual meeting.

What is a proxy statement? What information is contained in this proxy statement?

It is a document that Securities and Exchange Commission (SEC) regulations require us to give you when we ask you to sign a proxy card designating proxies to vote on your behalf. The information in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, B&G Foods' board of directors and board committees, the compensation of our directors and executive officers for fiscal 2016 and other required information.

What is a proxy?

It is your legal designation of another person to vote the stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. We have designated two of our officers as proxies for the annual meeting. These two officers are Robert C. Cantwell and Scott E. Lerner.

Why did I receive a notice in the mail regarding the Internet availability of the proxy materials instead of a paper copy of the proxy materials?

We are pleased to be using once again the SEC rule that allows companies to furnish their proxy materials to stockholders over the Internet. As a result, we are mailing to most of our stockholders a notice about the Internet availability of the proxy materials instead of a paper copy of the proxy materials. We believe that this process allows us to provide our stockholders with the information they need in a timelier manner, while reducing the environmental impact and lowering the costs of printing and distributing our proxy materials. All stockholders receiving the notice will have the ability to access the proxy materials over the Internet and request to receive a paper copy of the proxy materials by mail. Instructions on how to access the proxy materials over the Internet or to request a paper copy may be found in the notice. All stockholders who have previously requested paper copies of our proxy materials will continue to receive paper copies by mail.

Why didn't I receive a notice in the mail about the Internet availability of the proxy materials?

We are providing stockholders who have previously requested to receive paper copies of the proxy materials with paper copies instead of a notice about the Internet availability of the proxy materials.

In addition, we are providing notice of the availability of the proxy materials by email to those stockholders who have previously elected delivery of the proxy materials electronically. Those stockholders should have received an email containing a link to the website where those materials are available and a link to the proxy voting website.

How can I access the proxy materials over the Internet?

The notice of annual meeting, proxy statement and annual report are available at <https://materials.proxyvote.com/05508R>. Instead of receiving future copies of the proxy materials by mail, most beneficial owners can elect to receive an email that will provide electronic links to these documents. Opting to receive your proxy materials online will save us the cost of producing and mailing documents to your home or business, and also will give you an electronic link to the proxy voting site. If you received a notice of the Internet availability of proxy materials, that notice will contain additional instructions on how to view our proxy materials on the Internet.

How may I obtain a paper copy of the proxy materials?

Stockholders receiving a notice about the Internet availability of the proxy materials will find instructions about how to obtain a paper copy of the proxy materials on that notice. Stockholders receiving notice of the availability of the proxy materials by email will find instructions about how to

obtain a paper copy of the proxy materials as part of that email. All stockholders who do not receive a notice or an email will receive a paper copy of the proxy materials by mail.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with B&G Foods' registrar and transfer agent, Computershare, you are considered a stockholder of record with respect to those shares.

If your shares are held in a brokerage account or bank, you are considered the "beneficial owner" of those shares.

Who is entitled to vote at the annual meeting?

Each holder of record of our common stock at the close of business on March 27, 2017 is entitled to vote at the annual meeting. As of that date, a total of 66,474,474 shares of common stock were outstanding and are eligible to vote at the annual meeting. Each share of our common stock is entitled to one vote per share on all matters with respect to which holders are entitled to vote.

How do I vote?

Your shares may only be voted at the annual meeting if you are present in person or are represented by proxy. Whether or not you plan to attend the annual meeting, we encourage you to vote by proxy to assure that your shares will be represented. Voting by proxy will in no way limit your right to vote at the annual meeting if you later decide to attend in person. Beneficial owners, however, may vote in person at the annual meeting only if they have a legal proxy, as described below.

Stockholders of Record. If you are a stockholder of record, you may vote by proxy by completing the enclosed proxy card and mailing it in the postage-paid envelope provided. In the alternative, stockholders of record may vote in person at the annual meeting.

Beneficial Owners. If your shares are held in the name of a broker, bank or other nominee, that institution will instruct you as to how your shares may be voted by proxy, including whether telephone or Internet voting options are available. If your shares are held in the name of a broker, bank or other nominee, and you would like to vote in person at the meeting, you must first obtain a proxy, executed in your favor, from the institution that holds your shares.

What can I do if I change my mind after I vote my shares?

Stockholders of Record. If you are a stockholder of record, you may revoke your proxy at any time before it is exercised by timely submission of a written revocation to our corporate secretary, submission of a properly executed later-dated proxy, or by voting by ballot at the annual meeting. Attendance at the annual meeting will not by itself constitute a revocation of a proxy.

Beneficial Owners. If your shares are held in the name of a broker, bank or other holder of record, that institution will instruct you as to how your vote may be changed.

If I am a stockholder of record, how will my shares be voted if I sign, date and return my proxy card?

What if I do not specify a choice for a matter when returning my signed proxy card?

All shares entitled to vote that are represented by properly completed proxy cards received prior to the annual meeting and not revoked will be voted at the meeting in accordance with your instructions. If you sign and return a proxy card but do not indicate how your shares should be voted, the shares represented by your properly completed proxy card will be voted:

- FOR each of the director nominees in Proposal No. 1;

- FOR the proposal to approve, on an advisory basis, executive compensation;
- FOR holding the say on pay vote *every one year* at the annual meeting of stockholders;
- FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for fiscal 2017;
- FOR the amendment and restatement of the 2008 Omnibus Incentive Compensation Plan, renamed the Omnibus Incentive Compensation Plan (which we refer to in this proxy statement as the Omnibus Plan); and
- in the discretion of the persons named in the proxies as proxy appointees as to any other matter that may properly come before the annual meeting.

What if I am a beneficial owner and do not give voting instructions to my broker?

As a beneficial owner, in order to ensure your shares are voted in the way you would like, you must provide voting instructions to your bank, broker or other nominee by the deadline provided in the materials you receive from your bank, broker or other nominee. If you do not provide voting instructions to your bank, broker or other nominee, whether your shares can be voted by such bank, broker or nominee depends on the type of item being considered for vote.

Non-Discretionary Items. The election of directors, advisory say on pay vote, advisory vote on the frequency of holding the say on pay vote and the approval of the amended and restated Omnibus Incentive Compensation Plan are non-discretionary items and may not be voted on by brokers, banks or other nominees who have not received specific voting instructions from beneficial owners.

Discretionary Items. The ratification of the appointment of KPMG LLP as independent registered public accounting firm is a discretionary item. Generally, brokers, banks and other nominees that do not receive voting instructions from beneficial owners may vote on this proposal in their discretion.

Who may attend the annual meeting?

All stockholders that were our stockholders as of the record date (March 27, 2017), or their authorized representatives, may attend the annual meeting. Admission to the meeting will be on a first-come, first-served basis. If your shares are held in the name of a broker, bank or other nominee and you plan to attend the annual meeting, you should bring proof of ownership, such as a brokerage or bank account statement, to the annual meeting to ensure your admission.

How will votes be counted?

The presence, in person or by proxy, of the holders of a majority of the issued and outstanding shares of common stock of our company entitled to vote on a particular matter will constitute a quorum for the purpose of considering that matter. Abstentions and broker “non-votes” will be counted as present and entitled to vote for purposes of determining a quorum. A broker “non-vote” occurs when a nominee, such as a bank or broker, holding shares for a beneficial owner, does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

For Proposal No. 1, a nominee for director must receive the affirmative vote of a majority of the votes cast with respect to such nominee by the holders of the shares of common stock voting in person or by proxy at the annual meeting. Likewise, each of Proposal Nos. 2, 3 and 5 require the affirmative vote of a majority of the votes cast by the holders of the shares of common stock voting in person or by proxy at the annual meeting. For Proposal No. 4 regarding the advisory vote on the frequency of future advisory approvals of executive compensation, the frequency option (i.e., every one year, two years or three years) that receives the most votes cast will be considered to be the frequency that has

been selected by our stockholders. Abstentions and broker non-votes will not be included in the vote totals and will not affect the outcome of the vote for Proposal Nos. 1 through 5.

Who will count the votes?

A representative of our transfer agent, Computershare, will tally the vote, and will serve as inspector of the annual meeting.

How are proxies being solicited and who will pay for the solicitation of proxies?

We will bear the expense of the solicitation of proxies. In addition to the solicitation of proxies by mail, solicitation may be made by our directors, officers and employees by other means, including telephone, over the Internet or in person. No special compensation will be paid to our directors, officers or employees for the solicitation of proxies. To solicit proxies, we will also request the assistance of brokerage houses, banks and other custodians, nominees or fiduciaries, and, upon request, will reimburse such organizations or individuals for their reasonable expenses in forwarding soliciting materials to beneficial owners and in obtaining authorization for the execution of proxies.

CORPORATE GOVERNANCE

Code of Business Conduct and Ethics; Corporate Governance Guidelines; Board Committee Charters

B&G Foods is committed to conducting every aspect of our business in an ethical, open and honest manner and in full compliance with the law, both in letter and in spirit. Our code of business conduct and ethics applies to all of our employees, officers and directors, including our chief executive officer and our chief financial officer, and lays out guidelines for our employees, officers and directors to follow as they conduct business on behalf of our company. We have also adopted corporate governance guidelines, which, together with our certificate of incorporation, bylaws and board committee charters, form the framework for the corporate governance of B&G Foods.

The full text of the code of business conduct and ethics as well as our corporate governance guidelines, audit committee charter, compensation committee charter, nominating and governance committee charter and risk committee charter are available at the investor relations section of our web site, <http://ir.bgfoods.com>. We intend to disclose any amendment to, or waiver from, a provision of the code of business conduct and ethics that applies to our chief executive officer or chief financial officer in the investor relations section of our web site. Stockholders may request free printed copies of the code of business conduct and ethics, corporate governance guidelines and the board committee charters by writing to: B&G Foods, Inc., Attention: Corporate Secretary, Four Gatehall Drive, Parsippany, NJ 07054 or corporatesecretary@bgfoods.com.

Role of the Board of Directors

In accordance with the General Corporation Law of the State of Delaware and our certificate of incorporation and our bylaws, our business, property and affairs are managed under the direction of the board of directors. Although our directors are not involved in our day-to-day operating details, they are kept informed of our business through written reports and documents provided to them regularly,

as well as by operating, financial and other reports presented by our officers at meetings of the board of directors and committees of the board of directors.

Board Leadership Structure

Historically, we have separated the roles of chairman of the board of directors and chief executive officer. Separating these roles allows our chief executive officer to focus on the day-to-day management of our business and our chairman, an independent director, to lead the board and focus on providing advice and independent oversight of management. Given the time and effort that is required of each of these positions and our preference to have an independent director lead our board, we currently believe it is best to separate these roles. In March 2014, we amended our corporate governance guidelines to make this separation of roles mandatory.

Meetings of the Board of Directors

During the fiscal year ended December 31, 2016 (fiscal 2016), the board of directors held seven meetings. Each of the directors attended at least 75% of the aggregate of all meetings held by the board of directors and each committee of the board of directors on which he or she served during fiscal 2016, in each case held during the period for which he or she was a director and committee member. Our non-management directors meet regularly (at least quarterly) in executive session of the board without management directors or employees present, and our independent directors meet in executive session at least once annually. The chairman of the board of directors (or, in the chairman's absence or if the chairman is not an independent director, another independent director designated by the non-management directors) presides over executive sessions of the non-management directors and the independent directors.

Communication with the Board of Directors; Director Attendance at Annual Meetings

Stockholders, employees and all other interested parties may communicate with a member or members or committee of the board of directors by addressing their correspondence to the board member or members or committee c/o Corporate Secretary, B&G Foods, Inc., Four Gatehall Drive, Parsippany, NJ 07054 or by email to corporatesecretary@bgfoods.com. Our corporate secretary will review the correspondence and will determine, in his good faith judgment, which stockholder communications will be relayed to the board of directors, any committee or any director. Our corporate secretary has the authority to discard or disregard any inappropriate communications or to take other appropriate actions with respect to any such inappropriate communications. Subject to the foregoing, mail addressed to "board of directors" or "non-management directors" will be forwarded to the chairman of the board.

Recognizing that director attendance at our annual meetings can provide our stockholders with a valuable opportunity to communicate with board members about issues affecting our company, we encourage our directors to attend each annual meeting of stockholders. All directors attended the 2016 annual meeting and we anticipate that all directors will attend the 2017 annual meeting.

Director Independence

In making independence determinations, the board of directors observes all criteria for independence established by the SEC, the New York Stock Exchange and other governing laws and regulations. The board considers all relevant facts and circumstances in making an independence determination. In accordance with our corporate governance guidelines, to be considered independent:

- the director must meet the bright-line independence tests under the listing standards of the New York Stock Exchange; and
- the board must affirmatively determine that the director otherwise has no material relationship with our company either directly or as a partner, shareholder or officer of an organization that has a relationship with our company.

The board of directors, through its nominating and governance committee, annually reviews all relevant business relationships any director may have with our company. As a result of its annual review, the board has determined that each of the following directors meets the independence tests under the listing standards of the New York Stock Exchange and applicable SEC Rules, none of the following directors has a material relationship with the company and, as a result, such directors are independent: Stephen C. Sherrill, DeAnn L. Brunts, Charles F. Marcy, Dennis M. Mullen, Cheryl M. Palmer and Alfred Poe. The board has determined that because David L. Wenner is our former President and Chief Executive Officer and has served as such within the last three years, he will not be considered independent. The board will reconsider Mr. Wenner's independence in 2018 after more than three years will have elapsed since his retirement as President and Chief Executive Officer.

Committees of the Board of Directors

The board of directors has three standing committees: an audit committee, a compensation committee and a nominating and governance committee. In August 2016, our board also established a risk committee to continue in existence through at least the 2017 annual meeting. It is expected that the board of directors will reauthorize the risk committee at least through the 2018 annual meeting and possibly indefinitely. The following table sets forth the members of each committee and the number of meetings held during fiscal 2016 for each of the board's committees:

Audit Committee

The principal duties and responsibilities of our audit committee are as follows:

- to serve as an independent and objective party to monitor our financial reporting process and internal control systems;
- to review and appraise the audit efforts of our independent registered public accounting firm and exercise ultimate authority over the relationship between us and our independent registered public accounting firm; and
- to provide an effective, open avenue of communication among the independent registered public accounting firm, financial and senior management and the board of directors.

The audit committee has the power to investigate any matter brought to its attention within the scope of its duties. It also has the authority to retain counsel and advisors to fulfill its responsibilities and duties. Each director who serves on the audit committee is independent under the listing standards of the New York Stock Exchange and as that term is used in Section 10A(m)(3) of the Securities Act of 1934, as amended. The board of directors has determined that Ms. Brunts qualifies as an audit committee financial expert as that term is defined by applicable SEC regulations, and has designated Ms. Brunts as the audit committee's financial expert.

The audit committee operates under a written charter adopted by the board of directors. A copy of the charter is available at the investor relations section of our website, <http://ir.bgfoods.com>. The report of the audit committee begins on page 45 of this proxy statement.

Compensation Committee

The principal duties and responsibilities of the compensation committee are as follows:

- to discharge the board of directors' responsibilities relating to the compensation of our executive officers and directors; and
- to have overall responsibility for evaluating and approving our executive officer and director compensation plans, policies and programs, as well as any equity-based compensation plans and policies.

Each director who serves on the compensation committee is independent under the listing standards of the New York Stock Exchange and the Internal Revenue Code of 1986, as amended, with respect to compensation committees. The compensation committee operates under a written charter adopted by the board of directors, a copy of which is available at the investor relations section of our website, <http://ir.bgfoods.com>. The report of the compensation committee is on page 32 of this proxy statement.

Nominating and Governance Committee

The principal duties and responsibilities of the nominating and governance committee are as follows:

- to assist the board of directors by identifying individuals qualified to become board members and members of board committees, to recommend to the board of directors nominees for the next annual meeting of stockholders, and to recommend to the board of directors nominees for each committee of the board of directors;
- to lead the board of directors in its annual review of the board's and management's performance;
- to monitor our corporate governance structure;
- to aid the board in fulfilling its responsibility for succession planning for our chief executive officer and other executive officers; and
- to periodically review and recommend to the board of directors any proposed changes to the corporate governance guidelines applicable to us.

Each director who serves on the nominating and governance committee is independent under the listing standards of the New York Stock Exchange with respect to nominating and governance committees. The nominating and governance committee operates under a written charter adopted by the board of directors, a copy of which is available at the investor relations section of our website, <http://ir.bgfoods.com>.

Risk Committee

The principal duties and responsibilities of the risk committee are as follows:

- to oversee the development of, and review, assess and discuss, as and when appropriate, with management, our company's policies and processes related to enterprise risk assessment, management, reporting and response, including limits and tolerances, risk roles and responsibilities, risk appetite and profile, and risk mitigation decisions;

- to ensure that our company's business strategy and implementation is consistent with its risk policies, appetite and profile and that risk assessment is an integral aspect of the business strategic planning process;
- to review and evaluate management's implementation of our company's risk strategy, including identification, assessment and monitoring of and response to our company's major risks;
- to review strategic risks and opportunities as identified by our company's strategic risk assessment and other processes, including those resulting from competitive activity, consumer demography and preferences, government/legislative activities and macroeconomic and capital market conditions;
- to, at the request of our company's general counsel or disclosure committee, review our company's disclosures regarding risk in our company's Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and other filings with the SEC; and
- to review reports prepared by management on selected risk topics as the risk committee deems appropriate from time to time.

