

## Financial Tear Sheet

### Corporate Profile

AVINTIV, formerly known as Polymer Group Inc. or PGI, is a leading global innovator and manufacturer of specialty materials for use in a broad range of products that make the world safer, cleaner, and healthier. Our products aim to deliver improved performance when compared to traditional materials. We focus on three key areas of need:

- **Personal Care:** We manufacture specialty materials that are essential to the performance and feel of hygiene, dryer sheets and personal wipes applications including baby diapers, feminine hygiene products, adult incontinence products and training pants.
- **Infection Prevention:** Our specialty materials are integral to many healthcare products to ensure a sterile environment including in disposable surgical packs, surgical gowns and drapes, face masks, shoe coverings and wound care sponges.
- **High Performance Solutions:** Numerous industrial and other applications make use of our specialty materials for protective house wrap, industrial cable wrap, geosynthetics, products for agricultural uses, industrial wipes and various other specialty materials used in home furnishings and bedding, road underlayment, liners and railroad materials.

With 22 manufacturing and converting facilities in 14 countries, and more than 4,000 people, we have one of the largest global platforms in the nonwovens industry, an industry that is estimated to be worth in excess of \$30 billion globally in 2014. We operate in North America, South America, Europe and Asia, which is a competitive advantage in serving our multi-national, blue-chip customers.
