Corporate Profile

PCA is one of the largest producers of containerboard and corrugated packaging in the United States and the third largest producer of uncoated freesheet in North America, based on production capacity. We have approximately 14,000 employees, with operations primarily in the United States.

PCA's Packaging segment includes five containerboard mills, one containerboard machine at our Wallula, Washington, white paper mill, and 94 converting operations. In 2017, PCA produced about 3.9 million tons of containerboard and shipped about 55.7 billion square feet (BSF) of corrugated products.

PCA's Paper segment operates under the trade name Boise Paper, a Division of Packaging Corporation of America. We manufacture and sell white papers, including both commodity and specialty papers, at three white paper mills located in the United States.

PCA's net sales for 2017 were \$6.4 billion. The company's corporate headquarters are located in Lake Forest, Illinois, a suburb approximately 30 miles north of downtown Chicago.