The risk committee operates under a written charter adopted by the board of directors, a copy of which is available at the investor relations section of our website, <http://ir.bgfoods.com>.

Established by our board in August 2016, the risk committee will continue in existence through at least the 2017 annual meeting. It is expected that the board of directors will reauthorize the risk committee at least through the 2018 annual meeting and possibly indefinitely. If the board of directors determines not to reauthorize the risk committee, the duties and responsibilities that had been delegated to the risk committee will revert to the full board of directors.

The Board's Role in Risk Oversight

Management is responsible for the day-to-day risks our company faces. Our board of directors is responsible for:

- ensuring that management has implemented an appropriate system to manage these risks, i.e., to identify, assess, mitigate, monitor, and communicate about these risks; and
- providing effective risk oversight through the board's committee structure and oversight processes.

Beyond these fundamental responsibilities for risk oversight, our board concentrates on the broader implications of our strategic plans and allows the committees to focus on specific areas of risk. Our directors, through their risk oversight role, attempt to satisfy themselves that the risk management processes designed and implemented by the company's executive officers and other senior managers are consistent with the company's corporate strategy and are functioning as directed.

The board believes that full and open communication between management and the board of directors is essential for effective risk management and oversight. Our executive officers attend our quarterly board meetings. In addition to making quarterly presentations at such meetings regarding our operations, our executive officers are available to discuss any questions or concerns raised by the board relating to risk management and any other matters.

While the board is ultimately responsible for risk oversight at our company, our board committees assist the board in fulfilling its oversight responsibilities in certain areas of risk.

Audit Committee. In accordance with its charter, the audit committee is required to, among other things, focus on the reasonableness of control processes for identifying and managing key business, financial and regulatory reporting risks. The audit committee is also mandated by its charter to discuss

with management our company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including, as required by the NYSE, our risk assessment and risk management policies. The audit committee monitors our company's credit risk, liquidity risk, regulatory risk, operational risk and enterprise risk by regular reviews with management, external auditors and the firm that is responsible for our company's internal audit function.

Compensation Committee. The compensation committee assists the board in fulfilling its oversight responsibilities with respect to the evaluation and management of risks arising from our compensation policies and programs. As a result of its evaluation, the compensation committee has concluded that the risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on our company.

Nominating and Governance Committee. The nominating and governance committee assists the board in fulfilling its oversight responsibilities with respect to the management of risks associated with corporate governance, including board structure, size, membership and succession planning for our directors and executive officers.

Risk Committee. The risk committee assists the board in fulfilling its oversight responsibilities with respect to risk as described above under "Committees of the Board of Directors—*Risk Committee.*"

Director Nominations

The nominating and governance committee will consider recommendations for directorships submitted by our stockholders. Stockholders who wish the nominating and governance committee to consider their recommendations for nominees for the position of director should submit their recommendations, in accordance with the procedures set forth in our bylaws, in writing to: Corporate Secretary, B&G Foods, Inc., Four Gatehall Drive, Parsippany, NJ 07054. In order to be considered for inclusion in the proxy statement and form of proxy for the annual meeting of stockholders to be held in 2018, the stockholder's notice must be received by our company not less than 120 days nor more than 150 days before the first anniversary of the date of this proxy statement.

For nominations, such stockholder's notice shall set forth: (1) as to each person whom the stockholder proposes to nominate for election as a director, (A) the name, age, business address and residential address of such person, (B) the principal occupation or employment of such person, (C) a statement of the particular experience, qualifications, attributes or skills of the proposed nominee, (D) the number of shares of stock of our company that are beneficially owned by such person, (E) any other information relating to such person that is required to be disclosed in solicitations of proxies for election of directors or is otherwise required by the rules and regulations of the SEC promulgated under the Securities Exchange Act of 1934, as amended and (F) the written consent of the nominee to be named in the proxy statement as a nominee and to serve as a director if elected and (2) as to the stockholder giving the notice, (A) the name, and business address and residential address, as they appear on our stock transfer books, of the nominating stockholder, (B) a representation that the nominating stockholder is a stockholder of record and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice, (C) the class and number of shares of stock of our company beneficially owned by the nominating stockholder and (D) a description of all arrangements or understandings between the nominating stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the nominating stockholder.

In its assessment of each potential candidate, the nominating and governance committee will review the nominee's professional ethics, integrity and values, judgment, experience, independence, commitment to representing the long-term interests of the stockholders, understanding of our

company's industry or other related industries and such other factors the nominating and governance committee determines are pertinent in light of the current needs of the board of directors.

Nominees may also be recommended by directors, members of management, or, in some cases, by a third party firm. In identifying and considering candidates for nomination to the board, the nominating and governance committee considers, in addition to the requirements described above and set out in its charter, quality of experience, our needs and the range of knowledge, experience and diversity represented on the board. Each director candidate will be evaluated by the nominating and governance committee based on the same criteria and in the same manner, regardless of whether the candidate was recommended by a company stockholder or by others.

The board of directors does not have a formal policy on board diversity as it relates to the selection of nominees for the board. The board believes that while diversity and variety of experiences and viewpoints represented on the board should always be considered, a director nominee should not be chosen nor excluded solely or largely because of race, color, religion, disability, age, gender, national origin or sexual orientation or identity. In selecting a director nominee, the nominating and governance committee focuses on skills, viewpoints, expertise or background that would complement the existing board. The nominating and governance committee seeks to identify candidates representing diverse experience at policy-making levels in business, management, marketing, finance, human resources, communications and other areas that are relevant to our activities. Decisions by the board regarding director nominees and continued service of directors, are made based on expected contributions to the board in furtherance of the interests of shareholders, not based on race, color, gender or other demographic, orientation or identity.

The nominating and governance committee will also take into account the ability of a director to devote the time and effort necessary to fulfill his or her responsibilities to our company. In the case of a recommendation submitted by a stockholder, after full consideration, the stockholder proponent will be notified of the decision of the nominating and governance committee.

The nominating and governance committee will conduct the appropriate and necessary inquiries with respect to the backgrounds and qualifications of all director nominees. The nominating and governance committee will also review the independence of each candidate and other qualifications of all director candidates, as well as consider questions of possible conflicts of interest between director nominees and our company. After the nominating and governance committee has completed its review of a nominee's qualifications and conducted the appropriate inquiries, the nominating and governance committee will make a determination whether to recommend the nominee for approval by the board of directors. If the nominating and governance committee decides to recommend the director nominee for nomination by the board of directors and such recommendation is accepted by the board, the form of our proxy solicitation will include the name of the director nominee.

Director Compensation

Employee directors do not receive any separate compensation for their board activities. Each of our non-employee directors receives an annual fee payable in cash or, at the director's election, stock options issued under our Omnibus Plan. In addition, to ensure that our non-employee directors have an ownership interest aligned with our stockholders, each non-employee director also receives an annual grant of shares of our common stock issued under our Omnibus Plan. Members of our board committees receive an additional annual fee for each committee on which they serve. Our directors are entitled to reimbursement of their reasonable out-of-pocket expenses in connection with their travel to and attendance at meetings of the board of directors or board committees.

During the fourth quarter of 2016 and the first quarter of 2017, the compensation committee recommended, and the full board approved, effective as of June 1, 2016 and June 1, 2017, respectively, increases in the annual equity grant to non-employee directors. In each case, the compensation

- (2) The “Option Awards” column shows the aggregate grant date fair value of stock options computed in accordance with FASB ASC Topic 718. These amounts do not necessarily represent the actual value realized by each director. The stock option values were calculated using the Black-Scholes option pricing model. For discussion of the assumptions used in these valuations, see Note 14 of the notes to our consolidated financial statements in our 2016 annual report.

Each of our non-employee directors is given the option to receive all or a portion of his or her annual board service fee in cash or an equivalent amount of stock options. Prior to December 31, 2015, Mr. Sherrill elected to receive \$100,000 of his \$155,000 annual board service fee in stock options and Mr. Poe elected to receive all \$65,000 of his annual board service fee in stock options. On June 1, 2016, Mr. Sherrill received 13,753 stock options and Mr. Poe received 8,939 stock options at an exercise price of \$43.54 per share. The stock options vest in their entirety on June 1, 2017.

- (3) Reflects a one-time cash bonus payment of \$20,000 in recognition of Mr. Mullen’s time and efforts in 2015 in connection with the *Green Giant* acquisition. Upon the recommendation of the compensation committee, the board approved the payment in late December 2015, and the payment was made in early 2016.

Non-Employee Director Stock Ownership Guidelines. In February 2012, our board of directors adopted stock ownership guidelines for our non-employee directors to further align the interests of our non-employee directors with the interests of our stockholders. Each non-employee director is required to own our common stock in an amount equal to three times his or her annual cash board service fee. Non-employee directors are required to achieve the relevant ownership threshold within five years after first becoming subject to the guidelines. If there is a significant decline in our stock price that causes a non-employee director's holdings to fall below the applicable threshold, the director will not be required to purchase additional shares to meet the threshold, but such director may not sell or transfer any shares until the threshold has again been achieved. Our nominating and governance committee plans to review these guidelines on an annual basis.

Required Vote

Our bylaws provide for a majority vote standard in uncontested elections of directors. Therefore, to be elected at our 2017 annual meeting, which is an uncontested election, each nominee for director must receive the affirmative vote of a majority of the votes cast with respect to such nominee by the holders of the shares of common stock voting in person or by proxy at the annual meeting. A majority of the votes cast means that the number of votes cast "for" a nominee for director must exceed the number of votes cast "against" that nominee.

In contested elections of directors the vote standard is a plurality of the votes cast. A contested election is an election in which the number of nominees for director exceeds the number of directors to be elected.

If a director is not elected, the director is required to promptly tender his or her resignation to our board of directors. Our nominating and governance committee will make a recommendation to the board of directors on whether to accept or reject the resignation, or whether other action should be taken. The board of directors will act on the resignation taking into account the recommendation of the nominating and governance committee and publicly disclose its decision and the rationale behind it

within 90 days from the date of the certification of the election results. The director who tenders his or her resignation will not participate in the decisions of the nominating and governance committee or the board of directors that concern such resignation.

Recommendation of the Board of Directors

The board of directors recommends that the stockholders vote “FOR” each of the board of directors’ nominees set forth in Proposal No. 1.

Introduction

In the paragraphs that follow, we will give an overview and analysis of our compensation program and policies, the material compensation decisions we have made under those programs and policies, and the material factors that we considered in making those decisions. Following this section you will find a series of tables containing specific information about the compensation earned or paid in fiscal 2016 to our chief executive officer, chief financial officer, and our next three most highly compensated executive officers. Throughout this proxy statement we refer to these individuals as our "named executive officers." The discussion below is intended to help you understand the detailed information provided in those tables and put that information into context within our overall compensation program. For fiscal 2016, our named executive officers include one former executive officer. Mr. Crimmins, who served as our chief financial officer in 2016, resigned from our company effective March 24, 2017.

Executive Summary

The primary objective of our executive compensation program is to provide compensation designed to:

- attract, motivate and retain executive officers of outstanding ability and potential;
- reinforce the execution of our business strategy and the achievement of our business objectives; and
- align the interests of our executive officers with the interests of our stockholders, with the ultimate objective of improving stockholder value.

The compensation committee aims to provide incentives for superior performance in a given year and over a sustained period by paying fair, reasonable and competitive compensation, and by basing a significant portion of our total compensation package upon achieving that performance (i.e., "pay for performance").

We also aim for simplicity in our compensation program so that it is easy for our employees and our stockholders to understand the various components of our compensation program and the incentives designed to drive company performance. The three primary components of our executive compensation program are base salary, annual cash bonus and equity-based long-term incentive awards.

We believe that the compensation program has been instrumental in helping the company achieve financial and strategic goals and create shareholder value, as evidenced by the following:

- In fiscal 2016, we delivered net sales growth of 44.0% over prior year and adjusted EBITDA⁽¹⁾ growth of 47.9% over prior year.

(1) Adjusted EBITDA is a "non-GAAP (Generally Accepted Accounting Principles) financial measure." Please see the discussion within the footnotes to Item 6, "Selected Financial Data" in our Annual Report on Form 10-K filed with the SEC on March 1, 2017 for a more detailed discussion of adjusted EBITDA and a reconciliation of adjusted EBITDA with the most directly comparable GAAP measures for fiscal 2016, along with the components of adjusted EBITDA.

- In the twelve years since our initial public offering in 2004, we have grown net sales and adjusted EBITDA at compound annual growth rates of 11.6% and 13.5%, respectively.
- During fiscal 2016, we increased the quarterly dividend from \$0.350 per share to \$0.465 per share, a 32.9% increase.
- We have paid a quarterly dividend every quarter since our initial public offering.
- Our market capitalization increased to \$2.9 billion at the end of fiscal 2016, an increase of 43.3% over prior year.
- Total stockholder return (assuming reinvestment of dividends) over the prior 1-, 3- and 5-year periods was 30.2%, 46.7% and 123.4% respectively.

From a strategic perspective, we continued to advance our growth strategy and develop our leadership talent to ensure the company is well-positioned for long-term success. During 2016, we successfully completed two equity offerings in March and August, the acquisition of the spices & seasonings business of ACH Food Companies in November and the acquisition of Victoria Fine Foods in December. We also substantially completed the integration of the *Green Giant* business, which we acquired in the fourth quarter of 2015.

Below we summarize certain executive compensation practices, both the practices we have implemented to drive performance and the practices we have not implemented because we believe they would not serve our shareholders' long-term interests.

Results of 2016's "Say on Pay" Vote

At B&G Foods' annual meeting of stockholders held on May 24, 2016, the stockholders approved, on an advisory basis, the compensation of our named executive officers as disclosed in our 2016 proxy statement by greater than 97% of the votes cast. Our compensation program and policies for 2016 did not deviate in any material way from those approved at last year's annual meeting of the stockholders. As described more fully below, the compensation committee did increase the amount of compensation our named executive officers other than Mr. Cantwell are eligible to receive as long-term incentive awards (measured as a percentage of base salary).

Role of the Compensation Committee

The compensation committee of our board of directors is responsible for setting and administering the policies that govern salary, annual bonus, long-term incentive programs and other compensation and benefits for our executive officers. The compensation committee oversees various executive and employee compensation plans and programs, and it has responsibility for continually monitoring these plans and programs to ensure that they adhere to our company's compensation philosophy and objectives. Our compensation committee determines the appropriate compensation levels of executives, evaluates officer and director compensation plans, policies and programs, and reviews benefit plans for officers and employees. Our compensation committee ensures that the total compensation paid to our named executive officers is fair, reasonable and competitive, and that a significant portion of the total compensation is tied to our company's annual and long-term performance.

The compensation committee's charter reflects the above-mentioned responsibilities, and the compensation committee and the board of directors periodically review and revise the charter. The compensation committee currently consists of four directors, each of whom was determined by our company's board of directors to be "independent" as defined by the listing standards of the New York Stock Exchange. No member of the compensation committee is a current or former officer or employee of our company. Mr. Poe, the chairman of our compensation committee, reports on compensation committee actions and recommendations at each board meeting.

The compensation committee has the authority to engage the services of outside advisers, experts and others to assist the compensation committee, and believes that it is important to do so from time to time. See "Peer Group Surveys" below.

Role of our Chief Executive Officer in Compensation Decisions

Regarding most compensation matters, including executive compensation and our annual and long-term incentive plans, our chief executive officer provides recommendations to the compensation committee; however, the compensation committee does not delegate any of its functions to others in setting compensation for our named executive officers and directors.

The compensation committee makes all compensation decisions for the named executive officers. The compensation committee annually evaluates the performance of, and determines the compensation of, our chief executive officer based upon a combination of the achievement of corporate goals and individual performance. The compensation committee bases its evaluation in large part upon the annual evaluation of our chief executive officer performed by our nominating and governance committee, which is the committee that has primary responsibility for evaluating the performance of our chief executive officer. As part of its performance review process, the nominating and governance committee solicits the input of the full board of directors. Our chief executive officer annually reviews the performance of the other executive officers. The conclusions reached by our chief executive officer and recommendations based on these reviews, including with respect to salary adjustments and incentive plan award amounts for the other executive officers, are presented to the compensation committee. The compensation committee then exercises its discretion in modifying any recommended adjustments or awards. The chief executive officer does not participate in the decision making regarding his own compensation and is not present when his compensation is discussed. Our compensation committee reports the compensation decisions it has made with respect to our chief executive officer and each of the other named executive officers to the board of directors.

Peer Group Surveys

Our compensation committee does not use surveys of compensation paid to similar executives in order to determine annual and long-term compensation for our named executive officers. However, in light of the compensation objectives described above, the compensation committee does from time to time review peer group surveys as an independent measure to ensure that the compensation being set is fair, reasonable and competitive.

