Four Growth Strategies

AMETEK's Corporate Growth Plan is built on the foundation of its Four Growth Strategies: Operational Excellence, Strategic Acquisitions, Global & Market Expansion and New Products. Those strategies have proven successful and are scalable to support AMETEK's growth objectives. Each strategy supports and enhances the others, while playing an important role in the achievement of AMETEK's vision and goals.

Q2 Update 2017 Newsletter

AMETEK, Inc. is a leading global manufacturer of electronic instruments and electromechanical devices with annual sales of approximately \$4.0 billion.

The Company has more than 16,000 colleagues at approximately 150 operating locations and a global network of sales, service and support locations across the United States and in 30 other countries around the world.

AMETEK consists of two operating groups: Electronic Instruments and Electromechanical.

At a Glance

Electronic Instruments Group (EIG)

- Global leader in process and analytical instrumentation for the chemical/petrochemical, oil, gas, pharmaceutical, semiconductor, and factory automation markets.
- Provides a growing range of analytical instruments for the research and laboratory equipment, ultraprecision manufacturing, medical, and test and measurement markets.
- Leading global provider of mission-critical communications solutions for hospitals, health care systems and educational facilities.

EIG Sales (in millions)

EIG Operating Income (in millions)

- Supplies the aerospace industry with engine sensors, aircraft sensors, monitoring systems, power supplies, data acquisition units, fuel and fluid measurement systems, and cable assemblies.
- Leader in power quality monitoring and metering, uninterruptible power supplies, industrial battery chargers, programmable power equipment, electromagnetic compatibility test equipment, and sensors for gas turbine generators.
- Leader in dashboard instruments for heavy trucks, military vehicles and construction equipment; timing controls and cooking computers for food service; and custom-compounded plastics, fluoropolymer tubing and heat exchangers.

Electromechanical Group (EMG)

- Leader in precision motion control products used in data storage, medical devices, semiconductor, factory automation, and other applications.
- Leader in highly engineered electrical connectors and packaging used to protect sensitive devices in aerospace, defense, medical, and industrial applications.
- Provides high-purity powdered metals, metal strip and foils, specialty clad metals, shaped wire, tubes and advanced metal matrix composites for industrial, aerospace and medical applications.

EMG Sales (in millions)

EMG Operating Income (in millions)

- Fans, blowers, and heat exchangers provide electronic cooling and environmental control for the aerospace and defense industries.
- Operates a global network of aviation maintenance, repair and overhaul facilities.
- Manufactures specialty motors used in commercial appliances, fitness equipment, food and beverage machines, hydraulic pumps, industrial blowers, and vacuum cleaners.

Recent Announcements

AMETEK Announces Two Executive Appointments

August 4, 2017 – AMETEK, Inc. (NYSE: AME) announced that its Board of Directors has elected two new Vice Presidents. Brian Nash was elected, Vice President, Operational Finance and Christopher Brooks was elected Vice President and General Manager of Engineered Medical Components.

“I am pleased to announce the promotion of Brian Nash and welcome Chris Brooks to AMETEK,” said David A. Zapico, AMETEK Chairman and Chief Executive Officer. “We remain focused on developing and attracting executive leaders to expertly manage our businesses. Brian and Chris possess the experience and leadership qualities which will contribute to AMETEK’s continued success.”

Brian Nash Elected Vice President, Operational Finance

In his new position, Mr. Nash will lead financial due diligence on acquisitions and drive opportunities to improve business performance and internal controls. Additionally, he will provide acquisition integration support and lead company-wide financial initiatives.

“Brian has been an excellent leader within our Finance team for more than a decade. His experience will add tremendous value to this position,” commented Mr. Zapico.

Mr. Nash previously served as Divisional Vice President, Finance of the Power Systems & Instruments Division since 2011. Prior to that, he served as Business Unit Controller of Process Instruments since joining AMETEK in 2007. Before his time with AMETEK, he held financial and operational roles with General Electric, Plastico Ltd., Spirent Communications, Del Monte, and II-VI Corporation.

Mr. Nash is a qualified Chartered Global Management Accountant since 2003, studying at West Midlands College in the United Kingdom.

Christopher Brooks Elected Vice President and General Manager, Engineered Medical Components

Mr. Brooks joins AMETEK from Illinois Tool Works (ITW) where he most recently served as Vice President and General Manager of ITW’s Insulation Systems division since 2015.

