

## Financial Tear Sheet

### Corporate Profile

NVIDIA Corporation (Nasdaq: NVDA) is the worldwide leader in programmable graphics processor technologies.

The Company creates innovative, industry-changing products for computing, consumer electronics, and mobile devices. The NVIDIA® brands include NVIDIA GeForce®, NVIDIA Tesla(tm), NVIDIA GoForce®, NVIDIA Quadro®, and NVIDIA nForce®. These product families are transforming visually-rich and computationally-intensive applications such as video games, film production, broadcasting, industrial design, financial modeling, space exploration, and medical imaging.

Additionally, NVIDIA invents and delivers industry-shaping technologies, including NVIDIA SLI™ technology, a revolutionary approach to scalability and increased performance; and NVIDIA PureVideo™ high-definition video technology.

Ownership: NVIDIA was founded in 1993 and is publicly traded on the Nasdaq stock market under the symbol NVDA.

Employees: NVIDIA has over 4,000 employees worldwide.

Headquarters: 2701 San Tomas Expressway Santa Clara, CA 95050  
408.486.2000 | [www.nvidia.com](http://www.nvidia.com)

### Offices

Europe: England, France, Germany, Russia

Asia: China, India, Japan, Korea, Singapore, Taiwan

US: Alabama, Arizona, California, Colorado, Massachusetts, North Carolina, Oregon, Texas, Washington

### NVIDIA Brands

#### NVIDIA® GeForce®

*GPUs dedicated to graphics and video.*

Desktop and notebook PCs equipped with GeForce graphics processing units (GPUs) deliver unparalleled performance, crisp photos, high-definition video playback, and ultra-realistic games. GeForce notebook GPUs also include advanced power management technology to deliver high performance without sacrificing battery life.

#### NVIDIA® GoForce®

*Ultra-low-power handheld GPUs designed for mobile phones.*

True, fluid digital TV, console-class 3D gaming, high-fidelity surround sound, smooth DVD-quality video playback, and sharp, vivid photos - all with longer battery life.

#### NVIDIA Quadro®

*Complete range of professional solutions engineered to deliver breakthrough performance and quality.*

Certified for all leading professional graphics applications. #1 in professional graphics segment share. NVIDIA Quadro Plex is the industry's first dedicated visual computing system (VCS).

#### NVIDIA nForce®

*The world's most advanced core-logic solutions.*

nForce media and communications processors (MCPs) deliver high-bandwidth system performance, advanced networking, storage, and digital media connectivity. Available for desktops, notebooks, workstations, and servers.

NVIDIA solutions are transforming industries and applications at organizations such as Mass General Hospital, NASA, Oak Ridge National Laboratory, Sportvision, and Royal Opera House.