During fiscal 2015, the compensation committee engaged Meridian Compensation Partners, an independent executive compensation consulting firm, to prepare a peer group compensation survey based upon publicly available information prior to setting fiscal 2016 compensation for our executive officers. Meridian's services to B&G Foods are limited to advising the compensation committee with respect to executive officer and non-employee director compensation. The compensation committee reviews and evaluates the independence of its consultant each year and has the final authority to hire and terminate the consultant. In considering Meridian's independence, the compensation committee reviewed numerous factors relating to Meridian and the individuals actually providing services to B&G Foods, including those required by the SEC and the NYSE. Based on a review of these factors, the compensation committee has determined that Meridian is independent and that Meridian's engagement presents no conflicts of interest.

The peer group included the companies listed below. Meridian uses statistical regression to adjust peer group compensation data based on our company's net sales relative to the peer group. This regression analysis allows us to predict the levels of compensation these peer group companies would pay if they were B&G Foods' size.

Boulder Brands, Inc.	McCormick & Co., Inc.
Darling International, Inc.	Pinnacle Foods Inc.
Farmer Brothers Co.	Post Holdings Inc.
Flowers Foods, Inc.	John B. Sanfilippo & Son, Inc.
Hain Celestial Group, Inc.	Sanderson Farms, Inc.
Keurig Green Mountain, Inc.	Snyder's-Lance, Inc.
Lancaster Colony Corp.	Treehouse Foods, Inc.
Mead Johnson Nutrition Co.	WhiteWave Foods Company

Components of Executive Compensation

Consistent with its *pay for performance* philosophy, the compensation committee believes that it is important to place at risk a greater percentage of executives' and senior managers' compensation than that of non-executives and non-senior managers by tying executives' and senior managers' compensation directly to the performance of B&G Foods. Accordingly, as set forth in the charts below a significant portion of executive compensation consists of annual bonuses and long-term incentives linked to the company's financial performance and/or the performance of the company's stock.

Base Salaries

We have entered into employment agreements with all of our named executive officers. For each of these executive officers, including our chief executive officer, the executive officer's base salary is subject to annual increase at the discretion of the compensation committee. Adjustments to base salary are based upon the executive officer's past performance, expected future contributions, and scope and nature of responsibilities, including changes in responsibilities. As discussed above, the compensation committee also from time to time reviews peer group surveys as an independent measure to ensure that any adjustments are fair, reasonable and competitive.

Performance-Based Awards and Long-Term Incentive Equity Awards

In order to align the interests of our stockholders with our compensation plans, we tie significant portions of our named executive officers' compensation to our annual and long-term financial and operating performance. Our performance-based awards are comprised of an annual incentive cash award and long-term incentive equity awards. The compensation committee's philosophy is that if our performance exceeds our internal targets and budgets, named executive officers can expect the level of their compensation to reflect that achievement. On the other hand, if our financial performance falls

below these expectations, our approach is that named executive officers can expect their compensation to be adversely affected.

Our performance-based award programs during 2016 each used one of the two performance measures listed below:

- **Adjusted EBITDA.** Historically, the compensation committee has chosen adjusted EBITDA (which we define as net income before net interest expense, income taxes, depreciation and amortization, and loss on extinguishment of debt (EBITDA), as adjusted for certain other items described in our quarterly and annual SEC filings) as the target performance objective for the payment of awards under our annual bonus plan. Adjusted EBITDA as we define it for purposes of our annual bonus plan differs from the definition of the term in our quarterly and annual SEC filings because, as used for purposes of our annual bonus plan, adjusted EBITDA is reduced by the financing costs we incur for any acquisitions completed during the year that have contributed to our adjusted EBITDA for the year.

The compensation committee has selected adjusted EBITDA as the relevant company goal because the compensation committee believes that adjusted EBITDA growth most closely reflects operating performance and is consistent with the overall goals and long-term strategic direction that the board of directors has set for our company. Further, adjusted EBITDA growth is closely related to or reflective of our company's financial and operational improvements, ability to generate cash flow from operations, growth and return to stockholders. We believe that adjusted EBITDA is helpful in assessing the overall performance of our business, and is helpful in highlighting trends in our overall business because the items excluded in calculating adjusted EBITDA have little or no bearing on our day-to-day operating performance. Adjusted EBITDA is an important non-GAAP valuation tool that potential investors use to measure our profitability against other companies in our industry.

- **Excess Cash.** Our compensation committee has chosen "excess cash" as the measure for determining performance share long-term incentive awards under the Omnibus Plan. Excess cash is calculated as adjusted EBITDA before taking into account accruals for any long-term equity incentive awards and other stock-based compensation, minus the sum of cash interest payments, cash income tax payments, capital expenditures, dividends paid and payments for tax withholding on behalf of employees for net share withholding. Excess cash as we define it for purposes of our incentive awards differs from the definition of the term in our financing agreements because, as used for purposes of our incentive awards, excess cash is reduced by the amount of dividends we pay but excludes the impact of certain debt repayments. We believe that excess cash is an important measure in analyzing our liquidity, including our ability to continue returning an above-average dividend to our stockholders, and our ability to execute on strategic opportunities and deliver stockholder value. Further, the compensation committee believes that excess cash performance targets encourage management to actively pursue acquisitions that are meaningfully accretive to our cash flows.

The compensation committee defines "dividends paid" in a manner to effectively eliminate any positive or negative effect of any increases or decreases in the dividend rate from the dividend rate in effect at the time the excess cash performance goal is set. The compensation committee believes that the achievement of the excess cash performance goals should not be made harder for management to achieve in the event the board of directors decides to increase the current dividend rate and likewise should not be made easier for management to achieve in the event the board of directors decides to reduce the current dividend rate.

Adjusted EBITDA and excess cash targets for a given year are determined by the compensation committee based upon recommendations from and discussions with management, a review of current

economic conditions and recent acquisition activity. Factors used by the compensation committee in setting adjusted EBITDA and excess cash targets include, among others, the following:

- reasonable growth expectations taking into account a variety of circumstances faced by our company;
- market conditions, including the related impact on cost and our ability to offset any cost increases with pricing increases or other cost savings measures; and
- prior fiscal year adjusted EBITDA and excess cash.

Neither adjusted EBITDA nor excess cash is a term defined under U.S. generally accepted accounting principles (GAAP).

After the compensation committee reviews the final full year financial results of our company, the compensation committee approves performance based awards for completed performance periods. Performance based awards are generally paid in cash or stock, as applicable, in February or March.

Annual Bonus Plan

The compensation committee believes that a portion of an executive officer’s compensation should be tied to the achievement of the company’s and that individual’s performance goals in the form of an annual non-equity incentive cash bonus, in order to reward performance and overall company success. B&G Foods’ annual bonus plan provides for annual cash incentive awards to be made to our executive officers and senior managers, with an amount equal to 25% of the target bonus award based upon individual performance objectives set by the compensation committee in the case of executive officers (and by management in the case of senior managers) and the remainder of the annual bonus award based upon company-wide adjusted EBITDA objectives. For the purpose of determining whether adjusted EBITDA objectives have been achieved, adjusted EBITDA is determined after giving effect to any acquisitions completed during the year, provided that the benefit of any such acquisitions is reduced by acquisition financing costs incurred during the year to finance such acquisitions. No annual bonuses are paid unless excess cash for the fiscal year is positive and the threshold adjusted EBITDA target has been achieved. Adjusted EBITDA targets under the annual bonus plan may be reset periodically within a fiscal year by the compensation committee to take into account acquisitions, divestitures and other unplanned events. Executives generally must be employed on the last day of a plan year to receive an annual bonus award, however, the compensation committee, at its discretion, may prorate awards in the event of certain circumstances such as the executive’s promotion, demotion, death or retirement.

The amount of the annual award each executive is eligible to receive is based upon a percentage of the executive’s or senior manager’s annualized base salary, with such percentage varying depending upon the level of adjusted EBITDA as compared to threshold, target and maximum adjusted EBITDA performance objectives as set forth in the table below and each executive’s or senior manager’s attainment of individual performance objectives.

<u>Name</u>	Annual Bonus Award as a Percentage of Base Salary		
	Threshold (No Bonus)	Target (50% Bonus)	Maximum (Full Bonus)
Robert C. Cantwell	0%	100%	200%
Thomas P. Crimmins	0%	60%	120%
Scott E. Lerner	0%	60%	120%
Vanessa E. Maskal	0%	60%	120%
William F. Herbes	0%	60%	120%

The fiscal 2016 adjusted EBITDA (net of acquisition financing costs) threshold, target and maximum performance objectives were \$285.0 million, \$300.0 million and \$324.0 million. Our company's fiscal 2016 adjusted EBITDA (net of acquisition financing costs) of \$320.7 million was between the target and maximum amounts and, as determined by the compensation committee, the named executive officers achieved their individual performance objectives at achievement percentages ranging from 65% to 100%. Therefore, as reflected in the non-equity incentive plan compensation column in the summary compensation table below, the named executive officers received between 88.8% and 93.2% of full bonus awards under the annual bonus plan for fiscal 2016.

Long-Term Incentive Compensation

Our long-term incentive compensation program is designed to promote a balanced focus on driving performance, retaining talent and aligning the interests of our executives with those of our other stockholders. The Omnibus Plan authorizes the grant of performance share awards, restricted stock, unrestricted stock, options, stock appreciation rights, deferred stock, stock units and cash-based awards to employees, non-employee directors and consultants. Prior to 2015, our long-term incentive compensation program was comprised of performance shares only. Our long-term incentive compensation program is currently comprised of two components: performance share awards and stock options. At target, the performance shares constitute 75% of the long-term incentive awards and stock options constitute 25% of the long-term incentive awards. Beginning in 2016, our compensation committee increased the amount of compensation our named executive officers (other than Mr. Cantwell) may receive in the form of long-term incentive awards (measured as a percentage of base salary). At target this percentage increased from 60% of base salary to 80% of base salary. The compensation committee did so after reviewing peer group compensation survey data and the ratio of our company's CEO compensation to executive vice president compensation.

Subject to adjustment as provided in the plan, the total number of shares of common stock available for awards under the plan is 4,500,000. As of the date of this proxy statement, 2,071,132 shares of common stock have been issued under the plan and 2,428,868 shares remain available for issuance.

Performance Share Awards. Beginning in 2008, our compensation committee has made annual grants of performance share long-term incentive awards (LTIAAs) to our named executive officers and certain other members of senior management. The performance share LTIAAs entitle the participants to earn shares of common stock upon the attainment of certain performance goals over the applicable performance period. The performance share LTIAAs currently have three-year cumulative performance periods.

The awards are settled in shares of common stock based upon our performance over the applicable performance period. The performance metric for the performance share LTIAAs is "excess cash" (as defined above). The performance share LTIAAs each have a threshold, target and maximum payout. If our performance meets or exceeds the performance threshold, then a varying amount of shares from the threshold amount (50% of the target number of shares) up to the maximum amount (200% of the target number of shares) may be earned. No shares are earned if the performance threshold is not met.

The compensation committee believes that the performance share LTIAAs align the interests of our named executive officers with the interests of our stockholders because the number of shares earned is tied to the achievement of the company's long-term financial goals. In addition, the potential value of those shares if and when issued at the end of the performance period will depend on the price of our common stock at the end of the performance period.

The number of shares that may be earned by each executive officer and senior manager is based upon a percentage of his or her base salary. As discussed above, beginning in 2016, the compensation

committee increased the amount of compensation our named executive officers (other than Mr. Cantwell) may receive in the form of long-term incentive awards (measured as a percentage of base salary), and as a result, the number of shares that may be earned by achieving the threshold, target and maximum performance objectives for performance share LTIA as a percentages of base salary increased from 22.5% to 30% at threshold, 45% to 60% at target and 90% to 120% at maximum. For the 2016 to 2018 performance share LTIA granted to each of our named executive officers in 2016, the grant date fair market value of the number of shares that may be earned upon satisfaction of the threshold, target and maximum performance objectives are equal to the following percentages of annualized base salary:

Name	2016 to 2018 Performance Share LTIA as a Percentage of Base Salary Based upon Grant Date Fair Market Value		
	Threshold	Target	Maximum
Robert C. Cantwell	56.25%	112.5%	225%
Thomas P. Crimmins	30%	60%	120%
Scott E. Lerner	30%	60%	120%
Vanessa E. Maskal	30%	60%	120%
William F. Herbes	30%	60%	120%

Because the number of shares that may be earned by each participant from threshold to maximum is determined at the beginning of the performance period based upon the price of our common stock at the date of grant of the performance share LTIA, the value of the award at the end of the performance period will depend not only upon the level at which the performance goals have been achieved but will also depend on the price of our common stock at the end of the performance period when the shares of common stock are actually issued to the participants.

For example, for the 2016 to 2018 LTIA performance period, it was intended that our chief executive officer would receive an award at the end of the three-year performance period with a value equal to 112.5% of his base salary as of the beginning of the performance period *if* we meet our target excess cash objective for the three-year performance period. However, if over the three-year performance period we meet the performance objective at the target level but our stock price decreases by 50% over that three-year period, the value of the award would decrease by 50% as compared to the grant date value. Likewise, if over that three-year performance period we meet the performance objective at the target level but our stock price increases by 50% over that three-year period, the value of the award would increase by 50% as compared to the grant date value.

Shares of common stock in respect of performance share LTIA are issued in the February following the end of the three year performance period, in each case subject to the performance goals for the applicable performance period being certified by our compensation committee as having been achieved.

In general for performance share LTIA granted in fiscal 2014 or prior, each participant must remain an employee of B&G Foods until the end of the applicable performance period in order to be entitled to any payment pursuant to performance share LTIA, except that in the case of separation from service due to termination without cause, retirement at age 62 or older, or death or disability, then after the performance period, the participant (or in the event of death, his or her estate) will be entitled to a pro rata portion of the number of performance shares, if any, the participant would have received had the participant remained employed until the end of the performance period. The pro rata portion will be based on the number of full months in the performance period during which the participant was employed as compared to the total number of months in the performance period. Beginning with performance share LTIA granted in fiscal 2015, each participant who retires at age 55 or older with ten years of service will also be entitled to a pro rata portion of the number of

performance shares, if any, the participant would have received had the participant remained employed until the end of the performance period.

In the case of a change of control (as defined in the Omnibus Plan) during a performance period, the performance share LTIA will terminate. However, upon the change in control, participants will be entitled to receive a pro rata portion of the shares of common stock with respect to the target number of shares covered by the performance share LTIA without regard to the extent to which the performance conditions have been satisfied. The pro rata portion will be based upon the number of full months in the applicable performance period preceding the change in control as compared to the number of months in the performance period.

Performance Objectives for the Performance Period Ending in Fiscal 2016. Fiscal 2016 was the third and final year of the 2014 to 2016 LTIA performance period. As reflected in the table below, actual cumulative excess cash (as defined above) for fiscal 2014 to 2016 exceeded the maximum performance objective. As a result, shares of common stock were earned at the maximum level and were issued to all eligible plan participants, including the named executive officers, in February 2017. A summary of the shares of common stock awarded to the named executive officers, the value realized on vesting of those awards, the number of shares withheld to cover withholding taxes and the net number of shares received can be found in the “Option Exercises and Stock Vested for Fiscal 2016” table on page 36.

	Performance Period	Excess Cash Objective			Excess Cash Achieved
		Threshold	Target	Maximum	
2014 to 2016 LTIA's .	Fiscal 2014 to 2016	\$127,908,000	\$142,120,000	\$184,770,000	\$235,790,000

Annual Stock Option Grants. Beginning in 2015, our compensation committee has made annual grants of stock options to our named executive officers and certain other members of senior management. The stock options have an exercise price equal to the closing market price of B&G Foods’ common stock on the date of grant. Annual stock option grants are made in March. The stock options cliff vest on the third anniversary of the date of grant, subject to cancellation or acceleration as provided in the individual stock option agreements. The number of stock options awarded to each executive officer and senior manager is based upon the grant date fair value of the stock options as a percentage of his or her base salary.

As discussed above, beginning in 2016, the compensation committee increased the amount of compensation our named executive officers (other than Mr. Cantwell) may receive in the form of long-term incentive awards (measured as a percentage of base salary), and as a result, the number of stock options that our named executive officers, other than Mr. Cantwell, are awarded as percentage of base salary increased from 15% to 20%. The following table sets forth the 2016 annual stock option grant for each of the named executive officers as a percentage of base salary based upon the grant date fair market value of the stock options:

Name	2016 Stock Option Grant as a Percentage of Base Salary Based upon Grant Date Fair Market Value
Robert C. Cantwell	37.5%
Thomas P. Crimmins	20%
Scott E. Lerner	20%
Vanessa E. Maskal	20%
William F. Herbes	20%

Other Compensation and Benefits

Benefits offered to our named executive officers serve a different purpose than do the other elements of total compensation. In general, they are designed to provide a safety net of protection against the financial catastrophes that can result from illness, disability or death, and to provide a reasonable level of retirement income based on years of service with our company. Benefits offered to our named executive officers are the same as those offered to the general employee population, except for the automobile allowance provided to the executive officers.

Our named executive officers are entitled to participate in the company's defined benefit pension plan. In addition, under the company's 401(k) plan, B&G Foods makes a 50% matching contribution with respect to each participant's elective contributions, up to six percent of such participant's compensation (provided that for fiscal 2016, matching contributions were based only on the first \$265,000 of such participant's compensation). Matching contributions become fully vested after five years of employment with the company.

