

Financial Tear Sheet

Corporate Profile

PhotoMedex is a global skin health company providing integrated disease management and aesthetic solutions to dermatologists, professional aestheticians and consumers. The company provides proprietary products and services that address skin diseases and conditions including psoriasis, vitiligo, acne, actinic keratosis (a precursor to certain types of skin cancer) and photo damage. Its experience in the physician market provides the platform to expand its skin health solutions to spa markets, as well as traditional retail, online and infomercial outlets for home-use products. As a result of its December 2011 merger with Radiancy Inc., PhotoMedex has added a range of home-use devices under the no!no!™ brand, for various indications including hair removal, acne treatment and skin rejuvenation. The company also offers a professional product line for acne clearance, skin tightening, psoriasis care and hair removal sold to physician clinics and spas.
