

## Financial Tear Sheet

### Corporate Profile

AMETEK, Inc. is a leading global manufacturer of electronic instruments and electromechanical devices with 2015 sales of \$4.0 billion.

AMETEK consists of two operating groups:

Electronic Instruments - a leader in the design and manufacture of advanced instruments for the aerospace, power, process and industrial markets.

Electromechanical - a differentiated supplier of electrical interconnects, precision motion control solutions, specialty metals, thermal management systems, and floor care and specialty motors.

AMETEK's Corporate Growth Plan is founded on four key strategies: Operational Excellence, Strategic Acquisitions, Global & Market Expansion, and New Products. Its objectives are double-digit annual percentage growth in earnings per share and a superior return on total capital.

AMETEK has been publicly traded on the NYSE since 1930 and is a component of the S&P 500.