Executive Severance and Change in Control Severance Benefits

For a discussion of executive severance and change in control severance benefits, our rationale for offering those benefits and the triggers for payments, see "Management Employment Agreements—Severance Benefits" below.

Chief Executive Officer Compensation

The compensation committee remains responsible for reviewing and approving the corporate goals and objectives relevant to our chief executive officer's compensation and evaluating our chief executive officer's performance in light of those goals and objectives. Mr. Cantwell has served as our President and Chief Executive Officer since January 2015. Mr. Cantwell's compensation during fiscal 2016 was based upon his employment agreement and the other factors set forth above under "Components of Executive Compensation."

Accounting and Tax Considerations

Financial reporting and income tax consequences to our company of individual compensation elements are important considerations for our compensation committee when it is analyzing the overall level of compensation and the mix of compensation. Overall, the compensation committee seeks to balance its objective of ensuring a fair, reasonable and competitive compensation package for our named executive officers with the need to ensure the deductibility of compensation—while ensuring an appropriate and transparent impact on reported earnings and other closely followed financial measures.

Section 162(m) of the Internal Revenue Code of 1986, as amended limits the deduction that may be claimed by a public company for compensation paid to certain executive officers to \$1 million except to the extent that any excess compensation is "performance-based compensation," as defined by the Code. To the extent that it is practicable and consistent with our company's executive compensation philosophy, the compensation committee intends to design our executive compensation policy to maximize the deductibility of such compensation under Section 162(m). However, if compliance with Section 162(m) conflicts with the compensation philosophy, is determined not to be in the best interest of our stockholders or the amount of the loss of deductibility is deemed to be not material, the compensation committee will abide by its compensation philosophy even if it results in a loss of deductibility. Through fiscal 2016, Section 162(m) has not materially affected our tax deductions, and the compensation committee believes that, at the present time, it is unlikely that compensation paid to any of our executive officers in a taxable year that is subject to the deduction limit will exceed \$1 million to an extent that would materially affect our tax deductions.

Executive Compensation Clawback Policy

B&G Foods does not currently have an executive compensation clawback policy. However, the compensation committee plans to adopt a clawback policy after the SEC issues final rules implementing the clawback provisions set forth in the Dodd-Frank Wall Street Reform and Consumer Protection Act. As of the date of this proxy statement, the SEC has not yet issued final rules.

Stock Ownership Guidelines

Although our company does not currently have stock ownership guidelines for our executive officers, we encourage all of our executive officers to hold a significant amount of company stock and promote this goal through our long-term incentive awards. At this time, given the significant amount of company stock held by our executive officers and the nature of our long-term incentive awards, which increase or decrease in value during each performance period as our stock price increases or decreases, we believe that the interests of our executives are properly aligned with those of our other stockholders. If over time this situation changes, our board of directors will reevaluate the need for stock ownership guidelines. The table below illustrates the significant stock ownership of the named executive officers currently employed by our company.

<u>Name</u>	<u>Ratio of Stock Ownership to Base Salary⁽¹⁾</u>
Robert C. Cantwell	8.8
Scott E. Lerner	5.4
Vanessa E. Maskal	9.5
William F. Herbes	4.2

(1) As of March 24, 2017. Ratios are based on fiscal 2017 base salaries.

See “Corporate Governance—Director Compensation—*Non-Employee Director Stock Ownership Guidelines*” above for a description of stock ownership guidelines we have adopted for our non-employee directors.

Anti-Hedging Policy

To prevent speculation or hedging, our insider trading policy prohibits our named executive officers (and our directors and all other employees) from engaging in short sales of our company’s stock. Company policy also prohibits our directors, executive officers and certain other employees from purchasing or selling any financial instrument that is designed to hedge or offset any decrease in the market value of our company’s stock, including prepaid variable forward contracts, equity swaps, collars and other derivative securities that are directly linked to our company’s stock. All other employees are discouraged from entering into hedging transactions related to company stock. In addition, our insider trading policy prohibits all directors, executive officers and all other employees from purchasing company securities on margin, holding company securities in a margin account or pledging company securities.

Compensation Committee Interlocks and Insider Participation

No member of the compensation committee is now, or was during fiscal 2016 or at any time prior thereto, an officer or employee of our company or any of our subsidiaries. In addition, no member of the compensation committee had any relationship with the company that would require disclosure under the applicable rules of the SEC pertaining to the disclosure of transactions with related persons. None of the executive officers of our company currently serves or has served in the past on the board of directors or compensation committee of another company at any time during which an executive officer of such other company served on our board of directors or compensation committee.

- (1) Mr. Cantwell was promoted to President and Chief Executive Officer as of the beginning of fiscal 2015.
- (2) Mr. Crimmins joined our company as Executive Vice President of Finance and Chief Financial Officer in March 2015. Salary for 2015 reflects the pro-rated portion of his base salary. Mr. Crimmins resigned from our company effective March 24, 2017.
- (3) Mr. Herbes was not a named executive officer in fiscal 2015 or fiscal 2014. Accordingly, only his 2016 compensation information is included in the table above.
- (4) The “stock awards” column sets forth, for a given year, the aggregate grant date fair value of performance share LTAs granted in that year reduced by the present value of expected dividends using the risk-free interest-rate (as the award holders are not entitled to dividends or dividend equivalents during the vesting period) computed in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) Topic 718 based upon the probable outcome (as of the grant date) of the applicable performance conditions. The amounts reported in the “stock awards” column are generally consistent with the estimate of aggregate compensation expense expected to be recognized by B&G Foods for the named executive officers over the performance period determined as of the grant date under FASB Topic 718, excluding the effect of forfeitures. A discussion of the assumptions used in calculating the grant date fair value and estimate of aggregate compensation expense is set forth in Note 14 of the notes to our consolidated financial statements in our 2016 annual report.

Assuming that maximum performance goals were met, the value of the awards at date of grant, or in certain cases, deemed date of grant (calculated in accordance with FASB ASC Topic 718 as set forth above), would have been as follows: 2014—Mr. Cantwell, \$623,870; Mr. Lerner, \$350,244 and Ms. Maskal \$306,470; 2015—Mr. Cantwell, \$1,346,390; Mr. Crimmins, \$324,957; Mr. Lerner, \$316,976 and Ms. Maskal \$307,718; and 2016—Mr. Cantwell, \$1,412,448; Mr. Crimmins, \$422,242; Mr. Lerner, \$443,383; Ms. Maskal \$430,431 and Mr. Herbes \$376,823. For 2014, includes the 2014 to 2016 performance share LTAs. For 2015, includes the 2015-2017 performance share LTAs. For 2016, includes the 2016-2018 performance share LTAs.

The amounts listed in the “stock awards” column and in this footnote do not reflect the value of common stock actually received by the named executive officers, whether the named executive officer will actually realize a financial benefit from the awards, or the potential value to the named executive officer of the awards that may be earned. Whether, and to what extent, the named executive officers ultimately realize value will depend on many factors, including the actual performance of the company, the price of our common stock when and if shares are actually issued and the named executive officers’ continued employment. For more details on performance share LTIA grants in 2016, see the Grants of Plan-Based Awards in Fiscal 2016 table below. Additional information regarding performance share LTAs granted in 2015 and 2016 that are still outstanding can be found in the table Outstanding Equity Awards at 2016 Fiscal Year End table below.

- (5) The amounts shown in this column represent payments made under annual bonus plans. No annual bonus plan awards were earned by the named executive officers for fiscal 2014. Annual bonuses listed in this column as being earned in 2015 and 2016 were paid in March 2016 and March 2017, respectively.
- (6) The “option awards” column sets forth, for a given year, the aggregate grant date fair value of the stock option awards granted in that year, calculated in accordance with FASB ASC Topic 718. A discussion of the assumptions used in calculating the aggregate grant date fair value is set forth in Note 14 of the notes to our consolidated financial statements in our 2016 annual report.

- (7) Represents the aggregate change in pension value of the named executive officer's accumulated benefit under our defined benefit pension plan. See the pension benefits table on page 40 for additional information, including the present value assumptions used in this calculation. We do not have any non-qualified deferred compensation plans.
- (8) The amounts shown in this column include automobile allowances and our company's matching contributions to our 401(k) plan. In accordance with SEC rules, the compensation in the table omits information regarding plans or arrangements such as group life, health, hospitalization and medical reimbursement plans that do not discriminate in scope, terms or operation, in favor of executive officers or directors of B&G Foods and that are available generally to all salaried employees.

The following table describes each component of the "all other compensation" column.

Name	Year	Matching Contributions to 401(k) Plan	Automobile Allowance ^(A)	Total
Robert C. Cantwell	2016	\$7,950	\$10,000	\$17,950

William F. Herbes	2016	\$7,950	\$10,000	\$17,950

(A) The amount shown reflects an unrestricted automobile allowance that is fully taxable to the officer.

Grants of Plan Based Awards in Fiscal 2016

- (1) Shows the potential value of the payout for the named executive officer under our annual bonus plan for fiscal 2016 if the threshold, target or maximum adjusted EBITDA objective is satisfied. The potential payouts are performance-driven and therefore completely at risk. As reflected in the non-equity incentive plan compensation column and the footnote thereto in the summary compensation table, the named executive officers received between 88.8% and 93.2% of full bonus awards under the annual bonus plan for fiscal 2016 and the awards were paid to the named executive officers in March 2017.

- (2) The values included in this column with respect to the performance share LTIA's reflect the grant date fair value of the performance share LTIA's reduced by the present value of expected dividends using the risk-free interest-rate (as the award holders are not entitled to dividends or dividend equivalents during the vesting period) computed in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) Topic 718 based upon the probable outcome (as of the grant date) of the applicable performance conditions. The values included in this column with respect to the stock option awards reflect the grant date fair value of options calculated in accordance with FASB ASC Topic 718. The amounts reported in this column are generally consistent with the estimate of aggregate compensation expense expected to be recognized by B&G Foods for the named executive officers over the performance period determined as of the grant date under FASB Topic 718, excluding the effect of forfeitures. A discussion of the assumptions used in calculating the grant date fair value and estimate of aggregate compensation expense is set forth in Note 14 of the notes to our consolidated financial statements in our 2016 annual report.

The amounts listed in this column do not reflect whether the named executive officer will actually realize a financial benefit from the awards, or the potential value to the named executive officer of the awards that may be earned. Whether, and to what extent, the named executive officers ultimately realize value will depend on many factors, including the actual performance of the company, the price of our common stock when and if shares are actually issued and the named executive officers' continued employment.

- (1) Does not include shares of common stock for 2014 to 2016 performance share LTIA's, which had vested at the end of fiscal 2016 subject to confirmation by the compensation committee that the performance goal had been satisfied. Following such confirmation, shares of common stock for the 2014 to 2016 performance share LTIA's were paid in February 2017, and are reflected below in the "Option Exercises and Stock Vested in Fiscal 2016" table.

- (2) In accordance with Instruction 3 to Regulation S-K Item 402(f)(2), these columns show the number of shares of common stock each named executive officer would receive under each grant of performance shares LTIA's, assuming that the financial targets associated with the 2015 to 2017 and 2016 to 2018 performance share LTIA's are achieved at the maximum level (i.e., 200% of target), and the dollar value of those shares based on the closing market price of the company's common stock of \$43.80 per share on December 30, 2016 (the last business day of fiscal 2016). The awards vest at the end of the applicable performance period, subject to confirmation by the compensation committee that the applicable performance goals have been satisfied.

As noted in the Compensation Discussion and Analysis section of this proxy statement, the number of shares that may be earned by each named executive officer from threshold to maximum is determined at the beginning of the performance period based upon the price of our common stock at the date of grant of the performance share LTIA. Therefore, the value of the award at the end of the performance period will depend not only upon the level at which the performance goals have been achieved but will also depend on the price of our common stock at the end of the performance period when the shares of common stock are actually issued to the participants. As a result, a substantial portion of the value of the potential awards as of the end of fiscal 2016 set forth in the last column of this table is attributable to the 58% increase in our stock price from the date of grant of the 2015 to 2017 performance share LTIA's through the end of fiscal 2016, and the 29% increase in our stock price from the date of grant of the 2016 to 2018 performance share LTIA's through the end of fiscal 2016.

Option Exercises and Stock Vested in Fiscal 2016

The following table provides information on the value of stock awards that vested during fiscal 2016 for each of our named executive officers. No stock options vested and none of our named executive officers held any vested stock options during fiscal 2016. Therefore, no stock options were exercised by our named executive officers during fiscal 2016.

Name	Number of Shares Acquired on Vesting ⁽¹⁾ (#)	Value Realized on Vesting ⁽²⁾ (\$)	Shares Withheld to Cover Tax Withholding (#)	Net Number of Shares Received (#)
Robert C. Cantwell	22,604	\$1,072,560	8,641	13,963
Thomas P. Crimmins	—	—	—	—
Scott E. Lerner	12,690	\$ 602,141	4,778	7,912
Vanessa E. Maskal	11,104	\$ 526,885	4,189	6,915
William F. Herbes	10,786	\$ 511,796	4,080	6,706

- (1) Represents shares earned at the maximum level pursuant to 2014 to 2016 performance share LTIA's because actual excess cash for the performance period exceeded the maximum performance objective. The gross number of shares set forth in the second column had vested at the end of fiscal 2016 subject to confirmation by the compensation committee that the performance goals had been satisfied. Following such confirmation, the net number of shares set forth in the fifth column were issued in February 2017.
- (2) Calculated based upon the gross number of shares acquired upon vesting (without taking into account shares withheld to cover taxes) and the closing price of our common stock on February 21, 2017, which was \$47.45 per share.

As noted in the Compensation Discussion and Analysis section of this proxy statement, the number of shares that may be earned by each named executive officer from threshold to maximum is determined at the beginning of the performance period based upon the price of our common stock at the date of grant of the performance share LTIA. Therefore, the value of the award at the end of the performance period depends not only upon the level at which the performance goals have been achieved but also depends on the price of our common stock at the end of the performance period when the shares of common stock are actually issued to the participants. As a result, a substantial portion of the value of the awards set forth in the second and third columns of this table is attributable to the 53% increase in our stock price from the date of grant of the 2014 to 2016 LTIA's through February 21, 2017.

Management Employment Agreements

We have entered into employment agreements with each of our named executive officers. Each executive's base salary as set forth above in the summary compensation table is subject to annual increases at the discretion of the compensation committee. Each executive is eligible to earn additional incentive compensation under our annual bonus plan and any other incentive compensation programs we provide. Each executive is also entitled to (1) receive individual disability and life insurance coverage, (2) receive other executive benefits, including an automobile allowance and cell phone allowance, (3) participate in all employee benefits plans maintained by us for our employees and (4) receive other customary employee benefits.

Each agreement is subject to automatic one-year extensions, unless earlier terminated. Each agreement may be terminated by the executive at any time for any reason, provided that he or she gives us 60 days advance written notice of his or her resignation, subject to special notice rules in certain instances, including a change in control or in the event that we substantially alter his or her duties so that he or she can no longer perform his or her duties in accordance with his or her agreement with us. Each agreement may also be terminated by us for any reason, including for "cause" (as defined in the employment agreements). We must give 60 days' advance written notice if the termination is without cause. During the executive's employment and for one year after his or her voluntary resignation or termination for cause, each executive has agreed that he or she will not be employed or otherwise engaged by any food manufacturer operating in the United States that directly competes with our business.

Severance Benefits

Executive Severance Benefits. To ensure that we are offering a competitive executive compensation program, we believe it is important to provide reasonable severance benefits to our executive officers. In the case of termination by us without cause, termination by us due to the executive's disability, death, or a resignation by the executive described above that is considered to be a termination by us without cause, each named executive officer's employment agreement provides that he or she will receive the following severance benefits, in addition to accrued and unpaid compensation and benefits, for a severance period of two years in the case of Mr. Cantwell and for a severance period of one year in the case of each of the other named executive officers: (1) salary continuation payments for each year of the applicable severance period in an amount per year equal to 200% of his then current annual salary in the case of Mr. Cantwell, 160% in the case of Mr. Crimmins, and 135% of his or her then current annual base salary in the case of each of the other named executive officers, (2) continuation during the applicable severance period of medical, dental, life insurance and disability insurance for the named executive, his or her spouse and his or her dependents, or if the continuation of all or any of the such benefits is not available because of his or her status as a terminated employee, a payment equal to the market value of such excluded benefits, (3) if legally allowed, two additional years of service credit under our qualified defined benefit pension plan in the case of Mr. Cantwell, and one additional year of service credit in the case of each of the other named executive officers and (4) outplacement services.

If a named executive officer's employment with B&G Foods ends during a performance share LTIA performance period due to termination by B&G Foods without cause, there is no accelerated vesting of the performance share LTIA's and therefore the compensation a named executive officer received in respect of such performance share LTIA's is not included in the table below. Instead, after the performance period is completed, the named executive officer will be entitled to a pro rata portion of the number of performance shares, if any, he or she would have received had the named executive officer remained employed until the end of the performance period. The pro rata portion will be based on the number of full months in the performance period during which the named executive officer was employed as compared to the total number of months in the performance period.

