

**IENOVA ANNOUNCES ITS PARTICIPATION IN THE PUBLIC TENDER  
ORGANIZED BY THE INTEGRAL PORT ADMINISTRATION OF BAJA  
CALIFORNIA SUR**

Mexico City, December 6, 2018 – Infraestructura Energética Nova, S.A.B. de C.V., “**IEnova**”, informs that today, through its subsidiary IEnova Petrolíferos V, S. de R.L. de C.V., it submitted a proposal to participate in the public tender launched by the Integral Port Administration of Baja California Sur, S.A. de C.V. (“**API Baja Sur**”) for the award of a contract for the use and enjoyment of both marine and terrestrial areas for the construction and operation of a public use terminal within API Baja Sur, which will be designed for the handling and storage of hydrocarbons, petroleum, petrochemicals and other liquids that are technically feasible to manage.

Participating in the bidding process does not guarantee that IEnova will be awarded the project.

If IEnova wins the tender, the Company will be responsible for all aspects of implementing the project, including permitting, engineering, procurement, construction, financing, operation and maintenance of the terminal.

This initiative is consistent with IEnova’s commitment to developing energy infrastructure in the country.