“It is a pleasure to welcome Chris to AMETEK. He has an extensive background in general management, business development and operations which we expect will contribute to the success of our Engineered Medical Components division,” concluded Mr. Zapico.

Prior to ITW, Mr. Brooks held various management positions with increasing responsibilities in operations, engineering, marketing and business development at Nordson, Coca-Cola, FMC, and Merck.

Mr. Brooks holds a Bachelor of Science degree in Mechanical Engineering from North Carolina A&T State University and a Master of Business Administration degree from the University of North Carolina.

Recent Announcements

AMETEK Announces Strong Second Quarter 2017 Results

August 2, 2017 – AMETEK, Inc. (NYSE: AME) announced its financial results for the three month period ended June 30, 2017.

AMETEK reported second quarter 2017 sales of \$1.06 billion, a 9% increase compared to the second quarter of 2016. Operating income increased 6% to \$232.4 million versus the prior year and operating margins were 21.8% in the quarter. Diluted earnings per share increased 10% to \$0.65 from the second quarter of 2016. Orders were up 20% in the quarter.

“AMETEK’s financial results in the second quarter were outstanding,” said David A. Zapico, AMETEK Chairman and Chief Executive Officer. “Strong sales growth combined with superb operating performance drove double digit earnings growth and excellent cash flow generation. Given these results and our positive outlook for the balance of the year, we are again increasing our full year 2017 guidance.”

Electronic Instruments Group (EIG)

For the second quarter of 2017, EIG sales were \$657.7 million, up 10% from the second quarter of 2016. EIG operating income was \$165.2 million and operating margins were 25.1% in the quarter.

“EIG had a great quarter with excellent sales and operating performance. Sales were up nicely on solid organic growth and the contributions from the acquisitions of Nu Instruments, HS Foils and Rauland,” commented Mr. Zapico. “We continue to see broad based sales growth across our EIG businesses and our encouraged by the strong orders performance in the first half of the year.”

Electromechanical Group (EMG)

In the second quarter of 2017, EMG sales were \$406.9 million, up 7% compared to the second quarter of 2016. EMG operating income was \$85.6 million and operating margins were a very strong 21.0% in the quarter.

“EMG also had a great quarter with outstanding sales and orders growth. Sales were up driven by solid organic growth across all businesses and the contribution from the acquisition of Laserage,” noted Mr. Zapico.

2017 Outlook

“We are very encouraged by the excellent first half results. Sales and order growth has been strong and broad based. We are executing very well and generating strong cash flow, which we will continue to invest back into our businesses and on strategic acquisitions. While our performance reflects, in part, improving macro-economic conditions, it also highlights the underlying quality of our businesses and the strength of our Growth Strategies,” commented Mr. Zapico.

“As a result of the second quarter performance, we are increasing our sales and earnings guidance for the full year. We now anticipate 2017 sales to increase high-single digits on a percentage basis, with organic sales up low to mid-single digits. We are increasing our 2017 earnings guidance range to \$2.46 to \$2.52 per diluted share, up 7% to 10% over 2016 adjusted diluted earnings per share. This is an increase from our previous range of \$2.40 to \$2.48 per diluted share,” he added.

“For the third quarter, we anticipate sales will increase approximately 10% compared to the same period last year. We expect our earnings to be approximately \$0.60 to \$0.62 per diluted share, up 7% to 11% versus the third quarter of 2016,” concluded Mr. Zapico.

Recent Announcements

AMETEK Completes Acquisition of MOCON, Inc.

June 22, 2017 – AMETEK, Inc. (NYSE: AME) announced that it has completed its acquisition of MOCON, Inc. (NASDAQ: MOCO) for \$30 per share in cash per fully diluted common share, or approximately \$182 million net of cash acquired. The completion of the transaction follows approval from MOCON shareholders and the receipt of all regulatory approvals. As a result of the completion of the merger, the common stock of MOCON will no longer be listed for trading.

“We are pleased to have MOCON’s team join the AMETEK family,” said David A. Zapico, AMETEK Chief Executive Officer. “As the global leader in gas analysis instrumentation for package and permeation testing, MOCON helps us expand our gas analysis instrumentation business in the growing food and pharmaceutical packaging markets.”