The estimated severance and other benefits for each named executive officer in the event of a termination by us without cause are set forth below. The amounts assume that the termination without cause was effective as of December 30, 2016 (the last business day of fiscal 2016) and thus are based upon amounts earned through such date and are only estimates of the amounts that would actually be paid to such named executive officers upon their termination.

Name	Continuation of Salary	Continuation of Health Care and Other Insurance Benefits	Estimated Present Value of Additional Pension Credits	Accelerated Vesting of Options ⁽¹⁾	Total
Robert C. Cantwell	\$2,940,000	\$50,577	\$69,727	—	\$3,060,304
Thomas P. Crimmins ⁽²⁾	\$ 659,200	\$31,988	—	—	\$ 691,188
Scott E. Lerner	\$ 584,010	\$31,988	\$18,557	—	\$ 634,555
Vanessa E. Maskal.	\$ 567,000	\$25,289	\$38,451	—	\$ 630,740
William F. Herbes	\$ 496,395	\$14,791	\$37,817	—	\$ 549,003

(1) No value is listed for accelerated vesting of options because all of the unvested options held by the named executive officers terminate and are forfeited in the event of a termination by us without cause.

(2) Mr. Crimmins resigned from our company effective March 24, 2017. For purposes of Mr. Crimmins' employment agreement, the resignation was treated as a termination without cause.

Change in Control Severance Benefits. From time to time, we may explore potential transactions that could result in a change in control of our company. We believe that when a transaction is perceived as imminent, or is taking place, we should be able to receive and rely on the disinterested service of our executive officers, without them being distracted or concerned by the personal uncertainties and risks associated with such a situation. We further believe that our stockholders are best served if their interests are aligned with the interests of our executives, and providing change in control benefits should eliminate, or at least reduce, the reluctance of senior management to pursue potential transactions that may enhance the value of our stockholders' investments.

In accordance with the respective employment agreements of Mr. Crimmins, Mr. Lerner, Ms. Maskal, and Mr. Herbes the severance period set forth above will be increased to two years after his or her termination of employment if his or her termination is following a change in control.

If an executive terminates his or her employment following a change in control the executive might become subject to an excise tax imposed under Section 4999 of the Internal Revenue Code. When a company reimburses an executive for the amount of that excise tax to put the executive in the same after-tax economic position that the executive would be in if the excise tax did not apply, it is known as an excise tax gross-up. Prior to 2014, our policy was to include excise tax gross-up provisions relating to changes in control in the employment agreements for our executive officers. In 2014, our compensation committee decided that excise tax gross-up provisions would no longer be included in any new employment agreements and would be removed from any grandfathered employment agreements upon any material amendment to such agreements. Of the named executive officers, only Mr. Lerner, Ms. Maskal and Mr. Herbes have grandfathered employment agreements that still contain excise tax gross-up provisions.

The estimated severance and other benefits for each named executive officer in the event a change in control and termination of employment, and the potential tax obligations of the company for these benefits are set forth below. The amounts assume that the change of control and termination was effective as of December 30, 2016 (the last business day of fiscal 2016) and thus are based upon amounts earned through such date and are only estimates of the amounts that would actually be paid to such named executive officers upon their termination and the potential tax obligations of the company.

(2) The calculation of the estimated gross-up payment assumes a 45% combined individual federal and state tax rate and a 20% excise tax.

(3) Mr. Crimmins resigned from our company effective March 24, 2017 and is no longer eligible for change in control severance benefits.

Release. The obligation of B&G Foods to provide the salary continuation and other severance benefits described above is contingent upon and subject to the execution and delivery by the executive officer of a general release. The general release is required to provide that for and in consideration of the salary continuation and other severance benefits, the executive officer release any and all claims and rights ensuing from his employment with and termination from our company, which he or she may have against the company or any of our subsidiaries or other affiliates, and their respective directors, officers, employees and agents, arising from or related to his employment or termination.

401(k) Plan

We maintain a tax-qualified defined contribution plan with a cash or deferred arrangement intended to qualify under Section 401(k) of the Internal Revenue Code of 1986. Our employees become eligible to participate in the plan upon completing six months of employment. Each participant in the plan may elect to defer, in the form of contributions to the plan, up to 75% of compensation that would otherwise be paid to the participant in the applicable year, which percentage may be increased or decreased by the administrative committee of the plan, but is otherwise not to exceed the statutorily prescribed annual limit (\$18,000 in 2016 if the participant is under age 50, and \$24,000 in 2016 if age is 50 or over). We make a 50% matching contribution with respect to each participant's elective contributions up to six percent of such participant's compensation (provided that for fiscal 2016, matching contributions were based only on the first \$265,000 of such participant's compensation). Matching contributions become fully vested after five years of employment with the company.

Pension Plan

We maintain a pension plan for certain eligible employees meeting minimum eligibility requirements in which each of our named executive officers participates. The pension plan is designed and administered to qualify under Section 401(a) of the Internal Revenue Code of 1986, as amended. The pension plan provides unreduced retirement benefits at age 62 based on the average of the five highest consecutive years of earnings in the last ten years. Benefits under the plan are calculated generally under a formula of 0.75% of final average earnings, plus an additional 0.4% of final average earnings in excess of a 35-year average Social Security taxable wage base, in each case, multiplied by service limited to 35 years. The compensation covered by the pension plan is W-2 earnings (excluding LTIA's) and any amounts contributed to any tax qualified profit sharing plan or cafeteria plan. As required by Section 401(a)(17) of the Internal Revenue Code of 1986, for 2016, benefits under the pension plan were based only on the first \$265,000 of an employee's annual earnings. In certain cases, additional years of credited service may be granted as described above under "Management Employment Agreements—Severance Benefits." In most cases, employees are not entitled to a lump sum payment of the pension benefits. Upon retirement, the total amount of accumulated benefits is calculated as a monthly installment and is paid out over the remaining life of the employee (or if elected, over the lives of the employee and his or her beneficiary at a reduced monthly benefit).

- (1) The present value of the accumulated benefit as of the end of fiscal 2016 for each named executive officer reflects pension benefits payable at the earliest age the named executive officer may retire without significant benefit reductions, or current age, if later. The same assumptions used in Note 12 to B&G Foods' audited financial statements in the 2016 annual report are used in calculating the present value of accumulated pension benefits, including a discount rate of 4.039%. The present value of the accumulated benefit is also based upon post-retirement mortality rates in accordance with the RP-2014 Mortality Tables adjusted backwards with Scale MP-2014 and projected forward with Scale MP-2016 and the single life annuity payment form.
- (2) Mr. Crimmins resigned from our company effective March 24, 2017. Mr. Crimmins' pension benefits did not vest and have been forfeited.

PROPOSAL NO. 2—ADVISORY VOTE ON EXECUTIVE COMPENSATION

Introduction

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules.

As described in detail under the heading "Compensation Discussion and Analysis," our executive compensation programs, which are guided by the principal of "*pay for performance*," are designed to attract, motivate, and retain our named executive officers, reinforce the execution of our business strategy and the achievement of our business objectives; and align the interests of our executive officers with the interests of our stockholders, with the ultimate objective of improving stockholder value. Under these programs, our named executive officers are rewarded for the achievement of annual and long-term goals and the realization of increased stockholder value. Please read the "Compensation Discussion and Analysis" beginning on page 21 for additional details about our executive compensation programs, including information about the fiscal 2016 compensation of our named executive officers.

We believe that our compensation program has been instrumental in helping the company achieve strong financial performance and stockholder value. Therefore, we are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a "*say on pay*" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement.

The say on pay vote is advisory, and therefore not binding on our company, the compensation committee or our board of directors. However, our board of directors and our compensation committee value the opinions of our stockholders and will consider the outcome of the vote and the concerns of our stockholders when making future decisions on the compensation of our named executive officers and our company's compensation principles, policies and procedures.

Required Vote

Approval of this proposal requires the affirmative vote of a majority of the votes cast by the holders of the shares of common stock voting in person or by proxy at the annual meeting.

Recommendation of the Board of Directors

The board of directors recommends that the stockholders vote "FOR" the proposal to approve, in an advisory manner, the compensation of our named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.

PROPOSAL NO. 3—ADVISORY VOTE ON THE FREQUENCY OF ADVISORY “SAY ON PAY” VOTES

Introduction

The Dodd-Frank Act also enables our stockholders to indicate how frequently we should seek an advisory vote on the compensation of our named executive officers, as disclosed pursuant to the SEC’s compensation disclosure rules, such as Proposal No. 2 included on page 41 of this proxy statement. By voting on this Proposal No. 3, stockholders may indicate whether they prefer an advisory vote on named executive officer compensation to be held every one year, every two years or every three years.

In 2011, our board of directors recommended, and a majority of our stockholders expressed a preference for, an advisory vote on executive compensation that occurs every year. Our board of directors believes that consistent with our current practice, current prevailing market practice and stockholder preference, an annual vote remains the most appropriate alternative for B&G Foods, and therefore our board of directors recommends that you vote in favor of holding the advisory vote on executive compensation on an annual basis.

In formulating its recommendation, our board of directors considered that an annual advisory vote on executive compensation will allow our stockholders to provide us with their direct input on our compensation philosophy, policies and practices as disclosed in the proxy statement every year. Additionally, an annual advisory vote on executive compensation is consistent with our policy of seeking input from, and engaging in discussions with, our stockholders on corporate governance matters and our executive compensation philosophy, policies and practices. We understand that our stockholders may have different views as to what is the best approach for B&G Foods, and we look forward to hearing from our stockholders on this proposal.

You may cast your vote on your preferred voting frequency by choosing the option of one year, two years, three years or abstain from voting.

Required Vote

The frequency option that receives the most votes cast will be considered to be the frequency that has been selected by our stockholders. However, because this vote is advisory and not binding on the board of directors or B&G Foods in any way, our board may decide that it is in the best interests of our stockholders and B&G Foods to hold an advisory vote on executive compensation more or less frequently than the option approved by our stockholders.

Recommendation of the Board of Directors

The board of directors recommends that the stockholders vote, in an advisory manner, for the option of every “ONE YEAR” for the frequency with which stockholders are provided an advisory vote on executive compensation.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information as of March 27, 2017 with respect to the beneficial ownership of our common stock, and shows the number of and percentage owned by:

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended requires our directors and executive officers and any persons who own more than ten percent of our common stock to file with the SEC various reports as to ownership of and changes of ownership in any class of equity securities of our company. Such persons are required by SEC regulation to furnish us with copies of all Section 16 reports they file. As a practical matter, B&G Foods assists its directors and officers by monitoring transactions and completing and filing Section 16 reports on their behalf. To our knowledge, the Section 16(a) filing requirements were met on a timely basis during fiscal 2016.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review and Approval of Related Party Transactions

Our board of directors recognizes that transactions involving our company and related parties present heightened risk of potential or actual conflicts of interest which may interfere—or even appear to interfere—with the interests of our company. Therefore, it is the policy of our company (as set forth in our corporate governance guidelines) that an independent committee designated by the board shall review, approve or ratify any transaction with related parties required to be reported by our company under the applicable rules and regulations governing related party transactions promulgated by the SEC.

Fiscal 2016 Related Party Transactions

There were no related party transactions in fiscal 2016 with any director or executive officer of B&G Foods or any other related person, as defined in Rule 404 under Regulation S-K promulgated under the Securities Act of 1933, as amended, and none is proposed.

REPORT OF THE AUDIT COMMITTEE

Under the guidance of a written charter adopted by our board of directors, the audit committee oversees our management's conduct of the financial reporting process on behalf of the board of directors. A copy of the charter is available at the investor relations section of our company's website, <http://ir.bgfoods.com>. The audit committee also appoints the independent registered public accounting firm to be retained to audit our company's consolidated financial statements and internal control over financial reporting, and once retained, the independent registered public accounting firm reports directly to the audit committee. The audit committee is responsible for pre-approving both audit and non-audit services to be provided by the independent registered public accounting firm. The audit committee's charter reflects the above-mentioned responsibilities, and the audit committee and the board of directors periodically review and revise the charter.

Management is responsible for our company's financial reporting process, including the system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. Our company's independent registered public accounting firm is responsible for auditing those consolidated financial statements and expressing an opinion on the conformity of the consolidated financial statements with accounting principles generally accepted in the United States of America. In addition, our company's independent registered public accounting firm will express its own opinion on the effectiveness of the company's internal control over financial reporting based on criteria established in 2013 by the Committee of Sponsoring Organizations of the Treadway Commission. The audit committee's responsibility is to monitor and review these processes. It is not the audit committee's duty or responsibility to conduct auditing or accounting reviews.

The audit committee meets at least four times annually, or more frequently as circumstances dictate. During fiscal 2016, the audit committee met six times. The audit committee also met with management periodically to consider the adequacy of our company's internal controls, and discussed these matters and the overall scope and plans for the audit of our company with our independent registered public accounting firm, KPMG LLP. The audit committee met with the independent registered public accounting firm, with and without management present, to discuss the results of its examination, its evaluation of the effectiveness of our internal control over financial reporting, and the overall quality of our financial reporting. The audit committee also discussed with senior management our company's disclosure controls and procedures and the certifications by our chief executive officer and chief financial officer, which are required by the SEC under the Sarbanes-Oxley Act of 2002 for certain of our company's filings with the SEC. The audit committee also met separately from time to time with our chief financial officer and with our general counsel, and at least quarterly, the audit committee met in executive session.

In fulfilling its oversight responsibilities, the audit committee reviewed and discussed with management and the independent registered public accounting firm the audited consolidated financial statements in the annual report for the year ended December 31, 2016, management's assessment of the effectiveness of our company's internal control over financial reporting and the independent registered public accounting firm's evaluation of the effectiveness of our company's internal control over financial reporting as of December 31, 2016. The audit committee reviewed with the independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of the consolidated financial statements with accounting principles generally accepted in the United States of America, its judgments as to the quality, not just the acceptability, of our company's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements and such other matters as are required to be discussed with the audit committee under auditing standards of the Public Company Accounting Oversight Board (PCAOB), including Auditing Standard No. 16, "Communications with Audit Committees." In addition, the audit committee has discussed with the independent registered public accounting firm its independence from our company

and our management, including the matters in the written disclosures and letter which were received by the audit committee from the independent registered public accounting firm as required by the applicable requirements of the PCAOB, and considered the compatibility of non-audit services with KPMG LLP's independence.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board of directors (and the board approved) that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2016 for filing with the SEC.

**PROPOSAL NO. 4—APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM**

Introduction

The audit committee has appointed KPMG LLP as the independent registered public accounting firm to audit our consolidated financial statements and the effectiveness of our internal control over financial reporting for the fiscal year ending December 30, 2017.

We are asking our stockholders to ratify the selection of KPMG as our independent registered public accounting firm. Although ratification is not required by our bylaws or otherwise, our board of directors is submitting the selection of KPMG to our stockholders for ratification as a matter of good corporate practice. If the selection is not ratified, the audit committee will consider whether it is appropriate to select another registered public accounting firm. Even if the selection is ratified, the audit committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the company and our stockholders.

One or more representatives of KPMG are expected to be present at the annual meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate stockholder questions.

Independent Registered Public Accounting Firm Fees

In addition to performing the audit of our consolidated financial statements and our internal control over financial reporting, KPMG has provided various other services during fiscal 2016 and 2015. The aggregate fees billed or expected to be billed for fiscal 2016 and 2015 for each of the following categories of services are as follows:

<u>Type of Fees</u>	<u>Fiscal 2016</u>	<u>Fiscal 2015</u>
Audit Fees	\$2,137,000	\$1,564,354
Audit-Related Fees	—	\$1,400,000
Tax Fees	\$ 47,000	\$ 78,500
All Other Fees	—	—
Total	<u>\$2,184,000</u>	<u>\$3,042,854</u>

In accordance with the SEC’s definitions and rules the terms in the above table have the following meanings:

“*Audit Fees*” are the aggregate fees billed or expected to be billed for each of fiscal 2016 and 2015 for professional services rendered by KPMG for the audit of our consolidated financial statements included in our annual reports on Form 10-K and review of the unaudited consolidated financial statements included in our quarterly reports on Form 10-Q; for the audit of our internal control over financial reporting with the objective of obtaining reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects; and for services that are normally provided by KPMG in connection with statutory and regulatory filings or engagements for fiscal 2016 and 2015. Audit fees for 2016 included fees billed for professional services rendered with respect to the acquisition of the spices & seasonings business of ACH Food Companies and the *Victoria* acquisition and engagements, consents, comfort letters and assistance with the review of our filings with the SEC in connection with our public offerings of common stock. Audit fees for 2015 included fees billed for professional services rendered with respect to the *Mama Mary’s* and *Green Giant* acquisitions and engagements, consents, comfort letters and assistance with the review of our

filings with the SEC in connection with our public offering of common stock and an amendment to our credit agreement.

“*Audit-Related Fees*” are the aggregate fees billed in each of fiscal 2016 and 2015 for assurance and related services by KPMG that are reasonably related to the performance of the audit or review of our consolidated financial statements. There were no audit-related fees for 2016. Audit-related fees for 2015 included fees billed for professional services rendered with respect to the *Green Giant* acquisition.

