What is RPO?

RPO is in the Business Services sector, and a subcomponent of the Business Process Outsourcing (“BPO”), and Human Capital Management (“HCM”) subsectors

Recruitment Process Outsourcing is where an employer utilizes an external service provider to perform all or part of its recruitment processes, often replacing work performed by external recruitment agencies and/or in-house teams

- ▶ RPO personnel can be located on-site at the client's offices, or offsite
- ▶ Offshore and/or centralized, shared-service facilities offsite are often used to supplement work done by client-facing RPO personnel, and these centers often perform work for multiple clients and work in multiple time zones

- ▶ An RPO company can provide its own staff or may assume a client's staff, technology, methodologies, and reporting
- ▶ RPO differs significantly from contingent/retained search (“agency model”) in that it assumes ownership of the design and management of the recruitment process, and responsibility for the results
- ▶ RPO is about improving the talent procurement process of a client, and implementing and monitoring a system that handles all the client's talent needs – a true long-term partnership to improve outcomes and lower costs
- ▶ RPO is a fairly new concept and an emerging industry and it has just begun to penetrate the market

1

Grow RPO

- ▶ Leverage existing strong reputation by expanding marketing efforts, including social media and website

2

Reduce Overhead Expenses

- ▶ Reduce complexity left over from legacy businesses
- ▶ Both corporate and regional
- ▶ No impact to revenues or growth

3

Investigate Acquisition Opportunities

- ▶ Expand capabilities and capacity, not just growth for growth's sake
- ▶ Deepen geographic and/or sector presence
- ▶ Add new talent and skill sets
- ▶ Immediately accretive
- ▶ Utilize NOL

4

Repurchase Stock

- ▶ Will be opportunistic/price sensitive
- ▶ Goal is to maximize NAV per share, not just "return cash"
- ▶ Balance with acquisition opportunities

⁽¹⁾ <https://www.prnewswire.com/news-releases/global-501-bn-recruitment-process-outsourcing-rpo-market-2025-300529971.html>.

⁽²⁾ Historically, RPO at Hudson was a small percentage of the total business and, as a result, it didn't receive the focus and investment needed to properly grow the business and fully capture opportunities available in the market.

Hudson Global's Vision and Mission

Our Mission:

To maximize stockholder value over the long-term

Our Vision:

To be the top RPO provider of professional roles in the industry

Long-Term Financial Goals to Achieve Vision and Mission:

- ▶ Profitable in 2019 – a watershed event
- ▶ Generate high returns on internal growth projects as well as on bolt-on acquisitions
 - Incremental ROIC and ROE will be key metrics to track
- ▶ Adjusted EBITDA of 20% of Gross Profit at RPO level (i.e., pre Corporate Costs)
 - Keep Corporate Costs low, even as profits from operating businesses grow
 - Adjusted EBITDA/GP margins of mid-teens at the corporate level (i.e., after Corporate Costs)
- ▶ Maximize earnings per share over the long term through:
 - Revenues and Gross Profit growing faster than costs, enabling EBITDA to increase as a percentage of Gross Profit over time
 - Continually reducing regional and Corporate Costs, especially as a percentage of Gross Profit
 - Reducing share count through opportunistic stock repurchases

Acquisition Strategy

Focus on our core RPO business, or businesses related to RPO within HCM

Characteristics:

- ▶ Easy to understand business model, value proposition, and benefit to HSON stockholders
- ▶ High margins and high growth
- ▶ Complements and adds value to Hudson RPO

Possible Examples:

- ▶ **RPO:** look for RPO bolt-ons for Hudson RPO, especially in Americas and EMEA
- ▶ **HCM:** look for businesses adjacent to/complementary to RPO, which could include MSP, Contracting/Staffing, Talent Advisory, Other

⁽¹⁾ Human Capital Management, which includes RPO, MSP (Managed Service Provider), and other talent-related solutions businesses.

Hudson Global: U.S. Federal Tax NOL Carryforward

U.S. Federal Tax Usable NOL as of 12/31/2017	\$302.4mm
U.S. Federal Tax Rate	21%
Potential Cash Taxes Saved	\$63.5mm
Shares Outstanding ⁽¹⁾	32.0mm
Potential Value Per Share (0% disc rate):	\$1.98

Additional Thoughts

- ▶ All NOLs getting used is a potentially realistic assumption given the very gradual expiration schedule between now and 2037
- ▶ HSON's large NOL increases the ROI on internal investments and acquisitions given HSON can shield U.S. taxable income for a long period of time

⁽¹⁾ As of September 30, 2018.

Hudson Global: Our History

1999 – 2001 Hudson Global originated from a collection of 67 recruitment agency acquisitions made by TMP Worldwide, which later became Monster Worldwide, Inc. (i.e., Monster.com)

March, 2003 Monster distributed out all the shares of Hudson Global to Monster stockholders and, since that time, Hudson Global has operated as an independent, publicly-held company

2003 – 2013 Poor business structure and very poor leadership led to poor operating and financial performance; HSON stock price declined 11% over this 11 year period and 85% from its all-time high in 2005, significantly underperforming its peer group and all relevant stock market indices

2013 – 2014 Hudson Global's current CEO, Jeff Eberwein, invested in HSON shares and launched a proxy contest to gain shareholder representation on the Board to improve Hudson Global's performance; Jeff Eberwein and Rick Coleman, HSON's current Chairman, elected to HSON board in an 80% to 6% vote

2015

- ▶ Hudson Global changed its CEO and CFO, and all legacy Board members left the Board; Eberwein named Chairman
- ▶ The new Board of Directors implemented a series of stockholder-friendly measures designed to enhance stockholder rights including:

- Declassified the Board so all director positions would be elected annually
 - Eliminated all supermajority voting requirements
 - Allowed stockholders to call special meetings
 - Allowed stockholders to act by written consent
 - Implemented a plan to protect valuable NOL asset
-

July, 2015 Announced a \$10 million share buyback plan with approximately \$7.4 million purchased through 9/30/18

2016 Paid two cash dividend payments to stockholders totaling \$3.4 million

2015 – 2017 The Board of Directors initiated a strategic review process to explore options to enhance stockholder value, including the potential sale of non-core businesses, and this process culminated in the Company's announcement on December 17, 2017 of three divestitures

December, 2017 & March, 2018 Hudson Global announced three divestitures to exit its agency recruitment businesses so it could focus on its global RPO business going forward; these transactions closed at the end of March 2018, and, at that time, Hudson Global's CEO, Stephen Nolan, retired and was replaced by Board Chairman, Jeff Eberwein; Rick Coleman became Chairman of the Board
