Non-GAAP Measures

Segment EBITDA represents segment earnings before interest and financing costs, interest income, income taxes and depreciation and amortization expense. Segment EBITDA is used by some investors and analysts to analyze and compare companies on the basis of operating performance. Segment EBITDA should not be considered a substitute for, or superior to net income attributable to MPC, income before income taxes, cash flows from operating activities or any other measure of financial performance presented in accordance with accounting principles generally accepted in the United States. Segment EBITDA may not be comparable to similarly titled measures used by other entities.

Refining & Marketing margin is defined as sales revenue less cost of refinery inputs and purchased products, excluding any LCM inventory market adjustment. Speedway gasoline and distillate margin is defined as the price paid by consumers less the cost of refined products, including transportation, consumer excise taxes and bankcard processing fees and excluding any LCM inventory market adjustment. Speedway merchandise margin is defined as the price paid by consumers less the cost of merchandise. We have defined these non-GAAP measures and believe they are useful to investors and analysts to assess our ongoing financial performance because, when reconciled to their most comparable GAAP measures, they provide improved comparability between periods through the exclusion of certain items that we believe are not indicative of our core operating performance and that may obscure our underlying business results and trends. These measures should not be considered a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP, and our calculations thereof may not be comparable to similarly titled measures reported by other companies.

Income Summary

^(a) We revised our operating segment presentation in the first quarter of 2017 in connection with the contribution of assets to MPLX; the operating results for these assets were previously included in Refining & Marketing, but now are included in Midstream. Comparable prior period information has been recast to reflect our revised segment presentation. The results for the pipeline and storage assets were recast effective January 1, 2015 and the results for the terminal assets were recast effective April 1, 2016. Prior to these dates these assets were not considered businesses and therefore there are no financial results from which to recast segment results.

^(b) Full year 2015 includes a non-cash LCM inventory valuation charge of \$370 million, which reduced Refining & Marketing and Speedway segment income by \$345 million and \$25 million, respectively. The first quarter 2016 includes a non-cash LCM inventory valuation charge of \$15 million, which reduced Refining & Marketing segment income. The second quarter 2016 includes a benefit from reversing the LCM inventory valuation reserve of \$385 million, which increased Refining & Marketing and Speedway segment income by \$360 million and \$25 million, respectively.

^(c) Includes the impact of Hess' retail operations and related assets beginning on the Sept. 30, 2014 acquisition date.

^(d) Includes the results of MarkWest from the December 4, 2015 merger date.

^(e) Full year 2015 includes transaction costs of \$36 million related to the MarkWest merger. The Midstream segment results for 2015 reflect \$30 million of these costs. The remaining \$6 million is included in net interest and other financial income (costs).

^(f) Reflects an impairment charge in 2015 for the cancellation of the Residual Oil Upgrader Expansion ("ROUX") project, a goodwill impairment in first quarter 2016, equity method investment impairments in the second and third quarters of 2016 and MPC's share of gains related to the sale of assets remaining from the Sandpiper pipeline project in the second, third and fourth quarters of 2017.

^(g) During the fourth quarter of 2017, we recorded a tax benefit of approximately \$1.5 billion as a result of remeasuring certain deferred tax liabilities using the lower corporate tax rate enacted under the Tax Cuts and Jobs Act.

^(a) We revised our operating segment presentation in the first quarter of 2017 in connection with the contribution of assets to MPLX; these assets were previously included in Refining & Marketing, but now are included in Midstream. Comparable prior period information has been recast to reflect our revised segment presentation.

^(b) Includes non-cash LCM inventory valuation charges of \$345 million for 2015 and \$15 million for the first quarter 2016. The second quarter 2016 includes a \$360 million benefit from reversing the LCM inventory valuation reserve.

^(c) Includes acquisition of the Galveston Bay refinery in 2013.

^(d) Total average daily volumes of refined product sales to wholesale, branded and retail customers.

^(e) Includes the impact of the Galveston Bay refinery and related assets beginning on the February 1, 2013 acquisition date.

^(f) Includes intersegment sales.