“*Tax Fees*” are the aggregate fees billed in each of fiscal 2016 and 2015 for professional services rendered by KPMG for tax compliance, tax advice and tax planning. Tax fees for 2016 included fees billed for professional services rendered with respect to transfer pricing. Tax fees for 2015 included fees billed for professional services rendered with respect to the *Green Giant* acquisition.

“*All Other Fees*” are the aggregate fees billed in each of fiscal 2016 and 2015 for products and services provided by KPMG not included in the first three categories. No such other products or services were provided by KPMG during fiscal 2016 and 2015.

The audit committee has reviewed summaries of the services provided by KPMG and the related fees, and the audit committee has determined that the provision of the non-audit services described above is compatible in maintaining the independence of KPMG.

All of the services described above were pre-approved by our audit committee in accordance with its pre-approval policy. The audit committee pre-approval policy provides that all auditing services and all non-audit services to be provided by KPMG be pre-approved by the audit committee, provided that the audit committee shall not approve any prohibited non-audit services set forth in Section 10A(g) of the Exchange Act.

Required Vote

Ratification of the appointment of our independent registered public accounting firm requires the affirmative vote of a majority of the votes cast by the holders of the shares of common stock voting in person or by proxy at the annual meeting.

Recommendation of the Board of Directors

The board of directors recommends that the stockholders vote “FOR” the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 30, 2017.

**PROPOSAL NO. 5—APPROVAL OF THE AMENDED AND RESTATED OMNIBUS INCENTIVE
COMPENSATION PLAN**

Introduction

In March 2017, upon the recommendation of our compensation committee, our board of directors unanimously approved the amendment and restatement of the B&G Foods, Inc. 2008 Omnibus Incentive Compensation Plan, renamed the Omnibus Incentive Compensation Plan (which we refer to in this proxy statement as the Omnibus Plan), subject to the approval of our stockholders. If approved by our stockholders at the annual meeting, the amended and restated Omnibus Plan will become effective on May 23, 2017. The existing 2008 Omnibus Plan expires on May 6, 2018.

The amendment and restatement will (1) extend the term of the Omnibus Plan until May 23, 2027, (2) limit the number of shares of our common stock available for awards that may be granted to any one non-employee director during any fiscal year to \$500,000 in total value, (3) clarify that unrestricted stock awards may be granted under the Omnibus Plan, and (4) make other clarifying and administrative amendments. A summary of the principal features of the Omnibus Plan is provided below, but is qualified in its entirety by reference to the full text of the Omnibus Plan, which is attached hereto as Annex A.

We are Not Requesting Additional Shares. We are not asking stockholders to approve any additional shares for issuance under the Omnibus Plan, which is the only plan under which B&G Foods grants equity awards. This reflects B&G Foods’ responsible use of shares under our long-term incentive equity awards program. We have not sought stockholder approval for additional shares under the Omnibus Plan since 2010. As of March 27, 2017, 2,428,868 shares remain available for future awards. We believe that the existing share pool will be sufficient to fund long-term incentive equity awards for approximately five years.

Approval of the Omnibus Plan Will Allow B&G Foods to Continue to Attract, Retain and Motivate Talented Individuals Critical to the Long-Term Success of the Company. Long-term incentive awards granted under the Omnibus Plan are an important part of our overall compensation program. The ability to grant these awards is essential to our success in attracting, retaining and motivating talented employees and directors. The long-term incentive equity awards align the interest of our employees and directors with those of our stockholders and help ensure a pay-for-performance linkage. In the event stockholders do not approve the amended and restated Omnibus Plan, we will not be able to grant long-term incentive equity awards after the May 6, 2018 expiration date.

B&G Foods’ Low Overhang and Run Rate. While the use of equity awards is an important part of our compensation program, we are mindful of our responsibility to our stockholders in granting equity awards. The following table illustrates the historic run rate and overhang of our equity compensation program over the past three fiscal years:

	<u>2014</u>	<u>2015</u>	<u>2016</u>
Overhang ⁽¹⁾	6.1%	5.6%	5.2%
Run Rate ⁽²⁾	1.1%	0.5%	0.6%

(1) Overhang represents the number of shares subject to outstanding awards plus shares available for grant under the Omnibus Plan (the numerator), divided by the total number of shares of common stock outstanding at the end of that fiscal year, plus the number of shares in the numerator.

(2) Run rate represents all awards granted in a fiscal year, divided by the number of shares of common stock outstanding at the end of that fiscal year.

Section 162(m) Reapproval

Section 162(m) of the Internal Revenue Code places a limit of \$1 million on the amount our company may deduct in any one year for compensation paid to a “covered employee,” which means any person who as of the last day of the fiscal year is the chief executive officer or one of the Company’s three highest compensated executive officers other than the chief financial officer, as determined under SEC rules. There is, however, an exception to this limit on deductibility for compensation that satisfies certain conditions for “qualified performance-based compensation” set forth under Section 162(m). One of the conditions requires stockholder approval every five years of the material terms of the performance goals of the plan under which the compensation will be paid. The material terms of the performance goals were last approved by our stockholders at our 2013 annual meeting. Our board believes that it is in the best interests of our company and its stockholders to enable our company to implement compensation arrangements under the Omnibus Plan that qualify as fully tax deductible performance-based compensation. For purposes of Section 162(m), the material terms of the performance goals include (i) the employees eligible to receive compensation under the Omnibus Plan, (ii) a description of the business criteria on which the performance goal is based, and (iii) the maximum amount of compensation that can be paid to an employee under the performance goal. Each of these aspects of the Omnibus Plan is described below, and stockholder approval of this Proposal No. 5 is intended to constitute re-approval of each of these aspects of the Omnibus Plan for purposes of the stockholder approval requirements of Section 162(m).

Description of the Omnibus Plan

Purpose. The purpose of the Omnibus Plan is to benefit our stockholders by encouraging high levels of performance by individuals who contribute to the success of B&G Foods and to assist B&G Foods in attracting, motivating, retaining and rewarding talented and experienced employees, non-employee directors and consultants by offering them a greater stake in our company’s success and a closer identity with it. This purpose is to be accomplished by providing employees, non-employee directors and consultants with an opportunity to obtain or increase a proprietary interest in B&G Foods and/or by providing employees, non-employee directors and consultants with additional incentives to join or remain with our company.

General. The Omnibus Plan authorizes the grant of restricted stock, unrestricted stock, options, stock appreciation rights (SARs), deferred stock, stock units, performance share awards or cash-based awards. Options granted under the Omnibus Plan may be either “incentive stock options” as defined in section 422 of the Internal Revenue Code, or nonqualified stock options, as determined by the compensation committee.

Shares of Stock Subject to the Omnibus Plan and Maximum Awards. Subject to adjustment as provided below, the total number of shares of common stock available for awards under the Omnibus Plan is 2,428,868 shares, which equals approximately 3.7% of the shares of common stock outstanding as of March 27, 2017. Shares are counted against the authorization only to the extent they are actually issued in connection with an award. Thus, awards for shares which terminate by expiration, forfeiture, cancellation, or otherwise, are settled in cash in lieu of shares, or are exchanged for awards not involving shares, will result in those shares being again available for grant. Also, if the exercise price or tax withholding requirements of any award are satisfied by tendering shares to our company, or if a SAR is exercised, only the number of shares issued, net of the shares tendered, will be deemed issued under the Omnibus Plan. The maximum number of shares will be reduced to reflect dividends or dividend equivalents that are reinvested into additional shares or credited as additional restricted stock, restricted stock units, performance shares, or other stock-based awards.

The Omnibus Plan also imposes annual per-participant award limits. The maximum award that may be paid or granted, to any one participant under the Omnibus Plan in any fiscal year is: (A) for

options and SARs, 900,000 shares of common stock; (B) for “performance-based awards” payable in shares of common stock, 400,000 shares; and (C) for “performance-based awards” payable in cash, \$2,000,000. In addition, the Omnibus Plan, as amended and restated, limits the number of shares of our common stock available for awards that may be granted to any one non-employee director during any fiscal year to \$500,000 in total value (calculating the value of any such awards based on the grant date fair value of such awards for financial reporting purposes and excluding, for this purpose, the value of any dividend equivalent payments paid pursuant to any award granted in a previous fiscal year).

In the event that the compensation committee determines that any stock dividend, recapitalization, forward stock split or reverse stock split, reorganization, division, merger, consolidation, spin-off, combination, repurchase or share exchange, extraordinary or unusual cash distribution or other similar corporate transaction or event, affects the common stock such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of participants under the Omnibus Plan, then the compensation committee shall, in an equitable manner, adjust any or all of:

- the number and kind of shares of common stock which may thereafter be issued in connection with awards;
- the number and kind of shares of common stock issuable in respect of outstanding awards;
- the aggregate number and kind of shares of common stock available under the Omnibus Plan; and
- the exercise or grant price relating to any award or, if deemed appropriate, make provision for a cash payment with respect to any outstanding award.

Eligibility. The Omnibus Plan provides that awards may be granted to any of our employees, non-employee directors or consultants.

Administration. Our compensation committee, which will consist solely of two or more non-employee, outside directors will administer the Omnibus Plan. With respect to awards to individuals who are not subject to the requirements of Rule 16b-3 of the Exchange Act or Section 162(m) of the Internal Revenue Code, the Omnibus Plan may be administered by a secondary committee consisting of one or more members of the board.

The compensation committee has full discretionary authority in all matters related to the discharge of its responsibilities and the exercise of its authority under the Omnibus Plan including, without limitation, its construction of the terms of the Omnibus Plan and its determination of eligibility for participation and awards under the Omnibus Plan. Without limiting the generality of the immediately preceding sentence and subject to the provisions of the Omnibus Plan, the compensation committee has full and final authority in its discretion to:

- select the employees, non-employee directors and consultants who will receive awards pursuant to the Omnibus Plan;
- determine the type or types of awards to be granted to each participant;
- determine the number of shares of common stock, if any, to which an award will relate, the terms and conditions of any award granted under the Omnibus Plan (including, but not limited to, restrictions as to vesting, transferability or forfeiture, exercisability or settlement of an award and waivers or accelerations thereof, and waivers of or modifications to performance conditions relating to an award, based in each case on such considerations as the compensation committee shall determine) and all other matters to be determined in connection with an award;
- determine whether, to what extent, and under what circumstances an award may be canceled, forfeited, or surrendered;

- determine whether, and to certify that, performance goals to which the settlement of an award is subject are satisfied;
- correct any defect or supply any omission or reconcile any inconsistency in the Omnibus Plan, and to adopt, amend and rescind such rules and regulations as, in its opinion, may be advisable in the administration of the Omnibus Plan;
- construe and interpret the Omnibus Plan and to make all other determinations as it may deem necessary or advisable for the administration of the Omnibus Plan; and
- establish any “blackout” period that the compensation committee in its sole discretion deems necessary or advisable.

The compensation committee may impose on any award or the exercise thereof, at the date of grant or thereafter, such terms and conditions, not inconsistent with the provisions of the Omnibus Plan, as the compensation committee shall determine, including terms requiring forfeiture of awards in the event of the participant’s separation from service with B&G Foods or any subsidiary; *provided, however*, that the compensation committee retains full power to accelerate or waive any such term or condition as it may have previously imposed (except that the compensation committee may not accelerate the delivery of deferred stock, stock units, performance share awards or cash-based awards if to do so would subject the participant to an additional tax pursuant to section 409A of the Internal Revenue Code).

Award Agreements. Each award granted under the Omnibus Plan may, in the discretion of the Committee, be evidenced by a written award agreement between the participant and our company, which will describe the award and state the terms and conditions to which the award is subject. The principal terms and conditions of each particular type of award are described below.

Performance Goals. The compensation committee may condition the vesting, exercisability or payment of awards on the achievement of performance objectives, and will have discretion to determine the specific targets with respect to such performance objectives.

In addition, the compensation committee may grant “performance-based awards” intended to qualify as “performance-based compensation” to “covered employees” within the meaning of Section 162(m) of the Internal Revenue Code. In such event, the compensation committee will designate in writing which covered employees will receive such performance-based awards and the performance goals applicable thereto within the earlier of (1) 90 days or (2) the lapse of 25% of the performance period to which such performance goals relate. Unless otherwise determined by the compensation committee, the participant must be employed by us on the last day of the performance period to receive payment of such performance-based award. Except as may be otherwise provided in a participant’s employment agreement, a participant will only receive payment of performance-based awards after the completion of the performance period to the extent performance goals are certified in writing by the compensation committee as having been achieved during the performance period.

Under the Omnibus Plan, a performance goal means a goal specified by the compensation committee with respect to our company, any of our subsidiaries or affiliates (or any business unit or brand of our company, any of our subsidiaries or affiliates) that must be met by the end of the performance period based upon: (1) the price of our common stock, (2) market share, (3) net sales, (4) earnings per share, (5) return on equity, (6) costs, (7) cash flow, (8) excess or free cash flow, (9) return on total assets, (10) return on invested capital, (11) return on net assets, (12) operating income, (13) net income, (14) consolidated earnings before or after taxes (including, without limitation, EBITDA and adjusted EBITDA), (15) book value per share of common stock, (16) expense management, (17) improvements in capital structure, (18) profitability, (19) maintenance or improvement of profit margins, or (20) any other financial or other measurement deemed appropriate

by the compensation committee, as it relates to the results of operations or other measurable progress of our company or any of our subsidiaries or affiliates (or any brand or business unit thereof).

The compensation committee may not increase the amount payable under any performance-based awards to covered employees that are designed to qualify as performance-based compensation. However, the compensation committee may exercise negative discretion to reduce or eliminate the amount payable under any such award.

Deferred Stock. An award of deferred stock is an agreement by us to deliver to the recipient a specified number of shares of common stock at the end of a specified deferral period, subject to the fulfillment of conditions specified in the award agreement.

Restricted Stock. An award of restricted stock is a grant to the recipient of a specified number of shares of common stock which are subject to forfeiture upon the happening of specified events during the restriction period. Each grant of restricted stock will specify the length of the restriction period and any applicable performance goals, and will include restrictions on transfer to third parties during the restriction period. The compensation committee may provide, in an applicable restricted stock award agreement, for a tax reimbursement cash payment to be made to the participant in connection with the tax consequences resulting from an award of restricted stock.

Unrestricted Stock. An award of unrestricted stock is a grant to the recipient of a specified number of shares of common stock that is immediately vested at the time of grant and nonforfeitable at all times but is subject to such other terms and conditions, including restrictions on transferability, if any, as determined by the compensation committee in its discretion and the other provisions of the Omnibus Plan.

Options. An option is the right to purchase shares of common stock for a specified period of time at a fixed price (the “exercise price”). Each option agreement will specify the exercise price, the type of option (whether an incentive stock option or a non-qualified stock option), the term of the option, the date when the option will become exercisable and any applicable performance goals. The compensation committee will determine the exercise price of an option at the time the option is granted. The exercise price under an option will not be less than 100% of the fair market value of a share of common stock on the date the option is granted, unless the option was granted through the assumption of, or in substitution for, outstanding awards previously granted by an entity acquired by us. Notwithstanding the foregoing, the exercise price under an incentive stock option granted to a ten percent stockholder will not be less than 110% of the fair market value of a share of common stock on the date the option is granted. The term of an option granted under the Omnibus Plan will be no longer than ten years from the date of grant or five years in the case of an incentive stock option granted to a ten percent stockholder. No option may be exercised more than ten years from the grant date.

Stock Appreciation Rights (SARs). A stock appreciation right, or SAR, entitles the recipient to receive, upon exercise of the SAR, the excess of the fair market value of one share of common stock on the date of exercise over the base price of the SAR as determined by the compensation committee, except that the base price of the SAR may never be less than the fair market value of a share of common stock on the date of grant. SARs may be payable in cash, shares of common stock, or any combination thereof as specified by the compensation committee. Any grant may specify a waiting period or periods before the SAR may become exercisable and permissible dates or periods on or during which the SAR will be exercisable. No SAR may be exercised more than ten years from the grant date.

Stock Units. A stock unit is a book-entry unit with a value equal to one share of common stock. Payment of stock units may be made either by delivery of shares to the participant or payment in cash equal to the fair market value of the shares of common stock to which the award relates multiplied by

the number of stock units granted. The compensation committee may condition the vesting of stock units upon performance goals or continued service of the participant.

Performance Share Awards. A performance share award is an award entitling the recipient to receive shares of common stock upon the attainment of performance goals during a performance period as specified in the award agreement. The compensation committee in its sole discretion will determine whether and to whom performance share awards will be made, the performance goals applicable under each such award, the performance periods, the price, if any, to be paid by the participant for such performance shares upon the achievement of the performance goals, and all other limitations and conditions applicable to the performance share awards.

Cash-Based Awards. The compensation committee, in its sole discretion, may grant cash-based awards, which will be subject to the terms and conditions as the compensation committee will determine, including any performance goals and vesting conditions. Such cash-based awards will specify a payment amount, payment formula or payment range as determined by the compensation committee. Although it is currently contemplated that annual bonuses will continue to be provided outside of the Omnibus Plan, our compensation committee may in the future decide to grant annual bonuses as cash-based awards under the Omnibus Plan.

