FIRST REPUBLIC BANK RELEASES RESULTS OF 2017 DODD-FRANK ACT COMPANY-RUN CAPITAL STRESS TEST

SAN FRANCISCO, June 22, 2017 – First Republic Bank (“First Republic”) (NYSE:FRC), a leading private bank and wealth management company, today announced the release of the results of its 2017 annual company-run capital stress test (“Dodd-Frank Act Stress Test” or “DFAST”). The information contained within the capital stress test results does not, in any way, reflect changes to the business plans, practices, or strategy of First Republic. The projections in the results are based on the severely adverse scenario provided by the Federal Deposit Insurance Corporation, in coordination with the Board of Governors of the Federal Reserve System and the Office of the Comptroller of the Currency, which was released on February 10, 2017. Accordingly, the projections in the results represent hypothetical estimates that involve an economic outcome more adverse than expected, and are not First Republic’s actual projections of expected pre-provision net revenue, losses, net income before taxes or capital ratios. Results can be found in the Investor Relations section of First Republic’s website at firstrepublic.com under “Regulatory Disclosures.”
