\*Mesoblast is in advanced negotiations with selected pharmaceutical companies with respect to potential partnering of certain Tier 1 product candidates. If Mesoblast enters into a binding transaction in the next quarter, Mesoblast expects that one effect of the transaction is that its cash reserves are likely to increase. Mesoblast does not make any representation or give any assurance that such a binding transaction will be concluded.

In addition, Mesoblast expects its cash reserves to increase in the next quarter as we expect to receive the following income:

- royalty income earned on sales of TEMCELL® HS Inj. in Japan, and
- interest income.

Mesoblast has established an equity facility for up to A\$120 million/US\$90 million over the next two years, to be used at its discretion to provide additional funds as required.

#### **Notes**

- 1. The quarterly report provides a basis for informing the market how the entity's activities have been financed for the past quarter and the effect on its cash position. An entity that wishes to disclose additional information is encouraged to do so, in a note or notes included in or attached to this report.
- 2. If this quarterly report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
- 3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