Dividend Equivalents. If an award is granted in the form of restricted stock, deferred stock, stock units or performance share awards, the compensation committee may choose, at the time of the grant of the award or any time thereafter up to the time of the award's payment, to include as part of such award an entitlement to receive dividends or dividend equivalents, subject to such terms, conditions, restrictions and/or limitations, if any, as the compensation committee may establish.

Separation of Service. Except as otherwise provided by the compensation committee in an award agreement, all restricted stock, deferred stock, stock units, performance share awards and cash based awards with respect to which the restriction period or deferral period has not expired or that remain unvested, as applicable, will be immediately forfeited upon a participant's separation from service.

Except as otherwise provided by the compensation committee in an award agreement, if the participant has a separation from service due to retirement, disability or death, the unexercised and vested portion of any option or SAR will remain exercisable by the participant or his or her successors, as the case may be, until the earlier of the end of the 180-day period immediately following the participant's separation from service or the last day of the term of the option or SAR. Such portion of the option or SAR shall terminate to the extent not exercised within such 180-day period. Any unvested portion of the option or SAR will immediately terminate and be forfeited upon such separation from service.

If the participant has a separation from service due to a termination by our company for cause (as defined in the Omnibus Plan), the option or SAR will immediately expire on the date of such separation from service.

If the participant has a separation from service as a result of any reason other than retirement, disability, death or for cause, any unexercised and vested portion of the option or SAR will remain exercisable until the earlier of the end of the 90-day period immediately following such separation from service or the last day of the term of the option or SAR. Such portion of the option or SAR will terminate to the extent not exercised within such 90-day period. Any unvested portion of the option or SAR will terminate and will be forfeited upon such separation from service.

Treatment of Awards upon a Change of Control. Except to the extent the compensation committee specifically establishes otherwise in an award agreement, immediately upon the occurrence of a change in control:

- any options and SARs outstanding which are not then exercisable and vested shall become fully exercisable and vested;
- the restriction period applicable to any restricted stock shall lapse;
- the deferral period applicable to any deferred stock shall lapse;
- all stock units, performance share awards and cash-based awards shall vest in full and any conditions applicable thereto shall be deemed satisfied;
- all performance goals applicable to any award shall be deemed to have been met at 100% of target; and
- the compensation committee may also make additional adjustments and/or settlements of outstanding awards as it deems appropriate and consistent with the Omnibus Plan's purposes.

Amendment of Awards or Plan and Adjustment of Awards. Our board of directors may amend, alter, suspend, discontinue, or terminate the Omnibus Plan or any award granted under the plan without the consent of our stockholders or the participants. Stockholder approval will be required, however, for any amendment, alteration, suspension, discontinuation, or termination if (A) such action would increase the number of shares subject to the Plan, (B) such action results in the "repricing" of any option or SAR, or (c) such stockholder approval is required by any federal or state law or regulation or the rules of any stock exchange or automated quotation system on which our common stock may then be listed or quoted. In general, without the consent of an affected participant, no amendment, alteration, suspension, discontinuation, or termination of the Omnibus Plan or any award granted under the plan may materially and adversely affect the rights of any participant under any award previously granted or any related award agreement.

Section 409A of the Internal Revenue Code. It is intended that awards granted under the Omnibus Plan either be exempt from or comply with the requirements of Section 409A of the Internal Revenue Code. The compensation committee may amend any outstanding award without the participant's consent if such amendment is required to either comply with Section 409A or prevent the participant from being subject to any tax or penalty under Section 409A.

Federal Tax Effects

The federal income tax consequences arising with respect to awards granted under the Omnibus Plan will depend on the type of the award. The following provides only a general description of the application of federal income tax laws to certain awards under the Omnibus Plan. This discussion is intended for the information of stockholders considering how to vote at the annual meeting and not as tax guidance to participants in the Omnibus Plan, as the consequences may vary with the types of awards made, the identity of the recipients and the method of payment or settlement. The summary does not address the effects of other federal taxes (including possible "golden parachute" excise taxes, employment/payroll taxes or the alternative minimum tax) or taxes imposed under state, local or foreign tax laws.

From the recipients' standpoint, as a general rule, ordinary income will be recognized at the time of payment of cash or delivery of actual shares of common stock. Future appreciation on shares of common stock held beyond the ordinary income recognition event will be taxable at capital gains rates when the shares of common stock are sold. Our company, as a general rule, will be entitled to a tax deduction that corresponds in time and amount to the ordinary income recognized by the recipient,

and our company will not be entitled to any tax deduction in respect of capital gain income recognized by the recipient. Exceptions to these general rules may arise under the following circumstances:

- if shares of common stock, when delivered as an award of restricted stock or in settlement of another type of award, are subject to a substantial risk of forfeiture by reason of the requirement of continued employment, or by reason of the failure to satisfy any employment, service or performance-related condition, ordinary income taxation and our company's tax deduction will be delayed until the risk of forfeiture lapses (unless the recipient makes a special election to ignore the risk of forfeiture);
- if an employee is granted an option that qualifies as an incentive stock option no ordinary income will be recognized, and our company will not be entitled to any tax deduction, if (a) shares of common stock acquired upon exercise of such option are held longer than (i) one year from the date of exercise and (ii) two years from the date of grant, whichever is greater, and (b) the employee had remained employed by us for the period starting on the grant date for the option and ending three months prior to the date of exercise;
- our company will not be entitled to a tax deduction for compensation attributable to awards granted to one of our named executive officers, if and to the extent such compensation does not qualify as "performance-based" compensation under Section 162(m) of the Internal Revenue Code (that is, compensation meeting certain requirements, including shareholder approval and being payable only upon meeting objective performance goals established and certified as met by a compensation committee of our board of directors consisting only of outside directors), and such compensation, along with any other non-performance-based compensation paid in the same calendar year, exceeds \$1 million; and
- an award may be taxable to the recipient at ordinary income tax rates at the time it becomes vested, plus a 20% penalty and interest, even if that is prior to the delivery of the cash or common stock in settlement of the award, if the award constitutes "deferred compensation" under Section 409A of the Internal Revenue Code, and the requirements of Section 409A are not satisfied.

Withholding

We are entitled to deduct from the payment of any award (whether made in stock or in cash) all applicable income and employment taxes required by federal, state, local or foreign law to be withheld or may require the participant to pay such withholding taxes to our company as a condition of receiving payment of the award. The compensation committee may allow a participant to satisfy his or her withholding obligations by directing our company to retain the number of shares necessary to satisfy the withholding obligation, or by delivering shares held by the participant to our company in an amount necessary to satisfy the withholding obligation.

Plan Benefits

The compensation committee has not granted any awards under the Omnibus Plan that are contingent on stockholder approval of the amendment and restatement of the Omnibus Plan. Because future awards under the Omnibus Plan will be granted at the discretion of the compensation committee and the compensation committee has not determined future awards or who might receive them, the amount of such future awards are not currently determinable. However, current benefits granted to the executive officers, all other employees and non-employee directors would not have been increased if they had been made following stockholder approval of the amendment and restatement of the Omnibus Plan. Non-employee directors currently receive annual equity grants as described in the "Director Compensation" section beginning on page 11 of this proxy statement.

The 2016 Summary Compensation Table and the 2016 Grants of Plan-Based Awards Table appearing elsewhere in this Proxy Statement show the awards of performance share LTIA's and stock options under the Omnibus Plan that were made to the named executive officers in 2016. During 2016, non-employee directors received the annual equity grants and stock options described in the "Director Compensation" section beginning on page 11 of this proxy statement.

Since the Omnibus Plan was originally adopted on March 10, 2008 through March 27, 2017, the number of stock options granted to the following persons and groups was: Mr. Cantwell (364,719); Mr. Crimmins (26,452); Mr. Lerner (82,938); Ms. Maskal (76,357); Mr. Herbes (70,398); all current executive officers as a group (687,462); all employees as a group, excluding current executive officers (188,498); and all non-employee directors as a group (22,692). Since the Omnibus Plan was originally adopted on March 10, 2008 through March 27, 2017, the number of shares of common stock underlying performance share LTIA's (assuming achievement of maximum performance goals) granted to the following persons and groups was: Mr. Cantwell (629,736); Mr. Crimmins (27,502); Mr. Lerner (295,347); Ms. Maskal (283,516); Mr. Herbes (137,672); all current executive officers as a group (1,589,291); and all employees as a group, excluding current executive officers (1,842,211). These share numbers relating to stock options and performance share LTIA's do not take into account the effect of awards that have been forfeited, (2) awards with respect to which performance goals were not achieved, and (3) shares never issued as a result of net share withholding. No performance share LTIA's have been awarded to non-employee directors. Since the Omnibus Plan was originally adopted on March 10, 2008 through March 27, 2017, we have issued 161,400 shares of unrestricted common stock to non-employee directors for their annual equity grants. No other individuals have received unrestricted stock under the Omnibus Plan.

Required Vote

Approval of the amended and restated Omnibus Plan requires the affirmative vote of a majority of shares of common stock present and entitled to vote at the annual meeting and voting thereon. In addition, for NYSE purposes, approval of the amended and restated Omnibus Plan requires a majority of the votes cast, including abstentions (which have the same effect as an against vote for this purpose). Broker non-votes are not considered to be votes cast for this purpose and, therefore, will not affect the outcome of the vote.

Recommendation of the Board of Directors

The board of directors recommends that the stockholders vote "FOR" the approval of the amended and restated Omnibus Plan as set forth in Proposal No. 5.

OTHER MATTERS

Our management is not aware of any other matters to be presented for action at the annual meeting; however, if any such matters are properly presented for action, it is the intention of the proxy appointees to vote in accordance with their best judgment on such matters.

ADDITIONAL INFORMATION

Under the rules of the SEC, any stockholder proposal to be considered by us for inclusion in our 2018 proxy statement and form of proxy card for next year's annual meeting of stockholders, expected to be held in May 2018, must be received by our corporate secretary at our principal executive offices located at Four Gatehall Drive, Parsippany, NJ 07054, not later than December 7, 2017 (120 days prior to the first anniversary of this proxy statement). In general, notice must be received by our corporate secretary not less than 120 days nor more than 150 days prior to the first anniversary of this proxy statement and must contain specified information concerning the matters to be brought before the meeting and concerning the stockholder making the proposal. If no annual meeting was held in the previous year, notice must be received not less than 10 days following the earlier of the day on which notice of the meeting date was mailed and the public announcement of such meeting date. Therefore, to be presented at next year's annual meeting, stockholder proposals, whether or not submitted for consideration for inclusion in our proxy statement, must be received on or after November 7, 2017 but not later than December 7, 2017.

Householding

Some brokers, banks and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports or notices of Internet availability of proxy materials, as applicable. “Person”) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 30% or more of the combined voting power of the then-outstanding voting securities of the Company entitled to vote generally in the election of directors (the “*Outstanding Company Voting Securities*”); *provided, however*, that, for purposes of this Section 2.6.1, the following acquisitions shall not constitute a Change in Control: (1) any acquisition directly from the Company, other than an acquisition by virtue of the exercise of a conversion privilege unless the security being so converted was itself acquired directly from the Company, (2) any acquisition by the Company or any Subsidiary, (3) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any of its Subsidiaries, or (4) any Business Combination (as defined in Section 2.6.3) pursuant to which all or substantially all of the individuals and entities who are the beneficial owners of the Outstanding Company Voting Securities immediately prior to such Business Combination will beneficially own, directly or indirectly, more than 50% of the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors (or election of members of a comparable governing body) of the surviving entity resulting from such Business Combination (including, without limitation, a corporation which as a result of such transaction owns the Company or all or substantially all of the Company’s assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership, immediately prior to such Business Combination, of the Outstanding Company Voting Securities; or

6.5. *Tax Reimbursement.* In the sole discretion of the Committee, an Award Agreement regarding Restricted Stock may provide for a tax reimbursement cash payment to be made by the Company to any Participant in connection with the tax consequences resulting from an Award of Restricted Stock, the lapse of restrictions on any Restricted Stock or the payment by a Participant of any taxes related thereto, subject to such conditions as the Committee may specify.

The grant of Options shall be subject to the following terms and conditions:

In no event may a Participant be granted an Incentive Stock Option which does not comply with the grant and vesting limitations prescribed by section 422(b) of the Code. With the consent of the Committee, payment upon the exercise of a Non-Qualified Option may be made in whole or in part by Restricted Stock held by the Participant and valued at Fair Market Value on the date the Option is exercised. In such case, the Common Stock to which the Option relates shall be subject to the same forfeiture restrictions originally imposed on the Restricted Stock exchanged therefor. An Option may be exercised only for a whole number of shares of Common Stock. If a Participant is permitted to pay the exercise price of an Option or taxes relating to the exercise of an Option by delivering shares of Common Stock, the Participant may, subject to procedures satisfactory to the Committee, satisfy such delivery requirement by presenting proof of beneficial ownership of such shares of Common Stock, in which case the Company shall treat the Option as exercised without further payment and shall withhold such number of shares of Common Stock from the shares of Common Stock acquired by the exercise of the Option.

The Award Agreement shall set forth the Permissible Payment Event on which the Cash-Based Award shall be settled. In no event shall the payment of a Cash-Based Award be accelerated if to do so would subject the Participant to an additional tax pursuant to section 409A of the Code.

12.2. *Separation from Service.* Except as otherwise provided by the Committee in an Award Agreement, all Cash-Based Awards that are unvested upon a Participant's Separation from Service shall be immediately forfeited upon such Participant's Separation from Service.

13. Performance-Based Awards.

13.1. *General.* The purpose of this Section 13 is to provide the Committee the ability to design any Award so that the amounts or shares payable or distributed pursuant to such Award qualify as "performance-based compensation" under section 162(m) of the Code. For purposes of Performance-Based Awards granted to Covered Employees, the provisions of this Section 13 shall apply in addition to and, where necessary, in lieu of the provisions of the other provisions of this Plan. Only Covered Employees shall be subject to the restrictions contained in this Section 13 and only with respect to Awards intended to be Performance-Based Awards.

13.2. *Establishment of Performance Goals for Covered Employees.* The Committee will, in its sole discretion, designate within the earlier of the (a) first 90 days of a Performance Period and (b) lapse of 25% of the period of service to which the Performance Goals relate, which Covered Employees will be Participants for such period. However, designation of a Covered Employee as a Participant for a Performance Period shall not in any manner entitle the Participant to receive an Award for the period. The determination as to whether or not such Participant becomes entitled to an Award for such Performance Period shall be decided solely in accordance with the provisions of this Section 13. Moreover, designation of a Covered Employee as a Participant for a particular Performance Period shall not require designation of such Covered Employee as a Participant in any subsequent Performance Period and designation of one Covered Employee as a Participant shall not require designation of any other Covered Employee as a Participant in such period or in any other period.

13.3. *Discretion of Committee with Respect to Performance-Based Awards.* With regards to a particular Performance Period, the Committee shall have full discretion to select the length of such Performance Period, the types of Awards to be issued, the kinds and/or levels of the Performance Goals, whether the Performance Goals are to apply to the Company or any one or more subunits thereof. Within the earlier of (a) the first 90 days of a Performance Period and (b) the lapse of 25% of the period of service, and in any event while the outcome is substantially uncertain, the Committee shall, with regards to the Performance-Based Awards to be issued for such

Performance Period, exercise its discretion with respect to each of the matters enumerated in the immediately preceding sentence of this Section and record the same in writing.

13.4. *Conditions to Receipt of Performance-Based Awards.* Except as otherwise provided in such Participant's Employment Agreement, a Participant shall be eligible to receive a Performance-Based Award for a Performance Period only to the extent that the Performance Goals for such period are achieved. In addition, unless otherwise provided in the relevant Award Agreement or Employment Agreement, a Participant must be employed by the Company on the last day of a Performance Period to be eligible for a Performance-Based Award for such Performance Period.

13.5. *Modification of Performance Goals.* The Committee, in its sole discretion, may modify the Performance Goals for Performance-Based Awards applicable to a Performance Period, provided that such modification is made only to reflect a change in the capitalization of the Company or a Subsidiary, such as a stock split or dividend, or a corporate transaction, such as a merger, any consolidation of the Company or a Subsidiary into another corporation, any separation of the Company or a Subsidiary (including a spinoff or other distribution of stock or property), any reorganization of a the Company or a Subsidiary, or any partial or complete liquidation of the Company or a Subsidiary.

13.6. *Certification of Performance; Negative Discretion.* Following the completion of a Performance Period, the Committee shall meet to review and certify in writing whether, and to what extent, the Performance Goals for the Performance Period have been achieved and, if so, to also calculate and certify in writing the amount of the Performance-Based Awards earned for the period. The Committee shall then determine the actual size of each Participant's Award for the Performance Period and, in so doing, may apply Negative Discretion, if and when it deems appropriate, to reduce or eliminate the amount of the Performance-Based Award earned for the Performance Period through the use of Negative Discretion, if in its sole judgment, such reduction or elimination is appropriate.

13.7. *Timing of Performance-Based Award Payments.* Performance-Based Awards granted for a Performance Period shall be paid to Participants as soon as administratively practicable following the completion of the certifications required by Section 13.6.