MOCON joins AMETEK as part of its Process & Analytical Instruments Division within AMETEK’s Electronic Instruments Group. MOCON is a leading provider of detectors, instruments, systems and consulting services to research laboratories, production facilities, and quality control and safety departments in the medical, pharmaceutical, food and beverage, packaging, environmental, oil and gas and other industries worldwide. For the calendar year ended December 31, 2016, MOCON had sales of approximately \$63 million.

AMETEK Executive Chairman Frank S. Hermance to Retire

June 5, 2017 – After 27 years with AMETEK, Inc. (NYSE: AME), Frank S. Hermance has chosen to retire as Executive Chairman of the Board of Directors, effective July 7, 2017. Mr. Hermance’s retirement culminates a remarkable and distinguished career at AMETEK, including 17 years as Chief Executive Officer.

Mr. Hermance, who joined AMETEK in 1990 as Group Vice President, served as President of AMETEK’s Precision Instruments Group from 1994 to 1996. He was promoted to Chief Operating Officer in 1996, a role he held until 1999, when he was named Chief Executive Officer. He was elected Chairman of the Board in 2001. In May 2016, Mr. Hermance was named Executive Chairman of the Board after stepping down as Chief Executive Officer.

During his tenure as Chief Executive Officer, Mr. Hermance led a highly successful transformation of AMETEK into a leading global, diversified manufacturing company. Under his leadership, AMETEK has seen outstanding improvements in all key financial metrics. Sales increased from \$925 million to \$4 billion; diluted earnings per share grew at a 15% compounded annual growth rate; and AMETEK’s market capitalization increased more than 1,500 percent from approximately \$700 million to over \$11 billion.

Mr. Hermance accelerated AMETEK’s growth as a global, differentiated company. He used acquisitions and internal development to shift AMETEK into more highly differentiated businesses and establish new growth platforms for the Company. He focused on Operational Excellence to maintain strong operating margins and achieve superior working capital and asset management results, and he added to AMETEK’s reputation as a technology leader and product innovator.

“I am extremely proud of AMETEK’s accomplishments and successes. It has been a tremendous honor for me to lead this outstanding Company and its dedicated employees through our transition into a world-class company,” comments Mr. Hermance. “With the strong support of our Board of Directors, I am confident that AMETEK will continue to create meaningful value for all of its stakeholders under the leadership of Dave Zapico and his excellent management team.”

(continued)

Recent Announcements

David A. Zapico, AMETEK Chief Executive Officer and a member of its Board, assumes the additional role of Chairman of the Board, effective July 7, 2017. Mr. Zapico, a 27-year AMETEK veteran, was named Chief Executive Officer and a member of the Board in May 2016. Prior to that, he was Executive Vice President and Chief Operating Officer from 2013 to 2016 and served as President, Electronic Instruments from 2003 to 2013.

“Frank has been a driving force behind AMETEK’s strategic vision, our consistently strong operational performance, and outstanding shareholder returns,” comments Mr. Zapico. “Frank led AMETEK on a steady and consistent growth path, while building a strong foundation and culture that will allow us to capitalize on the tremendous growth potential of AMETEK in the years ahead.”

“The Board of Directors thanks Frank for his leadership and dedicated service to AMETEK,” notes James R. Malone, Chairperson of AMETEK’s Corporate Governance and Nominating Committee. “Throughout his tenure, Frank focused on developing talent while ensuring a well-designed succession plan was in place. As a result, we have incredibly talented leaders, like Dave and his executive team, who have seamlessly transitioned into their leadership roles.”

The Board also named Anthony J. Conti, a current Board member, as Lead Independent Director, effective July 7, 2017. In this newly created position, Mr. Conti will chair meetings of the independent directors, help develop Board meeting agendas, and serve as a liaison to Chairman and Chief Executive Officer David Zapico. Mr. Conti will remain the Chairperson of the Audit Committee of the Board.

Mr. Conti has served as an AMETEK Director since 2010. He retired in 2009 from PricewaterhouseCoopers after a distinguished 37-year career, including 29 years as a partner. He is currently a Director of Bio Telemetry, Inc.

“Tony has made tremendous contributions to the AMETEK Board, and I am very pleased that he has been named to become our Lead Independent Director,” adds Mr. Malone. “He is the right person to serve in this new role.”
