**HEALTH CHOICE ARIZONA AND HEALTH CHOICE GENERATIONS
AWARDED URAC HEALTH PLAN ACCREDITATION**

PHOENIX – May 16, 2016 – Health Choice, the managed care and insurance division of IASIS Healthcare, today announced that it has been re-awarded Health Plan Accreditation for its Arizona Medicaid and Medicare Advantage Dual-Special Needs health plans by URAC, an independent, non-profit healthcare accrediting organization dedicated to promoting healthcare quality through accreditation, education, and measurement.

URAC's Health Plan Accreditation program assesses nine components when accrediting health plans: consumer access, utilization management, quality assurance, provider credentialing, complaints and appeals, network adequacy and access, patient information programs, measures, and the Consumer Assessment of Health Providers & Systems Survey. URAC's accreditation is nationally recognized by state and federal regulators to ensure the highest level of quality is delivered to consumers.

"By receiving URAC accreditation, Health Choice has demonstrated a commitment to quality healthcare," said URAC President and CEO Kylanne Green. "Quality healthcare is crucial to our nation's welfare, and it is important to have organizations that are willing to measure themselves against national standards and undergo rigorous evaluation by an independent accrediting body."

"Health Choice is proud to have successfully renewed our accreditation with URAC for our Arizona Medicaid and Dual-SNP health plans, which underscores our ongoing commitment to providing our members with the highest quality programs and service," said Mike Uchrin, CEO of Health Choice. "URAC's seal of approval also highlights the effectiveness of our internal operations and compliance programs, as well as the strength of our relationship with our providers."