14. *Adjustments to Shares, Terms and Conditions and Performance Goals.*

14.1. *Adjustments to Shares.* In the event that the Committee shall determine that any stock dividend, recapitalization, forward stock split or reverse stock split, reorganization, division, merger, consolidation, spin-off, combination, repurchase or share exchange, extraordinary or unusual cash distribution or other similar corporate transaction or event, affects the Common Stock such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of Participants under the Plan, then the Committee shall, in an equitable manner, adjust any or all of (i) the number and kind of shares of Common Stock which may thereafter be issued in connection with Awards, (ii) the number and kind of shares of Common Stock issuable in respect of outstanding Awards, (iii) the aggregate number and kind of shares of Common Stock available under the Plan, and (iv) the exercise or grant price relating to any Award or, if deemed appropriate, make provision for a cash payment with respect to any outstanding Award; *provided, however,* in each case, that no adjustment shall be made that would cause the Plan to violate section 422 of the Code with respect to Incentive Stock Options or that would adversely affect the status of any Performance-Based Award.

14.2. *Adjustments to Terms and Conditions and Performance Goals.* In addition, the Committee is authorized to make adjustments in the terms and conditions of, and the criteria included in, Awards, including any Performance Goals, in recognition of any unforeseen events or changes in circumstances, or in response to changes in applicable laws, regulations, accounting

principles or otherwise. Notwithstanding the foregoing, no adjustment shall be made in any outstanding Performance-Based Award to the extent that such adjustment would adversely affect the status of the Award as a Performance-Based Award.

15. Section 409A.

15.1. *General.* To the extent determined necessary or advisable by the Committee in its sole discretion, Awards hereunder shall be interpreted to the extent possible to comply with the provisions of section 409A of the Code (or avoid application of such Code section), to the extent applicable. Participants shall be deemed to consent to any changes to Awards that the Board determines are necessary or advisable to comply with the provisions of section 409A of the Code. Adjustments made pursuant to Section 14 shall, to the extent determined necessary or advisable in the sole discretion of the Committee, be made in compliance with the requirements of section 409A of the Code or, if applicable, to avoid application of section 409A of the Code.

15.2. *Specified Employees.* Notwithstanding anything set forth in the Plan or an Award Agreement to the contrary, if any Award pursuant to Section 6, 9, 10, 11 or 12 that is scheduled to be paid or delivered to a Participant that is a Specified Employee upon such Participant's Separation from Service would subject such Participant to any tax, interest or penalty imposed under section 409A of the Code if such Award were paid or delivered to such Participant within six months after such Separation from Service, then such Award shall not be paid or delivered to such Participant until the date which is six months and one day after the date of Participant's Separation from Service or, if earlier, the date of Participant's death following such Separation from Service (the "*Delayed Payment Date*"). All such amounts that would, but for this Section 15.2, become payable or deliverable prior to the Delayed Payment Date will be accumulated and paid on the Delayed Payment Date without interest.

16. Dividends and Dividend Equivalents.

16.1. *General.* If an Award is granted in the form of Restricted Stock, Deferred Stock, Stock Units or Performance Share Awards, the Committee may choose, at the time of the grant of the Award or any time thereafter up to the time of the Award's payment, to include as part of such Award an entitlement to receive dividends or dividend equivalents, subject to such terms, conditions, restrictions and/or limitations, if any, as the Committee may establish. Dividends and dividend equivalents shall be paid in such form and manner (i.e., lump sum or installments), and at such time(s) as the Committee shall determine in the Award Agreement. The Award Agreement may provide, in the Committee's discretion, that dividends or dividend equivalents that are not paid currently accrue interest, be reinvested into additional shares of Common Stock or be credited as additional Restricted Stock, Deferred Stock, Stock Units or Performance Shares and paid to the Participant if and when, and to the extent that, payment is made pursuant to such Award.

16.2. *Reinvestment of Dividends.* Reinvestment of dividends paid in accordance with Section 16.1 in additional Awards payable in Common Stock shall only be permissible if sufficient shares of Common Stock are available for such reinvestment or payment (taking into account then outstanding Awards). In the event that sufficient shares of Common Stock are not available for such reinvestment or payment, such reinvestment or payment shall, as set forth in the Award Agreement, be either payable immediately in cash or made in the form of a grant of Stock Units equal in number to the shares that would have been obtained by such payment or reinvestment, the terms of which Stock Units shall provide for settlement in cash and for dividend equivalent reinvestment in further Stock Units.

17. *Change in Control.*

17.1. *Full Vesting.* Except to the extent the Committee specifically establishes otherwise in an Award Agreement, immediately upon the occurrence of a Change in Control: (a) any Options and SARs outstanding which are not then exercisable and vested shall become fully exercisable and vested; (b) the Restriction Period applicable to any Restricted Stock shall lapse; (c) the Deferral Period applicable to any Deferred Stock shall lapse; (d) all Stock Units, Performance Share Awards and Cash-Based Awards shall vest in full and any conditions applicable thereto shall be deemed satisfied; (e) all Performance Goals applicable to any Award shall be deemed to have been met at 100% of target; and (f) the Committee may also make additional adjustments and/or settlements of outstanding Awards as it deems appropriate and consistent with the Plan's purposes.

17.2. *Options and SARs.* With respect to all Options or SARs that are unexercised and outstanding upon a Change in Control, the Committee may, in its sole discretion in an Award Agreement or otherwise, provide for one or more of the following:

17.2.1. such Options or SARs shall be cancelled in exchange for a cash payment in an amount equal to the excess, if any, of the Fair Market Value of the Common Stock underlying an Option or SAR (to the extent such Option or SAR is exercisable at such time) as of the date of the Change of Control *over* the Exercise Price of the Option or SAR. If the Fair Market Value of the Common Stock underlying an Option or SAR does not exceed the Exercise Price, then the Option or SAR may be cancelled without any payment; and/or

17.2.2. such Options or SARs shall be terminated immediately prior to the Change of Control, if the Participant fails to exercise the Option or SAR (to the extent such Option or SAR is exercisable at such time) within a specified period (of at least seven days) following the Participant's receipt of a written notice of such Change of Control and of the Company's intention to terminate the Option or SAR prior to such Change of Control; and/or

17.2.3. such Options or SARs shall be assumed by the successor corporation, and shall be substituted with options involving the common stock of the successor corporation with equivalent value and with terms and conditions substantially similar to those Options or SARs granted by the Company.

17.3. *Restricted Stock, Deferred Stock, Stock Units or Performance Share Awards.* With respect to Restricted Stock, Deferred Stock, Stock Units or Performance Share Awards, the Committee may, upon a Change in Control, in its sole discretion in an Award Agreement or otherwise, provide for one or more of the following:

17.3.1. such Award shall be cancelled in exchange for a payment in cash or Common Stock in an amount equal to the Fair Market Value of the applicable Award; and/or

17.3.2. such Award shall be assumed by the successor corporation, and shall be substituted with a similar award involving the common stock of the successor corporation with equivalent value and with terms and conditions substantially similar to the applicable Award awarded by the Company.

17.4. *Cash-Based Awards.* With respect to Cash-Based Awards, the Committee may, upon a Change in Control, in its sole discretion in an Award Agreement or otherwise, provide for one or more of the following:

17.4.1. all or a portion of the Cash-Based Award shall be settled in an amount to be determined by the Committee in its sole discretion; provided, that notwithstanding anything in the Plan to the contrary, the Committee may determine, in its sole discretion, the portion of any Cash-Based Award that is a Performance-Based Award to be settled and/or payable; and/or

17.4.2. such Cash-Based Award shall be assumed by the successor corporation, and shall be substituted with a cash-based award with equivalent value and with terms and conditions that are substantially similar to those of the substituted Cash-Based Award awarded by the Company.

18. *Amendment and Termination.*

18.1. *Amendment and Termination of the Plan.* The Board may amend, alter, suspend, discontinue, or terminate the Plan without the consent of the Company's stockholders or Participants, except that any such amendment, alteration, suspension, discontinuation, or termination shall be subject to the approval of the Company's stockholders if (a) such action would increase the number of shares subject to the Plan, (b) such action results in the "repricing" of any Option or SAR otherwise than in accordance with Section 14.1, or (c) such stockholder approval is required by any federal or state law or regulation or the rules of any stock exchange or automated quotation system on which the Common Stock may then be listed or quoted; *provided, however,* that, subject to Section 15, without the consent of an affected Participant, no amendment, alteration, suspension, discontinuation, or termination of the Plan may materially and adversely affect the rights of such Participant under any Award theretofore granted and any Award Agreement relating thereto.

18.2. *Amendment and Termination of Awards.* The Committee may waive any conditions or rights under, or amend, alter, suspend, discontinue, or terminate, any Award theretofore granted and any Award Agreement relating thereto; *provided, however,* that, subject to Section 18.4, without the consent of an affected Participant, no such amendment, alteration, suspension, discontinuation, or termination of any Award may materially and adversely affect the rights of such Participant under such Award; *provided, further,* however, that each Participant shall be deemed to have consented to any amendments to an Award to the extent necessary for that Award to satisfy Section 15.

18.3. *Substitution of Awards.* The Committee may, without the consent of any Participant, substitute any Award granted under the Plan which by its terms is intended to be settled in shares of Common Stock for any other type of Award intended to be settled in shares of Common Stock, including without limitation, the substitution of SARs intended to be settled in shares of Common Stock for Options; *provided, however,* that the terms of the substituted Award and the economic benefit of the substituted Award are substantially similar to the terms and economic benefit of the Award being replaced.

18.4. *Performance Goals.* The foregoing notwithstanding, any Performance Goal or other performance condition specified in connection with an Award shall not be deemed a fixed contractual term, but shall remain subject to adjustment by the Committee, in its discretion at any time in view of the Committee's assessment of the Company's strategy, performance of comparable companies, and other circumstances, except, with respect to Performance-Based Awards, to the extent that any such adjustment to a performance condition would adversely affect the status of such Award as a Performance-Based Award.

19. *No Right to Employment or Service.* Neither the Plan nor any action taken hereunder shall be construed as giving any Participant any right to be retained in the employ or service of the Company or any Subsidiary. For purposes of this Plan, transfer of employment between the Company and its Subsidiaries shall not be deemed a termination of employment or service, and, to the extent provided by the Committee, change in status between an Employee, Consultant and/or Non-Employee Director shall also not be deemed a termination of employment or service.

20. Taxes.

20.1. *Withholding.* The Company or any Subsidiary is authorized to withhold from any payment relating to an Award under the Plan, including from a distribution of Common Stock or any payroll or other payment to a Participant amounts of withholding and other taxes due in connection with any transaction involving an Award, and to take such other action as the Committee may deem advisable to enable the Company or the Subsidiary and Participants to satisfy obligations for the payment of withholding taxes and other tax obligations relating to any Award. This authority shall include authority to withhold or receive Common Stock or other property and to make cash payments in respect thereof in satisfaction of a Participant's tax obligations, provided that in the event the Company withholds or receives Common Stock or other property, the amounts withheld may not exceed minimum statutory withholding requirements.

20.2. *No Tax Advice or Guarantee of Tax Consequences.* No person connected with the Plan in any capacity, including, but not limited to, the Company and its directors, officers, agents and employees, and the Committee, makes any representation, commitment, or guarantee that any particular specific or favorable tax treatment, including, but not limited to, federal, state and local income, excise, estate and gift tax treatment, will be applicable with respect to the tax treatment of any Award, or that such tax treatment will apply to or be available to a Participant on account of participation in the Plan. All taxes are the responsibility of the Participant, who should consult his or her tax advisor.

21. *Limits on Transferability; Beneficiaries.* No Award or other right or interest of a Participant under the Plan shall be pledged, encumbered, or hypothecated to, or in favor of, or subject to any lien, obligation, or liability of such Participant to, any party, other than the Company or any Subsidiary, or assigned or transferred by such Participant otherwise than by will or the laws of descent and distribution, and such Awards and rights shall be exercisable during the lifetime of the Participant only by the Participant or his or her guardian or legal representative. Notwithstanding the foregoing, the Committee may, in its discretion, provide that Awards or other rights or interests of a Participant granted pursuant to the Plan (other than an Incentive Stock Option) be transferable, without consideration, to immediate family members (i.e., children, grandchildren or spouse), to trusts for the benefit of such immediate family members and to partnerships in which such family members are the only partners. The Committee may attach to such transferability feature such terms and conditions as it deems advisable. In addition, a Participant may, in the manner established by the Committee, designate a beneficiary (which may be a person or a trust) to exercise the rights of the Participant, and to receive any distribution, with respect to any Award upon the death of the Participant. A beneficiary, guardian, legal representative or other person claiming any rights under the Plan from or through any Participant shall be subject to all terms and conditions of the Plan and any Award Agreement applicable to such Participant, except as otherwise determined by the Committee, and to any additional restrictions deemed necessary or appropriate by the Committee. Once issued, the shares of Common Stock received by Participants may be freely transferred, assigned, pledged or otherwise subjected to lien, subject to: (i) the transfer restrictions on Restricted Stock in Section 6 above, (ii) the restrictions, if any, that may be imposed by the Committee in an Award Agreement, and (iii) the restrictions imposed by the Securities Act of 1933, Section 16 of the Exchange Act and the Company's Insider Trading Policy, each as amended from time to time.

22. *Plan is Unfunded.* It is presently intended that the Plan constitute an "unfunded" plan for incentive and deferred compensation. The Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver Common Stock or make payments; *provided, however*, that unless the Committee otherwise determines, the existence of such trusts or other arrangements is consistent with the "unfunded" status of the Plan.

23. *No Rights to Awards; No Stockholder Rights.* No Participant shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of Participants. No Award shall confer on any Participant any of the rights of a stockholder of the Company unless and until Common Stock is duly issued or transferred to the Participant in accordance with the terms of the Award.

24. *International Participants.* Notwithstanding any provision of the Plan to the contrary, in order to foster and promote achievement of the purposes of the Plan or to comply with provisions of the laws in countries outside the United States in which the Company operates or has employees, the Committee, in its sole discretion, shall have the power and authority to (i) determine which Eligible Persons (if any) employed by the Company outside the United States should participate in the Plan, (ii) modify the terms and conditions of any Awards made to such Eligible Persons, and (iii) establish sub-plans, modified Option exercise procedures and other Award terms, conditions and procedures to the extent such actions may be necessary or advisable to comply with provisions of the laws in such countries outside the United States in order to assure the lawfulness, validity and effectiveness of Awards granted under the Plan and to the extent such actions are consistent with the Committee's authority to amend the Plan absent shareholder approval pursuant to Section 18.1.

25. *Securities Law Requirements.*

25.1. No Award granted hereunder shall be exercisable if the Company shall at any time determine that (a) the listing upon any securities exchange, registration or qualification under any state or federal law of any Common Stock otherwise deliverable upon such exercise, or (b) the consent or approval of any regulatory body or the satisfaction of withholding tax or other withholding liabilities, is necessary or appropriate in connection with such exercise. In any of the events referred to in clause (a) or clause (b) above, the exercisability of such Awards shall be suspended and shall not be effective unless and until such withholding, listing, registration, qualifications or approval shall have been effected or obtained free of any conditions not acceptable to the Company in its sole discretion, notwithstanding any termination of any Award or any portion of any Award during the period when exercisability has been suspended.

25.2. The Committee may require, as a condition to the right to exercise any Award that the Company receive from the Participant, at the time any such Award is exercised, vests or any applicable restrictions lapse, representations, warranties and agreements to the effect that the shares are being purchased or acquired by the Participant for investment only and without any present intention to sell or otherwise distribute such shares and that the Participant will not dispose of such shares in transactions which, in the opinion of counsel to the Company, would violate the registration provisions of the Securities Act of 1933, as then amended, and the rules and regulations thereunder. Such shares shall bear appropriate legends summarizing such restrictions on the disposition thereof.

26. *Data Protection.* By participating in the Plan, the Participant consents to the collection, processing, transmission and storage by the Company, in any form whatsoever, of any data of a professional or personal nature which is necessary for the purposes of administering the Plan

27. *Fractional Shares.* The Company will not be required to issue any fractional shares of Common Stock pursuant to the Plan. The Committee may provide for the elimination of fractions and for the settlement of fractions in cash.

28. *Governing Law.* To the extent that Federal laws do not otherwise control, the validity and construction of the Plan and any Award Agreement entered into thereunder shall be construed and enforced in accordance with the laws of the State of Delaware, but without giving effect to the choice of law principles thereof.

29. *Effective Date; Shareholder Approval.* The Plan in its original form became effective on May 6, 2008, the date on which it was initially approved by the Company's stockholders, and became effective in its amended form upon the approval of certain amendments by the Company's stockholders on May 18, 2010. The Plan, as amended and restated herein, was adopted by the Board on March 31, 2017 subject to the approval by a majority of the Company's stockholders present and entitled to vote at the May 23, 2017 annual meeting of the Company and is continued in effect. This amendment and restatement of the Plan shall apply to Awards made after May 23, 2017 and, except to the extent it would adversely affect the rights of Participants with respect to Awards made prior to such date or be a "material modification" of such Awards within the meaning of Code Section 409A, shall also apply to Awards outstanding as of May 23, 2017.

30. *Termination.* No Awards under the Plan shall be made after May 23, 2027.