^(g) Sales revenue less cost of refinery inputs and purchased products, divided by total refinery throughputs. Excludes LCM charges of \$345 million for 2015 and \$15 million for the first quarter 2016 and the \$360 million reversal of these charges in second quarter 2016. Margin was recast effective January 1, 2015 related to the contribution of pipeline and storage assets to MPLX on March 1, 2017. See Reconciliations of Non-GAAP Financials Measures.

^(h) Based on calendar day capacity, which is an annual average that includes downtime for planned maintenance and other normal operating activities.

⁽ⁱ⁾ Excludes inter-refinery transfer volumes.

^(j) Per barrel of total refinery throughputs.

^(k) Includes utilities, labor, routine maintenance and other operating costs.

^(a) Includes the results of MarkWest from the December 4, 2015 merger date.

^(b) We revised our operating segment presentation in the first quarter of 2017 in connection with the contribution of assets to MPLX; these assets were previously included in Refining & Marketing, but now are included in Midstream. Comparable prior period information has been recast to reflect our revised segment presentation.

^(c) Includes income from equity method investments.

^(d) Full year 2015 includes \$13.85 billion for the MarkWest merger. First quarter 2017 includes \$220 million for the acquisition of the Ozark pipeline and an investment of \$500 million in MarEn Bakken related to the Bakken Pipeline system. Also includes contributions to equity affiliates.

^(e) Includes common-carrier pipelines and private pipelines contributed to MPLX, excluding equity method investments.

^(f) We revised our operating statistics in connection with the contribution of certain terminal, pipeline and storage assets to MPLX. Pipeline throughputs were recast effective January 1, 2015 and we included terminal throughput effective April 1, 2016. Prior to these dates these assets were not considered businesses and therefore there are no operating statistics from which to recast.

^(g) Includes amounts related to unconsolidated equity method investments.

^(a) We revised our operating segment presentation in the first quarter of 2017 in connection with the contribution of assets to MPLX; the operating results for these assets were previously included in Refining & Marketing, but now are included in Midstream. Comparable prior period information has been recast to reflect our revised segment presentation.

^(b) Includes non-cash LCM inventory valuation charges of \$345 million for 2015 and \$15 million for the first quarter 2016. The second quarter 2016 includes a \$360 million benefit from reversing the LCM inventory valuation reserve.

^(c) Includes the impact of Hess' retail operations and related assets beginning on the Sept. 30, 2014 acquisition date.

^(d) Full year 2015 includes non-cash LCM inventory valuation charge of \$25 million. The second quarter 2016 includes a \$25 million benefit from reversing the LCM inventory valuation reserve.

^(e) Includes the results of MarkWest from the December 4, 2015 merger date.

^(f) Reflects an impairment charge in 2015 for the cancellation of the Residual Oil Upgrader Expansion ("ROUX") project, a goodwill impairment in first quarter 2016, equity method investment impairments in the second and third quarters of 2016 and MPC's share of gains related to the sale of assets remaining from the Sandpiper pipeline project in the second, third and fourth quarters of 2017.

^(a) Excludes depreciation and amortization.

^(b) Includes fees paid to MPLX for various midstream services, which includes marine and pipeline transportation and terminal and storage services, but excludes costs related to delivery of crude and feedstocks to our refineries.

^(c) Sales revenue less cost of refinery inputs and purchased products. Excludes LCM charges of \$345 million for 2015 and \$15 million for the first quarter 2016 and the \$360 million reversal of these charges in second quarter 2016. Margin was recast effective January 1, 2015 related to the contribution of pipeline and storage assets to MPLX on March 1, 2017.

^(d) In fourth quarter 2016, Speedway contributed 41 travel centers to the Pilot Flying J Southeast joint venture. From the contribution date forward, margin and expenses exclude those locations. Our share of the net results from the joint venture is reflected in income from equity method investments.

^(e) The price paid by consumers less the cost of refined products, including transportation, consumer excise taxes and bankcard processing fees. Excludes LCM inventory valuation charge of \$25 million for 2015 and the \$25 million benefit in second quarter and full-year 2016.

^(f) The price paid by consumers less the cost of merchandise.
