

Financial Tear Sheet

Corporate Profile

Rexnord is a leading worldwide industrial company comprised of two strategic platforms: Process & Motion Control and Water Management. Within our platforms, we serve a diverse array of growing, global end markets by offering what we believe are leading market shares and highly trusted brands that serve a diverse array of global end markets. Within Process & Motion Control, we design, manufacture, market and service specified, highly-engineered mechanical components used within complex systems where our customers' reliability requirements and the cost of failure or downtime are extremely high. Within Water Management, we design, procure, manufacture and market products that provide and enhance water quality, safety, flow control and conservation, in which customers specify our products due to performance, life cycle and project cost, and our service levels.
