Forward-Looking Statements

This presentation contains forward-looking statements, including information regarding the Company's financial outlook, future plans, objectives, business prospects and anticipated financial performance. These forward-looking statements are not statements of historical facts and represent only the Company's current expectations regarding such matters. These statements inherently involve a wide range of known and unknown risks and uncertainties. The Company's actual actions and results could differ materially from what is expressed or implied by these statements. Specific factors that could cause such a difference include, but are not limited to: the Company's dependence on the U.S. Government for a significant portion of its business and the risks associated with U.S. Government sales, including changes or shifts in defense spending due to budgetary constraints, spending cuts resulting from sequestration, a government shutdown, or otherwise, uncertain funding of programs and potential termination of contracts; difficulties in contract performance; the resolution of program terminations; the ability to procure new contracts; the risks of conducting business in foreign countries; the unpredictability of timing of international bookings; the ability to comply with extensive governmental regulation and obtain approvals, including export and import requirements such as the International Traffic in Arms Regulations and the Export Administration Regulations, anti-bribery and anti-corruption requirements including the Foreign Corrupt Practices Act, industrial cooperation agreement obligations, and procurement and other regulations; changes in government procurement practices; the impact of competition; the ability to develop products and technologies, and the impact of associated investments and costs; the ability to recruit and retain qualified personnel; the impact of potential security and cyber threats, and other disruptions; the risk that actual pension returns, discount rates or other actuarial assumptions, including the long-term return on asset assumption, are significantly different than the Company's current assumptions; the risk of cost overruns, particularly for the Company's fixed-price contracts; dependence on component availability, subcontractor and partner performance and key suppliers; risks of a negative government audit; risks associated with acquisitions, investments, dispositions, joint ventures and other business arrangements; the ability to grow in the government and commercial cybersecurity markets; risks of an impairment of goodwill or other intangible assets; the impact of financial markets and global economic conditions; the use of accounting estimates in the Company's financial statements; the outcome of contingencies and litigation matters, including government investigations; the risk of environmental liabilities; and other factors as may be detailed from time to time in the Company's public announcements and Securities and Exchange Commission filings. The Company undertakes no obligation to make any revisions to the forward-looking statements contained in this release and the attachments or to update them to reflect events or circumstances occurring after the date of this release, including any acquisitions, dispositions or other business arrangements that may be announced or closed after such date.
