

Financial Tear Sheet Corporate Profile

For more than a century, FMC Corporation has served the global agricultural, industrial and consumer markets with innovative solutions, applications and quality products. On November 1, 2017, FMC acquired a significant portion of DuPont's Crop Protection business. FMC employs approximately 6,500 people throughout the world. For more information, visit www.FMC.com.

Ever since our beginning in California in 1883 when John Bean invented the first piston sprayer for agriculture, FMC has continued a proud heritage of pioneering solutions for our customers. Today, we use an array of advanced technologies in manufacturing, research and development to produce customized products and solutions for the many markets we serve.

As a global leader utilizing advanced technologies and customer-focused research and development, FMC provides innovative and cost-effective solutions to enhance crop yield and quality by controlling a broad spectrum of insects, weeds and disease, as well as in non-agricultural markets for pest control.
